4.1 Notwithstanding any other provision of the Original Contract to the contrary, the term of this Agreement shall begin upon the date fully executed and end on June 26, 2027.

**SECTION 5. Termination for Default.**

5.1 If the Vendor fails to perform any of its obligations under this Agreement, and if such default remains uncured for a period of more than fifteen (15) days after notice thereof was given in writing by the County to the Vendor, then the County may, without prejudice to any right or remedy the County may have, terminate this Agreement.

5.2 Upon termination of this Agreement, the Vendor shall immediately (1) stop work on the date specified; (2) terminate and settle all orders and subcontracts relating to the performance of the terminated work; (3) transfer all work in process, completed work, and other materials related to the terminated work to the County; and (4) render to the County all property belonging to the County, including but not limited to, equipment, books, and records.

**SECTION 6. Termination for Convenience.**

**6.1** The County reserves the right to terminate this Agreement in whole or part by giving the Vendor written notice at least thirty (30) days prior to the effective date of the termination. Upon receipt of written notice of termination from the County, the Vendor shall only provide those services and/or materials specifically approved or directed by the County. The Vendor shall promptly contact the County to make arrangements to render to the County all property belonging to the County, including but not limited to, equipment, books, and records.

**SECTION 7. Public Records.**

**7.1** The County is a public agency subject to Chapter 119, Florida Statutes. **IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (904) 530-6090, RECORDS@NASSAUCOUNTYFL.COM, 96135 NASSAU PLACE, SUITE 6, YULEE, FLORIDA 32097.** Under this Agreement, to the extent that the Vendor is providing services to the County, and pursuant to Section 119.0701, Florida Statutes, the Vendor shall:

- a. Keep and maintain public records required by the public agency to perform the service.
- b. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the agreement term and following completion of the Agreement if the Vendor does not transfer the records to the public agency.
- d. Upon completion of the Agreement, transfer, at no cost, to the public agency all

public records in possession of the Vendor or keep and maintain public records required by the public agency to perform the service. If the Vendor transfers all public records to the public agency upon completion of the Agreement, the Vendor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Vendor keeps and maintains public records upon completion of the Agreement, the Vendor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the County.

- e. A request to inspect or copy public records relating to a Nassau County Agreement must be made directly to the Nassau County Custodian of Public Records. If Nassau County does not possess the requested records due to the Vendor maintaining the public records, then Nassau County shall immediately notify the Vendor of the request for records. The Vendor must provide the records to Nassau County or allow the records to be inspected or copied within a reasonable time. If the Vendor does not comply with Nassau County's request for records, Nassau County shall be entitled to enforce the Agreement provisions herein for failure to comply with the terms of the Agreement. Any Vendor which fails to provide public records to Nassau County within a reasonable time may also be subject to penalties as provided under Section 119.10, Florida Statutes, including punishment by fine or may be guilty of committing a misdemeanor of the first degree for any willful and knowing violation.
- f. If a civil action is filed against the Vendor to compel production of public records relating to the Agreement, the Court shall assess and award against the Vendor the reasonable costs of enforcement, including reasonable attorney fees if:
  - (a) The Court determines that the Vendor unlawfully refused to comply with the public records request within a reasonable time; and
  - (b) At least eight (8) business days before filing the action, the plaintiff provided written notice of the public records request, including a statement that the Vendor has not complied with the request, to the County and to the Vendor.

- g. A notice complies with this Section, if it is sent to the County's custodian of public records and to the Vendor at the Vendor's address listed on its Agreement with the County or to the Vendor's registered agent. Such notices shall be sent pursuant to Section 11.1 hereinbelow.
- h. If the Vendor complies with a public records request within eight (8) business days after the notice is sent, the Vendor is not liable for the reasonable costs of enforcement.
- i. In reference to any public records requested under this Agreement, the Vendor shall identify and mark specifically any information which the Vendor considers confidential and/or proprietary, inclusive of trade secrets as defined in Section 812.081, Florida Statutes, and which the Vendor believes to be exempt from disclosure, citing specifically the applicable exempting law and including a brief written explanation as to why the cited Statute is applicable to the information claimed as confidential and/or proprietary information. All materials shall be segregated and clearly identified as "EXEMPT FROM PUBLIC DISCLOSURE."
- j. In conjunction with the confidential and/or proprietary information designation, the Vendor acknowledges and agrees that after notice from County, the Vendor shall respond to a notice from the County immediately, but no later than 10 calendar days from the date of notification or the Vendor shall be deemed to have waived and consented to the release of the confidential and/or proprietary designated materials.
- k. The Vendor further agrees that by designation of the confidential/proprietary material, the Vendor shall defend the County (and its employees, agents and elected and appointed officials) against all claims and actions (whether or not a lawsuit is commenced) related to the Vendor's designation of the material as exempt from public disclosure and to hold harmless the County (and its employees, agents and elected and appointed officials) from any award to a plaintiff for damages, costs and attorneys' fees, incurred by the County by reason of any claim or action related to the Vendor's designation of material as exempt from public disclosure.

**SECTION 8. E-Verify.**

**8.1** The Vendor shall comply with Section 448.095, Florida Statutes, and use the United States Department of Homeland Security's E-Verify system ("E-Verify") to verify the employment eligibility of all persons hired by the Vendor during the term of this Agreement to work in Florida. Additionally, if the Vendor uses subcontractors to perform any portion of the work (under this Agreement), the Vendor shall include a requirement in the subcontractor's contract that the subcontractor use E-Verify to verify the employment eligibility of all persons hired by subcontractor to perform any such portion of the work. Answers to questions regarding E-Verify as well as instructions on enrollment may be found at the E-Verify website: [www.uscis.gov/e-verify](http://www.uscis.gov/e-verify).

**8.2** The Vendor shall maintain records of its participation and compliance with the provisions of the E-Verify program, including participation by its subcontractors as provided above, and to make such records available to the County or other authorized entity consistent with the terms of the Vendor's enrollment in the program. This includes maintaining a copy of proof of the Vendor's and subcontractors' enrollment in the E-Verify program. If the Vendor enters into a contract with a subcontractor, the subcontractor shall provide the Vendor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Vendor shall maintain a copy of such affidavit for the duration of the Agreement.

**8.3** Compliance with the terms of the E-Verify program provision is made an express condition of this Agreement and the County may treat a failure to comply as a material breach of the Agreement. If the County terminates the Agreement pursuant to Section 448.095(2)(c), Florida Statutes, the Vendor may not be awarded a public contract for at least one (1) year after the date on which the Agreement was terminated and the Vendor is liable for any additional costs incurred by the County as a result of the termination of this Agreement.

wrongful conduct of the Vendor or any persons employed or utilized by the Vendor, in the performance of this Contract. The Vendor shall, at its own expense, defend any and all such actions, suits, or proceedings which may be brought against the County in connection with the Vendor’s performance under this Contract.

All insurance policies shall be issued by responsible companies who are acceptable to the County and licensed and authorized under the laws of the State of Florida.

**SECTION 14. Independent Vendor Status.**

14.1 The Vendor shall perform the services under this Agreement as an independent contractor and nothing contained herein shall be construed to be inconsistent with this relationship or status. Nothing in this Agreement shall be interpreted or construed to constitute the Vendor or any of its agents or employees to be an agent, employee or representative of the County.

14.2 The Vendor and the County agree that during the term of this Agreement: (a) the Vendor has the right to perform services for others; (b) the Vendor has the right to perform the services required by this Agreement; and (c) the Vendor has the right to hire assistants as subcontractors, or to use employees to provide the services required by this Agreement.

**SECTION 15. Taxes, Liens, Licenses and Permits.**

15.1 The Vendor recognizes that the County, by virtue of its sovereignty, is not required to pay any taxes on the services or goods purchased under the terms of this Agreement. As such, the Vendor shall refrain from including taxes in any billing. The Vendor is placed on notice that this exemption generally does not apply to nongovernmental entities, contractors, or subcontractors. Any questions regarding this tax exemption shall be addressed to the County Manager.

15.2 The Vendor shall secure and maintain all licenses and permits required to perform the services under this Agreement and to pay any and all applicable sales or use tax, or any other tax or assessment which shall be imposed or assessed by any and all governmental authorities, required under this Agreement, and to meet all federal, state, county and municipal laws, ordinances, policies and rules.

**TERMS AND CONDITIONS APPLICABLE TO  
LEASING OF GENERAL PURPOSE COMMERCIAL  
INFORMATION TECHNOLOGY PRODUCTS  
(SPECIAL ITEM NUMBER 532420L)**

**1. GLOSSARY OF DEFINITIONS**

- a. **“Documentation”** shall mean Manufacturer’s then current help guides, specifications and operating manuals issued by Manufacturer and made generally available by Manufacturer for its (software or hardware) Products whether on-line or in hard copy.
- b. **“Products”** shall mean the computer hardware or software identified on the Schedule Contract Pricelist to this schedule pricelist.
- c. **“Termination Ceiling”** is the limit on the amount that a Contractor may be paid by the Ordering Activity on the Termination for Convenience of a lease.

**2. LEASE TYPES**

The Ordering Activity will consider proposals for the following lease types:

- a. Lease to Ownership,
- b. Lease with Option to Own, and
- c. Step Lease.

Orders for leased Products must specify the leasing type.

**3. OPTION 1**

a. STATEMENT

- i. It is understood by all parties to this contract that orders issued under this SIN shall constitute a lease arrangement. Unless the Ordering Activity intends to obligate other than annual appropriations to fund the lease, the base period of the lease is from the date of the Product acceptance through September 30 of the fiscal year in which the order is placed.
- ii. Agencies are advised to follow the guidance provided in Federal Acquisition Regulation (FAR) Subpart 7.4 Product Lease or Purchase and OMB Circular A-11. Agencies are responsible for the obligation of funding consistent with all applicable legal principles when entering into any lease arrangement.

b. FUNDING AND PERIODS OF LEASING ARRANGEMENTS

- i. Annual Funding. When annually appropriated funds are cited on an order for leasing, the following applies:
  - 1. The base period of an order for any lease executed by the Ordering Activity shall be for the duration of the fiscal year. All Ordering Activity renewal options under the lease shall be specified in the delivery order. All orders for leasing shall remain in effect through September 30 of the fiscal year or the planned expiration date of the lease, whichever is earlier, unless the Ordering Activity exercises its rights hereunder to acquire title to the Product prior to the planned expiration date or

unless the Ordering Activity exercises its right to terminate under FAR 52.212-4. Orders under the lease shall not be deemed to obligate succeeding fiscal year’s funds or to otherwise commit the Ordering Activity to a renewal.

- 2. All orders for leasing shall automatically terminate on September 30, unless the Ordering Activity notifies the Contractor in writing thirty (30) calendar days prior to the expiration of such orders of the Ordering Activity’s intent to renew. Such notice to renew shall not bind the Ordering Activity. The Ordering Activity has the option to renew each year at the original rate in effect at the time the order is placed. This rate applies for the duration of the order. If the Ordering Activity exercises its option to renew, the renewal order, shall be issued within 15 days after funds become available for obligation by the Ordering Activity, or as specified in the initial order. No termination fees shall apply if the Ordering Activity does not exercise an option.

- ii. Crossing Fiscal Years Within Contract Period. Where an Ordering Activity has specific authority to cross fiscal years with annual appropriations, the Ordering Activity may place an order under this option to lease Product for a period up to the expiration of its period of appropriation availability, or twelve months, whichever occurs later, notwithstanding the intervening fiscal years.

c. DISCONTINUANCE AND TERMINATION

Notwithstanding any other provision relating to this SIN, the Ordering Activity may terminate Products leased under this agreement, at any time during a fiscal year in accordance with the termination provisions contained in FAR 52.212-4. (l) Termination for the Ordering Activity’s convenience, or (m) Termination for cause. Additionally, no termination for cost or fees shall be charged for non-renewal of an option.

**4. OPTION 2**

To the extent an Offeror wishes to propose alternative lease terms and conditions that provide for lower discounts/prices based on the Ordering Activity’s stated intent to fulfill the projected term of a lease including option years, while at the same time including separate charges for early end of the lease, the following terms apply. These terms address the timing and extent of the Ordering Activity’s financial obligation including any potential charges for early end of the lease.

a. LEASING PRICE LIST NOTICE:

Contractors must include the following notice in their contract price list for SIN 532420L:

“The ordering activity is responsible for the obligation of funds consistent with applicable law. Agencies are advised to review the lease terms and conditions contained in this price list prior to ordering and obligating funding for a lease.”

b. STATEMENT OF ORDERING ACTIVITY INTENT:

- i. The Ordering Activity and the Contractor understand that a delivery order issued pursuant to this SIN is a lease arrangement and contemplates the use of the Product for the term of the lease specified in such delivery order (the "Lease Term"). In that regard, the Ordering Activity, as lessee, understands that the lease provisions contained herein and the rate established for the delivery order are premised on the Ordering Activity's intent to fulfill that agreement, including acquiring products for the period of time specified in the order. Each lease hereunder shall be initiated by a delivery order, which shall, either through a statement of work or other attachment, specify the Product being leased, and the required terms of the transaction.
- ii. Each Ordering Activity placing a delivery order under the terms of this option intends to exercise each renewal option and to extend the lease until completion of the Lease Term so long as the need of the Ordering Activity for the Product or functionally similar Product continues to exist and funds are appropriated. Contractor may request information from the Ordering Activity concerning the essential use of the Products.

c. LEASE TERM:

- i. The date on which the Ordering Activity accepts the Products is the Commencement Date of the lease.
- ii. The Contractor shall only deliver those items ordered that substantially conform to the requirements of this contract and the applicable Documentation. Therefore, Products delivered shall be deemed accepted upon delivery to Ordering Activity's designated receiving facility. The Ordering Activity reserves the right to inspect or test any Product that has been delivered. The Ordering Activity may require repair or replacement of nonconforming Products at no increase in contract price. The Ordering Activity must exercise its post-acceptance rights (1) within the applicable warranty period; and (2) before any substantial change occurs in the condition of the Product, unless the change is due to the defect in the Product.
- iii. Any lease is executed by the Ordering Activity on the basis that the known requirement for such Product exceeds the initial base period of the delivery order, which is typically 12 months, or for the remainder of the fiscal year. Pursuant to FAR 32.703-3(b), delivery orders with options to renew that are funded by annual (fiscal year) appropriations may provide for initial base periods and option periods that cross fiscal years as long as the initial base period or each option period does not exceed a 12-month period. Defense agencies must also consider DOD FAR supplement (DFAR) 232.703-3(b) in determining whether to use cross fiscal year funding. This cross fiscal year authority does not apply to multi-year leases.
- iv. The total Lease Term will be specified in each delivery order, including any relevant renewal options of the Ordering Activity. All delivery

orders, whether for the initial base period or renewal period, shall remain in effect through September 30 of the fiscal year (unless extended by statute), through any earlier expiration date specified in the delivery order, or until the Ordering Activity exercises its rights hereunder to acquire title to the Product prior to such expiration date. The Ordering Activity, at its discretion, may exercise each option to extend the term of the lease through the lease term. Renewal delivery orders shall not be issued for less than all of the Product(s) set forth in the original delivery order. Delivery orders under this SIN shall not be deemed to obligate succeeding fiscal year funds. The Ordering Activity shall provide the Contractor with written notice of exercise of each renewal option as soon as practicable. Notice requirements may be negotiated on an order-by-order basis.

- v. Where an Ordering Activity's specific appropriation or procurement authority provides for contracting beyond the fiscal year period, the Ordering Activity may place a delivery order for a period up to the expiration of the Lease Term, or to the expiration of the period of availability of the multi-year appropriation, or whatever is appropriate under the applicable circumstance.

d. LEASE TERMINATION:

- i. The Ordering Activity must elect the Lease Term of the relevant delivery order. The Contractor (and assignee, if any) will rely on the Ordering Activity's representation of its intent to fulfill the full Lease Term to determine the monthly lease payments calculated herein.
  1. The Ordering Activity may terminate or not renew leases under this option at no cost, pursuant to a Termination for Non-Appropriation as defined herein (see paragraph iii below). In any other event, the Ordering Activity's contracting officer may either terminate the relevant delivery order for cause or Termination for Convenience in accordance with FAR 52.212-4 paragraphs (l) and (m).
  2. The Termination for Convenience at the end of a fiscal year allows for separate charges for the early end of the lease (see paragraph iv below). In the event of termination for the convenience of the Ordering Activity, the Ordering Activity may be liable only up to the amount beyond the order's Termination Ceiling. Any termination charges calculated under the Termination for Convenience clause must be determined or identified in the delivery order or in the lease agreement.
- ii. Termination for Convenience of the Ordering Activity: Leases entered into under this option may not be terminated except by the Ordering Activity's contracting office responsible for the delivery order in accordance with FAR 52.212-4, Contract Terms and Conditions-Commercial Items, paragraph (l), *Termination for Convenience*

of the Ordering Activity. The costs charged to the Ordering Activity as the result of any Termination for Convenience of the Ordering Activity must be reasonable and may not exceed the sum of the fiscal year's payment obligations less payments made up to the date of termination plus the Termination Ceiling.

- iii. Termination for Non-Appropriation: The Ordering Activity reasonably believes that the bona fide need will exist for the entire Lease Term and corresponding funds in an amount sufficient to make all payment for the Lease Term will be available to the Ordering Activity. Therefore, it is unlikely that leases entered into under this option will terminate prior to the full Lease Term. Nevertheless, the Ordering Activity's contracting officer may terminate or not renew leases at the end of any initial base period or option period under this paragraph if (a) it no longer has a bona fide need for the Product or functionally similar Product; or (b) there is a continuing need, but adequate funds have not been made available to the Ordering Activity in an amount sufficient to continue to make the lease payments. If this occurs, the Ordering Activity will promptly notify the Contractor, and the Product lease will be terminated at the end of the last fiscal year for which funds were appropriated. Substantiation to support a termination for non-appropriation shall be provided to the Contractor upon request.
- iv. Termination Charges: At the initiation of the lease, Termination Ceilings will be agreed upon between Contractor and Ordering Activity for each year of the Lease Term. No claim will be accepted for future costs: supplies, maintenance, usage charges or interest expense beyond the date of termination. In accordance with the bona fide needs rule, all termination charges must reasonably represent the value the Ordering Activity received for the work performed based upon the shorter lease term. No Termination for Convenience costs will be associated with the expiration of the lease term.
- v. At the order level, the Ordering Activity may, consistent with legal principles, negotiate lower monthly payments or rates based upon appropriate changes to the termination conditions in this section.

## ***LEASE PROVISIONS COMMON TO ALL TYPES OF LEASE AGREEMENTS***

### **1. ORDERING PROCEDURES:**

- a. When an Ordering Activity expresses an interest in leasing a Product(s), the Ordering Activity will provide the following information to the prospective Contractor:
  - (i) Which Product(s) is (are) required.
  - (ii) The required delivery date.
  - (iii) The proposed lease plan and term of the lease.
  - (iv) Where the Product will be located.
  - (v) Description of the intended use of the Product.
  - (vi) Source and type of appropriations to be used.
- b. The Contractor will respond with:
  - (i) Whether the Contractor can provide the required Product.

- (ii) The estimated residual value of the Product (Lease with Option to Own and Step Lease only).
- (iii) The monthly payment based on the rate.
- (iv) The estimated cost, if any, of applicable State or local taxes. State and local personal property taxes are to be estimated as separate line items in accordance with FAR 52.229-1, which may be identified and added to the monthly lease payment.
- (v) A confirmation of the availability of the Product on the required delivery date.
- (vi) Extent of warranty coverage, if any, of the leased Products.
- (vii) The length of time the quote is valid.

- c. The Ordering Activity may issue a delivery order to the Contractor based on the information set forth in the Contractor's quote. In the event that the Ordering Activity does not issue a delivery order within the validity period stated in the Contractor's quote letter, the quote shall expire.

### **2. ASSIGNMENT OF CLAIMS:**

GSAR 552.232-23, Assignment of Claims, is incorporated herein by reference as part of these lease provisions. The Ordering Activity's contracting officer will acknowledge the assignment of claim for a lease in accordance with FAR 32.804-5. The extent of the assignee's protection is in accordance with FAR 32.804. Any setoff provision must be in accordance with FAR 32.803.

### **3. PEACEFUL POSSESSION AND UNRESTRICTED USE:**

In recognition of the types of Products available for lease and the potential adverse impact to the Ordering Activity's mission, the Ordering Activity's quiet and peaceful possession and unrestricted use of the Product shall not be disturbed in the event the Product is sold by the Contractor, or in the event of bankruptcy of the Contractor, corporate dissolution of the Contractor, or other event. The Product shall remain in the possession of the Ordering Activity until the expiration of the lease. Any assignment, sale, bankruptcy, or other transfer of the leased Product by the Contractor will not relieve the Contractor of its obligations to the Ordering Activity, and will not change the Ordering Activity's duties or increase the burdens or risks imposed on the Ordering Activity.

### **4. COMMENCEMENT OF LEASE:**

The date on which the Ordering Activity accepts the products is the Commencement Date of the lease. Acceptance is as defined as set forth in Section 4c(ii) above, or as further specified in an order.

### **5. INSTALLATION AND MAINTENANCE:**

- a. Installation and Maintenance, when applicable, normally are not included in the charge for leasing. The Contractor may require the Ordering Activity to obtain installation and maintenance services from a qualified source. The Ordering Activity may obtain installation and/or maintenance on the open market, from the Contractor's schedule contract, or from other sources. The Ordering Activity may also perform installation and/or maintenance in house, if qualified resources exist. In any event, it is the responsibility of the Ordering Activity to ensure that maintenance is in effect for the Lease term for all Products leased.
- b. When installation and/or maintenance are ordered under this schedule to be performed by the Contractor, the payments, terms and conditions as stated in this contract apply. The

rates and terms and conditions in effect at the time the order is issued shall apply during any subsequent renewal period of the lease. The maintenance rates and terms and conditions may be added to the lease payments with mutual agreement of the parties.

## **6. MONTHLY PAYMENTS:**

- a. Prior to the placement of an order under this Special Item Number, the Ordering Activity and the Contractor must agree on a "base value" for the Products to be leased. For Lease to Ownership (Capital Lease) the base value will be the contract purchase price (less any discounts). For Lease with Option to Own (Operating Lease), the base value will be the contract purchase price (less any discounts), less a mutually agreed upon residual value (pre-stated purchase option price at the conclusion of the lease) for the Products. The residual value will be used in the calculation of the original lease payment, lease extension payments, and the purchase option price.
- b. To determine the initial lease term payment, the Contractor agrees to apply the negotiated lease factor to the agreed upon base value: 500 basis points.

For Example: Lease factor one (1) percent over the rate for the three-year (or other term) Treasury Bill (T-bill) at the most current U. S. Treasury auction.

The lease payment may be calculated by using a programmed business calculator or by using "rate" functions provided in commercial computer spreadsheets (e.g., Lotus 1-2-3, Excel).

- c. For any lease extension, the extension lease payment will be based on the original residual value, in lieu of the purchase price. The Ordering Activity and the Contractor shall agree on a new residual value based on the estimated fair market price at the end of the extension. The formula to determine the lease payment will be that in 6.b. above.
- d. The purchase option price will be the fair market value of the Product or payment will be based upon the unamortized principle, as shown on the payment schedule as of the last payment prior to date of transfer of ownership, whichever is less.

NOTE: At the order level, Ordering Activity may elect to obtain a lower rate for the lease by setting the purchase option price as either, the fair market value of the Product or unamortized principle. The methodology for determining lump sum payments may be identified in the pricelist.

- e. The point in time when monthly rates are established is subject to negotiation and evaluation at the order level. In the event the Ordering Activity desires, at any time, to acquire title to Product leased hereunder, the Ordering Activity may make a one-time lump sum payment.

## **7. LEASE END/DISCONTINUANCE OPTIONS:**

- a. Upon the expiration of the Lease Term, Termination for Convenience, or Termination for Non-Appropriation, the Ordering Activity will return the Product to the Contractor unless the Ordering Activity by 30 days written notice elects either:
- (i) to purchase the Product for the residual value of the Product, or
  - (ii) to extend the term of the Lease, as mutually agreed. To compute the lease payment, the residual value from the preceding lease shall be the initial value of the leased

Product. A new residual value shall be negotiated for the extended lease and new lease payments shall be computed.

- b. Relocation - The Ordering Activity may relocate Products to another location within the Ordering Activity's facilities with prior written notice. No other transfer, including sublease, is permitted. Ordering Activity shall not assign, transfer or otherwise dispose of any Products, or any interest therein, or crate or suffer any levy, lien or encumbrance then except those created for the benefit of Contractor or it's assigns.

- c. Returns:
- (i) Within fourteen (14) days after the date of expiration, non-renewal or termination of a lease, the Ordering Activity shall, at its own risk and expense, have the Products packed for shipment in accordance with Manufacturer's specifications and return the Products to Contractor at the location specified by Contractor in the continental US, in the same condition as when delivered, ordinary wear and tear excepted. Any expenses necessary to return the Products to good working order shall be at Ordering Activity's expense.

(ii) The Contractor shall conduct a timely inspection of the returned products and within 45 days of the return, assert a claim if the condition of the Product exceeds normal wear and tear.

(iii) Product will be returned in accordance with the terms of the contract and in accordance with Contractor instruction.

(iv) With respect to software Products, the Ordering Activity shall state in writing to the Contractor that it has:

- (1) deleted or disabled all files and copies of the software from the equipment on which it was installed;
- (2) returned all software Documentation, training manuals, and physical media on which the software was delivered; and
- (3) has no ability to use the returned software.

## **8. UPGRADES AND ADDITIONS:**

- a. The Ordering Activity may affix or install any accessory, addition, upgrade, product or device on the Product ("additions") provided that such additions:
- (1) can be removed without causing material damage to the Product;
  - (2) do not reduce the value of the Product; and
  - (3) are obtained from or approved by the Contractor, and are not subject to the interest of any third-party other than the Contractor.
- b. Any other additions may not be installed without the Contractor's prior written consent. At the end of the lease term, the Ordering Activity shall remove any additions which:
- (1) were not leased from the Contractor, and
  - (2) are readily removable without causing material damage or impairment of the intended function, use, or value of the Product, and restore the Product to its original configuration.
- c. Any additions that are not so removable will become the Contractor's property (lien free).
- d. Leases of additions and upgrades must be co-terminus with that of the Product.

**9. RISK OF LOSS OR DAMAGE:**

The Ordering Activity is relieved from all risk of loss or damage to the Product during periods of transportation, installation, and during the entire time the Product is in possession of the Ordering Activity, except when loss or damage is due to the fault or negligence of the Ordering Activity. The Ordering Activity shall assume risk of loss or damage to the Product during relocation, (i.e., moving the product from one Ordering Activity location to another Ordering Activity location), unless the Contractor shall undertake such relocation.

**10. TITLE:**

During the lease term, Product shall always remain the property of the Contractor. The Ordering Activity shall have no property right or interest in the Product except as provided in this leasing agreement and shall hold the Product subject and subordinate to the rights of the Contractor. Software and software licenses shall be deemed personal property. The Ordering Activity shall have no right or interest in the software and related Documentation except as provided in the license and the lease. Upon the Commencement Date of the Lease Term, the Ordering Activity shall have an encumbered license to use the software for the Lease Term. The Ordering Activity's encumbered license rights in the software will be subject to the same rights as provided to a purchaser of a license under the terms of this contract except that the Ordering Activity will not have an unencumbered, paid-up license until it has made all lease payments for the full Lease Term in the case of an Lease To Ownership or has otherwise paid the applicable purchase option price.

**11. TAXES:**

The lease payments, purchase option prices, and interest rates identified herein exclude all state and local taxes levied on or measured by the contract or sales price of the Product furnished hereunder. The Ordering Activity will be invoiced for any such taxes as Contractor receives such tax notices or assessments from the applicable local taxing authority. Pursuant to the provisions of FAR 52.229-1 (Deviation – May 2003), State and Local Taxes, the Ordering Activity agrees to pay tax or provide evidence necessary to support an exemption from the tax.

**12. OPTION TO PURCHASE EQUIPMENT (FEB 1995) (FAR 52.207-5)**

- a. The Ordering Activity may purchase the Product provided on a lease or rental basis under this contract. The Contracting Officer may exercise this option only by providing a unilateral modification to the Contractor. The effective date of the purchase will be specified in the unilateral modification and may be any time during the period of the contract, including any extensions thereto.
- b. Except for final payment and transfer of title to the Ordering Activity, the lease or rental portion of the contract becomes complete and lease or rental charges shall be discontinued on the day immediately preceding the effective date of purchase specified in the unilateral modification required in paragraph (a) of this clause.
- c. The purchase conversion cost of the Product shall be computed as of the effective date specified in the unilateral modification required in paragraph (a) of this clause, on the basis of the purchase price set forth in the contract, minus the total purchase option credits accumulated during the

period of lease or rental, calculated by the formula contained elsewhere in this contract.

- d. The accumulated purchase option credits available to determine the purchase conversion cost will also include any credits accrued during a period of lease or rental of the Product under any previous Government contract if the equipment has been on continuous lease or rental. The movement of equipment from one site to another site shall be "continuous rental."

Provided, however, that the Ordering Activity shall only be entitled to a lower price if the installation date is no longer than thirty (30) days after the date of order placement.

**9. RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

**10. TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT**

When an Ordering Activity determines that Information Technology Equipment will be replaced, the Ordering Activity shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).

1. Software Maintenance as a Product (SIN 511210 or SIN 511210)

Software maintenance as a product includes the publishing of bug/defect fixes via patches and updates/upgrades in function and technology to maintain the operability and usability of the software product. It may also include other no charge support that is included in the purchase price of the product in the commercial marketplace. No charge support includes items such as user blogs, discussion forums, on-line help libraries and FAQs (Frequently Asked Questions), hosted chat rooms, and limited telephone, email and/or web-based general technical support for user’s self diagnostics.

Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance as a service.

Software Maintenance as a product is billed at the time of purchase.

2. Software Maintenance as a Service (SIN 54151)

- e. Ordering Activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses and/or maintenance will be required if the term licenses and/or maintenance is to be continued during the subsequent period.

#### **7. CONVERSION FROM TERM LICENSE TO PERPETUAL LICENSE**

Conversion from term licenses to perpetual licenses for any or all Software is not available under the scope of this contract.

Contractor and its Manufacturers reserve all rights in and to the Software and Documentation not expressly granted to Ordering Activity herein.
  - (2) United States Government Legends. The Software, Documentation and any other technical data provided hereunder is commercial in nature and developed solely at private expense. The Software is delivered as "Commercial Computer Software" as defined in DFARS 252.227-7014 (June 1995) or as a "Commercial Item" as defined in FAR 2.101(a) and as such is provided with only such rights as are provided in Manufacturer's standard commercial license for the Software. Technical data is provided with limited rights only as provided in DFAR 252.227-7015 (Nov. 1995) or FAR 52.227-14 (June 1987), whichever is applicable.

Contractor grants Ordering Activity only those utilization rights (and reserves the same utilization limitations) as specified in the applicable Manufacturer's commercial license terms, a description of which is set forth on Attachment A to this schedule pricelist and incorporated herein.

Notwithstanding the forgoing, Contractor acknowledges and agrees that Ordering Activity shall have the minimum restricted rights as set forth in b(4) below.

- (3) Except as is provided in paragraph 8.b(2) above, the Ordering Activity shall not provide or otherwise make available the Software or Documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the Ordering Activity who have the Ordering Activity's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed Software and Documentation only in accordance with these restrictions. This provision does not limit the right of the Ordering activity to use Software, Documentation, or information therein, which the Ordering Activity may already have or obtains without restrictions.

- (4) The Ordering Activity shall have the right to use the computer Software and Documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of Disaster Recovery, the Ordering Activity has the right to transfer the Software to another site if the Ordering Activity site for which it is acquired is deemed to be unsafe for Ordering Activity personnel; to use the computer Software and Documentation with a backup computer when the primary computer is inoperative; and to copy computer Software for safekeeping (archive) or backup purposes; to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.
- (5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.
- (6) The Software and Documentation hereunder is offered by the Contractor under licenses customarily provided to the public. The Contractor does not furnish technical information related to commercial computer Software (or commercial computer software Documentation) that is not customarily provided to the public. Further, the Contractor does not relinquish rights to use, modify, reproduce, release, perform, display, or disclose commercial computer Software (or commercial computer Software Documentation) except as mutually agreed to by the parties. See 48 CFR 12.212.
- (7) **Nondisclosure.** Ordering Activity may have access to information that is confidential to Contractor or its Manufacturers ("Confidential Information"). Confidential Information shall include any information that is clearly identified in writing at the time of disclosure as confidential as well as any information that, based on the circumstances under which it was disclosed, a reasonable person would believe to be confidential. Contractor's Confidential Information shall include, but not be limited to, the Software, Documentation, all materials provided to Ordering Activity in the course of performing Maintenance Services hereunder, formulas, methods, know how, processes, designs, new products, developmental work, marketing requirements, marketing plans, customer names, prospective customer names, and the terms and pricing hereunder, regardless of whether such information is identified as confidential. Confidential Information includes all information received from third parties that Contractor is obligated to treat as confidential.

Confidential Information shall not include information that (i) is or becomes a part of the public domain through no act or omission of the other party; (ii) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (iii) is lawfully disclosed to the other party by a third party without restriction on disclosure; (iv) is independently developed by the other party without use of or reference to the other party's Confidential Information. In addition, if Ordering Activity recommends to Contractor additional features,

functionality, or performance or if Contractor retains generalized information hereunder that Contractor or its Manufacturer subsequently incorporates into its product or service offerings, then with respect to such recommendations and information, Ordering Activity hereby (a) grants Contractor a worldwide, non-exclusive, royalty-free, perpetual right and license to use and incorporate such recommendations and such information into such offerings, and (b) acknowledges that all right and title to such offerings incorporating such recommendations and information shall be the sole and exclusive property of Contractor or its Manufacturer and all such recommendations and information shall be free from any confidentiality restrictions that might otherwise be imposed upon Contractor pursuant to this section.

Further, this section will not be construed to prohibit disclosure of Confidential Information to the extent that such disclosure is required by law or valid order of a court or other governmental authority.

Ordering Activity shall not disclose the results of any performance tests of the Software to any third party without Contractor's prior written approval. Ordering Activity agrees to hold Confidential Information in confidence and to take all reasonable steps to ensure that Confidential Information is not disclosed or distributed by its employees or agents in breach of these Terms and Conditions.

- (8) **Verification.** At Contractor's written request, but not more frequently than annually, Ordering Activity shall furnish Contractor with a document signed by Ordering Activity's authorized representative verifying that the Software is being used pursuant to the provisions of this contract. To the extent permitted by and subject to an Ordering Activity's security requirements (including, but not limited to, use of cleared personnel, badging and other requirements). Contractor reserves the right to audit Ordering Activity's use of the Software no more than once annually at Contractor's expense. Contractor shall schedule any audit at least thirty (30) days in advance. Any such audit shall be conducted during regular business hour at Ordering Activity's facilities and shall not unreasonably interfere with Ordering Activity's business.
- (9) **Intellectual Property Infringement.** If a third party makes a claim against Ordering Activity that the Software directly infringes any patent, copyright, or trademark or misappropriates any trade secret ("IP Claim"); Contractor will (i) assist in defending Ordering Activity against the IP Claim at Contractor's cost and expense, and (ii) pay all costs, damages and expenses (including reasonable legal fees) finally awarded against Ordering Activity by a court of competent jurisdiction or agreed to in a written settlement agreement signed by Contractor arising out of such IP Claim; *provided that:* (i) Ordering Activity promptly notifies Contractor in writing no later than sixty (60) days after Ordering Activity's receipt of notification of a potential claim and (ii) Ordering Activity provides Contractor, at Contractor's request and expense, with the assistance, information and authority necessary to perform Contractor's obligations under this Section. Notwithstanding the foregoing, Contractor shall have no liability for any claim of infringement based on (a) the use of a superseded or altered release of the Software if the infringement would have been avoided by the use

of a current unaltered release of the Software, (b) the modification of the Software, (c) the use of the Software other than in accordance with the Documentation or this contract, or (d) any materials or information provided to Contractor by Ordering Activity, for which Ordering Activity shall be solely responsible.

If the Software is held to infringe or are believed by Contractor to infringe, Contractor shall have the option, at its expense, to (a) replace or modify the Software to be non-infringing, or (b) obtain for Ordering Activity a license to continue using the Software. If it is not commercially reasonable to perform either of the foregoing options, then Contractor may terminate the Program license for the infringing Software and refund the license fees paid for the Software upon return of the Software by Ordering Activity. This section states Contractor's entire liability and Ordering Activity's exclusive remedy for any claim of infringement.

- (10) **Delivery.** All Software and Documentation provided by Contractor hereunder shall be deemed to be delivered by Contractor: 1) Upon physical delivery, or 2) Once the Software is made available to Ordering Activity via electronic download by provision of a license key, link to a website, FTP site or similar site from which the Ordering Activity can electronically download or otherwise access the Software and Documentation.

#### **10. SOFTWARE CONVERSIONS - (SIN 511210 AND SIN 511210)**

---

Conversion from one version of the Software to another such as the result of a change in operating system, or from one computer system to another is not available under the scope of the contract.

Outside the scope of this contract, the Ordering Activity may contact the Manufacturer directly to discuss the permissibility, costs and operation of such conversion(s). Contractor agrees to reasonably assist Ordering Activity in this regard.

#### **11. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY**

---

For information concerning supported hardware or compatibility requirements the Ordering Activity is advised to contact the Contractor or the applicable Manufacturer.

#### **12. RIGHT-TO-COPY PRICING**

---

Right-to-copy license pricing is not available under the scope of this contract unless specifically specified in the pricelist. The Ordering Activity must contact the Manufacturer directly to discuss the applicability and associated costs of right-to-copy pricing.

**TERMS AND CONDITIONS APPLICABLE TO  
PURCHASE OF CLOUD COMPUTING SERVICES  
(SPECIAL ITEM NUMBER 518210C)**

**1. SCOPE**

The prices, terms and conditions stated under Special Item Number (SIN) 518210C Cloud Computing Services apply exclusively to Cloud Computing Services within the scope of this Information Technology Schedule.

This SIN provides ordering activities with access to technical services that run-in cloud environments and meet the NIST Definition of Cloud Computing Essential Characteristics. Services relating to or impinging on cloud that do not meet all NIST essential characteristics should be listed in other SINs.

The scope of this SIN is limited to cloud capabilities provided entirely as a service. Hardware, software and other artifacts supporting the physical construction of a private or other cloud are out of scope for this SIN. Currently, an Ordering Activity can procure the hardware and software needed to build on premise cloud functionality, through combining different services on other IT Schedule 70 SINs (e.g. 54151S).

Sub-categories in scope for this SIN are the three NIST Service Models: Software as a Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Offerors may optionally select a single sub-category that best fits a proposed cloud service offering. Only one sub-category may be selected per each proposed cloud service offering. Offerors may elect to submit multiple cloud service offerings, each with its own single sub-category. The selection of one of three sub-categories does not prevent Offerors from competing for orders under the other two sub-categories.

See service model guidance for advice on sub-category selection.

Sub-category selection within this SIN is optional for any individual cloud service offering, and new cloud computing technologies that do not align with the aforementioned three sub-categories may be included without a sub-category selection so long as they comply with the essential characteristics of cloud computing as outlined by NIST.

See Table 1 for a representation of the scope and sub-categories.

**Table 1: Cloud Computing Services SIN**

<p><sup>1</sup> Offerors may optionally select the single sub-category that best fits each cloud service offering, per Service Model Guidance, or select no sub-category if the offering does not fit an existing NIST service model.</p>	

**2. DESCRIPTION OF CLOUD COMPUTING SERVICES AND PRICING**

**a. Service Description Requirements for Listing Contractors**

The description requirements below are in addition to the overall Schedule 70 evaluation criteria described in SCP-FSS-001-N Instructions Applicable to New Offerors (Alternate I – MAR 2016) or SCP-FSS-001-S Instructions Applicable to Successful FSS Program Contractors, as applicable, SCP-FSS-004 and other relevant publications.

Refer to overall Schedule 70 requirements for timelines related to description and other schedule updates, including but not limited to clauses 552.238-81 – section E and clause I-FSS-600.

Table 2 summarizes the additional Contractor-provided description requirements for services proposed under the Cloud Computing Services SIN. All mandatory description requirements must be complete, and adequate according to evaluation criteria.

In addition, there is one "Optional" reporting description which exists to provide convenient service selection by relevant criteria. Where provided, optional description requirements must be complete and adequate according to evaluation criteria:

(1) The NIST Service Model provides sub-categories for the Cloud SIN and is strongly encouraged, but not required. The Service Model based sub-categories provide this SIN with a structure to assist ordering activities in locating and comparing services of interest. Contractors may optionally select the single service model most closely corresponding to the specific service offering.

(2) If a sub-category is selected it will be evaluated with respect to the NIST Service Model definitions and guidelines in "Guidance for Contractors".

1	Provide a brief written description of how the proposed cloud computing services satisfies each individual essential NIST Characteristic	Mandatory	The cloud service must be capable of satisfying each of the five NIST essential Characteristics as outlined in NIST Special Publication 800-145. See 'GUIDANCE FOR CONTRACTORS: NIST

#	Descriptions Requirement	Reporting Type	Instructions
			Essential Characteristics' below in this document for detailed overall direction, as well as guidance on inheriting essential characteristics.
2	Select NIST deployment models for the cloud computing service proposed.	Mandatory	Contractors must select at least one NIST deployment model as outlined in NIST Special Publication 800- 145 describing how the proposed cloud computing service is deployed. Select multiple deployment models if the service is offered in more than one deployment model. See 'GUIDANCE FOR CONTRACTORS: NIST Deployment Model' below in this document for detailed direction on how to best categorize a service for the NIST deployment models.
3	Optionally select the most appropriate NIST service model that will be the designated sub-category or may select no sub-category.	Optional	Contractor may select a single NIST Service model to sub-categorize the service as outlined in NIST Special Publication 800-145. Sub-category selection is optional but recommended. See 'GUIDANCE FOR CONTRACTORS: NIST Service Model' below in this document for detailed direction on how to best categorize a service for the NIST IaaS, PaaS, and SaaS service models.

**b. Pricing of Cloud Computing Services**

All current pricing requirements for Schedule 70, including provision SCP-FSS-001-N (Section III Price Proposal), SCP-FSS-001-S, SCP-FSS-004 (Section III Price Proposal), and clause I-FSS-600 Contract Price Lists, apply. At the current time there is no provision for reducing or eliminating standard price list posting requirements to accommodate rapid cloud price fluctuations.

In addition to standard pricing requirements, all pricing models must have the core capability to meet the NIST Essential Cloud Characteristics, particularly with respect to on-demand self-service, while allowing alternate variations at the task order level at agency discretion, pursuant to the guidance on NIST Essential Characteristics.

**3. RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character.

**a. Acceptance Testing**

Any required Acceptance Test Plans and Procedures shall be negotiated by the Ordering Activity at task order level. The Contractor shall perform acceptance testing of the systems for Ordering Activity approval in accordance with the approved test procedures.

**b. Training**

If training is provided commercially the Contractor shall provide normal commercial installation, operation, maintenance, and engineering interface training on the system. Contractor is responsible for indicating if there are separate training charges.

**c. Information Assurance/Security Requirements**

The contractor shall meet information assurance/security requirements in accordance with the Ordering Activity requirements at the Task Order level.

**d. Related Professional Services**

The Contractor is responsible for working with the Ordering Activity to identify related professional services and any other services available on other SINs that may be associated with deploying a complete cloud solution. Any additional substantial and ongoing professional services related to the offering such as integration, migration, and other cloud professional services are out of scope for this SIN.

**e. Performance of Cloud Computing Services**

The Contractor shall respond to Ordering Activity requirements at the Task Order level with proposed capabilities to Ordering Activity performance specifications or indicate that only standard specifications are offered. In all cases the Contractor shall clearly indicate standard service levels, performance and scale capabilities.

The Contractor shall provide appropriate cloud computing services on the date and to the extent and scope agreed to by the Contractor and the Ordering Activity.

**f. Reporting**

The Contractor shall respond to Ordering Activity requirements and specify general reporting capabilities available for the Ordering Activity to verify performance, cost and availability. In accordance with commercial practices, the Contractor may furnish the Ordering Activity/user with a monthly summary Ordering Activity report.

**4. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

The Ordering Activity is responsible for indicating the cloud computing services requirements unique to the Ordering Activity. Additional requirements should not contradict existing SIN or IT Schedule 70 Terms and Conditions. Ordering Activities should include (as applicable) Terms & Conditions to address Pricing, Security, Data Ownership, Geographic Restrictions, Privacy, SLAs, etc.

Cloud services typically operate under a shared responsibility model, with some responsibilities assigned to the Cloud Service Provider (CSP), some assigned to the Ordering Activity, and others shared between the two. The distribution of responsibilities will vary between providers and across service models. Ordering activities should engage with CSPs to fully understand and evaluate the shared responsibility model proposed. Federal Risk and Authorization Management Program (FedRAMP) documentation will be helpful regarding the security aspects of

shared responsibilities, but operational aspects may require additional discussion with the provider.

a. **Ordering Activity Information Assurance/Security Requirements Guidance**

(1) The Ordering Activity is responsible for ensuring to the maximum extent practicable that each requirement issued is in compliance with the Federal Information Security Management Act (FISMA) as applicable.

(2) The Ordering Activity shall assign a required impact level for confidentiality, integrity and availability (CIA) prior to issuing the initial statement of work.<sup>1</sup>

The Contractor must be capable of meeting at least the minimum-security requirements assigned against a low-impact information system in each CIA assessment area (per FIPS 200) and must detail the FISMA capabilities of the system in each of CIA assessment area.

(3) Agency level FISMA certification, accreditation, and evaluation activities are the responsibility of the Ordering Activity. The Ordering Activity reserves the right to independently evaluate, audit, and verify the FISMA compliance for any proposed or awarded Cloud Computing Services.

(4) The Ordering Activity has final responsibility for assessing the FedRAMP status of the service, complying with and making a risk-based decision to grant an Authorization to Operate (ATO) for the cloud computing service, and continuous monitoring. A memorandum issued by the Office of Management and Budget (OMB) on Dec 8, 2011 outlines the responsibilities of Executive departments and agencies in the context of FedRAMP compliance.<sup>2</sup>

(5) Ordering activities are responsible for determining any additional information assurance and security related requirements based on the nature of the application and relevant mandates.

b. **Deployment Model**

If a particular deployment model (Private, Public, Community, or Hybrid) is desired, Ordering Activities are responsible for identifying the desired model(s). Alternately, Ordering Activities could identify requirements and assess Contractor responses to determine the most appropriate deployment model(s).

c. **Delivery Schedule**

The Ordering Activity shall specify the delivery schedule as part of the initial requirement. The Delivery Schedule options are found in Information for Ordering Activities Applicable to All Special Item Numbers.

d. **Interoperability**

Ordering Activities are responsible for identifying interoperability requirements. Ordering Activities should clearly delineate requirements for API implementation and standards conformance.

e. **Performance of Cloud Computing Services**

The Ordering Activity should clearly indicate any custom minimum service levels, performance and scale requirements as part of the initial requirement.

f. **Reporting**

The Ordering Activity should clearly indicate any cost, performance or availability reporting as part of the initial requirement.

g. **Privacy**

The Ordering Activity should specify the privacy characteristics of their service and engage with the Contractor to determine if the cloud service is capable of meeting Ordering Activity requirements. For example, a requirement could be requiring assurance that the service is capable of safeguarding Personally Identifiable Information (PII), in accordance with NIST SP 800-1224<sup>3</sup> and OMB memos M-06-16<sup>4</sup> and M-07-16<sup>5</sup>. An Ordering Activity will determine what data elements constitute PII according to OMB Policy, NIST Guidance and Ordering Activity policy.

h. **Accessibility**

The Ordering Activity should specify the accessibility characteristics of their service and engage with the Contractor to determine the cloud service is capable of meeting Ordering Activity requirements. For example, a requirement could require assurance that the service is capable of providing accessibility based on Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d).

i. **Geographic Requirements**

Ordering activities are responsible for specifying any geographic requirements and engaging with the Contractor to determine that the cloud services offered have the capabilities to meet geographic requirements for all anticipated task orders. Common geographic concerns could include whether service data, processes and related artifacts can be confined on request to the United States and its territories, or the continental United States (CONUS).

j. **Data Ownership and Retrieval and Intellectual Property**

Intellectual property rights are not typically transferred in a cloud model. In general, CSPs retain ownership of the Intellectual Property (IP) underlying their services and the customer retains ownership of its intellectual property. The CSP gives the customer a license to use the cloud services for the duration of the contract without transferring rights. The government retains ownership of the IP and data they bring to the customized use of the service as spelled out in the FAR and related materials.

