

**CONTRACT FOR
LIQUID SODIUM HYPOCHLORITE FOR NASSAU AMELIA UTILITIES**

THIS CONTRACT entered into this 25th day of September, 2017, by and between the **BOARD OF COUNTY COMMISSIONERS OF NASSAU COUNTY, FLORIDA**, a political subdivision of the State of Florida, hereinafter referred to as "County", and Allied Universal Corporation located at 3901 Northwest 115th Avenue, Miami, Florida 33178, hereinafter referred to as "Vendor".

WHEREAS, the Board of County Commissioners of Nassau County, Florida received sealed bids for Liquid Sodium Hypochlorite, Bid No. NC17-017, on July 26, 2017 at 10:00 a.m.; and

WHEREAS, the Nassau Amelia Utilities determined that Allied Universal Corporation was the lowest, most responsive and responsible bidder for the bid items as set forth in Attachment "A" and

NOW, THEREFORE, in consideration of the terms and conditions herein set forth, the County and the Vendor agree as follows:

SECTION 1. Description of Services to be Provided

The County does hereby retain the Vendor to furnish materials or services as further described in the Scope of Work/Technical Specifications attached hereto as Attachment "A" and made a part hereof. Required materials and service shall be specifically enumerated, described and depicted in the Purchase orders authorizing performance of the specific task. This Contract standing alone does not authorize the performance of any work or require the County to place any orders for work.

SECTION 2. Receiving/Payment/Invoicing

No payment will be made for materials ordered without proper purchase order authorization. The County shall pay the vendor within forty-five (45) calendar days of receipt of invoice, pursuant to and in accordance with the promulgations set forth by the State of Florida's Prompt Payment Act. (Florida Statutes Section 218.70). Payment shall not be made until materials, goods or services have been received, inspected and accepted by the County in the quality and quantity ordered. Payment will be accomplished by submission of an invoice, in duplicate, with the Purchase Order number referenced thereon and mailed to the address set forth in the Purchase Order. Payment in advance of receipt of goods or services by Nassau County cannot be made.

The invoice submitted shall be in sufficient detail as to item, quantity and price in order for the County to verify compliance with the awarded bid.

SECTION 3. Acceptance of Goods/Services

Receipt of goods/services shall not constitute acceptance. Final acceptance and authorization of payment shall be given only after a thorough inspection indicates that the product/performance meets bid specifications and conditions. Should the products/services differ in any respect from specifications, payment will be withheld until such time as the supplier takes necessary corrective action. If the proposed corrective action is not acceptable to the County, the County Manager's Office may authorize the recipient to refuse final acceptance of the goods/services. Should a representative of the County agree to accept the goods/services on condition that the Vendor will correct his performance within a stipulated time period, then payment will be withheld until the services are performed as specified.

SECTION 4. Inspection/Acceptance Title

Inspection and acceptance will be at destination unless otherwise stipulated. Title and risk of loss or damage to all items shall be the responsibility of the Vendor until accepted by the using department of Nassau County, unless loss or damage results from negligence by Nassau County or its using Department.

SECTION 5. Firm Prices

Prices for goods and services covered in the specifications shall be firm; net delivered to the ordering agency, **F.O.B. DESTINATION**, vendor paying all delivery costs and shall remain firm for the period of this Contract. No additional fees or charges shall be accepted.

SECTION 6. Fund Availability

This Contract is deemed effective only to the extent that appropriations are available. Pursuant to Florida Statutes all appropriations lapse at the end of the Fiscal Year. Multi-year awards shall be adequately funded but the County reserves the right not to appropriate for an ongoing procurement if it is deemed in its best interest.

SECTION 7. Permits/Licenses/Fees

Any permits, licenses or fees required for this service will be the responsibility of the Vendor unless otherwise stated.

SECTION 8. Taxes

The County is tax exempt. As such, the County will not pay any Federal Excise or State of Florida Sales Tax. The Vendor will refrain from including taxes in any billing.

SECTION 9. Laws Governing this Contract

This Contract shall be consistent with, and be governed by, the Ordinances of Nassau County, the whole law of the State of Florida, both procedural and substantive, and applicable federal statutes, rules and regulations. Any and all litigation arising under this Contract shall be brought in Nassau County, Florida. Any mediation, pursuant to litigation, shall occur in Nassau County.

