TERMS AND CONDITIONS

1. **DEFINITIONS.** Capitalized terms defined in the body of this Agreement are indexed by location on Appendix I attached hereto. Capitalized terms used in Agreement but not defined herein are defined in Appendix I.
2. **GRANT OF LICENSE.** Subject to the other terms of this Agreement, Licensor hereby grants Licensee a non-exclusive license to install, maintain and operate the Approved Equipment at the Licensed Space. All Approved Equipment shall be and remain Licensee's personal property throughout the Term of this Agreement. Licensor shall maintain the communication facility located on the Tower Facility in good order and repair, wear and tear, damage by fire, the elements or other casualty excepted. In no event shall Licensee's license as granted herein include rights to use in any fashion the air space above the Approved Equipment, and Licensor reserves the right to install, construct and/or operate additional improvements or equipment of Licensor or others above Licensee's Approved Equipment, including Licensee's shelter (commonly referred to as "stacking"), provided that such additional improvements or equipment do not materially and adversely interfere with the access to and operation of the Approved Equipment, including Licensee's shelter. Licensee is not required to utilize a stackable shelter, provided that, if Licensee opts to install a shelter that is not stackable and if Licensor receives an offer to license the air space above the Licensee's non-stackable shelter by a proposed subsequent user, Licensor may, at its election, upon 30 days prior written notice require the Licensee to replace such non-stackable shelter with a stackable shelter of a comparable size, provided that the proposed subsequent user agrees in writing to be wholly responsible for the cost of the Licensee's shelter replacement. Subject to limitations contained in the Ground Lease, Licensor grants Licensee a right of access to the Tower Facility 24 hours per day, 7 days per week during the Term and a designated location for the installation of Licensee's utilities over, under or across the Tower Facility (collectively, "**Easement**"). Licensee shall be responsible for any and all damage or loss that results from the installation of any cables or utility wires by Licensee or any company or person retained by Licensee (including a public utility company), including, without limitation, any damage or loss that results from the accidental cutting of utility wires or cables of any other party operating at the Tower Facility. Licensor shall provide Licensee with one set of keys and/or codes to access the Tower Facility. Licensee shall be responsible for ensuring that Licensor has, at all times, a complete and accurate written list of all employees and agents of Licensee who have been provided the keys or access codes to the Tower Facility. Licensor shall have the right to continue to occupy the Tower Facility and to grant rights to others for the Tower Facility in its sole discretion. Licensee shall have no property rights or interest in the Tower Facility or the Easement by virtue of this Agreement. If Licensor's right to license space on the Tower Facility to Licensee is subject to a right of first refusal for the benefit of a third party and if such third party exercises its right of first refusal prior to the Commencement Date, Licensor may terminate this Agreement upon written notice to Licensee.
3. **EXHIBITS.** In the event of inconsistency or discrepancy between (a) Exhibit A and Exhibit B hereto, Exhibit A shall govern.
4. **USE.** Subject to the terms of the Ground Lease, Licensee shall be permitted the non-exclusive right to install, maintain, operate, service, modify and/or replace its Approved Equipment at the Licensed Space, which Approved Equipment shall be utilized for the transmission and reception of wireless voice and data communications signals (such transmission and reception to be solely within the Permitted Frequencies and, if applicable within the spectrum licensed to Licensee by the FCC). If as of the Effective Date, Licensee's wireless business consists of a one-way network which requires only that signals be transmitted from the Tower Facility, then notwithstanding the foregoing sentence, Licensee's use of Tower Facility under this Agreement shall be limited to the transmission of wireless voice and data communications signals. Licensee's permitted use with respect to the Licensed Space shall be limited solely to that enumerated in this section, and, except pursuant to separate agreement with Licensor, no person or entity other than Licensee shall have the right to install, maintain or operate its equipment or transmit or receive communications at, or otherwise use, the Licensed Space.
5. **LICENSE FEES; TAXES; ASSESSMENTS.**
 - (a) **Monthly License Fee.** The Monthly License Fee as adjusted by the Annual Escalator, shall be payable in advance on the first day of each calendar month during the Term beginning upon the Commencement Date. If the Commencement Date is not the first day of a calendar month, the Monthly License Fee for any partial month shall be prorated on a daily basis.

(b) **Utilities.**

All utility services installed on the Tower Facility for the use or benefit of Licensee shall be made at the sole cost and expense of Licensee and shall be separately metered from Licensor's utilities. Licensee shall be solely responsible for extending utilities to the Tower Facility as necessary for the operation of the Approved Equipment and for the payment of utility charges including connection charges and security deposits incurred by Licensee. Licensee shall obtain and pay the cost of telephone connections, the installation of which shall be in compliance with the procedures for installation and maintenance of Approved Equipment set forth herein.

- (c) **Taxes.** Licensee shall be responsible for the payment of any applicable taxes, fees or governmental assessments against any equipment, personal property and/or improvements owned, leased or operated by Licensee or directly associated with Licensee's use of the Licensed Space. Except as provided immediately hereinafter, Licensor shall pay all real property taxes Licensor is obligated to pay under the Ground Lease. Licensee shall reimburse Licensor for any increases in real property taxes which are assessed as a direct result of Licensee's improvements to or Approved Equipment located on the Tower Facility within 30 days of Licensor's request for such reimbursement. Upon Licensee's request, Licensor shall provide to Licensee copies of the documentation from the taxing authority, reasonably acceptable to Licensee, indicating the increase is due to Licensee's improvements or Approved Equipment.
- (d) **Federal Use Fees & Assessments.** Licensee agrees to pay or reimburse Licensor for any and all taxes, fees, or other costs and expenses assessed upon or paid by Licensor to the United States Forest Service or Bureau of Land Management attributable to Licensee's Approved Equipment, Licensee's use of or Licensee's presence at the Tower Facility.
- (e) **Payment Address.** All payments due under this Agreement shall be made to Licensor at Licensor's Remittance Address as more particularly shown on page 1 of this Agreement or such other address as Licensor may notify Licensee of in writing.
- (f) **No Set-Off.** All payments due under this Agreement shall be due without set-off, notice, counterclaim or demand from Licensor to Licensee.