General considerations of data ownership and retrieval are covered under the terms of Schedule 70 and the FAR and other laws, ordinances, and regulations (Federal, State, City, or otherwise). Because of considerations arising from cloud shared responsibility models, ordering activities should engage with the Contractor to develop more cloud-specific understandings of the boundaries between data owned by the government and that owned by the cloud service provider, and the specific terms of data retrieval.

In all cases, the Ordering Activity should enter into an agreement with a clear and enforceable understanding of the boundaries between government and cloud service provider data, and the form, format and mode of delivery for each kind of data belonging to the government.

The Ordering Activity should expect that the Contractor shall transfer data to the government at the government's request at

any time, and in all cases when the service or order is terminated for any reason, by means, in formats and within a scope clearly understood at the initiation of the service. Example cases that might require clarification include status and mode of delivery for:

- Configuration information created by the government and affecting the government’s use of the cloud provider’s service.
- Virtual machine configurations created by the government but operating on the cloud provider’s service.
- Profile, configuration and other metadata used to configure SaaS application services or PaaS platform services.

The key is to determine in advance the ownership of classes of data and the means by which Government owned data can be returned to the Government.

**k. Service Location Distribution**

The Ordering Activity should determine requirements for continuity of operations and performance and engage with the Contractor to ensure that cloud services have adequate service location distribution to meet anticipated requirements. Typical concerns include ensuring that:

- (1) Physical locations underlying the cloud are numerous enough to provide continuity of operations and geographically separate enough to avoid an anticipated single point of failure within the scope of anticipated emergency events.
- (2) Service endpoints for the cloud are able to meet anticipated performance requirements in terms of geographic proximity to service requestors.

Note that cloud providers may address concerns in the form of minimum distance between service locations, general regions where service locations are available, etc.

**l. Related Professional Services**

Ordering activities should engage with Contractors to discuss the availability of limited assistance with initial setup, training and access to the services that may be available through this SIN. Any additional substantial and ongoing professional services related to the offering such as integration, migration, and other cloud professional services are out of scope for this SIN. Ordering activities should consult the appropriate GSA professional services schedule.

**5. GUIDANCE FOR CONTRACTORS**

This section offers guidance for interpreting the Contractor Description Requirements in Table 2, including the NIST essential cloud characteristics, service models and deployment models. This section is not a list of requirements.

Contractor-specific definitions of cloud computing characteristics and models or significant variances from the NIST essential characteristics or models are discouraged and will not be considered in the scope of this SIN or accepted in response to Factors for Evaluation. The only applicable cloud characteristics, service model/subcategories and deployment models for this SIN will be drawn from the NIST 800-145 special publication. Services qualifying for listing as cloud computing services under this SIN must substantially satisfy the essential characteristics of cloud computing as documented in the NIST Definition of Cloud Computing SP 800-145.<sup>6</sup>

Contractors must select deployment models corresponding to each way the service can be deployed. Multiple deployment model designations for a single cloud service are permitted but at least one deployment model must be selected.

In addition, contractors submitting services for listing under this SIN are encouraged to select a sub- category for each service proposed under this SIN with respect to a single principal NIST cloud service model that most aptly characterizes the service. Service model categorization is optional. Both service and deployment model designations must accord with NIST definitions. Guidance is offered in this document on making the most appropriate selection.

**a. NIST Essential Characteristics**

**General Guidance**

NIST’s essential cloud characteristics provide a consistent metric for whether a service is eligible for inclusion in this SIN. It is understood that due to legislative, funding and other constraints that government entities cannot always leverage a cloud service to the extent that all NIST essential characteristics are commercially available. For the purposes of the Cloud SIN, meeting the NIST essential characteristics is determined by whether each essential capability of the commercial service is available for the service, whether or not the Ordering Activity actually requests or implements the capability. The guidance in Table 3 offers examples of how services might or might not be included based on the essential characteristics, and how the Contractor should interpret the characteristics in light of current government contracting processes.

**Table 3: Guidance on Meeting NIST Essential Characteristics**

**Inheriting Essential Characteristics**

Cloud services may depend on other cloud services, and cloud service models such as PaaS and SaaS are able to inherit essential characteristics from other cloud services that support them. For example, a PaaS platform service can inherit the broad network access made available by the IaaS service it runs on, and in such a situation would be fully compliant with the broad network access essential characteristic. Services inheriting essential characteristics must make the inherited characteristic fully available at their level of delivery to claim the relevant characteristic by inheritance.

Inheriting characteristics does not require the inheriting provider to directly bundle or integrate the inherited service, but it does require a reasonable measure of support and identification. For example, the Ordering Activity may acquire an IaaS service from "Provider A" and a PaaS service from "Provider B". The PaaS service may inherit broad network access from "Provider A" but must identify and support the inherited service as an acceptable IaaS provider.

**Assessing Broad Network Access**

Typically, broad network access for public deployment models implies high bandwidth access from the public internet for authorized users. In a private cloud deployment internet access might be considered broad access, as might be access through a dedicated shared high bandwidth network connection from the Ordering Activity, in accord with the private nature of the deployment model.

**Resource Pooling and Private Cloud**

All cloud resource pools are finite, and only give the appearance of infinite resources when sufficiently large, as is sometimes the case with a public cloud. The resource pool supporting a private cloud is typically smaller with more visible limits. A finite pool of resources purchased as a private cloud service qualifies as resource pooling so long as the resources within the pool can be dynamically allocated to the ultimate users of the resource, even though the pool itself appears finite to the Ordering Activity that procures access to the pool as a source of dynamic service allocation.

**b. NIST Service Model**

The Contractor may optionally document the service model of cloud computing (e.g. IaaS, PaaS, SaaS, or a combination thereof), that most closely describes their offering, using the definitions in The NIST Definition of Cloud Computing SP 800-145. The following guidance is offered for the proper selection of service models.

NIST's service models provide this SIN with a set of consistent sub-categories to assist ordering activities in locating and comparing services of interest. Service model is primarily concerned with the nature of the service offered and the staff and activities most likely to interact with the service. Contractors should select a single service model most closely corresponding to their proposed service based on the guidance below. It is understood that cloud services can technically incorporate multiple service models and the intent is to provide the single best categorization of the service.

Contractors should take care to select the NIST service model most closely corresponding to each service offered. Contractors should not invent, proliferate or select multiple cloud service model sub-categories to distinguish their offerings, because ad-hoc categorization prevents consumers from comparing similar offerings. Instead vendors should make full use of the existing NIST categories to the fullest extent possible.

For example, in this SIN an offering commercially marketed by a Contractor as "Storage as a Service" would be properly characterized as Infrastructure as a Service (IaaS), storage being a subset of infrastructure. Services commercially marketed as "LAMP as a Service" or "Database as a Service" would be properly characterized under this SIN as Platform as a Service (PaaS), as they deliver two kinds of platform services. Services commercially marketed as "Travel Facilitation as a Service" or

"Email as a Service" would be properly characterized as species of Software as a Service (SaaS) for this SIN.

However, Contractors can and should include appropriate descriptions (include commercial marketing terms) of the service in the full descriptions of the service's capabilities.

When choosing between equally plausible service model sub-categories, Contractors should consider several factors:

- (1) **Visibility to the Ordering Activity.** Service model sub-categories in this SIN exist to help Ordering Activities match their requirements with service characteristics. Contractors should select the most intuitive and appropriate service model from the point of view of an Ordering Activity.
- (2) **Primary Focus of the Service.** Services may offer a mix of capabilities that span service models in the strict technical sense. For example, a service may offer both IaaS capabilities for processing and storage, along with some PaaS capabilities for application deployment, or SaaS capabilities for specific applications. In a service mix situation, the Contractor should select the service model that is their primary focus. Alternatively, contractors may choose to submit multiple service offerings for the SIN, each optionally and separately subcategorized.
- (3) **Ordering Activity Role.** Contractors should consider the operational role of the Ordering Activity's primary actual consumer or operator of the service. For example, services most often consumed by system managers are likely to fit best as IaaS; services most often consumed by application deployers or developers as PaaS, and services most often consumed by business users as SaaS.
- (4) **Lowest Level of Configurability.** Contractors can consider IaaS, PaaS and SaaS as an ascending hierarchy of complexity, and select the model with the lowest level of available Ordering Activity interaction. As an example, virtual machines are an IaaS service often bundled with a range of operating systems, which are PaaS services. The Ordering Activity usually has access to configure the lower level IaaS service, and the overall service should be considered IaaS. In cases where the Ordering Activity cannot configure the speed, memory, network configuration, or any other aspect of the IaaS component, consider categorizing as a PaaS service.

Cloud management and cloud broker services should be categorized based on their own characteristics and not those of the other cloud services that are their targets. Management and broker services typically fit the SaaS service model, regardless of whether the services they manage are SaaS, PaaS or IaaS. Use Table 3 to determine which service model is appropriate for the cloud management or cloud broker services, or, alternately choose not to select a service model for the service. The guidance in Table 3 offers examples of how services might be properly mapped to NIST service models and how a Contractor should interpret the service model sub-categories.

**Table 3: Guidance on Mapping to NIST Service Models**

Service Model	Guidance
IaaS Infrastructure as a Service	Select an IaaS model for service-based equivalents of hardware appliances such as virtual machines, storage devices, routers and other physical devices. <ul style="list-style-type: none"> <li>• IaaS services are typically consumed by system or device managers who would configure physical hardware in a non-cloud setting</li> </ul>

Service Model	Guidance
	<ul style="list-style-type: none"> <li>The principal customer interaction with an IaaS service is provisioning then configuration, equivalent to procuring and then configuring a physical device.</li> </ul> <p>Examples of IaaS services include virtual machines, object storage, disk block storage, network routers and firewalls, software defined networks.</p> <p>Gray areas include services that emulate or act as dedicated appliances and are directly used by applications, such as search appliances, security appliances, etc. To the extent that these services or their emulated devices provide direct capability to an application they might be better classified as Platform services (PaaS). To the extent that they resemble raw hardware and are consumed by other platform services they are better classified as IaaS.</p>
PaaS Platform as a Service	<p>Select a PaaS model for service-based equivalents of complete or partial software platforms. For the purposes of this classification, consider a platform as a set of software services capable of deploying all or part of an application.</p> <ul style="list-style-type: none"> <li>A complete platform can deploy an entire application. Complete platforms can be proprietary or open source</li> <li>Partial platforms can deploy a component of an application which combined with other components make up the entire deployment</li> <li>PaaS services are typically consumed by application deployment staff whose responsibility is to take a completed agency application and cause it to run on the designated complete or partial platform service</li> <li>The principal customer interaction with a PaaS service is deployment, equivalent to deploying an application or portion of an application on a software platform service.</li> <li>A limited range of configuration options for the platform service may be available.</li> </ul> <p>Examples of complete PaaS services include:</p> <ul style="list-style-type: none"> <li>A Linux/Apache/MySQL/PHP (LAMP) platform ready to deploy a customer PHP application,</li> <li>A Windows .Net platform ready to deploy a .Net application,</li> <li>A custom complete platform ready to develop and deploy a customer application in a proprietary language</li> <li>A multiple capability platform ready to deploy an arbitrary customer application on a range of underlying software services.</li> </ul> <p>The essential characteristic of a complete PaaS is defined by the customer's ability to deploy a complete custom application directly on the platform.</p> <p>PaaS includes partial services as well as complete platform services. Illustrative examples of individual platform enablers or components include:</p> <ul style="list-style-type: none"> <li>A database service ready to deploy a customer's tables, views and procedures,</li> </ul>

Service Model	Guidance
	<ul style="list-style-type: none"> <li>A queuing service ready to deploy a customer's message definitions</li> <li>A security service ready to deploy a customer's constraints and target applications for continuous monitoring</li> </ul> <p>The essential characteristic of an individual PaaS component is the customer's ability to deploy their unique structures and/or data onto the component for a partial platform function.</p> <p>Note that both the partial and complete PaaS examples all have two things in common:</p> <ul style="list-style-type: none"> <li>They are software services, which offer significant core functionality out of the box</li> <li>They must be configured with customer data and structures to deliver results</li> </ul> <p>As noted in IaaS, operating systems represent a grey area in that OS is definitely a platform service but is typically bundled with IaaS infrastructure. If your service provides an OS but allows for interaction with infrastructure, please sub-categorize it as IaaS. If your service "hides" underlying infrastructure, consider it as PaaS.</p>
SaaS Software as a Service	<p>Select a SaaS model for service-based equivalents of software applications.</p> <ul style="list-style-type: none"> <li>SaaS services are typically consumed by business or subject-matter staff who would interact directly with the application in a non-cloud setting</li> <li>The principal customer interaction with a SaaS service is actual operation and consumption of the application services the SaaS service provides.</li> </ul> <p>Some minor configuration may be available, but the scope of the configuration is limited to the scope and then the permissions of the configuring user. For example, an agency manager might be able to configure some aspects of the application for their agency but not all agencies. An agency user might be able to configure some aspects for themselves but not everyone in their agency. Typically, only the Contractor would be permitted to configure aspects of the software for all users.</p> <p>Examples of SaaS services include email systems, business systems of all sorts such as travel systems, inventory systems, etc., wiki's, websites or content management systems, management applications that allow a customer to manage other cloud or non-cloud services, and in general any system where customers interact directly for a business purpose.</p> <p>Gray areas include services that customers use to configure other cloud services, such as cloud management software, cloud brokers, etc. In general, these sorts of systems should be considered SaaS, per guidance in this document.</p>

c. Deployment Model

Deployment models (e.g. private, public, community, or hybrid) are not restricted at the SIN level and any specifications for a deployment model are the responsibility of the Ordering Activity. Multiple deployment model selection is permitted, but at least one model must be selected. The guidance in Table 4 offers examples of how services might be properly mapped to NIST deployment models and how the Contractor should interpret the deployment model characteristics. Contractors should take care to select the range of NIST deployment models most closely corresponding to each service offered.

Note that the scope of this SIN does not include hardware or software components used to construct a cloud, only cloud capabilities delivered as a service, as noted in the Scope section.

**Table 4: Guidance for Selecting a Deployment Model**

Deployment Model	Guidance
<b>Private Cloud</b>	The service is provided exclusively for the benefit of a definable organization and its components; access from outside the organization is prohibited. The actual services may be provided by third parties, and may be physically located as required, but access is strictly defined by membership in the owning organization.
<b>Public Cloud</b>	The service is provided for general public use and can be accessed by any entity or organization willing to contract for it.
<b>Community Cloud</b>	The service is provided for the exclusive use of a community with a definable shared boundary such as a mission or interest. As with private cloud, the service may be in any suitable location and administered by a community member or a third party.
<b>Hybrid Cloud</b>	The service is composed of one or more of the other models. Typically, hybrid models include some aspect of transition between the models that make them up, for example a private and public cloud might be designed as a hybrid cloud where events like increased load permit certain specified services in the private cloud to run in a public cloud for extra capacity, e.g. bursting.

**2309 BERING DRIVE**  
**SAN JOSE, CA 95131**

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **A10 Networks, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
  - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
  - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
  - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
  - k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).
- r) **Advertisements and Endorsements.** Pursuant to GSA 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Active Navigation, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
  - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in

connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a

Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

Universal Amendment to  
All Software License Agreements For  
Adobe Systems Incorporated Software Products

This Universal Amendment to Software License Agreements for All Adobe Systems Incorporated Software License Agreements ("Amendment") is effective as of as of the date that it is fully executed ("Effective Date") and is between Adobe Systems Incorporated ("Adobe"), and the U.S. General Services Administration ("GSA"). In consideration of the mutual promises and covenants contained in this Amendment, the parties agree as follows:

**Applicability**

This Amendment, agreed to by both parties, applies to GSA and any agency or organization ("Ordering Activity") that places an order for an Adobe Software product under Contract No. GS-35F-0511T (the "GSA Contract"). This Amendment, together with the applicable Software License Agreement or End User License Agreement for the applicable Adobe Software (each such license generally referred to herein as the "License Agreement"), governs the Ordering Activity's installation and use of such Adobe Software. This Amendment only applies to License Agreements for those Adobe Software products that Adobe expressly authorizes the GSA Contract holder to resell or distribute under the GSA Contract pursuant to a letter of supply between Adobe and such GSA Contract holder. Unless expressly stated to the contrary herein, all capitalized terms in this Amendment shall have the meaning ascribed to them in the applicable License Agreement for the applicable Adobe Software.

Pursuant to Section 12.212 of the Federal Acquisition Regulations ("FAR"), Adobe and GSA agree that the modifications to the License Agreements are appropriate to ensure compliance with Federal laws and to meet the U.S. Government's needs. Accordingly, the License Agreements is hereby modified by this Amendment as it pertains to use of Adobe's software by any Ordering Activity pursuant to a task order placed under the GSA Contract.

This Amendment only applies to Ordering Activities of the U.S. Government (including agencies and departments from the Executive Branch, the Congress, or the Military) and independent Federal agencies that are authorized to purchase IT Schedule 70 goods and services under the GSA Contract. This Amendment shall not apply to prime contractors, state/local government entities, or other entities authorized to make purchases under the GSA contract. In addition, this Amendment shall apply to the Ordering Activity itself, shall only apply to the installation and use of the Adobe Software for official government business only on behalf of the Ordering Activity, and shall not apply to any individual who utilizes the Adobe Software Products for his or her personal use or for a use.

**Precedence and Further Amendment:** Any provisions restricting additions or modifications to the License Agreement are hereby deleted to the extent they would preclude this Amendment or any valid task orders placed under the GSA Contract. To the extent the License Agreement conflicts with this Amendment or any relevant task orders, the conflict should be resolved according to the following order of precedence: (1) Federal law, (2) the FAR, (3) this Amendment, (4) any other amendment that Adobe and the Ordering Activity may separately enter into to vary the terms of the License Agreement to accommodate unique license terms under a Task Order, and (5) the License Agreement. This Amendment may only be modified upon written consent of both parties.

**Contracting Authority:** Pursuant to FAR 1.601 (a) and 43.102, all provisions in the License Agreement which would allow any individual, except for an authorized contracting officer, to bind the U.S. Government to the terms of the License Agreement or any modifications thereto are hereby deleted. Such provisions include the ability of the software manufacturer to unilaterally modify the terms of the License Agreement and any requirement to accept terms by means of use, download, or click-through agreements. Notwithstanding the foregoing, GSA and Ordering Activity expressly agree that when an authorized Contracting Officer of the Ordering Activity places a task order for the Adobe Software pursuant to the GSA Contract, all terms of the License Agreement in effect at the time the product was added to the GSA Contract shall be legally binding on Ordering Activity and shall be given full force and legal effect. In the event that Ordering Activity receives Adobe Software through a task order that is not authorized by the Ordering Activity's authorized Contracting Officer or Ordering Activity fails to acknowledge that the License Agreement is binding on Ordering Activity, Ordering Activity shall not be deemed to have any license to the Adobe Software and Adobe reserves all rights, remedies, and enforcement actions and venues available to Adobe under Federal law, including but not limited to all intellectual property laws without regard to the Dispute Resolution Process.

**Costs and Fees:** Pursuant to the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), the U.S. Government does not agree to pay any future costs or fees under the License Agreement or this Amendment. Any provisions of the License Agreement obligating the U.S. Government to pay costs, fees, or damages, or to otherwise expend appropriations, are hereby deleted unless imposed after following the Dispute Resolution Procedures identified hereunder. Any provisions of the License Agreement providing for automatic renewal absent some action by the U.S. Government are hereby deleted.

4. **Installation and Use of the Software:** Installation and use of the software shall be in accordance with the License Agreement, unless an Ordering Activity determines that it requires different terms of use and Adobe agrees in writing to such terms in a valid task order placed pursuant to the GSA Contract.

5. **Indemnification:** Pursuant to 28 U.S.C. § 516, in the event of any claim against an Ordering Activity arising out of use of the Adobe Software, Adobe cannot assume responsibility for or control of the litigation or any settlement negotiations, provided however, that Ordering Activity (i) agrees that any litigation or settlement negotiation shall not bind Adobe, in any way, to the final outcome of any such litigation or settlement; (ii) shall not impair Adobe's own rights, defenses, or claims against the claimant, (iii) shall not have the right to settle any claim, make any admissions, or waive any defenses on behalf of Adobe; and (v) shall in good faith reasonably cooperate and consult with Adobe during the course of settlement negotiations and prosecution of the claim and shall in good faith reasonably afford Adobe free access to all communications and documentations with all parties, witnesses, and judicial or administrative body(ies) associated with such claim upon Adobe's request. Any contrary provisions in the License Agreement are hereby deleted. In compliance with the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), the U.S. Government does not

agree to pay any costs, fees, or damages arising from claims against Adobe relating to use of the software by any Ordering Activity. Any contrary provisions in the License Agreement are hereby deleted

Limitation of Liability: Any limitation of liability in the License Agreement is hereby deleted, and the following provision shall apply:

Neither Adobe nor an Ordering Activity shall be liable for any indirect, incidental, special, or consequential damages, or any loss of profits, revenue, data, or data use. Further, neither Adobe nor an Ordering Activity shall be liable for punitive damages except to the extent this limitation is prohibited by applicable law. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any Federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

Governing Law: The License Agreement and this Amendment shall be governed by the Federal laws of the United States. Any provisions in the License Agreement stating that the License Agreement shall only be governed by the law of any particular U.S. state, U.S. territory or district, or foreign nation are hereby deleted.

Dispute Resolution and Venue: Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. Any provisions in the License Agreement selecting a particular judicial forum or form of alternative dispute resolution for resolving claims relating to the License Agreement are hereby deleted. Any disputes relating to the License Agreement and to this Amendment shall be resolved in accordance with the FAR and the Contract Disputes Act, 41 U.S.C. § § 7101-7109. GSA and Ordering Activity expressly acknowledge that Adobe shall have standing to bring such claim under the Contract Disputes Act.

Termination and Performance: Termination of the License Agreement and this Amendment shall be governed by the FAR and the Contracts Disputes Act, 41 U.S.C. §§ 7101-7109, and any provisions of the License Agreement relating to termination are hereby deleted, including any provisions permitting Adobe to unilaterally terminate the License Agreement, subject to the following exceptions:

Adobe is entitled to cancel or terminate the License Agreement if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process referenced in Section 9 above or if such remedy is otherwise available to Adobe under United States Federal law.

Adobe is entitled to cancel or terminate the License Agreement if one of the events identified in Section 11 below apply.

Remedies: Pursuant to 28 U.S.C. § 1498, any provisions of the License Agreement providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement are hereby deleted (subject to the third sentence of this Section 11). Any provisions of the License Agreement which would preclude continued performance of the contract during resolution of any disputes are hereby deleted, including any provisions requiring the U.S. Government to agree that an injunction is appropriate in the event of a breach of the License Agreement (subject to the third sentence of this Section 11). Notwithstanding the foregoing, any License Agreement clause providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement or any other breach of the License Agreement shall continue to apply if an equitable remedy is available under United States Federal Law, such as (without limitation) the Freedom of Information Act ("FOIA") under one of the exemptions to disclosure under FOIA. If the Ordering Activity breaches one of the following: (a) reverse engineers, decompiles, disassembles, or otherwise attempts to discover the source code of the software, (b) unbundles the constituent component parts of the software, or (c) provides use of the software in a computer service business, third party outsourcing facility or service, service bureau arrangement, or time sharing basis, Adobe may terminate the License Agreement; however prior to terminating this License Agreement, Adobe shall inform the Ordering Activity of one of the breaches named above as soon as possible, and provide Ordering Activity sixty (60) days from notice to cure such breach. If the breach is not cured in sixty (60) days, the Ordering Activity may terminate the Order for convenience of the Government in accordance with FAR 52.212-4(1); however, Ordering Activity has no rights to a refund, in whole or in part of any License Fee paid if this License Agreement is terminated for such breach. Nothing in this paragraph shall prevent Adobe from filing a claim or limit Adobe's damages under the Contract Disputes Act at 41 USC §§7101 -7109.

**Advertisements and Endorsements:** Any provisions allowing Adobe to use the name or logo of GSA or any Ordering Activity to advertise or to imply an endorsement of Adobe's products or services are hereby deleted. Unless specifically authorized by an Ordering Activity and subject to the restrictions on advertising in GSAR 552.203-71, such use of the name or logo of any U.S. Government entity is prohibited.

**Monitoring Use of License and Audits:** Any provision in the License Agreement permitting Adobe to audit, inspect, or monitor use of the software for compliance with the License Agreement shall be binding on Ordering Activity but is contingent upon reasonable notice to the Ordering Activity and adherence to reasonable security measures the Ordering Activity deems reasonably appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities if clearances are required.

**Public Access to Information:** Adobe agrees that the License Agreement and this Amendment contain no confidential or proprietary information and acknowledges the License Agreement and this Amendment will be available to the public, provided however, that GSA and Adobe agree that other items identified in the License Agreement (such as, without limitation, source code and other technical data) provided to the Ordering Activity is confidential and proprietary information and shall not be disclosed. Adobe recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor.

**GRANT OF LICENSE**

The Authorized Alcatel-Lucent Reseller, as Licensor, grants to you, the "Licensee," a non-transferable, non-exclusive and personal sublicense to use the software in object code form (expressly excluding source code and Free and Open Source Software ("FOSS")) either incorporated in the Alcatel-Lucent Products or marketed by Alcatel-Lucent as a stand-alone product (hereinafter the "Software") solely as incorporated in or supplied with the Alcatel-Lucent Products and solely in connection with the operation of such Alcatel-Lucent Product for your own internal business purpose. Such sublicense shall be subject to payment in full of any specified license fee provided, however, that in the absence of any specified fee, the sublicense shall be deemed to be royalty free. Licensee acknowledges that Software may be delivered with FOSS governed by its own license terms, such as but not limited to the General Public License, which cannot be modified, amended, or distributed by the license terms set forth in this Agreement. As used herein, "FOSS" means software, documentation or materials that is subject to any license approved by the Open Source Initiative as an open source license (<http://www.opensource.org/licenses>) or otherwise substantially satisfying the Open Source Definition as set forth on <http://www.opensource.org/docs/osd>, or listed by the Free Software Foundation as a "free software" license in its list of licenses at <http://www.gnu.org/licenses/license-list.html>. Some of the software provided to Licensee may incorporate third party software. Such third party software is licensed to Licensee under the terms of the third party license agreement accompanying the software and not under the terms of this End User License Agreement. Alcatel-Lucent's licensors are third party beneficiaries of this Agreement with respect to their Licensed Materials.

**USE AND COPY RESTRICTIONS**

Unless the following restriction is prohibited by law, you may not, or attempt to, reverse engineer, translate, disassemble, decompile or create derivative works based on the SOFTWARE or accompanying written materials or otherwise attempt to create the source code from the Software. Except as permitted hereafter, you may not use, copy, modify, create derivative works of, distribute, sell, assign, pledge, sublicense, lease, deliver or otherwise transfer or grant access to the Software nor permit any other Party to do any of the foregoing. You may not remove from the Software any of the trademarks, trade names, logos, patent or copyright notices or markings or add any other notices or markings to the Software. Subject to the restrictions above, you may make one (1) copy of the Software solely for backup purposes if and to the extent required. You must reproduce and include the copyright notice on the backup copy.

**OWNERSHIP OF SOFTWARE**

As the Licensee, you only own the magnetic or other physical media on which the Software is originally or subsequently recorded or fixed, but Alcatel-Lucent and its third party suppliers shall retain ownership of all patents, copyrights, trademarks, trade names, trade secrets and other proprietary rights relating to or residing in the Software.

**WARRANTY**

The Software and accompanying written materials (including instructions for use) are provided "as is" without warranty of any kind from Alcatel-Lucent. The warranties applicable to the Software and accompanying written materials shall be expressly limited to those provided by the Reseller. Alcatel-Lucent does not warrant or make any representations regarding the use, or the results of use, of the Software, or written materials in terms of correctness, accuracy, reliability, currentness, or otherwise. This warranty does not include Alcatel-Lucent assisting in diagnostic efforts; access to Alcatel-Lucent's technical support websites, databases, or tools; Product integration; on-site assistance; support of FOSS, or Documentation updates. These Services are available for purchase during and after the warranty period. All other warranties from Alcatel-Lucent, expressed or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, are excluded. Neither Alcatel-Lucent nor any third party having been involved in the creation, production or delivery of the Software shall be liable for any direct, indirect, consequential or incidental damages (including damages for loss of business profits, business interruption, loss of business information, and the like) arising out of the use or inability to use such product even if Alcatel-Lucent has been advised of the possibility of such damages.

**TERMINATION**

This License is effective until terminated. Upon termination, you shall destroy the written materials and all copies of the Software, including back-up copies, if any.

**EXPORT COMPLIANCE**

END USER REPRESENTS, WARRANTS AND AGREES THAT IT WILL NOT USE, EMPLOY, OPERATE, DISPLAY, OR THE LIKE, OR CAUSE OR ALLOW TO BE USED, EMPLOYED, OPERATED, DISPLAYED, OR THE LIKE, DIRECTLY OR INDIRECTLY ANY EQUIPMENT, PRODUCT, PARTS, SOFTWARE, DOCUMENTATION, AND/OR TECHNICAL DATA IN ANY FORM OUTSIDE THE UNITED STATES OF AMERICA EXCEPT IN COMPLIANCE WITH APPLICABLE LAW AND REGULATION.

END USER REPRESENTS, WARRANTS AND AGREES THAT IT WILL NOT EXPORT, RE-EXPORT, RESELL, SHIP OR DIVERT, OR CAUSE OR ALLOW TO BE EXPORTED, RE-EXPORTED, RESOLD, SHIPPED OR DIVERTED, DIRECTLY OR INDIRECTLY ANY EQUIPMENT, PRODUCT, PARTS, SOFTWARE, DOCUMENTATION, AND/OR TECHNICAL DATA IN ANY FORM TO ANY COUNTRY OUTSIDE THE UNITED STATES OF AMERICA EXCEPT IN COMPLIANCE WITH APPLICABLE LAW AND REGULATION.

**U.S. GOVERNMENT RIGHTS**

**For contracts and subcontracts at any level with agencies of the Department of Defense**, the Government's rights in Alcatel-Lucent: (1) commercial computer software (as that term is defined in 48 C.F.R. 252.227-7014(a)(1)) and commercial computer software documentation shall be governed, pursuant to 48 C.F.R. 227.7201 through 227.7202-4, by Alcatel-Lucent's standard commercial license(s) for the respective product(s); (2) computer software and computer software documentation other than commercial computer software and commercial computer software documentation shall be governed by 48 C.F.R. 252.227-7014; (3) technical data pertaining to commercial items, components, or processes (as that term is defined in 48 C.F.R. 2.101) other than computer software or computer software documentation shall be governed by 48 C.F.R. 252.227-7015(b); and (4) technical data for non-commercial items other than software or software documentation shall be governed by 48 C.F.R. 252.227-7013.

**For contracts with U.S. Government agencies other than the Department of Defense agencies**, and unless otherwise specified pursuant to the applicable agency FAR Supplement, the Government's rights in: (1) commercial computer software and commercial computer software documentation shall be governed, pursuant to 48 C.F.R. 2.101 and 12.212, by Alcatel-Lucent's standard commercial license(s) for the respective product(s); (2) computer software and computer software documentation other than commercial computer software and commercial computer software documentation shall be governed by 48 C.F.R. 52.227-14, Alternative III; and (3) technical data shall be governed by 48 C.F.R. 52.227-14 including, where applicable, Alternatives I or II.

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Allied Telecom Group, LLC** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**Service Delivery & Acceptance** - Prior to delivering Service to Ordering Activity, Contractor through ALLIED will perform test procedures to ensure that the Service conforms to the applicable technical specifications. Contractor through ALLIED shall notify Ordering Activity when the Service has been successfully installed and is available for Ordering Activity's use ("In-Service Date"). If ALLIED makes the Service available to the Ordering Activity, but, Ordering Activity for whatever reason is not ready to accept and use the Service, billing for the installed Service shall nonetheless commence on the In-Service Date. This applies to circumstances including, but not limited to, if Ordering Activity does not have its own equipment in place to begin using the Service. Any use of a

Service, other than for verification and acceptance testing, shall constitute immediate acceptance of the Service without the formality of executing an Acceptance Notice.

**Required Maintenance** – Contractor through ALLIED reserves the right to perform maintenance on or upgrade its network, its infrastructure, its service and its equipment without prior notice or liability. Such action may cause a partial or full disruption of the Service. However, and subject to ALLIED's business needs, Contractor through ALLIED will use commercially reasonable efforts to perform maintenance on and upgrades to its network and the Service in a manner so as to avoid unduly interfering with Ordering Activity's use of the Service.

**Ordering Activity Responsibilities** - Ordering Activity is responsible for all internal wiring, Ordering Activity equipment (e.g. Ordering Activity phones, handsets, computers), installation of hardware on Ordering Activity equipment, and arrangement of access rights for ALLIED including space for cables, conduits, and equipment as necessary for ALLIED-authorized personnel to install, repair, inspect, maintain, replace, or remove any and all facilities and equipment provided by ALLIED. Upon request by ALLIED, Ordering Activity will work directly with their building owner or property management firm and ALLIED, to secure a Building Access Agreement (BAA). Ordering Activity shall provide a secured space with electrical power, climate control and protection against fire, vandalism, and other casualty for equipment. Ordering Activity is responsible for ensuring that Ordering Activity's equipment is compatible for the Services and with the ALLIED network.

**Acceptable Use** – Service may only be used for lawful purposes. Unauthorized transmission or storage of any information, data, or material in violation of any federal, state or local regulation or law is prohibited. This includes but is not limited to: copyrighted material, material which has been legally judged threatening or obscene or material protected by trade secret.

**Disclaimer of Warranty; Limitation of Liability** – ALLIED exercises no control whatsoever over the content of the information passing through its network. ALLIED makes no warranty of merchantability or fitness for a particular purpose. ALLIED will not be responsible for any damages suffered by Ordering Activity or any other party (including any users of any Service provided or granted by Ordering Activity), including loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by Ordering Activity's own negligence or Ordering Activity errors or omissions. Use of any information obtained via ALLIED is at Ordering Activity's own risk. ALLIED specifically denies any responsibility for the accuracy or quality of information obtained through its Service.

**Performance** - If connection performance falls below levels expected by the Ordering Activity and these performance deficiencies are related to issues under ALLIED's control, Ordering Activity shall promptly notify ALLIED's Operation Center at support@alliedtelecom.net regarding the nature of the problem. Contractor through ALLIED will then have up to fifteen (15) days to remedy the problem. If ALLIED is unable to remedy the problem, Ordering Activity may terminate the SA without further liability and any unapplied payments for the remaining contract term will be refunded.

**Warranties** - ALLIED does not warrant that its Service will be uninterrupted or error free, nor does ALLIED in any way warrant that the areas accessed or information downloaded by the Ordering Activity will be free of errors, defects or viruses which may interrupt, corrupt, delete or render unusable the Ordering Activity's files or system(s). ALLIED will not be responsible for any damages Ordering Activity suffers. This includes, but is not limited to, loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by Ordering Activity's own negligence or Ordering Activity errors or omissions, or due to inadvertent release or disclosure of information sent by or to Ordering Activity.

#### **Equipment**

Equipment used in data services, including internet services, is defined as Data Equipment. Unless otherwise specified in writing, all Data Equipment supplied to Ordering Activity by ALLIED remains the property of ALLIED. Upon discontinuance or termination of Services, all Data Equipment must be returned to ALLIED within ten (10) days of the final day of Service to avoid replacement cost at current market price.

Voice over Internet Protocol (VoIP) refers to a technology that enables the use of the internet as the transmission medium for telephone calls by sending voice data in packets using IP rather than by traditional circuit switched technology. Equipment used in VoIP, including but not limited to any and all end user devices and equipment, is defined as Phone Equipment. Faulty and/or defective Phone Equipment may be returned within thirty (30) days from the purchase or ship date. Returned Phone Equipment may not be deemed as returnable if a determination has been made by Allied that the equipment is ineligible for return (e.g., physical damage, not in substantially the same condition as when it was delivered and received). In addition, if this SA is terminated for any reason, such termination is Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.) Customer's termination liability shall include any amounts due on the Phone Equipment which remains due to ALLIED. For equipment on an amortized payment plan, ALLIED reserves the right to include in the termination liability a processing fee.

**E911 and Voice Services** - Ordering Activity agrees and acknowledges that due to the unique nature of VoIP services (including, but not limited to mobility and portability of dial-tone service), there is a potential for inaccurate Ordering Activity provided physical address information, thus emergency E911 operator services cannot be provided to Ordering Activity by ALLIED with certainty. Additionally, If Ordering Activity uses a Private Branch Exchange (PBX) Key System or other multiline telephone system in connection with the Service provided by ALLIED, Ordering Activity is responsible for programming the telephone system to ensure that agencies receiving E911 emergency calls through the telephone system will receive appropriate information about the location of the caller. During a power outage at Ordering Activity location, normal phone service, including E911 calling, may not be available. ALLIED uses the termination address of Ordering Activity telephone service to identify Ordering Activity calling location for E911 calls/service. To ensure that E911 authorities receive Ordering Activity's correct address, your ALLIED business telephone services should not be moved without advance notification to ALLIED. Ordering Activity must provide at least two (2) business days notice to ALLIED to move or relocate business telephone service. It can take up to two (2) business days for Ordering Activity's new address to be updated in E911 systems.

**Letter of Agency** - The Letter of Agency executed in connection with this Attachment A shall be valid during the term of this Attachment A for all telephone lines purchased hereunder. Ordering Activity may purchase additional telephone lines under this Attachment A for the Service location(s) or additional location(s) at pricing provided in Contractor's Schedule Contract.

**Toll Fraud** - Ordering Activity is responsible for ensuring that the Ordering Activity Premises Equipment (CPE) such as a PBX Key System or other multiline telephone system, provisioned on the Ordering Activity's network is protected from fraudulent or unauthorized access. The Ordering Activity is responsible for payment of all charges on Ordering Activity's monthly billing statement, including any charges resulting from fraudulent or unauthorized access to any CPE. Ordering Activity agrees to notify ALLIED promptly if it becomes aware of any fraudulent or unauthorized use of its account, Service, or equipment. ALLIED shall not be liable for any damages whatsoever resulting from fraudulent or unauthorized use of Ordering Activity's account and the payment of all charges to Ordering Activity's account shall be and remain the responsibility of Ordering Activity.

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Appian Corporation** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's

Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

### SUBSCRIPTION

**License.** During the term of the subscriptions that Subscriber purchases, Appian grants Subscriber a non-transferable, nonexclusive license to access the Cloud Offering via a username and password over the Internet. Subscriber may use the licenses purchased under this Agreement for Subscriber's general business purposes, unless the applicable Order Form restricts Subscriber's use to a particular application, in which case Subscriber may only use the Cloud Offering in connection with the specified application.

**Restrictions.** Except to the extent expressly authorized in this Agreement or in the Documentation, Subscriber may not: (i) reverse engineer, disassemble, decompile or otherwise attempt to access or determine the source code of the Cloud Offering, (ii) operate the Cloud Offering for use by third parties or otherwise operate the Cloud Offering on a service bureau basis, (iii) modify, copy, reproduce or create a derivative from the Cloud Offering, in whole or in part, or (iv) allow, permit or assist any party to do any of the foregoing. In addition, unless expressly authorized by Appian in the applicable Order Form, Subscriber agrees not to use the Cloud Offering in circumstances in which errors or inaccuracies in the content, functionality, services, data or information provided by the Cloud Offering or the failure of the Cloud Offering, could lead to death, personal injury, or severe physical or environmental damage.

**Users Accounts.** Only the identified individual associated with a particular User account can access the Cloud Offering using that account. User accounts may not be shared among individuals, or used to provide access to the Cloud Offering to individuals who are not the individual associated with the corresponding User account. Subscriber may not activate and de-activate User accounts on a daily or other regular basis in order to circumvent license restrictions. To the extent that Subscriber configures Appian's software to be accessed or used through a separate system or interface (e.g. "headless"), users of the Appian software through such separate system or interface must be licensed under this Agreement, regardless of whether such person has an Appian User account or authenticates into the Cloud Offering. If Subscriber exceeds the number of licensed Users set forth in the effective Order Form(s), Appian will invoice Subscriber for the excessive use and Subscriber will pay the invoice within thirty (30) days of the invoice receipt date. Subscriber shall either discontinue the excessive use, or Subscriber may purchase such additional User subscriptions necessary to bring Subscriber into compliance for the remainder of the term of Subscriber's current subscription. Such additional User subscriptions shall be at Appian's current GSA Schedule list fees irrespective of any discounts offered to Subscriber in any Order Form.

**Subscriber Responsibilities.** Subscriber must use the Cloud Offering in accordance with all applicable laws. Subscriber is responsible for the password security of User accounts and the level of access granted to an individual User by Subscriber's Cloud Offering administrators, as well as any other security configurations set by Subscriber. Subscriber is responsible for any violation of this Agreement by its Users. Subscriber shall promptly report to Appian any copying or distribution of the Cloud Offering in violation of this Agreement that is known or suspected by Subscriber and provide Appian with reasonable assistance to stop such violation.

**Security.** Appian will maintain an annual Service Organization Control (SOC) Report (or other similar or replacement report as the industry adopts) in connection with the Cloud Offering ("SOC Report"). Subject to agreed upon usage terms, Appian will provide Subscriber with Appian's then current SOC Report. During the term of this Cloud Subscription Agreement, Appian will maintain such security measures identified in the then current SOC Report or, if Appian determines that more effective measures should be implemented, apply such replacement security measures. Subscriber may perform security testing with respect to the Cloud Offering, but only with Appian's prior written consent, not to be unreasonably withheld.

**Intellectual Property Rights.** The Cloud Offering and all intellectual property rights therein are licensed to Subscriber, not sold. All rights in the Cloud Offering not provided to Subscriber under this Agreement are retained by Appian and its licensors.

**DATA** As between the Parties, the Data belongs to Subscriber. Subscriber is responsible for responding to any notices sent to Subscriber (or any User) by any third party claiming that the Data violates such party's rights. Subscriber grants Appian a worldwide, irrevocable, royalty-free, nonexclusive, sublicensable right during the term of this Cloud Subscription Agreement to use the Data for the purposes of providing the Cloud Offering to Subscriber. Appian shall backup the Data on a nightly basis. The Data shall be retained for at least twenty eight (28) calendar days.

As a part of the High Availability Offering, Appian will provide Subscriber with a Recovery Point Objective (RPO) of 1 minute and a Recovery Time Objective (RTO) of 15 minutes. RTO means that the High Availability Cloud Offering will be unavailable for no longer than 15 minutes in the event of unscheduled unavailability of the Cloud Offering for any reason within the control of Appian or Appian's service providers. Likewise, the Aggregate Availability for Priority 2 Issues is calculated as 100 percent minus the quotient of the time required by Appian to provide Corrections for all Priority 2 Issues reported in a month divided by the total number of minutes occurring in that month. The Service Credits are Appian's exclusive obligation, and Subscriber's sole remedy associated with any Issues. A Priority 1 Issue may not be reported both as a Priority 1 and a Priority 2 Issue.

Priority 1	<99.95% but ≥ 99.0%	10%
	<99.0%	30%
Priority 2	<99.0%	15%

\*Credit percentages are as a percentage of monthly applicable Subscription Fee. If the Subscription Fee for the Cloud Offering is paid other than monthly, the monthly subscription fee shall be calculated as the pro rata equivalent of one month of the subscription fee specified in the applicable Order Form.

c. **Requesting Service Credits** - Subscriber must request Service Credits, in writing, within 30 calendar days after Appian provides the corresponding Correction. Service Credits not requested within this time shall expire.

d. **Exclusions.** Issues caused by any of the following situations shall not trigger Appian's obligations under this Service Level Agreement:

- i. Any time the Cloud Offering is not available as a result of scheduled maintenance activities, Subscriber initiated maintenance or any other agreed-to scheduled downtime activity;
- ii. Unavailability of or errors in the Cloud Offering due to the following, to the extent developed by or incorporated by Subscriber or its agents: (I) modifications or plug-ins to the Cloud Offering, or (II) unsupported programming, unsupported integrations or malicious activities;

- v. Any time the Cloud Offering is not available as a result of Subscriber exceeding the resources allocated under the applicable Order Form, as described in the configuration and associated infrastructure section of the Order Form.

e. **Termination** - Subscriber may terminate the Agreement for cause if Appian refunds to Subscriber the maximum amount of Service Credits to Subscriber for Priority 1 Issues in any two consecutive months, provided Subscriber notifies Appian of its intent to elect this remedy, in writing, within 30 calendar days after the second month.

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Attivo Networks, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**GNU GENERAL PUBLIC LICENSE**

**Version 3, 29 June 2007**

Copyright (C) 2007 Free Software Foundation, Inc. <<http://fsf.org/>>

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

**GNU General Public License Terms and Conditions**

**0. Definitions**

"This License" refers to version 3 of the GNU General Public License.

"Copyright" also means copyright-like laws that apply to other kinds of works, such as semiconductor masks.

"The Program" refers to any copyrightable work licensed under this License. Each licensee is addressed as "you". "Licensees" and "recipients" may be individuals or organizations.

To "modify" a work means to copy from or adapt all or part of the work in a fashion requiring copyright permission, other than the making of an exact copy.

The resulting work is called a "modified version" of the earlier work or a work "based on" the earlier work.

A "covered work" means either the unmodified Program or a work based on the Program.

To "propagate" a work means to do anything with it that, without permission, would make you directly or secondarily liable for infringement under applicable copyright law, except executing it on a computer or modifying a private copy. Propagation includes copying, distribution (with or without modification), making available to the public, and in some countries other activities as well.

To "convey" a work means any kind of propagation that enables other parties to make or receive copies. Mere interaction with a user through a computer network, with no transfer of a copy, is not conveying.

An interactive user interface displays "Appropriate Legal Notices" to the extent that it includes a convenient and prominently visible feature that (1) displays an appropriate copyright notice, and (2) tells the user that there is no warranty for the work (except to the extent that warranties are provided), that licensees may convey the work under this License, and how to view a copy of this License. If the interface presents a list of user commands or options, such as a menu, a prominent item in the list meets this criterion.

**1. Source Code**

The "source code" for a work means the preferred form of the work for making modifications to it. "Object code" means any non-source form of a work.

A "Standard Interface" means an interface that either is an official standard defined by a recognized standards body, or, in the case of interfaces specified for a particular programming language, one that is widely used among developers working in that language.

The "System Libraries" of an executable work include anything, other than the work as a whole, that (a) is included in the normal form of packaging a Major Component, but which is not part of that Major Component, and (b) serves only to enable use of the work with that Major Component, or to implement a Standard Interface for which an implementation is available to the public in source code form. A "Major Component", in this context, means a major essential component (kernel, window system, and so on) of the specific operating system (if any) on which the executable work runs, or a compiler used to produce the work, or an object code interpreter used to run it.

The "Corresponding Source" for a work in object code form means all the source code needed to generate, install, and (for an executable work) run the object code and to modify the work, including scripts to control those activities. However, it does not include the work's System Libraries or general-purpose tools or generally available free programs which are used unmodified in performing those activities but which are not part of the work. For example, Corresponding Source includes interface definition files associated with source files for the work, and the source code for shared libraries and dynamically linked subprograms that the work is specifically designed to require, such as by intimate data communication or control flow between those subprograms and other parts of the work.

The Corresponding Source need not include anything that users can regenerate automatically from other parts of the Corresponding Source.

The Corresponding Source for a work in source code form is that same work.

**2. Basic Permissions**

All rights granted under this License are granted for the term of copyright on the Program, and are irrevocable provided the stated conditions are met. This License explicitly affirms your unlimited permission to run the unmodified Program. The output from running a covered work is covered by this License only if the output, given its content, constitutes a covered work. This License acknowledges your rights of fair use or other equivalent, as provided by copyright law. You may make, run and propagate covered works that you do not convey, without conditions so long as your license otherwise remains in force. You may convey covered works to others for the sole purpose of having them make modifications exclusively for you, or provide you with facilities for running those works, provided that you comply with the terms of this License in conveying all material for which you do not control copyright. Those thus making or running the covered works for you must do so exclusively on your behalf, under your direction and control, on terms that prohibit them from making any copies of your copyrighted material outside their relationship with you.

Conveying under any other circumstances is permitted solely under the conditions stated below. Sublicensing is not allowed; section 10 makes it unnecessary.

**3. Protecting Users' Legal Rights from Anti-Circumvention Law**

No covered work shall be deemed part of an effective technological measure under any applicable law fulfilling obligations under article 11 of the WIPO copyright treaty adopted on 20 December 1996, or similar laws prohibiting or restricting circumvention of such measures. When you convey a covered work, you waive any legal power to forbid circumvention of technological measures to the extent such circumvention is effected by exercising rights under this License with respect to the covered work, and you disclaim any intention to limit operation or modification of the work as a means of enforcing, against the work's users, your or third parties' legal rights to forbid circumvention of technological measures.