SECTION 10. Changes

The County reserves the right to order, in writing, changes in the work within the scope of the contract, such as change in quantity or delivery schedule. The Vendor has the right to request an equitable price adjustment in cases where changes to the contract under the authority of this clause result in increased costs to the Vendor.

SECTION 11. Modifications

In addition to modifications made under the changes clause, this Contract may be modified within the scope of the contract upon the written and mutual consent of both parties, and approval by appropriate legal bodies in the County.

SECTION 12. Assignment & Subcontracting

The Vendor will not be permitted to assign its contract with the County, or to subcontract any of the work requirements to be performed without obtaining prior written approval by the County.

SECTION 13. Severability

If any section, subsection, sentence, clause, phrase, or portion of this Contract is, for any reason, held invalid, unconstitutional, or unenforceable by any Court of Competent Jurisdiction, such portion shall be deemed as a separate, distinct, and independent provision, and such holding shall not affect the validity of the remaining portions thereof.

SECTION 14. Termination for Default

The performance of the Contract may be terminated by the County in accordance with this clause, in whole or in part, in writing, whenever the County shall determine that the Vendor has failed to meet performance requirement(s) of the Contract.

SECTION 15. Termination for Convenience

The County reserves the right to terminate the Contract in whole or part by giving the vendor written notice at least thirty (30) days prior to the effective date of the termination. Upon receipt of termination from the County, the Vendor shall only provide those services specifically approved or directed by the County. All other rights and duties of the parties under the Contract shall continue during such notice period, and the County shall continue to be responsible to the vendor for the payment of any obligations to the extent such responsibility has not been excused by breach or default of the Vendor.

SECTION 16. Force Majeure

Neither party of this Contract shall be liable to the other for any cost or damages if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the parties. Such causes may include, but are not restricted to, acts of nature, fires, quarantine restriction, strikes and freight embargoes. In all cases, the failure to perform must be totally beyond the control and without any fault or negligence of the party.

SECTION 17. Access and Audits

The Vendor shall maintain adequate records to justify all charges, expenses, and costs incurred in performing the Work for at least three (3) years after completion of this Contract. The County and the Clerk of Courts shall have access to such books, records, and documents as required in this Section for the purpose of inspection or audit during normal business hours, at the County's or the clerk's cost, upon five (5) days' written notice.

SECTION 18. Vendor Responsibilities

The Vendor will provide the services agreed upon in a timely and professional manner in accordance with specifications.

SECTION 19. Public Emergencies

The Vendor shall agree before, during, and after a public emergency, disaster, hurricane, tornado, flood, or other acts of nature that the County shall require a "First Priority" for goods and services. It is vital and imperative that the majority of citizens are protected from any emergency situation that threatens public health and safety, as determined by the County. The Vendor agrees to rent/sell/lease all goods and services to the county or governmental entities on a "first priority" basis. The County expects to pay a fair and reasonable price for all products and services rendered or contracted in the event of a disaster, emergency, hurricane, tornado or other acts of nature.

SECTION 20. Period of Contract/Option to Extend or Renew

This Contract shall begin on October 1, 2017 and terminate September 30, 2020 . The performance period of this Contract may be extended upon mutual agreement and execution of a contract between the vendor and the County with no change in terms or conditions. Any extension of performance period under this provision shall be in one (1) year increments. Total contract length and individual one (1) year extensions shall be in the County's best interest and sole discretion. Any Contract or amendment to the Contract shall be subject to fund availability and mutual written agreement between the County and the Vendor.

SECTION 23. Probationary Period

The first ninety (90) days of this Contract are to be considered a "probationary" period. At the County's election, this Contract may be terminated, based on the performance of the Vendor, and a new award be granted without another formal bid.

SECTION 24. Escalation Clause

Ninety (90) days prior to the end of the contract term, the Vendor may request in writing an increase in an individual item unit cost. Consideration of price increases at each renewal period will be given provided such escalations are reasonable and acceptable to the County. It is also expected that de-escalation of prices will be extended to the County if market so reflects. The County will consider a price adjustment based on the latest Consumer Price Index and/or proof of a manufacturer's price increase. Any and all proposed increases are subject to approval by the County.

