Dear Commissioner Higginbotham:

The Department of Community Affairs contracted with Nassau County to provide funds to assist in preparing land development regulations. Due to recent changes in Chapter 287, Florida Statutes, and subsequent interpretations by the Office of the Comptroller, it is necessary to amend your contract to include certain provisions.

In order to comply with the requirements of Sections 287.0582 and 287.058, Florida Statutes, the contract is hereby amended as follows:

1) Section II is amended by adding:

The State of Florida's performance and obligation to pay under this contract is contingent upon an annual appropriation by the legislature.

2) Section VII is amended by adding:

(G) Bills for fees or other compensation for services or expenses shall be submitted in detail sufficient for a proper preaudit and postaudit thereof.

This letter represents a formal modification of the above contract. All other provisions of the contract not in conflict with this modification are still in effect and shall be performed as specified. This modification is effective on the last day of signing and is hereby made a part of the contract. If you agree with this modification, please indicate your concurrence by signing at the appropriate place below, and returning all three original signed copies of this letter. An original copy of the executed modification will be returned for your records. This modification shall be attached to the original contract.

Sincerely,