#### 4. Conveying Verbatim Copies

You may convey verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice; keep intact all notices stating that this License and any non-permissive terms added in accord with section 7 apply to the code; keep intact all notices of the absence of any warranty; and give all recipients a copy of this License along with the Program.

#### 5. Conveying Modified Source Versions

You may convey a work based on the Program, or the modifications to produce it from the Program, in the form of source code under the terms of section 4, provided that you also meet all of these conditions:

The work must carry prominent notices stating that you modified it, and giving a relevant date.

The work must carry prominent notices stating that it is released under this License and any conditions added under section 7. This requirement modifies the requirement in section 4 to "keep intact all notices".

You must license the entire work, as a whole, under this License to anyone who comes into possession of a copy. This License will therefore apply, along with any applicable section 7 additional terms, to the whole of the work, and all its parts, regardless of how they are packaged. This License gives no permission to license the work in any other way, but it does not invalidate such permission if you have separately received it.

If the work has interactive user interfaces, each must display Appropriate Legal Notices; however, if the Program has interactive interfaces that do not display Appropriate Legal Notices, your work need not make them do so.

A compilation of a covered work with other separate and independent works, which are not by their nature extensions of the covered work, and which are not combined with it such as to form a larger program, in or on a volume of a storage or distribution medium, is called an "aggregate" if the compilation and its resulting copyright are not used to limit the access or legal rights of the compilation's user beyond what the individual works permit. Inclusion of a covered work in an aggregate does not cause this License to apply to the other parts of the aggregate.

#### 6. Conveying Non-Source Forms

You may convey a covered work in object code form under the terms of sections 4 and 5, provided that you also convey the machine-readable

Corresponding Source under the terms of this License, in one of these ways:

Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by the Corresponding Source fixed on a durable physical medium customarily used for software interchange.

Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by a written offer, valid for at least three years and valid for as long as you offer spare parts or Ordering Activity support for that product model, to give anyone who possesses the object code either (1) a copy of the Corresponding Source for all the software in the product that is covered by this License, on a durable physical medium customarily used for software interchange, for a price more than your reasonable cost of physically performing this conveying of source, or (2) access to copy the Corresponding Source from a network server at no charge.

Convey individual copies of the object code with a copy of the written offer to provide the Corresponding Source. This alternative is allowed only occasionally and non-commercially, and only if you received the object code with such an offer, in accord with subsection 6b.

Convey the object code by offering access from a designated place (gratis or for a charge), and offer equivalent access to the Corresponding Source in the same way through the same place at no further charge. You need not require recipients to copy the Corresponding Source along with the object code. If the place to copy the object code is a network server, the Corresponding Source may be on a different server (operated by you or a third party) that supports equivalent copying facilities, provided you maintain clear directions next to the object code saying where to find the Corresponding Source. Regardless of what server hosts the Corresponding Source, you remain obligated to ensure that it is available for as long as needed to satisfy these requirements.

Convey the object code using peer-to-peer transmission, provided you inform other peers where the object code and Corresponding Source of the work are being offered to the general public at no charge under subsection 6d.

A separable portion of the object code, whose source code is excluded from the Corresponding Source as a System Library, need not be included in conveying the object code work.

A "User Product" is either (1) a "consumer product", which means any tangible personal property which is normally used for personal, family, or household purposes, or (2) anything designed or sold for incorporation into a dwelling. In determining whether a product is a consumer product, doubtful cases shall be resolved in favor of coverage. For a particular product received by a particular user, "normally used" refers to a typical or common use of that class of product, regardless of the status of the particular user or of the way in which the particular user actually uses, or expects or is expected to use, the product.

A product is a consumer product regardless of whether the product has substantial commercial, industrial or non-consumer uses, unless such uses represent the only significant mode of use of the product.

"Installation Information" for a User Product means any methods, procedures, authorization keys, or other information required to install and execute modified versions of a covered work in that User Product from a modified version of its Corresponding Source. The information must suffice to ensure that the continued functioning of the modified object code is in no case prevented or interfered with solely because modification has been made.

If you convey an object code work under this section in, or with, or specifically for use in, a User Product, and the conveying occurs as part of a transaction in which the right of possession and use of the User Product is transferred to the recipient in perpetuity or for a fixed term (regardless of how the transaction is characterized), the Corresponding Source conveyed under this section must be accompanied by the Installation Information. But, this requirement does not apply if neither you nor any third party retains the ability to install modified object code on the User Product (for example, the work has been installed in ROM).

The requirement to provide Installation Information does not include a requirement to continue to provide support service, warranty, or updates for a work that has been modified or installed by the recipient, or for the User Product in which it has been modified or installed. Access to a network may be denied when the modification itself materially and adversely affects the operation of the network or violates the rules and protocols for communication across the network.

Corresponding Source conveyed, and Installation Information provided, in accord with this section must be in a format that is publicly documented (and with an implementation available to the public in source code form), and must require no special password or key for unpacking, reading or copying.

#### 7. Additional Terms

"Additional permissions" are terms that supplement the terms of this License by making exceptions from one or more of its conditions. Additional permissions that are applicable to the entire Program shall be treated as though they were included in this License, to the extent that they are valid under applicable law. If additional permissions apply only to part of the Program, that part may be used separately under those permissions, but the entire Program remains governed by this License without regard to the additional permissions.

When you convey a copy of a covered work, you may at your option remove any additional permissions from that copy, or from any part of it. (Additional permissions may be written to require their own removal in certain cases when you modify the work.) You may place additional permissions on material, added by you to a covered work, for which you have or can give appropriate copyright permission.

Notwithstanding any other provision of this License, for material you add to a covered work, you may (if authorized by the copyright holders of that material) supplement the terms of this License with terms:

Disclaiming warranty or limiting liability differently from the terms of sections 15 and 16 of this License; or

Requiring preservation of specified reasonable legal notices or author attributions in that material or in the Appropriate Legal Notices displayed by works containing it; or

Prohibiting misrepresentation of the origin of that material, or requiring that modified versions of such material be marked in reasonable ways as different from the original version; or

Limiting the use for publicity purposes of names of licensors or authors of the material; or

Declining to grant rights under trademark law for use of some trade names, trademarks, or service marks; or

Requiring indemnification of licensors and authors of that material by anyone who conveys the material (or modified versions of it) with contractual assumptions of liability to the recipient, for any liability that these contractual assumptions directly impose on those licensors and authors.

All other non-permissive additional terms are considered "further restrictions" within the meaning of section 10. If the Program as you received it, or any part of it, contains a notice stating that it is governed by this License along with a term that is a further restriction, you may remove that term. If a license document contains a further restriction but permits relicensing or conveying under this License, you may add to a covered work material governed by the terms of that license document, provided that the further restriction does not survive such relicensing or conveying.

If you add terms to a covered work in accord with this section, you must place, in the relevant source files, a statement of the additional terms that apply to those files, or a notice indicating where to find the applicable terms.

Additional terms, permissive or non-permissive, may be stated in the form of a separately written license, or stated as exceptions; the above requirements apply either way.

## **8. Reserved**

## **9. Acceptance Not Required for Having Copies**

You are not required to accept this License in order to receive or run a copy of the Program. Ancillary propagation of a covered work occurring solely as a consequence of using peer-to-peer transmission to receive a copy likewise does not require acceptance. However, nothing other than this License grants you permission to propagate or modify any covered work. These actions infringe copyright if you do not accept this License. Therefore, by modifying or propagating a covered work, you indicate your acceptance of this License to do so.

## **10. Automatic Licensing of Downstream Recipients**

Each time you convey a covered work, the recipient automatically receives a license from the original licensors, to run, modify and propagate that work, subject to this License. You are not responsible for enforcing compliance by third parties with this License.

An "entity transaction" is a transaction transferring control of an organization, or substantially all assets of one, or subdividing an organization, or merging organizations. If propagation of a covered work results from an entity transaction, each party to that transaction who receives a copy of the work also receives whatever licenses to the work the party's predecessor in interest had or could give under the previous paragraph, plus a right to possession of the Corresponding Source of the work from the predecessor in interest, if the predecessor has it or can get it with reasonable efforts.

## **11. Patents**

A "contributor" is a copyright holder who authorizes use under this License of the Program or a work on which the Program is based. The work thus licensed is called the contributor's "contributor version".

A contributor's "essential patent claims" are all patent claims owned or controlled by the contributor, whether already acquired or hereafter acquired, that would be infringed by some manner, permitted by this License, of making, using, or selling its contributor version, but do not include claims that would be infringed only as a consequence of further modification of the contributor version. For purposes of this definition, "control" includes the right to grant patent sublicenses in a manner consistent with the requirements of this License.

Each contributor grants you a non-exclusive, worldwide, royalty-free patent license under the contributor's essential patent claims, to make, use, sell, offer for sale, import and otherwise run, modify and propagate the contents of its contributor version.

In the following three paragraphs, a "patent license" is any express agreement or commitment, however denominated, not to enforce a patent (such as an express permission to practice a patent or covenant not to sue for patent infringement). To "grant" such a patent license to a party means to make such an agreement or commitment not to enforce a patent against the party.

If you convey a covered work, knowingly relying on a patent license, and the Corresponding Source of the work is not available for anyone to copy, free of charge and under the terms of this License, through a publicly available network server or other readily accessible means, then you must either (1) cause the Corresponding Source to be so available, or (2) arrange to deprive yourself of the benefit of the patent license for this particular work, or (3) arrange, in a manner consistent with the requirements of this License, to extend the patent license to downstream recipients. "Knowingly relying" means you have actual knowledge that, but for the patent license, your conveying the covered work in a country, or your recipient's use of the covered work in a country, would infringe one or more identifiable patents in that country that you have reason to believe are valid.

If, pursuant to or in connection with a single transaction or arrangement, you convey, or propagate by procuring conveyance of, a covered work, and grant a patent license to some of the parties receiving the covered work authorizing them to use, propagate, modify or convey a specific copy of the covered work, then the patent license you grant is automatically extended to all recipients of the covered work and works based on it.

A patent license is "discriminatory" if it does not include within the scope of its coverage, prohibits the exercise of, or is conditioned on the non-exercise of one or more of the rights that are specifically granted under this License. You may not convey a covered work if you are a party to an arrangement with a third party that is in the business of distributing software, under which you make payment to the third party based on the extent of your activity of conveying the work, and under which the third party grants, to any of the parties who would receive the covered work from you, a discriminatory patent license (a) in connection with copies of the covered work conveyed by you (or copies made from those copies), or (b) primarily for and in connection with specific products or compilations that contain the covered work, unless you entered into that arrangement, or that patent license was granted, prior to 28 March 2007.

Nothing in this License shall be construed as excluding or limiting any implied license or other defenses to infringement that may otherwise be available to you under applicable patent law.

**12. Reserved.**

**13. Use with the GNU Affero General Public License**

Notwithstanding any other provision of this License, you have permission to link or combine any covered work with a work licensed under version 3 of the GNU Affero General Public License into a single combined work, and to convey the resulting work. The terms of this License will continue to apply to the part which is the covered work, but the special requirements of the GNU Affero General Public License, section 13, concerning interaction through a network will apply to the combination as such.

**14. Reserved.**

**15. Disclaimer of Warranty**

THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

**GNU LESSER GENERAL PUBLIC LICENSE****Version 3, 29 June 2007**

Copyright (C) 2007 Free Software Foundation, Inc. <<http://fsf.org/>>

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

This version of the GNU Lesser General Public License incorporates the terms and conditions of version 3 of the GNU General Public License, supplemented by the additional permissions listed below.

**0. Additional Definitions**

As used herein, "this License" refers to version 3 of the GNU Lesser General Public License, and the "GNU GPL" refers to version 3 of the GNU General Public License.

"The Library" refers to a covered work governed by this License, other than an Application or a Combined Work as defined below.

An "Application" is any work that makes use of an interface provided by the Library, but which is not otherwise based on the Library.

Defining a subclass of a class defined by the Library is deemed a mode of using an interface provided by the Library.

A "Combined Work" is a work produced by combining or linking an Application with the Library. The particular version of the Library with which the Combined Work was made is also called the "Linked Version".

The "Minimal Corresponding Source" for a Combined Work means the Corresponding Source for the Combined Work, excluding any source code for portions of the Combined Work that, considered in isolation, are based on the Application, and not on the Linked Version.

The "Corresponding Application Code" for a Combined Work means the object code and/or source code for the Application, including any data and utility programs needed for reproducing the Combined Work from the Application, but excluding the System Libraries of the Combined Work.

**1. Exception to Section 3 of the GNU GPL**

You may convey a covered work under sections 3 and 4 of this License without being bound by section 3 of the GNU GPL.

**2. Conveying Modified Versions**

If you modify a copy of the Library, and, in your modifications, a facility refers to a function or data to be supplied by an Application that uses the facility (other than as an argument passed when the facility is invoked), then you may convey a copy of the modified version:

under this License, provided that you make a good faith effort to ensure that, in the event an Application does not supply the function or data, the facility still operates, and performs whatever part of its purpose remains meaningful, or

under the GNU GPL, with none of the additional permissions of this License applicable to that copy.

**3. Object Code Incorporating Material from Library Header Files**

The object code form of an Application may incorporate material from a header file that is part of the Library. You may convey such object code under terms of your choice, provided that, if the incorporated material is not limited to numerical parameters, data structure layouts and accessors, or small macros, inline functions and templates (ten or fewer lines in length), you do both of the following:

Give prominent notice with each copy of the object code that the Library is used in it and that the Library and its use are covered by this License.

Accompany the object code with a copy of the GNU GPL and this license document.

**4. Combined Works**

You may convey a Combined Work under terms of your choice that, taken together, effectively do not restrict modification of the portions of the Library contained in the Combined Work and reverse engineering for debugging such modifications, if you also do each of the following:

Give prominent notice with each copy of the Combined Work that the Library is used in it and that the Library and its use are covered by this License.

Accompany the Combined Work with a copy of the GNU GPL and this license document.

For a Combined Work that displays copyright notices during execution, include the copyright notice for the Library among these notices, as well as a reference directing the user to the copies of the GNU GPL and this license document.

Do one of the following:

Convey the Minimal Corresponding Source under the terms of this License, and the Corresponding Application Code in a form suitable for, and under terms that permit, the user to recombine or relink the Application with a modified version of the Linked Version to produce a modified Combined Work, in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.

Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (a) uses at run time a copy of the Library already present on the user's computer system, and (b) will operate properly with a modified version of the Library that is interface-compatible with the Linked Version.

Provide Installation Information, but only if you would otherwise be required to provide such information under section 6 of the GNU GPL, and only to the extent that such information is necessary to install and execute a modified version of the Combined Work produced by recombining or relinking the Application with a modified version of the Linked Version. (If you use option 4d0, the Installation Information must accompany the Minimal Corresponding Source and Corresponding Application Code. If you use option 4d1, you must provide the Installation Information in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.)

**5. Combined Libraries**

You may place library facilities that are a work based on the Library side by side in a single library together with other library facilities that are not Applications and are not covered by this License, and convey such a combined library under terms of your choice, if you do both of the following:

Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities, conveyed under the terms of this License.

Give prominent notice with the combined library that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

**6. Revised Versions of the GNU Lesser General Public License**

The Free Software Foundation may publish revised and/or new versions of the GNU Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns. Each version is given a distinguishing version number. If the Library as you received it specifies that a certain numbered version of the GNU Lesser General Public License "or any later version" applies to it, you have the option of following the terms and conditions either of that published version or of any later version published by the Free Software Foundation. If the Library as you received it does not specify a version number of the GNU Lesser General Public License, you may choose any version of the GNU Lesser General Public License ever published by the Free Software Foundation. If the Library as you received it specifies that a proxy can decide whether future versions of the GNU Lesser General Public License shall apply, that proxy's public statement of acceptance of any version is permanent authorization for you to choose that version for the Library.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

##### **1. Definitions**

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship.

For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

**2. Grant of Copyright License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

**3. Grant of Patent License.** Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

- 4. Redistribution.** You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that you meet the following conditions:  
You must give any other recipients of the Work or Derivative Works a copy of this License; and  
You must cause any modified files to carry prominent notices stating that You changed the files; and  
You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and  
If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add your own attribution notices within Derivative Works that you distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.
- You may add your own copyright statement to your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of your modifications, or for any such Derivative Works as a whole, provided your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.
- 5. Submission of Contributions.** Unless you explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by you to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
- 6. Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
- 7. Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with your exercise of permissions under this License.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Choice of Law.** Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.

**Force Majeure.** Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties.

**Third Party Terms.** Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. **Dispute Resolution and Venue.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Authentic8 Terms of Service as of 6 July 2012**

Legalese can be tedious and heavy. Authentic8 wants to deliver a valuable service, but there are some basic ground rules, which are described below. You need to read the complete document, but basically:

When you register to use Authentic8, we store the information you give us, including any website credentials that you chose to store with us.

Should you store your credentials with us, Authentic8 will help you log in to your web-based accounts. Our servers do this automatically, and we will never access your credentials unless you tell us to.

We can't always anticipate problems with other websites or web services, and so we can't be responsible for your relationship with those third parties.

Please don't attempt to decompile or otherwise reverse engineer our software.

Likewise, we take a rather dim view of someone trying to hack or spoof Authentic8 so please don't try to attack our service.

Please don't do anything illegal using Authentic8. We reserve the right to report illegal activities to the appropriate law enforcement or civil authorities.

If you're an administrator, you agree that all your users will be bound by these terms.

We believe in rapid iteration, and so we're always updating Authentic8, including the App software you install on your computer. We do this to give you access to new features, as well as to constantly improve security. When we make changes, we'll do our best to inform you.

That is essentially it. The full legal text is below—and you should review it—but we wanted to give you some plain language up front. Thanks for reading.

3.2 Ordering Activity, and its Authorized Users, agree not to: (1) use the Authentic8 Service or other than as authorized in this Agreement; (2) resell, sublicense, or otherwise make the Authentic8 Service available to any third party; (3) use the Authentic8 Service to support any activity that is illegal or that violates the proprietary rights of others; (4) interfere with or disrupt the integrity or performance of the Authentic8 Service or any websites or web-based applications; (5) deactivate, impair, or circumvent any security or authentication measures of the Authentic8 Service or any websites or web-based applications; (6) access the Authentic8 Service for purposes of monitoring its performance or functionality; or (7) authorize any third parties to do the above.

3.3 Authentic8 is not responsible or liable for: (1) the availability, accuracy, or security of any websites or web-based applications accessed through the Authentic8 Service, (2) the content, products, or services on or available from those websites or web-based applications; or (3) the deletion, non-delivery or failure to store or submit Account Access Information, or a loss of other information or settings on the websites and web-based applications accessed through the Authentic8 Service.

**4. SUPPORT AND AVAILABILITY**

4.1 During the Subscription Term, Authentic8 will provide technical support for the Authentic8 Service according to the terms set forth in **Exhibit A** ("Support Terms and Service Availability"). **5. SUBSCRIPTION FEES**

5.1 Authentic8 shall invoice Ordering Activity for the fees or charges for the Authentic8 Service as specified in the Order Form ("**Subscription Fees**"). ### 7. TERMINATION

7.1 When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Authentic8 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

7.2 Upon any expiration or termination of this Agreement, Ordering Activity's right to access and use the Authentic8 Service will automatically terminate, and Ordering Activity may not continue to access or use the Authentic8 Service. Authentic8 will have no liability for any costs, losses, damages, or liabilities arising out of or related to Authentic8's exercise of its termination rights under this Agreement. Any payment obligations as of the expiration or termination (or that relate to activity during the Subscription Term) will remain in effect. The obligations and provisions of Sections 8 through 12 will survive any expiration or termination of the Agreement.

### 8. PROPRIETARY RIGHTS

8.1 Authentic8 owns all right, title and interest in and to the Authentic8 Service and the Authentic8 App, including all worldwide intellectual property rights therein ("**Authentic8 IP**"). This Agreement does not convey any proprietary interest in or to any Authentic8 IP or rights of entitlement to the use thereof except as expressly set forth herein. Ordering Activity grants Authentic8 the right to use its name (and the corresponding trademark or logo) on Authentic8's website and marketing materials to identify Ordering Activity as a Ordering Activity; provided, however, that any such use must be pre-approved by Ordering Activity, which will not be unreasonably withheld or delayed. 8.2 Authentic8 will be free to use any suggestions, ideas, feedback, or recommendations provided by Customer regarding the Authentic8 Service or the Authentic8 App ("**Feedback**"), and by providing any Feedback, Customer grants Authentic8 a worldwide, perpetual, irrevocable, fully-paid and royalty-free license to use and exploit that Feedback for any purpose and without any further obligation. Authentic8 acknowledges that the ability to use this Agreement and any Feedback received in advertising is limited by GSAR 552.203-71.

8.3 Each party understands that the other party may need to disclose certain non-public information relating to the disclosing party's business that is marked or identified as "confidential" at the time of disclosure ("**Confidential Information**") in connection with the use and/or performance of the Authentic8 Service. The receiving party agrees to take reasonable precautions to protect such Confidential Information, and to not disclose (without the disclosing party's prior authorization) to any third person any such Confidential Information. Confidential Information does not include any information that the receiving party can show: (1) is or becomes generally available to the public, or (2) was in its possession or was known prior to receipt from the disclosing party, or (3) was rightfully disclosed to it without restriction by a third party, or (4) was independently developed without use of any Confidential Information of the disclosing party. The receiving party may disclose Confidential Information if the disclosure is necessary to comply with a valid court order or subpoena (in which case the receiving party will, unless expressly prohibited by the terms of the court order or subpoena, promptly notify the disclosing party and cooperate with the disclosing party if the disclosing party chooses to contest the disclosure requirement, seek confidential treatment of the information to be disclosed, or to limit the nature or scope of the information to be disclosed). Authentic8 recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor.

### 9. DISCLAIMERS

9.1 Authentic8 warrants that the Services will be performed substantially in accordance with the SOFTWARE written materials accompanying it. In the event that the Services do not perform in accordance with SOFTWARE written materials accompanying it due to reasons within Authentic8's control, for a period of sixty (60) days Authentic8 will repair the service in order to bring it into accordance, or provide a refund of subscription fees. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING The Authentic8 Service and the Authentic8 App are provided "AS IS" and on an "AS AVAILABLE" basis. Authentic8 does not warrant that the Authentic8 Service will be provided without interruption or be completely error free. 9.2 Ordering Activity acknowledges that, despite the security features of the Authentic8 Service, no service can provide a completely secure mechanism of electronic transmission and that there are persons and entities that may attempt to breach Authentic8's security measures. Authentic8 will not be liable for any security breach (or other events) caused by circumstances outside of its reasonable control. Authentic8 is not responsible for any data or information that Ordering Activity, or its Authorized Users, download or access through the use of the Authentic8 Service. Ordering Activity assumes all risk from the use of the Authentic8 Service including any damage to its computer system or devices or the corruption or loss of its data and information when accessing or using the Authentic8 Service.

## 10. RESERVED

### 11. INDEMNIFICATION

11.1 Authentic8 will: (1) defend Ordering Activity against any third party suit, claim, action or demand (a "**Claim**") alleging that the Authentic8 Service infringes any copyright or trademark or misappropriates a trade secret of a third party; and (2) indemnify and hold Ordering Activity harmless from any final award of damages or settlement amount arising in connection with any such Claim.

11.2 The foregoing indemnity obligations are conditioned on Ordering Activity notifying Authentic8 promptly in writing of any actual or threatened Claim, Ordering Activity giving Authentic8 control of the defense thereof and any related settlement negotiations, and Ordering Activity cooperating and, at Authentic8's request and expense, assisting in such defense. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

## 12. GENERAL

12.1 The parties are independent contractors, and no branch or agency, partnership, association, joint venture, employee-employer, or franchiser-franchisee relationship is intended or created by this Agreement. This Agreement is intended for the sole and exclusive benefit of the parties and is not intended to benefit any third party. Only the parties to this Agreement may enforce it.

12.2 This Agreement is governed by and construed in accordance with the Federal laws of the United States, without giving effect to the principles of conflict of law. If any portion of this Agreement is found to be void or unenforceable, the remaining provisions of this Agreement will remain in full force and effect.

12.3 Neither party may assign this Agreement, in whole or in part, without the other party's prior written consent. Any attempt to assign this Agreement other than as permitted above will be null and void.

12.4 All notices required or permitted under this Agreement will be in writing and delivered by confirmed facsimile transmission, by courier or overnight delivery services, or by certified mail, and in each instance will be deemed given upon receipt. All communications will be sent to the addresses set forth above or to such other address as may be specified by either party to the other in accordance with this Section.

12.5 This Agreement, together with the Underlying GSA Schedule Contract, Schedule Pricelist and Purchase Order(s), constitutes the complete and exclusive understanding and agreement between the parties regarding this subject matter and supersedes all prior or contemporaneous agreements or understandings, written or oral, relating to this subject matter. Any waiver, modification or amendment of any provision of this Agreement will be effective only if in writing and signed by duly authorized representatives of both parties.

[END]

**EXHIBIT A:**

**SUPPORT TERMS AND SERVICE AVAILABILITY**

Capitalized terms not defined below will have the meaning ascribed to them in the Agreement. Additional terms used herein are defined below.

**1. SUPPORT AND MAINTENANCE**

**1.1 Technical Support.** Ordering Activity will provide direct first tier technical support directly to its Authorized Users. Authentic8 will provide second tier support escalation to Ordering Activity via email and phone during the regular business hours of: 9am-6pm, Pacific Time, Monday-Friday (excluding national holidays).

**1.2 Maintenance.** Authentic8 will make updates (error corrections, bug fixes, enhancements and/or improvements) to the Authentic8 Service on an ongoing basis. Except in the case of emergencies, Authentic8 will schedule maintenance during appropriate, non-peak usage hours (typically between 10pm on Fridays and 12pm on Sundays, Pacific Time) and to the extent possible will provide advance notice of any planned service disruption.

**1.3 Reporting Process.** Only Ordering Activity's Account administrator(s) may contact Authentic8's technical support personnel. In connection with submitting a problem report, Ordering Activity must: (i) notify Authentic8 promptly of problems with the Authentic8 Service, and provide Authentic8 with any documentation available regarding the error sufficient to allow Authentic8 to reproduce the error; and (ii) provide Authentic8 with reasonable assistance, as requested, to troubleshoot the problem.

**2. SERVICE LEVEL**

**2.1 Availability.** The Authentic8 Service will be available 99.9% of the time per month, except for any scheduled maintenance or Service Interruptions ("**Uptime Availability**"). The Authentic8 Service (or a portion of the Authentic8 Service) may be unavailable at certain times, for any unanticipated or unscheduled emergency maintenance or unavailability as a result of (i) circumstances beyond Authentic8's reasonable control, including without limitation, acts of God, acts of government, flood, fire, earthquakes, civil unrest, acts of terror, strikes or other labor problems (other than those involving our employees), or (ii) Internet third party service provider failures, delays, or denial of service attacks ("**Service Interruptions**").

**2.2 Remedies.** If the Authentic8 Service does not meet the Uptime Availability in any given calendar month (excluding any scheduled maintenance or Service Interruptions), then Authentic8 will credit Ordering Activity a percentage of the Subscription Fees for that month as follows:

Service Availability	Service Credit
99.5% - 99.9%	20%
99% - 99.5%	40%
<99%	100%

Service credits must be requested in writing within 10 business days after the month following such service level unavailability. This credit will be applied against future Subscription Fees. If the Authentic8 Service does not meet the Uptime Availability for two (2) consecutive months in any three (3) month period, or four (4) times in any twelve (12) month period, Ordering Activity may terminate the Agreement and Authentic8 will refund the unused portion of the Subscription Fees that Ordering Activity had paid for the Authentic8 Service for the remainder of the Subscription Term. This section states Ordering Activity's sole and exclusive remedy for the unavailability of the Authentic8 Service.

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Axellio, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
  - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in

connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this

Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**AXELLIO SOFTWARE END USER LICENSE AGREEMENT**

1. **AGREEMENT.** This Axellio Software End User License Agreement (“EULA” or “Agreement”) is a legal agreement between the Ordering Activity under GSA Schedule contracts identified in the Purchase Order (“you” or “Licensee”) and Axellio Inc. (“AXELLIO”) that describes the terms and conditions of your use of AXELLIO software (other than embedded firmware in AXELLIO hardware) provided to you by AXELLIO (“Software”) as specified in the associated quotation, order acknowledgement, or invoice from AXELLIO (“Order”). By executing a written purchase order for the Software accompanying this EULA, you indicate that you have read, understood and agree to be bound by all of the terms and conditions set forth herein. Axellio may include software supplied by third-parties in the Axellio Software. Axellio is providing such third-party software to you by permission of the respective licensors and/or copyright holders on the license terms provided by such parties.  
Nothing herein shall bind the Licensee to any third-party terms unless the terms are provided for review and agreed to in writing by all parties.
2. **LICENSE AND RESTRICTIONS.** Subject to the terms and conditions of this Agreement, AXELLIO grants to you a nonexclusive, nontransferable, nonsublicensable, limited license to install and use, without modification, the Software in object code form only for your internal business purposes. You are not licensed to and shall not (i) copy or reproduce the Software, other than to maintain for your own backup purposes; (ii) republish, upload, post, transmit, resell or distribute in any way the Software; (iii) permit any third party to benefit from the use or functionality of the Software via a rental, lease, timesharing, service bureau, or other arrangement; (iv) sublicense, assign, or otherwise transfer any of the rights granted to you under this Agreement; (v) decompile, disassemble, or otherwise reverse engineer the Software; or (vi) otherwise use the Software except as expressly allowed under this Section 2.
3. **RELATED DOCUMENTATION.** You agree to use the operating manuals, charts, tables, written descriptions and handbooks in any medium related to the Software (“Related Documentation”) only in conjunction with your use of the Software. Related Documentation may not be reproduced or redistributed without the written consent of AXELLIO.
4. **RESERVATION OF RIGHTS AND OWNERSHIP.** The Software is licensed not sold, and AXELLIO reserves all rights not expressly granted to you in this Agreement. The Software and Related Documentation are protected by copyright, trade secret and other intellectual property laws. AXELLIO and/or its licensors, as applicable, own the title, copyright, and other worldwide intellectual property rights in the Software and all copies of the Software. This Agreement does not grant you any rights to trademarks or service marks of AXELLIO. The Software and this Agreement are AXELLIO’s confidential information and you must keep them confidential, not share them with or otherwise allow access to them to third parties, and you shall use at least reasonable care to maintain the confidentiality of the Software and this Agreement.
5. **WARRANTY AND LIMITATIONS.** Except for Software that is branded by a third party, AXELLIO warrants that the Software will perform substantially in accordance with the Related Documentation for a period of ninety (90) calendar days from the date of delivery of the Software (“Limited Warranty”). EXCEPT AS EXPRESSLY PROVIDED HEREIN, AXELLIO DISCLAIMS ALL GUARANTEES AND WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, REGARDING THE SOFTWARE AND RELATED DOCUMENTATION, INCLUDING ANY WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, TITLE, MERCHANTABILITY, AND NON-INFRINGEMENT. AXELLIO does not warrant that Software is free from bugs, viruses, interruption or errors, or that the Software will meet your requirements. Any third party branded Software delivered by AXELLIO is supplied “AS IS,” and you agree in such case to look solely to the warranties and remedies, if any, and such additional terms and conditions provided by the applicable third party Software licensor. In the event that Software fails to comply with the Limited Warranty, your sole and exclusive remedy and AXELLIO’s sole obligation shall be, at AXELLIO’s discretion, the repair or replacement of Software or reimbursement of the license fee paid by you. This Limited Warranty is void if failure of Software has resulted from accident, misuse, abuse, neglect, unauthorized repair or maintenance, or failure to follow supplied user instructions.
6. **LIMITATION OF LIABILITY.** AXELLIO’S TOTAL LIABILITY ARISING FROM OR RELATING TO THIS AGREEMENT SHALL BE LIMITED TO THE AMOUNT PAID BY YOU FOR THE LICENSE TO THE SOFTWARE. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, AXELLIO, ITS SUPPLIERS, AND SERVICE PROVIDERS SHALL NOT BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES OR FOR ANY LOSS OF BUSINESS, TELECOMMUNICATION FAILURES, LOSS, CORRUPTION OR THEFT OF DATA, LOSS OF PROFITS OR INVESTMENT, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY OR OTHERWISE, EVEN IF AXELLIO OR ITS REPRESENTATIVES HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND EVEN IF A REMEDY SET FORTH HEREIN IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.
7. **TERMINATION.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, AXELLIO shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Upon termination you must immediately cease using the Software. Any termination of this Agreement shall not affect AXELLIO’s rights hereunder.

8. **EXPORT.** You acknowledge that the laws and regulations of the United States restrict the export and re-export of certain commodities and technical data of United States origin. You agree not to export or re-export the Software or any related technical documentation in any form in violation of the export or import laws of the United States or any foreign jurisdiction.
9. **LAW AND VENUE.** This Agreement will be governed by the Federal laws of the United States. The United Nations Convention on Contracts for the International Sale of Goods will not apply to this Agreement.
10. **GENERAL.** This Agreement together with any associated Orders constitute the entire understanding and agreement between the parties regarding the subject matter hereof and supersede all prior or contemporaneous understandings, written or oral. In the event the terms of an Order contain additional or different terms than those herein, the terms of the Order will control. This Agreement may only be amended in a writing signed by both parties. No waiver of rights under this Agreement by either party shall constitute a subsequent waiver of any other right. Neither this Agreement nor any rights hereunder shall be assigned or otherwise transferred by you (by operation of law or otherwise) without the prior written consent of AXELLIO and any unauthorized transfer or assignment shall be void. In the event that any of the terms of this Agreement are held to be illegal by any court of competent jurisdiction, all remaining terms of the Agreement shall remain in full force and effect.

### **Axellio Terms and Conditions of Sales**

1. **AGREEMENT.** All sales by Axellio Inc. ("AXELLIO") of any nonsoftware products ("Products") to the purchaser ("Customer"), and/or the sale or provision by AXELLIO to the Customer of any services ("Services") as specified in the associated quotation, order acknowledgement, or invoice from AXELLIO ("Order") shall be governed exclusively by these terms and conditions ("Terms").

**EXCEPT FOR THE UNDERLYING GSA SCHEDULE**

**CONTRACT, AND SCHEDULE PRICELIST, AXELLIO OBJECTS**

**TO AND HEREBY REJECTS ANY ADDITIONAL OR DIFFERENT TERMS AND CONDITIONS PROPOSED BY CUSTOMER, INCLUDING THOSE CONTAINED ON ANY PURCHASE ORDER OR**

**OTHER DOCUMENTATION PROVIDED BY CUSTOMER. Customer's right to the Products and/or Services is contingent upon Customer's acceptance of these Terms. Any changes to the Terms must specifically agreed to in writing executed by AXELLIO and Customer before becoming binding on either party. To the extent a conflict or inconsistency exists between these Terms and any document submitted to AXELLIO by Customer, these Terms will control.**

2. **WARRANTY FOR PRODUCTS.** If Customer has purchased Products, then this Section 2 shall apply. Unless otherwise provided on the associated Order or otherwise agreed to in writing by authorized AXELLIO personnel, AXELLIO warrants that AXELLIO branded Products sold by AXELLIO will be free from defects in material and workmanship for 3 years from the date AXELLIO ships the Product; provided, however, that with regard to third party branded Products sold by AXELLIO to Customer, AXELLIO shall pass through to Customer the original manufacturer's warranty to the extent permissible. AXELLIO's warranty shall not apply to any Products that are not installed or operated in conformity with AXELLIO's published instructions, or to any Products which have been subject to misuse, negligence, or accident, or altered or repaired by anyone other than AXELLIO or AXELLIO's duly authorized agent. In all cases, AXELLIO has sole responsibility and discretion for determining the cause and nature of a Product defect, and AXELLIO's determination with regard thereto shall be final. Customer must notify AXELLIO of any breach of warranty within the applicable warranty period. The exclusive remedy for any breach of warranty shall be, at AXELLIO's option, the repair of the Product or replacement of such Product with a Product of the same type, or the refund of a prorata amount of the purchase price for such Product based on a 3 year life. When notifying AXELLIO of or returning any Products that fail to meet an applicable warranty, Customer shall comply with AXELLIO's then-current Return Material Authorization procedure. Customer's exclusive remedy for a breach of this warranty is for AXELLIO to reperform the Service at no extra charge. 5. **LIMITATION OF LIABILITY. AXELLIO'S TOTAL LIABILITY ARISING FROM THE PRODUCTS AND/OR SERVICES, WHETHER FOR BREACH OF CONTRACT OR WARRANTY, OR OTHERWISE, IS LIMITED TO THE AMOUNT CUSTOMER PAID FOR THE PRODUCTS AND/OR SERVICES FOR WHICH LOSSES OR DAMAGES ARE CLAIMED. IN NO EVENT SHALL AXELLIO BE LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL,**

INDIRECT OR PUNITIVE DAMAGES, OR LOST PROFITS, ARISING OUT OF OR RELATED TO THE PRODUCTS AND/OR SERVICES, REGARDLESS OF WHETHER AXELLIO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND WHETHER ARISING OUT OF DESIGN OR MANUFACTURING DEFECT, NEGLIGENCE, BREACH OF WARRANTY, STRICT LIABILITY, DEFAULT, INDEMNITY OR ANY OTHER REASON OR LEGAL THEORY ARISING OUT OF THE USE OR HANDLING OF ITS PRODUCTS OR ITS PERFORMANCE UNDER THESE TERMS. NO ACTION RELATING TO THE PRODUCTS AND/OR SERVICES MAY BE BROUGHT BY CUSTOMER MORE THAN ONE YEAR AFTER DELIVERY OF THE PRODUCTS OR COMPLETION OF THE SERVICES. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

6. DELIVERY OF PRODUCTS; TITLE. Accepted orders for AXELLIO branded Products are non- cancellable except in accordance with the FAR and GSA Schedule Contract. Delivery and completion dates are estimates; AXELLIO will use commercially reasonable efforts to meet desired delivery and completion dates, but will not be liable to Customer in any way for any late shipment or completion. All Products are invoiced upon delivery and all Services are invoiced upon completion. Terms of payment are net 30 days from the date of invoice, unless otherwise expressly provided for and confirmed in writing by AXELLIO. Overdue payments shall be subject to finance charges computed at the interest rate established by the Secretary of the Treasury as provided in [41 U.S.C. 7109](#), which is applicable to the period in which the amount becomes due, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid. AXELLIO or its authorized reseller as applicable shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 552.212-4(k).

9. PURCHASE MONEY SECURITY INTEREST. If Customer has purchased Products, then this Section 9 shall apply. AXELLIO hereby reserves, and Customer hereby grants to AXELLIO, a purchase money security interest ("PMSI") in the Products sold hereunder and all the proceeds thereof, including but not limited to, insurance proceeds, to secure performance of all of

Customer agrees that CI shall include all information which Customer knows or reasonably may know is confidential. Upon AXELLIO's request, Customer will return to AXELLIO all documents containing AXELLIO's proprietary information. Customer agrees that its obligation to protect AXELLIO's proprietary information shall be ongoing and shall not cease upon completion or termination of these Terms. Nothing in this Agreement grants to Customer any right, title, or interest in any of AXELLIO's intellectual property including without limitation patents, trademarks, trade names, logos, inventions, copyrights, know-how, or trade secrets in any way relating to the design, manufacture, operation, use or service of the Products. AXELLIO recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

11. INDEMNIFICATION. AXELLIO will have the right to intervene to defend, indemnify and hold harmless Customer from any third-party claim made against Customer for infringement of any United States patent, copyright, or trademark by the Products, provided that Customer (i) promptly notifies AXELLIO of any such claim; and (ii) gives AXELLIO all information, authority and assistance reasonably necessary to settle and/or defend any such claim. AXELLIO will have control of any such claim, including, in its sole discretion and at its own expense, the right to settle the claim. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. AXELLIO has no liability for any claim arising or alleged to arise from use of a Product as part of any equipment, software, assembly, combination, method or process not supplied by AXELLIO, or for any claim, suit or proceeding arising or alleged to arise from: (i) any marking or branding applied to a Product at the request of Customer or by a party other than AXELLIO; or (ii) modification or servicing of all or part of a Product at Customer's request or by any party other than AXELLIO

(except as expressly authorized by AXELLIO in writing). 12. ADVICE; ENGINEERING CHANGE ORDERS. AXELLIO may provide Customer technical advice regarding the Products and Services, but X- IO does not warrant or guarantee such advice. AXELLIO reserves the right to make additional engineering changes as necessary, and to charge Customer for costs and expenses

incurred by AXELLIO associated with any servicing or repair of a Product or component for which there is no problem observed (NPO), regardless of whether the Product is returned to AXELLIO for repair or AXELLIO deploys resources to make the repair.

13. SPECIAL ORDERS. Customer acknowledges that if this purchase is a special order for custom goods, the provisions of this paragraph supersede any conflicting general terms of these Terms. Customer agrees to defend, protect, and hold harmless AXELLIO against all suits at law or in equity and from any and all damages, claims, and demands for personal injury or actual or alleged infringement of any United States or foreign intellectual property right and to defend any suit or actions which may be brought against AXELLIO for such injury and/or any alleged infringement because of the manufacture and/or sale of the custom good.

14. EXPORT; COMPLIANCE WITH LAW. Customer acknowledges that the laws and regulations of the United States restrict the export and re-export of certain commodities and technical data of United States origin. Customer will not export or re-export the Products or any related technical documentation in any form in violation of the export or import laws of the United States or any foreign jurisdiction. Customer shall not, without U.S. government authorization, export, reexport, or transfer any goods, software, or technology subject to these Terms, either directly or indirectly, to any country subject to a U.S. trade embargo or to any resident or national of any such country, or to any person or entity listed on the "Entity List" or "Denied Persons List" maintained by the U.S. Department of Commerce or the list of "Specifically Designated Nationals and Blocked Persons" maintained by the U.S. Department of Treasury. Customer and its personnel, agents and representatives agree to abide by the obligations imposed by the laws of the countries in which Customer does business (including, without limitation, the Foreign Corrupt Practices Act) regarding payments or gifts to governments or related persons for the purpose of obtaining or retaining business. Customer will defend, indemnify, and hold harmless AXELLIO from and against any violation of such laws or regulations by Customer or its agents, officers, directors, or employees.

15. LAW; VENUE. These Terms will be governed by the Federal laws of the United States. The United Nations Convention on Contracts for the International Sale of Goods will not apply to these Terms.

16. GENERAL. No waiver of rights under these Terms by either party shall constitute a subsequent waiver of this or any other right under these Terms, and all waivers must be in writing to be effective. Neither these Terms nor any rights under these Terms shall be assigned or otherwise transferred by Customer (by operation of law or otherwise) without the prior written consent of AXELLIO and any unauthorized transfer or assignment shall be void. These Terms shall bind and inure to the benefit of the successors and permitted assigns of the parties hereto. In the event that any of the terms of these Terms are held to be illegal by any court of competent jurisdiction, all remaining terms of these Terms shall remain in full force and effect. These Terms together with AXELLIO's associated Orders (if applicable) constitute the entire understanding and agreement between the parties regarding the subject matter hereof and supersede all prior or contemporaneous understandings, written or oral. Ordering Activity shall ensure it has reviewed the applicable Third-Party Software Licenses and has the proper licenses to use the Product. Notwithstanding anything to the contrary herein, this Agreement does not limit or supersede any rights or obligations Customer has as a result of Third-Party Software Licenses.

Customer Restrictions and Obligations. Customer agrees to comply with the reporting obligations if specified on an Order.

Term and Termination.

Termination of the Agreement. The term of this Agreement will begin on the Effective Date. Any termination of this Agreement will not operate to terminate any active Software Services, and the terms and conditions of this Agreement will continue in full force and effect (except no new or renewals of Software Services may be purchased) until the latest expiration of any Software Services covered under this Agreement.

Term of Software Services. Each Software Services hereunder shall begin as of the date set forth on the application Order and shall continue for the initial term set forth on such Order. Following such initial term, each Software Services hereunder may be renewed for successive terms equal in length to the initial term by executing a new Order for such successive term; For each Software Services, the initial term, together with any renewals thereof, is referred to as the "Software Services Term".

Azul may object to and reject any pre-printed or otherwise conflicting terms of any related purchase order, confirmation, or similar form which shall have no force or effect unless accepted by Azul. Neither this Agreement nor the licenses granted hereunder are assignable or transferable without the prior written consent of the other party (and any attempt to do so shall be void) except that either party may assign and transfer all of its rights and obligations hereunder without such written consent to a successor to (as applicable) substantially all of Azul's Product business or assets or Customer's business for which Products are

licensed and Support Services are provided. Assignments are subject to FAR Clause 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. SUPPORT AND MAINTENANCE SERVICES. Support Services consist of (a) Error corrections provided to Customer’s Designated Support Contacts concerning the installation and use of supported versions of the Product, (b) Product updates that Azul in its discretion makes generally available to its support and maintenance customers without additional charge, (c) access to Azul’s support portal and Download Site, and (d) facilities for case and bug tracking, escalation of problems for priority attention, and assistance with troubleshooting to diagnose and fix errors in the Product. Certain benefits of Support Services depend on the support tier which has been selected and paid for by Customer (the “Support Tier”), as set forth in the table below:

Priority 4 Errors means a report of minimal impact and means a minor problem or error(s) in the Documentation, a desired change in the Product which can be easily circumvented or avoided, or a Product enhancement request. Priority 1 Errors means a report that the Product is failing to perform in accordance with the Documentation and that such failure is reproducible and makes one or more critical functions of the Product inoperable. To be classified as Priority 1, an Error must (i) prevent a Customer from conducting critical and primary business functions (that are consistent with the Product’s intended use and functions) in a production environment, and (ii) have no immediate fix or work-around. For Priority 1 Errors, Azul shall commence the following procedures: (i) assign Azul engineers to diagnose the Error; (ii) notify Azul management that such Errors have been reported and of steps being taken to correct such Error(s); (iii) provide Customer with periodic reports on the status of the corrections; and (iv) immediately initiate work on a prioritized basis to provide Customer with a Workaround or Fix as soon as commercially reasonable.

Priority 2 Errors means a report that the Product is functioning but in a significantly degraded or restricted capacity. To be classified as Priority 2, an Error must be reproducible and (i) cause a high impact on some portion of Customer’s primary business functions (that are consistent with the Product’s intended use and functions) in a production environment, and (ii) have no immediate fix or work-around. For Priority 2 Errors, Azul shall commence the following procedures: (i) assign Azul engineers to diagnose the Error; (ii) notify Azul management that such Errors have been reported and of steps being taken to correct such Error(s); (iii) provide Customer with periodic reports on the status of the corrections; and (iv) initiate work to provide Customer with a Workaround or Fix as soon as commercially reasonable.

Priority 3 Errors means a report of degraded operations of the Product and reproducible limited condition that causes a slight or non-critical failure of the Product to function according to the Documentation. Azul shall exercise commercially reasonable efforts to include a Fix for the Error in the next regular Product release.

is not currently supported per the Product Lifecycle Policy; (iii) any Product that is not obtained from the Download Site or a Business Partner, (iv) Product problems caused by Customer's negligence, abuse or misapplication use of Products other than as specified in the Documentation or other causes beyond the control of Azul; (v) Products installed on any hardware that is not listed as supported in the Documentation; or (vi) Product or Product component(s) or Product feature(s) specifically identified as "Community", "Feature Preview", "Early Access", "Not Supported", or "Experimental". Azul shall have no liability for any changes in Customer's hardware which may be necessary to use the Product.

**CUSTOMER RESPONSIBILITIES.** Customer shall exercise commercially reasonable efforts in cooperating with and providing information to Azul with regard to Support Services. Customer is required to assist Azul until problem resolution. Required Customer activities may include logging into Customer's systems for diagnosis of problems, downloading and installation of software updates, retrieval and transfer of system logs/files, re- installation of the Product, and participation in tests for fixes.

**CASE RESOLUTION PROCESS.** Using good faith and reasonable judgment, Customer will assign an initial Priority Level to each report prior to reporting it to Azul, and Azul will assign a unique tracking number to each report as it is reported. Using good faith and reasonable judgment, Azul may change the Priority Level of a report. Azul will assign technical support resources and provide progress reports for each report, using commercially reasonable efforts to do so, in accordance with Section 2 of this Exhibit B.

**TARGET RESPONSE TIME.** A response to a request for Support Services shall consist of receipt of and acknowledgement by Azul of Customer's request for Support Services (the "First Response"). Azul will use commercially reasonable efforts to provide a First Response within the target SLA response time set forth in the table below. Azul makes no promises, guarantees, or assurances of any kind that it will be able to resolve all of Customer's Support Services requests.