6. TERM.

- (a) **Initial Term.** The Initial Term of this Agreement shall be as specified on page 1.
- (b) **Renewal Term.** The term of this Agreement may be extended for each of the Renewal Terms as specified on page 1 of this Agreement, provided that at the time of each such renewal, (i) the Ground Lease remains in effect and has not expired or been terminated, (ii) Licensee is not in default hereunder and no condition exists which if left uncured would with the passage of time or the giving of notice result in a default by Licensee hereunder and (iii) the original Licensee identified on page 1 of this Agreement has not assigned, sublicensed, subleased or otherwise transferred any of its rights hereunder except to, if at all, a Permitted Affiliate (as defined in section 19 herein). Provided that the foregoing conditions are satisfied, this Agreement shall automatically renew for each successive Renewal Term unless either Party notifies the other in writing of its intention not to renew this Agreement at least 180 days prior to the end of the then existing Term.
- (c) **Holdover Term.** If Licensee fails to remove the Approved Equipment at the expiration of the Term without a written agreement, such failure shall be deemed to extend the terms of this Agreement on a month-to-month basis under the same terms and conditions herein except that (i) a Monthly License Fee shall be due on or before the first day of every calendar month during such month-to-month term in an amount equal to 150% of the Monthly License Fee in effect for the last month of the Term ("**Holdover Fee**"), such Holdover Fee to escalate annually on the anniversary of the Commencement Date by an amount equal to 6% of the Holdover Fee in effect for the month immediately prior to the month in which escalation takes place, and (ii) the month-to-month extension shall be terminable upon 15 days' prior written notice from either Licensor or Licensee to the other; provided, however, nothing contained herein shall grant Licensee the unilateral right to extend the Term of this Agreement after the expiration of the Term. In addition to the Monthly License Fee payable to Licensor in the event of an extension under this subsection 6(c), Licensee agrees to indemnify and hold Licensor harmless from any Damages arising out of or in connection with the extension, the operation of the Approved Equipment at the Tower Facility and Licensee's failure to perform all of its obligations under this Agreement at the termination or earlier expiration of this Agreement.

- 7. **LIMITED COMMON EXPENSES.** Licensee and Licensor acknowledge that a portion of the License Fee is attributable to the following costs, as applicable: (i) all common expenses incurred for the operation, maintenance, repair and replacement of common facilities at the Tower Facility including, without limitation, fences, gates, access roads, and the Tower; (ii) all expenses incurred for the operation, maintenance, repair and replacement associated with any building or shelter in which Licensee licenses space from Licensor, including, without limitation, the physical structure of the building, HVAC system, and common utility expenses; and (iii) all expenses incurred for the operation, maintenance, repair and replacement associated with any generator, or other backup power source owned by the Licensor to which Licensee is connected, including, without limitation, fuel expenses (collectively, the "**Maintenance Expenses**"). Licensor may review the Maintenance Expenses annually, and, if, as the result of such review, Licensor determines, in its sole discretion, the aggregate Maintenance Expenses incurred at the Tower Facility by Licensor have increased by more than 10% over such Maintenance Expenses as of the License Commencement Date or as of the date of the last License Fee increase resulting from increased Maintenance Expenses, Licensor may, but is not required to, impose an

additional fee for Licensee's share of such an increase in the Maintenance Expenses in an amount equal to Licensee's pro rata share at the Tower Facility. Licensee's pro rata share shall be determined by dividing 1 by the number of users on the Tower Facility as of the date each such additional fee is assessed. If such a fee is imposed, Licensor shall adjust the License Fee to include such fee and shall notify Licensee in writing of such increase in the License Fee. Any such change in the License Fee resulting from an increase in the Maintenance Expenses will take effect with the next payment of the License Fee coming due after Licensee's receipt of such notice. Licensor's election not to conduct such a Maintenance Expenses review in any given year during the term of a Schedule shall not operate as a waiver of Licensor's right to conduct such a review and adjust the License Fee accordingly in any other such year. In addition to the foregoing, in the event that Licensee licenses space in a building or equipment shelter owned by Licensor, Licensee shall reimburse Licensor for its proportionate share of any common expenses, repairs or maintenance of such building or shelter (based upon the number of licensees utilizing such building or shelter during the subject period) that the Licensor bears with respect to the applicable building, including, without limitation, air conditioning, common utilities, and repair of the building structure and roof. All such payments shall be made by Licensee in addition to the payment of the License Fee and paid within 30 days after receipt of a statement setting forth the amount payable for third party costs incurred, which statement shall be accompanied by reasonably sufficient backup information, if applicable, so as to enable Licensee to verify the information contained in such statement.

8. SITE INSPECTION. Before the date of any modifications to or installation of additional Approved Equipment, Licensee shall pay Licensor the Site Inspection Fee as defined on page 1 of this Agreement. In the event that Licensor installs such modified or additional Approved Equipment, Licensor shall waive the Site Inspection Fee with respect to such installation. Licensee acknowledges that any Site Inspection performed by Licensor of Licensee's installation is for the sole purpose and benefit of the Licensor and its affiliates, and Licensee shall not infer from or rely on any inspection by Licensor as assuring Licensee's installation complies with any applicable federal, state or local laws, ordinances, rules and regulations, that the installation was performed in a good, workmanlike manner or that such installation will not cause impermissible or unlawful interference.

9. LABELING. Licensee shall identify the Approved Equipment (unless such cabinet is located in a building owned by Licensee) with labels permanently affixed thereto, indicating Licensee's name, contact phone number, and installation date. Licensee's coaxial cables shall be labeled at both the top and bottom of the Tower. If Licensee fails to so identify the Approved Equipment, Licensor may, in its sole discretion, declare Licensee to be in default of its obligations under this Agreement, terminate electric power to the Approved Equipment and remove the Approved Equipment from the Tower, or Licensor may label the Approved Equipment and assess against Licensee a fee of \$1,500.00 ("**Labeling Fee**"). The Labeling Fee shall increase annually on each anniversary of the Commencement Date by a percentage rate increase equal to the Annual Escalator, and shall become immediately due and payable upon receipt of invoice from the Licensor. Licensee's right to cure under section 21 of this Agreement shall not be applicable to Licensee's failure to properly label its Approved Equipment. If Licensor is unable to identify the Equipment as belonging to Licensee as a result of Licensee's failure to label the Approved Equipment, Licensor shall not be responsible to Licensee for any Damages incurred by Licensee arising from the interruption of Licensee's service caused by Licensor.

10. IMPROVEMENTS BY LICENSEE.

(a) **Installation and Approved Vendors.** Prior to the commencement of any construction or installation work (the "**Work**") on the Tower Facility, Licensee shall submit to Licensor for review and approval, which approval shall not be unreasonably withheld, detailed plans and specifications accurately describing all aspects of the proposed Work. Licensee shall provide notice to Licensor no less than 5 days prior to the date upon which Licensee intends to commence any construction or installation at the Tower Facility, together with a construction schedule, so Licensor has the opportunity to be present during any such installation or construction. Licensee shall not commence Work on the Tower Facility until Licensor issues to Licensee a NTP. Licensor shall issue a NTP only upon request from the Licensee and receipt of the following complete and accurate documentation: (1) evidence that any contingencies set forth in the approval of Licensee's Application have been satisfied; (2) evidence that Licensee has obtained all required governmental approvals including, but not limited to, zoning approvals, building permits, and any applicable environmental approvals including copies of the same; (3) a copy of the plans and specifications that have been approved by Licensor for the proposed equipment installation; (4) evidence that any contractors other than Licensor that will be performing work on the Tower Facility are on Licensor's approved vendor list, with valid and current worker's compensation and general liability insurance certificates on file with Licensor naming Licensor as an additional insured and which otherwise satisfy the insurance coverage requirements set forth in section 15(d) of this Agreement; and (5) a construction schedule. Notwithstanding anything to the contrary in this Agreement, Licensor reserves the right, in its sole discretion, to refuse to permit any person or company to climb the Tower.

