RE: Nassau County ETM Sub-consultant Scope of Services

Dear Buckley,

In response to the request by Nassau County to contract CEI services, I have compiled the scope of services and fee schedule for Evers Infrastructure Group LLC. We are proposing using previously provided rates on this continuing services contract with our standard Senior Inspection fee. We will be capable of providing the Senior Inspector and I will be serving as Construction Supervisor/Senior Project Engineer.

During the Pre-Project Phases, I will personally perform the site visit, bid reference check, preliminary review of the submittals, and CIR or FDR Mix Design Review. Evers Infrastructure Group will provide design support to improve constructability and insure the Cold In-Place Recycling or Full Depth Reclamation technology is being utilized effectively. Recommendations for changes will be made prior to each submittal deadline and Evers Infrastructure Group will be available to answer any questions or troubleshoot potential issues as needed.

We will also provide representation at the pre-construction meeting. We will review the submittals for accuracy. Prior to construction, Evers IG will review the contractors QC Plan and CIR or FDR mix design to insure proper adherance to all specifications.

During construction we will provide as needed project supervision and can provide a Senior Inspector or assist your Senior Inspector. All listed fees are inclusive of expenses necessary to perform our services.

Senior Inspector per hour	 F	Rate - \$110.00

Construction Supervisor/Senior Project Engineer per hour Rate - \$157.06

Evers Infrastructure Group appreciates the opportunity to work with ETM Inc. and we look forward to starting the project. I would be happy to sit down to further discuss the scope of services or any other aspect of the project. I look forward to working with you and stand ready to assist any way I can.

Sincerely,

Chris Evers Evers Infrastructure Group LLC <u>chris@eversig.com</u>