Error Type	TARGET RESPONSE TIME	
	Standard	Platinum or Premium
Priority 1	1 Business Day	1 hour
Priority 2	2 Business Days	4 hours
Priority 3	2 Business Days	1 Business Day
Priority 4	2 Business Days	2 Business Days

**PRODUCT LIFECYCLE POLICY.** For Customers who have purchased Support Services, Azul offers support beginning from the Java Major Release Date, divided into two distinct phases: Production Support and Extended Support.

The Production Support phase includes maintenance updates, Error corrections, and security vulnerability resolutions, and may include feature enhancements. Security vulnerability resolutions will be made to supported Major releases and the latest Minor Release only, while Maintenance updates and Error corrections will be made to supported Major and supported Minor Releases. Minor Releases will be supported a minimum of twelve (12) months from the general availability of the Minor Release.

The Extended Support phase supports Product releases that have gone beyond the Production Support phase of the product lifecycle. During Extended Support, support is delivered primarily in the form of identifying Workarounds, and Azul may direct Customer to upgrade to a more current Major, Minor, or Maintenance Release of the Product in order to resolve issues. During the Extended Support phase, no Minor or Maintenance Releases are expected to be delivered, the exception being certain security vulnerability resolutions that may, at Azul's sole discretion, be

made available. A Product is deemed end-of-life (EOL) at the end of the Extended Support phase.

Each Major Release for a given Product is designated as Long Term Support (LTS), Medium Term Support (MTS), or Short Term Support (STS) as

detailed at [https://www.azul.com/support/product\\_releases/](https://www.azul.com/support/product_releases/) with the following Production Support and Extended Support periods:

<b>Lifecycle</b>	<b>Production Support</b> (from the Java Major Release Date)	<b>Extended Support</b> (from the end of Production Support)
LTS	8 years	2 years
MTS	1.5 years (from general availability of next LTS release)	1 year
STS	1 year	6 months

**DESIGNATED SUPPORT CONTACTS** Customer may only contact Azul through Customer's Designated Support Contacts. Customer may designate up to the number of contacts as set forth in the applicable Exhibit A. Azul will provide Support Services to Customers solely by communicating during the hours of coverage with the individual Designated Support Contact(s) appointed by Customer. Customer may change the Designated Support Contacts by notifying Azul in writing.

In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is

triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

**1. Scope.** This Rider and the attached BlueCat Federal USA, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**2. Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated

June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## **EC America Rider to Product Specific License Terms and Conditions (for U.S. Government End Users)**

**Scope.** This Rider and the attached BlueLight LLC (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (*e.g.*, the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et. seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable, and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by

the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibits such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges, or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable Federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Following delivery of the Leased Hardware to Ordering Activity, Ordering Activity shall bear reasonable risks of loss, damage, theft, or destruction to the Leased Hardware, excluding reasonable wear and tear. Except as set forth below in this Section 1.4, nothing contained in this Agreement shall give or convey to Ordering Activity any right, title or interest in or to the Leased Hardware. Ordering Activity shall not: (i) not enter into any sublease, loan, or similar arrangement with respect to the Leased Hardware or (ii) transfer, assign, convey, encumber, pledge, or otherwise dispose of the Leased

Ordering Activity shall promptly either advise BL that the Work Product is accepted (an "Acceptance Notice") or deliver to BL a written statement describing in detail the reasons why the Work Product does not comply with such specifications (a "Non-Compliance Notice"). Upon receipt of a Non-Compliance Notice, BL shall correct the Work Product so that the Work Product complies with such specifications, and the foregoing testing procedure shall be repeated until Ordering Activity accepts the Work Product. The foregoing remedies shall be Ordering Activity's remedies with respect to Work Product for which a non-compliance is claimed. The provision of an Acceptance Notice or the failure to provide a Non-Compliance Notice within two (2) Business Days of the date of the Testing Notice shall constitute acceptance of the Work Product by Ordering Activity. Ordering Activity may not withhold its acceptance of the Work Product as a result of defects therein that do not materially affect the performance or functionality thereof.

## U.S. Federal Government License Addendum

We (Blue Prism Software, Inc., or “**Licensor**”) have set out here the terms and conditions that apply (“**Addendum**”), in addition to the End User License and Support Terms at Attachment A (“**EULA**”), to the Software and support we provide to U.S. Government agencies (“**Ordering Activity**”). Ordering Activity is defined as an entity authorized to order under GSA contracts as set forth in GSA ORDER 4800.2G ADM, as may be revised from time to time. References to “you” or “your” in the EULA shall be deemed references to Ordering Activity.

This Addendum and the EULA, to the extent that they are consistent with Federal Law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341(a)(1)(B)), the Contracts Disputes Act of 1978 (41 U.S.C. § 601-613), the Prompt Payment Act, the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. 15), 28 U.S.C. § 516 (Conduct of Litigation Reserved to Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases) contain the whole agreement between the parties relating to the subject matter hereof and set out the terms on which Ordering Activity can use our Software and services (the “**Agreement**”). To the extent the terms and conditions in the EULA are inconsistent with the Federal Law (See FAR 12.212(a)), they shall be deemed deleted and unenforceable, as set forth below:

**Acquisition of Commercial Items.** The Software and support are commercial items as defined by the Federal Acquisition Regulation (“FAR”) at FAR 2.101 and are licensed to Ordering Activity under the applicable terms of FAR Part 12, “Acquisition of Commercial Items” and/or DoD Federal Acquisition Regulation Supplement (“DFARS”) 227.7202, “Commercial computer software and commercial computer software documentation”. Any use, modification, reproduction, release, performance, display, or disclosure by Ordering Activity shall be governed solely by, and prohibited, except as expressly permitted under, the terms of the Agreement.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alt I 2018) and (Alt II June 2016), and 52.212-4(f) Excusable delays (June 2010), the GSAR and the FAR provisions shall take precedence.

**Contract Formation.** Subject to FAR Sections 1.601(a) and 43.102, Ordering Activity’s Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind Ordering Activity must be included within the contract signed by Ordering Activity.

**Audit.** During the term of this Agreement: (a) If Ordering Activity’s security requirements included in the Order are met, Licensor or its designated agent may audit Ordering Activity’s facilities and records to verify Ordering Activity’s compliance with this Agreement. Any such audit will take place only during Ordering Activity’s normal business hours contingent upon prior written notice and adherence to any security measures Ordering Activity deems appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities. Licensor will give Ordering Activity written notice of any non-compliance, including the number of underreported Units of Software or support (“Notice”); or (b) If Ordering Activity’s security requirements are not met and upon Licensor’s request, Ordering Activity will run a self-assessment with tools provided by and at the direction of Licensor (“Self-Assessment”) to verify Ordering Activity’s compliance with this Agreement. Discrepancies found in an audit may result in a charge by the Licensor to the Ordering Activity. If disputed by the Ordering Activity, such charge shall be resolved through the Disputes clause at FAR 52.233-1.

**Termination.** Clauses in the EULA referencing termination or cancellation of the EULA are hereby deemed to be deleted. Termination shall be governed by the FAR 52.212-4(l) Termination for the Government’s Convenience, and (m) Termination for Cause, which do not provide for unilateral cancellation by the Licensor. If the Licensor believes the Ordering Activity to be in breach, it must file a claim with the Ordering Activity contracting officer and continue performance pending resolution of the claim as provided for in FAR 52.233-1.

**Consent to Government Law / Consent to Jurisdiction.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C §§ 7101-7109) and Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Agreement will be governed by and construed in accordance with the Federal laws of the United States, specifically including applicable limitations periods. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, it will not apply to this Agreement, and the governing law will remain as

if such law or regulation had not been enacted. In the absence of a statutory provision expressly authorizing an equitable remedy, clauses in the EULA referencing equitable remedies are deemed not applicable to Ordering Activity's Order and are therefore deemed to be deleted. The Ordering Agency shall not be required to pay attorneys' fees or other litigation costs except to the extent expressly authorized by statute.

**Force Majeure.** Subject to FAR 52.212 -4 (f) Excusable Delays (JUN 2010), unilateral termination by Licensor does not apply to an Ordering Activity Order and all clauses in the EULA referencing unilateral termination rights of Licensor are hereby deemed to be deleted.

**Assignment.** All clauses regarding assignment are subject to FAR Clause 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements, and all clauses governing

GSA Approved 11-Aug-20

assignment in the EULA are hereby deemed to be deleted.

**Waiver of Jury Trial.** All clauses referencing waiver of jury trial are subject to FAR Clause 52.233-1, Disputes (JUL 2002), and all clauses governing waiver of jury trial in the EULA are hereby deemed to be deleted.

**Ordering Activity Indemnities.** All EULA clauses referencing indemnities by Ordering Activity are hereby deemed to be deleted.

**Licensor Indemnities.** All EULA clauses that (1) violate DOJ's right (28 U.S.C. 516) to represent Ordering Activity in any case and/or (2) require that Ordering Activity give sole control over the litigation and/or settlement, are hereby deemed to be deleted.

**Renewals.** All EULA clauses that violate the Anti-Deficiency Act (31 U.S.C. 1341, 41 U.S.C. 11) ban on automatic renewal are hereby deemed to be deleted.

**Future Fees or Penalties.** All EULA clauses that violate the Anti-Deficiency Act (31 U.S.C. 1341, 41 U.S.C. 11), which prohibits Ordering Activity from paying any fees or penalties beyond the Agreement amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act, or Equal Access To Justice Act, 31 U.S.C. 3901, 5 U.S.C. 504 are hereby deemed to be deleted.

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all federal, state, local taxes and duties.

**Dispute Resolution and Venue.** This Agreement is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this Agreement shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes.

**Advertisements and Endorsements.** Unless specifically authorized by Ordering Activity in writing, such use of the name or logo of any U.S. Government entity is prohibited.

**Public Access to Information.** Licensor agrees that the EULA and this Addendum contain no confidential or proprietary information and acknowledges the EULA and this Addendum will be available to the public.

**Confidentiality.** Any provisions that require Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act, 5 U.S.C. §552, and any order by a United States Federal Court. When the end user is an instrumentality of the US Government, neither this Addendum, the EULA nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. The Ordering Activity may retain confidential information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained confidential information will continue to be subject to the confidentiality obligations of this Addendum, the EULA and the Schedule Contract.

## End User License and Support Terms

We (Blue Prism Software, Inc.) have set out here the terms that apply to the digital workforce we provide to you. We draw your attention to the following key clauses: Clause 3 on warranties, Clause 4 on the use of our products, and Clause 6 on limitations on liability. This document, and its schedules and annexes as appendices to it, including the Order (where “**Order** or **order**” means an order on the Blue Prism Order Form or other document agreed with us that incorporates these terms), contain the whole agreement between the parties relating to the subject matter hereof and set out the terms on which you can use our products and services (our “**Agreement**”). The applicable End User License and Support Terms are those set out in the version signed between the parties at the time of your initial Order, unless agreed otherwise in writing between us. The order will set out the software to be made available to you (the “**Software**”) and the support that we will provide. The Agreement starts on the date set out in the order document between you and us, or between you and the Reseller, and lasts until the end of the license term also specified there, unless it is terminated earlier in accordance with these terms.

### PRODUCT LICENSE AND SUPPORT

Once we accept your Order we will generate your license keys for the Software in the quantities specified in the order, and provide the support specified in the order. When we issue a license key to you, we grant you a non-exclusive license to use the Software in the format it is provided to you. We will provide you with license keys which last for twelve (12) months unless otherwise stated in the order. If a license key expires before the Agreement does, and provided you are compliant with the Agreement, we will provide further license keys. We will do this to cover the whole term of the Agreement. Each license key permits you to deploy a single instance of the Software in a single live, production environment, to make copies as reasonably required for back-up, testing, development or archive and to use all the written materials we make available to you. The Software and these materials together form the “**Products**”.

Your license permits you and your Affiliates, through your Users, to use the Products for automating your (and your Affiliates’) business processes (which includes automation of your own business processes for the benefit of your clients). Your “**Affiliates**” are persons that control, are controlled by, or are under common control with you, where “**control**” means direct or indirect ownership of at least 50% of the voting interest. Your “**Users**” are any employee, individual contractor, or employee of a service provider to you, which you allow to use the Products provided to you. You will be responsible for all acts and omissions of your Affiliates and Users and, if you use third party hosting, those of the hosting provider as if they were your own. Except as described here, the Agreement does not permit you to assign, sub-license, copy or provide or make the Products available to any person, or use the Products for any person. The Agreement does not permit you to modify or adapt the Products, or render any Software human-readable. You may not reverse engineer, decompile or disassemble the Software, except and only to the extent that applicable law expressly permits, despite this limitation.

If there is any overuse of a Product, or use outside the scope of the license granted, whether identified by audit or otherwise, you agree to pay for any overuse of the Products or an extension to the license at our standard rates.

### SECURITY AND UPDATES

We will take reasonable steps to ensure that our Software does not contain viruses or other malicious code.

We may make changes to the Products from time-to-time, for example to improve them or address potential security concerns, and will make updated versions available to you.

### OUR WARRANTIES

We warrant that the Software will in all material respects have the functionality specified in its technical documentation when working

within an environment meeting the minimum technical requirements specified in that documentation. If we breach this warranty your sole remedy will be to require us to provide a corrected version of the Software. You agree that we are not required to try to remedy any error that cannot be replicated on the latest version of the Software.

We also warrant that we will provide support with reasonable skill and care. If this warranty is breached your sole remedy will be re-performance.

**TO THE EXTENT NOT PROHIBITED BY MANDATORY LAW: (I) WE EXCLUDE ALL TERMS AND OBLIGATIONS WHICH WOULD OTHERWISE BE IMPLIED INTO THE AGREEMENT; AND (II) WE EXCLUDE ANY STATEMENT NOT SET OUT IN THE AGREEMENT. WE WILL NOT BE HELD TO STATEMENTS MADE BY THIRD PARTIES. YOU ACKNOWLEDGE THAT THE PRODUCTS MAY NOT BE COMPLETELY ERROR-FREE, OR MEET YOUR PARTICULAR REQUIREMENT, AND THAT THE PRODUCTS ARE PRICED ON THAT BASIS.**

#### **Your Responsibilities**

You shall: (i) use the Products only in accordance with law (including export control laws and regulations), and not for any illegal purpose; (ii) ensure that you have all rights necessary to provide any materials that you provide to us, and to grant us the rights to use them for the purposes of the Agreement; (iii) not modify, remove, or obfuscate any copyright or other notice placed on or embedded in any Products; and (iv) not use the Software so as to subject any part of it to an open source license. You shall ensure that your Affiliates and Users will also comply with Clause 4.1.

You agree to defend us against any claim or proceedings brought by any person, and indemnify us against any loss, damage, or expense we suffer or incur, as a result of your breach of Clause 4.1.

#### **INTELLECTUAL PROPERTY RIGHTS AND INDEMNITY**

You retain all right and title to the processes and procedures which you automate using the Software. All right and title to the Products (and any derivative works) and anything we create belongs to us or our licensors. Except for the license expressly granted under the Agreement, all our rights are reserved and no other license is granted.

You grant us a non-exclusive license during the term of the Agreement to use all materials you provide to us in connection with the Agreement for the purposes of performing our obligations and exercising our rights under it. You agree that we are free to use all general knowledge, skills, techniques, and ideas that we acquire or develop in performing the Agreement, subject to any obligation of confidentiality under Clause 8. By providing feedback to us you agree that we may use it to improve our products or otherwise.

Provided you comply with Clause 5.4, we shall: (i) defend you against any legal proceedings brought by a third party alleging that your use of the Products in accordance with the Agreement infringes the intellectual property rights of that third party (an "**IPR Claim**"); and (ii) indemnify you for any amount we agree in settlement of the IPR Claim, or which is finally awarded by a court of competent jurisdiction against you (with no further right of appeal) as a result of the IPR Claim. This indemnity will not apply to the extent the underlying allegation arises from: (i) your breach of the Agreement or negligence, or use of a Product outside the scope of the Agreement; (ii) modification of any Product (other than modifications we make), or use of a non-current version of a Product where you have already been advised by us to upgrade; (iii) combination of a Product with third party materials; or (iv) use of the Product after you become aware of the IPR Claim (unless we agree you can continue to use it). This Clause 5.3 sets out our entire obligation and liability in connection with any allegation that a person's intellectual property rights have been infringed.

To benefit from the indemnity you must: (i) notify us promptly upon becoming aware of the IPR Claim, and in any event within

thirty (30) days; (ii) procure that we have sole conduct of the investigation, defense, and settlement of the IPR Claim; (iii) provide such assistance as we reasonably request in relation to defense of an IPR Claim (at our cost); (iv) not take any step involving any payment or admission of liability in relation to an IPR Claim without our prior written consent; and (v) immediately cease using the Product subject to the IPR Claim (unless we agree otherwise).

If an IPR Claim is made (or we think one is likely to be made) we may, in our discretion: (i) procure the right for you to continue using the Product; (ii) replace or modify the Product to avoid the potential infringement; or (iii) terminate the Agreement immediately upon written notice to you and provide a pro-rata refund of any fees which have been paid to us in respect of the Software for the period following termination in lieu of damages and without admission of fault.

#### LIABILITY

Nothing in the Agreement limits or excludes liability for death or personal injury caused by negligence, fraud or fraudulent misrepresentation, for breach of Clause 8, under the indemnities in Clause 11.2, for infringement by you of our intellectual property rights or breach of any restrictions on use set out in the Agreement, or for any liability which cannot lawfully be so excluded or limited.

Subject to Clause 6.1, neither of us shall be liable for loss of profits, loss of goodwill, loss of anticipated savings, loss of revenue or business opportunity, loss of or damage to data, injury to reputation, or any indirect, special, or consequential loss, whether or not the parties were aware of the possibility of such loss, and in each case whether the loss arises from breach of contract, tort (including negligence), strict liability, statutory duty, or otherwise.

Subject to Clause 6.1, each party's total aggregate liability arising in connection with the Agreement, whether for breach of contract, tort (including negligence), strict liability, statutory duty, or otherwise, shall not, in each year, exceed an amount equal to the amount Ordering Activity paid for the licensed Software and Products.

#### AUDIT

We are regularly audited against ISO/IEC 27001 standards by independent third party auditors. If you request it, we will provide details of this. We may inspect and take copies of your records (either ourselves or using an external auditor) to verify your compliance with the Agreement, on reasonable notice. You agree to allow access to all relevant records and personnel, and provide all reasonable assistance for the completion of the audit, and we will comply with your standard health and safety policies provided to us a reasonable time in advance of the inspection. We will bear our own costs, except if an audit shows any overuse of a Product or use outside of the scope of the license granted in which case you will pay our reasonable demonstrable costs of the audit.

#### CONFIDENTIALITY

If information is marked as confidential, or is by its nature confidential, it shall be "**Confidential Information**". Each license key is our Confidential Information. Confidential Information shall not include information that: (i) was in the public domain other than due to a breach of the Agreement or other obligation of confidentiality; (ii) was lawfully received from a third party without obligation of confidentiality; or (iii) was developed independently without reference to Confidential Information.

Each of us shall keep the other's Confidential Information confidential, and not use it except for the purposes of the Agreement without consent. Confidential Information shall not be disclosed to any third party except for the purposes of the Agreement, in which case the disclosing party shall ensure the third party complies with these obligations of confidentiality. This shall not prevent a disclosure required by law, court order, or by any regulatory body in a competent jurisdiction (but then

only to the extent and for the purpose required).

This Clause 8 will survive expiry or earlier termination of the Agreement without limitation in time. If that is not permitted by

applicable law, then this Clause 8 will apply for five (5) years following expiry or earlier termination of the Agreement.

The parties may publicize their relationship throughout the Agreement term in accordance with this Clause 8.4. Neither party may issue a press release or other public announcement ("**Publicity**") without the prior written approval of the other party (which will not be unreasonably withheld or delayed). Blue Prism may use your name and logo in its public customer lists (among and with no greater prominence than other named customers). Any use by a party of any stylized logos of the other party for Publicity shall be in accordance with the other party's trademark and logo usage guidelines.

#### DATA PROTECTION

For the purposes of the Agreement, "**Data Protection Law**" means all privacy laws applicable to personal data processed under the Agreement and "Personal Data" means "personal data" or the equivalent term as defined by Data Protection Law.

We both agree to comply with the obligations that apply to us (respectively) under Data Protection Law. To provide support to you, we may need to receive limited Personal Data to enable us to communicate with you ("**Account Management Information**"). We do not wish to receive any Personal Data from you other than Account Management Information, and you agree not to disclose any such Personal Data to us. If a support issue requires the provision of additional information to us, you must anonymize, redact or otherwise alter the information such that it does not contain Personal Data ("**Cleansed Information**").

In the event that you provide us with Personal Data in breach of Clause 9.2, we shall be entitled to delete it and cease providing support in respect of the support issue in question until Cleansed Information is provided to us. In the event that you inadvertently provide Personal Data to us in breach of Clause 9.2, you appoint us as a "processor", or the equivalent term as defined by Data Protection Law, to process the Personal Data for the purposes of providing support or as otherwise agreed in writing (the "**Permitted Purpose**") and the remaining provisions of this Clause 9 shall apply.

You authorize our transfer of Personal Data to other countries and engagement of others to process the Personal Data for the Permitted Purpose. Our relevant third party processors are listed on <http://portal.blueprism.com/agreements>, and we remain primarily responsible for the performance of any subcontracted obligations. If we engage a new processor of Personal Data, we will update the list before permitting access to the Personal Data. We will also impose contractual terms to the standard required by law. You can object to the new processor on reasonable grounds within ten (10) business days of our update to the list, in which case we will look at whether we can support you without using them (or otherwise resolve your objection). If not, we will not allow the new processor to process the Personal Data, and we may suspend support.

We will implement technical and organizational measures to protect the Personal Data from accidental or unlawful destruction, loss, alteration, and from unauthorized disclosure (a "**Security Incident**"). If we become aware of a Security Incident we will tell you without undue delay and provide you with reasonable information to help you fulfil any reporting obligations you have. We will also take reasonable steps to remedy or mitigate the impact of the Security Incident. We will ensure all of our personnel who have access to Personal Data are bound by obligations of confidentiality.

If you need our reasonable assistance to respond to any request from a data subject of Personal Data, or any enquiry or complaint, we will provide it and bear the cost of this unless we consider it will require additional resource from us, in which case we will let you know before incurring additional costs. If we receive any communication ourselves in relation to Personal Data, we will let you know promptly. If we believe our processing of Personal Data poses a high risk to the data protection rights and freedoms of the data subjects, we will let you know and reasonably co-operate with any data privacy impact assessment as may be required by law.

Following termination or expiry of the Agreement, we will destroy or return any Personal Data we hold except as required to comply with law, or Personal Data which has been archived on back-up systems. This Clause 9 will continue to apply to any retained Personal Data for as long as we hold it.

We shall also contribute to audits and inspections by allowing you to review any written records which we maintain in respect of them, and will also respond to any written audit questions in respect of, our compliance with this Clause 9.

**TERMINATION**

Either of us can terminate the Agreement upon written notice if the other commits a material breach which is not remedied (if capable of remedy) within thirty (30) days after notice to remedy such breach.

Upon termination or expiry of the Agreement, you will remove all copies of the Products from your systems and return them (or destroy them if we agree), and confirm in writing that you have done so, and immediately pay any amounts you owe us. Termination or expiry shall not affect any rights, remedies, obligations or liabilities that have accrued up to the date of termination or expiry.

**DISPUTE RESOLUTION AND CONDUCT OF CLAIMS**

If one of us believes that the other has breached the Agreement, then that party shall notify the other in writing clearly explaining the nature of the alleged breach. Each of us will then co-operate to resolve the issue, including by taking steps to cure any breach. If it has not been resolved within a further twenty (20) business days, then either party can pursue its remedies at law, in equity, or otherwise. This shall not prevent a party from seeking interim relief through the courts.

We will only be liable to you in connection with the Agreement, not to third parties. If an Affiliate or User suffers a loss as a result of our breach, this will be deemed to have been suffered by you and you may seek to recover that loss (subject to the other terms of the Agreement). In exchange, you will defend and indemnify us against any claims brought directly against us by an Affiliate or User. If you use a third party hosting or other service provider, you will defend and indemnify us against any claims brought by that service provider.

This Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of New York without giving effect to principles of conflict or choice of law thereof and the parties hereby accept the exclusive jurisdiction of the courts located in New York, New York. In no event shall this Agreement be governed by the United Nations Convention on Contracts for the International Sale of Goods. To the maximum extent permitted by the governing law, no

transactions called for herein shall be governed or affected by any version of the Uniform Computer Information Transactions Act enacted in any jurisdiction. IN THE EVENT OF ANY DISPUTE BETWEEN THE PARTIES, WHETHER IT RESULTS IN PROCEEDINGS IN ANY COURT IN ANY JURISDICTION OR IN ARBITRATION, THE PARTIES HEREBY KNOWINGLY AND VOLUNTARILY, AND HAVING HAD AN OPPORTUNITY TO CONSULT WITH COUNSEL, WAIVE ALL RIGHTS TO TRIAL BY JURY, AND AGREE THAT ANY AND ALL MATTERS SHALL BE DECIDED BY A JUDGE OR ARBITRATOR WITHOUT A JURY TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW. If any

legal action or other proceeding is commenced to enforce or interpret any provision of, or otherwise relating to, this Agreement, the prevailing party shall be entitled to an award of attorneys' fees and costs. For this purpose, "expenses" include, without limitation, court or other proceeding costs, and experts' and attorneys' fees and their expenses. No action under this Agreement, whether in contract or in tort, may be commenced more than two (2) years after the date on which such action accrued.

#### **MISCELLANEOUS PROVISIONS**

Except for making payments, neither party will be liable for failure or delay in performing its obligations to the extent outside its reasonable control as long as it notifies the other party promptly of the cause and likely duration.

Except as otherwise expressly stated, nothing in the Agreement shall confer any right or benefit upon any person who is not a party to it. You may not dispose of or encumber the Agreement without our prior written consent (not to be unreasonably withheld).

During the Agreement and for six (6) months afterwards, neither of us may solicit any employee of the other who is or has been engaged in provision or receipt of the Software, provided that this shall not prevent offering employment if that individual responds to a general public advertisement for employment not specifically directed at employees of the other party.

Variations to the Agreement, and any waivers, must be in writing. Waiver on one occasion does not waive a right for future occasions. Rights and remedies under the Agreement are without prejudice to other rights. If a provision (or part of one) is invalid or unenforceable, the rest shall remain in full force.

The Agreement is the entire agreement and understanding between the parties and supersedes any other agreement relating to the same subject matter.

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Thought Stream LLC, dba Bluescape ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
  - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
  - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
  - j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
  - k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a

Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## BLUESCAPE TERMS AND CONDITIONS

*Effective Date: Friday, May 6, 2022*

Thought Stream LLC, dba Bluescape ("Bluescape") has developed the Bluescape Service, a web-based service that provides certain features and functionalities designed to facilitate enterprise project teams working within a collaborative visual workspace in real time and manage associated collaborative workflows (the "Bluescape Service").

Bluescape has two different types of users depending on the Bluescape Service used: Customers who use the free version of the Bluescape Service are called "Freemium Users." While Freemium Users can access and use the Bluescape Service, they have access to a more limited set of Bluescape Service features and functionality than Subscribers.

Customers who use the Bluescape Service as part of a paid Bluescape subscription plan ("Subscription Plan" or "Additional Services") are called a "Subscriber." The two types of users are collectively referred to as "Customer" or "you" for purposes of these Terms and Conditions.

**The Terms and Conditions ("Terms" or "Agreement") are a legal agreement between Bluescape and you governing the right to access and/or use Bluescape Service whether directly from Bluescape or indirectly through one of its resellers (in either case, "Seller").**

By accepting the Terms in writing by executing a written purchase order, you represent and warrant that you are over the age of 16 have the authority to enter into this Agreement, and you are agreeing to be bound by all the Terms. By executing a written order for the Bluescape Service, the Ordering Activity under GSA Schedule contracts identified in the Purchase Order ("Customer") agrees to the Terms. If you do not agree, Customer will not access or use the Bluescape Service. Please note that if you have a separate written agreement with Bluescape for your access and use of the Bluescape Service, then to the extent that the terms and conditions of the prior written agreement directly contradict the Terms, the terms and conditions of the prior written agreement will govern.

### 1. SERVICES

1.1 Orders. The details of a Subscription Plan shall be as set forth in an ordering document offered by Seller and accepted by Subscriber ("Order") and will set forth the specific details and parameters of the Bluescape Service being ordered, including, as applicable, the License Type and License Term, Users, Training, Maintenance and Support, Uptime Commitment, and any other details, restrictions, or limitations. Orders may be in paper form or may be provided digitally, including through a Bluescape E-commerce platform, and upon mutual acceptance will be incorporated by reference into, and made a part of, this Agreement. In the event that Seller agrees to accept an Order submitted on Subscriber's form of ordering document (purchase orders, etc.), any additional or conflicting terms provided thereon will be expressly rejected unless Bluescape and Customer both agree expressly agree to additional terms in writing. Upon execution (through the mechanism provided in the applicable offer), Orders shall be deemed incorporated by reference into, and made a part of this Agreement.

1.2 Provision of Bluescape Service. Bluescape shall make the Subscription Plan available to Subscriber during the term identified in the Order ("License Term") pursuant to this Agreement. The Subscription Plan includes those components and features, including third-party software ("Third-Party Software"), set forth or referenced in the license package identified in each Order (a current list of which is available online at <https://www.bluescape.com/pricing/> (the "License Type"), along with all then-current user manuals or other documentation provided by Bluescape ("Documentation"). As applicable, all use of Third-Party Software shall be governed by the respective licenses for such Third-Party Software, a partial list of which may be found at <https://www.bluescape.com/third-party-terms-and-conditions/>. Nothing herein shall bind the Ordering Activity to any Third Party terms unless the terms are provided for review and agreed to in writing by all parties. Bluescape shall have the right to modify the Bluescape Service, including adding or subtracting Third-Party Software, components, features or functionality, at any time without notice to Customer. Any such modification shall not materially reduce the functionality of the components, or features that Ordering Activity has contracted for. Any license identified in the applicable package or Order as evaluation, beta, test, trial, or similar designation ("Eval Licenses") are provided on limited terms and are offered on an as-is, where-is basis without warranty, liability, or service commitment of any kind, and accordingly Sections 1.5, 1.6, 3.4, 7.1, and 8.1, nor any other commitment or obligation of Bluescape with respect thereto shall not apply. Unless otherwise specified in the applicable Order or expressly renewed by mutual agreement in writing, Eval Licenses expire after ninety (90) days. Unless otherwise specified in the applicable Order, all other License Types are granted to Subscribers for an initial License Term of one (1) year, which term may be renewed for subsequent one (1) year periods by executing a written order for the subsequent one (1) year period. The License Term commences upon execution of an Order.

1.3 Authorized Users. "Users" means individuals authorized by Customer to use the Bluescape Service who have been supplied user identifications and passwords by Customer (or by Bluescape at Customer's request), including Customer's employees, consultants, clients, and third-party collaborators. An Order may designate specific types of Users. The Bluescape Service provided under a Subscription Plan may be accessed and used only by Authorized Users (including a limit to any specific type of User); provided however, that Customer may add additional Users at the pricing set forth in the applicable Order in accordance with the GSA Schedule Pricelist, pro-rated for the remainder of the applicable annual period at the time such additional Users are added.

1.4 Training. Bluescape may provide training to Subscribers in the Bluescape Service's use if described in an Order ("Training").

1.5 Availability of Bluescape Service. Bluescape will use commercially reasonable efforts consistent with prevailing industry standards to maintain the Bluescape Service to be available 24 hours per day, 7 days per week, including holidays. The Bluescape Service may be temporarily unavailable for scheduled maintenance (conducted weekly, typically in connection with a new release or service pack, but not during Support Hours (as defined below)), for unscheduled emergency maintenance, or because of other causes beyond Bluescape's reasonable control. Notwithstanding the above, in no event will Bluescape be liable to a Freemium User or any third party

for any modification, suspension or discontinuance of any part of the Bluescape Service. EXCEPT AS EXPRESSLY SET FORTH ABOVE, THE BLUESCAPE SERVICE IS PROVIDED ON AN "AS AVAILABLE" BASIS.

1.6 Maintenance and Support. Bluescape shall provide Freemium Users and Subscriber with the maintenance and support for the Bluescape Service ("Maintenance and Support") found at [https://community.bluescape.com/support\\_policy](https://community.bluescape.com/support_policy) and attached hereto as Exhibit A which Bluescape may non-materially update from time to time.

- (a) Subscriber acknowledges that Bluescape shall provide Subscriber with access to bug fixes, updates and improvements to the Bluescape Service that are released by Bluescape for general availability to its other commercial customers ("Updates") on a continuous basis. All Updates will be deemed to be part of the Bluescape Service for purposes of this Subscription Agreement and subject to all of the terms, conditions and restrictions of this Subscription Agreement. In connection with such Updates, Subscriber may be required to implement upgrades or modifications to Subscriber's networks and other systems. Bluescape shall provide Subscriber with advance notice of all upcoming Updates which require modifications to Subscriber's systems and shall work with Subscriber's System Administrator (as defined below) to coordinate the release schedule and installation of such Updates. Subscriber shall implement all required modifications to Subscriber's systems in accordance with the timing and conditions specified by Bluescape, at Subscriber's sole expense.
- (b) Except as set forth above, no other support services are provided by Bluescape. **EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **BravoSolution** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**BROCADE COMMUNICATIONS SYSTEMS, INC.**  
**1745 TECHNOLOGY DRIVE**  
**SAN JOSE, CA 95110**

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Brocade Communications Systems, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the

terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the

terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**CHECK POINT SOFTWARE**

**CHECK POINT SOFTWARE LICENSE, WARRANTY AND SUPPORT TERMS**

---

**1. DEFINITIONS:**

**“Licensed Configuration”** means to the extent applicable, as indicated on the License Key, the choice of features and the maximum number of users, devices or nodes (an internal computing device with an IP address) on the trusted side of the network or that is trying to traverse the firewall, and the numbers of cores, or the maximum throughput capacity stated, or the code generated from the master installation, or any other hardware or software specifications, as declared by You in Your purchase order, or request for License Key, and upon which the licensing fee was based. If the Product purchased by You does not come with a License Key then the Licensed Configuration shall be the minimum configuration allowed for the Product by Check Point upon which the licensing fee was based.

**“Licensed-server”** means the server or appliance (defined by the host ID identified by You to Contractor through Check Point when obtaining the License Key) which enables the Product to operate in accordance with the Licensed Configuration. **“License Key”** means the code provided to You by Contractor through Check Point, which enables the Product to operate on the Licensed-server or appliance for the specified Licensed Configuration.

**“Product”** means the object code copy of the software program, including Third Party Software, provided to You, together with the associated original electronic media and/or associated hardware devices (“Hardware Products”) and all accompanying manuals and other documentation, if available, and together with all enhancements, upgrades, and extensions thereto that may be provided by Contractor through Check Point to You from time to time.

**“Standard User”** means You indicated in Your purchase order or in requesting the License Key that You intend to use the Products on Your own behalf, or You obtained the products from a Managed Service Provider, reseller, vendor or any other intermediate supplier.

**“Third Party Software”** means any software programs provided by third parties contained in the Product.

**“Third Party Software Provider”** means the third party that has the right to provide and grant licenses for the use of Third Party Software.

**“You”** or **“Your”** means Ordering Activity.

**2. LICENSE AND RESTRICTIONS:**

**License.** Contractor hereby grants only to You, a non-exclusive, non-sublicensable, non-transferable perpetual license (with the exception of (i) the license shall not be perpetual if the Product is designated for a limited time period only, in which case the license shall terminate at the expiration of the applicable period; and (ii) with regards to any Hardware Product, the license shall be valid only as part of and for the life of the originally designated Hardware Product) to install and use the copy of the Product in accordance with the relevant end user documentation provided by Contractor only on the Licensed-server and only for the Licensed Configuration. You have no right to receive, use or examine any source code or design documentation relating to the Product.

**Standard User Restrictions.** If You are a Standard User, the Products are licensed to You solely for use by You to provide policy management for Your own operations. To the extent applicable, You may reproduce the downloaded or installed Product for the purpose of connecting only with a duly licensed Check Point product, in accordance with the functionality, as described in the accompanying documentation for which You have paid the applicable fees to Contractor, and only within the designated limits of Your Product license for which You have purchased and provided to users, according to the restricted, maximum, authorized number of users, computer instances (means a computing unit individuated by an instance of an operation system), or copies of the Product (as the case may be) that can be used and installed at any given time. No Product, nor any portion thereof, may be used by or on behalf of, accessed by, re-sold to, rented to, or distributed to any other party.

**General Restrictions.** Except for copies solely for back-up or disaster recovery purposes or as may be permitted by applicable law, You may not copy the Product, in whole or in part. You must reproduce and include the copyright notice and any other notices that appear on the original Product on any back up copy. You agree not to allow others to use the Product and You will not use the Product for the benefit of third parties. You acknowledge that the source code of the Product, and the underlying ideas or concepts, are valuable intellectual property of Check Point and You agree not to, except as expressly authorized and only to the extent established by applicable statutory law, attempt to (or permit others to) decipher, reverse translate, decompile, disassemble or otherwise reverse engineer or attempt to reconstruct or discover any source code or underlying ideas or algorithms or file formats or programming or interoperability interfaces of the Products by any means whatsoever. You will not develop methods to enable unauthorized parties to use the Product, or to develop any other product containing any of the concepts and ideas contained in the Product not independently developed by You. You will not (and will not direct any third party to) modify Product or incorporate any portion of Product into any other software or create a derivative work of any portion of the Product. You will not (and will not direct any third party to) remove any copyright or other proprietary notices from the Product. Your use of the Product may require the purchase of separate licenses to use particular features, functionalities, operations, or capabilities.

**Specific Restrictions.** The Product is licensed to You based on the applicable Licensed Configuration purchased, as set forth in the Licensed Configuration definition in Section 1. The License permits the use of the Product only in accordance with the Product specifications as declared by You in Your purchase order, or request for License Key, and upon which the licensing fee was based. It is

a violation to create, set-up or design any hardware, software or system which alters the number of readable IP addresses, users, number of cores or exceeds the maximum throughput capacity presented to the Product with the intent, or resulting effect, of circumventing the Licensed Configuration.

**Disabled License-server.** The License Key You obtain from Contractor through Check Point enables the Licensed-server which enables You to use the Licensed Configuration of the Product. If your Licensed-server is disabled for any reason, Check Point may, at its sole discretion, issue You another License Key which will enable You to operate this Product on a substitute Licensed-server. In this event, You agree not to use the Product on the original Licensed-server nor its License Key.

**Customization for Product with VPN Functionality.** For a Product with VPN functionality, customization is permitted to allow the inclusion of a bitmap on the left side of the authentication challenge/response dialog, and the insertion of text in the authentication success and authentication failure dialog boxes; provided, however, that the Product is used to communicate with a Check Point VPN-1 gateway licensed to the entity using the Product and the customization may not contain any reference to a competitive gateway or to Check Point products or services without Contractor's prior written approval.

**Check Point Data Loss Prevention ("DLP") Blade, DLP-1 Product Family and Document Security Product Family.** If you are using any of these products, in many countries you may be required to advise users that their data, actions taken on the data, and web traffic may be inspected. Please consult the Check Point user guide and local laws as applicable.

**Third Party Violation.** In purchasing a Product, You are acknowledging that Contractor through Check Point may need to make a determination for You on the potential effect the identified programs may have on Your system. You agree that the Product may automatically delete and/or restrict access to certain programs and/or provide to You the customized ability to delete and/or restrict access to certain programs. The deletion and/or restriction of access to any of these programs may be in violation with other license agreements that You have knowingly or unknowingly agreed to. The deletion and/or restriction of these programs and the potential violation of a third party license is Your responsibility. Check Point has no ability to verify what, if any, third party agreements You may have agreed to.

**Inspecting Encrypted Traffic.** Certain Check Point products and/or features may enable the inspection of encrypted traffic. The ability to define the inspection rules is provided to You and You may define it based on your organizational needs. However, it shall be your sole responsibility to comply with all applicable laws and regulations in defining Your inspection rules and privacy regulations. You understand that this feature enables decrypting the traffic at the gateway in order to inspect it, after which it is re-encrypted before it is sent to the server.

### 3. TITLE AND INTELLECTUAL PROPERTY:

All right, title, and interest in and to the Product shall remain with Check Point and its licensors. The Product is protected under international copyright, trademark and trade secret and patent laws. The license granted herein does not constitute a sale of the Product or any portion or copy of it.

### 4. LIMITED WARRANTY, WARRANTY DISCLAIMERS:

**Limited Software Warranty.** Contractor warrants to You that the encoding of the software program on the media on which the Product is furnished will be free from defects in material and workmanship, and that the Product shall substantially conform to its user manual, as it exists at the date of delivery, for a period of ninety (90) days. Contractor's liability and Your remedy under this warranty shall be, at Contractor's option, either: (i) return of the price paid to Contractor for the Product, resulting in the termination of the purchase order, or (ii) repair or replacement of the Product or media that does not meet this limited warranty. EXCEPT FOR THE LIMITED WARRANTIES SET FORTH IN THIS SECTION, THE PRODUCT AND ANY SERVICES ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED. CONTRACTOR DOES NOT WARRANT THAT THE PRODUCT WILL MEET YOUR REQUIREMENTS OR THAT ITS OPERATION WILL BE UNINTERRUPTED OR ERROR FREE. CONTRACTOR DISCLAIMS ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. Some jurisdictions do not allow the exclusion of implied warranties or limitations on how long an implied warranty may last, so the above limitations may not apply to You. This warranty gives You specific legal rights.

### 5. PRE-RELEASE VERSIONS:

**License Grant.** With respect to any pre-release version of a Check Point product, including a Beta or an Early Availability product (all collectively referred to herein as a "Beta Product") that may be provided to You by Contractor through Check Point from time to time, at its sole discretion, Contractor grants You a non-transferable and non-exclusive license to use the Beta Product for evaluation purposes only. The license is designed to provide You with early operational experience with the Beta Product and to provide Check Point with specified information regarding Your experiences with the installation and operation of the Beta Product. The license shall be in effect for a limited period as determined by Check Point and certain other restrictions may apply. You may be asked to sign a separate agreement pertaining to the Beta Product.

**No Obligations.** Contractor has no obligation to provide support, maintenance, upgrades, modifications, or new releases for a Beta Product. Owing to the experimental nature of the Beta Product, You are advised not to rely exclusively on the Beta Product for any reason. YOU AGREE THAT THE BETA PRODUCT AND RELATED DOCUMENTATION ARE BEING DELIVERED "AS IS" WITHOUT WARRANTIES OF ANY KIND, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL CONTRACTOR BE LIABLE TO YOU OR ANY OTHER PERSON FOR DAMAGES, DIRECT OR INDIRECT, OF ANY NATURE OR EXPENSES INCURRED BY YOU IN CONNECTION WITH THE BETA TESTING. YOUR REMEDY SHALL BE TO TERMINATE THE BETA TEST AND THIS LICENSE BY WRITTEN NOTICE TO CONTRACTOR.

**EXHIBIT A – CHECK POINT HARDWARE WARRANTY:****1. LIMITED HARDWARE WARRANTY:**

Contractor warrants that the hardware components of its Hardware Product shall be free from material defects in design, materials, and workmanship and will function, under normal use and circumstances, in accordance with the documentation provided, for a period of one (1) year from the date of activation of the Hardware Product. If the Hardware Product has not been activated, the warranty will be valid for fifteen (15) months from the date of Contractor's shipment of the Hardware Product ("Warranty Period").

After the Warranty Period, certain return material authorization ("RMA") services, as provided by Contractor through Check Point (which are not covered under this warranty), are available for all Hardware Products pursuant to a purchased and active Check Point support agreement.

The warranty period is not extended if Contractor through Check Point repairs or replaces a warranted product or any parts. Contractor may change the availability of limited hardware warranties, at its discretion, but any changes will not be retroactive.

**3. HARDWARE RETURN PROCEDURES:**

If a Hardware Product or one of its component parts does not function as warranted during the warranty period, and such nonconformance can be verified by Contractor through Check Point, Check Point, at its election, will provide either return and replacement service or replacement with a refurbished part/unit for the Hardware Product under the type of warranty service Check Point designates for that Hardware Product. A defective Hardware Product or one of its component parts may only be returned to Check Point upon Check Point's prior written approval. Any such approval shall reference an RMA number issued by an authorized Check Point service representative. To request an RMA number, you or your local Check Point Certified Solution Provider ("CCSP/CSP/ACSP") must contact Check Point's Technical Assistance Center ("TAC") and open a Service Request. You should always register the Hardware Product in your Check Point User Center account. If you do not register the Hardware Product with Check Point, you may be required to present proof of purchase as evidence of your entitlement to warranty service. The Hardware Product's identification number will be required for all RMA cases.

**4. HARDWARE REPLACEMENT PROCEDURES:**

Contractor through Check Point will attempt to diagnose and resolve your problem over the phone or web. Upon determination of the hardware issue is related to a malfunction of one of the Hardware Product components, an RMA process will be initiated by Check Point's TAC. Check Point's TAC will either issue a replacement of the faulty part (like Power Supply, Fan, Hard Disk, etc.) or a full Unit Replacement.

For **Warranty Replacement** service, it is required that you deliver the faulty unit to a location Contractor through Check Point designates, and provide courier name and tracking number to Check Point's TAC. After the Faulty unit is returned to Check Point, Check Point will use commercially reasonable efforts to ship the replacement hardware within seven (7) business days. Actual delivery times may vary depending on Your location. Check Point's TAC will send the required hardware to the Hardware Product's physical location, as it appears in your User Center and as verified with You when opening the Support Service Request.

For **Hardware Advanced Replacement**, support options Standard, Standard Onsite, Premium, and Premium Onsite are available for

customers who have purchased the Hardware Product support plan with Contractor.

#### **5. HARDWARE RETURN PROCEDURES:**

If a defective Hardware Product covered under warranty fails to operate within thirty (30) days from its activation, but no more than one hundred and twenty (120) days from the date of Contractor's shipment of the Hardware Product, Contractor through Check Point will provide expedited replacement of a new unit within two (2) business days from Check Point fulfillment hub, following confirmation of any such failure. Customers outside of the fulfillment hub region should allow for additional transit time due to international customs clearance.

#### **6. ADDITIONAL RESPONSIBILITIES:**

You agree:

To ship back the faulty Hardware Product (or replaceable unit) suitably packaged according to the guidelines as Contractor through Check Point specified in the letter shipped with the RMA, to the Check Point designated location.

You shall ship the faulty Hardware Product once TAC approves the RMA and provide the courier name and tracking number to TAC before Contractor through Check Point processes the RMA.

If you are a customer who has purchased the support plan with Contractor covering Advanced Replacement Service, You will ship the faulty Hardware Product within five (5) business days of the arrival of the RMA.

To securely erase from any Hardware Product you return to Contractor through Check Point for any reason all programs and data not provided by Check Point with the Hardware Product. - (b) an Error isolated to Software, for which there is no reasonable Workaround, which renders the product inoperative, causing the end-point devices to fail catastrophically, affecting more than 1000 end point devices or 35% of deployed client base (in any case more than 100 affected end-point devices) within a production environment (not pre deployment or staging) where end-point devices have been interrupted and not recovered; e.g., severe and general deployment wide system impact, systems are down, making end-point devices unable to perform (even with reduced performance) necessary business operations even after a change of, and/or addition of procedures, configurations, applications, tools and/or data.

“Severity 2” means

- (a) an Error isolated to Software, for which there is no reasonable workaround, which substantially degrades the usability of the end-point devices, restricting the usage of and/or access to one or more necessary business functions without completely restricting the use of the licensed product, affecting more than 500 end-point devices or 25% of deployed client base (in any case more than 50 affected end-point devices) within a production environment (not pre deployment or staging) where the end-point devices and/or Software may have been interrupted but recovered, in part or completely; e.g., end-point devices are operative but with limited capacity, substantially impacting the end-point devices’ ability to perform one or more necessary business functions; end-point devices and/or Software are operative, but an important product function is unavailable or not operating; end-point devices and/or Software may have been interrupted but recovered, in part or completely; inability to connect to the Internet /Intranet; or
- (b) an Error causing severe Software deployment/upgrade problems without prohibiting necessary business operations, affecting more than 500 end-point devices or 25% or more of the actual/intended client base (at least 50 devices affected); it may, or may not, be possible to circumvent the error, e.g., inability to install and/or upgrade product, without prohibiting the endpoint devices ability to perform necessary business operations; or business operations are not prohibited but may run with reduced performance.