(b) **Structural Analysis/Interference Analysis.** Prior to the commencement of any Work on the Tower Facility by or for the benefit of the Licensee, Licensor may, in its reasonable discretion, perform or cause to be performed a structural analysis or require a professional engineer's certified letter to determine the availability of capacity at the Tower Facility for the modification of any Approved Equipment and/or additional equipment at the Licensed Space

by Licensee. Licensee agrees to remit payment to Licensor for all reasonable costs and expenses incurred by Licensor for such structural analysis or professional engineer's certified letter ("**Structural Analysis Fee**") within 30 days following receipt of an invoice from Licensor. The foregoing payment shall be at Licensor's prevailing rates for the performance of same or the amount Licensor's vendor is then charging Licensor, as applicable. Prior to the commencement of any construction or installation on the Tower Facility by or for the benefit of the Licensee and/or the modification of the Licensee's Permitted Frequencies propagated from the Licensed Space, Licensor may elect to perform a shared site interference study ("**SSIS**") and Licensee shall pay Licensor a fee of \$1,600.00 per study ("**SSIS Fee**"), as adjusted annually on the anniversary of the Commencement Date by a percentage rate equal to the Annual Escalator. This fee shall be payable at the time of Licensee's Application or immediately upon a determination by Licensor that a SSIS is required. In the event a SSIS is performed after the execution of this Agreement by Licensor but prior to the installation of Licensee's Approved Equipment, and such SSIS indicates that the proposed installation of Licensee's Approved Equipment on the Tower is acceptable, such an indication in no way relieves the Licensee of its obligations under section 11 herein.

- (c) **Equipment; Relocation, Modification, Removal.** Licensor hereby grants Licensee reasonable access to the Licensed Space for the purpose of installing and maintaining the Approved Equipment and its appurtenances. Except as otherwise provided, Licensee shall be responsible for all site Work to be done on the Licensed Space or the Easement pursuant to this Agreement. Licensee shall provide all materials and shall pay for all labor for the construction, installation, operation, maintenance and repair of the Approved Equipment. Licensee shall not construct, install or operate any equipment or improvements on the Tower Facility other than those which are described on Exhibit A, alter the Permitted Frequencies, or alter the operation of the Approved Equipment. Licensee shall submit an Application, utilizing Licensor's then current form, to request the right to replace or modify its Approved Equipment, alter the Permitted Frequencies or increase the Ground Space, which Application shall be accompanied by a Relocation Application Fee. Licensor shall evaluate for approval the feasibility of Licensee's request, which approval shall be in Licensor's sole discretion. Licensee acknowledges that any such relocation or modification of the Approved Equipment may result in an increase in the Monthly License Fee. An amendment to this Agreement shall be prepared to reflect each addition or modification to Licensee's equipment to which Licensor has given its written consent and the resulting increase in the Monthly License Fee, if any. Licensee shall have the right to remove all Equipment at Licensee's sole expense on or before the expiration or earlier termination of the License provided Licensee repairs any damage to the Tower Facility or the Tower caused by such removal. Within 30 days of the expiration or termination of this Agreement for any reason, Licensee shall: (i) remove the Approved Equipment and any other property at the Tower Facility of Licensee from the Licensed Space at Licensee's sole risk, cost, and expense; (ii) deliver the Licensed Space in substantially the same and in as good a condition as received (ordinary wear and tear excepted); and (iii) repair any damage caused by the removal of the Approved Equipment within 10 days of the occurrence of such damage. If Licensee fails to timely pay the Holdover Fee and/or does not remove its Approved Equipment within 30 days after the expiration or termination of this Agreement, (i) the Approved Equipment shall be deemed conclusively and absolutely abandoned by Licensee and anyone claiming by, through, or under Licensee except for Hazardous Materials and waste and Approved Equipment containing Hazardous Materials and waste, which must be removed by Licensee from the Licensed Space and Easement prior to the expiration or earlier termination of this Agreement; and (ii) Licensor shall have the right to remove the Approved Equipment at Licensee's sole expense and dispose of such Approved Equipment in any manner Licensor so elects, and Licensee shall reimburse Licensor for its expenses upon demand without off-set.

11. RF INTERFERENCE/ USER PRIORITY.

- (a) **Definitions.** For purposes of this section 11, the following capitalized terms shall have the meanings set forth herein:
- (i) **Interference** includes any performance degradation, misinterpretation, or loss of information to a radio communications system caused by unwanted energy emissions, radiations, or inductions, but shall not include permissible interference as defined by the FCC, and in addition, with regard to Unlicensed Frequencies, congestion.
 - (ii) **Licensed Frequencies** are those certain channels or frequencies of the radio frequency spectrum that are licensed by the FCC in the geographic area where the Tower Facility is located.
 - (iii) A **Licensed User** is any user of the Tower Facility, including Licensee, which transmits and/or receives Licensed Frequencies at the Tower Facility, but only with respect to such Licensed Frequencies.
 - (iv) A **Priority User** is any Licensed User of the Tower Facility that holds a priority position in relationship to Licensee for protection from Interference, as determined in this section 11, which status is subject to change as set forth herein.

