Contract: Coastal Engineering
Request Made By: Bill Moore, SAISSA Rep.
Request Received By: Erik J. Olsen, P.E.
Task Order No: 2013-04 (Rev. A-1)

Task Order: 2012/2013 Year-2 Physical Monitoring of Engineered Beach Nourishment Project
2011 Renourishment: South Amelia Island Shore Stabilization Project

Consultant shall complete the 2012/2013 annual physical monitoring of the South Amelia Island Shore Stabilization Project, as described in the previously approved Scope-of-Work (see Task Order 2012-01). **Rev A-1 modifies the Scope-of-Work to include a comprehensive survey of Nassau Sound in its entirety during the summer of 2013. The cost of the modification is \$28,800.**

Deliverables shall include a detailed monitoring report documenting the 2013 pre-storm season condition of the engineered beach, including updated analyses of the performance of the beach fill since construction (relative to the 1994 pre-restoration and August 2011 post-renourishment conditions). Any anomalous areas (hot-spots, etc.) observed in the data shall be identified and discussed as well as any federal beach disposal contracts. Ten (10) hardcopies of the report shall be delivered to SAISSA along with an electronic *.PDF copy on CD-ROM disc. A signed/sealed set of the beach profile survey maps shall be provided. Electronic copies of the controlled digital aerial orthophotography shall be provided on CD- or DVD-ROM disc. All work shall be performed on a Lump Sum basis.

Fee: \$ 158,600.00 (Lump Sum)

Requested Completion Date: September 30, 2013.
