**SECTION 16. Termination for Default.**

16.1 If the Vendor fails to perform any of its obligations under this Contract, and if such default remains uncured for a period of more than fifteen (15) days after notice thereof was given in writing by the County to the Vendor, then the County may, without prejudice to any right or remedy the County may have, terminate this Contract.

16.2 Upon termination of this Contract, the Vendor shall immediately (1) stop work on the date specified; (2) terminate and settle all orders and subcontracts relating to the performance of the terminated work; (3) transfer all work in process, completed work, and other materials related to the terminated work to the County; (4) render to the County all property belonging to the County, including but not limited to, equipment, books, and records.

The Vendor shall promptly contact the County to make arrangements to render to the County all property belonging to the County, including but not limited to, equipment, books, and records.

**SECTION 18. Force Majeure.**

Contract No.: CM3638

Such causes may include, but are not restricted to, acts of nature, fires, quarantine restrictions, strikes and freight embargoes. In all cases, the failure to perform shall be totally beyond the control and without any fault or negligence of the party.

**18.2** In the event of delay from the foregoing causes, the party shall take all reasonable measures to mitigate any and all resulting delay or disruption in the party's performance obligation under this Contract. If the delay is excusable under this section, the delay shall not result in any additional charge or cost under the Contract to either party. In the case of any delay that the Vendor believes is excusable under this section, the Vendor shall notify the County in writing of the delay or potential delay and describe the cause of the delay either: (1) within ten (10) calendar days after the cause that created or will create the delay first arose, if the Vendor could reasonably foresee that a delay could occur as a result; or (2) within five (5) calendar days after the date the Vendor first had reason to believe that a delay could result, if the delay is not reasonably foreseeable. No claim for damages, other than for an extension of time, shall be asserted against the County. The Vendor shall not be entitled to an increase in the Contract price or payment of any kind from the County for direct, indirect, consequential, impact, or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this section, after the causes have ceased to exist, the

Contract No.: CM3638

Vendor shall perform at no increased cost, unless the County determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the County, in which case, the County may do any or all of the following: (1) accept allocated performance or deliveries from the Vendor, provided that the Vendor grants preferential treatment to the County with respect to goods and/or services subjected to allocation; (2) purchase from other sources (without recourse to and by the Vendor for the related costs and expenses) to replace all or part of the goods and/or services that are the subject of the delay, which purchases may be deducted from the Contract quantity; or (3) terminate the Contract in whole or in part.

**SECTION 19. Access and Audits of Records.**

**Goffinsville Boat Ramp Shallow Draft Barge Drilling Scope of Work**

Goffinsville Park is located in Nassauville, FL along the north side of the Nassau River, approximately six miles upstream of the river's outlet to the ocean. The park has a boat ramp which experiences problems associated with excessive current in the vicinity of the boat ramp. The boat ramp area is comprised of a concrete boat ramp, a dock, and a gangway connecting the dock to the park. The county is proposing to construct a combination of grading and adding baffles to decrease the flow velocity to a more manageable rate for boat launching and loading. Geotechnical investigation and analysis is needed to design these proposed improvements. Due to various factors, such as location, permit requirements, and cost, shallow draft barge drilling is recommended for obtaining the two (2) 50' Deep SPT (from mudline) borings needed for the Geotechnical analysis as shown in the figure below. This assumes water depths ranging from 20' to 28'. Environmental & Geotechnical Specialist (EGS) will be performing the Geotechnical testing and analysis, so coordination directly with them will be required.

The following items should be included in this bid:

1. Mobilization/Demobilization of Barge Mount Drill Rig
2. Daily Rate for Rental of Barge Mount Drill Rig (Includes Barge Mount Drill Rig, all tooling to perform drill task, and 3-man crew. Based on an 8-hour workday. Rate starts from the boat ramp and ends when the Barge is loaded.)
3. Per Diem – 3-Man Crew for 2 Nights
4. Approximate schedule of when this work could be performed.

There are several drilling methods that can be employed in a marine environment to obtain core analysis. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