- (v) A **Subsequent User** is any user of the Tower Facility that holds a subordinate position in relationship to Licensee for protection from Interference, as determined in this section 11, which status is subject to change as set forth herein.
 - (vi) **Unlicensed Frequencies** are those certain channels or frequencies of the radio frequency spectrum that are not licensed by the FCC and are available for use by the general public in the geographic area where the Tower Facility is located.
 - (vii) An **Unlicensed User** is any user of the Tower Facility, including Licensee, which transmits and/or receives Unlicensed Frequencies at the Tower Facility, but only with respect to such Unlicensed Frequencies.
- (b) **Information.** Licensee shall cooperate with Licensor and with other lessees, licensees or occupants of the Tower Facility for purposes of avoiding Interference and/or investigating claims of Interference. Upon request, Licensee, within 10 days of Licensor's request, shall provide Licensor with a list of Licensee's transmit and receive frequencies and Approved Equipment specifications necessary to resolve or investigate claims of Interference.
- (c) **Unlicensed Frequencies.** Notwithstanding any other provision contained herein, as among Licensor, Licensee and other users of the Tower or Tower Facility, (i) an Unlicensed User shall have no priority with respect to any other FCC Unlicensed Users with respect to Interference; and (ii) an Unlicensed User's rights and obligations with respect to such Interference shall be determined and governed by FCC Rules and Regulations and any other Applicable Law. Licensor expressly disclaims any and all warranties and accepts no responsibility for management, mediation, mitigation or resolution of Interference among FCC Unlicensed Users operating at the Tower Facility and shall have no liability therefor.
- (d) **Licensed Frequencies.** Subject to FCC Rules and Regulations and other Applicable Law, the Parties acknowledge and agree that the accepted industry standard for priority protection from Interference between multiple Licensed Users has been based on the priority of occupancy of each user to another user of the Tower or Tower Facility, which priority within Licensor has been based on submittal of its collocation Application by any user, including Licensee. Should Application of FCC Rules and Regulations and other Applicable Law not resolve any claims of Interference consistent with subsections 11(e), 11(f) and 11(g) below, as among Licensor, Licensee and other users of the Tower Facility, (i) each Licensed User's priority shall be maintained so long as the Licensed User does not change the equipment and/or frequency that it is entitled to use at the Tower Facility at the time of its initial occupancy (Licensee's occupancy for the purpose of this subsection 11(d) expressly extends back to the date Licensee first used or occupied this Tower Facility which date precedes the Effective Date hereof); and (ii) Licensee acknowledges and agrees that if Licensee replaces its Approved Equipment or alters the radio frequency of the Approved Equipment to a frequency range other than as described on page 1 of this Agreement, Licensee will lose its priority position for protection from Interference with regard to Approved Equipment operating at the new frequency in its relationship to other Licensed Users which are in place as of the date Licensee replaces its Approved Equipment or alters its radio frequency, consistent with this section 11.
- (e) **Correction.**
- (i) Licensee. Licensee agrees not to cause Interference with the operations of any other user of the Tower or Tower Facility and to comply with all other terms and provisions of this section 11 imposed upon Licensee. If Licensor determines, in its reasonable discretion based on standard and accepted engineering practices, that Licensee's Approved Equipment is causing Interference to the installations of Licensor or a Priority User, Licensee shall, within 48 hours of notification from Licensor, commence such actions as are necessary to mitigate or eliminate the Interference, with the exception of ceasing Licensee's operations. If Licensee cannot mitigate or eliminate such Interference within the 48 hour period, Licensor may file a complaint with the FCC (currently the FCC's Enforcement Bureau, Spectrum Enforcement Division) or if such other user of the Tower Facility which is subject to Interference from the Licensee's Approved Equipment is a Priority User, then upon the request of such Priority User consistent with Licensor's contractual obligations owed to the Priority User, Licensor may require that Licensee turn off or power down its interfering Approved Equipment and only power up or use such Approved Equipment during off-peak hours specified by Licensor in order to test whether such Interference continues or has been satisfactorily eliminated. If Licensee is unable to resolve or eliminate, to the satisfaction of Licensor, such Interference within 30 days from Licensee's initial notification thereof, Licensee will immediately remove or cease operations of the interfering Approved Equipment.
 - (ii) Licensor. Upon the request of Licensee, Licensor hereby covenants to take commercially reasonable efforts to prohibit a Subsequent User from causing Interference with the operations of Licensee to the extent Licensee is a Priority User pursuant this section 11. If Licensor determines, in its reasonable discretion based on standard and accepted engineering practices, that a Subsequent User's equipment is causing Interference to the installations of Licensee, upon Licensee's request, Licensor shall, within 48 hours of request, commence such actions as are necessary to mitigate or eliminate the Interference, with the exception of ceasing Subsequent User's operations.

(iii) Government Users. Notwithstanding the foregoing, if another user of the Tower or Tower Facility is a governmental entity, Licensor shall give such governmental entity written notice of the Interference within 5 Business Days of Licensor's determination that such action is reasonably necessary. Licensor shall have the right to give the governmental entity 5 Business Days, or more as specified in the governmental site or occupancy agreement or as required by Applicable Law, from the receipt of such notice prior to Licensor being required to take any actions required by this subsection 11 (e) to cure such Interference.

- (f) **FCC Requirements Regarding Interference**. Nothing herein shall prejudice, limit or impair Licensee's rights under Applicable Law, including, but not limited to, FCC Rules and Regulations to redress any Interference independently of the terms of this section 11. Notwithstanding anything herein to the contrary, the provisions set forth in this section 11 shall be interpreted in a manner so as not to be inconsistent with Applicable Law, including, but not limited to, FCC Rules and Regulations and nothing herein relieves Licensee from complying with all Applicable Laws governing the propagation of radio frequencies and/or radio frequency interference. The Parties acknowledge that currently FCC Rules and Regulations govern the obligations of wireless telecommunication service providers with respect to the operation of equipment and use of frequencies. Consequently, the provisions set forth in this section 11 are expressly subject to CFR, Title 47, including but not limited to Part 15, et seq, governing Radio Frequency Devices; Part 20, et seq, governing commercial mobile radio services; Part 24, et seq, governing personal communications services; and Part 90, et seq, governing private land mobile radio services. In addition, in accordance with good engineering practice and standard industry protocols, licensees employ a wide range of techniques and practices, including those involving the use of proper types of equipment as well those related to the adjustment of operating parameters, in a mutually cooperative effort to identify and mitigate sources of Interference. The obligation of Part 20 licensees, including, but not limited to, private paging, specialized mobile radio services, cellular radiotelephone service and personal communications services, to avoid Interference is set forth in 47 CFR Part 90, Subpart N – Operating Requirements, §90.403(e). Claims of Interference are ultimately cognizable before the FCC's Enforcement Bureau, Spectrum Enforcement Division. Licensee shall observe good engineering practice and standard industry protocols, applying such commercially reasonable techniques as constitute best practices among licensees, in the deployment of their frequencies and the operation of the Approved Equipment. If Licensee deploys its frequencies or operates the Approved Equipment in a manner which prevents any other user of the Tower or Tower Facility from decoding signal imbedded in their licensed frequencies such that the Spectrum Enforcement Division makes a determination that the Licensee is the cause of the Interference and Licensee fails or refuses to mitigate or eliminate the Interference within the time and manner proscribed by the Spectrum Enforcement Division, Licensee shall be default of this Agreement and the remedies set forth in section 22 shall apply.
- (g) **Public Safety Interference**. As of the Commencement Date, Licensor and Licensee are aware of the publication of FCC Final Rule, Private Land Mobile Services; 800 MHz Public Safety Interference Proceeding, *Federal Register*: November 22, 2004 (Volume 69, Number 224), Rules and Regulations, Page 67823-67853 ("**Final Rule**"). Claims of Interference made by or against users which are public safety entities shall be in compliance with the Final Rule as and when effective, or otherwise in accordance with FCC Rules and Regulations.
- (h) **AM Detuning**. The parties acknowledge that the FCC Rules and Regulations govern the obligations of Licensee with respect to the operation of the Approved Equipment. Consequently, the provisions set forth in this Agreement are expressly subject to the FCC Rules and Regulations, including, but not limited to 47 C.F.R. §§ 27.63, 22.371 and 73.1692. Licensee agrees, at Licensee's sole cost, to comply with the foregoing as well as any and all other FCC rules, regulations and public guidance relating to AM detuning as such provisions currently exist or are hereafter modified. Licensee shall be fully responsible for any pre and/or post installation testing for AM interference at the Tower Facility and for the installation of any new detuning apparatus or the adjustment of any existing detuning apparatus that may be necessary to prevent adverse effects on the radiation pattern of any AM station caused by the modification of or additions to the Approved Equipment. Licensee shall provide Licensor with written proof of such compliance. In the event that Licensee determines that pre or post-installation testing for AM interference is not required at the Tower Facility, such a determination shall be at Licensee's sole risk. If Licensee or Licensor receives a complaint of interference from an AM broadcast station after a Tower is modified to accommodate Licensee, Licensee shall eliminate such interference within 30 calendar days of the receipt of such complaint. Licensee's failure to eliminate such interference within such 30 day period shall constitute a default under this Agreement and Licensor shall have the right to eliminate such interference at Licensee's expense. Licensee further agrees to indemnify Licensor in the event that Licensee's failure to comply with the FCC Rules and Regulations prior to installation/modification of the Approved Equipment results in any administrative investigation, proceeding or adjudication with respect to Licensor.