SECTION 25. Supervision

The Vendor shall act as an independent contractor and not as an employee of the County. The County shall not exercise any supervision or control over the Vendor's employees performing services under this Contract. Such employees shall be accountable not to the County, but solely to the Vendor, who in turn is responsible to the County.

SECTION 26. Indemnification and Insurance

The Vendor shall indemnify and hold harmless the County and its agents and employees from and against all claims, damages, losses and expenses, including attorney's fees, arising out of or resulting from the performance of this contract, provided that any such claims, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to loss to or destruction of tangible property, including loss of use resulting therefrom; and is caused in whole or in part by any negligent or willful act or omission of the

Vendor and/or Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable.

In any and all claims against the County or any of its agents or employees, by any employee of the Vendor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Vendor or any Subcontractor under Workers' Compensation acts, disability benefit acts, or other employee benefits act.

The vendor shall, and at its sole expense, agree to maintain in full force and effect at all times during the life of this contract, insurance coverage's, limits, including endorsements, as described in the General Information and Insurance Requirements, attached hereto as Exhibit B. The requirements contained herein, as well as the County's review or acceptance of insurance maintained by the Vendor is not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by the Vendor under the Contract.

SECTION 27. Disputes/Mediation

The County may utilize this section, at their discretion, as to disputes regarding contract interpretation. The County may send a written communication to the Vendor by email, overnight mail, UPS, FedEx, or certified mail. The written notification shall set forth the County's interpretation of the contract. A response shall be provided in the same manner prior to the initial meeting with the County Manager. This initial meeting shall take place no more than twenty (20) days from the written notification of the dispute addressed to the Vendor. The Vendor should have a representative, at the meeting that can render a decision on behalf of the Vendor.

If there is no satisfactory resolution as to the interpretation of the contract, the dispute may be submitted to mediation in accordance with mediation rules as established by the Florida Supreme Court. Mediators shall be chosen by the County and the cost of mediation shall be borne by the Vendor. Vendor shall not stop work during the pendency of mediation or dispute resolution.

SECTION 28. PUBLIC RECORDS

The County is a public agency subject to Chapter 119, Florida Statutes. IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (904) 530-6250, DMOODY@NASSAUCOUNTYFL.COM, 96161 NASSAU PLACE, YULEE, FLORIDA 32097. Under

this agreement, to the extent that the vendor is providing services to the County, and pursuant to section 119.0701, Florida Statutes, the vendor shall:

- a. Keep and maintain public records required by the public agency to perform the service.
 - b. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
 - c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the vendor does not transfer the records to the public agency.
 - d. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the vendor or keep and maintain public records required by the public agency to perform the service. If the vendor transfers all public records to the public agency upon completion of the contract, the vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the vendor keeps and maintains public records upon completion of the contract, the vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

SECTION 29. REQUEST FOR RECORDS; NONCOMPLIANCE

A request to inspect or copy public records relating to a public agency's contract for services must be made directly to the public agency. If the public agency does not possess the requested records, the public agency shall immediately notify the vendor of the request, and the vendor must provide the records to the public agency or allow the records to be inspected or copied within a reasonable time.

If a vendor does not comply with the public agency's request for records, the public agency shall enforce the contract provisions in accordance with the contract.

A vendor who fails to provide the public records to the public agency within a reasonable time may be subject to penalties under s. 119.10, Florida Statutes.

SECTION 30. CIVIL ACTION

If a civil action is filed against a vendor to compel production of public records relating to a public agency's contract for services, the court shall assess and award against the vendor the reasonable costs of enforcement, including reasonable attorney fees if:

- (a) The court determines that the vendor unlawfully refused to comply with the public records request within a reasonable time; and
- (b) At least 8 business days before filing the action, the plaintiff provided written notice of the public records request, including a statement that the vendor has not complied with the request, the public agency and to the vendor.

A notice complies with subparagraph (b), if it is sent to the public agency's custodian of public records and to the vendor at the vendor's address listed on its contract with the public agency or to the vendor's registered agent. Such notices must be sent by common carrier delivery service or by registered, Global Express Guaranteed, or certified mail, with postage or shipping paid by the sender and with evidence of delivery, which may be in an electronic format.

