The Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division or the Department determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by the Division or the Department to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the contract term to ensure timely completion of all tasks.

Stat., agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Fla. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement, and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES.

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (13) herein;

(b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

(c) Withhold or suspend payment of all or any part of a request for payment;

(d) Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.

(e) Exercise any corrective or remedial actions, to include but not be limited to:

4. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

(f) Exercise any other rights or remedies which may be available under law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION.

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

B. Training

Allowable training-related costs include, but are not limited to, the following:

- **Funds used to develop, deliver, and evaluate training**, including costs related to administering the training, planning, scheduling, facilities, materials and supplies, reproduction of materials, and equipment.
- **Overtime and Backfill** costs, as defined in this guidance, associated with attending or teaching FEMA-sponsored and/or approved training courses and programs are allowed. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from both their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities. Further, overtime costs associated with employees who participate in training in a teaching role for which they are compensated are not allowed.
- **Travel** costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants** to support training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or awarding agency, whichever is applicable. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15 percent of the total allocation as specified in section E.6. In no case is dual compensation allowable (see above).
- **Certification/Recertification of Instructors** is an allowable cost. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses that involve training of trainers. This information is contained in a Information Bulletin #193, issued October 20, 2005.

Training Activities

States, territories, and Urban Areas are strongly encouraged to use HSGP funds to develop a State/territory homeland security training program. Allowable training related costs under HSGP include the establishment, support, conduct, and attendance of training specifically identified under the SHSP, UASI, MMRS, and CCP grant programs. Allowable training topics include, but are not limited to, CBRNE terrorism, cyber/agriculture/food security, intelligence gathering and analysis, NIMS related training, citizen and community preparedness, and training for volunteers. Training conducted using HSGP funds should address a performance gap identified through an After Action Report/Improvement Plan (AAR/IP) or contribute to building a capability that will be evaluated through an exercise. Exercises should be used to provide the opportunity to demonstrate and validate skills learned in training, as well as to identify training gaps. Any training or training gaps should be identified in the AAR/IP and addressed in the State or Urban Area training cycle. All training and exercises conducted with HSGP funds should support the development and testing of the jurisdiction's Emergency Operations Plan (EOP) or specific annexes, where applicable.

C. Exercises

Exercises conducted with FEMA support must be managed and executed in accordance with the Homeland Security Exercise and Evaluation Program (HSEEP). HSEEP Volumes One, Two, and Three contain guidance for exercise design, development, conduct, evaluation, and improvement planning. HSEEP Volume Four provides sample exercise materials, and HSEEP Volume Five: Prevention Exercises contains guidance and recommendations for designing, developing, conducting, and evaluating prevention-focused exercises. All volumes can be found at <http://hseep.dhs.gov>.

All exercises using HSGP funding must be NIMS compliant. More information is available online at the NIMS Integration Center, <http://www.fema.gov/emergency/nims/index.shtml>.

Allowable exercise-related costs include:

- **Funds Used to Design, Develop, Conduct and Evaluate an Exercise** – Includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants** – Full or part-time staff may be hired to support exercise-related activities. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15 percent of the total allocation. The applicant's formal written procurement policy or the Federal Acquisition Regulations (FAR) – whichever is more stringent – must be followed. In no case is dual compensation allowable.
- **Overtime and Backfill** – Overtime and backfill costs associated with the design, development, and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or the awarding agency, whichever is applicable. In no case is dual compensation allowable (see above).
- **Travel** – Travel costs are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of exercise project(s).
- **Supplies** – Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise project(s) (e.g., copying paper, gloves, tape, non-sterile masks, and disposable protective equipment).
- **Other Items** – These costs include the rental of space/locations for exercise planning and conduct, rental of equipment (e.g., portable toilets, tents), food, refreshments, gasoline, exercise signs, badges, etc.

Unauthorized exercise-related costs include:

- Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances).
- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).

Exercise Scenarios.

