**Enterprise Product** means any Desktop Platform Product that Microsoft designates as an Enterprise Product in the Product List and chosen for you by the Government Partner. Enterprise Products must be licensed for all Qualified Devices and Qualified Users

Introduction      -+ Universal Terms -+ Desktop Apps -+ Desktop OS      -+ Processor/CAL -+ Server/CAL      -+ Per Core

on an Enterprise-wide basis under a Microsoft Volume Licensing program. Enterprise Products are treated as Products, except as otherwise noted

**External Connector License** means a License attached to a Server that permits access to the server software by External Users.

**External Users** means users that are not either your or your Affiliates' employees, or your or your affiliates' onsite contractors or onsite agents.

**Fleet Applications** means software that uses MapPoint, and data from sensors used specifically with multiple vehicles to provide location information (such as GPS systems and triangulation devices).

**Hardware Thread** means either a Physical Core or a hyper-thread in a Physical Processor.

**High Performance Computing ("HPC") Workload** means a workload where the server software is used to run a Cluster Node and is used in conjunction with other software as necessary to permit security, storage, performance enhancement and systems management on a Cluster Node for the purpose of supporting the Clustered HPC Applications.

**Industry Device (also known as line of business device)** means any device that: (1) is not useable in its deployed configuration as a general purpose personal computing device (e.g., a personal computer), a multi-function server, or a commercially viable substitute for one of these systems; and (2) only employs an industry or task-specific software program (e.g., a computer-aided design program used by an architect or a point of sale program) ("Industry Program"). The device may include features and functions derived from Microsoft software or third-party software. If the device performs desktop functions (such as email, word processing, spreadsheets, database, network or Internet browsing, or scheduling, or personal finance), then the desktop functions: (1) may only be used for the purpose of supporting the Industry Program functionality; and (2) must be technically integrated with the Industry Program or employ technically enforced policies or architecture to operate only when used with the Industry Program functionality.

**Instance** means an image of software that is created by executing the software's setup or install procedure or by duplicating an existing Instance.

**License** means your right to download, install, access and use a Product. For certain Products, a License may be available on a fixed term or subscription basis ("Subscription License"). Licenses for Online Services will be considered Subscription Licenses.

**Licensed Device** means the single physical hardware system to which a License is assigned. For purposes of this definition, a hardware partition or blade is considered to be a separate device.

**Licensed Server** means the single Server to which a License is assigned. For purposes of this definition, a hardware partition or blade is considered to be a separate Server.

**Licensed User** means the single person to whom a License is assigned.

**Management License** means a License that permits management of one or more OSEs. There are two categories of Management Licenses: Server Management License and Client Management License. There are three types of Client Management Licenses: User, OSE and device. A User Management License permits management of any OSE accessed by one user; an OSE Management License permits management of one OSE accessed by any user; a device Management License (Core CAL or Enterprise CAL Suite) permits management of any OSE on one device.

**Managing an OSE** means to solicit or receive data about, configure, or give instructions to the hardware or software that is directly or indirectly associated with the OSE. It does not include discovering the presence of a device or OSE.

**Non-Microsoft Product** means any software, data, service, website or other Product licensed, sold or otherwise provided to you by an entity other than us, whether you obtained it via our Online Services or elsewhere.

**Online Service** means the Microsoft-hosted services identified in the Online Services section of the Product List.

**Operating System Environment (OSE)** means all or part of an operating system Instance, or all or part of a virtual (or otherwise emulated) operating system Instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights, and instances of applications, if any, configured to run on the operating system Instance or parts identified above. There are two types of OSEs, physical and virtual. A physical hardware system can have one Physical OSE and/or one or more Virtual OSEs.

**Physical Core** means a core in a Physical Processor.

**Physical OSE** means an OSE that is configured to run directly on a physical hardware system. The operating system Instance used to run hardware virtualization software (e.g. Microsoft Hyper-V Server or similar technologies) or to provide hardware virtualization services (e.g. Microsoft virtualization technology or similar technologies) is considered part of the Physical OSE.

**Physical Processor** means a processor in a physical hardware system.

**Product** means all Products identified on the Product List, such as software, Online Services and other web-based services, including pre-release or beta versions. Products may be made available under programs that vary by region.

---

Introduction    -+ Universal Terms   -+ Desktop Apps   -+ Desktop OS   -+ Processor/CAL   -+ Server/CAL   -+ Per Core

**Product List** means the statement published by Microsoft from time to time on the World Wide Web at <http://www.microsoft.com/licensing/contracts>, or at a successor site that Microsoft identifies. The Product List includes any Product-specific conditions or limitations on the acquisition of Licenses for, or use of, Products.