“Severity 3” means

- (a) an Error isolated to Software, for which there is a reasonable Workaround, or an Error that causes only a minor impact on the end-point client. Restriction in usage of one or more features of the licensed product with minor impact of necessary business functions. The Error can cause some functional restrictions but it does not have a critical or severe impact on operations, e.g., the endpoint device is operational but may experience performance or operational limitations; or
- (b) an Error isolated to Software only affecting one or a limited number of individual end-point devices, that is not common for the installed end-point device population; it may, or may not, be possible to circumvent the error, e.g., an individual end-point device(s) is encountering issues not common for deployed end-point device client base.

“Severity 4” means a reported anomaly in the licensed product that does not substantially affect endpoint ability to perform normal business operations. This is a minor problem and does not constitute any significant limitation to products ability to allow normal business operation. An anomaly may be easily circumvented, e.g., a product cosmetic anomaly or documentation flaw; end-point devices and/or Software may have been interrupted but recovered.

“Site” means the physical location where System(s) are installed as specified by Ordering Activity in Ordering Activity’s User Center account.

“Software” means the object code version of the intangible information constituting one or more computer or apparatus programs and the informational content of such programs, together with any Documentation supplied in conjunction with, and supplementing such

programs, the foregoing being provided to Ordering Activity by way of electronic transmission or by being fixed in media furnished to Ordering Activity.

“Software Subscription” means registered access to modifications, corrections, and/or updates to Software; including Hot Fix Accumulators (HFAs), security fixes, Feature Packs, and/ or major upgrades, provided to Ordering Activity by unlimited web download access or by mail upon Ordering Activity’s request. Software Subscription is a deliverable for all Support Contracts.

“Shelf Spare Unit(s)” means Check Point Hardware unit(s) that is stored at Ordering Activity’s Site and which is reserved for Hardware replacement usage only in case of failure of Ordering Activity’s Hardware which is covered under Check Point On-Site Hardware Support Plan.

“Support” means the technical Support and Hardware replacement services provided by Check Point directly to Ordering Activity as set forth in this Agreement.

“System(s)” means the Hardware, Software and Documentation that have been provided to Ordering Activity by Check Point or Check Point’s authorized resellers/partners.

“TAC” means Check Point Technical Assistance Center, which is staffed by Check Point Support personnel providing assistance with diagnosis and resolution of defects and/or failures in Check Point products.

“Workaround” means a change in the followed procedures or data to avoid error without substantially impairing use of the product.

#### CHECK POINT SUPPORT OBLIGATIONS:

Upon Contractor’s acceptance of a valid purchase order, and corresponding payment for that Support offering selected, Ordering Activity will be entitled to receive Support according to the features and benefits provided under that offering, subject to these terms and conditions.

#### Technical Support:

For Ordering Activities covered under a valid Check Point Support offering, technical Support will be provided pursuant to the terms of this Section “TECHNICAL SUPPORT.” Contractor through Check Point agrees to provide Support, where appropriate, to Ordering Activity, which may include but is not limited to, the following actions:

(a) Provide Ordering Activity with access to product update releases, related Documentation and knowledge articles, upon general commercial release;

(b) Provide Ordering Activity with access to TAC Technical Representatives, who will work with Ordering Activity to diagnose issues, and provide Problem Resolutions, including escalating the issue through TAC management as needed.

**Hardware Replacement.** For Ordering Activities covered under Hardware Support, Contractor through Check Point will use commercially reasonable efforts to provide Hardware replacement in accordance with the terms set forth in the Section “HARDWARE REPLACEMENT.”

**On-site Hardware Support.** For those Ordering Activities whose Hardware Support level includes an on-site service feature, upon Ordering Activity’s request, after TAC determines that the hardware issue is related to a malfunction of one of the Hardware components, and after a repair action plan has been defined, Contractor through Check Point will use commercially reasonable efforts to dispatch a Check Point Certified Onsite Technician or ACE Partner to the Site in accordance with the terms and timeframes of such plan as set forth on Exhibit A. Provision of on-site support is subject to the following limitations:

(a) On-site Hardware Support is limited to Advance Hardware Replacement only; it does not include on-site service for Software troubleshooting or any Software related issues.

(b) On-site Hardware Support service may not dispatch a certified technician on-site to help set up the RMA unit outside of Check Point’s normal on-site service areas (<http://www.checkpoint.com/services/onsite-availability.html>). Under those situations, Check Point may provide a Shelf Spare solution under specific conditions to ensure a rapid unit replacement at the Ordering Activity’s site. Ordering Activity will need to sign up for this service under a separate Shelf Spare Replacement Agreement.

(c) On-site service response times may be dependent upon the Ordering Activity’s Site address for the Hardware, the timely arrival of replacement parts at Ordering Activity’s Site, and accessibility to the Site. On-site Hardware Support is effective one (1) month from the day it was purchased.

**On-site Software Support for Critical Severity 1 Issues.** For those Ordering Activities covered under Elite Support, the Ordering Activity shall contact Check Point TAC directly by telephone. After TAC confirms that the matter is a Severity 1 issue, TAC and the Ordering Activity will work diligently, with highly skilled, experienced engineers to resolve the critical situation and to restore operation. In the case the criticality of the issue remains or no progress is made, after four (4) hours, Contractor through Check Point will use commercially reasonable efforts to dispatch a local engineer to Ordering Activity’s Site. If no local resources are available, travel arrangements will be made for the next available flight to the Ordering Activity’s Site. The engineer will remain on-site until the issue is no longer defined as critical (an acceptable resolution or workaround was achieved) or up to three (3) days, with travel and expense included. Provision of on-site critical Severity 1 case support under Elite Support is subject to the following limitations:

- (a) An Elite Ordering Activity is entitled up to three (3) visits on-site a year as required to resolve critical Severity 1 cases.
- (b) On-site critical case Support is limited to Software Support only, and does not include on-site service for Hardware issues and Hardware replacement.
- (c) On-site critical case Support may not be available for some Check Point Software products or in some geographic regions, and may require a set-up period before it can be made available to Ordering Activities.
- (d) For Elite support service for critical issues, which requires fast arrival to the site, Contractor through Check Point will cover all locations which are accessible within 12 hour elapsed commercial travel time from G7 countries hubs (US (mainland), UK, Germany, Italy, France, Japan, and Canada). In some remote locations, entry certifications requirements might add additional time to the engineer arrival on site.
- (e) It is necessary that Elite Ordering Activities commit the necessary resources around the clock (24x7) in working with Check Point TAC and/or the engineer towards Problem Resolution of Severity 1 Errors.

#### Support Lifecycle.

- (a) Contractor through Check Point provides Support on the then-current Major Release and the Previous Sequential Release of all the Software products covered under a valid Software support plan. Check Point will also provide commercially reasonable technical assistance on all Software Products for a minimum of four (4) years, starting from the general availability date of the product's Major Release version. General availability date is defined as the date on which a product is officially made available for purchase, but Problem Resolution may be limited to the current Major Release of the product.
- (b) Contractor through Check Point usually ends Software Support for a Major Release version only when the second subsequent major version has been released, or at least four (4) years have elapsed since the release of the major version in question. Check Point will provide End of Support notification for discontinued Software to Ordering Activity through an announcement posted on the Check Point Software Support Timeline website at URL: [http://www.checkpoint.com/services/lifecycle/support\\_periods.html](http://www.checkpoint.com/services/lifecycle/support_periods.html).
- (c) Contractor through Check Point provides a comprehensive support lifecycle for its Hardware. Check Point TAC is available for Technical Assistance for up to five (5) years after Check Point's new appliance availability announcement. The supported version includes the combination of the exact Hardware model number and the specification with the Check Point Software installed on it.
- (d) For Software or Operating System installed on Check Point Hardware:
- a. The then-current Major Release of the Software that was installed on the Hardware is fully supported until one (1) year after Check Point's new appliance availability announcement.
  - b. Maintenance releases/bug fixes are supplied for up to three (3) years after new appliance availability announcement. These fixes may require a Software upgrade by the Ordering Activity.
  - c. Fixes and Software upgrades will be supplied to handle support issues for up to five (5) years after Check Point's new appliance availability announcement. New Software releases may require the purchase of Hardware upgrades by the Ordering Activity.
  - (e) Contractor through Check Point provides Hardware Replacement for up to five (5) years after Check Point's new appliance availability announcement. Hardware shall be repaired or replaced with same or similar products when needed, at Check Point's discretion.
  - (f) Contractor through Check Point will provide the date of Check Point's new appliance availability announcement and End of Support notification for discontinued Hardware to Ordering Activity through an announcement posted on the Check Point Appliance Support Timeline website at URL: [http://www.checkpoint.com/services/lifecycle/appliance\\_support.html](http://www.checkpoint.com/services/lifecycle/appliance_support.html).
  - (g) Contractor through Check Point reserves the right to modify Support Lifecycle policy at any time; notifications regarding changes in policy will be posted on the websites.

Nonconformance. If Contractor through Check Point determines the problem is due to nonconformance to published specifications of a Software version, or another substantial Check Point related problem, then under Check Point's Support plan, Check Point shall provide any Software fix for the reported nonconformance that may be available at the time the problem is reported. If no such fix is available, Check Point will use commercially reasonable efforts to remedy such nonconformance, which may include a Workaround or other temporary fix to the Software.

#### Exclusions.

Support does not include the following items or actions:

- (a) Step-by-step installation of Software or Service Packs;
- (b) Onsite services (unless Ordering Activity's level of Support, as purchased, includes this feature), Professional Services, or Educational Services;
- (c) Modification of software code, security-policy configuration, audits, or security design.

Contractor through Check Point shall have no obligation to Support:

- (a) An altered, damaged, or modified product or any portion of the product incorporated with or into other software, hardware, or products not specifically approved by Contractor through Check Point;
- (b) Product problems caused by Ordering Activity negligence, misuse, misapplication, or use of the product other than as specified in the Check Point user manual, or any other causes beyond the control of Contractor through Check Point;
- (c) Product installed on any computer hardware that is not supported by Contractor through Check Point;
- (d) Product not purchased from the Contractor's then-current GSA Price List;
- (e) Products subjected to unusual physical or electrical stress, misuse, negligence or accident, or used in ultra-hazardous activities;
- (f) Products that are past their End-of-Support date.

Contractor through Check Point shall have no obligation to Support Ordering Activity if:

- (a) Appropriate payment for Support has not been received by Contractor; or
- (b) Ordering Activity's annual Support term has expired without renewal.

Reporting Non-Check Point Errors to Ordering Activity. Upon working the Service Request under normal processes, and with appropriate management review, if at that point Contractor through Check Point believes that a problem reported by Ordering Activity may not be due to an error in the Check Point product, Check Point will notify Ordering Activity. At that time, Ordering Activity may: (a) instruct Check Point to proceed with problem determination at Ordering Activity's possible expense as set forth herein; or (b) instruct Check Point that Ordering Activity does not wish the problem to be pursued at Ordering Activity's possible expense.

If Ordering Activity requests that Contractor through Check Point proceed with problem determination at Ordering Activity's possible expense and Check Point determines that the error was not due to the error in the product, Ordering Activity shall pay Contractor, at the Contractor's Check Point then-current GSA rates, for all work performed in connection with such determination, plus reasonable related expenses incurred therewith. Ordering Activity shall not be liable for:

- (a) problem determination or repair to the extent the problems are due to anomalies in the Check Point product; or
- (b) work performed after Ordering Activity has notified Contractor through Check Point that it no longer wishes problem determination to be continued at Ordering Activity's possible expense (such notice shall be deemed given when actually received by Check Point).

If Ordering Activity instructs Contractor through Check Point that it does not wish the problem pursued at Ordering Activity's possible expense or such determination requires effort in excess of Ordering Activity instructions, Check Point may, at its sole discretion, investigate the anomaly with no liability thereof.

#### ORDERING ACTIVITY OBLIGATIONS:

Staffing. All Ordering Activity personnel contacting Contractor through Check Point for Support must be fully trained on both the Major Release of the Check Point Software and/or Hardware and the current issue for which Ordering Activity requires assistance.

Named Designated Contacts. Ordering Activity agrees that contact with Contractor through Check Point will be through the specified number of Designated Contacts. Ordering Activity is responsible for specifying and updating valid Designated Contacts in the Check Point User Center with person-specific email addresses. Ordering Activity agrees that access to any Support deliverable, Software Subscription downloads and SecureKnowledge will be through these Designated Contacts, not any alias. The ability to add additional contacts may be purchased per the prevailing Support Plan program guidelines.

Network Access. To the extent possible, and as requested by Contractor through Check Point, Ordering Activity understands that it may be necessary to provide Check Point or its authorized Technical Representative access to the affected network environment for any Severity 1 issue, or when Check Point determines that its Technical Representative needs to access Ordering Activity's network in order to remotely diagnose an issue. Ordering Activity understands that if access is not provided as requested by Check Point, problem determination will be slower or impaired.

Configuration Files. Ordering Activity agrees to maintain a backup of the configuration that can be used to restore the Hardware.

System Information. Ordering Activity must provide to Contractor through Check Point information for each System under a Support Plan by registering all products in the Ordering Activity's User Center Account with accurate details:

- (a) Product License Key or Device Number;
- (b) Physical Site location of the Hardware product; and
- (c) Site contact person.

If Ordering Activity physically moves any Hardware from the original Site to another location, Ordering Activity must inform Contractor through Check Point of such change immediately with updated Site location and contact. It is Ordering Activity's responsibility to update such change in the Ordering Activity's User Center Account. Prior to Check Point's receipt of such notification from Ordering Activity, Check Point shall not be liable for any lapses in service coverage or Hardware delivery delays with respect to such Hardware.

**Backup and Removal of Data.** To reconstruct lost or altered Ordering Activity files, data, or programs, Ordering Activity must maintain a separate backup system or procedure that is not dependent on the Software or Hardware products under Support.

Where applicable, before receiving Hardware Replacement Services or before disposal or return of Hardware to Contractor through Check Point, Ordering Activity agrees to:

- (a) backup and secure all programs and data contained in the Hardware;
- (b) securely erase all programs and data not provided by Contractor through Check Point with the Hardware product. Ordering Activity acknowledges that, to perform its responsibilities under this Replacement Service, Check Point may ship all or part of the Hardware product or its Software to third party locations around the world, and Ordering Activity authorizes Check Point to do so; and
- (c) remove all features, parts, options, alterations, and attachments not provided by Contractor through Check Point with the Hardware product, and ensure that the Hardware is free of any legal obligations or restrictions that prevent its exchange.

**On-site Access.** Where applicable, Ordering Activity agrees to provide Contractor through Check Point or its authorized partner with sufficient and safe access to Ordering Activity's facilities in order to permit Check Point to fulfill its obligations.

**Shelf Spare Units.** In the event that Ordering Activity has purchased Hardware Support with a Shelf Spare Replacement solution, Ordering Activity agrees that Contractor through Check Point shall, at all times, remain the sole owner of the Shelf Spare Unit(s) stored at the Ordering Activity's premises. Ordering Activity agrees that each Shelf Spare Unit stored at Ordering Activity's on-site location is to be used ONLY in case of Hardware failure approved by Check Point's TAC. Each Shelf Spare Unit's on-site location will be required to take an inventory of Hardware physically in stock on a quarterly basis and provide the results to the Check Point Logistics at [logistics-reports@checkpoint.com](mailto:logistics-reports@checkpoint.com). If it has been determined that the Shelf Spare Unit on-site location does not have the relevant Check Point inventory in stock and the missing inventory cannot be found or accounted for, or if the inventory is damaged as result of Ordering Activity's practices, the item shall be considered lost, and Check Point shall have the right to seek reimbursement from the Ordering Activity at the standard Check Point list price.

In the case that Contractor through Check Point will certify a local ACE Partner or subcontractor to provide the on-site Replacement Service, Check Point shall have the right to ask the Ordering Activity to send, at Check Point's expense, the Shelf Spare Unit from the Ordering Activity premises to the relevant partner at any time. In case this Support Plan is not renewed, Ordering Activity agrees to send the Shelf Spare Unit back to Check Point, or pay the full Check Point list price of a new unit.

#### **HARDWARE REPLACEMENT:**

**Hardware Return Procedure.** If a Hardware product or one of its component parts does not function during the Hardware Support period, and such nonconformance can be verified by Contractor through Check Point, Check Point, at its election, will provide Advance Hardware Replacement service with a refurbished part /unit for the Hardware under the type of Hardware Support Plan Check Point designates for that Hardware. A defective Hardware product or one of its component parts may only be returned to Check Point upon Check Point's prior written approval. Any such approval shall reference a Returned Material Authorization ("RMA") number issued by an authorized Check Point service representative. To request an RMA number, Ordering Activity must contact Check Point TAC and open a Service Request. Ordering Activity should always register the Hardware Product in Ordering Activity's Check Point User Center account. If Ordering Activity does not register the Hardware Product with Check Point, Ordering Activity may be required to present proof of purchase as evidence of entitlement to Hardware Support service. The Hardware Product's Device Number will be required for all RMA cases.

**Hardware Replacement Procedure.** For Order Activities who have purchased Support for their Hardware, Contractor through Check Point will attempt to diagnose and resolve problem over the phone or web. Upon determination that the Hardware issue is related to a malfunction of one of the Hardware components, an RMA process will be initiated by Check Point TAC. Check Point TAC will either issue a replacement of the faulty part (like Power Supply, Fan, Hard Disk, etc.) or a full Unit Replacement. Check Point will send the required hardware to the Site location, as it appears in Order Activity's User Center and as verified with Order Activity when opening the Support Service Request, in accordance with the Hardware Support Plan Check Point designates for that Hardware.

Order Activity must ship back the faulty Hardware product (or replaceable unit) suitably packaged according to the guidelines, as specified by Contractor through Check Point in the RMA letter shipped with the replacement, to a location that Check Point designates; return shipment of the faulty Hardware should be made within five (5) business days of the arrival of the replacement or approval of the RMA for Shelf Spare Unit usage.

#### **TECHNICAL SUPPORT:**

**Web-based Support.** Check Point web-based Support available at URL: <https://support.checkpoint.com> provides the Ordering Activity access to:

- (a) Documentation, containing product documentation, release notes, troubleshooting guides and technical white papers about Check Point Software and Hardware products, as releases become generally commercially available.

(b) SecureKnowledgeSM, a self-service knowledge base, restricted repository of thousands of technical documents as well as tools covering everything from planning installation and upgrades, to understanding error messages and fixing specific known issues. Technical solutions, how-to's, and troubleshooting documents written by Check Point engineers and technical staff are added daily. Ordering Activity may have Advanced or Expert Access in accordance with their Support level and the specifications of this Agreement. When a solution is identified to solve an issue, Check Point TAC may share this solution with Ordering Activity via email or verbal communication.

(c) Software Subscription Downloads, restricted download site for the sole use of the Supported Ordering Activity; includes latest product upgrades, Hot Fix Accumulators (HFAs), Feature Packs, security fixes, tools, and utilities for the contract term. Software Subscription guarantees that Check Point solutions are kept as current as possible through the latest product enhancements and capabilities.

For Major Product releases, Ordering Activity may request Contractor through Check Point to ship a Media Kit that includes Software upgrade package.

(d) Product Forums, containing shared knowledge of Check Point products and solutions within an online community of customers, partners and employees, as well as news on Check Point products and technologies. Support Ordering Activities can view and post on the discussion threads in all Forums.

Contact TAC. Ordering Activity's access to TAC should be either by telephone, by web request, or by live chat.

(a) By Telephone: Contact the nearest TAC (refer to URL: <http://www.checkpoint.com/services/contact/index.html>.) An Automatic Call Distribution System will prompt Ordering Activity to select appropriate Support Plan options. After Ordering Activity is directed to a TAC Technical Representative, Ordering Activity's email address must be provided. Once TAC verified Ordering Activity is a Designated Contact and account has a valid Support contract, TAC will inquire information about the issue and create a Service Request in the Check Point database.

(b) By Web Request: Log into User Center, under the "Support" Tab, select the "Create Service Request" link. Complete the request form with all of the appropriate information about the issue and submit the request. A Service Request will be generated in the Check Point database.

PLEASE NOTE: DO NOT submit a Service Request for a Severity 1 issue via the Web request form. For a Severity 1 case, please contact Contractor through Check Point by telephone and select the appropriate options for your support.

(c) By Live Chat: Log into User Center, under the "Support" Tab, select "Live Chat" icon. Live Chat is for quick and simple questions about Check Point products and services. Any issue requires troubleshooting must be submitted by telephone or by web request.

(d) By Email: Contractor through Check Point does not allow opening a Service Request via email. All requests should be opened by Telephone or by web request. Correspondence on an open Service Request may be made via email, as long as the Ordering Activity Designated Contact writes a reply to emails received from Check Point TAC.

Availability and accessibility of TAC is in accordance with the specifications of this Agreement, subject to the situations set forth in Section 8.1 Force Majeure.

	Standard	Premium	Elite
TAC Availability	5x9 Business Day	7x24 Every Day	7x24 Every Day
Unlimited Service Requests	Yes	Yes	Yes

Technical Support Procedures. Under Check Point's Software support plan, Check Point TAC utilizes a multi-tier support model for Problem Resolution. When initial contact with TAC is made, a Technical Representative or Web Service Request Tool will validate Ordering Activity information, contract information, Device Number, and gather details relevant to the question or issue. A unique Service Request (SR) number will be assigned and delivered to the Ordering Activity Designated Contact, either verbally, via Web request, or via email. This SR number will be used to track any given issue from initial contact to final Problem Resolution. If appropriate, an issue will be reproduced in the Check Point Test Lab. Additional testing and problem duplication may take place in a network laboratory environment. Further investigation, including additional troubleshooting or debugging activity may be required. Based on the results of the Test Lab investigation, an issue may be resolved, or, if an anomaly is identified, elevated to the appropriate Check Point Team for final Problem Resolution.

Contractor through Check Point agrees to use commercially reasonable efforts to work with the Ordering Activity for Problem Resolution for an issue in accordance with the specifications of these terms. Timely efforts must be made by all parties involved. If communication from Ordering Activity ceases without notice, after five (5) business days, Check Point may, upon notice, close a Service Request due to inactivity on the part of the Ordering Activity. A Service Request may be reopened within thirty (30) consecutive days of closure. Once a Service Request is closed for thirty (30) consecutive days, this issue will be considered permanently closed, and it cannot be reopened. If further work is necessary, a new Service Request will be opened, and all pertinent materials may need to be resubmitted before work can continue.

Severity Level Response Time and Resource Commitment. Contractor through Check Point agrees to use commercially reasonable efforts to respond to Ordering Activity requests based on the Severity of the issue as follows:

Severity Level	Response Time (in accordance with Support Plan)			Commitment
	Standard	Premium	Elite	
Severity 1	30 minutes	30 minutes	30 minutes	Check Point and Ordering Activity will commit the necessary resources around the clock for Problem Resolution to obtain workaround or reduce the severity of the Error.
Severity 2	4 Hours	2 Hours	30 Minutes	Check Point and Ordering Activity will commit full-time resources during normal business hours for Problem Resolution to obtain workaround or reduce the severity of the Error and alternative resources during non Standard Business Hours.
Severity 3	4 Hours	4 Hours	4 Hours	Check Point and Ordering Activity will commit full time resources during normal business hours for Problem Resolution, to obtain workaround or reduce the severity of the Error.
Severity 4	4 Hours	4 Hours	4 Hours	Check Point and Ordering Activity will provide Resources during normal business hours for Problem Resolution.

Note: Contractor through Check Point does not guarantee the resolution of a problem within the times specified.

For Severity definitions for Network Security Product(s) or Endpoint Security Product(s), refer to the Section "DEFINITIONS," "Severity" Definitions for Network Security Product(s) and "Severity" Definitions for Endpoint Security product(s).

The response times set forth in this Section constitute targeted goals of the Technical Support to be provided by Contractor through Check Point to Ordering Activity, and it is understood that Check Point shall use commercially reasonable efforts to respond to Ordering Activity requests within the target times set for the relevant Severity level. The parties acknowledge the potentially idiosyncratic nature of any issue, and agree that any sporadic failure to meet targeted times shall not constitute a breach of Check Point Support obligations under this Agreement.

**Escalation Process and Procedure.**

(a) Ordering Activity-initiated Escalation: Under Check Point's Support plan, some work items (especially those associated with critical situations) may need to be expedited. When this becomes the case, Ordering Activity shall notify Check Point TAC of the critical situation. If TAC determines that sufficient information has been provided by Ordering Activity and the escalation is accepted, Check Point will work with Ordering Activity on providing the appropriate solution. The escalation begins in accordance to Check Point standard business practices. Upon request, Check Point may provide an action plan to Ordering Activity that may include (but is not limited by): problem statement, next action items to resolve the issue and time estimates on these action items.

(b) Check Point Internal Escalation Process: When TAC determines an issue needs internal escalation, the issue receives a combination of increasing levels of engineering expertise and managerial attentions in accordance with Check Point standard business practice. Except for the case of a Ordering Activity-initiated Escalation in accordance with Section 5.5 (c) below, that issue need not be escalated to a higher managerial level until the Severity of the issue increases or progress toward resolution ceases or is unduly delayed.

(c) Management Escalation: If Ordering Activity feels that the issue is not moving forward in an appropriate timeframe to closure, and/or an issue requires managerial attention, for immediate escalation, Ordering Activity can either request Technical Representative to connect the Ordering Activity to a Team Leader or contact the Team Leader of the Technical Representative handling the case directly. Team Leader's contact details are located at the bottom of the Service Request email. Regardless of the total elapsed time of an outstanding Service Request, the point of escalation shall be initiated at the Technical Representative level, escalated to the Team Leader(s), followed by TAC Manager(s), the TAC Director(s), and then the TAC Vice President. For the most current list of Check Point TAC Escalation Management contacts, refer to Escalation Management link in Service Request Web tool in the User Center.

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

**Scope.** This Rider and the attached Checkmarx, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (*e.g.*, the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the

terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**CHECKMARX OPEN SOURCE ANALYSIS ("OSA") AGREEMENT**

This Checkmarx Open Source Analysis Agreement (the "**Agreement**") is made by and between the applicable Checkmarx entity identified below ("**Licensor**"), and the customer entity identified above ("**Customer**") (as defined herein, each a "**Party**", and collectively the "**Parties**").

**DEFINITIONS.**

"**Affiliate**" means, with respect to a Party, any entity that, directly or indirectly, controls, is controlled by, or is under common control with such Party, and "control" means the direct or indirect possession of the power to direct or to cause the direction of the management and policies of the entity.

"**Intellectual Property Rights**" means all intangible legal rights, title and interests including without limitation: all inventions, patents, patent applications, trademarks, service marks, trade dress, logos, trade names, and corporate names, domain names, any work of authorship, copyrights, trade secrets, and all other proprietary rights in whatever form or medium, in each case on a worldwide basis; together with all revisions, extensions, reexaminations, translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith.

"**OSA Solution**" means the cloud-based open source management solution provided to users of the licensed Checkmarx software by Licensor and its designated third party service provider(s). Depending on the configuration licensed by Customer, the OSA Solution may consist of a cloud-based open source management solution accessed using the licensed Checkmarx software ("**CxOSA**"), or CxOSA together with a stand-alone solution operated by the OSA Service Provider ("**CxOSA-WS**").

"**Quote**" means the quotation document provided by Licensor setting out the quantity and type of OSA Solution licenses purchased by Customer.

**LICENSE GRANTS AND RESTRICTIONS.**

**License Grants.** Subject to Customer's compliance with these OSA Terms, Licensor grants Customer a limited, non-exclusive, nontransferable, non-sublicensable, revocable license during the OSA Term and according to the number and type of OSA Solution licenses as set out in the Quote and applicable purchase order, to: (a) for CxOSA, to permit licensed users of the Checkmarx software to access the object code form of the OSA Solution through the applicable Checkmarx software interfaces; (b) for CxOSA-WS, to additionally access the object code form of the OSA Solution through the applicable OSA Service Provider interfaces; and (c) for either CxOSA or CxOSA-WS (as applicable) to view and use the reports generated by the OSA Solution for Customer's internal business purposes. It is hereby clarified that the license does not grant any rights whatsoever to the OSA Solution source code.

**Title; Intellectual Property Rights.** The OSA Solution is licensed, not sold, and these OSA Terms do not convey any right, title or ownership in the OSA Solution to Customer other than the limited rights and licenses set out herein. The OSA Solution and documentation shall remain Licensor's or the OSA Service Provider's property, as applicable. All Intellectual Property Rights evidenced by or embodied in or related to the OSA Solution, and to any customizations, modifications, enhancements or derivatives thereof, are and shall be owned solely by Licensor and the OSA Service Provider, as applicable. Licensor reserves all rights not expressly granted hereunder.

**Restrictions.** Customer may not: (a) use the OSA Solution in excess of the number and type of licenses authorized by Licensor (for paid use, as set out in the Quote); (b) work around any technical limitations in the OSA Solution or attempt to circumvent any licensing restrictions; (c) reverse engineer, decompile, disassemble or create derivative works of the OSA Solution; (d) attempt to derive the source code of the OSA Solution; (e) reproduce, publish, distribute, transfer, publicly display, resell, rent, lease, sublicense, loan, or lend access to the OSA Solution to any third party; (f) use the OSA Solution to provide code scanning or audit services to a third party, or make the OSA Solution available in a service bureau or any similar commercial time-sharing arrangement; (g) transfer, assign or permit the sharing of license keys or product codes to a third party; (h) make available to any third party any analysis of the results of the operation of the OSA Solution, including benchmarking results, without the express written consent of Licensor; (i) attempt to access the OSA Solution outside of the software interfaces provided by Licensor and/or the OSA Service Provider; or (j) provide access to the OSA Solution or the output generated by the OSA Solution to any individual who does not hold a valid license to use the OSA Solution.

**DATA USAGE.**

**Data Usage.** The OSA Solution transmits technical data to the OSA Service Provider as required to provide the OSA Solution to Customer (the "**Data**"). No source code of the Customer is sent to the OSA Service Provider. For CxOSA-WS, Customer must provide a customer ID and email addresses to the OSA Service Provider for authentication purposes.

**OSA Service Provider.** The cloud-based open-source analysis service powering the OSA Solution is operated by a third party service provider under contract to Licensor (the "**OSA Service Provider**"). The OSA Service Provider is contractually obligated to handle all Data on a confidential basis and to use the Data only in connection with providing the OSA Solution to Customer. Licensor reserves the right to change OSA Service Providers from time to time.

**SUPPORT.**

**Description of Support.** Licensor will assist with basic e-mail (Level 1) support to assist Customer with its use of the OSA Solution. Advanced (Level 2 and Level 3) support for the OSA Solution shall be provided by the OSA Service Provider. All support shall be provided in accordance with the support level agreement entered into between Licensor and the Customer in connection with the licensed Checkmarx software.

**RESERVED.****TERM AND TERMINATION.**

**Term.** These OSA Terms shall be effective during the OSA Solution term set out in the Quote and applicable purchase order (the "Term"), unless renewed by agreement of the Parties or earlier terminated according to the termination provisions set out in the underlying GSA Schedule Contract.

**Reserved.**

**Effect of Termination.** Customer's access to the OSA Solution shall immediately terminate upon expiration of the Term or the termination of these OSA Terms in accordance with the Contract Disputes Act, and any reports or data generated in connection with the OSA Solution will no longer be available for viewing/downloading. Customer is solely responsible for ensuring that any reports or data have been downloaded prior to termination of the OSA Solution. Licensor shall have no liability due to the Customer's inability to access or use the OSA Solution after termination of these OSA Terms or expiration of the Term. In the event of termination, Customer's sole and exclusive remedy shall be the refund of any unused OSA Fees remaining as of the date of termination.

**DISCLAIMER OF WARRANTIES.**

**WARRANTY DISCLAIMERS.** THE OSA SOLUTION IS MADE AVAILABLE BY LICENSOR ON AN "AS IS" AND "AS AVAILABLE" BASIS. ALL WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE ARE EXPRESSLY DISCLAIMED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. LICENSOR DOES NOT WARRANT THAT THE OSA SOLUTION WILL MEET CUSTOMER'S REQUIREMENTS, OR THAT THE OPERATION OF THE OSA SOLUTION WILL BE UNINTERRUPTED AND/OR ERROR FREE. LICENSOR DOES NOT REPRESENT OR WARRANT THAT THE USE OF THE OSA SOLUTION WILL BE FREE FROM ERRORS OR SAFE FROM INTRUSIONS OR ANY OTHER SECURITY EXPOSURES. NOTHING IN THE FOREGOING RESTRICTS THE EFFECT OF WARRANTIES OR CONDITIONS WHICH MAY NOT BE EXCLUDED, RESTRICTED OR MODIFIED AS A MATTER OF LAW.

**RESERVED.**

**EXCLUSIVITY OF WARRANTIES AND LIMITATIONS OF LIABILITY.** CUSTOMER ACKNOWLEDGES THAT THE WARRANTY DISCLAIMERS SET OUT IN THIS SECTION SHALL EXCLUSIVELY GOVERN CUSTOMER'S USE OF THE OSA SOLUTION AND ANY CLAIM ARISING OUT OF OR IN RELATION TO THESE OSA TERMS.

**GENERAL PROVISIONS.**

**Governing Law and Venue.** These OSA Terms shall be governed by and interpreted in accordance with the Federal laws of the United States. The United Nations Convention Relating to a Uniform Law on the International Sale of Goods, or any similar or successor convention or law, shall not apply to these OSA Terms. The Parties expressly agree that the Uniform Computer Information Transactions Act shall not apply to these OSA Terms and, to the extent that it is applicable, the parties agree to opt-out of its applicability pursuant to its provisions.

**Miscellaneous Terms.** Should any provision of these OSA Terms be held to be invalid, such provision shall be replaced with a valid provision implementing the intent of the parties at the time of the signing of these OSA Terms. These OSA Terms, together with the underlying GSA Schedule Contract, Schedule Pricelist, and Purchase Order(s) supersede any previous agreements or representations, either oral or written regarding the OSA Solution. Customer acknowledges that it has not relied upon any representations or warranties other than those expressly contained in these OSA Terms. These OSA Terms may be amended only by an instrument in writing signed by both parties. Customer or Licensor may not transfer or assign its rights or obligations under these OSA Terms to any third party without the prior written approval of the other party, and any such purported assignment shall be null and void. All notices given under these OSA Terms shall be in writing and shall be deemed to have been duly given: when delivered, if delivered by messenger during normal business hours of the recipient; when sent, if transmitted by facsimile transmission (receipt confirmed and with a confirmation copy sent by post) during normal business hours of the recipient; or on the third business day following posting, if posted by international courier service (FedEx, UPS, DHL).

**Contracting Entity.** For Customers located in the United States of America, "Licensor" is defined as Checkmarx, Inc.

**Chef Software Inc.**  
**619 Western Ave. #400**  
**Seattle, WA 98104**

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

**Scope.** This Rider and the attached Chef Software, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the AntiAssignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims

(JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally compatible agreements, if any.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the

copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**Taxes.** Chef shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

#### **Delivery and Acceptance.**

**Acceptance.** Chef will make the Software available to Customer electronically. **Early Termination.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). the parties will cooperate to affect an orderly, efficient, effective and expeditious termination of the parties' obligations under that Order Form;

Chef will have no obligation to perform any Services under the terminated Order Form after the effective date of the termination; Customer will pay to Chef any fees, allowed reimbursable expenses, compensation or other amounts payable for Services performed under the terminated Order Form prior to the effective date of the termination;

all licenses granted by Chef thereunder will automatically cease as of the effective date of termination of such Order Form, and if Customer has no other applicable Software License, Customer must uninstall any installed Software, cease using all Software and destroy or return all copies of the Software to Chef; and certify in writing that all known copies thereof, including backup copies, have been destroyed or disabled in all forms and types of media as of the effective date of termination; and

upon Customer's termination of an Order Form as provided in [Section 8\(b\)](#), Chef will, subject to [Section 10](#) and [Section 11](#) of this Agreement, pay to Customer the following:

a pro rata portion of applicable License Fees following the effective date of termination through the expiration of the applicable License Term; and

Professional Services fees designated as “fixed fee” that have not been performed as of the effective date of termination.

Upon termination of this Agreement and completion, termination or expiration of all outstanding Order Forms, each party will promptly return to the other all of the other party’s Confidential Information within its possession or control and will certify in writing that it has complied with its obligations to return all such Confidential Information.

The following shall survive termination of this Agreement for any reason: any and all liabilities accrued before the effective date of termination; and the provisions of this Agreement concerning proprietary rights, indemnity, disclaimers of warranty, limitation of liability, payment of fees and governing law.

**Professional Services.** Chef will perform the Professional Services detailed in any Order Form. Order Forms will set forth a description of the work to be performed, fees, time schedules and other special terms and conditions applicable to the particular project. Each Order Form will become effective only upon acceptance by both parties hereto as evidenced by signature of an authorized representative of each party on the applicable Order Form. Chef will perform the Professional Services using its employees, subcontractors or agents, as Chef in its sole discretion deems appropriate. Chef will remain responsible to Customer for the actions of its employees, subcontractors or agents when so used.

**Customer Responsibilities.** Customer understands its business needs and has determined independently that the Deliverables and Professional Services will meet its needs.

**Intellectual Property Ownership.** Should the Professional Services set forth in an Order Form result in any reports, work product or other tangible items identified in an Order Form as a deliverable (“Deliverables”), unless otherwise provided in an Order Form, Chef grants to Customer a worldwide, non-exclusive, non-transferable, non sub-licensable license to use the Deliverables for Customer’s internal use. Other than the limited license to the Deliverables contained herein or as otherwise set forth in an Order Form, Chef will own and retain all right, title and interest, express or implied, in and to any Deliverables created during the course of providing the Professional Services and to all other works of authorship of any kind or nature prepared, created or conceived by Chef in the performance of the Professional Services, exclusive of any Confidential Information of Customer incorporated therein. Chef will not own or have any right, title or interest in or to the Confidential Information of Customer, whether by assignment, license or otherwise.

**Residuals/Items of General Knowledge.** Chef may use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques within the scope of its professional services practice in the course of providing the Professional Services, including information publicly known or available or that could reasonably be acquired in similar work performed for another customer of Chef. In no event will Chef be precluded from developing for itself, or for others, materials that are competitive with the Deliverables, irrespective of their similarity to the Deliverables, provided this is done without use of Customer’s Confidential Information.

#### **Warranty.**

**Software Warranty.** Chef warrants that the Software will perform in all material respects as specified in its accompanying Documentation under normal use for the duration of the Warranty Period. This warranty extends only to Customer. To the maximum extent permitted by applicable law, Customer’s exclusive remedy for a breach of this limited warranty is to return any allegedly defective Software, and Chef, at its option, will replace it or refund any fee paid for the Software, provided that Customer gives Chef written notice of the noncompliance within the Warranty Period. Chef’s sole obligation under the limited warranty set forth in this [Section 10\(a\)](#) is to use its reasonable efforts to correct or replace any non-conforming Software once Chef has been made aware of such non-conformance or, in Chef’s sole discretion, to terminate this Agreement (in which event, Customer will immediately stop using the Software) and refund the License Fees paid by Customer to Chef up through the effective date of such termination.

**Services Warranty.** Chef warrants to Customer for a period of sixty 60 days after Customer acceptance of Services or Deliverables or initial receipt of or access to the Software, as applicable (the “Warranty Period”) that: (i) the Services will be performed in a good and workmanlike manner; and (ii) the Deliverables will conform in all material respects to applicable specifications identified in an Order Form. Chef’s sole obligation under the limited warranty set forth in this [Section 10\(b\)](#) is to use commercially reasonable efforts to correct any Services or Deliverables that do not comply with the warranties set forth in this [Section 10\(b\)](#) (e.g., by reperformance of any noncomplying Services or modifying any noncomplying Deliverables); provided that Customer gives Chef written notice of the noncompliance within the Warranty Period. If, after the expenditure of commercially reasonable efforts, Chef is unable to correct the noncompliance, Chef may choose to refund an equitable portion (e.g., based upon the value of Customer’s actual use of, or any benefits received by Customer) of the fee paid by Customer for such Deliverables or Services, whereupon the same will be deleted from the Deliverables or Services and no longer considered a part thereof.

**Exclusions.** The warranties under [Sections 10\(b\)](#) and [10\(a\)](#) do not apply to any noncompliance resulting from any: (i) use not in accordance with this Agreement or any applicable Order Form, including Customer operation or use of the Software or Deliverables other than in accordance with applicable documentation or design or on hardware not recommended, supplied or approved by Chef; (ii) modification, damage, misuse or other action of Customer or any third party; (iii) combination with any goods, services or other items provided by Customer or any third party; or (iv) combination of the Software with any distribution or binary not provided by Chef, even if the distribution or binary is derived from the same source code as the Chef Software. Further, Chef does not warrant that the Software or Deliverables or any other items furnished by Chef under this Agreement or any Order Form are free from non-material bugs, errors, defects or deficiencies.

**Disclaimer. EXCEPT FOR THE LIMITED WARRANTY IN SECTIONS 10(a) AND 10(b) ABOVE, THE SOFTWARE, DELIVERABLES, AND ANY SERVICES PROVIDED UNDER**

**THIS AGREEMENT ARE PROVIDED “AS IS”, WITHOUT ANY WARRANTIES OF ANY KIND, INCLUDING BUT NOT LIMITED TO, WARRANTIES CONCERNING THE USE, INTEROPERABILITY, OR PERFORMANCE OF THE SOFTWARE. CHEF DISCLAIMS ANY AND ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND/OR NON-INFRINGEMENT. CHEF DOES NOT WARRANT THAT THE SOFTWARE, DELIVERABLES, OR SERVICES WILL MEET CUSTOMER’S REQUIREMENTS OR THAT THE OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ERRORS WILL BE CORRECTED.**

#### **Indemnification.**

**Indemnification by Chef.** Chef will indemnify Customer and will pay any costs or damages that may be finally awarded in respect of any third party claims, proceedings, costs or damages, including actual attorneys’ fees and court costs and expenses in any such third party action, proceeding or case, and agreed settlements to the extent that the Software or Deliverables infringe any United States patent, or any copyright, trademark or other proprietary right of such third party; provided that Customer: (i) promptly notifies Chef of the claim; (ii) gives Chef all necessary information regarding the claim; (iii) reasonably cooperates with Chef; and (iv) allows Chef to control the defense and all related settlement negotiations; provided that, if any settlement requires a non-monetary obligation of an indemnified party (other than ceasing use of the Software or Deliverables), then such settlement will require the Customer’s prior written consent, which consent will not be unreasonably withheld. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

**Injunction.** If an injunction is sought or obtained against Customer’s use of Software or Deliverables as a result of a third party infringement claim or in Chef’s opinion is likely to be enjoined, Chef may, at its sole option and expense, (i) procure for Customer the right to continue using the affected Software or Deliverable, (ii) replace or modify the affected Software with substantially equivalent software functionality so that it does not infringe, or, if either (i) or (ii) is not commercially feasible in Chef’s opinion, (iii) terminate the License and promptly refund Customer a pro-rata portion of any prepaid License Fees based on the remainder of the License Term.

**Exclusions.** Chef will have no liability for any infringement claim (a) based on modifications to the Software or Deliverables made by a party other than Chef or third party acting on behalf of Chef, if a claim would not have occurred but for such modifications, (b) based on the use of other than the then-current, unaltered version or release of the Software or Deliverables, unless the infringing portion is also in the then-current, unaltered version or release; (c) based on the use, operation or combination of the Software or Deliverables with non-Chef programs, data, equipment or documentation if such infringement would have been avoided but for such use, operation or combination; (d) attributable to any Third Party Components; (e) based on Customer’s use of the Software or Deliverables other than in accordance with this Agreement or the applicable Documentation; or (f) based on combination of the Software with any distribution or binary not provided by Chef, even if the distribution or binary is derived from the same source code as the Chef Software .

**Sole Remedy.** THE TERMS OF THIS SECTION 11 CONSTITUTE THE ENTIRE LIABILITY OF CHEF, AND CUSTOMER’S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY INDEMNIFICATION CLAIMS OF ANY KIND.

**Reserved.**

#### **Limitation of Liability.**

**Indirect Damages.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT AS OTHERWISE PROVIDED SPECIFICALLY IN THIS AGREEMENT, IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER PARTY OR TO ANY THIRD PARTY FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES OR FOR THE COST OF PROCURING SUBSTITUTE PRODUCTS OR SERVICES ARISING OUT OF OR IN ANY WAY RELATING TO OR IN CONNECTION WITH THIS AGREEMENT OR THE USE OF OR INABILITY TO USE THE SOFTWARE, DOCUMENTATION, DELIVERABLES, OR THE SERVICES PROVIDED BY CHEF HEREUNDER INCLUDING, WITHOUT LIMITATION, DAMAGES OR OTHER LOSSES FOR LOSS OF USE, LOSS OF BUSINESS, LOSS OF GOODWILL, WORK STOPPAGE, LOST PROFITS, LOSS OF DATA, COMPUTER FAILURE OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES EVEN IF ADVISED OF THE POSSIBILITY THEREOF AND REGARDLESS OF THE LEGAL OR EQUITABLE THEORY (CONTRACT, TORT OR OTHERWISE) UPON WHICH THE CLAIM IS BASED.

**Aggregate Liability.** IN NO EVENT WILL EITHER PARTY’S AGGREGATE LIABILITY, FROM ALL CAUSES OF ACTION AND UNDER ALL THEORIES OF LIABILITY, EXCEED THE TOTAL AMOUNTS PAID BY CUSTOMER TO CHEF UNDER THIS AGREEMENT.

**General.** THESE LIMITATIONS APPLY EVEN IF THIS SECTION 12 IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. SOME JURISDICTIONS MAY NOT ALLOW THE

EXCLUSION OR LIMITATION OF INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR OTHER DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY. IN SUCH EVENT, THE LIABILITY OF THE PARTIES WILL BE LIMITED TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW.

Exclusion - Violations of Law. The limits in Section 12(a) and Section 12(b) above do not apply to damages incurred by a party due to the other party's violation of applicable laws. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

Confidentiality and Privacy. Customer and Chef will maintain the confidentiality of Confidential Information. The receiving party of any Confidential Information of the other party agrees not to use such Confidential Information for any purpose except as necessary to fulfill its obligations and exercise its rights under this Agreement. The receiving party will protect the secrecy of and prevent disclosure and unauthorized use of the disclosing party's Confidential Information using the same degree of care that it takes to protect its own confidential information and in no event will use less than reasonable care. The terms of this Confidentiality section will survive termination of this Agreement. Upon termination or expiration of this Agreement, the receiving party will, at the disclosing party's option, promptly return or destroy (and provide written certification of such destruction) the disclosing party's Confidential Information, save once copy for archival and dispute resolution purposes.

Data Protection. If the General Data Protection Regulation ("GDPR") applies to Customer then the following terms will apply:

Definitions: In this Section 14, the following terms will have the following meanings:

"Affiliate" means any entity that directly or indirectly controls, is controlled by, or is under common control with the subject entity. "Control," for purposes of this definition, means direct or indirect ownership or control of more than 50% of the voting interests of the subject entity.

"Controller", "Processor", "Data Subject", "Personal Data", "Processing" (and "Process") and "Special Categories of Personal Data" will have the meanings given in Applicable Data Protection Law;

"Applicable Data Protection Law" will mean: (i) prior to 25 May 2018, the EU Data Protection Directive (Directive 95/46/EC); and (ii) on and after 25 May 2018, the EU General Data Protection Regulation (Regulation 2016/679).

"Standard Contractual Clauses" means the contractual clauses set out in Exhibit 1 to this Agreement.

#### Processing of Data:

Applicability. This Section 14 will apply only to the extent Customer is established within the EEA or Switzerland and/or to the extent Chef processes Personal Data of Data Subjects located in the European Economic Area ("EEA") or Switzerland on behalf of Customer.

Relationship of the parties: The Customer (the "Controller") appoints Chef as a processor to Process the Personal Data that is the subject of the Agreement (the "Data") for the purposes described in this Agreement and any Order Form (or as otherwise agreed in writing by the parties) (the "Permitted Purpose"). Chef will comply with the obligations that apply to it under Applicable Data Protection Law. The Ordering Activity is not bound by the GDPR.

Prohibited data: The Customer will not disclose any Special Categories of Data to Chef for processing.

Purpose Limitation: Chef will process the Data as a Processor as necessary to perform its obligations under this Agreement and any Order Form, and in accordance with the documented instructions of Customer (the "Permitted Purpose"), except where otherwise required by any EU (or any EU Member State) law applicable to Chef. The duration of the Processing, the nature and purpose of the Processing, the types of Data and categories of Data Subjects Processed under this Agreement are further specified in Appendix 1 to the Standard Contractual Clauses.