The scenarios used in HSGP-funded exercises must be based on the State's/Urban Area's Homeland Security Strategy and plans. Acceptable scenarios for SHSP, UASI, MMRS, and CCP exercises include: chemical, biological, radiological, nuclear, explosive, cyber, agricultural and natural or technological disasters. Exercise scenarios must be catastrophic in scope and size, as defined by the National Response Framework. The scenarios used in HSGP-funded exercises must focus on validating existing capabilities and must be large enough in scope and size to exercise multiple tasks and warrant involvement from multiple jurisdictions and disciplines and nongovernmental organizations. Exercise scenarios should also be based on the Multiyear Training and Exercise Plan.

Models, Simulations and Games (MS&G). Grantees who wish to expend funds on models, simulations, or games (MS&G) must consult with "*Review of Models, Simulations, and Games for Domestic Preparedness Training and Exercising, Volume III,*" which provides an overview and analysis of existing models, simulations, and games. Grantees can also consult with the MS&G Decision Support System, which automates the aforementioned report into a searchable database. Both the report and system are available through the HSEEP website.

Special Event Planning. If a Urban Area will be hosting an upcoming special event (e.g., Super Bowl, G-8 Summit); they anticipate participating in a Tier 2 National-Level Exercise as defined by the National Exercise Program Implementation Plan (NEP I-Plan); or they anticipate that they will apply to be a venue for a Tier I National-Level Exercise, as defined by the I-Plan, they should plan to use SHSP or UASI funding to finance training and exercise activities in preparation for that event. States and Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control. States should also anticipate participating in at least one Regional Exercise annually. States must include all confirmed or planned special events in the Multi-year Training and Exercise Plan.

Exercise Evaluation. All exercises will be performance-based and evaluated. An After-Action Report/Improvement Plan (AAR/IP) must be prepared and submitted to FDEM, following every exercise, regardless of type or scope. AAR/IPs must conform to the HSEEP format, should capture objective data pertaining to exercise conduct, and must be developed based on information gathered through Exercise Evaluation Guides (EEGs) found in HSEEP Volume IV. All applicants are encouraged to use the Lessons Learned Information Sharing System (LLIS.gov) as a source for lessons learned and to exchange best practices.

Self-Sustaining Exercise Programs. Urban Areas are expected to develop a self sustaining exercise program. A self-sustaining exercise program is one that is successfully able to implement, maintain, and oversee the Multi-year Training and Exercise Plan, including the development and delivery of HSGP-funded exercises. The program must utilize a multi-disciplinary approach to the development and delivery of exercises, and build upon existing plans, training, and equipment.

Role of Non-Governmental Entities in Exercises. Non-governmental participation in all levels of exercises is strongly encouraged. Leaders from nongovernmental entities should be included in the planning, conduct, and evaluation of an exercise. State and local jurisdictions are encouraged to develop exercises that test the integration and use of non-governmental resources provided by nongovernmental entities, defined as the private sector and private non-profit, faith-based, community, volunteer and other non-governmental organizations. Nongovernmental participation in exercises should be coordinated with the local Citizen Corps Council(s).

III. Program Requirements

D. National Incident Management System (NIMS) Compliance

HSPD-5, “*Management of Domestic Incidents*,” mandated the creation of NIMS and the National Response Plan (NRP). NIMS provides a consistent framework for entities at all jurisdictional levels to work together to manage domestic incidents, regardless of cause, size, or complexity. To promote interoperability and compatibility among Federal, State, local, and tribal capabilities, NIMS includes a core set of guidelines, standards, and protocols for command and management, preparedness, resource management, communications and information management, supporting technologies, and management and maintenance of NIMS. The NRP, using the template established by NIMS, is an all-discipline, all-hazards plan that provides the structure and mechanisms to coordinate operations for evolving or potential Incidents of National Significance, which are major events that “require a coordinated and effective response by an appropriate combination of Federal, State, local, tribal, private sector, and nongovernmental entities.”

The NIMS Integration Center (NIC) recommends **38 NIMS Compliance Objectives** for nongovernmental organizations that support NIMS implementation. These activities closely parallel the implementation activities that have been required of State, territorial, tribal, and local governments since 2004 and can be found at www.fema.gov/pdf/emergency/nims/ngo_fs.pdf. To integrate nonprofit organizations into the broader national preparedness effort, DHS encourages grantees to consider pursuing these recommended activities.