A vendor who complies with a public records request within 8 business days after the notice is sent is not liable for the reasonable costs of enforcement.

SECTION 31. Entire Agreement

The written terms and provisions of this contract shall supersede all prior verbal statements of any official or other representative of the County. Such statements shall not be effective or be construed as entering into, or forming a part of, or altering in any manner whatsoever, this Contract or contract documents.

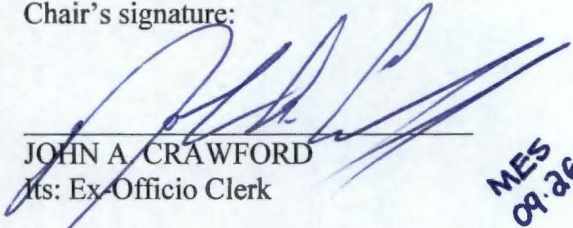

IN WITNESS WHEREOF, the parties have executed this contract, in two (2) copies, each of which shall be deemed an original on this day and year first above written.

ATTACHMENT "A" - TECHNICAL SPECIFICATIONS/SCOPE OF WORK**TECHNICAL SPECIFICATIONS
LIQUID SODIUM HYPOCHLORITE FOR NASSAU AMELIA UTILITIES
Request for Quote (RFQ) – Bid No. NC17Q-004****1. General Requirement:**

Vendor shall furnish liquid sodium hypochlorite (12.5 Trade Percent Available Chlorine) FOB destination in accordance with the American Water Works Association's (AWWA's) Standard B-300-04 for hypochlorite, except as modified or supplemented herein, to the Nassau Amelia Utilities Water Treatment and Wastewater Treatment plants.

2. Bidder Qualifications/Submittals:

Each bidder shall submit a 1500 ml "chilled" sample of their product representative of their manufacturing process from Bidder's manufacturing facility which would serve the customer to one of the approved testing laboratories listed in this Specification for analysis within the past ninety (90) days. The laboratory shall ascertain whether the Bidder's product is in compliance with this Specification for available chlorine, % sodium hypochlorite, excess caustic, iron, copper, nickel, chlorate, bromate, per chlorate, hardness (as calcium carbonate) and suspended solids (based on Filter Test time). The cost of the analysis shall be borne by Bidder. The results of the analysis shall be submitted with the Bidder's proposal. In addition the Bidder shall include the last three copies of their annual NSF results for the same manufacturing location. Failure to submit a sample or meet the requirements of the Specification shall result in Bidder being disqualified from bidding on this product.

County reserves the right to take samples from Bidder's other customers to ensure that the Bidder's sample and delivery equipment is in compliance with all the requirements of this Specification and such a sample shall be judged representative of the Bidder's quality. The Bidder shall provide a customer contact and phone number in the same county as the County whereby the County may obtain sample of Bidder's product to check it for compliance with the Specification. It is the County's intention to deal directly with this customer. County may choose to obtain a sample from any of Bidder's customers, however, to ensure compliance with the Specification. In such event, County shall bear the cost of any analysis. Based on this compliance check, failure to meet the requirements of this Specification shall result in Bidder being disqualified from bidding on this product.

Each bidder shall submit a list of at least ten (10) references to include phone numbers that use or have used its sodium hypochlorite at both water and wastewater treatment plants (at least five of each type) in the past two years. The Reference List shall list actual users at the water and wastewater plants and not purchasing agents. Additionally, each Bidder shall provide the names of any customers where its contract was terminated early (e.g., debarred) for safety, quality, or service issues for any product it supplies over the past five years. The Bidder shall also provide a detailed listing of all accidents, incidents, releases, spills, vehicle accidents involving death or injury and National Response Center Notifications ("safety incidents") for all chemicals it delivers or manufactures for the past five (5) years. Failure to disclose references, terminations, or safety incidents will result in Bidder being disqualified from bidding on this product.