12. SITE RULES AND REGULATIONS. Licensee agrees to comply with the reasonable rules and regulations established from time to time at the Tower Facility by Licensor, which may be modified by Licensor from time to time upon receipt by Licensee of such revised rules and regulations. Such rules and regulations will not unreasonably interfere with Licensee's use of the Licensed Space under this Agreement.

13. CASUALTY; CONDEMNATION.

- (a) **Casualty.** In the event the Tower or other portions of the Tower Facility are destroyed or so damaged so as to materially interfere with Licensee's use and occupancy thereof, Licensor or Licensee shall be entitled to elect to cancel and terminate this Agreement on the date of destruction of that portion of the Tower Facility and any unearned Monthly License Fee paid in advance of such date shall be refunded by Licensor to Licensee within thirty (30) days of the termination date of this Agreement. Notwithstanding the foregoing, Licensor may elect to restore the Tower Facility, in which case Licensee and Licensor shall remain bound hereby but Licensee shall be entitled to an abatement of the Monthly License Fee during the loss of use. If Licensor elects to restore the Tower Facility the decision to restore must be made, and Licensee notified of the decision, within 30 days from the date of destruction. The restoration of the Tower Facility must be sufficiently completed to allow Licensee to utilize the Tower Facility for its designated purposes within 180 days from the date of destruction. If the Tower Facility is not so restored within such 180 day time period, then Licensee's sole remedy shall be to terminate this Agreement upon written notice to Licensor.
- (b) **Condemnation.** If the whole or a substantial part of the Tower Facility shall be taken by any public authority under the power of eminent domain or in deed or conveyance in lieu of condemnation so as to materially interfere with Licensee's use thereof and benefits therefrom, then Licensor or Licensee shall have the right to terminate this Agreement. Any unearned Monthly License Fee paid in advance of such termination shall be refunded by Licensor to Licensee within 30 days following the termination of this Agreement. Notwithstanding the foregoing, Licensor may elect to rebuild the Tower on an alternate location or property owned, leased or managed by Licensor, in which case Licensee and Licensor shall remain bound hereby but Licensee shall be entitled to an abatement of Monthly License Fee during the loss of use. Upon such relocation of the Tower, the Tower Facility shall be modified to include the new Tower and the property on which the new Tower is located and this Agreement shall be amended accordingly to clarify the rights of Licensor and Licensee with respect to the new Tower Facility. Licensee agrees not to make a claim to the condemning authority for any condemnation award to the extent such claim shall diminish or affect the award made to Licensor with regard to such condemnation.

14. COMPLIANCE WITH LAWS. Licensor shall be responsible for compliance with any marking and lighting requirements of the FAA and the FCC applicable to the Tower Facility, provided that if the requirement for compliance results from the presence of the Approved Equipment on the Tower, Licensee shall pay the costs and expenses therefor (including any lighting automated alarm system so required). Licensee has the responsibility of carrying out the terms of Licensee's FCC license with respect to tower light observation and notification to the FAA if those requirements imposed on Licensee are in excess of those required of Licensor. Notwithstanding anything to the contrary in this Agreement, Licensee shall at all times comply with all Applicable Laws and ordinances and all rules and regulations of municipal, state and federal governmental authorities relating to the installation, maintenance, location, use, operation, and removal of the Approved Equipment and other alterations or improvements authorized pursuant to the provisions of this Agreement.

15. INDEMNIFICATION; INSURANCE.

- (a) **Mutual Indemnity.** Subject to the mutual waiver of subrogation set forth in section 27, Licensee and Licensor each indemnifies the other against and holds the other harmless from any and all costs, demands, Damages, suits, expenses, or causes of action (including reasonable attorneys fees and court costs) which arise out of the use and/or occupancy of the Licensed Space by the indemnifying party. This indemnity does not apply to any Claims arising from the gross negligence or intentional misconduct of the Indemnified Party. The indemnities contained herein expressly extend back to the date Licensee first used or occupied this Tower Facility which date precedes the Effective Date hereof.
- (b) **Limits on Indemnification.** Neither party shall be responsible or liable to any of the foregoing Indemnified Parties for any Damages arising from any claim to the extent attributable to any acts or omissions of other licensees or users occupying the Tower Facility or for any structural or power failures or destruction or damage to the Tower Facility except to the extent caused by the sole, joint, or concurrent gross negligence or willful misconduct of such party. . The limitations on indemnification contained herein expressly extend back to the date Licensee first used or occupied this Tower Facility which date precedes the Effective Date hereof.
- (c) **Survival.** The provisions of this section 15 shall survive the expiration or earlier termination of this Agreement with respect to any events occurring on or before expiration or termination of same whether or not Claims relating thereto are asserted before or after such expiration or termination.

