Description of Commodity:  
RENEWAL OF MAINTENANCE FOR BLUESOCKET EQUIPMENT AND AUTHINTICATION OF WIRELESS.

Check one (1) of the following two (2) choices:

- Sole Source: The goods or services can be legally purchased from only one source.
- Single Source: The goods or services can be purchased from multiple sources, but, in order to meet certain functional or performance requirements, there is only one economically feasible source for this purchase.

Please check all of the following that apply:

- Purchase can only be obtained from original manufacturer-not available through distributors.
- Only authorized area distributor of the original manufacturer.
- Parts/Equipment are not interchangeable with similar parts of another manufacturer.
- This is the only known source that will meet the specialized needs of this department or perform the intended function.
- This source must be used to meet warranty or service maintenance requirements.
- This source is required for standardization.
- None of the above apply.

Comments/Explanations: (required)

Comprise sole proprietor of the SAMS Software. Bluesocket enables SAMS to capture stats for wireless users by allowing authentication of wireless. Bluesocket also gives security and controls band width for the wireless connection.