As part of its Emergency Preparedness Planning and Spill Response Plan, each prospective Bidder shall submit a list with 24-hour access phone numbers of at least two degreed engineers (preferably Chemical Engineers) listing their degree, college or university and year of graduation, experienced in sodium hypochlorite operations to provide emergency support services on a 24/7 basis in the event of a spill, equipment failure or other emergency. Failure to submit this list including all the requirements of the list or to adhere to these requirements will result in Bidder being disqualified from bidding on this product.

As part of assessing the Bidder's reliability and safety record, the prospective Bidder shall include all regulatory actions including but not limited to, copies of any fines, correspondence and consent orders relating to the operation of ALL of its manufacturing and distribution facilities. Additionally, the Bidder shall submit a copy of its OSHA Form 300A/300 logs for the past three years (if the Bidder utilizes a third party driving company or affiliated company, then they shall submit the OSHA 300 logs for that company as well). The County may require a site visit to the Bidder's manufacturing and distribution facilities to assess their safety and reliability as part of the Bid Evaluation process.

Vendor shall make "normal" deliveries within three (3) calendar days after receipt of order and must make "emergency" deliveries within 24 hours. An emergency delivery is defined as a delivery which is necessary in order to prevent the County from running out of sodium hypochlorite in less than 36 hours. County shall endeavor to minimize the number of "emergency" deliveries.

Vendor shall be responsible for any spills resulting from the failure of its or its subcontractor's delivery equipment or from failure of attendant delivery personnel in the proper performance of their duties. Proper performance shall require attendant delivery personnel's constant inspection and observation of unloading operations and knowledgeable response to problems or emergencies, which would most commonly be expected to occur. The County reserves the right to refuse any and all deliveries made with equipment that is poorly maintained and/or leaking sodium hypochlorite.

The tanks or trailers shall be clean and free of residue that may contaminate the Vendor's product or impede the unloading process. It is the Vendor's responsibility to verify the cleanliness of the transporting equipment before loading. All appurtenant valves, pumps, and discharge hoses used for the delivery of sodium hypochlorite shall be supplied by the Vendor and shall be clean and free from contaminating material. The County may reject a load if the equipment is not properly cleaned. The Vendor shall furnish a County approved, leak-free connection device between the trailer and the County's intake receptacle. The Vendor shall observe the entire filling operation at each delivery site and shall immediately report any spills caused during the filling operations. The Vendor shall take immediate and appropriate actions to clean up any spilled liquid sodium hypochlorite. If the spill is not cleaned up, the County will hire a certified hazardous material handling company to clean up the spill, and the cost of such service will be charged to the Vendor and deducted from the amount due to the Vendor. If the County's unloading equipment such as pipe, valves or level indication and alarms should fail and the spillage is not the fault of the Vendor or its subcontractor, the Vendor shall be relieved of cleanup of the spill.

Because of security and safety concerns, all delivery vehicle drivers shall be U.S. citizens and have proper commercial driver's license with a Hazardous Material endorsement. Vendor's drivers shall display its driver's license and whenever challenged by County during the delivery. In addition, Vendor shall supply County a "CD" with digital photographs of all of its delivery drivers with names imposed and shall send out an updated "CD" within 24 hours of any changes to its drivers. County shall use the CD to verify whether driver is actually an employee of the Vendor. Failure to show proper license or failure of the driver to be listed on the CD provided to County shall result in rejection of delivery and could result in termination of the Vendor's supply agreement.

Delivery shall be made to Nassau Amelia Utilities, 5390 First Coast Highway, Fernandina Beach, Florida 32034. Average weekly delivery during 2012 was 1017 gallons, largest delivery being 1545 gallons and smallest delivery being 650 gallons. Sodium Hypochlorite consumption is for reference only and County shall not be bound by these amounts in subsequent Purchase Order or Contract.

