GWL, INC. ENVIRONMENTAL CONSULTANTS SET 1

Jacksonville, Florida • Pompano Beach, Florida • Ft. Myers, Florida

January 21, 1992

Mr. William Lecher, P.E
Nassau County Engineer
2290 South 8th Street
Fernandina Beach, FL 32034

RE: West Nassau Landfill - Groundwater Monitoring

Dear Mr. Lecher:

GWL Environmental, Inc. is pleased to offer our professional services for groundwater sampling and project supervision at the **West Nassau Landfill** in Nassau County, Florida, as requested in your memorandum dated January 16, 1992.

GWL Environmental, Inc. will provide field sampling, analytical services, and report preparation, sufficient to satisfy the technical conditions and timeframes required by the Management and Storage of Surface Waters System, construction and operation permit.

The costs for sampling and analysis of the groundwater on a quarterly basis is \$ 8665.00, as shown in the attached cost breakdown. This attachment outlines the tasks and associated costs necessary to perform the required sampling. Laboratory services and compensation for personnel directly engaged in the outlined services, not including resampling events, will be on a time and material basis not to exceed the amounts specified in this proposal.

Upon acceptance of this proposal, please sign the attached acceptance form and return a copy to our office. If you have any questions regarding this proposal or the tasks outlined, please feel free to telephone me at (904) 636-9360.

Respectfully,

Paul Laymon, P.G.
Senior Hydrogeologist

COST ESTIMATE
West Nassau Landfill - Groundwater Monitoring

I. Groundwater Monitoring/Quarter

1) Sampling

Collection of 9 groundwater samples
10 hours(*) at \$80/hr \$ 800.00

* Includes preparation and travel time
for technicians

2) Laboratory Analysis

Analysis of 11 samples
(Includes 2 quality control blanks) \$ 6,875.00
@ \$625.00 per sample

3) Sampling Expenses

(interface probe, S-C-T Meter,
pH meter, ice and shipping bill) \$ 130.00

Groundwater Monitoring Subtotal **\$ 7,805.00**

**II. Preparation of Quarterly Report
and Project Supervision/Quarter**

Chemist, 10 hrs @ \$65/hr \$ 650.00

Senior Hydrogeologist, 2 hrs at \$70/hr \$ 140.00

Word Processing, 2 hr @ \$35/hr \$ 70.00

Quarterly Report Subtotal **\$ 860.00**

PROJECT TOTAL/QUARTER **\$ 8,665.00**

TWO QUARTER TOTAL **\$17,330.00**

The amount invoiced for these sampling events will reflect the actual amount that is expended for the project. If for any reason the amount to complete this project is lower than estimated, the final charges will reflect the lower amount.

Project scheduling will accommodate, if needed, any resampling. In case a resampling event is needed, additional sampling charges will be necessary to meet the permit requirements. The charges will be on the same basis as the quarterly sampling events. In any case the charges will be kept to a minimum.

Mr. William Lecher, P.E.
Nassau County Engineer
