**SOLID WASTE HANDLING PERMIT**

Permit No: 024-006 D (SL) Major Modification No. 2 Date: March 16, 2000

Permittee: Name: Chesser Island Road Landfill, Inc.

Address: 3001 South Pioneer Drive

Smyrna, GA 30082

In accordance with the provisions of the Georgia Comprehensive Solid Waste Management Act, and the Rules promulgated pursuant thereto, this permit is issued for the following operation:

Chesser Island Road Landfill, Inc., Municipal Solid Waste Disposal Facility, located ten (10) miles southwest of the City of Folkston, on Chesser Island Road approximately 1.1 miles east of intersection with Georgia Highway 23 and 121, Charlton County, Georgia.

This permit is conditioned upon the permittee complying with the attached conditions of operation, which are hereby made a part of this permit.

All statements and supporting data submitted to the Environmental Protection Division of the Department of Natural Resources have been evaluated, considered and relied upon in the issuance of this permit.

This permit is now in effect; however, under Georgia Law it is subject to appeal for thirty (30) days following issuance, and is subject to modification or revocation on evidence of noncompliance with any of the provisions of the Georgia Comprehensive Solid Waste Management Act, or any of the Rules promulgated pursuant thereto; or with any representation made in the above mentioned application or the statements and supporting data entered therein or attached thereto; or with any condition of this permit.

Harold F. Reheis, Director  
Environmental Protection Division

Permit No.: 024-006D (SL) Major Modification No. 2

Issued to: Chesser Island Road Landfill, Inc.

**Conditions for Municipal Solid Waste Landfill:**

1. The disposal facility shall be operated only under the direct supervision of an operator duly certified in accordance with Rules 391-3-4-.18.
2. Solid waste unloading shall be restricted to the working face of the operation in such a manner that waste may be easily incorporated into the municipal solid waste landfill with available equipment.
3. Solid waste shall be spread in uniform layers and compacted to its smallest practical volume before covering with earth.
4. A uniform compacted layer of clean earth cover at least six (6) inches in depth shall be placed over all exposed solid waste by the end of each day's operation, or more frequently as may be determined by the Division. In no case may solid waste be left uncovered for more than 24 hours.
5. A uniform compacted layer of clean earth cover not less than one (1) foot in depth shall be placed over each portion on any intermediate lift following completion of that lift.
6. A uniform compacted layer of clean earth cover not less than two (2) feet in depth shall be placed over the final lift not later than one month following placement of solid waste within that lift.
7. All-weather access roads shall be provided to the disposal facility and provisions shall be made for prompt equipment repair or replacement when needed.
8. Access to the municipal solid waste landfill shall be limited to authorized entrances which shall be closed when the facility is not in operation.
9. The disposal facility shall be graded and drained to minimize runoff onto the municipal solid waste landfill, to prevent erosion and to drain water from the surface of the municipal solid waste landfill.
10. Scattering of wastes by wind shall be controlled by fencing or other barriers and the entire facility shall be policed daily.
11. Regulated quantities of hazardous wastes and pathological wastes shall not be disposed of at this site.
12. Suitable measures to control fires that may start shall be provided. Stockpiled soil is considered to be the most satisfactory fire fighting material.

Permit No.: 024-006D (SL) Major Modification No. 2

Issued to: Chesser Island Road Landfill, Inc.

Conditions for Municipal Solid Waste Landfill (continued):

13. The Design and Operational Plan as amended by the permittee and approved by the Division on the effective date is hereby made a part of this permit and the municipal solid waste landfill shall be operated in accordance with the plan.
14. This permit shall become null and void one year from the effective date if construction of the permitted disposal facility has not commenced within one year and the disposal operation has not commenced within two years from the effective date.
15. Before any waste is placed in the facility, the permittee shall fully satisfy all applicable financial responsibility requirements, as provided by Chapter 391-3-4-.13.
16. In accordance with O.C.G.A. 12-8-39(a) and (b), the permittee shall provide a mechanism to collect a cost reimbursement fee upon each ton or the volume equivalent of a ton, of municipal solid waste received at the municipal solid waste disposal facility regardless of its source. A minimum of \$1.00 per ton or volume equivalent of the cost reimbursement fee shall be paid into a local restricted account and shall be used for solid waste management purposes only.
17. In accordance with O.C.G.A. 12-8-39(e), the permittee shall assess and collect on behalf of the EPD from each disposer of waste a surcharge of 50¢ per ton of solid waste disposed. Surcharges assessed and collected shall be due to the Environmental Protection Division on the first day of July of each year.
18. The Permittee shall maintain compliance with the Rules for Solid Waste Management by accomplishing the following activities according to the specific dates:
  - a. The Permittee shall compile and submit quarterly reports of all solid waste disposed at the facility no later than the 30th day after the beginning of each calendar quarter in accordance with Solid Waste Rule 391-3-4-.17(1). FILE
  - b. The Permittee shall report on July 1 of each year the remaining capacity of the facility, the rate of filling, and the estimated completion date of the facility, in accordance with Solid Waste Rule 391-3-4-.17(3). FILE
  - c. The Permittee shall obtain the appropriate NPDES Pretreatment Permit for the discharge of leachate to an off-site facility prior to the receipt of any waste for disposal.

## POLICY PROHIBITING HARASSMENT

It is the policy of Waste Management that all employees have a right to work in an environment free of discrimination and harassment.

Harassment consists of, but is not limited to: slurs, jokes, gestures, pictures, cartoons or degrading comments concerning sex, age, race, national origin, disability, religion, sexual orientation, marital status or membership in other protected groups; offensive sexual flirtations, advances or propositions; abuse of a sexual nature graphic verbal comments about an individual's body; and the display in the workplace of sexually explicit objects, pictures or cartoons.

No employee shall threaten or insinuate either explicitly that any employees' submission to or rejection of sexual advances will in any way influence any personnel decision regarding that employee's employment, including evaluation, performance appraisal, wages, advancement, assigned duties, shifts, or any other condition of employment or career development.

Any employee who has a complaint of harassment at work by anyone, including supervisors, co-workers, or visitors, should let the other individual know that his/her behavior is unwelcome. You should also report the problem to your immediate supervisor or manager. If the complaint involves a manager, then the employee is encouraged to go the next level of management until the issue is resolved. All employees should be aware that the privacy of the charging party and the person accused of sexual harassment will be kept strictly confidential.

The Company will actively investigate any allegations of harassment, and if it is determined that harassment has occurred, the Company will take appropriate disciplinary action, depending on circumstances, up to and including termination of employment.

By issuing this policy, it is the intent of the Company to provide a workplace free of harassment of any kind for all of our employees.
