RE: Budget Changes

Dear Ms. Lewis:

This letter is to justify the changes in the budget amounts for the Lofton Creek Landfill. As you are aware on September 2001 an increase of budget was requested for the Lofton Creek landfill. The amount of the budget increase was \$3,120.00. The monitoring requirements for the Lofton Creek landfill for the 2003-2004 fiscal year is reduced due to the fact that the samples from monitoring wells MW-25S and MW-25D will be analyzed for the same parameters as the other samples in the Lofton Creek monitoring program. Therefore, the budget amount required is lower than the amount requested in previous years. Please keep in mind that these monitoring requirements are at the request of the Florida Department of Environmental Protection (FDEP) for the Lofton Creek's Contamination Assessment monitoring. Keep in mind that this budget increases will be needed for the 2003 to 2005 contract renewals

1- Lofton Creek Landfill:

Table with 3 columns: Description, Amount, Total. Rows include: 1) 4 Regular monitoring schedule parameters spring 2003-2004 (\$174.00, \$696.00), 2) 2 Regular monitoring parameters (Blank) (\$174.00, \$348.00), 4) 4 hours sampling time (\$180.00, \$180.00), and Budget increase requested (\$1,224.00).

2 - West Nassau landfill

For the West Nassau Landfill the budget requested in previous years still applies for the year 2003-2004. Please note that since the West Nassau Landfill has an ongoing Contamination Assessment changes in the number of samples to monitor on a quarterly basis may change at any time. If the monitoring requirements change during the 2003-2004 fiscal year a budget increase will be requested to comply with the new requirements. The buget requested in previous years was as follows:
