Accountability Act of 1996, Subtitle F – Administrative Simplification, Sections 261, et seq., as amended ("HIPAA"), to protect the privacy of any personally identifiable, protected health information ("PHI") that is collected, processed or learned in connection with the Technical Support services set forth in Schedule A hereto. In conformity therewith, **SWEET** agrees that it will use its reasonable best efforts to:

- Not use or further disclose PHI except: (i) as permitted under this Agreement (that is, for those activities specified in Schedule A hereto; and related administrative functions pertaining to these activities); (ii) as required for the proper management and administration of **SWEET** in its capacity as a HIPAA Business Associate of Customer, in the event **SWEET** is deemed to be a Business Associate of Customer for these specified purposes; or (iii) as required by law;
- Use appropriate reasonable safeguards to prevent use or disclosure of PHI except as permitted by this Agreement;
- Report to Customer any use or disclosure of PHI not provided for by this Agreement of which **SWEET** becomes aware;
- Ensure that any agents or subcontractors to whom **SWEET** provides PHI, or who have access to PHI, agree to the same restrictions and conditions that apply to **SWEET** with respect to such PHI;

- Make available for amendment and incorporate any amendments to PHI when notified to do so by Customer in the event that **SWEET** maintains any PHI in a designated record set as defined by 45 C.F.R. § 164.501;
- Make available to Customer the information required to provide an accounting of the disclosures of PHI, if any, made by **SWEET** on Customer's behalf, provided such disclosures are of the type for which an accounting must be made under the Privacy Regulations;
- Make its internal practices, books and records relating to the use and disclosure of Customer's PHI available to the Secretary of the Department of Health and Human Services for purposes of determining Customer's compliance with HIPAA and the Privacy Regulations; and
- At the termination of this Agreement, return or destroy all PHI received from, or created or received by **SWEET** on behalf of Customer. In the event the return or destruction of such PHI is infeasible, **SWEET'S** obligations under this section VII shall continue in force and effect so long as **SWEET** possesses any PHI, notwithstanding the termination of this Agreement for any reason.

Notwithstanding any provisions of this Agreement to the contrary, Customer may terminate this Agreement if Customer determines that **SWEET** has violated a material term of this Agreement with respect to its functions as a Business Associate.

Schedule A

This Schedule describes the terms and conditions relating to Technical Support that **SWEET** will provide to Customer during the Initial Support Term and any Renewal Terms. The Technical Support Agreement described into this Schedule does not expand on or change the Program warranty provisions set forth in the License Agreement.

Product Updates:

From time to time **SWEET** may develop permanent fixes or solutions to known problems or bugs in the Program and incorporate them in a formal "Update" to the Program. If Customer is receiving Technical Support from **SWEET** on the general release date for an Update, **SWEET** will provide the Customer with the Update and related Documentation, both at no additional charge to the Customer.

Technical Support Services:

Telephone Assistance. Customer will be given the telephone number for **SWEET'S** support line and will be entitled to contact the support line during normal operating hours, (between 8:00 a.m. and 5 p.m. U.S. Central Standard Time) on regular business days, excluding **SWEET** holidays, to consult with **SWEET** Technical Support staff concerning problem resolution, bug reporting, documentation clarification, and general technical guidance. Assistance may include communicating via pcAnywhere, modem, or electronic bulletin board.

Web Site Support. Online support is available 24 hours per day, offering Customer the ability to resolve its own problems with access to **SWEET'S** most current information. Customer will need to enter its designated user name and password to gain access to the technical support areas on **SWEET'S** Web site. **SWEET'S** technical support areas allow Customer to: (i) search an up-to-date knowledge-base of technical support information, technical tips, and featured functions; (ii) access answers to frequently asked questions (FAQ); and (iii) access current program releases and documentation.

Software Problem Reporting. Customer may submit to **SWEET** requests identifying potential problems in the Program. Requests should be in writing and directed to **SWEET** by e-mail or FAX. **SWEET** retains the right to determine in its sole discretion the final disposition of all requests, and will inform Customer of the disposition of each request. If **SWEET** decides in its sole judgment to act upon a request, it will do so by providing a bug fix as described above.

Exclusions from Technical Support Services:

SWEET shall have no support obligations with respect to any hardware or software product ("Nonqualified Products") other than the Program. If **SWEET** provides support services for a problem caused by a Nonqualified Product, or if **SWEET'S** service efforts are increased as a result of a Nonqualified Product, **SWEET** will charge time and materials for extra service at its current published rates for custom software services. If, in **SWEET'S** opinion, performance of Technical Support is made more difficult or impaired because of Nonqualified Products, **SWEET** shall so notify Customer, and Customer will immediately remove the Nonqualified Product at its own risk and expense during any efforts to render Technical Support under this Agreement. Customer shall be solely responsible for the compatibility and functioning of Nonqualified Products with the Program.

Enclosures

Dear Sweet Customer,

Enclosed, please find the following:

- 1) The support renewal invoice for your service, and
- 2) The current Technical Support Agreement, which includes the Business Associate Assurances section required by the Health Insurance Portability and Accountability Act (HIPAA)

We hope your service has enjoyed all the benefits that are included with your support service. Although customers without support contracts can still call on a per-incident charge, purchasing a support contract includes the following benefits:

- Unlimited number of calls into Sweet's Technical Support Team
- Billing software updates
- 'Preferred Service' status
- Speaking with a 'live' person answering the phone versus going through a series of voice prompts to get to whom you need
- Access to the Sweet Web Site FAQs (frequently asked questions) and Knowledge Base (more in-depth articles on procedures and troubleshooting)
- Sweet Technical Support e-mail exchange

This commitment of resources to meet your technical support needs goes unmatched in the industry. Without a support contract, all calls would be billable, with a credit card number required upon initiation of the call; updates would be chargeable; and the 'Preferred Service' status would be lost.

We hope that you will continue your status as a Preferred Sweet Support Customer by completing the following:

- 1) Initial each page of the enclosed agreement where indicated
- 2) Sign your name on page four of the agreement
- 3) Return to Sweet along with your payment for support renewal
- 4) Keep the second copy of the agreement for your records

Feel free to contact me at 800.537.3927, ext. #254, if you have any questions regarding your support contract.

Best Regards,

Charlotte Allen