**Qualified Device** means any device that is used by or for the benefit of your Enterprise and is: (1) a personal desktop computer, portable computer, workstation, or similar device capable of running Windows Professional locally (in a physical or virtual operating system environment), or (2) a device used to access a virtual desktop infrastructure (“VDI”). Qualified Devices do not include any device that is: (1) designated as a server and not used as a personal computer, (2) an Industry Device, or (3) not managed (as defined in the Product List at the start of the applicable initial or renewal term of the Enrollment) as part of your Enterprise.

At its option, the Enrolled Affiliate may designate any device excluded above (e.g., Industry Device) that is used by or for the benefit of the Enrolled Affiliate’s Enterprise as a Qualified Device for all or a subset of Enterprise Products or Online Services the Enrolled Affiliate has selected.

**Qualified User** means a person (e.g., employee, consultant, contingent staff, etc.) who: (1) is a user of a Qualified Device, or (2) accesses any server software requiring an Enterprise Product CAL or any Enterprise Online Services. It does not include a person who accesses server software or Online Services solely under a License identified in the Qualified User exemptions in the Product List.

**Reserved License** means for an Online Service identified as eligible for true-ups in the Product List, the License reserved by Enrolled Affiliate prior to use and for which Microsoft will make the Online Service available for activation.

**Production Environment** means any Physical or Virtual OSE running a production workload or accessing production data, or any Physical OSE hosting one or more Virtual OSEs running production workloads or accessing production data.

**Qualifying Third Party Device** means a device that is not controlled, directly or indirectly, by you or your affiliates (e.g., a third party’s public kiosk).

**Running Instance** means an Instance of software that is loaded into memory and for which one or more instructions have been executed. (You “Run an Instance” of software by loading it into memory and executing one or more of its instructions.) Once running, an Instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.

**SL** means Subscription License.

**Server** means a physical hardware system capable of running server software. **Server Farm** means a single data center or two data centers each physically located:

- in a time zone that is within four hours of the local time zone of the other (Coordinated Universal Time (UTC) and not DST), and/or
- within the European Union (EU) and/or European Free Trade Association (EFTA).

**VDI Licensed Device** means a device to which you assign a VDI suite License and from which you access and remotely use virtual Client OSEs.

**VDI Host** means a device on which you host virtual Client OSEs running software you access and remotely use from VDI Licensed Devices.

**VDI Software** means the Microsoft software for which you are granted use, access or management rights under the VDI Suite License.

**Virtual Core** means the unit of processing power in a virtual hardware system. A Virtual Core is the virtual representation of one or more hardware threads.

**Virtual OSE** means an OSE that is configured to run on a virtual hardware system.

**Virtual Processor** means a processor in a virtual hardware system. Solely for licensing purposes under the Server: Per Processor Licensing Model, a virtual processor is considered to have the same number of threads and cores as each physical processor on the underlying physical hardware system.

**Web Workloads** (also referred to as “Internet Web Solutions”) are publicly accessible and consist solely of web pages, websites, web applications, web services, and/or POP3 mail serving. For clarity, access to content, information, and applications served by the software within an Internet Web Solution is not limited to your or your affiliates’ employees.

Software in Internet Web Solutions is used to run:

- web server software (for example, Microsoft Internet Information Services), and management or security agents (for example, System Center Operations Manager agent);
- database engine software (for example, Microsoft SQL Server) to support Internet Web Solutions.
- the Domain Name System (DNS) service to provide resolution of Internet names to IP addresses as long as that is not the sole function of that instance of the software.

Introduction    -+ Universal Terms -+ Desktop Apps -+                      Desktop OS -+ Processor/CAL -+                      Server/CAL -+                      Per Core

## Your Use Rights

If you comply with your Volume Licensing Agreement, you may use the software and Online Services as expressly permitted in these License Agreement/Product Use Rights.

### Rights to use other versions

For any permitted copy or instance, you may create, store, install, run or access in place of the version licensed, a copy or instance of a prior version, different permitted language version, or different available platform version (for example, 32 bit or 64 bit). You may use different versions of components only as permitted under the Product-Specific License Terms. The use of an earlier version under these downgrade rights does not extend the support lifecycle of the earlier version.

### Third Party Software

The software may contain third party proprietary programs that are licensed under separate terms that are presented to you. The software may also contain third party open source programs that Microsoft, not the third party, licenses to you under Microsoft's license terms. Notices, if any, for the third party open source programs are included for your information only.

### Pre-release Code

Pre-release code is subject to any specific terms that accompany it.