International transfers: Chef will not transfer the Data (nor permit the Data to be transferred) outside of the EEA unless it has taken such measures as are necessary to ensure the transfer is in compliance with Applicable Data Protection Law. Such measures may include (without limitation) transferring the Data to a recipient in a country that the European Commission has decided provides adequate protection for personal data, to a recipient that has achieved binding corporate rules authorization in accordance with Applicable Data Protection Law, or to a recipient that has executed standard contractual clauses adopted or approved by the European Commission. The following transfer mechanisms listed below will apply, in the following order of precedence, to any transfers of Data under this Agreement from the European Union, the European Economic Area and/or their member states, Switzerland and the United Kingdom to countries which do not ensure an adequate level of data protection within the meaning of Data Protection Laws and Regulations of the foregoing territories, to the extent such transfers are subject to such Data Protection Laws and Regulations; (1) EU-U.S. and Swiss-U.S. Privacy Shield Framework self-certifications (if applicable); (2) The Standard Contractual Clauses set forth in Exhibit 1 to this Agreement.

Confidentiality of Processing: Chef will ensure that any person it authorizes to process the Data (an "Authorized Person") will protect the Data in accordance with Chef's confidentiality obligations under this Agreement.

**Security:** Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of Processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, Chef will implement technical and organizational measures to protect the Data (1) from accidental or unlawful destruction, and (2) loss, alteration, unauthorized disclosure of, or access to the Data (a "Security Incident").

**Sub-Processing:** The Customer consents to Chef engaging third party sub processors to process the Data for the Permitted Purpose provided that: (1) Chef maintains an up-to-date list of its sub processors; (2) Chef imposes data protection terms on any sub processor it appoints that require it to protect the Data to the standard required by Applicable Data Protection Law; and (3) Chef remains liable for any breach of this Clause that is caused by an act, error or omission of its sub processor. The Customer may object to Chef's appointment or replacement of a sub processor, provided such objection is based on reasonable grounds relating to data protection. In such event, Chef will use reasonable efforts to make available to Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to avoid Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening the Customer. If Chef is unable to make available such change within a reasonable period of time, which will not exceed thirty (30) days, Customer may terminate the applicable Order Form(s) with respect only to those Services which cannot be provided by Chef without the use of the objected-to new Sub-processor by providing written notice to Chef. Chef will refund Customer any prepaid fees covering the remainder of the term of such Order Form(s) following the effective date of termination with respect to such terminated Services, without imposing a penalty for such termination on Customer.

**Cooperation and Data Subjects' Rights:** Customer is not required to respond to any request from a Data Subject under any Applicable Data Protection Law unless required by a Federal Law of the United States. Chef will provide reasonable and timely assistance to the Customer to enable the Customer to respond to: (1) any request from a Data Subject to exercise any of its rights under Applicable Data Protection Law (including its rights of access, correction, objection, erasure and data portability, as applicable); and (2) any other correspondence, inquiry or complaint received from a Data Subject, regulator or other third party in connection with the processing of the Data. In the event that any such request, correspondence, enquiry or complaint is made directly to Chef, Chef will promptly inform the Customer providing full details of the same.

**Data Protection Impact Assessment:** If Chef believes or becomes aware that its processing of the Data is likely to result in a high risk to the data protection rights and freedoms of Data Subjects, it will inform the Customer and provide reasonable cooperation to the Customer (at the Customer's expense) in connection with any data protection impact assessment that may be required under Applicable Data Protection Law.

**Security Incidents:** If Chef becomes aware of a confirmed Security Incident (as defined in [Section 14\(b\)\(vii\)](#) above), it will inform the Customer without undue delay and will provide reasonable information and cooperation to the Customer so that the Customer can fulfill any data breach reporting obligations it may have under (and in accordance with the timescales required by) Applicable Data Protection Law. Chef will further take such any reasonably necessary measures and actions to remedy or mitigate the effects of the Security Incident and will keep the Customer of all material developments in connection with the Security Incident.

**Deletion or Return of Data:** Upon termination or expiration of the Agreement, Chef will (at the Customer's election) destroy or return to the Customer all Data in its possession or control. This requirement will not apply to the extent that Chef is required by applicable law to retain some or all of the Data, or to Data it has archived on back-up systems, which Data Chef will securely isolate and protect from any further processing except to the extent required by such law.

**Audit:** The Customer acknowledges that Chef is regularly audited by independent third party auditors. Upon request, Chef will supply a summary copy of its audit report(s) to the Customer, which reports will be subject to the confidentiality provisions of this Agreement. Chef will also respond to any written audit questions submitted to it by the Customer, provided that the Customer will not exercise this right more than once per year.

#### **Software Usage Tracking.**

If and when Customer adds additional License Units to its License, Customer will pay to Chef for such additional License Units added to any License. Upon Chef's request (such request not to be made more than twice during any 12 month period without good cause), Customer agrees to promptly deliver to Chef (i) any usage files and reports generated by the Software to permit Chef to verify the number of License Units actually used by Customer during the applicable License Term; and/or (ii) a certification signed by one of Customer's officers regarding the number of License Units actually used by Customer during the applicable License Term. Notwithstanding the foregoing, Customer agrees to reasonably cooperate with Chef to verify the number of License Units actually used by Customer during the applicable License Term. If Chef confirms that Customer has exceeded the number of License Units for the applicable License Term, in addition to any other remedies available under this Agreement or applicable law, Customer agrees to pay the then-current License Fees in accordance with the GSA Schedule Pricelist for the additional License Units used by Customer. If the Ordering Activity exceeds the use amount, both parties will work together to either prevent such overages in the future or will execute a new agreement in writing that encompasses the higher use amount.

Unless Customer chooses to disable telemetry features in the Software, Customer consents to Chef receiving data and information directly from the Software for the sole purpose of obtaining information regarding Customer's use of the Software (i.e., when Customer installs an update or upgrade), as well as any Software bugs, errors, and other similar technical support issues. Chef will only use such data and information ("Software Usage and Technical Support Data") for its own business purposes, including but not limited to the purposes of (i) providing the Support Services; and (ii) to gather information about how Customer uses the Software, which may be combined with information about how others use the Software, in order to help Chef better understand trends and Customers' needs in

order to better consider new features, and (iii) improving the Software and Customer's use experience. Chef will use Software Usage and Technical Support Data solely in aggregate, anonymized form and solely for Chef's own business purposes. For instructions on how to disable Chef's access to the Software Usage and Technical Support Data, please refer to the Software Documentation or contact Chef Support.

**Export Compliance.** As required by the laws of the United States and other countries, Customer represents and warrants that Customer: (a) understands that the Software and its components may be subject to export controls under the U.S. Commerce Department's Export Administration Regulations ("EAR"); (b) is not located in a prohibited destination country under the EAR or U.S. sanctions regulations; (c) will not export, re-export, or transfer the Software to any prohibited destination or persons or entities on the U.S. Bureau of Industry and Security Denied Parties List or Entity List, or the U.S. Office of Foreign Assets Control list of Specially Designated Nationals and Blocked Persons, or any similar lists maintained by other countries, without the necessary export license(s) or authorization(s); (d) will not use or transfer the Software in connection with any nuclear, chemical or biological weapons, missile technology, or military end-uses where prohibited by an applicable arms embargo, unless authorized by the relevant government agency by regulation or specific license; and (e) understands that countries including the United States may restrict the import, use, or export of encryption products (which may include the Software and the components) and agrees that Customer will be solely responsible for compliance with any such import, use, or export restrictions.

**FCPA, and No Unlawful Payments.** Neither the Customer nor any of its subsidiaries nor, to the Customer's knowledge, any other person associated with or acting on behalf of the Customer or any of its subsidiaries, including, without limitation, any director, officer, agent, employee or affiliate of the Customer or any of its subsidiaries ("Representatives") has (a) used any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expense relating to political activity or to influence official action; (b) made any direct or indirect unlawful payment to any foreign or domestic government official or employee from corporate funds; (c) made any bribe, rebate, payoff, influence payment, kickback or other unlawful payment; (d) violated or is in violation of any provision of the U.S. Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder; or (e) Reserved. Further, Customer will, and will cause its Representatives to, comply with, as applicable the FCPA, including maintaining and complying with all policies and procedures to ensure compliance with these laws.

**Additional Obligations.** Each Party will comply with all applicable local, state, national, and international laws and regulations with respect to its rights and obligations under this Agreement. Customer further agrees that its purchase under this Agreement is neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by Chef regarding future functionality or features of the Software.

**U.S. Government.** The Software is "Commercial Computer Software" as defined under FAR 52.227-14. For all other government entities, use, duplication, or disclosure of the Software and Documentation by the U.S. Government is subject to restrictions set forth in 52.227-14, as applicable.

Neither party may assign this Agreement except upon the advance written consent of the other party, except that either party may assign this Agreement in connection with a merger, reorganization, acquisition or other transfer of all or substantially all of such party's voting securities or the assets governed by this Agreement in accordance with the procedures for securing such approval are set forth in FAR 42.1204. If for any reason a court of competent jurisdiction finds any provision of this Agreement invalid or unenforceable, that provision of the Agreement will be enforced to the maximum extent permissible and the other provisions of this Agreement will remain in full force and effect.

The failure by either party to enforce any provision of this Agreement will not constitute a waiver of future enforcement of that or any other provision. All waivers must be in writing and signed by both parties.

## –DISCLAIMER OF ACTIONS CAUSED BY AND/OR UNDER THE CONTROL OF THIRD PARTIES

Cigent does not and cannot control the flow of data to or from Cigent's network and other portions of the internet, and accordingly Cigent disclaims any and all warranties and liabilities resulting from or related to a failure in the performance of internet services provided or controlled by a third party other than any contractor or agent of Cigent hereunder.

### –NO CONSEQUENTIAL DAMAGES

Except for in relation to: (i) a breach of Section 9 (Confidentiality); (ii) a party's violation of the other party's intellectual property rights; or (iii) a party's indemnification obligation in this Agreement; notwithstanding any provision of this Agreement to the contrary, in no event shall either party or its suppliers, officers, directors, employees, agents, shareholders, or contractors ("Related Parties") be liable to the other party for consequential, incidental, special, punitive or exemplary damages (including but not limited to lost revenues, profits or data, or costs of business interruptions other economic loss) arising from or in connection with any cause including but not limited to breach of warranty, breach of contract, tort, strict liability, failure of essential purpose or any other economic losses, even if the other party is advised of the possibility of such damages. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR NOR PREJUDICE THE U.S. GOVERNMENT'S RIGHT TO EXPRESS

REMEDIES PROVIDED IN THE GSA SCHEDULE CONTRACT (E.G., CLAUSE 552.238-75 – PRICE REDUCTIONS, CLAUSE 52.212-4(H) – PATENT INDEMNIFICATION, AND GSAR 552.215-72 – PRICE ADJUSTMENT – FAILURE TO PROVIDE ACCURATE INFORMATION).

### INTELLECTUAL PROPERTY INFRINGEMENT INDEMNITY

Cigent shall have the right to intervene to: (i) defend and indemnify Customer and its officers, directors, employees and agents from and against all claims and causes of action arising out of an allegation that the Products (hereinafter the "Indemnified Product[s]") infringe a third party copyright, trademark, patent, or other intellectual property right; and (ii) pay the resulting cost and damages finally awarded against Customer by a court of competent jurisdiction or the amount stated in a written settlement signed by Cigent, as long as Customer gives Cigent: (a) prompt written notice of such claim or action; (b) the right to control and direct the investigation, preparation, defense, and settlement of the action; and (c) reasonable assistance and information with respect to the claim or action. If a final injunction is obtained against Customer's right to continue using the Indemnified Product or, if in Cigent's opinion an Indemnified Product is likely to become the subject of a claim, then Cigent may, through negotiated agreement, either: (1) obtain the right for Customer to continue to use the Indemnified Product; or (2) replace or modify the Indemnified Product so that it no longer infringes but functions in a materially equivalent manner. If Cigent determines that neither of these alternatives is reasonably available, then Cigent may terminate this Agreement and refund any prepaid unused Fees applicable to the infringing Indemnified Product. **EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Cisco Systems, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is

triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 *et seq.*) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**CISCO SYSTEMS, INC.**

**CISCO SYSTEMS, INC. LICENSE, WARRANTY AND SUPPORT TERMS**

September 24, 2013 as provided on Cisco.com: <http://www.cisco.com/en/US/docs/general/warranty/English/EU1KEN.html>

IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. IT IS VERY IMPORTANT THAT YOU CHECK THAT YOU ARE PURCHASING CISCO SOFTWARE OR EQUIPMENT FROM AN APPROVED SOURCE AND THAT YOU, OR THE ENTITY YOU REPRESENT (COLLECTIVELY, THE "CUSTOMER") HAVE BEEN REGISTERED AS THE END USER FOR THE PURPOSES OF THIS CISCO END USER LICENSE AGREEMENT. IF YOU ARE NOT REGISTERED AS THE END USER YOU HAVE NO LICENSE TO USE THE SOFTWARE AND THE LIMITED WARRANTY IN THIS END USER LICENSE AGREEMENT DOES NOT APPLY. ASSUMING YOU HAVE PURCHASED FROM AN APPROVED SOURCE, DOWNLOADING, INSTALLING OR USING CISCO OR CISCO-SUPPLIED SOFTWARE CONSTITUTES ACCEPTANCE OF THIS AGREEMENT. CISCO SYSTEMS, INC. OR ITS AFFILIATE LICENSING THE SOFTWARE ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT PLUS ANY ADDITIONAL LIMITATIONS ON THE LICENSE SET FORTH IN A SUPPLEMENTAL LICENSE AGREEMENT ACCOMPANYING THE PRODUCT, MADE AVAILABLE AT THE TIME OF YOUR ORDER, OR POSTED ON THE CISCO WEBSITE AT [www.cisco.com/go/terms](http://www.cisco.com/go/terms) (COLLECTIVELY THE "AGREEMENT"). TO THE EXTENT OF ANY CONFLICT BETWEEN THE TERMS OF THIS END USER LICENSE AGREEMENT AND ANY SUPPLEMENTAL LICENSE AGREEMENT, THE SUPPLEMENTAL LICENSE AGREEMENT SHALL APPLY.

BY DOWNLOADING, INSTALLING, OR USING THE SOFTWARE, YOU ARE REPRESENTING THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND BINDING YOURSELF TO THE AGREEMENT. IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT: (A) THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE, OR (B) THE SOFTWARE INCLUDES A SEPARATE "CLICK-ACCEPT" LICENSE AGREEMENT OR THIRD PARTY LICENSE AGREEMENT AS PART OF THE INSTALLATION OR DOWNLOAD PROCESS GOVERNING CUSTOMER'S USE OF THE SOFTWARE. TO THE EXTENT OF A CONFLICT BETWEEN THE PROVISIONS OF THE FOREGOING DOCUMENTS, THE ORDER OF PRECEDENCE SHALL BE (1) THE SIGNED CONTRACT, (2) THE CLICK-ACCEPT AGREEMENT OR THIRD PARTY LICENSE AGREEMENT, AND (3) THE AGREEMENT. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING FIRMWARE AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPGRADES, UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RELICENSING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

**License**

Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file.

Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise.

For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

**General Limitations.** This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise

expressly provided under the Agreement, Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to: transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void; make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same; reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license; publish any results of benchmark tests run on the Software; use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

#### **Software, Upgrades and Additional Copies**

NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

#### **Proprietary Notices**

Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco.

#### **Term and Termination**

The Agreement and the license granted herein shall remain effective until terminated. Customer may terminate the Agreement and the license at any time by destroying all copies of Software and any Documentation. Customer's rights under the Agreement will terminate immediately without notice from Cisco if Customer fails to comply with any provision of the Agreement. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled "General Limitations" and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement. In the event such audit discloses non-compliance with this Agreement, Customer shall promptly pay to Cisco the appropriate license fees, plus the reasonable cost of conducting the audit.

#### **Export, Re-Export, Transfer and Use Controls**

The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL: [www.cisco.com/web/about/doing\\_business/legal/global\\_export\\_trade/general\\_export\\_contract\\_compliance.html](http://www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export_contract_compliance.html)

#### **U.S. Government End User Purchasers**

The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.

#### **Identified Components; Additional Terms**

The Software may contain or be delivered with one or more components, which may include third-party components, identified by Cisco in the Documentation, readme.txt file, third-party clickaccept or elsewhere (e.g. on [www.cisco.com](http://www.cisco.com)) (the "Identified Component(s)") as being subject to different license agreement terms, disclaimers of warranties, limited warranties or other terms and conditions (collectively, "Additional Terms") than those set forth herein. You agree to the applicable Additional Terms for any such Identified Component(s).

### Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

### Restrictions

This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

### DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities-Limitation of Liability.

IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

**Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses.** IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS

OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOST REVENUE, LOST PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, HOWSOEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

**Controlling Law, Jurisdiction.** If you acquired, by reference to the address on the purchase order accepted by the Approved Source, the Software in the United States, Latin America, or the Caribbean, the Agreement and warranties ("Warranties") are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Canada, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the Province of Ontario, Canada, notwithstanding any conflicts of law provisions; and the courts of the Province of Ontario shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Europe, the Middle East, Africa, Asia or Oceania (excluding Australia), unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of England, notwithstanding any conflicts of law provisions; and the English courts shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. In addition, if the Agreement is controlled by the laws of England, no person who is not a party to the Agreement shall be entitled to enforce or take the benefit of any of its terms under the Contracts (Rights of Third Parties) Act 1999. If you acquired the Software in Japan, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of Japan, notwithstanding any conflicts of law provisions; and the Tokyo District Court of Japan shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Australia, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of New South Wales, Australia, notwithstanding any conflicts of law provisions; and the State and federal courts of New South Wales shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in any other country, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of California, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties.

For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. Notwithstanding the foregoing, either party may seek interim injunctive relief in any court of appropriate jurisdiction with respect to any alleged breach of such party's intellectual property or proprietary rights. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between the parties with respect to the license of the Software and Documentation and supersedes any conflicting or additional terms contained in any Purchase Order or elsewhere, all of which terms are excluded. The Agreement has been written in the English language, and the parties agree that the English version will govern.

provisions of the Copyright Act, 17 U.S.C. § 103 and the FAR clause at 52.227-14 related to the Products in connection with your use of the Products (“Feedback”). Please read the Privacy Policy carefully for information relating to our collection, use, and disclosure of personal information. We collect Traffic Information and may from time to time make available functionality that allows the Government to limit or restrict the types of Traffic Information we collect. Additionally, for devices with Agent Software installed, we transmit certain geolocation information about those devices and the networks on which they are running to Google Inc. (“Google”), which provides us with related geolocation information that we store and make available to network administrators as described in our Privacy Policy. Google’s Privacy Policy, and not Meraki’s, governs Google’s handling of the information that we provide to Google. We use Traffic Information to make data available to you regarding, and to allow you to exercise certain controls with respect to, the traffic on your Network. We use Systems Manager Data to provide support and conduct product development activities. You represent and warrant to us that you have obtained or will obtain valid consent from each End User to add that End User’s device to the Network, to permit you and Meraki to collect, use, and disclose Traffic Information as described in this Section 5.4, and, to the extent you use Systems Manager, to use Systems Manager as described above (including, without limitation, accessing and deleting files on devices) and to permit you and Meraki to collect, use, and disclose Systems Manager Data as described in this Section 5.4. **5.5. Publicity.** Neither we, nor you, will use the other’s name, trademark, or trade name without the prior written consent of the other party.

## ARTICLE 6 TERM AND TERMINATION

**6.1. Term.** This Agreement will be effective with respect to your use of the Products until the expiration of the License(s) applicable to the Products you are using, unless earlier terminated under the FAR. To the extent that you purchase additional Hosted Software License(s) subsequent to the date of the first Order, the duration of each Hosted Software License you have purchased will be adjusted such that all of your Hosted Software Licenses terminate on the same date.

The new co-termination date is calculated as a function of (i) the remaining time on your existing Hosted Software License(s) at the time of purchase, (ii) the duration of the Hosted Software License(s) purchased, and (iii) the one-year list price of each such Hosted Software License. This function produces a time value attributable to each Hosted Software License purchased that, when added together with the time value attributable to all new Hosted Software Licenses in a given purchase, yields what we call the “Incremental Dollar Days” associated with the new purchase. In addition, based on the one-year list price of all Hosted Software Licenses in your Network and the number of each type of Hosted Software License purchased, we determine the amount of Hosted Software License value that your Network consumes each day, what we call the “Daily License Usage Rate.” By dividing the Incremental Dollar Days by the Daily License Usage Rate, and adding the resulting number of days to the remaining time on your existing Hosted Software Licenses we arrive at the adjusted co-termination date following any new purchase. For further information regarding our licensing and co-termination policies please visit <http://meraki.cisco.com/support/#policies:licensing>.

**6.2. Termination.** Termination may only be effected by the procedures set forth in the FAR.

**6.3. Effect of Termination.** Upon the termination of this Agreement for any reason, your access to and right to use the Products will terminate, and all Licenses will terminate. Upon expiration of a Hosted Software License, your Apps License will survive and you may continue to access and use the Web Apps and Mobile Apps, subject to the terms and conditions of this Agreement. Upon termination of this Agreement, each party will return (or destroy) any Confidential Information of the other party in its possession. The following provisions of this Agreement will survive any termination of the Agreement: Sections 5.1, 5.2, 5.3, 5.4, and 6.3, and ARTICLE 8.

## ARTICLE 7 MERAKI WARRANTIES

**7.1. Service Warranties.** Meraki will make reasonable efforts to provide the Hosted Software and Web Apps available in accordance with the service level warranty set forth in the Service Level Agreement included as Attachment 1 (the “Service Level Warranty”). The remedy set forth in the Service Level Agreement is your sole and exclusive remedy with respect to the subject matter of the Service Level Agreement, and our sole and exclusive liability, in contract, tort, or otherwise, for any breach of the Service Level Warranty.

**7.2. Hardware Warranties.** We represent and warrant to you, the entity who obtained the Hardware from Meraki or its authorized reseller, but not to any End Users or other third parties, as follows: (i) for the Warranty Period, the Hardware will be free from material defects in materials and workmanship; (ii) all items of Hardware are new or refurbished unless otherwise indicated on the face of the Order; and (iii) we have good title to the Hardware, free and clear of any liens, claims, or encumbrances. Hardware not meeting the warranties set forth above will be, at our option, (a) repaired, (b) replaced, or (c) Meraki will refund to you the depreciated amount of the Purchase Price allocable to the defective Hardware, calculated on a straight-line, five-year basis. All Hardware repaired or replaced under warranty will be warranted for the remainder of the Warranty Period. For any return permitted under Meraki’s return policy as provided in Attachment 4, you will request a Return Materials Authorization (“RMA”) number in writing with the reasons for the return request. The remedies described above are our sole liability and your sole remedy for any breach of the warranties contained in this Section 7.2. Meraki is not responsible for any Customer Content or any other non-Meraki data or information stored on any Hardware returned to Meraki for repair, whether under warranty or not.

## ARTICLE 8 MISCELLANEOUS

**8.1. Integration.** This Agreement, the EULA, the Order, and the Service Level Agreement (collectively, the “Governing Documents”) constitute the entire agreement between Meraki and Customer with respect to the subject matter of the Governing Documents and supersede all prior agreements, understandings, and arrangements, oral or written, between Meraki and Customer. No agreement or representations, oral or otherwise, express or implied, with respect to the subject matter of the Governing Documents have been made either by Meraki or Customer which is not expressly set forth in the Governing Documents. If there is a conflict between the terms of this Agreement and the EULA, the terms of this Agreement will apply.

are beyond the reasonable control of such party so long as the parties will use commercially reasonable efforts, including the implementation of business continuity measures, to mitigate the effects of such force majeure.

**8.3 Reserved.**

**8.4. Severability.** If any portion of this Agreement is held invalid by a court of competent jurisdiction, then such portion will be deemed to be of no force or effect, and this Agreement will be construed as if such portion had not been included herein.

**8.5. Assignment.** Neither this Agreement nor any rights under this Agreement may be assigned or otherwise transferred by either party, in whole or in part, without the prior written consent of the other party, in accordance with the provisions of the Anti-Assignment Act, 41 U.S.C. § 6305, and approval procedures set forth at FAR42.1204. Any attempted assignment in violation of this Section 8.5 will be void and without effect. When used anywhere in this SEULA, a "device" means any device in the Customer's network environment which has its own IP address. Please refer to this guide for further device definition. Customers whose requirements exceed the license limit of devices must purchase additional incremental licenses. Device restrictions are enforced by license registration and through serial key installation. Limitations associated with the maximum number of devices that the application can support per server is specified below. The licensed device limit will always override the maximum number of devices supported per server unless the customer has purchased and registered the 5,000 or the 10,000 device license offering.

**Installation and Use**

The Software components are provided to Customer solely to install, update, supplement, or replace existing functionality of the applicable Network Management Software product. Some license terms, such as device count and proof of preexisting licenses may be electronically enforced. Customer may install and use the following Software components: Cisco Prime LAN Management Solution (Cisco Prime LMS): May be installed on one (1) server in Customer's network management environment. Installing the Software and applying a single serial license key to two (2) servers are supported in the 5,000 and 10,000 device restricted versions, but the cumulative total number of devices supported cannot exceed 5,000 and 10,000 respectively per serial license key. One additional copy of Cisco Prime LMS may be installed on a secondary server provided the customer has purchased and registered the 5,000 device restricted version of the Cisco Prime LMS software. When installed on a secondary server, the cumulative total number of devices supported cannot exceed 5,000 per serial license key. Device support beyond 5,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.

**Additional Information for 10,000 Device Restricted Version for LMS 4.2**

Users of Cisco Prime LMS 4.2 with 10,000 device restricted licensing often require Cisco Prime LMS to be run on separate servers in order to support a large number of devices or to meet certain performance criteria. For the purpose of this SEULA, we define the following terms:

“Authorized Service Provider” is a service provider that has an agreement with Cisco that explicitly authorizes support for the Restricted Features.

“Intra-company Use” is a use of the Software Product which occurs within the same company/entity and which traverses a service provider network for the purpose of interconnecting and communicating to endpoints within the same companies/entities. “Inter-company Use” is a use of the Software Product which occurs between two or more companies/entities and which traverses a service provider network for the purpose of interconnecting and communicating to other companies/entities. A use may include functionality that is accessed before, during or after a Cisco TelePresence meeting. Inter-company Use also includes providing features of the Software Product in a commercially available service offering. “Restricted Features” means one or more of the following features: (i) Inter-company Multipoint encryption; and (ii) Intercompany HD/SD Inter-Operability.

In addition to the Agreement, the following supplemental terms apply:

The Restricted Features are available or potentially enabled in this Software Product but may only be used for Intra-company Use. THE RESTRICTED FEATURES CANNOT BE USED FOR THE PURPOSES OF INTER-COMPANY USE UNLESS SUCH USE IS PERMITTED BY AN AUTHORIZED SERVICE PROVIDER. IF YOU WERE TO USE THE RESTRICTED FEATURES FOR INTER-COMPANY USE, YOUR USE OF THE RESTRICTED FEATURES PRIOR TO SUCH AUTHORIZATION WOULD CONSTITUTE A BREACH OF THE AGREEMENT. Unless your use is through an Authorized Service Provider, you are not authorized to use the Restricted Features for Inter-company Use until the Restricted Features have been noted as a generally available feature set in the updated release notes for the Software Product, as posted by Cisco on cisco.com. Notwithstanding the foregoing, your Intra-company Use of the Restricted Features shall not be restricted by this paragraph.

The CTS-Manager calendaring feature for scheduling TelePresence calls may only be used for Intra-company Use. The CTS-Manager calendaring feature may not be used with more than one calendaring application. Customers in a shared office space with multiple tenants using their own calendaring solution must deploy one CTS-Manager per tenant.

The Commercial Express product contains software provided by VMware, Inc. or its affiliates, and use of VMware software is subject to the terms of the VMware ESX/ESXi End User License Agreement Attachment 10.

("CISCO") IS WILLING TO LICENSE ITS SOFTWARE TO YOU, ("GSA CUSTOMER") ONLY UPON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT PLUS ANY ADDITIONAL LIMITATIONS ON THE LICENSE SET FORTH IN A SUPPLEMENTAL LICENSE AGREEMENT ACCOMPANYING THE PRODUCT (COLLECTIVELY THE "AGREEMENT"). TO THE EXTENT OF ANY CONFLICT BETWEEN THE TERMS OF THIS END USER LICENSE AGREEMENT AND ANY SUPPLEMENTAL LICENSE AGREEMENT, THE SUPPLEMENTAL LICENSE AGREEMENT SHALL APPLY.

When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S ACCESS AND USE OF EACH CISCO OR CISCO-SUPPLIED SOFTWARE ("SOFTWARE").

**License**

Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by Cisco with the Software in any manner (including on CD-ROM, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable Purchase Order which has been accepted by Cisco and for which Customer has paid to Cisco the license fee as required by the "GSA Customer Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal purposes. No other licenses are granted by implication, estoppel or otherwise. For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

**General Limitations**

This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall have no right, and Customer specifically agrees not to: transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on unauthorized or secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void; make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same; reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction; publish any results of benchmark tests run on the Software; use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets. To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

**Software, Upgrades and Additional Copies**

For purposes of the Agreement, "Software" shall include (and the terms and conditions of the Agreement shall apply to) computer programs, including firmware, as provided to Customer by Cisco or an authorized Cisco reseller, and any upgrades, updates, bug fixes or modified versions thereto (collectively, "Upgrades") or backup copies of any of the foregoing. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS

CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING CONTAINED HEREIN SHALL RESTRICT THE CUSTOMER'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

#### **Proprietary Notices**

Customer agrees to maintain and reproduce all copyright and other proprietary notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco. NOTHING CONTAINED HEREIN SHALL RESTRICT THE GOVERNMENT'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

#### **Term and Termination**

The Agreement and the license granted herein shall remain effective until terminated. The parties may terminate the Agreement only in accordance with the procedures set forth in the FAR. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

#### **Government Records**

Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement as long as Cisco complies with Customer's security requirements. In the event such audit discloses non-compliance with this Agreement, the parties shall negotiate a new GSA Customer Purchase Order to bring the Customer into compliance.

#### **Export, Re-Export, Transfer and Use Controls**

The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under this Agreement are subject to export controls under the laws and regulations of the United States (U.S.) and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL: [http://www.cisco.com/web/about/doing\\_business/legal/global\\_export\\_trade/general\\_export/contract\\_compliance.html](http://www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html) and is provided for informational purposes only.

#### **U.S. Government End User Purchasers**

The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. The Government agrees that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and accepts the rights and restrictions herein.

#### **Limited Warranty**

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an authorized Cisco reseller, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Customer who is the original licensee. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to Cisco or the party supplying the Software to Customer, if different than Cisco, within the warranty period. Cisco or the party supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

#### **Restrictions**

This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; or (f) any Software for which Cisco does not receive a license fee.

**Disclaimer OF Warranty**

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

The foregoing exclusions/limitations of liability shall not apply (1) to personal injury or death caused by Cisco's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

**General Terms Applicable to the Limited Warranty Statement, End User License Agreement, and Supplemental License Agreement Controlling Law, Jurisdiction**

If you acquired the Software in the United States, the Agreement and Hardware and Software warranties ("Warranties") are controlled by and construed under the Federal laws of the United States of America, notwithstanding any conflicts of law provisions. For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods.

If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between the parties with respect to the license of the Software and Documentation. The Agreement has been written in the English language, and the parties agree that the English version will govern.

**GSA Customer Warranties.** GSA Customer represents, warrants and covenants that (i) it shall only use the VMS Software to provide Video Services to its End Users only as permitted by any Capacity limitations set forth in the GSA Customer Purchase Order. If GSA Customer wishes to utilize the VMS Software beyond the Capacity set forth in the Purchase Order, GSA Customer shall be obligated to place a new GSA Customer Purchase Order with Cisco to procure such additional required Capacity as soon as is reasonably practical.

**Content.** As between Cisco and GSA Customer, GSA Customer is and will be solely responsible for the creation, renewal, updating, deletion, editorial content, control, maintaining any and all backup, and all other aspects of any files, software, scripts, multimedia images, graphics, audio, video, text, data or other objects, including any third party content or materials, originating or transmitted from any location owned or operated by GSA Customer, in any medium, which is transmitted or delivered by GSA Customer using the VMS Software ("GSA Customer Content").

GSA Customer owns all right, title, and interest in the GSA Customer Content, or possesses or will possess all legally valid rights in the GSA Customer Content necessary to use the GSA Customer Content. GSA Customer shall be solely responsible for maintaining the availability of its networks, web site(s) and any other medium for the delivery of online video services, and all GSA Customer Content, IP addresses, domain names, hyperlinks, databases, applications and other resources as necessary for GSA Customer to operate and maintain its services to meet GSA Customer's purposes and objectives. In the case where at no material fault of Cisco or the VMS Software, a third party software component, including but not limited to, WMDRM Server or Windows Media Player ("WMP") or Microsoft PlayReady creates a digital rights management (DRM) security breach due to a failure or hacking of such component, Cisco shall notify GSA Customer as soon as is practical after receiving a confirmed notice from the provider of such components or discovering such a DRM security breach itself. If, after receiving such DRM breach notice, GSA Customer continues to allow its content to be accessed with any software or services operated in conjunction with the VMS Software during the period where there is no fix for such DRM security breach, or GSA Customer decides not to implement such fix (which may require restricting End Users to using certain versions of third party applications), then GSA Customer acknowledges and agrees Cisco will not have any liability to GSA Customer for any costs, damages or legal fees related to a DRM security breach.

#### **ADDITIONAL SERVICES**

Professional Services and/or Support Services relating to the VMS Software purchased by GSA Customer pursuant to a Purchase Order will be set forth in a separate document to be mutually agreed by the parties.

All capitalized terms used but not otherwise defined in this Agreement have the meanings given to them in the End Customer Agreement above (the Meraki SEULA), or as otherwise entered into between Cisco Meraki and Customer (the “**Customer Agreement**”).

**Definitions.** For purposes of this Agreement, the following terms have the meaning ascribed to each term below:

“**Downtime**” means if the Hosted Software is unavailable to Customer due to failure(s) in the Hardware, Firmware, or Hosted Software, as confirmed by both Customer and Cisco Meraki.

**Service Level Warranty.** During the Term, the Hosted Software will be operational and available to Customer at least 99.99% of the time in any calendar month (the “**Service Level Warranty**”). If the Monthly Uptime Percentage does not meet the Service Level Warranty in any calendar month, and if Customer meets its obligations under this Agreement, then Customer will be eligible to receive Service Credit as follows:

< 99.0%	15

**Customer Must Request Service Credit.** In order to receive any of the Service Credits described above, Customer must notify Cisco Meraki within 30 days from the time Customer becomes eligible to receive a Service Credit. Failure to comply with this requirement will forfeit Customer’s right to receive a Service Credit.

**Maximum Service Credit.** The aggregate maximum amount of Service Credit to be issued by Cisco Meraki to Customer for all Downtime that occurs in a single calendar month will not exceed 15 days. Service Credit may not be exchanged for, or converted into, monetary amounts.

**Exclusions.** The Service Level Warranty does not apply to any services that expressly exclude this Service Level Warranty (as stated in the documentation for such services) or any performance issues (i) caused by Force Majeure on the terms set forth in Section 9.3 of the Agreement, (ii) that resulted from Customer’s equipment or third party equipment, or both (not within the primary control of Cisco Meraki), or (iii) that otherwise resulted from Customer’s violation of Sections 3.5 or 4.2 of the Agreement.

#### Personal Information

"**Personal Information**," as used in this Policy, is information that specifically identifies an individual, such as an individual's name, address, telephone number, or e-mail address. Personal Information also includes information, such as demographic information (e.g., date of birth, gender, geographic area, and preferences), when any of this information is linked to Personal Information that identifies that individual. Personal Information does not include "aggregate" or other non-personally identifiable information. Aggregate information is information that we collect about a group or category of products, services, or users that is not personally identifiable or from which individual identities are removed. We may use and disclose aggregate information, and other non-personally identifiable information, for various purposes at our sole discretion and without notice or liability to you.

#### Collection of Information

##### Collection of Voluntarily-Provided Information

We collect Personal Information that our users provide to us in a variety of ways on our Services. These include the following:

**E-mail Newsletters.** We may offer e-mail newsletters from time to time on our Services. If you sign up to receive a newsletter from us, we collect your e-mail address.

**User Accounts and Profiles.** Our Services may give you the ability to register for an account or to create and update a user profile. If we offer user account or profile functionality on the Services, we will collect the Personal Information that you provide to us in the course of registering for an account or creating or updating a user account or profile. This information may include, for example, name, postal address, telephone number, e-mail address, and related demographic information about you. We may indicate that some Personal Information is required for you to register for the account or to create the profile, while some is optional.

**Logging into Networks.** Certain networks using our Services may require users to establish or use login credentials. In connection with supporting this log-on functionality, we may collect information such as email addresses, telephone numbers, or user or administrator-created usernames, along with user-created or administrator-created passwords, to facilitate such log-on functionality and otherwise to provide our Services.

**Correspondence.** If you contact us by e-mail, using a contact form on the Services, or by other means, we collect the Personal Information contained within, and associated with, your correspondence.

**Contests and Sweepstakes.** We and other business partners may conduct or sponsor special contests, sweepstakes, and other promotions that users may enter or otherwise participate in on our Services or otherwise. Certain of these promotions may be co-branded with one of our advertisers or other business partners. In these instances, the collection of your Personal Information may occur directly by the third-party partner on its website or other online service and may be shared with us. The promotion will state the privacy policy or policies governing the collection of such personal information.

**Testimonials.** We display testimonials of satisfied customers on our site in addition to other endorsements. With your consent we may post your testimonial along with your name.

**Information Related to Data Collected for our Customers.** Meraki collects information under the direction of its customers, and has no direct relationship with the individuals whose personal data it processes. If you are an individual who makes use of services offered by one of our customers and would no longer like to be contacted by that customer, please contact the customer that you interact with directly. We may transfer personal information to companies that help us provide our Services. Transfers to subsequent third parties are covered by the service agreements with our customers.

##### Passive Information Collection

When you use or visit our Services, some information is collected automatically. For example, when you access our Services, we automatically collect your browser's Internet Protocol (IP) address, your browser type, the nature of the device from which you are visiting the Services (e.g., a personal computer or a mobile device), identifiers for any handheld or mobile device that you may be using, the Web site that you visited immediately prior to accessing any Web-based Services, the actions you take on our Services, and the content, features, and activities that you access and engage with on our Services. We also may collect information regarding your interaction with e-mail messages from Meraki, such as whether you opened, clicked on, or forwarded a message.

We may collect this information passively using technologies such as standard server logs, cookies, and clear GIFs (also known as "Web beacons"). We use passively-collected information to administer, operate, maintain and improve our Services and our other services and systems and to provide content that is tailored to you.

If we link or associate any information gathered through passive means with Personal Information, or if applicable laws require us to treat any information gathered through passive means as Personal Information, we treat the combined information as Personal Information under this Policy. Otherwise, we use and disclose information collected by passive means in aggregate form or otherwise in a non-personally identifiable form. Please be aware that in the course of your use of the Services, websites or other services provided by third parties ("**Third-Party Services**"), including marketing or website optimization vendors, may set cookies on your hard drive or use other means of passively collecting information about your use of their Third-Party Services or other services or content. To do this, they may use first-party cookies (which are set by the same domain your browser is receiving data from) or third-party cookies (which are set by a different domain). Meraki also may make non-personally identifiable information available to Third-Party Services, and these Third-Party Services may collect such information, to assist such parties in understanding our users' activities and usage patterns on the Services. If desired, you may use the [Google Analytics Opt-out Browser Add-on](#) to opt-out of having information collected by Google Analytics.

We do not have access to, or control over, the actions of Third-Party Services. Each provider of Third-Party Services uses information that it collects in accordance with its own privacy and security policies.

Additionally, please be aware that Google and other third-party vendors may place or recognize one or more unique cookies on your computer when you use the Services, and may record information to these cookies based upon your activities on our Services and on third-party websites and other Third-Party Services. Google and these other third-party vendors may use information about those activities to inform, optimize, and serve advertisements. In particular, we may use Google and other third-party vendors to engage in "remarketing," in which advertisements you see on third-party websites and services may be based on your prior visits to our Services.

To learn more about these practices, and to opt-out from Google's and other vendors' use of information collected on the Services through cookies for advertising purposes, you may visit [Google's Ads Preferences Manager](#), [TRUSTe's Preference Manager](#), or the [Network Advertising Initiative opt-out page](#). Please note that opting-out will not prevent advertisements from being served to you on the Internet; it will only result in advertisements that utilize cookies to serve advertisements on the specified advertising networks from which you opt-out no longer being targeted. We are not responsible for the activities of other parties that may not comply with your opt-out requests.

We also use Google Conversion Tracking, which tracks whether users engage in certain activities (e.g., filling out a form to receive more information about our products or services) after they view one of our advertisements on a Third-Party Service. Google uses cookies to track conversions and to report that information to us.

Finally, please also be aware that we use the Google Maps API as a source of maps, geographic data, and geolocation information for purposes of providing location-based information regarding terminal devices connected to networks managed by our Services and for providing related reporting and analysis. Google may collect information, including personal information, from those who view content provided through the Google Maps API, and Google handles such information in accordance with the [Google Privacy Policy](#).

#### *Network Usage Information Collected by Our Services*

Some of our Services collect information from terminal devices connected to networks that are managed by those Services. Those Services also collect information regarding the performance of, and certain other information regarding, such networks. This information includes, for example, MAC address, device type, operating system, geolocation information, and network traffic information (e.g., hostnames, protocols, port numbers, and IP addresses). This information is made available to administrators of networks managed by our Services through an online interface that we call the "dashboard". Additionally, if a Meraki customer elects to use our device management tool currently known as Systems Manager ("**Systems Manager**") and installs its software on, or configures the profile of, a mobile device or other device (e.g., a laptop computer) managed by Systems Manager, the customer or Meraki may undertake certain actions on the device, such as the following: (i) list, access, copy, move, and delete files; (ii) track and record device location over time; (iii) take and record screenshots; (iv) manage the device through remote desktop functionality; (v) set and enforce policies; and (vi) install/remove apps. Finally, for devices with Systems Manager installed or devices that utilize Global Positioning System (GPS) technology, we transmit certain geolocation information about those devices and the network(s) on which they are running to Google, which provides us with related geolocation information that we store and make available to network administrators through our dashboard as described above in this paragraph. Google handles the information that we provide to it in accordance with the [Google Privacy Policy](#).

#### *Information from Other Sources*

We may receive information about you, including Personal Information, from affiliated and unaffiliated third parties, and may combine this information with other Personal Information we maintain about you in order to ensure we have accurate information. If we do so, this Policy governs any combined information that we maintain in personally identifiable format.

#### **Use of Information**

#### **Security of Your Personal Information**

We are committed to protecting the Personal Information you share with us and utilize a combination of industry-standard security technologies, procedures, and organizational measures to help protect your Personal Information from unauthorized access, use or disclosure. #### **Retention of Personal Information**

We will only retain your Personal Information to fulfill the purposes for which it was collected or as required for legitimate purposes or permitted by law.

#### **Use of Cookies and other Web Technologies**

Like many websites, Cisco uses automatic data collection tools, such as cookies, embedded web links and web beacons. These tools collect certain standard information that your browser sends to our website such as your browser type and the address of the website from which you arrived at our website. They may also collect information about your Internet Protocol (IP) address (a number automatically assigned to your computer whenever you are surfing the Web, allowing Web servers to locate and identify your computer, which is a unique address assigned to your PC by your Internet Service Provider or Information Systems Department on a TCP/IP network) and clickstream behavior (for example, the pages you view and the links you click). These tools help make your visit to our website easier, more efficient and more valuable by providing you with a customized experience and recognizing you when you return. To learn more, read Cisco's [Use of Automatic Data Collection Tools](#).

Our website includes widgets, which are interactive mini-programs that run on our site to provide specific services from another company (e.g. displaying the news, opinions, music, etc). Personal information, such as your email address, may be collected through the widget. Cookies may also be set by the widget to enable it to function properly. Information collected by this widget is governed by the privacy policy of the company that created it. Our widget may have an import contacts feature to help you email your contacts. At your request, we will search your email address book to help you import your contacts to our website.

Some web browsers may let you enable a "do not track" feature that sends signals to the websites you visit, indicating that you do not want your online activities tracked. This is different than blocking or deleting cookies, as browsers with a "do not track" feature enabled may still accept cookies. There is currently no industry standard for how companies should respond to "do not track" signals, although one may develop in the future. We do not respond to "do not track" signals at this time. If we do so in the future, we will describe how in this Privacy Statement. More information about "do not track" is available at [www.allaboutdnt.org](http://www.allaboutdnt.org).

#### **Linked Websites**

We may provide links to other third-party websites and services which are outside our control and not covered by this Privacy Statement. We encourage you to review the privacy statements posted on those websites (and all websites) you visit.

#### **Forums/Chat Rooms**

If you participate in a discussion forum or chat room on a Cisco website, you should be aware that the information you provide there will be made broadly available to others, and can be read, collected or used by other users of these forums, potentially inside or outside Cisco, who have access to that discussion forum or chat room. This information could also be used to send you unsolicited messages. Also, please recognize that individual forums and chat rooms may have additional rules and conditions. Each participant's opinion on a forum or chat room is his or her own and should not be considered as reflecting the opinion of Cisco. We are not responsible for the Personal Information or any other information you choose to submit in these forums.

#### **Children's Privacy**

Cisco does not knowingly collect Personal Information from children under the age of 13. If we learn that we have collected Personal Information of a child under the age of 13, we will delete that data from our systems. Please note that the Personal Information collected by Cisco Networking Academy (NetAcad) is subject to the privacy statement posted on the NetAcad websites along with any applicable privacy supplement.

Cisco encourages parents and guardians to go online with their children. Here are a few tips to help make a child's online experience safer:

Teach children never to give Personal Information (such as name, address, phone number, school, etc.) unless supervised by a parent or responsible adult.

Know the sites your children are visiting and which sites are appropriate.

Look for website privacy policies and know how your child's information is treated.

For more tips on protecting children's privacy online, please see Cisco's Online Privacy Portal [here](#) or FTC's website [here](#).

#### **Consent to Transfer, Processing and Storage of Personal Information**

As Cisco is a global organization, we may transfer your Personal Information to Cisco in the United States of America, to any Cisco subsidiary worldwide, or to third parties acting on our behalf, for the purposes of processing or storage. By providing any Personal Information to us, you fully understand and unambiguously consent to the transfer, processing and storage of such information outside of your country of residence where data protection standards may be different. Our Privacy Statement and our practices are designed to provide a globally consistent level of

protection for Personal Information all over the world. This means that even in countries whose laws provide for less protection for your information, Cisco will still handle your information in the manner described here.

**Your California Privacy Rights**

Residents of the State of California, under California Civil Code § 1798.83, have the right to request from companies conducting business in California a list of all third parties to which the company has disclosed Personal Information during the preceding year for direct marketing purposes. Alternatively, the law provides that if the company has a privacy policy that gives either an Opt-out or Opt-in choice for use of your Personal Information by third parties (such as advertisers) for marketing purposes, the company may instead provide you with information on how to exercise your disclosure choice options.

Cisco qualifies for the alternative option. We have a comprehensive privacy statement, and provide you with details on how you may either Opt-out or Opt-in to the use of your Personal Information by third parties for direct marketing purposes. Therefore, we are not required to maintain or disclose a list of the third parties that received your Personal Information for marketing purposes during the preceding year.

If you are a California resident and request information about how to exercise your third party disclosure choices, please send a request to [privacy@cisco.com](mailto:privacy@cisco.com).

**How to Contact Us**

We value your opinions. Should you have any privacy-related questions or comments related to this Privacy Statement, please send an email to [privacy@cisco.com](mailto:privacy@cisco.com).

**Updates to this Cisco Privacy Statement**

We may update this Privacy Statement at any time, so please review it frequently. If we change our Privacy Statement, we will post the revised version here, with an updated revision date. If we make significant changes to our Privacy Statement, we may also notify you by other means prior to the changes taking effect, such as sending an email or posting a notice on our website.

REVISED AND POSTED AS OF: FEBRUARY 3, 2014. Please note this version does not substantively change the way we treat personal information compared to the previous version of the privacy statement available [here](#).

#### Oracle Trademarks

Oracle's trademarks and service marks ("Oracle trademarks") are valuable assets that Oracle needs to protect. We ask that you help us by properly using and crediting Oracle trademarks in accordance with these guidelines. For information about proper use of Oracle logos, logotypes, signatures, and design marks, please review the Third Party Usage Guidelines for Oracle Logos.

