RE: Solid Waste Hauler's Permit - Application

Dear Mr. McIntyre:

Reference is made to your letter to Brian Lester of Southland Waste Systems, Inc., dated September 25, 1996, regarding Nassau County's new Solid Waste Hauler Permit requirements.

Please accept this letter, along with attachments, as our application for a five (5) year permit. In accordance with Ordinance 92-16, Section 3.04, we will provide a performance bond within ten (10) days of acceptance of our application. Further, in accordance with provisions of Section 3.06, Ordinance 92-16, Southland Waste Systems requests the Board of County Commissioners waive the requirements for a Designated Place of Business located within Nassau County.

Regarding the requested waiver of a designated place of business within Nassau County, it is our position that we are presently, and will at least for the near term, effectively serve our Nassau County customers from our Jacksonville facility.

I trust you will find our application complete. If you have any questions about this package, please telephone me to discuss.

Sincerely,

Frank P. Tuenge General Manager

COMPANY HISTORY

Southland Waste Systems has a long and proud history dating back to 1977. Felix A. Crawford founded Southland Services of Jacksonville, Inc. to provide solid waste collection services in the growing Jacksonville, Florida area. By 1979 the company was serving 19,000 residential customers.

In a move to expand the company, Southland made its first acquisition in 1981. Seaboard Sanitation brought in 2,000 more customers in nearby St. Johns County. This acquisition was followed by Oceanway Garbage Service in 1988, and Covenant Recycling Services in 1991, now Southland Recycling Services.

The company was also expanding internally. In 1983 it began to offer commercial services. Among the first customers in this area were the School Board and Naval Air Station, Jacksonville. Southland also opened in St. John's County, the Nine Mile Road Construction and Demolition and Illin 1991, and the Bayard Mulch Site in 1992. By 1995, Southland was providing collection services to 54,000 residential customers in the Jacksonville area. Part of this growth came with the acquisition of All-Jax (Attwoods). Also in 1995, the company moved its commercial operations to a new facility on the south side of Jacksonville, and formed Southland Demolition Services.

In a strategic move, Southland merged with Republic Industries in October of 1995. Since joining Republic Southland has opened its Glay County Transfer Station. This facility, processes 250 tons of solid waste each day, and transports to alandfill 46 miles away.

EQUAL EMPLOYMENT OPPORTUNITY

Southland maintains a strong policy of equal employment opportunity. We take affirmative action to ensure equal employment opportunity for all employees and applicants for employment. We hire, train, promote, and compensate employees on the basis of personal competence and potential for advancement without regard for race, color, religion, sex, sexual orientation, national origin, age, or physical condition.

Our equal employment opportunity philosophy applies to all aspects of employment with Southland including recruiting, hiring, training, transfer, promotion, job benefits, educational assistance, and social and recreational activities.

SEXUAL HARASSMENT

Any sexual, racial, or other forms of harassment are prohibited by Southland as well as by State and Federal law. Any person making unwelcome sexual advances, requests for sexual favors, and other such verbal or physical conduct creating an intimidating, hostile, or offensive working environment by such conduct may be terminated immediately.

Any employee who feels that he/she is being subjected to a form of harassment prohibited by this policy should notify his/her supervisor immediately.
