Anne,

I hope the 7-day trials give you a good idea of how our upgrade can benefit your operations. Here is a Subscription Agreement and other forms for the WeatherSentry 4.1 upgrade.

As you can see, this is a savings of \$13.50/month or \$162 a year for a more user friendly, updated and expanded technology.

Make any corrections then just sign and initial where shown, and you can fax the mail back to me at 402/255-3667.

If you have any questions, give me a call.

Thanks,

*Patrick Chace

Meteorlogix Sales Representative please attach this form to the contract agreement.

Subscription Agreement Standard Terms and Conditions

1. Use of System

1.1 Meteorogix hereby grants Customer the right to use a Meteorogix system, typically consisting of a Meteorogix receiver unit, video monitor, equipment package, software, and weather data (System) during the term of this Subscription Agreement (hereinafter referred to as the "Agreement").

1.2 The System shall be delivered to the Customer location identified on the front page of this Agreement. Customer must notify Meteorogix in advance of any System relocation. The System shall at all times be the sole and exclusive property of Meteorogix. Customer shall acquire no rights or interest of any kind in the System except the right to use the System hereunder.

1.3 Unless Customer has elected to receive Professional Installation, Customer is responsible for the proper installation of the System as detailed in the System user's manual, including but not limited to proper electrical grounding of both the receiver and the antenna. If Customer elects Professional Installation, the fees quoted on the front page are for standard installation only. Customer will be advised of any additional charges for remote or complex installations before such services are provided.

1.4 Customer bears the entire risk of loss and damage to the System from any and every cause until the System is returned to Meteorogix, ordinary wear and tear accepted. Meteorogix recommends the Customer maintain all-risk hazard insurance on the System throughout the term of the Agreement in an amount not less than the full replacement value of the System, which is currently \$1,500.

2. Term/Termination.

2.1 This Agreement (including any Addendum, unless specified otherwise in the Addendum) shall commence upon execution and continue for the Initial Contract Term set forth on the front page. The Initial Contract Term will start on the date Customer receives the System. Thereafter, this Agreement shall continue for successive one-year periods, subject to then-current Meteorogix prices, terms and conditions, unless either party terminates its obligations to the other by giving written notice of termination to the other at least 30 days prior to the end of the Initial Contract Period or any subsequent one-year period.

2.2 This Agreement may be terminated by Meteorogix on 30 days notice if Customer fails to perform in accordance with any of the terms set forth herein. If Customer fails to make timely payment of any fees hereunder, Meteorogix may also suspend the delivery of its information services through signal reception disengagement without notice, and/or accelerate and collect the balance of the total payments that would otherwise be due under this Agreement. Customer shall be liable for all costs of collection, including reasonable attorneys' fees and/or the full cost of the System if not properly returned to Meteorogix.

2.3 Upon termination, Customer shall return the System, and any other equipment owned by Meteorogix, in good operating condition and in proper packaging to Meteorogix's facilities located at 11111 E Circle, Omaha, NE 68137, and delete all Meteorogix software from any equipment retained by Customer.

3. Licenses/Use of Information

3.1 Meteorogix hereby grants to Customer a limited, non-exclusive, non-transferable license to use any software and weather data furnished to Customer during the term of this Agreement solely for Customer's internal business purposes on a single video display. Customer will allow only one user [i.e. a concurrent user] to access the software and weather data at any time unless Customer executes a Network Addendum. Except as expressly permitted in this Agreement, Customer shall not (a) reproduce, modify, reverse engineer, disassemble, decompile, create derivative works based on, or otherwise attempt to derive source code from the software or any part thereof and shall not cause or permit any third party to do so; (b) delete any copyright notices and/or other legends of ownership from the software or weather data; (c) allow the software or weather data to be used directly by third parties; or (d) disclose to any other party any part of or any information relating to the software or weather data. Customer shall grant Meteorogix reasonable access to the software and the equipment on which it is installed as Meteorogix determines is reasonably necessary for Meteorogix to provide any services or to audit Customer's compliance with the terms of the Agreement. For software or data not manufactured or provided by Meteorogix that is provided to Customer as part of the System, the Customer shall adhere to the software and data license terms as outlined by the actual software or data provider.

3.2 Customer represents and warrants that it will use the Information it receives from Meteorogix solely for its internal business purposes, and that it shall not reproduce, publish or distribute such information in any format, in whole or in part, for sale or commercial use. If Customer manually or automatically transfers information from the System to a computer or any data processing and/or storage device, the information will be displayed on a single terminal only, unless the parties have entered into a Network Addendum.

4. Fees

4.1 Fees are payable in full no later than 30 days from the date of invoice. If the price of the goods and/or services stated by Meteorogix specifically includes state or local sales or use taxes, then Meteorogix shall be responsible for collecting and remitting said taxes to the proper taxing authority. In all other cases, Customer agrees to be responsible for paying all taxes relating in any way to the goods and services provided hereunder. Customer must provide Meteorogix with proper documentation of any claimed tax exemption. All invoices shall be issued in U.S. Dollars and all payments made to Meteorogix must be made in U.S. Dollars.

