Attn: Michael S. Mullin
County Attorney

Dear Mr. Mullin:

In response to your letter dated 1/7/93, one of FmHA requirements for financing a single family dwelling is that the property must be located on a paved street that is accepted and maintained by a public body.

A certification from the county would be acceptable.

If you have any questions, please call our office at 266-0088.

Sincerely,

DENISE D. DAILEY
County Supervisor