- (d) **Insurance.** Licensor and Licensee shall keep in full force and effect, during the Term of this Agreement, insurance coverage in accordance with Appendix II attached hereto.
- 16. LIMITATION OF PARTIES' LIABILITY.** NEITHER LICENSOR NOR LICENSEE SHALL BE RESPONSIBLE FOR, AND HEREBY WAIVES ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES INCURRED RESULTING FROM (i) LICENSEE'S USE OR LICENSEE'S INABILITY TO USE THE TOWER FACILITY, OR (ii) DAMAGE TO THE OTHER'S EQUIPMENT. If Licensor shall fail to perform or observe any term, condition, covenant or obligation required to be performed or observed by it under this Agreement or is charged with an indemnity obligation hereunder, and if Licensee shall, as a consequence thereof, recover a money judgment against Licensor (whether compensatory or punitive in nature), Licensee agrees that it shall look solely to Licensor's right, title and interest in and to the Tower Facility and the Tower for the collection of such judgment, and Licensee further agrees that no other assets of Licensor shall be subject to levy, execution or other process for the satisfaction of Licensee's judgment, and that Licensor shall not be personally liable for any deficiency.
- 17. DISCLAIMER OF WARRANTY.** LICENSOR HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ASSOCIATED WITH THE TOWER FACILITY OR THE TOWER. LICENSEE HEREBY ACCEPTS THE TOWER FACILITY "AS IS, WHERE IS, WITH ALL FAULTS."
- 18. NOTICES.** All notices, demands, approvals, requests and other communications shall be in writing to such party at the address listed in the introductory paragraph of this Agreement (and in each case, in the event of notice to Licensor, with a copy of such notice to American Towers, Inc., 116 Huntington Avenue, Boston, MA 02116, Attention: General Counsel) or at such other address as such party shall designate by notice to the other party hereto in accordance with this section 18 (the "Notice Address") and may be personally delivered; mailed, via United States certified mail, return receipt requested; or transmitted by overnight courier for next Business Day delivery, and, if not delivered personally, shall be deemed to be duly given or made 2 Business Days after deposit with the applicable carrier or courier. Notices will be deemed to have been given upon either receipt or rejection. Notwithstanding the foregoing, (i) any notice that is given by a party may be given by the attorneys for that party and shall be deemed effective for all purposes herein, and (iii) only notices, letters, documents, or instruments threatening to declare or declaring such addressee or recipient in default under this Agreement shall be required to be sent to the attorneys representing such addressee or recipient, if the name and address of such attorney is provided for herein.
- 19. ASSIGNMENT; SUBLEASING.** Licensee may not assign this Agreement as a whole, or any portion of Licensee's rights, title and interests hereunder without Licensor's prior written consent; *provided, however*, that Licensor's consent will not be required for an assignment to (i) any person or entity which is directly or indirectly (through one or more subsidiaries) controlled by, controlling or under common control with Licensee, (ii) is the successor or surviving entity by a merger or consolidation of such entity pursuant to Applicable Law, or (iii) purchases substantially all the assets of Licensee (collectively, "Permitted Affiliate"). For the purpose of this section 19, "control" means ownership, directly or indirectly, of 50% or more of the voting stock, equity or beneficial interest or a general partner of any partnership, and the ability to effectively control or direct the business of Licensee. In no event may Licensee sublet, sublease, or permit any other similar use of the Tower Facility or Licensed Space by any other party. Any permitted assignee shall expressly assume, and become bound by, all of Licensee's obligations under this Agreement. Licensor may freely assign, transfer, or sublease this Agreement and, in such event, Licensor shall be relieved of all of its obligations under this Agreement from and after the date of such assignment, transfer, or sublease. Licensee shall pay Licensor a fee of \$500.00 (which fee shall increase annually on each anniversary of the Commencement Date by a percentage rate increase equal to the Annual Escalator) in each instance in which Licensee requests Licensor to consent to an assignment of this Agreement or in which Licensee seeks an estoppel certificate, nondisturbance agreement, subordination agreement or other similar agreement to defray the administrative cost incurred by Licensor to process such requests, prepare and process any necessary documentation, and modify its database and other information systems to reflect any such agreement. Such fee is due upon submission of Licensor's request and is hereby deemed fully earned by Licensor upon receipt. Notwithstanding anything to the contrary, Licensor may condition its consent to any assignment, on among other things, (i) requiring that the assignee execute a new form of license agreement so long as the Monthly License Fee and Initial and Renewal Terms of such agreement are consistent with those set forth in this Agreement, and (ii) requiring the assignee to demonstrate that it maintains at the time of such assignment, as evidenced by current financial statements provided to Licensor, a financial position reasonably demonstrating the ability of such assignee to meet and perform the obligations of Licensee hereunder through the unexpired balance of the then current Initial Term or Renewal Term. Any purported assignment by Licensee in violation of the terms of this Agreement shall be void. This Agreement shall be binding upon the successors and permitted assigns of both Parties.
- 20. SUBORDINATION TO GROUND LEASE.** The Parties acknowledge and agree that in the event Licensor's rights in the Licensed Space and/or any part of the Tower Facility is derived in whole or part pursuant to an underlying lease, sublease, permit, easement or other right of use agreement (a "Ground Lease"), all terms, conditions and covenants contained in this Agreement shall be specifically subject to and subordinate to the terms and conditions of an applicable Ground Lease. In the event that any of the provisions of the Ground Lease are in conflict with any of the provisions of this Agreement (other than those provisions relating to the length of term, termination rights or financial consideration),

the terms of the Ground Lease shall control. Further, Licensee agrees to comply with the terms of such Ground Lease as applicable to the access and occupancy of the Licensed Space. Notwithstanding anything contained in this Agreement to the contrary, if the Ground Lease expires or is terminated for any reason, this Agreement shall terminate on the effective date of such termination and Licensor shall have no liability to Licensee as a result of the termination of this Agreement. Licensor is under no obligation to extend the term of or renew the Ground Lease. Licensor shall give Licensee written notice of such termination or expiration of this Agreement as a result of the termination or expiration of the Ground Lease as soon as practicable. Unless prohibited by the terms of such Ground Lease, upon Licensee's written request, Licensor shall provide a copy of any applicable Ground Lease with the economic terms and other terms that Licensor deems reasonably confidential redacted.