5. Liability

5.1 NEITHER METEORLOGIX NOR ANY OF ITS SUPPLIERS MAKES ANY WARRANTIES, WHETHER ORAL, WRITTEN, EXPRESSED OR IMPLIED, WITH RESPECT TO THE SERVICES OR SYSTEM TO BE PROVIDED UNDER THIS AGREEMENT, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY WARRANTY AS TO THE ADEQUACY, ACCURACY, TIMELINESS OR COMPLETENESS OF THE SERVICES OR SYSTEM FOR ANY PARTICULAR USE OR PURPOSE. In no event will Meteorogix or any of its suppliers be liable for any loss, liability, damage or expense arising out of or in connection with this Agreement or the performance or non-performance of the service by Meteorogix, unless such loss liability, damage or expense is due to the gross negligence or willful misconduct of Meteorogix, and in no event shall Meteorogix's cumulative liability under this Agreement exceed the total subscription fees paid to Meteorogix under this Agreement (including any Addenda) during the preceding one month period. In no event will Meteorogix or any of its suppliers be liable for incidental, indirect, special, exemplary or consequential damages, including damages resulting from loss of use, loss of data, loss of profit or loss of business arising out of or in connection with this Agreement, even if Meteorogix has been advised of the possibility of such damages.

5.2 If Customer experiences any performance issues with the services or System Customer must contact Meteorogix immediately for instructions. At no time shall Customer attempt to repair or modify the System itself; if it does so it shall be responsible for the cost of repairing any damage(s) to the System. Customer acknowledges that Meteorogix's sole obligation and Customer's exclusive remedy in the event of any material and continuing non-conformity, effect, or error in the services or System shall be to take reasonable corrective actions upon discovery of the problem.

6. General

6.1 Customer acknowledges that any Meteorological services provided to Customer by Meteorogix pursuant to this Agreement are only advisory in nature. All services are in part based on data provided by third parties, including the National Weather Service. Meteorogix cannot and does not warrant or assume responsibility for the accuracy of the Meteorological services provided by Meteorogix based on such data. It is Customer's sole responsibility to verify the correctness and accuracy of all materials, services or product furnished by Meteorogix.

6.2 Meteorogix shall not be liable for any damages or penalties for delay in delivery or use of services or the System based on any events or conditions, including, but not limited to: (i) acts of God, civil or military authority; (ii) actions or inactions of any governmental entity (foreign or domestic) or its agencies and departments, the National Weather Service, or the National Oceanic and Atmospheric Administration; (iii) acts of a public enemy; (iv) suspension, interruption, or unavailability of data communicated from any governmental or private sources; (v) accidents, fires, explosions, earthquakes, floods, energy shortages, other elements of nature; (vi) strikes, labor disputes, shortage of suitable parts, materials, or labor, computer malfunction, communication system malfunction, transportation problems, or delay in delivery by vendors.

6.3 This Agreement represents the entire Agreement between Meteorogix and Customer and cannot be changed orally. The waiver or failure of either party to exercise in any respect any right provided for herein shall not be deemed a waiver of any further right hereunder. In the event that any portion of this Agreement is held to be unenforceable, the remaining portions of this Agreement shall be interpreted to give maximum effect to the intent of the parties. This Agreement shall be governed by the substantive laws of the State of Minnesota without regard to conflict of laws rules. Customer agrees that any action brought by Customer against Meteorogix shall be venued only in the State of Minnesota. Customer hereby consents to venue and personal jurisdiction over Customer in the State of Minnesota. All notices to be provided under this Agreement will be sent, if to Customer, to the address listed under Customer Information on the front page, and if to Meteorogix, to the Meteorogix Corporate Office.

NASSAU COUNTY CANCELLATION CLAUSE

This Agreement may be terminated by Nassau County upon thirty (30) days' written notice. If the contract is terminated, Meteorlogix will be entitled to compensation based upon work performed up to the date of termination only.

Agenda Request For: July 14, 2004

Department: Emergency Management

Background: The Meteorlogix Weather Sentry system is used by Emergency Management to monitor weather conditions for potential hazard events. The satellite-based system provides vital information on natural hazards that is used for planning and operational response. The system was purchased and installed in 2000 and has not been upgraded. Meteorlogix is offering Nassau County an upgrade for the system for \$3,738 per year for 3 years. See attached email from Meteorlogix representative, with response to questions regarding cancellation clause (30-day written notice), installation charge (none), and waiver of processing and shipping fee.

Financial/Economic Impact to Future Years Budgeting Process or Effect on Citizens: The current annual cost is \$3,900. This contract represents a cost savings of \$13.50 per month, or \$162 per year for three years. The cost savings will be reflected in the future years' budgets.

Action requested and recommendation:

Emergency Management requests approval of the 3-year contract to upgrade the system.

Is this action consistent with the Nassau County Comprehensive Land Use Plan? N/A

Joyce Bradley, Clerk's Office

FROM: Nancy Freeman, Director, Emergency Management *N. Freeman*

DATE: 6/2/04

SUBJECT: BOCC Agenda-6/9/04: Justification of Request for Upgrade to Meteorlogix Weather Sentry system

The Meteorlogix Weather Sentry system, currently in use at the Emergency Management office, was installed in 2000, and has cost \$3,900 annually since that time.

The proposed upgrade will result in a cost savings of \$162 per year. The three-year (36 month) contract provides for a constant rate with no increases during that period.

There is no installation cost for the software upgrade.

We will request that Meteorlogix add a cancellation clause to the contract, and resubmit the contract for the July 14, 2004 BOCC agenda.
