Valued Customer,

As you are aware with Jerry Barr's retirement, ESI has assumed the monitoring and servicing of your security or fire alarm system.

Since we have been providing the monitoring services to Jerry's company for over 25 years, we are already familiar with your account and there will be no changes in the monitoring setup or procedures for you.

Attached is a print out of the current "account information and key holder list. Please look it over and make any changes or updates and return to us.

As a new ESI "Preferred Customer", you receive discounts on repairs and system upgrades. If you have not had your system tested recently call our service department for assistance in getting the alarm system tested.

And remember, ESI can monitor your system without landlines but it is *very important* to call us before disconnecting or changing your current provider.

Also, as part of our going green efforts, we offer eBill which sets you up for email billing and service notifications. The sign up form is attached to the account information sheet

You can call the same telephone number for service as before or call 388-3975 or you can email service@getesi.com

Please contact us if you have any questions

Thank you,

Harvey Hudgins, CET
President