#### Permissible Use

You may generally use Oracle trademarks to refer to the associated Oracle products or services. For instance, an authorized reseller can note in its advertisements that it is selling the Oracle application server. Similarly, an Oracle customer may issue a press release stating that it has implemented Oracle software.

#### Relationship of Products or Services

You may indicate the relationship of your products or services to Oracle products or services by using accurate, descriptive tag lines such as "for Oracle database," "for use with Oracle E-Business Suite applications," and "works with Oracle software" in connection with your product or service name. Within text or body copy, such tag lines may appear in the same type as your product or service name. On product, packaging, advertising and other collateral where your product or service name is displayed apart from body copy, make sure that the tag line appears in significantly smaller type than your name. You should also distinguish the tag line from your mark by using a different font or color. However, Oracle or the tag line should never appear in the Oracle red color. This is important to avert any implication that your product or service is produced or endorsed by Oracle.

#### Titles

Oracle permits use of its marks in single volume book titles (not magazines or periodicals) where such use is descriptive or referential. To avoid misleading the public as to Oracle sponsorship, affiliation or endorsement, the Oracle mark must not appear more prominently than the rest of the title, and do not use Oracle logos on the cover. In addition, we request that you include a disclaimer of association with Oracle on the copyright page.

#### Open Source Software

Most open source licenses do not grant, and many exclude, a license of trademark rights. Do not assume you can use the name of a source code base in the name of your distribution developed from that code base. Without a license or permission, you may not incorporate Oracle trademarks in the name of your distribution or other products that incorporate open source elements. Truthful statements incorporating a trademark are generally allowed (for example, in the format "MyImplementation, derived from Trademarked ProductName"), but you should check the terms of the license for the original source code or any posted trademark guidelines for the project.

#### User Groups

Oracle generally permits use of its marks in groups name that include phrases such as "user group," "special interest group," "lobby," etc., that clarify the relationship between Oracle and the group and do not create confusion about the source of products. This applies only to user groups that are not formally doing business as commercial entities. If you are administering a user group that includes an Oracle trademark in its name, do not claim any trademark rights in the name or attempt to register the name or your logo with a trademark office, and do not register the name as a trade name or business name, or conduct any business under the name.

#### Prohibited Use

You may not use Oracle trademarks in a manner which could cause confusion as to Oracle sponsorship, affiliation or endorsement. Take particular care not to use Oracle marks as set out below.

#### Company, Product or Service Names

Do not use Oracle trademarks or potentially confusing variations as all or part of your company, product or service names. If you wish to note the relationship of your products or services to Oracle products or services, please use an appropriate tag line as detailed above. For example, "XYZ for Oracle database" not "OraXYZ or XYZ Oracle"

#### Logos

For more information regarding use of Oracle logos, please review the Third Party Usage Guidelines for Oracle Logos.

#### Trade Dress

You must not imitate Oracle trade dress, type style or logos. For instance, do not copy Oracle packaging for use with your product or display your product name in the distinctive logotype associated with the Oracle logo.

#### Domain Names

Do not use Oracle trademarks or potentially confusing variations in your Internet domain name. This helps prevent Internet users from being confused as to whether you or Oracle is the source of the Web site.

#### Correct Use

Proper use of Oracle trademarks reinforces their role as brands for our products and services, and helps prevent them from becoming generic names that can be used by anyone. Examples of former trademarks that became generic terms are "aspirin," "cellophane," and "escalator." By adhering to the following rules, you help protect Oracle's investment in its trademarks.

#### Use a Generic Term

Use a generic term in association with each Oracle trademark the first time the mark appears in text, and as often as possible after that. You need not include generic names in headlines, package titles and documentation titles. For example, "Oracle iLearning software", "Oracle On Demand services", and "Oracle database."

**Use as Adjectives**

Oracle trademarks are adjectives and should not be used as nouns, or in the possessive or plural form. For example, "Oracle database's benefits." not "Oracle's benefits..."

**Avoid Variations**

Do not vary Oracle trademarks by changing their spelling or abbreviating them. For example, "Oracle Collaboration Suite" not "CollabSuite."

**Trademark Symbols and Credit Lines**

Proper trademark attribution through trademark symbols and credit lines helps makes the public aware of our trademarks, and helps prevent them from becoming generic terms. Credit lines also help clarify that they belong to Oracle. Accordingly, Oracle would appreciate you attributing ownership of Oracle trademarks to Oracle Corporation by using trademark symbols (™ or SM or ®) and credit lines as detailed below.

**Trademark Symbols**

Use the ® symbol with the most prominent appearance of the "Oracle" mark on products, packaging, manuals, advertisements, promotional materials and Web pages (for example, in the headline of an advertisement), and the first use of the mark in text or body copy. This includes situations where "Oracle" is a part of a product or service name (for example, Oracle® Collaboration Suite, Oracle® PartnerNetwork). You do not need to use trademark symbols with other Oracle trademarks.

Example: XYZ Develops New Product for Oracle® Database XYZ Corporation, a member of the Oracle® PartnerNetwork program, has developed the ABC software cartridge for use with the industry leading Oracle database. The ABC software cartridge is one of numerous products XYZ has developed that complement leading Oracle offerings. "Oracle" receives a trademark symbol in the headline because this is the most prominent appearance, and when it appears as part of the "Oracle PartnerNetwork" name because this is the first appearance in text. While there is no trademark symbol after "Oracle" when it appears in front of the term "products" and "offerings" since we already used a symbol the first time that the term "Oracle" appeared in body copy. It is always acceptable to continue using the ® after "Oracle" throughout the document.

**Credit Line**

All products, packaging, manuals, advertisements, promotional materials and Web pages bearing Oracle trademarks should include the following trademark credit line. "Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners."

The credit line may appear anywhere on the collateral, but typically is displayed on a copyright page, the back of a package or at the end of a document or web page.

**"Oracle" As a Trade Name**

Trade names are the actual business names of companies. Trademarks and trade names are not the same, even though many companies use their trade names as trademarks. If you are using "Oracle" as a substitute for Oracle Corporation, you are using it as a trade name. Because they are nouns, trade names can be used in the possessive and do not require a generic term or a trademark symbol. Thus, you should not use a ® after "Oracle" when it appears as part of the full corporate name or as a trade name.

**Examples**

Corporate Name: This software was developed by Oracle Corporation.

Trade Name: This software was developed by Oracle.

Trade Name: Oracle's latest software developments are outstanding.

Trademark: The Oracle® database leads the industry.

IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. IT IS VERY IMPORTANT THAT YOU CHECK THAT YOU ARE PURCHASING CISCO SOFTWARE OR EQUIPMENT FROM AN APPROVED SOURCE AND THAT YOU, OR THE ENTITY YOU REPRESENT (COLLECTIVELY, THE "CUSTOMER") HAVE BEEN REGISTERED AS THE END USER FOR THE PURPOSES OF THIS CISCO END USER LICENSE AGREEMENT. CISCO SYSTEMS, INC. OR ITS AFFILIATE LICENSING THE SOFTWARE ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT. YOU ACKNOWLEDGE THAT A SUPPLEMENTAL LICENSE AGREEMENT MAY ACCOMPANY THE PRODUCT. THE SOFTWARE MAY CONTAIN OPEN SOURCE SOFTWARE THAT IS SUBJECT TO ITS OWN TERMS AND NOT CONTROLLED BY CISCO. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT: (A) THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING FIRMWARE AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPGRADES, UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RE-LICENSING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise. For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to: transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void; make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;

reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license;

publish any results of benchmark tests run on the Software;

use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or

disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any.

Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available. Notwithstanding the above, Customer may disclose confidential information in accordance with law or court order.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR

ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING CONTAINED HEREIN SHALL LIMIT THE GOVERNMENT'S RIGHT TO PROVIDE COPIES TO ITS DULY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco. Term and Termination. The Agreement and the license granted herein shall remain effective until terminated. This agreement may be terminated only as stated in the GSA Schedule Contract and applicable regulation. Recourse against the United States for any alleged breach of this agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the contract disputes clause (Contract Disputes Act) as applicable. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled "General Limitations" and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement. In the event such audit discloses noncompliance with this Agreement, the contract disputes clause (Contract Disputes Act) and applicable regulations shall govern.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL:

[www.cisco.com/web/about/doing\\_business/legal/global\\_export\\_trade/general\\_export/contract\\_compliance.html](http://www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html)

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement.

#### Limited Warranty

Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

#### DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE

ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.  
Disclaimer of Liabilities-Limitation of Liability.

IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses.

IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU. IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOST REVENUE, LOST PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES, HOWSOEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING EXCLUSION SHALL NOT APPLY TO ANY LIABILITY ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. The Agreement and warranties ("Warranties") are controlled by and construed under the federal laws of the United States of America, notwithstanding any conflicts of law provisions.

The parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement, constitutes the entire agreement between the parties with respect to the license of the Software and Documentation. The Agreement has been written in the English language, and the parties agree that the English version will govern.

**Copying Permitted.** You may copy the Software and Documentation as necessary to install and run the quantity of copies licensed, but otherwise for archival purposes only.

**Benchmarking.** You may use the Software to conduct internal performance testing and benchmarking studies. You may only publish or otherwise distribute the results of such studies to third parties as follows: (a) if with respect to VMware's Workstation or Fusion products, only if You provide a copy of Your study to [benchmark@vmware.com](mailto:benchmark@vmware.com) prior to distribution; (b) if with respect to any other Software, only if VMware has reviewed and approved of the methodology, assumptions and other parameters of the study (please contact VMware at [benchmark@vmware.com](mailto:benchmark@vmware.com) to request such review and approval) prior to such publication and distribution.

**VMware Tools.** You may distribute the VMware Tools to third parties solely when installed in a Guest Operating System within a Virtual Machine. You are liable for compliance by those third parties with the terms and conditions of this EULA.

**Open Source Software.** Notwithstanding anything herein to the contrary, Open Source Software is licensed to You under such OSS's own applicable license terms, which can be found in the `open_source_licenses.txt` file, the Documentation or as applicable, the corresponding source files for the Software available at [www.vmware.com/download/open\\_source.html](http://www.vmware.com/download/open_source.html). These OSS license terms are consistent with the license granted in Section 2 (License Grant), and may contain additional rights benefiting You. The OSS license terms shall take precedence over this EULA to the extent that this EULA imposes greater restrictions on You than the applicable OSS license terms. To the extent the license for any Open Source Software requires VMware to make available to You the corresponding source code and/or modifications (the "Source Files"), You may obtain a copy of the applicable Source Files from VMware's website at [www.vmware.com/download/open\\_source.html](http://www.vmware.com/download/open_source.html) or by sending a written request, with Your name and address to: VMware, Inc., 3401 Hillview Avenue, Palo Alto, CA 94304, United States of America. All requests should clearly specify: Open Source Files Request, Attention: General Counsel. This offer to obtain a copy of the Source Files is valid for three years from the date You acquired this Software.

## RESTRICTIONS; OWNERSHIP.

**License Restrictions.** Without VMware's prior written consent, You must not, and must not allow any third party to: (a) use Software in an application services provider, service bureau, or similar capacity for third parties, except that You may use the Software to deliver hosted services to Your Affiliates; (b) disclose to any third party the results of any benchmarking testing or comparative or competitive analyses of VMware's Software done by or on behalf of You, except as specified in Section 2.4 (Benchmarking); (c) make available Software in any form to anyone other than Your employees or contractors reasonably acceptable to VMware and require access to use Software on behalf of You in a matter permitted by this EULA, except as specified in Section 2.2 (Third Party Agents); (d) transfer or sublicense Software or Documentation to an Affiliate or any third party, except as expressly permitted in Section 12.1 (Transfers; Assignment); (e) use Software in conflict with the terms and restrictions of the Software's licensing model and other requirements specified in Product Guide and/or VMware quote; (f) except to the extent permitted by applicable mandatory law, modify, translate, enhance, or create derivative works from the Software, or reverse engineer, decompile, or otherwise attempt to derive source code from the Software, except as specified in Section 3.2 (Decompilation); (g) remove any copyright or other proprietary notices on or in any copies of Software; or (h) violate or circumvent any technological restrictions within the Software or specified in this EULA, such as via software or services.

**Decompilation.** Notwithstanding the foregoing, decompiling the Software is permitted to the extent the laws of the Territory give You the express right to do so to obtain information necessary to render the Software interoperable with other software; provided, however, You must first request such information from VMware, provide all reasonably requested information to allow VMware to assess Your claim, and VMware may, in its discretion, either provide such interoperability information to You, impose reasonable conditions, including a reasonable fee, on such use of the Software, or offer to provide alternatives to ensure that VMware's proprietary rights in the Software are protected and to reduce any adverse impact on VMware's proprietary rights.

**Ownership.** The Software and Documentation, all copies and portions thereof, and all improvements, enhancements, modifications and derivative works thereof, and all Intellectual Property Rights therein, are and shall remain the sole and exclusive property of VMware and its licensors. Your rights to use the Software and Documentation shall be limited to those expressly granted in this EULA and any applicable Order. No other rights with respect to the Software or any related Intellectual Property Rights are implied. You are not authorized to use (and shall not permit any third party to use) the Software, Documentation or any portion thereof except as expressly authorized by this EULA or the applicable Order. VMware reserves all rights not expressly granted to You. VMware does not transfer any ownership rights in any Software.

**Guest Operating Systems.** Certain Software allows Guest Operating Systems and application programs to run on a computer system. You acknowledge that You are responsible for obtaining and complying with any licenses necessary to operate any such third-party software.

**ORDER.** Your Order is subject to this EULA. No Orders are binding on VMware until accepted by VMware. Orders for Software are deemed to be accepted upon VMware's delivery of the Software included in such Order. Orders issued to VMware do not have to be signed to be valid and enforceable.

**RECORDS AND AUDIT.** During the License Term for Software and for two (2) years after its expiration or termination, You will maintain accurate records of Your use of the Software sufficient to show compliance with the terms of this EULA. During this period, VMware will have the right to audit Your use of the Software to confirm compliance with the terms of this EULA. That audit is subject to reasonable notice by VMware and will not unreasonably interfere with Your business activities. VMware may conduct no more than one (1) audit in any twelve (12) month period, and only during normal business hours. You will reasonably cooperate with VMware and any third party auditor and will, without prejudice to other rights of VMware, address any non-compliance identified by the audit by promptly paying additional fees. You will promptly reimburse VMware for all reasonable costs of the audit if the audit reveals either underpayment of more than five (5%) percent of the Software fees payable by You for the period audited, or that You have materially failed to maintain accurate records of Software use.

**SUPPORT AND SUBSCRIPTION SERVICES.** Except as expressly specified in the Product Guide, VMware does not provide any support or subscription services for the Software under this EULA. You have no rights to any updates, upgrades or extensions or enhancements to the Software developed by VMware unless you separately purchase VMware support or subscription services. These support or subscription services are subject to the Support Services Terms.

## WARRANTIES.

**Software Warranty, Duration and Remedy.** VMware warrants to You that the Software will, for a period of ninety (90) days following notice of availability for electronic download or delivery ("Warranty Period"), substantially conform to the applicable Documentation, provided that the Software: (a) has been properly installed and used at all times in accordance with the applicable Documentation; and (b) has not been modified or added to by persons other than VMware or its authorized representative. VMware will, at its own expense and as its sole obligation and Your exclusive remedy for any breach of this warranty, either replace that Software or correct any reproducible error in that Software reported to VMware by You in writing during the Warranty Period. If VMware determines that it is unable to correct the error or replace the Software, VMware will refund to you the amount paid by You for that Software, in which case the License for that Software will terminate.

**7.2 Software Disclaimer of Warranty.** OTHER THAN THE WARRANTY ABOVE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, VMWARE AND ITS SUPPLIERS MAKE NO OTHER EXPRESS WARRANTIES UNDER THIS EULA, AND DISCLAIM ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE. VMWARE AND ITS LICENSORS DO NOT WARRANT THAT THE SOFTWARE WILL OPERATE UNINTERRUPTED OR THAT IT WILL BE FREE FROM DEFECTS OR THAT IT WILL MEET YOUR REQUIREMENTS.

## INTELLECTUAL PROPERTY INDEMNIFICATION.

**Defense and Indemnification.** Subject to the remainder of this Section 8 (Intellectual Property Indemnification), VMware shall defend You against any third party claim that the Software infringes any patent, trademark or copyright of such third party, or misappropriates a trade secret (but only to the extent that the misappropriation is not a result of Your actions) under the laws of: (a) the United States and Canada; (b) the European Economic Area; (c) Australia; (d) New Zealand; (e) Japan; or (f) the People's Republic of China, to the extent that such countries are part of the Territory for the License ("Infringement Claim") and indemnify You from the resulting costs and damages finally awarded against You to such third party by a court of competent jurisdiction or agreed to in settlement. The foregoing obligations are applicable only if You: (i) promptly notify VMware in writing of the Infringement Claim; (ii) allow VMware sole control over the defense for the claim and any settlement negotiations; and (iii) reasonably cooperate in response to VMware requests for assistance. You may not settle or compromise any Infringement Claim without the prior written consent of VMware.

**Remedies.** If the alleged infringing Software become, or in VMware's opinion be likely to become, the subject of an Infringement Claim, VMware will, at VMware's option and expense, do one of the following: (a) procure the rights necessary for You to make continued use of the affected Software; (b) replace or modify the affected Software to make it non-infringing; or (c) terminate the License to the affected Software and discontinue the related support services, and, upon Your certified deletion of the affected Software, refund: (i) the fees paid by You for the License to the affected Software, less straight-line depreciation over a three (3) year useful life beginning on the date such Software was delivered; and (ii) any pre-paid service fee attributable to related support services to be delivered after the date such service is stopped. Nothing in this Section 8.2 (Remedies) shall limit VMware's obligation under Section

**8.1 (Defense and Indemnification)** to defend and indemnify You, provided that You replace the allegedly infringing Software upon VMware's making alternate Software available to You and/or You discontinue using the allegedly infringing Software upon receiving VMware's notice terminating the affected License.

**Exclusions.** Notwithstanding the foregoing, VMware will have no obligation under this Section 8 (Intellectual Property Indemnification) or otherwise with respect to any claim based on: (a) a combination of Software with non-VMware products (other than non-VMware products that are listed on the Order and used in an unmodified form); (b) use for a purpose or in a manner for which the Software was not designed; (c) use of any older version of the Software when use of a newer VMware version would have avoided the infringement; (d) any modification to the Software made without VMware's express written approval; (e) any claim that relates to open source software or freeware technology or any derivatives or other adaptations thereof that is not embedded by VMware into Software listed on VMware's commercial price list; or (f) any Software provided on a no charge, beta or evaluation basis. THIS SECTION 8 (INTELLECTUAL PROPERTY INDEMNIFICATION) STATES YOUR SOLE AND EXCLUSIVE REMEDY AND VMWARE'S ENTIRE LIABILITY FOR ANY INFRINGEMENT CLAIMS OR ACTIONS.

## LIMITATION OF LIABILITY.

**Limitation of Liability.** TO THE MAXIMUM EXTENT MANDATED BY LAW, IN NO EVENT WILL VMWARE AND ITS LICENSORS BE LIABLE FOR ANY LOST PROFITS OR BUSINESS OPPORTUNITIES, LOSS OF USE, LOSS OF REVENUE, LOSS OF GOODWILL, BUSINESS INTERRUPTION, LOSS OF DATA, OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES UNDER ANY THEORY OF LIABILITY, WHETHER BASED IN CONTRACT, TORT, NEGLIGENCE, PRODUCT LIABILITY, OR OTHERWISE. BECAUSE SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE PRECEDING LIMITATION MAY NOT APPLY TO YOU. VMWARE'S AND IT'S LICENSORS' LIABILITY UNDER THIS EULA WILL NOT, IN ANY EVENT, REGARDLESS OF WHETHER THE CLAIM IS BASED IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, EXCEED THE GREATER OF THE LICENSE FEES YOU PAID FOR THE SOFTWARE GIVING RISE TO THE CLAIM OR \$5000. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF WHETHER VMWARE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

**9.2 Further Limitations.** VMware's licensors shall have no liability of any kind under this EULA and VMware's liability with respect to any third party software embedded in the Software shall be subject to Section 9.1 (Limitation of Liability). You may not bring a claim under this EULA more than eighteen (18) months after the cause of action arises.

## TERMINATION.

**EULA Term.** The term of this EULA begins on the notice of availability for electronic download or delivery of the Software and continues until this EULA is terminated in accordance with this Section 10.

**Termination for Breach.** VMware may terminate this EULA effective immediately upon written notice to You if: (a) You fail to pay any portion of the fees under an applicable Order within ten (10) days after receiving written notice from VMware that payment is past due; or (b) You breach any other provision of this EULA and fail to cure within thirty (30) days after receipt of VMware's written notice thereof.

**Termination for Insolvency.** VMware may terminate this EULA effective immediately upon written notice to You if You: (a) terminate or suspend your business; (b) become insolvent, admit in writing Your inability to pay Your debts as they mature, make an assignment for the benefit of creditors; or become subject to control of a trustee, receiver or similar authority; or (c) become subject to any bankruptcy or insolvency proceeding.

**Effect of Termination.** Upon VMware's termination of this EULA: (a) all Licensed rights to all Software granted to You under this EULA will immediately cease; and (b) You must cease all use of all Software, and return or certify destruction of all Software and License Keys (including copies) to VMware, and return, or if requested by VMware, destroy, any related VMware Confidential Information in Your possession or control and certify in writing to VMware that You have fully complied with these requirements. Any provision will survive any termination or expiration if by its nature and context it is intended to survive, including Sections 1 (Definitions), 2.6 (Open Source Software), 3 (Restrictions; Ownership), 5 (Records and Audit), 7.2 (Software Disclaimer of Warranty), 9 (Limitation of Liability), 10 (Termination), 11 (Confidential Information) and 12 (General).

## CONFIDENTIAL INFORMATION.

**Definition. "Confidential Information"** means information or materials provided by one party ("**Discloser**") to the other party ("**Recipient**") which are in tangible form and labelled "confidential" or the like, or, information which a reasonable person knew or should have known to be confidential. The following information shall be considered Confidential Information whether or not marked or identified as such: (a) License Keys; (b) information regarding VMware's pricing, product roadmaps or strategic marketing plans; and (c) non-public materials relating to the Software.

**Protection.** Recipient may use Confidential Information of Discloser; (a) to exercise its rights and perform its obligations under this EULA; or (b) in connection with the parties' ongoing business relationship. Recipient will not use any Confidential Information of Discloser for any purpose not expressly permitted by this EULA, and will disclose the Confidential Information of Discloser only to the employees or contractors of Recipient who have a need to know such Confidential Information for purposes of this EULA and who are under a duty of confidentiality no less restrictive than Recipient's duty hereunder. Recipient will protect Confidential Information from unauthorized use, access, or disclosure in the same manner as Recipient protects its own confidential or proprietary information of a similar nature but with no less than reasonable care.

**Exceptions.** Recipient's obligations under Section 11.2 (Protection) with respect to any Confidential Information will terminate if Recipient can show by written records that such information: (a) was already known to Recipient at the time of disclosure by Discloser; (b) was disclosed to Recipient by a third party who had the right to make such disclosure without any confidentiality restrictions; (c) is, or through no fault of Recipient has become, generally available to the public; or (d) was independently developed by Recipient without access to, or use of, Discloser's Information. In addition, Recipient will be allowed to disclose Confidential Information to the extent that such disclosure is required by law or by the order of a court of similar judicial or administrative body, provided that Recipient notifies Discloser of such required disclosure promptly and in writing and cooperates with Discloser, at Discloser's request and expense, in any lawful action to contest or limit the scope of such required disclosure.

**Data Privacy.** You agree that VMware may process technical and related information about Your use of the Software which may include internet protocol address, hardware identification, operating system, application software, peripheral hardware, and non-personally identifiable Software usage statistics to facilitate the provisioning of updates, support, invoicing or online services and may transfer such information to other companies in the VMware worldwide group of companies from time to time. To the extent that this information constitutes personal data,

VMware shall be the controller of such personal data. To the extent that it acts as a controller, each party shall comply at all times with its obligations under applicable data protection legislation.

## GENERAL.

**Transfers; Assignment.** Except to the extent transfer may not legally be restricted or as permitted by VMware's transfer and assignment policies, in all cases following the process set forth at [www.vmware.com/support/policies/licensingpolicies.html](http://www.vmware.com/support/policies/licensingpolicies.html), You will not assign this EULA, any Order, or any right or obligation herein or delegate any performance without VMware's prior written consent, which consent will not be unreasonably withheld. Any other attempted assignment or transfer by you will be void. VMware may use its Affiliates or other sufficiently qualified subcontractors to provide services to you, provided that VMware remains responsible to You for the performance of the services.

**Notices.** Any notice delivered by VMware to You under this EULA will be delivered via mail, email or fax.

**Waiver.** Failure to enforce a provision of this EULA will not constitute a waiver.

**Severability.** If any part of this EULA is held unenforceable, the validity of all remaining parts will not be affected.

**Compliance with Laws; Export Control; Government Regulations.** Each party shall comply with all laws applicable to the actions contemplated by this EULA. You acknowledge that the Software is of United States origin, is provided subject to the U.S. Export Administration Regulations, may be subject to the export control laws of the applicable territory, and that diversion contrary to applicable export control laws is prohibited. You represent that (1) you are not, and are not acting on behalf of, (a) any person who is a citizen, national, or resident of, or who is controlled by the government of any country to which the United States has prohibited export transactions; or (b) any person or entity listed on the U.S. Treasury Department list of Specially Designated Nationals and Blocked Persons, or the U.S. Commerce Department Denied Persons List or Entity List; and (2) you will not permit the Software to be used for, any purposes prohibited by law, including, any prohibited development, design, manufacture or production of missiles or nuclear, chemical or biological weapons. The Software and accompanying documentation are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFARS Section 227.7202 and FAR Section 12.212(b), as applicable. Any use, modification, reproduction, release, performing, displaying or disclosing of the Software and documentation by or for the U.S. Government shall be governed solely by the terms and conditions of this EULA.

**Construction.** The headings of sections of this EULA are for convenience and are not to be used in interpreting this EULA. As used in this EULA, the word "including" means "including but not limited to".

**Governing Law.** This EULA is governed by the laws of the State of California, United States of America (excluding its conflict of law rules), and the federal laws of the United States. To the extent permitted by law, the state and federal courts located in Santa Clara County, California will be the exclusive jurisdiction for disputes arising out of or in connection with this EULA. The U.N. Convention on Contracts for the International Sale of Goods does not apply.

**Third Party Rights.** Other than as expressly set out in this EULA, this EULA does not create any rights for any person who is not a party to it, and no person who is not a party to this EULA may enforce any of its terms or rely on any exclusion or limitation contained in it.

**Order of Precedence.** In the event of conflict or inconsistency among the Product Guide, this EULA and the Order, the following order of precedence shall apply: (a) the Product Guide, (b) this EULA and (c) the Order. With respect to any inconsistency between this EULA and an Order, the terms of this EULA shall supersede and control over any conflicting or additional terms and conditions of any Order, acknowledgement or confirmation or other document issued by You.

**Entire Agreement.** This EULA, including accepted Orders and any amendments hereto, and the Product Guide contain the entire agreement of the parties with respect to the subject matter of this EULA and supersede all previous or contemporaneous communications, representations, proposals, commitments, understandings and agreements, whether written or oral, between the parties regarding the subject matter hereof. This EULA may be amended only in writing signed by authorized representatives of both parties.

CITRIX SYSTEMS, INC.  
831 WEST CYPRESS CREEK ROAD  
FT. LAUDERDALE, FL 33309

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Citrix Systems, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**GRANT OF LICENSE.** This PRODUCT contains software that provides services on a computer called a server ("Server Software") and contains software that allows a computer to access or utilize the services provided by the Server Software ("Client Software"). This PRODUCT is licensed under a concurrent user, user, or device model. For purposes of this license, i) "Concurrent User" is single client device connected to the Server Software; ii) "User" is an individual authorized by Ordering Activity to use any device(s) to access instances of the Server Software through Ordering Activity's assignment of a single user ID, regardless of whether or not the individual is using the PRODUCT at any given time; and iii) a "Device" is a device authorized by Ordering Activity to be used by any individual(s) to access instances of the Server Software (locally or over a network) through Ordering Activity's assignment of the device identity to a Device log, regardless of whether or not the device is being used at any given time. Server Software is activated by licenses that allow use of the Server Software in increments defined by the license model ("Licenses"). Under the User or Device model, Ordering Activity may deploy network architectures that use hardware or software to reduce the number of Users or Devices that directly access the Server Software. This is referred to as *multiplexing or pooling*. This does not reduce the number of Licenses required to access or use the Server Software. A License is required for each User or Device that is connected to the multiplexing or pooling software or hardware front end. Ordering Activity must acquire and assign a License to each User or Device that accesses Ordering Activity's instances of the Server Software directly or indirectly, frequently or infrequently. Client Software is not activated by Licenses but will not operate in conjunction with the Server Software without the Server Software being activated. Licenses for other CITRIX PRODUCTS or other editions of the same PRODUCT may not be used to increase the allowable use for the PRODUCT. Licenses are version specific for the PRODUCT. They must be the same version or later than the Server Software being accessed. CONTRACTOR grants to Ordering Activity the following worldwide, non-exclusive rights to the Server Software and Client Software and accompanying documentation (collectively called the "SOFTWARE"):

Server Software. Ordering Activity may install and use the Server Software on one or more computers ("Server(s)"). Each License may be installed and used on a single license server within Ordering Activity's production environment and a single license server within Ordering Activity's disaster recovery environment. The Server Software may be used only to support up to the allowable number of Concurrent Users, Users or Devices based on Ordering Activity's total purchases of Licenses. Ordering Activity may use the Server Software to provide application services to third parties ("Hosting"). Each License that is installed in both a production and disaster recovery environment may be used only in one of the environments at any one time, except for duplicate use during routine testing of the disaster recovery environment. If Ordering Activity purchased the Enterprise or Platinum editions of this PRODUCT, each License may be used only to support use of any one or more of the edition features for the same Concurrent User, User or Device. Ordering Activity's use of Application Streaming to included with XenApp is limited to support of Concurrent Users, Users or Devices using XenApp hosted applications, and not other users. Ordering Activity's use of EasyCall voice services included with XenApp is limited to support of Concurrent Users, Users or Devices using XenApp hosted applications, and not other users. Ordering Activity's use of Profile management included with XenApp Enterprise or Platinum Edition is limited to support of Concurrent Users, Users or Devices using XenApp Enterprise and Platinum hosted applications, and not other users. Ordering Activity's use of Provisioning services included with the XenApp Platinum Edition is limited to provisioning only the XenApp Platinum Edition workload. Ordering Activity's use of Single Sign-On included with XenApp Platinum Edition is limited to support of Concurrent Users, Users or Devices using XenApp Platinum hosted applications, and not other users. If multiple Licenses are delivered for the various features of the edition, they should be treated as a single License. If Ordering Activity received this PRODUCT as a component of XenDesktop Enterprise or Platinum Edition, the Server Software may be used either to provide presentation services to physical or virtual machines running in the XenDesktop environment or directly to client devices.

Client Software. Under the Concurrent User or User model, the Client Software may be installed and used on an unlimited number of client devices. Under the Device Model, the Client Software may be installed and used only on Devices. Ordering Activity may use Client Software only to allow Concurrent Users, Users and Devices to access instances of the Server Software.

Perpetual License. If the SOFTWARE is "Perpetual License SOFTWARE," the SOFTWARE is licensed on a perpetual basis and includes the right to receive Subscription Advantage (as defined in Section 2 below).

Annual License. If the SOFTWARE is "Annual License SOFTWARE," Ordering Activity's license is for one (1) year and includes the right to receive Updates for that period (but not under Subscription Advantage as defined in Section 2 below). For the purposes of this ATTACHMENT A, an Update shall mean a generally available release of the same SOFTWARE. To extend an Annual License, Ordering Activity must purchase and install an additional Annual License prior to the expiration of the current Annual License. Note that if a new Annual License is not purchased and installed, Annual SOFTWARE disables itself upon the expiration of the then-current Annual License period.

Archive Copy. Ordering Activity may make one (1) copy of the SOFTWARE in machine-readable form solely for backup purposes, provided that Ordering Activity reproduce all proprietary notices on the copy.

SUBSCRIPTION RIGHTS. Ordering Activity's subscription for the SOFTWARE ("Subscription") shall begin on the date the Licenses are delivered to Ordering Activity by email. Should Licenses be delivered to Ordering Activity on a tangible license card, Subscription shall instead begin on the date Ordering Activity request that the Licenses be allocated to Ordering Activity through mycitrix.com. Subscription shall continue for a one (1) year term subject to Ordering Activity's purchase of annual renewals (the "Subscription Term"). During the initial or a renewal Subscription Term, CONTRACTOR may, from time to time, generally make Updates available for licensing to the public. Upon general availability of Updates during the Subscription Term, CONTRACTOR shall provide Ordering Activity with Updates for covered Licenses. Any such Updates so delivered to Ordering Activity shall be considered SOFTWARE under the terms of this ATTACHMENT A, except they are not covered by the Limited Warranty applicable to SOFTWARE, to the extent permitted by applicable law. Subscription Advantage may be purchased for the SOFTWARE until it is no longer offered in accordance with the CITRIX PRODUCT Support Lifecycle Policy posted at [www.citrix.com](http://www.citrix.com). This website reference is for informational purposes only.

Ordering Activity acknowledge that CONTRACTOR may develop and market new or different computer programs or editions of the SOFTWARE that use portions of the SOFTWARE and that perform all or part of the functions performed by the SOFTWARE. Nothing contained in this

ATTACHMENT A shall give Ordering Activity any rights with respect to such new or different computer programs or editions. SUPPORT is sold including various combinations of Incidents, technical contacts, coverage hours, geographic coverage areas, technical relationship management coverage, and infrastructure assessment options. An "Incident" is defined as a single SUPPORT issue and reasonable effort(s) needed to resolve it. An Incident may require multiple telephone calls and offline research to achieve final resolution. The Incident severity will determine the response levels for the SOFTWARE. Unused Incidents and other entitlements expire at the end of each annual term. SUPPORT may be purchased for the SOFTWARE until it is no longer offered in accordance with the CITRIX PRODUCT Support Lifecycle Policy posted at [www.citrix.com](http://www.citrix.com). This website reference is for informational purposes only. SUPPORT will be provided remotely from CONTRACTOR THROUGH CITRIX to your locations. Where on-site visits are mutually agreed, Ordering Activity will be billed for reasonable travel and living expenses in accordance with Ordering Activity's travel policy. CONTRACTOR THROUGH CITRIX' performance is predicated upon the following responsibilities being fulfilled by Ordering Activity: (i) Ordering Activity will designate a Customer Support Manager ("CSM") who will be the primary administrative contact; (ii) Ordering Activity will designate Named Contacts (including a CSM), preferably each CITRIX certified, and each Named Contact (excluding CSM) will be supplied with an individual service ID number for contacting SUPPORT; (iii) Ordering Activity agree to perform reasonable problem determination activities and to perform reasonable problem resolution activities as suggested by CONTRACTOR THROUGH CITRIX. Ordering Activity agrees to cooperate with such requests; (iv) Ordering Activity is responsible for implementing procedures necessary to safeguard the integrity and security of SOFTWARE and data from unauthorized access and for reconstructing any lost or altered files resulting from catastrophic failures; (v) Ordering Activity is responsible for procuring, installing, and maintaining all equipment, telephone lines, communications interfaces, and other hardware at Ordering Activity's site and providing CONTRACTOR THROUGH CITRIX with access to Ordering Activity's facilities as required to operate the SOFTWARE and permitting CONTRACTOR THROUGH CITRIX to perform the service called for by this ATTACHMENT A; and (vi) Ordering Activity is required to implement all currently available and applicable hotfixes, hotfix rollup packs, and service packs or their equivalent to the SOFTWARE in a timely manner. CONTRACTOR THROUGH CITRIX is not required to provide any SUPPORT relating to problems arising out of: (i) Ordering Activity's customization to the operating system or environment that adversely affects the SOFTWARE; (ii) any alterations of or additions to the SOFTWARE performed by parties other than CONTRACTOR THROUGH CITRIX; (iii) use of the SOFTWARE on a processor and peripherals other than the processor and peripherals for which such SOFTWARE was designed and licensed for use on; or (iv) SOFTWARE that has reached End-of-Life. In situations where CONTRACTOR THROUGH CITRIX cannot provide a satisfactory resolution to Ordering Activity's critical problem through normal SUPPORT methods, CONTRACTOR THROUGH CITRIX may engage its product development team to create a private fix. Private fixes are designed to address Ordering Activity's specific situation and may not be distributed by Ordering Activity outside Ordering Activity's organization without written consent from CONTRACTOR. CONTRACTOR retains all right, title, and interest in and to all private fixes. Any hotfixes or private fixes are not SOFTWARE under the terms of this ATTACHMENT A and they are not covered by the Limited Warranty applicable to SOFTWARE, to the extent permitted by applicable law. With respect to infrastructure assessments or other consulting services, all intellectual property rights in all reports, preexisting works and derivative works of such preexisting works, as well as installation scripts and other deliverables and developments made, conceived, created, discovered, invented, or reduced to practice in the performance of the assessment are and shall remain the property of CONTRACTOR, subject to a worldwide, nonexclusive License to Ordering Activity for internal use.

DESCRIPTION OF OTHER RIGHTS, LIMITATIONS, AND OBLIGATIONS. Unless expressly permitted by applicable law, Ordering Activity may not transfer, rent, timeshare, or lease the SOFTWARE. Under the User or Device model, Ordering Activity may permanently reassign a License from one User to another or from one Device to another, and Ordering Activity may temporarily assign a License to a temporary worker while the User is absent or a License to a loaner device while the Device is out of service. If Ordering Activity purchased Licenses for the SOFTWARE to replace other CITRIX Licenses for other CITRIX SOFTWARE and such replacement is a condition of the transaction, Ordering Activity agrees to destroy those other CITRIX Licenses and retain no copies after installation of the new Licenses and SOFTWARE. Ordering Activity shall provide the serial numbers of such replaced Licenses and corresponding replacement Licenses to the reseller, and upon request, directly to CONTRACTOR for license tracking purposes. Except as specifically licensed herein, Ordering Activity may not modify, translate, reverse engineer, decompile, disassemble, create derivative works based on, or copy (except for backup as permitted above) the SOFTWARE, except to the extent such foregoing restriction is expressly prohibited by applicable law. Ordering Activity may not remove any proprietary notices, labels, or marks on any SOFTWARE. Notwithstanding the foregoing, this ATTACHMENT A shall not prevent or restrict Ordering Activity from exercising additional or different rights to any free, open source code, documentation and materials contained in or provided with the SOFTWARE in accordance with the applicable free, open source license for such code, documentation, and materials.

ORDERING ACTIVITY MAY NOT USE, COPY, MODIFY, OR TRANSFER THE SOFTWARE OR ANY COPY IN WHOLE OR IN PART, OR GRANT ANY RIGHTS IN THE SOFTWARE OR ACCOMPANYING DOCUMENTATION, EXCEPT AS EXPRESSLY PROVIDED IN THIS ATTACHMENT A. ALL RIGHTS NOT EXPRESSLY GRANTED ARE RESERVED BY CONTRACTOR OR ITS SUPPLIERS.

CONTRACTOR will provide the SUPPORT requested by Ordering Activity in a professional and workmanlike manner, but CONTRACTOR cannot guarantee that every question or problem raised by Ordering Activity will be resolved or resolved in a certain amount of time. **2.1 Authorized Users.** You may allow your Authorized Users to use the Cloud Services and Software as “you” under this Agreement. You are responsible for your Authorized Users’ compliance with this Agreement.

**2.2 Software and Cloud Services.** Code42 grants you a nonexclusive, non-sublicensable, non-transferable (except as set forth in section 12.1 (General: Assignment)), worldwide license to use the Software, Cloud Services and Documentation during the Subscription Term solely for your internal business purposes. You must only use the Software and Cloud Services for up to the number of users or devices listed on your Quote and in accordance with the Documentation. You may copy the Software and Documentation as necessary to install and run the Software, and for backup and archiving. Code42 will provide the Cloud Services in accordance with the applicable Documentation and Service Level Agreement. You will reasonably cooperate with Code42 to resolve any issues relating to your use of the Software and Cloud Services. To use the Cloud Services, you must create login credentials (e.g. a username and password). You are responsible for all activity occurring under your login credentials and will notify Code42 as soon as possible if you believe there has been any unauthorized use of your login credentials.

**2.3 Other Offerings.** If you purchase other Offerings, including support, appliance maintenance, hardware and education services, Code42 will provide those Offerings in accordance with the Offering Description.

**2.4 Restrictions.** You will not (A) permit anyone other than your Authorized Users to use the Offerings; (B) use the Offerings for the benefit of any third party other than your Authorized Users; (C) use the Offerings except as permitted under this Agreement; (D) decompile, reverse engineer, modify or create a derivative work of the Offerings (to the extent this restriction is not prohibited by law); (E) attempt to test the vulnerability of, gain unauthorized access to, or circumvent limitations on the use of, the Offerings or their related systems or networks; (F) interfere with the performance of the Offerings; or (G) remove any copyright or other proprietary notices in the Offerings.

**2.5 Evaluation Use.** Code42 may make an Offering or a new feature or functionality available to you on an evaluation or beta basis (“**Evaluation Offering**”). Each Evaluation Offering is provided “AS IS” without indemnification, Service Level Agreement, support or warranty of any kind. You must only use an Evaluation Offering in a non-production environment for evaluation purposes during the evaluation period set by Code42.

## 3. INTELLECTUAL PROPERTY

**3.1 Customer Ownership.** As between you and Code42, you retain all right, title and interest in and to the Customer Data and all related Intellectual Property Rights. You grant Code42 a royalty-free, non-exclusive, non-transferable (except as set forth in section 12.1 (General: Assignment)), sub-licensable, worldwide right to use Customer Data solely to provide the Offerings to you under this Agreement. Code42's rights to use the Customer Data are only those expressly granted in this Agreement.

**3.2 Code42 Ownership.** As between you and Code42, Code42 retains all right, title and interest in and to the Offerings and all related Intellectual Property Rights. Your rights to use the Offerings are only those expressly granted in this Agreement. All Software is licensed and not sold, even if Code42 uses words like "sale" or "purchase" in sales materials.

**3.3 Feedback.** If you provide any suggestions to Code42 regarding the Offerings, you grant Code42 a royalty-free, non-exclusive, transferable, sub-licensable, worldwide, perpetual, irrevocable license to use the suggestions and incorporate them into the Offerings. Code42 acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

**3.4 Open Source Software.** "Open Source Software" means the software components that Code42 provides in the Software under separate license terms that are found either in the open\_source\_licenses.txt file (or similar file) provided within the Software or at [http://support.code42.com/Terms\\_And\\_Conditions/Open\\_Source\\_Licenses](http://support.code42.com/Terms_And_Conditions/Open_Source_Licenses). Open Source Software is licensed to you under its own applicable license terms. These license terms are consistent with the license granted in section 2.2 (Customer Use of the Offerings: Software and Cloud Services) and take precedence over this Agreement to the extent that this Agreement imposes greater restrictions on you. If required, Code42 makes the Open Source Software source code and modifications (the "Source Files") available to you on the Code42 website or on written request. You will send requests with your name and address to Code42 at the address in section 12.6 (General: Notice) specifying: Attention: General Counsel - Open Source Files Request. This offer to obtain a copy of the Source Files is valid for three years from the date you acquired the Software containing the Open Source Software.

#### 4. SECURITY AND DATA PROCESSING

**4.1 Code42 Obligations.** Code42 will provide the Software and Cloud Services in accordance with the Information Security Addendum at [https://support.code42.com/Terms\\_and\\_conditions/Legal\\_terms\\_and\\_conditions/Information\\_security\\_addendum](https://support.code42.com/Terms_and_conditions/Legal_terms_and_conditions/Information_security_addendum). Code42 will process your Customer Data in accordance with the Data Processing Addendum at

[https://support.code42.com/Terms\\_and\\_conditions/Legal\\_terms\\_and\\_conditions/Data\\_processing\\_addendum](https://support.code42.com/Terms_and_conditions/Legal_terms_and_conditions/Data_processing_addendum). Following the expiration of your Subscription Term, Code42 will delete any Customer Data in accordance with the applicable Documentation. If you request, Code42 will provide written certification that Code42 deleted your Customer Data.

**4.2 Customer Obligations.** You are responsible for providing notices, obtaining consents, and satisfying any other requirements for Code42 to use the Customer Data to perform its obligations under this Agreement. You will not provide Code42 with any data that is regulated by the United States Health Insurance Portability and Accountability Act unless you have entered into a business associate agreement with Code42.

#### 4.3 Code42 Data.

**(A)** Code42 collects de-identified information and aggregated information about the use and performance of the Software and Cloud Services ("Service Data"). Service Data may include information about the frequency of feature usage, technical performance metrics, product configuration, and file usage patterns. Service Data never includes Customer Data. Code42 owns the Service Data and uses it to improve the Offerings and create new products.

**(B)** Code42 also collects account-related data during your purchase and use of the offerings ("Administrative Data"). Administrative Data never includes Customer Data. Code42 owns the Administrative Data and uses it to provide the Offerings, bill you for the Offerings, advise you of new Code42 products and service, and comply with Code42's contractual obligations and applicable law. Code42 is an independent controller of the Administrative Data and will process the Administrative Data under the Code42 privacy policy available at: <https://www.code42.com/privacy-policy>.

#### 5. ORDERING AND PAYMENT

**5.1 Orders.** You may purchase Offerings directly from Code42 or through a Code42 authorized reseller. If you purchase through a Code42 authorized reseller, sections 5.2 (Ordering and Payment: Affiliate Orders), 5.3 (Ordering and Payment: Payment), 5.5 (Ordering and Payment: Disputed Payments), 5.6 (Ordering and Payment: Taxes) and 5.7 (Ordering and Payment: Delivery) will not apply to that purchase. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement. The Subscription Term is a continuous and non-divisible commitment for the full duration of the Subscription Term. Except as required by applicable law and regulations, all Orders are non-refundable and non-cancelable except as expressly provided in this Agreement.

**5.2 Affiliate Orders.** Your Affiliates whom you identify in an email sent to Code42 at PO@code42.com may submit Orders as "you" to Code42 under this Agreement. You will place Orders with Code42 or its Affiliate as indicated on the Quote. If you place an Order with a Code42 Affiliate, then that Affiliate will act as "Code42" for sections 5.3 (Ordering and Payment: Payment), 5.5 (Ordering and Payment: Disputed Payments), 5.6 (Ordering and Payment: Taxes) and 5.7 (Ordering and Payment: Delivery). Each party is responsible for its Affiliate's compliance with this Agreement.

**5.3 Payment.** Code42 will invoice you for the fees stated on your Quote in accordance with the GSA Schedule Pricelist after accepting your Order. You will pay all applicable and valid fees in the amount and currency specified on your invoice within 30 days of the invoice receipt date. You will pay any delinquent amounts within 30 days of Code42's written notice identifying a delinquency.

**5.4 Money Back Guarantee.** This section does not apply to any CrashPlan for Small Business offering. If you are not completely satisfied with your initial purchase of any Software or Cloud Service offering, you may terminate that subscription for convenience by providing written notice to Code42 during the first 60 days of the Subscription Term. Code42 will promptly refund you the amount that Code42 received for the unused portion of the Subscription Term for the terminated Software or Cloud Services offering. This termination right only applies to your initial purchase of a specific Software or Cloud Service offering (and not to any renewal, staggered deployment or expansion order) and only if you purchased Code42's deployment services available for the offering.

#### 5.5 Reserved.

**5.6 Taxes.** Code42 shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the Offerings) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**5.7 Delivery.** When Code42 accepts your Order, Code42 will make cloud services available to you and deliver license keys to you by email to the address associated with your account. Code42 will provide any physical goods to the carrier listed on the Quote for shipment to you. Shipping and delivery terms for physical goods are Ex Works Code42's regional fulfillment facility (INCOTERMS 2010). You are the importer of record if Code42 ships physical goods to you in a country in which Code42 does not have a physical presence.

**6. MODIFICATIONS.** This Agreement incorporates by reference all of the documents that this Agreement identifies as applicable to your ordered Offerings ("**Ancillary Documents**"). Ancillary Documents may include the Documentation, Service Level Agreement, Information Security Addendum, Data Processing Addendum and Offering Descriptions. Because the Offerings are continually evolving, Code42 may update any of the Ancillary Documents from time to time so long as the update is not material (as defined in 48 CFR § 552.212-4(w)(1)(vi)), and the Ancillary Document applicable at any time is the then-current version. Code42 will notify you in writing if any update to an Ancillary Document is material, and in that case you and Code42 may amend the Agreement to incorporate the change or you may elect in writing to terminate the affected Offering. If you terminate the Offering, Code42 will refund the portion of the fees applicable to the unused portion of the Subscription Term for the terminated Offering.

