THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

This endorsement modifies insurance provided under the:

Commercial General Liability Coverage Part

- A. Section II – Who Is An Insured is amended to include as an insured any person or organization who you are required to add as an additional insured on this policy under a written contract or written agreement.
- B. The insurance provided to the additional insured person or organization applies only to "bodily injury", "property damage" or "personal and advertising injury" covered under Section I - Coverage A - Bodily Injury And Property Damage Liability and Section I - Coverage B - Personal And Advertising Injury Liability, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. Your acts or omissions; or
 - 2. The acts or omissions of those acting on your behalf,
 and resulting directly from your ongoing operations or "your work" as included in the "products-completed operations hazard", which is the subject of the written contract or written agreement, performed for the additional insured person or organization.
- C. However, regardless of the provisions of Paragraphs A. and B. above:
 - 1. We will not extend any insurance coverage to any additional insured person or organization:
 - a. That is not provided to you in this policy; or
 - b. That is any broader coverage than you are required to provide to the additional insured person or organization in the written contract or written agreement; and
 - 2. We will not provide Limits of Insurance to any additional insured person or organization that exceed the lower of:
 - a. The Limits of Insurance provided to you in this policy; or
 - b. The Limits of Insurance you are required to provide in the written contract or written agreement.
- D. The insurance provided to the additional insured person or organization does not apply to:
 "Bodily Injury", "property damage" or "personal and advertising injury" arising out of the rendering or failure to render any professional architectural, engineering or surveying services including:
 - 1. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
 - 2. Supervisory, inspection, architectural or engineering activities.
- E. The additional insured must see to it that:
 - 1. We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;
 - 2. We receive written notice of a claim or "suit" as soon as practicable; and

3. A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured, if the written contract or written agreement requires that this coverage be primary and non-contributory.

F. For the coverage provided by this endorsement:

1. The following paragraph is added to Paragraph 4.a. of the Other Insurance Condition of Section IV – Commercial General Liability Conditions:

This insurance is primary insurance as respects our coverage to the additional insured person or organization, where the written contract or written agreement requires that this insurance be primary and non-contributory with respect to any other policy upon which the additional insured is a Named Insured. In that event, we will not seek contribution from any other such insurance policy available to the additional insured on which the additional insured person or organization is a Named Insured.

2. The following paragraph is added to Paragraph 4.b. of the Other Insurance Condition of Section IV – Commercial General Liability Conditions:

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured on another policy providing coverage for the same "occurrence", offense, claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

District Phone: (386) 961-7532

Proposal: T2432
Project: 427430-1-52-01
Letting Date: 6/20/2012
Location: CENTRAL OFFICE
Description: SR A1A

Question: 827: Please confirm the number of days are 120 (as shown on the solicitation notice). That doesn't seem enough time to complete a project with a estimated budget amount of two million plus dollars. Thank you. Posted: 6/4/2012 9:05:03 AM

Answer: Correct. The contract days is 120. Status: ANSWER PUBLISHED
Posted: 6/4/2012 12:01:37 PM

Question: 862: 1. What are the contractor's responsibilities regarding gopher tortoises? The plans show Active and Inactive burrows.
2. Addendum 1 plan sheet 215 indicates the regular excavation quantity is 2137 CY. The same Addendum 1 also noted the bid quantity for pay item 120-1 is now 2337 CY. Please clarify which is correct.
3. What is the intent for the Detectable Warning Surface Retrofit item? Where are those to be installed? Posted: 6/6/2012 4:05:28 PM

Answer: Response No.1 - The FDOT consultant is in the process of relocating the active Gopher Tortoise borrows at this time. A Gopher Tortoise permit will be acquired by the FDOT prior to the construction NTP. The contractor will not need to relocate gopher tortises. Status: ANSWER PUBLISHED
Posted: 6/11/2012 4:19:22 PM

Response No. 2 - The Transport quantity is correct (2337 CY). To clarify, in the REVISION set, the sidewalk excavation at State Park (200 CY) was left off the SUMMARY TABLE in error. The 200 CY of excavation for the State Park can be found on the Sheet 9 in the SUMMARY TABLE of the original bid plans.

Response No. 3 - The new Detectable Warning Devices are to be placed on the path where it intersects with cross streets. The locations (91) are tabulated on Sheet 10.

Question: 978: There is 130 LF of Index 862, 42" h. Aluminum Picket. It does not specify the type of handrail, 1, 2, 3, 4 or 5....
Can you specify please? Posted: 6/14/2012 8:14:30 AM

Answer: Use Type I Picket Railing.