Additionally, nongovernmental organizations grantees and sub-grantees will be required to meet certain NIMS compliance requirements. This includes all emergency preparedness, response, and/or security personnel in the organization participating in the development, implementation, and/or operation of resources and/or activities awarded through this grant must complete training programs consistent with the NIMS National Standard Curriculum Development Guide. Minimum training includes IS-700 NIMS: An Introduction. In addition, IS-800.a NRP: An Introduction, Incident Command System (ICS-100), Incident Command System (ICS-200), Intermediate Incident Command System (G-300), and Advanced Incident Command System (G-400) are also recommended. For additional guidance on NIMS training, please refer to http://www.fema.gov/emergency/nims/nims_training.shtm.

Additional information about NIMS implementation and resources for achieving compliance are available through the NIMS Integration Center (NIC), at <http://www.fema.gov/emergency/nims/>.

E. ENVIRONMENTAL PLANNING & HISTORIC PRESERVATION COMPLIANCE GUIDELINES

The following types of projects are to be submitted to FEMA for compliance review under Federal environmental planning and historic preservation (EHP) laws and requirements prior to initiation of the project:

- New Construction, Installation and Renovation, including but not limited to:
 - Emergency Operation Centers

2. Programmatic Reporting-BSIR

After the end of each reporting period, for the life of the contract, the recipient will complete their Biannual Strategic Implementation Report in the Grants Reporting Tool (GRT) <https://www.reporting.odp.dhs.gov>. The reporting periods are January 1-June 30 and July 1-December 31. Data entry is scheduled for December 1 and June 1 respectively. Future awards and reimbursement may be withheld if these reports are delinquent.

A line item number is to be included for every dollar amount listed in the “Detail of Claims” form.

4. Close-out Programmatic Reporting:

The Close-out Report is due to the Florida Division of Emergency Management no later than 60 days after the agreement is either completed or the agreement has expired.

5. Monitoring:

Florida Division of Emergency Management US Department of Homeland Security Grants Program Grant Monitoring Process

Florida has enhanced the state and local capability and capacity to prevent, prepare and respond to terrorist threats since 1999 through various funding sources including federal grant funds. As the steward of the State Homeland Security Grant Program funds, projects and equipment the Florida Division of Emergency Management (FDEM) has a responsibility to track and monitor the status of the grant activity and items purchased.

The monitoring process detailed in this document is designed to assess a recipient agency's compliance with applicable state and federal guidelines. The FDEM is responsible for monitoring the financial, programmatic and capability portion of the grant to include equipment procurement and compliance with applicable SHSGP grant guidance and statutory regulations.

Monitoring is accomplished utilizing various methods including desk monitoring and on-site visits. There are two primary areas reviewed during monitoring activities - financial and programmatic/capability. Financial monitoring is the review of records associated with the purchase and disposition of property, projects and contracts. Capability review is the observation of equipment purchased, protocols and other associated records. Various levels of financial and programmatic review may be accomplished during this process.

Desk monitoring is defined as the review of projects, financial activity and technical assistance between the program office and the applicant via e-mail and telephone. Site visits are defined as actual visits to the recipient agency's location by a team or members of the FDEM or their designee, to actually observe records, procedures and equipment.

Frequency of annual monitoring activity:

Each year the FDEM will identify up to 50% of sub-grantees for site visit monitoring. It is important to note that although a given grant has been closed successfully, it is still subject to either desk or on-site monitoring for a five year period following closure.

Examples of areas that may be examined include:

Management and administrative procedures
Grant folder maintenance
Equipment accountability and sub-hand receipt procedures
Program for obsolescence
Status of equipment purchases
Status of training for purchased equipment
Status and number of response trainings conducted to include number trained
Status and number of exercises
Status of planning activity
Anticipated projected completion
Specific difficulties completing the project.
Agency NIMS/ICS compliance documentation

In certain circumstances, the FDEM may request additional monitoring/information if the activity, or lack thereof, on the part of the specific recipient has generated questions from the region, the sponsoring state agency or the FDEM leadership. The method of gathering this information will be determined on a case-by-case basis.