### Updates and Supplements

We may update or supplement the software you license. If so, you may use that update or supplement with the software, subject to any additional terms that accompany the update or supplement.

### No Commercial Hosting

You may not host the Products for commercial hosting services.

### Technical Limitations

You must comply with any technical limitations in the Products that only allow you to use them in certain ways. You may not work around them.

### Other Rights

Rights to access the software on any device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access that device.

### Documentation

Any person that has valid access to your computer or internal network may copy and use the documentation for your internal reference purposes. Documentation does not include electronic books.

### Outsourcing Software Management

You may install and use permitted copies of the software on Servers and other devices that are under the day-to-day management and control of third parties, provided all such Servers and other devices are and remain fully dedicated to your use. You are responsible for all of the obligations under your Volume Licensing Agreement regardless of the physical location of the hardware upon which the software is used.

### License Reassignment

Most, but not all, Licenses may be reassigned from one device or user to another. The general rules governing License reassignment are described below, along with some special rules for certain Products and License types.

#### LIMITATIONS ON LICENSE REASSIGNMENT

Except as permitted below, you may not reassign Licenses on a short-term basis (within 90 days of the last assignment), nor may you reassign Licenses for Rental Rights, or Software Assurance separately from the underlying License to which the Software Assurance is attached.

#### CONDITION ON LICENSE REASSIGNMENT

When you reassign a License from one device or user to another, you must remove the software or block access from the former device or from the former user’s device.

**SPECIAL CONSIDERATIONS FOR CERTAIN PRODUCTS AND LICENSE TYPES**

**CALs, Management Licenses and User/Device Subscription Licenses (SLs).** You may reassign a CAL, Management License or user or device SL on a short-term basis, to cover a user’s absence or the unavailability of a device that is out of service. Reassignment of these Licenses for any other purpose or timeframe must be permanent. This right does not apply to

Introduction      -+ Universal Terms -+ Desktop Apps -+      Desktop OS -+ Processor/CAL -+      Server/CAL -+      Per Core

Enterprise Mobility Suite Add-on User SLs, Enterprise Mobility Suite User SLs, Windows desktop operating system User SLs, or Window Virtual Desktop Access (VDA) Licenses or User SLs.

**Early Reassignment Due to Hardware Failure.** You may reassign sooner than within 90 days of the last assignment if you retire the Licensed Device or server due to permanent hardware failure. This right applies to: all server licenses (other than CALs and Management Licenses), Enterprise Mobility Suite and Enterprise Mobility Suite Add-on User SLs, Windows Virtual Desktop Access Subscription Licenses, VDI suites, and Visual Studio Load Test Virtual User Pack 2010.

**Reassignment of Software Assurance Related Rights.** Licenses that are granted or acquired in connection with Software Assurance coverage (e.g., Windows Thin PC, MDOP, User SLs for Software Assurance) generally must be reassigned as and when the qualifying License and Software Assurance are reassigned.

**Subscription Licenses for the Windows desktop operating system.** You may reassign your Windows (VDA) Subscription Licenses and Software Assurance for the Windows desktop operating system User SLs, subject to the general limitation against short-term reassignment and assignment rules stated in the Product List.

**Reassignment of Software Assurance for Windows per Device and Windows Industry operating systems.** You may reassign Software Assurance coverage and the underlying Windows Enterprise Upgrade License or Windows Industry Enterprise Upgrade License to a replacement device, but not on a short-term basis, and only if that replacement device is licensed for a qualifying operating system as required in the Product List; provided, however, you must remove any related desktop operating system upgrades from the former device. Reassignment of a Windows Enterprise Upgrade License or Windows Industry Enterprise Upgrade License may only be done if the upgrade License is covered by active Software Assurance.

**License Mobility within Server Farms and Server Re-partitioning.** You may reassign certain server licenses on a short-term basis under License Mobility within Server Farms rights and Server Repartitioning.

#### Product Activation

Some products and are protected by technological measures and require activation and a Volume License Product key to install or access them. Activation associates the use of the software with a specific device. For information about when activation or a product key is required, see the Product Activation section on <http://www.microsoft.com/licensing/activation>. You are responsible for both the use of product keys assigned to you and activation of Products using your Key Management Service (KMS) machines. Volume License product keys are confidential and subject to the confidentiality provision in your Volume Licensing Agreement with Microsoft. You may not disclose product keys to third parties at any time, even after your Volume Licensing Agreement with Microsoft terminates or expires and notwithstanding any time limitation to the contrary.