Vendor shall provide two (2) fifteen-hundred (1500) gallon storage tanks. Vendor shall maintain storage tanks. Tanks and containment basins must meet ANSI/NSF Standard 61, bulk tank requirements of U.S. Environmental Protection Agency, Florida Department of Agriculture and Florida Department of

Environmental Regulation. Tanks and containment basins must be constructed of FDA approved High Density Linear Polyethylene and be complete with fill port, 2" bulkhead fitting and pass through vessel bulkhead fitting. Tanks must nest securely in containment basin for spill containment. Design should prevent debris, rain, etc. from collecting in containment basin. Secondary Containment Capacity: 125% of storage tank capacity. Piping shall gravity feed to existing pump suction line and shall contain a shut-off valve both inside and outside containment vessel. All plumbing shall be schedule 80 PVC and all valves shall have Teflon seats and Viton o-rings. PVC "flex pipe" shall be connected from bulkhead fitting to supply valve to handle stress of the storage tank. Marking: Sodium hypochlorite tanks shall be clearly labeled with manufacturer's name and sodium hypochlorite strength. Leaking containers and those not meeting these specifications are to be picked up promptly by the Vendor, at no charge, and replaced.

Sampling and testing shall be in accordance with EPA and AWWA B300-04 standard and in accordance with the documents titled: "The Weight Percent Determination of Sodium Hypochlorite, Sodium Hydroxide, and Sodium Chlorate in Liquid Bleach" and "Suspended Solids Quality Test for Bleach Using Vacuum Filtration", distributed by Powell Fabrication and Manufacturing, Inc. and available at <http://www.powellfab.com>. The approved laboratories are listed below. Should Bidder request to use another laboratory, that laboratory must be certified by the National Environmental Laboratory Accreditation Conference (NELAC) and must be able to meet the following Minimum Detection Limits (MDL); (1) Metals .02 mg/L; (2) Bromate .1 mg/L; (3) Chlorate 20mg/L; (4) Perchlorate .1 mg/L; and (5) Chlorine/Excess Caustic 0.1%. Bidder shall provide proof of current NELAC certification and laboratory analysis shall specify the MDL if a non-approved laboratory is used.

Attn: Steve Thickett

Special Note: Concentration testing for iron and transition metal ions for nickel and copper in sodium hypochlorite is a difficult test and requires high levels of knowledge and experience for accurate and repetitive test results.

4. Sampling and Testing Prior to Unloading

Vendor's delivery trailer shall have a sample port to provide a sample for analysis prior to hooking up and unloading the trailer. Vendor's delivery personnel (driver) shall be able to provide a sample of hypochlorite before the shipment is hooked up and unloaded in the presence of the County. County will supply the sample container and the driver shall collect the sample from the tank truck and turn it over to the County. The sample shall be considered representative of the lot.

County reserves the right to subject samples of the hypochlorite to quick analyses to ensure that it meets basic conditions of the specification with respect to specific gravity, weight percent of sodium hypochlorite, sodium hydroxide, and suspended solids. Any lot tested by the County that fails to comply with the specifications shall constitute grounds for rejection of that lot. No payment shall be made for hypochlorite that is rejected. The Vendor or its subcontractors shall allow forty-five (45) minutes for this testing to be completed. If testing can not be completed with this forty-five (45) minute period, the County shall allow the Vendor to unload the shipment. In the event that the load is rejected, the Vendor shall have four (4) hours to supply another shipment. In the event that the Vendor is unable or unwilling to supply another

shipment within this time period, County has the right to procure a shipment from another source. Two rejections of a lot or shipment in any twelve (12) month period shall constitute automatic termination of the Vendor's supply contract with the County.

5. Sampling and Test of Shipment after Unloading

County reserves the right to subject samples of the hypochlorite to complete analyses to ensure that it meets EPA specifications, AWWA B300-04 specifications, and the supplemental specifications included with this document. A combination of two failures to comply with these specifications from either rejections of a shipment or from a subsequent complete laboratory analysis shall result in automatic termination of the Vendor's supply contract of the hypochlorite.

6. Specifications of Material

Hypochlorite supplied under this contract shall be tested and certified as meeting these specifications and those of the American National Standards Institute/National Sanitation Foundation Standard 60 (ANSI/NSF Standard 60), Drinking Water Treatment Chemicals Health Effects.

It is the responsibility of the supplier to inform the County that NSF or UL certification has been revoked or lapsed within 24 hours of the time the supplier receives verbal or written notification. Loss of certification shall constitute sufficient grounds for immediate termination of the contract between County and Vendor.

