MEMORANDUM

TO: Mr. Donald Dahlfues
Assistant Executive Director for Finance

FROM: Christie Woodward, *Secretary*

RE: Inpatient/Outpatient Coverage for Nassau County Patients

The Tumor Clinic Office, at the request of the Financial Evaluation Department, has requested authorization from Nassau County for coverage of inpatient/ outpatient services for patients from that county.

While the County Commissioners of that county are concerned about their obligation in this direction, they do not feel they cannot authorize carte blanche coverage for these patients. We, of course, have no way of determining in advance what care will be necessary for these patients.

Therefore, if you have information concerning rates for hospital services for out-of-county patients that would be helpful to them, we would be most appreciative. Our correspondence to that county is directed through the health department and you may write directly to :

Asa Barnes, M.D., Director
Nassau County Health Department
4th and Ash Streets
Fernandina Beach, Florida

Thank you very much for your help in this matter.
