Dear Chairman Samus:

Lofton Creek Landfill
Nassau County - Solid Waste

As you are probably aware, the U.S. Environmental Protection Agency has adopted a new arsenic standard for drinking water systems of 0.010 mg/L (10 ug/L). The Florida Department of Environmental Protection (Department) adopted the same standard for drinking water systems and for groundwater quality on April 25, 2003, with an effective date of January 1, 2005.

The Department would like to inform you that your permit will be modified to require laboratory detection limits of 10 ug/L for arsenic in groundwater samples no later than January 1, 2005. In addition, we encourage you to request that your laboratory start meeting these lower limits before January 1, 2005.

If you have any questions concerning this letter, please contact me at the letterhead address or telephone number (904) 807-3355.

Sincerely,

No other representation, warranty or guaranty, express or implied, is included in or intended by Spectrum Data Solutions's services, proposals, agreements or reports.

RELATIONSHIP OF PARTIES. Nothing shall be construed or interpreted as requiring Spectrum Data Solutions Inc. to assume the status of owner, operator, generator, person who arranges for disposal transporter or storer, as those terms or any other similar terms are used in any federal state or local statute, regulation, ordinance or order governing the treatment, handling, storage or disposal of any toxic or hazardous substance or waste.

BILLING AND PAYMENT. Invoices will be submitted monthly and shall be due and payable on receipt. Interest at the rate of one and one-half percent (1.5%), but not exceeding the maximum rate allowable by law, shall be payable to any amounts that are due but unpaid within thirty (30) days from receipt of invoices, payment to be applied first to accrued late payment charges and then to the principal unpaid amount. Spectrum Data Solutions Inc. may, at its option, withhold delivery of reports or any other data pending receipt of payment for services rendered.

LIMITATION OF LIABILITY. In consideration of potential liabilities which may be disproportionate to the fees to be earned by Spectrum Data Solutions Inc., CLIENT agrees to limit liability to Spectrum Data Solutions Inc., its officers, directors, shareholders, employees, agents, and representatives to CLIENT for all claims or legal proceedings of any type arising out of or relating to the performance of services under this Agreement (including but not limited to Spectrum Data Solutions Inc.'s breach of the Agreement, its professional negligence, errors and omissions and other acts) to the greater of \$100,000 or the amount of Spectrum Data Solutions's fee. Failure of CLIENT to give written notice to Spectrum Data Solutions Inc. of any claim of negligent act, error or omission within one (1) year of performance shall constitute a waiver of such claim by CLIENT. Neither party shall be liable for any indirect, special or consequential loss or damages arising from this Agreement.

~~INDEMNIFICATION. In addition to and without limiting the generality of the foregoing, CLIENT agrees to indemnify Spectrum Data Solutions Inc. to the fullest extent permitted by law against any Loss (whether or not under CERCLA, RCRA or any other similar federal, state or local environmental regulation, order or ordinance) a) arising out of any actual or potential environmental contamination or pollution, including without limitation, any actual or threatened release of toxic or hazardous materials, unless the result of Spectrum Data Solutions Inc.'s willful misconduct or professional negligence, b) arising out of any acts taken or alleged failure to act with respect to matters covered in the section titled REPORTING AND DISPOSAL, or c) in excess of the liability limit set forth in the section titled LIMITATION OF LIABILITY above.

TIME OR PERFORMANCE. Spectrum Data Solutions Inc. makes no warranties regarding the time of completion of services and shall not be in default of performance under this Agreement where such performance is prevented, suspended or delayed by any cause beyond Spectrum Data Solutions Inc.'s control. Neither party will hold the other responsible for damages for delays in performance caused by acts of God or other events beyond the control of the other party and which could not have been reasonably foreseen or prevented. Such delays will extent completion date commensurately.

CHANGED CONDITIONS. If, during the course of the performance of Services, conditions or circumstances develop or are discovered which were not contemplated by Spectrum Data Solutions Inc. and which materially

affect Spectrum Data Solutions's ability to perform or which would materially increase the costs to Spectrum Data Solutions of performing, then Spectrum Data Solutions will notify CLIENT in writing, and Spectrum Data Solutions and CLIENT shall negotiate in good faith the terms of this Agreement within thirty (30) days. Alternatively, either party shall thereupon have the right to terminate the Agreement, provided, however, that upon any such termination, Spectrum Data Solutions shall be compensated for services rendered to the date of termination.

HAZARDOUS OR UNSAFE CONDITIONS. CLIENT has fully informed Spectrum Data Solutions of, and shall immediately inform Spectrum Data Solutions when it becomes aware of any new information regarding, the type, quantity and location of any hazardous, toxic or dangerous materials or unsafe or unhealthy conditions known or suspected at all real property where services are to be performed ("the Project Site"). Fees shall be adjusted to compensate Spectrum Data Solutions if conditions require Spectrum Data Solutions to take emergency measures to protect the health and safety of the parties, the public or the environment.

SUBSURFACE OBSTRUCTIONS. CLIENT shall supply to Spectrum Data Solutions plans which designate the location of all subsurface structures at the Project Site, and shall be responsible for any damage and shall indemnify Spectrum Data Solutions for all Loss inadvertently caused by Spectrum Data Solutions to any structure not so designated, or by CLIENT's inaccurate identification of underground obstructions.