21. **DEFAULT.** The occurrence of any of the following instances shall be considered to be a default or a breach of this Agreement by Licensee: (i) any failure of Licensee to pay the Monthly License Fee, or any other charge for which Licensee has the responsibility of payment under this Agreement, within 10 days of the date following written notice to Licensee from Licensor, or its designee, of such delinquency, it being understood, however, that Licensor is obligated to provide such notice only two times in each calendar year, and the third instance of the failure to pay the Monthly License Fee or any other charge shall be an immediate default without notice to Licensee if not paid within 10 Business Days of the date when due; (ii) any failure of Licensee to perform or observe any term, covenant, provision or condition of this Agreement which failure is not corrected or cured by Licensee within 30 days of receipt by Licensee of written notice from Licensor, or its designee, of the existence of such a default; except such 30 day cure period shall be extended as reasonably necessary to permit Licensee to complete a cure so long as Licensee commences the cure within such 30 day cure period and thereafter continuously and diligently pursues and completes such cure; (iii) failure of Licensee to abide by the interference provisions as set forth in section 11; (iv) Licensee shall become bankrupt, insolvent or file a voluntary petition in bankruptcy, have an involuntary petition in bankruptcy filed against Licensee which cannot be or is not dismissed by Licensee within 60 days of the date of the filing of the involuntary petition, file for reorganization or arrange for the appointment of a receiver or trustee in bankruptcy or reorganization of all or a substantial portion of Licensee's assets, or Licensee makes an assignment for such purposes for the benefit of creditors; (v) this Agreement or Licensee's interest herein or Licensee's interest in the Tower Facility are executed upon or attached; (vi) Licensee commits or fails to perform an act which results in a default under or nonconformance with the Ground Lease by Licensor and the same shall not be cured within 5 Business Days (or such shorter time as permitted under the Ground Lease to cure) of the date following written notice to Licensee from Licensor, or its designee, of such default; or (vii) the imposition of any lien on the Approved Equipment except as may be expressly authorized by this License, or an attempt by Licensee or anyone claiming through Licensee to encumber Licensor's interest in the Tower Facility, and the same shall not be dismissed or otherwise removed within 10 Business Days of written notice from Licensor to Licensee.
22. **REMEDIES.** In the event of a default or a breach of this Agreement by Licensee and after the Licensee's failure to cure the same within the time allowed Licensee to cure such default, if applicable, then Licensor may, in addition to all other rights or remedies Licensor may have hereunder at law or in equity, (i) terminate this Agreement by giving written notice to the Licensee, stating the date upon which such termination shall be effective, accelerating and declaring to be immediately due and payable the then present value of all Monthly License Fees and other charges or fees which would have otherwise been due Licensor absent a breach of the Agreement by Licensee, discounted by an annual percentage rate equal to 5%, (ii) terminate electrical power to the Approved Equipment, and/or (iii) remove the Approved Equipment without being deemed liable for trespass or conversion and store the same at Licensee's sole cost and expense for a period of 30 days after which the Approved Equipment, other than Hazardous Materials, will be deemed conclusively abandoned if not claimed by Licensee. Licensee shall pay all reasonable attorney's fees, court costs, removal and storage fees (including any damage caused thereby), and other items of cost reasonably incurred by Licensor in recovering the Monthly License Fee or other fee or charge. Licensee shall not be permitted to claim the Approved Equipment until Licensor has been reimbursed for removal and storage fees. No endorsement or statement on any check or letter accompanying a check for payment of any monies due and payable under the terms of this Agreement shall be deemed an accord and satisfaction, and Licensor may accept such check or payment without prejudice to its right to recover the balance of such monies or to pursue any other remedy provided by law or in this Agreement. Licensor shall accept any such partial payment for the account of Licensee. Past due amounts under this Agreement will bear interest from the date upon which the past due amount was due until the date paid at a rate equal to 18% per annum, or at a lower rate if required by law in the state in which this Agreement is to be performed. In addition, Licensee shall be assessed a late payment fee equal to 25% of the then-current Monthly License Fee for any payment or reimbursement due to Licensor under this Agreement which is overdue by ten (10) days or more and such fee shall be assessed for each 30 day period thereafter that any such amount (or portion thereof) remains unpaid.
23. **GOVERNMENTAL APPROVALS; PERMITS.** In the event that any governmental permit, approval or authorization required for Licensor's use of, operation of, or right to license space to Licensee at the Tower Facility is terminated or withdrawn by any governmental authority or third party as part of any governmental, regulatory, or legal proceeding, Licensor may terminate this Agreement. Licensee hereby agrees that in the event of a governmental or legal order requiring the removal of the Approved Equipment from the Tower, the modification of the Tower, or the removal of the Tower, Licensee shall remove the Approved Equipment promptly, but in no event later than the date required by such order, at Licensee's sole cost and expense. Licensor shall cooperate with Licensee in Licensee's efforts to obtain any

permits or other approvals that may be necessary for Licensee's installation and operation of the Approved Equipment, provided that Licensor shall not be required to expend any funds or undertake any liability or obligation in connection with such cooperation. Licensor may elect to obtain such required approvals or permits on Licensee's behalf, at Licensee's sole cost and expense. In no event may Licensee encourage, suggest, participate in or permit the imposition of any restrictions or additional obligations whatsoever on the Tower Facility or Licensor's current or future use or ability to license space at the Tower Facility as part of or in exchange for obtaining any such approval or permit. In the event that Licensee's shelter or cabinets are installed above a third-party or Licensor-owned shelter or building, Licensee shall be solely responsible for obtaining any required approvals, or permits in connection with such shelter or cabinet installation, excepting the consent of other users at the Tower Facility and/or the Ground Landlord which shall remain the sole responsibility of Licensor where required.

24. REPLACEMENT OF TOWER/RELOCATION OF APPROVED EQUIPMENT.

- (a) **Replacement of Tower.** Licensor may, at its election, replace or rebuild the Tower or a portion thereof. Such replacement will (i) be at Licensor's sole cost and (ii) not result in an interruption of Licensee's communications services beyond that which is necessary to replace the new Tower. Licensee may establish a temporary facility on the Tower Facility to provide such services as Licensee deems necessary during any such construction by Licensor so long as adequate space is then available. The location of such temporary facilities shall be subject to Licensor's approval. At the request of either Party, Licensor and Licensee shall enter into an amendment to this Agreement to clarify the rights of Licensor and Licensee to the new Tower Facility.
- (b) **Relocation of Approved Equipment.** In the event another Paying Carrier (as hereinafter defined) desires to occupy the space on the Tower (which includes any necessary vertical separation as determined by Licensor) where Licensee's Approved Equipment is then located (the "**Trigger Condition**"), Licensor reserves the right to require Licensee to decide whether to (i) terminate this Agreement, (ii) relocate Licensee's Approved Equipment located at the Tower Facility, at Licensee's sole cost and expense, to another antenna mount height on the Tower, or (iii) increase the Monthly License Fee to that which would initially be paid by the Paying Carrier ("**Paying Carrier Rate**"), all in accordance with the terms and provisions provided of this section 24(b). Upon the Trigger Condition occurring, Licensor may notify Licensee in writing ("**Relocation Notice**") that the Trigger Condition has occurred and if other spaces or antenna mount heights are available to accommodate Licensee's Approved Equipment on the Tower (without the requirement of any improvements to the Tower by Licensor), indicate which other spaces or antenna mount heights are so available and, also, indicate the Paying Carrier Rate. Within 10 Business Days of Licensee's receipt of the Relocation Notice, Licensee will be required to inform Licensor in writing of its election either to (A) increase the Monthly License Fee to the Paying Carrier Rate (which would thereafter be subject to escalation of the Monthly License Fee generally as otherwise provided in this Agreement) and continue to occupy the same space or antenna mount height on the Tower; (B) provided other spaces or antenna mount height are available on the Tower, relocate Licensee's Approved Equipment to one of the other such spaces or antenna mount height as specified in the Relocation Notice; or (C) remove Licensee's Approved Equipment from Tower and terminate this Agreement. If Licensee elects option (A), then such election shall be effective and the Monthly License Fee shall increase effective upon the eleventh Business Day after Licensee's receipt of the Relocation Notice without further act or deed. If Licensee elects option (B), if such option is available, and notifies Licensor that it elects to relocate its Approved Equipment to a particular antenna mount height or space specified in the Relocation Notice, Licensee shall have 45 days of Licensee's receipt of the Relocation Notice to relocate its Approved Equipment on the Tower to such elected space or antenna mount height at Licensee's sole cost and expense, such relocation to be subject to all terms and conditions of this Agreement otherwise imposed. If Licensee elects or is deemed to elect option (C), Licensee will remove its Approved Equipment from the Tower Facility within 45 days of Licensee's receipt of the Relocation Notice, such removal to be subject to all terms and conditions of this Agreement otherwise imposed. If Licensor fails to receive notice from Licensee within such 10 Business Day period as to whether Licensee elects option (A), (B) or (C), then Licensee shall be deemed conclusively to have elected option (C). If Licensee elects option (B) or elects or is deemed to elect option (C), if Licensee fails to relocate or remove the Approved Equipment within such time period as required above, TIME BEING OF THE ESSENCE, then the Approved Equipment shall be deemed conclusively and absolutely abandoned by Licensee and anyone claiming by, through, or under Licensee except for Hazardous Materials and waste and equipment containing Hazardous Materials and waste, which shall be removed by Licensee from the Tower Facility immediately; and Licensor shall have the right to remove the Approved Equipment at Licensee's sole expense and dispose of such Approved Equipment in any manner Licensor so elects, and Licensee shall reimburse Licensor for its expenses upon demand without off-set. For purposes of this section, a "**Paying Carrier**" is a paying carrier or potential licensee of Licensor which, through a written Application or offer, offers to monetarily compensate Licensor for the right to occupy the space on the Tower currently occupied by Licensee's Approved Equipment.