Desk monitoring is an on-going process. Agency recipients will be required to participate in desk top monitoring on an annual basis and as determined by the FDEM. The agency recipients will complete and submit the desk top monitoring within 14 business calendar days of receipt. This contact will provide an opportunity to identify the need for technical assistance (TA) and/or a site visit if the FDEM determines that a recipient is having difficulty completing their project.

As difficulties/deficiencies are identified, the respective region or sponsoring agency will be notified by the program office via email. Information will include the grant recipient agency name, year and project description and the nature of the issue in question. Many of the issues that arise may be resolved at the regional or sponsoring agency level. Issues that require further TA will be referred to the FDEM for assistance. Examples of TA include but are not limited to:

- ↳ Equipment selection or available vendors
- ↳ Eligibility of items or services
- ↳ Coordination and partnership with other agencies within or outside the region or discipline

Site Visits

Site visits will be conducted by the FDEM or designated personnel. Site visits will be scheduled in advance with the recipient agency POC designated in the grant agreement. Monitoring questionnaires will be provided in advance of the visit.

The FDEM will also conduct coordinated financial and grant file monitoring. These monitoring visits will be coordinated with the capability review visits. Subject matter experts from other agencies within the region or state may be called upon to assist in the form of a peer review as needed.

All findings related to the capability review will be documented and maintained within the FDEM.

Site Visit Protocol

The following outlines the monitoring protocol for the FDEM:

The site visits will begin with those grantees that are currently spending or have completed spending for that federal fiscal year (FFY). Site visits may be combined when geographically convenient. There is a site visit checklist to assist in the completion of all required tasks.

Site Visit Preparation

A letter will be sent to the recipient agency Point of Contact (POC) stating the purpose of the site visit at least 30 calendar days before the planned arrival date. FDEM personnel will call within the next 10 calendar days to schedule an appointment to review the grantee's program.

The physical location of any equipment located at an alternate site should be confirmed with a representative from that location and the address should be documented in the grantee folder before the site visit.

The appointment should be confirmed with the grantee in writing (email is acceptable) and documented in the grantee folder.

Any personnel from the FDEM attending the site visit will review the grantee's corresponding folder(s) before the visit. Prior to the visit, individual roles will be identified for the site visit. Copies of applicable documents will be made and distributed to the site visit team at a minimum of five (5) calendar days before the visit. A reminder e-mail should be sent to all team members and the recipient POC one business day in advance of the site visit.

Site Visit

Once FDEM personnel have arrived at the site, an orientation conference will be conducted. During this time, the purpose of the site visit and the items FDEM intends to examine will be identified. If financial monitoring visit will be conducted, they will then explain their objectives and will proceed to perform the financial review.

FDEM personnel will review all files and supporting documentation. Once the supporting documentation has been reviewed, a tour/visual/spot inspection of equipment will be conducted.

Each item should be visually inspected whenever possible. Bigger items (computers, response vehicles, etc.) should have an asset decal (information/serial number) placed in a prominent location on each piece of equipment as per recipient agency requirements. The serial number should correspond with the appropriate receipt to confirm purchase. Photographs should be taken of the equipment (large capitol expenditures in excess of \$1,000. per item).

If an item is not available (being used during time of the site visit), the appropriate documentation must be provided to account for that particular piece of equipment. Once the tour/visual/spot inspection of equipment has been completed, the FDEM personnel will then conduct an exit conference with the grantee to review the findings.

Other programmatic issues can be discussed at this time, such as missing quarterly reports, payment voucher/reimbursement, equipment, questions, etc.

Post Site Visit

FDEM personnel will review the site visit worksheet as a team and receive notes from the Financial Review Team, if applicable.

Within 30 calendar days of the site visit, a monitoring report will be generated and sent to the grantee explaining any issues and corrective actions required or recommendations. Should no issues or findings be identified, a monitoring report to that effect will be generated and sent to the grantee. The grantee will submit a Corrective Action Plan within a timeframe as determined by the FDEM. The Site Visit Worksheet, report and photographs will then be included in the grantee's file along with any documents distributed at the site visit by the grantee.
