Requested Time Extension: SR200/A1A Corridor Design Study

Dear Mr. Crowe:

As we have discussed, our current contract for the above referenced project is set to expire on September 30, 2021. Based on your comments and our ongoing discussions, we are making presentations to the public and boards, but will not be fully complete by September 30. By this letter, we request an extension to the contract to September 30, 2022. The extension is requested due to the staff project leadership transitions that have occurred over the life of the project, and the change in business practices and public schedules due to the ongoing COVID-19 pandemic. This extension will allow us to support the County through a final public presentation.

Sincerely,

**Community Solutions Group,