25. **EMMISSIONS.** If antenna power output ("**RF Emissions**") is presently or hereafter becomes subject to any restrictions imposed by the FCC or other governmental agency for RF Emissions standards on Maximum Permissible Exposure ("**MPE**") limits, or if the Tower Facility otherwise becomes subject to federal, state or local rules, regulations, restrictions or ordinances, Licensee shall comply with Licensor's reasonable requests for modifications to the Approved Equipment

which are reasonably necessary for Licensor to comply with such limits, rules, regulations, restrictions or ordinances and Licensor shall use commercially reasonable efforts to cause all other licensees of the Tower Facility to promptly comply. If Licensor requires an engineering evaluation or other power density study be performed to evaluate RF Emissions compliance with MPE limits, then all reasonable costs of such an evaluation or study shall be paid proportionately by Licensee and all other licensees of the Tower within 30 days of Licensor's request therefor. If said study or a study sponsored by any governmental agency indicates that RF Emissions at the Tower Facility do not comply with MPE limits, then Licensee and Licensor, each for itself, shall immediately take any and all steps necessary to ensure that it is individually in compliance with such limits, up to and including cessation of operation, until a maintenance program or other mitigating measures can be implemented to comply with MPE and in addition, Licensor shall use commercially reasonable efforts to cause all other licensees of the Tower to take similar steps necessary to ensure that they are individually in compliance with such limits.

26. **ENVIRONMENTAL.** Licensee covenants that it will not use, store, dispose, or release any Hazardous Substances on the Property in violation of Applicable Law. Licensee agrees to indemnify and save harmless Licensor against any and all Claims, liabilities, causes of action, Damages, orders, judgments, and clean-up costs arising from Licensee's breach of any the covenants contained in this section 26. The obligations of Licensee to indemnify Licensor pursuant to this section 26 shall survive the termination or expiration of this Agreement. The indemnities contained herein expressly extend back to the date Licensee first used or occupied this Tower Facility which date precedes the Effective Date hereof.
27. **SUBROGATION.**
- (a) **Waiver.** Licensor and Licensee waive all rights against each other and any of their respective consultants and contractors, agents and employees, for Damages caused by perils to the extent covered by the proceeds of the insurance provided herein, except such rights as they may have to the insurance proceeds. All insurance policies required under this Agreement shall contain a waiver of subrogation provision under the terms of which the insurance carrier of a Party waives all of such carrier's rights to proceed against the other Party. Licensee's insurance policies shall provide such waivers of subrogation by endorsement. The Licensee shall require by appropriate agreements, written where legally required for validity, similar waivers from its contractors and subcontractors. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.
- (b) **Mutual Release.** Notwithstanding anything in this Agreement to the contrary, Licensor and Licensee each release the other and its respective affiliates, employees and representatives from any Claims by them or any one claiming through or under them by way of subrogation or otherwise for damage to any person or to the Tower Facility and to the fixtures, personal property, improvements and alterations in or on the Tower Facility that are caused by or result from risks insured against under any insurance policy carried by each and required by this Agreement, provided that such releases shall be effective only if and to the extent that the same do not diminish or adversely affect the coverage under such insurance policies and only to the extent of the proceeds received from such policy.
28. **GOVERNING LAW.** This Agreement shall be governed by the laws of the state in which the Tower Facility is located, with the exception of its choice of laws provisions. If any provision of this Agreement is found invalid or unenforceable under judicial decree or decision, the remaining provisions of this Agreement shall remain in full force and effect. Any approval, consent, decision, or election to be made or given by a Party may be made or given in such Party's sole judgment and discretion, unless a different standard (such as reasonableness or good faith) is provided for explicitly.
29. **FINANCING AGREEMENT.** Licensee may, upon written notice to Licensor, mortgage or grant a security interest in the Approved Equipment to any such mortgagees or holders of security interests including their successors and assigns. No such security interest shall extend to, affect or encumber in any way the interests or property of Licensor.

In the event that this Agreement is executed by Licensor, its Affiliates or any trade name utilized by the Licensor or its Affiliates and such signatory does not hold the real Tower Facility or leasehold interest in the affected Tower Facility, the execution of this Agreement shall be deemed to have been properly executed by the Licensor or Licensor's Affiliate which properly holds such interest in the affected Tower Facility. Either Licensor or Licensee may be referred to herein as a "**Party**" and both Licensor and Licensee together may be referred to herein as the "**Parties**". Upon the termination or expiration of this Agreement, Licensee shall immediately upon the request of Licensor deliver a release of any instruments of record evidencing such Agreement. Notwithstanding the expiration or earlier termination of the Agreement, sections 15, 16, 17, and 26 shall survive the expiration or earlier termination of the Agreement. No waiver of any of the provisions of this Agreement shall constitute a waiver of any other provision herein (whether or not similar), nor shall such waiver constitute a continuing waiver unless expressly agreed to in writing by the

affected Party. This Agreement constitutes the entire agreement of the Parties hereto concerning the subject matter herein and shall supersede all prior offers, negotiations and agreements, whether written or oral. No revision of the Agreement shall be valid unless made in writing and signed by authorized representatives of both Parties. This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which together shall constitute but one instrument. The Parties agree that a scanned or electronically reproduced copy or image of this Agreement shall be deemed an original and may be introduced or submitted in any action or proceeding as a competent evidence of the execution, terms and existence of this Agreement notwithstanding the failure or inability to produce or tender an original, executed counterpart of this Agreement and without the requirement that the unavailability of such original, executed counterpart of this first be proven. Licensor hereby certifies that Licensor is not in default or breach of any of its obligations under any existing license, lease or other written or oral agreements between Licensee (including any predecessor in interest to Licensee) and Licensor (including any predecessor in interest to Licensor) entered into for this Tower Facility, and that as of the Effective Date Licensee has no claims against Licensor under any such agreements.

31. **CONFIDENTIALITY.** Neither Party shall use the other's name, service mark or trademark in any public announcement or advertisement without the prior written consent of the other Party, which may be withheld in such Party's sole and absolute discretion.

The offer of license expressed in this Agreement shall automatically expire and become void if two unaltered counterparts of this Agreement, executed by Licensee, are not delivered to Licensor within 30 days of the Effective Date.