Hypochlorite delivered under this contract shall have a minimum of 120 Grams per Liter (GPL) available chlorine equivalent to 10.83 percent sodium hypochlorite by weight. Product shall be a clear straw colored liquid with no visible cloudiness, impurities, or sediment.

Hypochlorite delivered under this contract shall have a minimum of 0.15 percent by weight sodium hydroxide and a maximum of 0.40 weight percent sodium hydroxide.

Hypochlorite delivered under this contract shall meet the following contaminant concentration limits:

Iron	< 0.3 mg/L
Copper	< 0.03 mg/L
Nickel	< 0.03 mg/L
Chlorate	< 2,000 mg/L
Bromate	< 20 mg/L
Perchlorate	< 20 mg/L
Total Hardness	< 3 mg/L (As calcium carbonate)
Filter Test Time	< 3 minutes

The delivery time of the shipment shall not exceed 72 hours from the time of the manufacture of the product. The suspended solids in the sodium hypochlorite delivered under this contract shall be minimized and the shipments delivered shall achieve a filtration time of less than 3 minutes for 1000 ml when applying the "*Suspended Solids Quality Test for Bleach Using the Vacuum Filtration*" Method developed by Novatek and previously referenced in this Specification.

7. Manufacturer's Laboratory Reports

Delivery Reports:

A certified report from the manufacturer shall be submitted for each sodium hypochlorite delivery to the County. The report shall contain the following data:

- Date and Time of Manufacture
- Percent by Weight

Sodium Hypochlorite
Excess Sodium Hydroxide

- Specific Gravity (Referenced to a temperature)
- Suspended Solids Test Time

No deliveries will be accepted by the County unless accompanied by said certified laboratory report for the specific batch of sodium hypochlorite delivered showing the above data and that it conforms to the required specifications.

Quarterly Reports:

At the start of the contract and every 90 days, the Vendor shall utilize an outside testing agency acceptable to both the County and the Vendor (e.g., one of the approved laboratories referenced in this Specification) to analyze a sample of the sodium hypochlorite delivered to the County. The Vendor shall supply the sample container and the driver shall collect the sample from the tank truck. This sample will be given to the County at the time of the sample and the County shall forward the sample to the approved authorized testing agency. Any failure to comply with the specifications shall constitute grounds for cancellation of the contract between the County and the Vendor. Charges for the manufacturer's certified report and all quarterly reports by outside testing agencies should be included in the bid price.

8. Clean Tank Guarantee

At any time during the performance of this Agreement, if County has any sort of sludge or other impurity buildup in any of its sodium hypochlorite tanks, the Vendor shall cleanout the tank at no charge to County with seven (7) days, unless such timeframe is extended by the County. The cleanout should be done in such a manner so that it is done safely with no loss of disinfection to the affected plant and the contents disposed of in accordance with current regulations on disposal of hazardous wastes. The Vendor shall submit a procedure to the County for approval prior to this work being completed. The determination of whether there is any sludge or impurity buildup in the tanks will be at the *sole discretion* of the County. When the tank has been properly cleaned, the Vendor shall refill the tank with clean, fresh sodium hypochlorite at no cost to County. Failure of the Vendor to clean-out the tank and replace the sodium hypochlorite within seven (7) days after being served notice (or within any extension of this timeframe specified by County) shall be cause for immediate termination of the sodium hypochlorite supply Agreement between the County and the Vendor.

9. Termination

Please refer to section 14 and 15 of the contract.

vs. 6.9.17

Supplier/Vendor shall require each of his Sub-Supplier/Vendors to likewise purchase and maintain at their expense Commercial General Liability insurance, Workers' Compensation and Employer's Liability coverage, Automobile Liability insurance and Umbrella Liability insurance coverage meeting the same limit and requirements as the Supplier/Vendors insurance.

Certificates of Insurance acceptable to Nassau County Board of County Commissioners for the Supplier/Vendor's insurance must be received within ten (10) days following the execution of the agreement or prior to the first date of services, whichever comes first.

Certificates of Insurance and the insurance policies required for this Agreement shall contain an endorsement that coverage afforded under the policies will not be cancelled or allowed to expire until at least thirty (30) days prior written notice has been given to Nassau County Board of County Commissioners.

