Sir;

We are submitting three proposals for the water system for the Callahan Community Park, Callahan, Fl.

The only difference in the wells are the material used for casing and the warranty period.

Due to the standing water table of a deep well at this location and the requirement of 78 G P M at 56 P S I, we recommend the pump and equipment listed on plans from the North Florida Irrigation Equipment Inc. to be used. The following type wells listed will be drilled in accordance with the St. Johns River Water Management District, chapter 40-C-3 Dated Jan 1, 1983 for irrigation of wells.

If we are elected as the bidder we can complete well and pump equipment by 30 Sept. 1983.

NOTICE FOR BIDS

The Board of County Commissioners of Nassau County, Florida, invites sealed bids for the furnishing of a well and pump system to furnish Good Quality Water for the Callahan Community Park.

Sealed bids should be addressed to Board of County Commissioners, % T. J. Greeson, Clerk, Room 10, County Courthouse, Fernandina Beach, Florida. Bids will be received not later than 5:00 o'clock p.m., September 19, 1983. Bids will be opened, read and considered at 4:30 o'clock p.m., September 20, 1983, at the Nassau County Office Annex Building, Fernandina Beach, Florida. Bids shall be marked "INSTALLATION OF IRRIGATION WELL AND PUMP SYSTEM - CALLAHAN COMMUNITY PARK".

This bid is to furnish labor, material and all insurance for the installation of a well and pump system to supply irrigation water for the proposed ball park for Nassau County named Callahan Community Park, to be located out C-108, West, Callahan. (Copy of site location attached).

The successful bidder must deliver the system requirements for the plans drawn by North Florida Irrigation Equipment, Incorporated (attached).

The bid must be to install a system for the exact specifications of the submitted plans or an alternate type well and pump system which will deliver the system requirements.

Each bidder must furnish exact specifications on the system they are bidding to install.

Regardless of whether or not the bid is for the exact specifications of the plan or for an alternate type system, the successful bidder must furnish good quality water of sufficient quantity that will meet or exceed the system requirements as stipulated in the design plans, and the system must be installed in compliance with all applicable laws and rules and regulations. This system shall be used for irrigation purposes and for human consumption.

This bid shall include the well, the pump and all necessary gauges, tanks, control boxes and switches to supply the water to the connection point of the irrigation system.

The Board of County Commissioners of Nassau County, Florida, reserves the right to waive formalities in any bid; reject any or all bids in whole or in part, with or without cause, and/or to accept the bid that in its best judgment will be for the best interest of Nassau County, Florida.

Dated this 13th day of September, 1983.