## **7. WARRANTIES**

**7.1 Software and Cloud Services Warranty.** Code42 warrants that the Software and Cloud Services will substantially conform to the applicable Documentation for a period of 120 days following notice of availability for electronic download or access ("**Warranty Period**"). This warranty only applies if the Software and Cloud Services were properly installed and used in unmodified form in accordance with the Documentation. For any reproducible error identified in writing during the Warranty Period, Code42 will either replace that Software or Cloud Service or correct the error. If Code42 determines that it cannot correct the error or replace the Software or Cloud Service, Code42 will refund to you the amount that Code42 received for the unused portion of the Subscription Term after the date you notified Code42 of the breach for that Software or Cloud Services offering, in which case your rights to use that Software or Cloud Service will terminate. Code42 will do this at its own expense and as its sole obligation and your sole remedy for breach of this Software and Cloud Services warranty.

**7.2 Technical Services Warranty.** Code42 warrants that it will perform Technical Services in a workmanlike manner in accordance with the standards of the industry. If you provide written notice to Code42 within 10 business days after any alleged breach of this warranty, Code42 will correct that breach or terminate that Technical Service and refund to you the amount that Code42 received for that Technical Service. Code42 will do this at its own expense and as its sole obligation and your sole remedy for breach of this Technical Services warranty.

**7.3 Disclaimer.** The express warranties set forth in section 7 (Warranties) are in lieu of all other warranties. To the extent permitted by law, Code42 disclaims all other warranties, whether express, implied or statutory (including any implied warranties of merchantability, fitness for a particular purpose, title or noninfringement), and any warranties arising from usage of trade, course of dealing or course of performance. Code42 does not warrant that the Offerings will meet your requirements or that they will be accurate or operate without interruption or error.

## **8. INDEMNIFICATION**

### **8.1 Code42 Indemnification.**

**(A)** Subject to the remainder of section 8.1 (Indemnification: Code42 Indemnification), Code42 will defend you against any unaffiliated third party claim that the Software or Cloud Services infringe any patent, trademark or copyright, or misappropriate a trade secret, of that third party under the laws of (1) the United States, (2) Canada, (3) the United Kingdom, (4) Australia, and (5) any European Economic Area member state ("**Infringement Claim**"). Code42 will indemnify you from the resulting costs and damages finally awarded against you to that third party by a court of competent jurisdiction or agreed to in settlement. Code42's obligations only apply if you: (a) promptly notify Code42 of the Infringement Claim in writing, (b) allow Code42 sole control over the defense for the claim and any settlement negotiations, and (c) reasonably cooperate in response to Code42's requests for assistance. You may not settle or compromise any Infringement Claim without Code42's prior written consent. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

**(B)** If Software or Cloud Service become, or in Code42's opinion is likely to become, the subject of an Infringement Claim, Code42 will at its option and expense do one of the following: (1) procure the rights necessary for you to make continued use of the affected Software or Cloud Service; (2) replace or modify the affected Software or Cloud Service to make it non-infringing; or (3) terminate your right to use the affected Software or Cloud Service, and upon your certified deletion of any affected Software, refund you the portion of the fees applicable to the unused portion of the Subscription Term for the terminated Software and Cloud Services offering. Nothing in this section 8.1(B) (Mutual Indemnification: Code42 Indemnification) will limit Code42's obligation under section 8.1(A) (Indemnification: Code42 Indemnification) to defend and indemnify you, provided that you replace any allegedly infringing Software upon Code42's making alternate Software available to you and you discontinue using any allegedly infringing Software upon receiving Code42's notice terminating your license to use the Software.

**(C)** Code42 will not have any obligation under section 8.1(A) (Indemnification: Code42 Indemnification) with respect to any claim based on (1) a combination of Software or Cloud Services with non-Code42 products or Customer Data; (2) continued use of an infringing version of the Software after Code42 has provided you a noninfringing version under section 8.1(B) (Mutual Indemnification: Code42 Indemnification); (3) any modification to the Software by anyone other than Code42; or (4) any Software or Cloud Services provided on a no charge, beta or evaluation basis.

**(D)** This section 8.1 (Indemnification: Code42 Indemnification) is your sole exclusive remedy and Code42's entire liability for any infringement claims or actions.

### **8.2 Reserved.**

## **9. LIMITATIONS OF LIABILITY**

**9.1 Exclusion of Damages.** Neither Code42 nor you are liable for any lost profits or business opportunities, loss of use, business interruption, or any indirect, special, incidental or consequential damages under any theory of liability. This exclusion applies regardless of whether Code42 or you have been advised of the possibility of those damages and regardless of whether any remedy fails of its essential purpose.

**9.2 Cap on Monetary Liability.** The maximum aggregate liability for Code42 or you for claims under this Agreement will not exceed an amount equal to the contract price, including total fees paid or payable to Code42 for your use of the Offerings.

### **9.3 Reserved.**

**9.4 Exclusions.** The exclusions and limitations in section 9 (Limitations of Liability) will not apply to: (A) either party's violation of the other party's or its licensor's Intellectual Property Rights; (B) either party's obligations in section 8 (Mutual Indemnification); (C) your payment obligations under section 5 (Orders and Payment); (D) either party's liability for death or personal injury caused by its negligence; (E) Fraud; or (F) any liability that cannot be excluded under applicable law.

## **10. CONFIDENTIAL INFORMATION**

**10.1 Obligations.** "**Confidential Information**" means non-public information provided in connection with this Agreement that is labeled "confidential" or the like, or is provided under circumstances reasonably indicating its confidentiality. Code42's Confidential Information includes product roadmaps. Your Confidential Information includes your Customer Data. A party ("**recipient**") may use Confidential Information of the other party ("**discloser**") solely to exercise its rights and perform its obligations under this Agreement. Code 42 and you will each protect the

other party's Confidential Information in the same manner as it protects its own Confidential Information of a similar nature, but in any event with not less than reasonable care.

**10.2 Exclusions.** The recipient's obligations under section 10.1 (Confidential Information: Obligations) will terminate with respect to any Confidential Information that the recipient can show: (A) was already rightfully known to the recipient without any obligation of confidentiality at the time of disclosure; (B) was disclosed to the recipient by a third party who had the right to make the disclosure without any confidentiality restrictions; (C) was at the time of disclosure, or through no fault of the recipient has become, generally available to the public; or (D) was independently developed by the recipient without access to or use of the discloser's Confidential Information. Code42 recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by Code42.

**10.3 Permitted Disclosures.** The recipient may disclose Confidential Information only to its employees, professional advisors, service providers or contractors who have a need to know the Confidential Information and who are under a similar duty of confidentiality. The recipient may also disclose Confidential Information to the extent required by law or regulation, in which case the recipient will notify the discloser as soon as practicable and if permitted by law or regulation. At the discloser's request and expense, the recipient will take reasonable steps to contest and to limit the scope of any required disclosure.

**10.4 Reserved.**

## 11. TERM AND TERMINATION

**11.1 Term.** This Agreement will remain in effect until the later of (A) the end of the period identified in the preamble or (B) the termination or expiration of all Orders accepted under this Agreement. Either party may terminate this Agreement before the end of the term in accordance with the Contract Disputes Act and Federal Acquisition Regulation if expressly permitted by this Agreement. The Subscription Term and any renewal is described in the applicable Quote. If you place an Order after the start date stated on your Quote, Code42 may adjust your start date as described in the Quote, in which case your Subscription Term will be described on your invoice.

**11.2 Termination.** When you are an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Code42 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

**11.3 Effect of Expiration or Termination.** Upon termination or expiration of an Order, you will stop using and Code42 will stop providing the applicable Software or Cloud Services. Upon termination or expiration of this Agreement, Code42 and you will each delete any Confidential Information of the other party.

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached CommVault Systems, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific Terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works of Licensor's existing software or enhancements to the Licensor's software shall remain with Commvault, however of any ownership in GSA Customer preexisting material shall remain independently with the GSA Customer. The parties agree that such ownership rights are in agreement with the those set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost for its own internal business.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**Technical Account Manager**

The Technical Account Manager (TAM) is an enhanced support offering that allows the customer to have a localized resource (onsite and remote) who aligns a strategic business plan with a customer's business objectives and the technology to accomplish those objectives.

These Services include (but are not limited to):

Fulfill the role of "voice of the customer" in Commvault meetings, and the technical "voice of Commvault" in customer meetings (ongoing)  
Communicate proactive monitoring metrics to customer, including if thresholds met or exceeded and the potential impact on the business (Quarterly)

Identify risks in the environment as it relates to data management operations

Help executing the technical business plan in accordance with customer policies and procedures

Fractional TAM Options (20% or 50%): Onsite/Remote presence with the customer (to be scheduled with the TAM, max number of days as per fraction purchased, dependent on agreed requirements)

Dedicated TAM Option: Full time technical consultant to ensure the operational stability and value realization of your Commvault environment

Escalated Critical Ticket Management – work with development directly on critical issues which are affecting business operations

Work in tandem with the SAM on any support needs

Note: The TAM (TAM-20) is typically assigned five customers and can dedicate up to 20% of service time (throughout the service contract) to each customer. This service time is reviewed with assigned customers on a regular basis in order to determine the frequency and type of coverage (onsite or remote) needed to ensure the customer receives the maximum value out of the TAM Program. Please note that the 20% service time is a guideline and doesn't imply that the customer is guaranteed 20% time nor can customers accumulate service time from month to month. If the customer desires guaranteed focus for a specified time from a TAM, beyond what is included with the base offering, they can purchase options for a fully or partially dedicated (i.e. 100% or 50%) TAM.

**Enterprise Support Program (ESP)**

**Commvault's Enterprise Support Program** is Commvault's most comprehensive support offering and is designed to provide strategic World Class Technical Management for all aspects of our customers' Enterprise Data Management Solution. We partner fully with our customers to enable success, and to provide business stakeholders with the highest level of customer satisfaction, all while safeguarding technology investments and intellectual property.

**Severity Level Agreement Targets**

Resources work towards the achievement of SLAs as per the targets outlined below in section 2.2.6

Severity 0 (Zero) designed to support Enterprise Data Centers

**Customer Support Engineer (CE)**

The CE works to provide answers, solutions or a work-around for Enterprise Support Program customer Commvault issues.

The CE:

Takes responsibility to accept, analyze, resolve or escalate new issues

Manages issues using Enterprise Support Program Service Level Agreements

Prioritizes all ESP issues before all non-ESP clients

Keeps a current issue status and advises client and SAM of regular updates to the status

**Support Account / Technical Account Manager (SAM /TAM)**

The Enterprise Support Program is a joint collaboration with the Support Account Manager (SAM) and Technical Account Manager (TAM). The following are the roles and responsibilities for each under the ESP to ensure continued success:

**Support Account Manager (SAM)**

The SAM works to ensure SLA success, provide reporting, and manage escalation and critical care instances.

Single point of contact owning the overall support experience

Overall management of support status – includes all tickets and metrics associated with ticket history

Hosts Weekly Support Calls and provides status updates

Deliver Quarterly Business Reviews – metrics/business reviews

Working with the customer to understand the business requirements and stated Service Level Agreements (SLAs) (Reviewed for both Commvault and customer's internal SLA's to ensure they are achievable metrics for success)

Generation and Review of support ticket history and analysis during the Quarterly Business Reviews

Yearly Briefings – Executive and/or Technical. Work with TAM on strategic agenda

Work closely with the TAM for any onsite technical requirements/assistance

Work closely with the TAM to identify training opportunities for customer personnel

**Technical Account Manager (TAM)**

The ESP includes assignment of a TAM (20% percent coverage) to partner with our customers to understand the customer's business objectives.

The TAM provides proactive and reactive guidance to mitigate risk and reduce time to resolution by aligning key technologies and resources to those objectives.

The ESP TAM is a TAM-20, typically assigned five customers and may dedicate up to 20% of service time (throughout the service contract) to each customer. This service time is reviewed with assigned customers on a regular basis in order to determine the frequency and type of coverage (onsite or remote) needed to ensure the customer receives the maximum value out of the Enterprise Support Program. Please note that the 20% service time is a guideline and doesn't imply that the customer is guaranteed 20% time nor can customers accumulate service time from month to month. If the customer desires guaranteed focus for a specified time from a TAM, beyond what is included with Enterprise Support, they can purchase options for a fully or partially dedicated (100% or 50%) TAM as described in the TAM Offering.

Fulfill the role of "voice of the customer" in Commvault meetings, and the technical "voice of Commvault" in customer meetings (ongoing)

Communicate proactive monitoring metrics to customer, including if thresholds are met or exceeded and the potential impact on the business (Quarterly)

Identify risks in the environment as it relates to data management operations

Help executing the technical business plan in accordance with customer policies and procedures

Fractional TAM Options (20% or 50%): Onsite/Remote presence with the customer (to be scheduled with the TAM, max number of days as per fraction purchased, dependent on agreed requirements)

Dedicated TAM Option: Full time technical consultant to ensure the operational stability and value realization of your Commvault environment

Escalated Critical Ticket Management – work with development directly on critical issues which are affecting business operations

Work in tandem with the SAM on any support needs

**Enterprise Service Credits**

Service credit for Commvault Services E.g. Professional Services, RSE, Training, Personalization, etc.

Credits can be used by customer or SAM (with customer agreement) during the period of the Enterprise contract. ESP Credits must be used in the same country as the location of the designated, main (named) location / home region.

Availability of credits allows for prompt co-ordination to meet additional customer requirements, reducing procurement overhead at a time when speed may be critical

Service credits are reset upon renewal, expire in 12 months from the date of purchase and not transferable between contract periods

**Reporting**

Working with the Enterprise Support Program's Customer's fiscal or operation calendar, the SAM will present data on quarterly activity:

Commvault Cloud Metrics Reporting configured to provide customer with an overview of the CommCells(s) within your environment

Weekly conference call with customer principals to discuss issue status and path to resolution

Compiles and reports to customer management with the Monthly Executive Summary

Demonstrates SLA response and resolution success

Provides data trending

Job counts\*

\*Ability to enable 'CommCell Diagnostics and Usage' on your CommServe(s) required / Requires CommServe connectivity to port 443 for access and connectivity to the cloud.commvault.com hosted infrastructure.

**Enterprise Metrics Reporting**

Enterprise Metrics Reporting allows you to monitor the performance of all CommCell computers, gauge the storage capacity for backups, and predict the cost of data protection in your organization. Available reports include the Activity Report, Monthly Chargeback Report, CommCell Growth Report, and the Health Report.

Enterprise Support Customers receive access to Premium Metric Reports with no requirement to purchase additional Metrics licensing to access these reports. These reports are available for download from Commvault Cloud site. For more information, please contact your assigned Support Account Manager.

**Customer Support Quality Assurance**

Commvault is committed to providing best in class technical support, and we drive our customer satisfaction through a variety of metrics to guide us to achieve that goal. Industry standard measurements of time to respond, first contact resolution and time to solve are cornerstones of our support model.

Outside of internal objectives we proactively solicit feedback from our user base for each incident logged with Commvault support in the form of a survey. This survey includes a brief questionnaire along with a comments section to add remarks about our service quality. Each survey response is reviewed by support management and, in the event of an unsatisfactory survey response, we initiate an investigation into the source of customer’s dissatisfaction with the support experience. Support management will initiate a call with the customer to cover satisfaction issues that were brought to light in the survey. The outcome of that conversation is reviewed against existing support processes and adjustments are made, as needed.

Commvault is committed to improving our products, and we are always open to customer suggestions and requests of ways we can best accomplish this. By providing reports regarding customer’s use of the software, including results, comments or suggestions to Commvault (collectively, the “Feedback”), customer agrees that Commvault may use and disclose the Feedback in any manner Commvault chooses, provided that Commvault ensures the confidentiality of customer’s identity at all times. Commvault acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71. Commvault shall own all intellectual property rights related to the Feedback and its use. For those customers that request to opt out of this product improvement process, Commvault notes this in each such customer’s Support Account.

### **Contacting Customer Support**

Prior to contacting support, it is highly recommended that customers search for possible solutions via the Web on our Support Portal, "Maintenance Advantage" and/or load the latest service pack and updates. If the problem persists, collecting log files, along with having the latest Service Pack and updates installed, will help expedite the resolution of your issue. If these steps are not taken by you, this can cause longer resolution times. Please be aware that Commvault Technical Support Management reserves the right to close a service call if repeated attempts to contact the end user over the course of three (3) business days have failed to yield a response without reason. If necessary, these Support Incidents can be referenced if a new call for the original incident is required.

Commvault offers three different methods of support:

Web Support – Self Service (Forum, Knowledge Base, Chat, Solution Engine, and more)

Web Support Submission

Telephone Support

### **Web Support – Self Service**

Commvault's Web Support is provided via our Support Portal called Maintenance Advantage ([ma.commvault.com](http://ma.commvault.com)). Maintenance Advantage is provided to customers who have a current and active maintenance contract. If you meet this requirement and you do not have a Maintenance Advantage login and password please send an email to [support@commvault.com](mailto:support@commvault.com) and provide your CommCell-ID along with your contact information and you will be notified via email of your login and password within 24 - 48 hours.

Maintenance Advantage contains a set of powerful tools to enable Commvault software customers to optimize and maintain their deployments. The section includes:

Knowledge Base

Solution Engine

Commvault's Customer Forum

Service Packs and Hotfix Update Downloads, when and if available

Technical FAQs

Tips and Techniques to achieve better performance

Configuration and deployment guidelines

Supported hardware and software compatibility matrixes

Troubleshooting Guides, and other valuable resources

Enterprise Support Dashboard

Commvault Support Chat

### **Web Support Submission**

Customers can submit an incident via the internet by logging into Maintenance Advantage and clicking on the Incident Management link. From this location customers can view, update, and close incidents.

Web-Submitted incidents are responded to using the following guidelines:

**Severity 0 (CATASTROPHIC)\* and Severity 1 - (CRITICAL)** incidents cannot be opened via the Maintenance Advantage website

**Severity 2 (SEV2)** – 2 Hour Response

**Severity 3 (SEV3)** – 3 Hour Response

**Severity 4 (SEV4)** – Next Business Day

\*Only available to Proactive or Enterprise Support customers

Once the online form is submitted, a ticket will automatically be generated as well as email notification that will include the Ticket number and a link to upload logs via the HTTP Log up-loader. In the majority of the support cases, logs will be required in order to troubleshoot and analyze the problem reported. Uploading logs in a timely manner will help expedite the troubleshooting process.

### **Commvault Chat**

**00801-14-7127****Submitting an Incident**

When contacting support, customers should be prepared to provide the following information. Failure to provide this information can result in delays in the processing of your incident.

User name and Contact Information

CommCell ID

Company Name

Description of the problem

Agent type, Version and Update Level

Any other pertinent information such as failure reason and time of failure

Severity levels are mutually agreed upon between customer and support representative. (See: Severity Level Definitions in section 3.7). For Severity 1-Critical issues, customer must provide valid business case reason for a Severity 1-Critical call classification.

**Language Support**

Commvault provides its primary support activities in English with support assistance available for both localized support within our Support Centers and translation support for phone and remote support activities. Elements of Commvault’s Web Support infrastructure include localized language views for non-English speaking customers. Customers should designate their preferred language on their Maintenance Advantage profile. Chinese speaking customers are serviced locally by our Beijing Support Center in native language.

**Solution Engine**

All incidents submitted to Commvault Support are ingested into our solution engine which will return results based on classification and text content. Our solution engine seeks to return results that have a 90% or greater chance of solving your problem. The results will come in several forms such as recommended hotfix, knowledge base article, documentation etc.

Results for the Solution Engine are returned in two different methods depending on how the incident is logged with support.

**Web-submitted:** Solution Engine results are presented after the incident details have been filled out and submitted via our online incident form. Each result will include “Did this solve your issue? **Yes** or **No**” response links which can be clicked there or upon returning to the open incidents page.

**Hotline/Phone submission:** Solution Engine results are sent via email after the incident details have been collected by our Frontline Engineer with a subject of “Possible Solution detected for incident”. At the conclusion of creating your incident our Frontline Engineer will inform you that a possible solution(s) has been detected and to please follow the steps provided within our email. Included in that message is solution content and “Did this solve your issue? **Yes** or **No**” response links which can be clicked there or upon returning to your open incidents page.

**Note:** If a solution is detected that incident will be placed into a status of “Waiting for result feedback” for a period of 24 hours or until a Yes/No response has been submitted. If at any point within that time the No option is selected, that incident will be immediately routed to an engineer for service under the SLA guidelines determined by severity. If Yes has been selected, that incident will be closed and the corresponding solution noted as its resolution.

**Service Packs and Hotfix Updates**

Customers can download Service packs and hot fixes via Maintenance Advantage. Our Service Packs are a roll up of all released updates up to the release date of the most current Service Pack. Hotfixes are fully certified updates that are not part of the last Service Pack. Commvault notes that these updates are offered on a “if-and-when available” basis only and do not follow any specific release schedule.

**Alerts and Notifications**

In order for customers to receive alerts they must edit their Maintenance Advantage user profile. There are two methods to receive alerts, one manual via ad hoc alerts sent by Technical Support or automated alerts via setting in your user profile.

**Manual Alert Notifications:** You can subscribe yourself to these alerts by selecting **Yes** on the Receive Update Alert Messages portion of the profile. Once you choose to receive alerts please make sure the Alert Distribution email field contains the email to which you wish to send these reports. We recommend creating an alias distribution address so that more than one person can be notified such as a primary and a backup.

**Automated Alert Notifications:** The automated alert notification feature will automatically send notifications on what you selected. You can select to receive Critical Alerts, Service Pack Alerts and/or Critical Updates only. You will then need to select the frequency either weekly or monthly and the day of the week you wish to receive those alerts. These alerts will send notification on updates posted since the last notification.

**Severity Level Definitions**

**Severity Level Definitions and Examples:**

<b>0-Catastrophic  Proactive &amp; Enterprise Only</b>	This severity level is reserved solely for Commvault Enterprise Support or Proactive Support Customers. This severity is used to indicate that all Commvault components are inoperable and no data movement operations are possible. Examples of SEV0-Catastrophic incidents are: Complete outage to CommServe. Multiple Server outages/rebuilds issues. Disaster Recovery Event (not a DR Test)
<b>1-Critical</b>	This severity should be used to indicate that a major component is down or having a serious problem that it is impacting business. All reasonable efforts to resolve the issue remotely will be taken, such as remote access to the problem site, replication of the problem in a support lab, or utilization of information gathered through the installation of diagnostic updates. The majority of problems are resolved remotely using phone support along with remote access tools.

If all remote troubleshooting attempts are deemed unsuccessful, then an on-site engineer can be provided until the problem is resolved. The on-site engineer fees would comprise of the current daily billable rates in accordance with the GSA Pricelist. ## **Product License Registration**

### **Product Registration**

After a successful installation of Commvault software, the Customer has thirty (30) days to notify Commvault and request a permanent License Key. If the Permanent License Key is not ordered within the 30 day period following installation, the Commvault software will cease to function. This occurs because the License Key used during the new Commvault Pilot deployment was temporary. The following outlines the processes required to request a Permanent License Key:

E-mail [prodreg@Commvault.com](mailto:prodreg@Commvault.com) for US and APAC-based Customers, [prodreg-canada@Commvault.com](mailto:prodreg-canada@Commvault.com), or [Licensekey@Commvault.com](mailto:Licensekey@Commvault.com) for EMEA and India-based customers and provide the following:

Company Name

Contact Name with email and phone number

CommCell-ID – This information can be obtained from the License Administration Window

License Summary Report

WINNTHOSTID –8 character Hexadecimal version of the CommServe® IP address. (This information is necessary to ensure the correct IP address is obtained especially if multiple NIC cards are installed in the server)

Alternately, the license activation process may be completed online at the following URL:

<https://ma.commvault.com/Support/ProductRegistration>

If for any reason the received Permanent License Key fails to apply, please check the following:

If the number of licenses in the license key corresponds to the installed items in the license summary report

If the WINNTHOSTID output corresponds with the CommServe ID of the license key.

If the above checks do not resolve the issue, please contact via email the appropriate license alias listed above with the following information:

Company Name, Contact Name and Contact info

CommCell-ID

License summary report of the licenses used

Was a pilot key used for installing the software (Y/N)

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

**Scope.** This Rider and the attached Coupa Software, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates antideficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the AntiDeficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

If (i), (ii), and (iii) above are not available on commercially reasonable terms in Coupa's judgment, Coupa may terminate the affected Hosted Applications and refund to Customer the fees paid by Customer covering the remaining portion of the applicable Subscription Term for the affected Hosted Applications after the date of termination. The foregoing indemnification obligation of Coupa shall not apply: (1) if the Hosted Application is modified by any party other than Coupa (or someone acting at Coupa's direction), but solely to the extent the alleged infringement is related to such modification; (2) the Hosted Application is combined with other non-Coupa products, applications, or processes not authorized by Coupa, but solely to the extent the alleged infringement is related to such combination; (3) to the extent the Claim arises in connection with any unauthorized use of the Hosted Application, or use that is not in compliance with all applicable laws and related Documentation; (4) to any third party products, processes or materials that are not provided by Coupa; or (5) to any Claims arising as a result of the content of the Customer Data. In the event of any conflict between this Agreement and the Order Form, the Order Form shall govern. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, then such provision(s) shall be construed, as nearly as possible, to reflect the intentions of the invalid or unenforceable provision(s), with all other provisions remaining in full force and effect. Customer agrees that Customer’s purchase of any subscription is neither contingent upon the delivery of any future functionality or features nor dependent upon any oral or written comments made by Coupa with respect to future functionality or features. No joint venture, partnership, employment, or agency relationship exists between Customer and Coupa as a result of the Agreement or use of the Hosted Applications or Coupa Platform. The failure of a party to enforce any right or provision in this Agreement shall not constitute a waiver of such right or provision.

**EXHIBIT A - SUBSCRIPTION SCHEDULE**

**EXHIBIT A-1: TECHNICAL SUPPORT**

The following describes the technical support services (“**Technical Support**”) Coupa shall provide for the support level purchased by Customer (“**Support Level**”) as stated on the Order Form. The following terms may be updated from time to time, however, for each Order Form, the terms effective as of the execution of the Order Form shall apply for the duration of the applicable Subscription Term.

**Scope.** The purpose of Technical Support is to address defects in the Hosted Applications that prevent them from performing in substantial conformance with the applicable Documentation. A resolution to such a defect may consist of a fix, workaround or other relief reasonably determined by Coupa’s Technical Support staff.

**Online Support Portal.** The Support Portal includes an online knowledge base, best practices for use of the Hosted Applications, and a portal for the Designated Support Contacts (as defined below) to submit support tickets.

**Live Phone Support.** Coupa personnel is available to provide Technical Support to Customer, depending on the Support Level (as defined below) purchased by Customer.

**Severity Levels.** Each support ticket shall be categorized by Customer into one of the following severity levels.

Severity	Definition
Level 1	Severe error that results in the Hosted Applications experiencing complete unavailability and halting transactions with no workaround.
Level 2	Serious error that results in a major function of the Hosted Applications suffering a reproducible problem causing either major inconvenience to Users or consistent failure in a common functionality.
Level 3	Error that results in a common functionality experiencing an intermittent problem or a consistent failure in a less common functionality.
Level 4	Service requests such as sandbox refreshes, SSO setups, and other how-to type of questions.

5. **Support Levels**

Support Level	Silver	Gold	Platinum

6. **Customer Responsibilities**

Customer shall designate no more than the number of Coupa Platform administrators ("**Designated Support Contacts**") set forth above who may contact and interact with Coupa in connection with Technical Support requests. Customer's Designated Support Contacts shall answer questions and resolve issues as needed when they arise from other Users of the Hosted Applications. Customer's Designated Support Contacts enter support request tickets, work through Technical Support issues with Coupa, and take action as needed to implement the resolution to the issue. Customer agrees that Coupa may communicate, and follow instructions to make changes to Customer Data and/or Customer's instances, with its Designated Support Contacts via email, phone or through the Support Portal.

Customer shall ensure that Customer's Designated Support Contacts are trained on the use and administration of the Hosted Applications. Customer shall ensure that the name, contact and other information for these Designated Support Contacts are current in the Support Portal. Customer may replace Designated Support Contacts by updating the applicable information in the Support Portal, provided that at no time may Customer have more than the number of Designated Support Contacts permitted based on its Support Level.

7. **Support Exclusions**

Coupa is not required to provide resolutions for immaterial defects or defects due to modifications of the Hosted Applications made by anyone other than Coupa (or anyone acting at Coupa's direction). Technical Support does not include professional services for implementation, configuration, integration or customization of a Hosted Application or custom software development, training or assistance with administrative functions.

8. **Update Process**

Coupa shall use commercially reasonable efforts to (1) monitor the Hosted Applications and related infrastructure for opportunities to address performance, availability and security issues; and (2) at Coupa's discretion, deliver functionality enhancements to address customer and market requirements to improve such Hosted Applications based on Coupa innovation.

Coupa's update and release process, as updated from time to time, is described at [https://success.coupa.com/Success/Release Management/01 Release Types](https://success.coupa.com/Success/Release_Management/01_Release_Types) ("**Update Process**"). Customer shall upon notice comply with the Update Process and understands that not all Technical Support may be available if Customer does not comply with the Update Process and only the latest release of the Coupa Platform and Hosted Applications contains the most current features, availability, performance and security, including software fixes. Coupa is not responsible for product defects or security issues affecting the Hosted Applications or failure to meet the Uptime SLA (defined in [Exhibit A-2](#)) for Hosted Applications when Customer is not in compliance with the Update Process.

**EXHIBIT A-2: SERVICE LEVEL AGREEMENT (SLA)**

If service outages result in a failure of any production instance of a Hosted Application to meet an uptime availability requirement of 99.8% over a calendar month ("**Uptime SLA**"), Customer's sole and exclusive remedy shall be a service credit equal to the greater of:

Ten percent (10%) of the subscription fees set forth in the applicable Order Form for the applicable Hosted Application for that calendar month; or

The actual unavailability rate for that calendar month (as an example, if the Hosted Application has an uptime availability of 85% during a calendar month, then the service credit shall be fifteen percent (15%) of the applicable subscription fees for that calendar month).

The following events shall be excluded in calculating Uptime SLA:

Planned maintenance windows, which are described at [https://success.coupa.com/Success/Release Management/03 Maintenance Windows](https://success.coupa.com/Success/Release_Management/03_Maintenance_Windows); and

Emergency maintenance required to address an exigent situation with the Hosted Application or Coupa Platform that if not addressed on an emergency basis could result in material harm to the Hosted Application or Coupa Platform. Coupa shall provide advance notice of emergency maintenance via the Support Portal to the extent practicable.

Any unavailability caused by circumstances beyond Coupa's reasonable control, including without limitation, unavailability due to Customer or its Users' acts or omissions, a Force Majeure Event, Internet service provider failures or delays, failure or malfunction of equipment or systems not belonging to or controlled by Coupa,

Items (a) – (c) collectively, "**Excused Downtime**".

Coupa reserves the right to perform planned maintenance outside the target periods above if circumstances require, and Coupa shall provide prior notice to Customer via the Support Portal before doing so.

Uptime SLA is calculated as follows:

$\frac{(x - y - z)}{(x - z)} \times 100$	<p><math>x</math> = total number of minutes in a calendar month  <math>y</math> = downtime that is not excluded  <math>z</math> = Excused Downtime (as defined above)</p>
--	---

Customer must request all service credits in writing to Coupa within thirty (30) days of the end of the month in which the Uptime SLA was not met, including identifying the period Customer's production instance of the Hosted Applications was not available. Coupa shall apply the service credit during Customer's next billing cycle unless the service credit is reasonably disputed by Coupa, in which case Customer and Coupa shall work together in good faith to resolve such dispute in a timely manner. The total amount of service credits for any month may not exceed the applicable monthly subscription fee for the affected Hosted Applications, and has no cash value (unless a service credit is owed at the termination or expiration of this Agreement without a renewal order, in which case, such service credit shall be paid to Customer within ninety (90) days of the end of the Subscription Term). Uptime and other system performance metrics can be found on [trust.coupa.com](http://trust.coupa.com).

**EXHIBIT A-3: DATA SECURITY MEASURES**

The following terms may be updated from time to time, however, for each Order Form, terms effective as of execution of the Order Form shall apply for the duration of the applicable Subscription Term.

(A) **ORGANIZATIONAL ACCESS CONTROL**

**Control Environment.** Coupa employees are required to sign a written acknowledgement form documenting their receipt and understanding of the employee handbook and their responsibility for adhering to the policies and procedures therein. Employees are also required to sign a confidentiality agreement agreeing not to disclose proprietary or confidential information, including client information, to unauthorized parties.

**Access Administration.** Coupa employees do not have direct access to Customer Data, except where necessary for Technical Support, system management, maintenance, backups and other purposes separately authorized by Customer in writing. Access to Customer Data is further restricted to technical and customer support staff on a need-to-know basis. When an employee or contractor no longer has a business need for these privileges, his or her access is revoked in a timely manner, even if he or she continues to be an employee or contractor of Coupa. Coupa's policies require Coupa personnel to report any known security incidents to Coupa management, including the Coupa Security Officer, for investigation and action.

**Personnel Screening.** Criminal background checks are performed for employees with access to Customer Data as a component of the hiring process.

**Security Awareness and Training.** Coupa maintains a security awareness program that includes appropriate training of Coupa personnel on Coupa's security program. Training is conducted at the time of hire and periodically in accordance with the Coupa Information Security Policy.

**Subprocessors and Data Transfer.** Coupa may engage Subprocessors and other Third-Party Suppliers (each as defined below) to perform some of its obligations under the Agreement. Coupa shall ensure that Subprocessors only access and use Customer Data in accordance with the terms of the Agreement and that they are bound by written obligations to protect Customer Data. At the written request of Customer, Coupa shall provide additional information regarding Third Party Suppliers and their locations. Customer may send such requests to Data Privacy Officer at [legalnotices@coupa.com](mailto:legalnotices@coupa.com). "**Third-Party Suppliers**" means third-party contractors and suppliers engaged by Coupa in the context of the provision of the Hosted Applications or Coupa Platform. "**Subprocessors**" means those Coupa Affiliates and Third-Party Suppliers that have access to, and process, Customer Data. As part of providing the Hosted Applications or Coupa Platform, Coupa may transfer, store and process Customer Data in the Europe Economic Area, United States of America, and India or any other country in which Coupa and its Subprocessors maintain facilities.

**Business Continuity Management Process.** Coupa shall maintain a business continuity plan (BCP) that defines the processes and procedures for the company to follow in the event of a disaster and shall review and shall regularly test Coupa's disaster recovery plan to ensure that it is capable of recovering Coupa assets and continuing key Coupa business processes in a timely manner.

(B) **PHYSICAL ACCESS CONTROL**

**Physical Protection of the Data Centers.** Physical access to data centers is strictly controlled by the cloud infrastructure provider ("IaaS Provider") both at the perimeter and at building ingress points by security staff. Authorized staff must pass a two-factor authentication to access data center floors which are monitored by cameras. All visitors and contractors are required to present identification and are signed in and continually escorted by authorized staff. The IaaS Provider only provides data center access and information to employees and contractors who have a legitimate business need for such privileges. When an employee or contractor no longer has a business need for these privileges, his or her access is immediately revoked, even if he or she continues to be an employee or contractor of the IaaS Provider. All physical access to data centers is logged and audited routinely.

**Availability.** Data centers are built in various global regions. All data centers are online and serving customers; no data center is "cold." In case of failure, automated processes move Customer Data traffic away from the affected area.

The datacenters have backup power and environmental protection systems, which are regularly maintained and tested.

**Disaster Recovery.** Coupa shall create a disaster recovery plan designed to provide appropriate technical and operational controls to deliver a recovery time objective (RTO) of no more than 1 hour and a recovery point objective (RPO) of availability with data loss of no more than 1 hour for the Hosted Applications.

**Fire Detection and Suppression.** Automatic fire detection and suppression equipment has been installed to reduce risk and damage to data center environments.

**Power.** The data center electrical power systems are designed to be fully redundant and maintainable without impact to operations, 24 hours a day, and seven days a week. Data center facilities have power backup and environmental protection systems in the event of an electrical failure for critical and essential loads in the facility.

**Climate and Temperature.** Data centers are conditioned to maintain atmospheric conditions at optimal levels. Personnel and systems monitor and control temperature and humidity at appropriate levels.

**Monitoring.** The IaaS Provider monitors electrical, mechanical, and life support systems and equipment so that any issues are immediately identified. Preventative maintenance is performed to maintain the continued operability of equipment.

(C) **TECHNICAL SECURITY MEASURES**

**Database Protection.** Database infrastructure is completely segregated from the application servers and the Internet via firewalls.

**Encryption.** All communications are encrypted between the data exporter and the data centers using high-grade encryption (AES-256). Access to Coupa's on-demand applications and services is only available through secure sessions (https) and only available with an authenticated login and password. Passwords are never transmitted or stored in their original form.

**Intrusion Protection.** The application infrastructure is protected against intrusion by industry standard firewalls at the network, host, and application levels, and intrusion detection systems across all servers. Customer is prohibited from performing its own penetration on any system of Coupa or its supplier.

**Instance Isolation.** Different IaaS instances are hosted on the same physical machine and are isolated from each other through the hypervisor layer. All packets pass through this layer, so that another instance has no more access to Customer's instance than any other host on the Internet – the instances look like they are on separate physical hosts. Customer instances in the IaaS infrastructure have no access to raw disk devices, but instead are presented with virtualized disks.

**Malicious Software Protection.** Coupa and the IaaS Provider shall ensure that the Hosted Applications and the Coupa Platform include reasonably up-to-date versions of system security agent software which shall include reasonably current and tested malware protection, patches and anti-virus protection.

(D) **RETURN OF CUSTOMER DATA**

Customer will have a period of 30 days after the effective date of termination of the Agreement ("**Transition Period**") to download any available data produced by the Hosted Applications ("**Transactional Data**") based on Customer Data. Customer may seek assistance from Coupa during the Transition Period to download large files of the Transactional Data. Upon such request, Coupa will promptly make available for download Transactional Data in comma separated value (.csv) format along with attachments in their native format. For clarity, such Transactional Data will not include system generated log files or Coupa specific configuration data. After such Transition Period, Coupa shall have no obligation to maintain or provide any Customer Data and may thereafter, unless legally prohibited, delete all Customer Data in its systems or otherwise in its possession or under its control.

(E) **EXCLUSIONS**

If Customer installs, uses, or enables third party services that interoperate with the Hosted Applications then the Hosted Applications may allow such third party services to access, use, or otherwise process and transmit Customer Data. Coupa's Security Program does not apply to any processing, storage, or transmission of any such Customer Data, and Coupa is not responsible for the security practices (or any acts or omissions) of such third party service providers with respect to data transmitted to and from such third party services. The Security Program excludes: (i) data or information shared with Coupa that is not stored in the applicable Coupa Platform; (ii) data in Customer's virtual private network (VPN) or a third party network other than one that is under a subcontract with Coupa to assist Coupa in fulfilling its obligations in the Agreement; or (iii) any data used, processed, stored or transmitted by Customer or Users in violation of this Agreement.

(“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, to the extent that they are consistent with Federal law, including but not limited to GSAR 52.212-4(u) Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer (“Licensee” or “Organization”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-82, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) shall take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Termination shall be governed by the FAR. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act (41 U.S.C. §§ 7101-7109), the Tucker Act (28 U.S.C. § 1491), the Administrative Procedures Act (5 U.S.C. §§ 701-706), and the Federal Tort Claims Act (28 U.S.C. § 1346(b)), and other applicable Federal law, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States, except as otherwise set forth in the Manufacturer’s Specific Terms. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** While equitable remedies are generally not awarded against the Government absent a statute providing therefore, it is not the intention of either party to waive any rights it may have to seek an equitable remedy in any court of competent jurisdiction. All clauses in the Manufacturer Specific Terms referencing equitable remedies which are expressly prohibited by applicable Federal Law are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Excusable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall promptly notify the Contracting Officer in writing after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with commercially reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor when the Contractor is indemnifying the Government are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute. Notwithstanding the foregoing, Contractor shall not be bound by any settlement or waiver of rights that is entered into by the Government without the Manufacturer's prior written consent.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412). Notwithstanding the foregoing, the GSA Customer shall make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 C.F.R. Part 1315.

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, the Contract Disputes Act, and other applicable Federal Law.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a

Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider nor the Manufacturer's Specific Terms nor the Contractor's Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the Order of Precedence clause in FAR 52.212-4(s) shall govern. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

In addition, the Parties may, subject to mutual agreement as to the specific content, issue joint publicity materials, including, but not limited to, press releases. Other than as set forth herein, neither Party will, without the prior written approval of the other Party, issue any public statements or promotional materials disclosing the existence of this Order Form or the performance of Services hereunder. Coursera recognizes that when the end user is the Federal Government neither the Order Form nor this Agreement is confidential; provided, however, the Organization shall, in accordance with their regulations and standard operating procedures, give Coursera prior written notice and an opportunity to redact confidential or proprietary information prior to any public release or disclosure of this Agreement or an Order Form.

In order to allow the Parties to evaluate the effectiveness of Course content for Organization training purposes and for purposes of allowing Coursera to continually improve upon its Platform and related offerings, Coursera will provide aggregate level data about the participation of Users in Courses selected and paid for by Organization, subject to and in accordance with Coursera’s privacy policies attached hereto as Attachment A and incorporated by this reference. Each party will respect the confidentiality and privacy of such User data and operate in accordance with applicable law with respect to its use and handling of same. The rights set out in Section 1(a) do not include the right to, and Organization will not (either directly or indirectly): (i) copy, sublicense, rent, lease, barter, swap, resell, or commercialize the Platform, Courses, or Specializations, in whole or in part; (ii) transfer, transmit, enable, or allow access to or use of the Platform, Courses, or Specializations, whether in whole or in part, by any means, to a third party; (iii) create external derivative works of the Platform, Courses, or Specializations; (iv) use the Platform, Courses, or Specializations in any manner that is fraudulent, deceptive, threatening, harassing, defamatory, unlawful, illegal, obscene, or otherwise objectionable in Coursera’s reasonable discretion; (v) “crawl,” “scrape,” “spider,” or otherwise copy or store any portion of the Platform, Courses, or Specializations for any purpose not contemplated under this Order Form (e.g., in order to mimic the functionality and/or output of the Platform, Courses, or Specializations, in whole or in part); (vi) disassemble, reverse engineer, decompile, or otherwise attempt to obtain the source code or underlying logic of any portion of the

Platform, Courses, or Specializations; (vii) use the Platform, Courses, or Specializations as part of any machine learning or similar algorithmic activity; or (viii) publish or distribute the Platform, Courses, or Specializations, or materials derived from the Platform, Courses, or Specializations, to third parties.

**Intellectual Property.** Coursera retains all rights, titles, and interests in and to the Platform, Courses, and Specializations and improvements thereto, together with any tools, materials, specifications, guidelines, and instructions provided by Coursera to Organization, as well as all intellectual property rights, including all copyrights, trademarks, patents, rights in databases, goodwill, trade secrets, and moral rights. Organization will not remove, obscure, or alter any copyright or trademark notices or other notices provided in or through the Platform, Courses, or Specializations. Any rights not expressly granted to Organization in this Order Form are reserved by Coursera.

**Fees and Billing.** The GSA Schedule Contract Holder will invoice Organization for the Fees set forth herein upon execution of an Order Form. Organization will pay the invoice on the payment terms set forth in this Order Form in accordance with the GSA Schedule Pricelist.

**Taxes.** The GSA Schedule Contract Holder shall state separately on invoices taxes excluded from the fees, and the Organization agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Term.** The term of this Order Form shall commence on the Effective Date and shall continue in full force and effect for the agreed upon period from the Launch Date, unless terminated in accordance with Section 6 (Termination) (the "**Term**"). Upon expiration of the Term, access to the Platform will no longer be made available by Coursera under this Order Form (including paid access to uncompleted Courses).

#### **Termination.**

**Termination for Breach.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under FAR 52.233-1, Disputes. During the pendency of any dispute under FAR 52.233-1, Disputes, Coursera shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement.

**Effects of Expiration or Termination.** Upon expiration or termination of this Order Form for any reason: (i) all rights granted and obligations incurred by one Party to the other that are intended to cease upon expiration or termination will cease immediately; (ii) upon request each Party will promptly return or destroy all Confidential Information of the other Party; and (iii) all Services shall immediately cease.

Organization shall give Coursera prior written notice and an opportunity to redact pricing and other sensitive information in connection with any FOIA request.

#### **Representations and Disclaimers.**

**Representations.** Each Party represents that: (i) it has full power and authority to enter into the Order Form; and (ii) it will comply with all laws and regulations applicable to its performance of its obligations under this Order Form. Notwithstanding any other provision of this Order Form, neither Party shall take any action or omit to take any action under this Order Form or in connection with its business that would cause it to be in violation, in any applicable jurisdiction, of: (i) anticorruption laws and regulations, including but not limited to the Foreign Corrupt Practices Act (U.S) and The Bribery Act 2010 (U.K.); or (ii) anti-money laundering laws or regulations. HAVE AGREED on the following Contractual Clauses (the Clauses) in order to adduce adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals for the transfer by the data exporter to the data importer of the personal data specified in Appendix 1.

Clause 1

Definitions

For the purposes of the Clauses:

‘personal data’, ‘special categories of data’, ‘process/processing’, ‘controller’, ‘processor’, ‘data subject’ and ‘supervisory authority’ shall have the same meaning as in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data;

‘the data exporter’ means the controller who transfers the personal data;

‘the data importer’ means the processor who agrees to receive from the data exporter personal data intended for processing on his behalf after the transfer in accordance with his instructions and the terms of the Clauses and who is not subject to a third country’s system ensuring adequate protection within the meaning of Article 25(1) of Directive 95/46/EC;

‘the subprocessor’ means any processor engaged by the data importer or by any other subprocessor of the data importer who agrees to receive from the data importer or from any other subprocessor of the data importer personal data exclusively intended for processing activities to be carried out on behalf of the data exporter after the transfer in accordance with his instructions, the terms of the Clauses and the terms of the written subcontract;

‘the applicable data protection law’ means the legislation protecting the fundamental rights and freedoms of individuals and, in particular, their right to privacy with respect to the processing of personal data applicable to a data controller in the Member State in which the data exporter is established;

‘technical and organisational security measures’ means those measures aimed at protecting personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing.

## Clause 2

### Details of the transfer

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 which forms an integral part of the Clauses.

## Clause 3

### Third-party beneficiary clause

The data subject can enforce against the data exporter this Clause, Clause 4(b) to (i), Clause 5(a) to (e), and to (j), Clause 6(1) and (2), Clause 7, Clause 8(2), and Clauses 9 to 12 as third-party beneficiary.

The data subject can enforce against the data importer this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where the data exporter has factually disappeared or has ceased to exist in law unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity.

The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.

The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

## Clause 4

### Obligations of the data exporter

The data exporter agrees and warrants:

that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;

that it has instructed and throughout the duration of the personal data processing services will instruct the data importer to process the personal data transferred only on the data exporter's behalf and in accordance with the applicable data protection law and the Clauses;

that the data importer will provide sufficient guarantees in respect of the technical and organisational

security measures specified in Appendix 2 to this contract;

that after assessment of the requirements of the applicable data protection law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;

that it will ensure compliance with the security measures;

that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;

to forward any notification received from the data importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;

to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;

that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and

that it will ensure compliance with Clause 4(a) to (i).

## Clause 5

### Obligations of the data importer

The data importer agrees and warrants:

to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;

that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;

that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;

that it will promptly notify the data exporter about:

any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation,

any accidental or unauthorised access, and

any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;

to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;

at the request of the data exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority;

to make available to the data subject upon request a copy of the Clauses, or any existing contract for

subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter;

that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent;

that the processing services by the subprocessor will be carried out in accordance with Clause 11;

to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

## Clause 6

### Liability

The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered.

If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.

If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

## Clause 7

### Mediation and jurisdiction

The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject: to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority; (b) to refer the dispute to the courts in the Member State in which the data exporter is established.

The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

### Clause 8

#### Cooperation with supervisory authorities

The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.

The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.

The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

### Clause 9

#### Governing Law

The Clauses shall be governed by the law of the Member State in which the data exporter is established, namely the location of the data exporter.

## Clause 10

### Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

## Clause 11

### Subprocessing

The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement.

The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.

The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established, namely the location of the data exporter.

The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

## Clause 12

### Obligation after the termination of personal data processing services

The parties agree that on the termination of the provision of data processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless

legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.

The data importer and the subprocessor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