Certificates of Insurance and the insurance policies required for this Agreement will include a provision that policies, except Workers' Compensation, are primary and noncontributory to any insurance maintained by the Supplier/Vendor.

Nassau County Board of County Commissioners must be named as an Additional Insured and endorsed onto the Commercial General Liability (CGL), Auto Liability and Umbrella Liability policy (ies). A copy of the endorsement(s) must be supplied to Nassau County Board of County Commissioners ten (10) days following the execution of the agreement or prior to the first date of services, whichever comes first.

CGL policy Additional Insured Endorsement must include Ongoing and Completed Operations (Form CG2010 11 84 **OR** Form CG2010 04 13 and GC2037 04 13 edition or equivalent). Other Additional Insured forms might be acceptable but only if modified to delete the word "ongoing" and insert the sentence "Operations include ongoing and completed operations".

CGL policy shall not be endorsed with Exclusion - Damage to Work performed by Sub-Supplier/Vendors on Your Behalf (CG2294 or CG2295)

CGL policy shall not be endorsed with Contractual Liability Limitation Endorsement (CG2139) or Amendment of Insured Contract Definition (CG 2426)

CGL policy shall not be endorsed with Exclusion - Damage to Premises Rented to you (CG 2145)

CGL policy shall include broad form contractual liability coverage for the Supplier/Vendors covenants to and indemnification of the Authority under this Contract

Certificates of Insurance and the insurance policies required for this Agreement shall contain a provision under General Liability, Auto Liability and Workers' Compensation to include a Waiver of Subrogation clause in favor of Nassau County Board of County Commissioners.

All Certificates of Insurance shall be dated and shall show the name of the insured Supplier/Vendor, the specific job by name and job number, the name of the insurer, the policy number assigned its effective date and its termination date and a list of any exclusionary endorsements.

All Insurers must be authorized to transact insurance business in the State of Florida as provided by Florida Statute 624.09(1) and the most recent Rating Classification/Financial Category of the insurer as published in the latest edition of "Best's Key Rating Guide" (Property-Casualty) must be at least A- or above.

All of the above referenced Insurance coverage is required to remain in force for the duration of this Agreement and for the duration of the warranty period. Accordingly, at the time of submission of final application for payment, Supplier/Vendor shall submit an additional Certificate of Insurance evidencing continuation of such coverage.

If the Supplier/Vendor fails to procure, maintain or pay for the required insurance, Nassau County Board of County Commissioners shall have the right (but not the obligation) to secure same in the name of and for the account of Supplier/Vendor, in which event, Supplier/Vendor shall pay the cost thereof and shall furnish upon demand, all information that may be required to procure such insurance. Nassau County Board of County Commissioners shall have the right to back-charge Supplier/Vendor for the cost of procuring such insurance. The failure of Nassau County Board of County Commissioners to demand certificates of insurance and endorsements evidencing the required insurance or to identify any deficiency in Supplier/Vendors coverage based on the evidence of insurance provided by the Supplier/Vendor shall not be construed as a waiver by Nassau County Board of County Commissioners of Supplier/Vendor's obligation to procure, maintain and pay for required insurance.

The insurance requirements set forth herein shall in no way limit Supplier/Vendors liability arising out of the work performed under the Agreement or related activities. The inclusions, coverage and limits set forth herein are minimum inclusion, coverage and limits. The required minimum policy limits set forth shall not be construed as a limitation of Supplier/Vendor's right under any policy with higher limits, and no policy maintained by the Supplier/Vendor shall be construed as limiting the type, quality or quantity of insurance coverage that Supplier/Vendor should maintain. Supplier/Vendor shall be responsible for determining appropriate inclusions, coverage and limits, which may be in excess of the minimum requirements set forth herein.

If the insurance of any Supplier/Vendor or any Sub-Supplier/Vendor contains deductible(s), penalty(ies) or self-insured retention(s), the Supplier/Vendor or Sub-Supplier/Vendor whose insurance contains such provision(s) shall be solely responsible for payment of such deductible(s), penalty(ies) or self-insured retention(s).

The failure of Supplier/Vendor to fully and strictly comply at all times with the insurance requirements set forth herein shall be deemed a material breach of the Agreement.