#### KMS AND MULTIPLE ACTIVATION KEY (MAK) ACTIVATION

During Multiple Activation Key (MAK) activation, the software will send information about the software and the device to Microsoft. During Key Management Service (KMS) host activation, the software will send information about the KMS host software and the host device to Microsoft. KMS client devices activated using KMS do not send information to Microsoft. However, they require periodic reactivation with your KMS host. The information sent to Microsoft during MAK or KMS host activation includes:

- the version, language and product key of the software
- the Internet protocol address of the device
- information derived from the hardware configuration of the device.

For more information, see <http://www.microsoft.com/licensing/existing-customers/product-activation.aspx>. By using the software, you consent to the transmission of this information. Before you activate, you have the right to use the version of the software installed during the installation process. Your right to use the software after the time specified in the installation process is limited unless it is activated. This is to prevent its unlicensed use. You are not licensed to continue using the software after that time if you do not activate it. If the device is connected to the Internet, the software may automatically connect to Microsoft for activation. You can also activate the software manually by Internet or telephone. If you do so, Internet and telephone service charges may apply. Some changes to your computer components or the software may require you to reactivate the software. The software will remind you to activate it until you do.

#### PROPER USE OF KMS

You may not provide unsecured access to your KMS machines over an uncontrolled network such as the Internet.

**UNAUTHORIZED USE OF MAK OR KMS KEYS**

Microsoft may take any of these actions related to unauthorized use or disclosure of MAK or KMS keys: prevent further activations, deactivate, or otherwise block the product key from activation or validation. Key deactivation may require the customer to acquire a new product key from Microsoft.

**Additional Functionality/Optional Service**

We may provide additional functionality for or an optional add-on service to the Products. Other License terms or use rights, and fees may apply.

<u>Introduction</u>	-+	<u>Universal Terms</u>	-+	<u>DesktopApps</u>	-+	<u>Desktop OS</u>	-+	<u>Processor/CAL</u>	-+	<u>Server/CAL</u>	-+	<u>Per Core</u>
Mgmt		-+		<u>Specialty Servers</u>	-+	<u>Dev Tools</u>	-+	<u>Online Services</u>	-+	<u>Combined Models</u>	-+	<u>Product Index</u>

**Using More than One Product or Functionality Together**

You need a license for each Product and separately licensed functionality used on a device or by a user. For example, if you use Office on Windows, you need Licenses for both Office and Windows. Likewise, to access Remote Desktop Services in Windows Server you need both a Windows Server CAL and a Remote Desktop Services CAL.

**Font Components**

While you run the software or use an Online Service provided by Microsoft, you may use the fonts included with or installed by that software or Online Service, respectively, to display and print content. You may only embed fonts in content as permitted by the embedding restrictions in the fonts; and temporarily download them to a printer or other output device to print content.

**Windows Software Components**

The software includes one or more of the following Windows Software Components: Microsoft .NET Framework, Microsoft Data Access Components, Powershell software and certain .dlls related to Microsoft Build, Windows Identity Foundation, Windows Library for JavaScript, Debghelp.dll, and Web Deploy technologies. All these are part of Windows software. Except as provided in Benchmark Testing below, the license terms for Microsoft Windows apply to your use of these components.

**Benchmark Testing****SOFTWARE**

You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the server software or additional software that comes with it. This applies to Products in the Microsoft Servers or Microsoft Developer Tools Licensing Models (see Table of Contents). This does not apply to the .NET Framework (see below) or to Windows Server. It, however, does apply to SQL Technology, in any, licensed with these Products.

**MICROSOFT .NET FRAMEWORK**

The software may include one or more components of the .NET Framework (“.NET Components”). If so, you may conduct internal benchmark testing of those components. You may disclose the results of any benchmark test of those components, provided that you comply with the conditions set forth at <http://go.microsoft.com/fwlink/?LinkID=66406>. Notwithstanding any other agreement you may have with Microsoft, if you disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of your Products that compete with the applicable .NET Component, provided it complies with the same conditions set forth at <http://go.microsoft.com/fwlink/?LinkID=66406>.

**Products That Include SQL Server Technology**

If your edition of the software includes a SQL Server database software Product licensed under the Product-Specific license terms (“SQL Server Database”) you may run that SQL Server Database in one or more physical or virtual operating system environments on any of your servers to support the software. You may also use the same instances of SQL Server Database to support other Products that include any version of SQL Server Database. You do not need SQL Server CALs for such use.

You may not share that instance to support any Product that is not licensed with SQL Server Database.

If your edition of the software includes SQL Server-branded components other than a SQL Server Database, such components are licensed to you under the terms of their respective License s. Such License s may be found:

- in the “legal”, “License s” or similarly named folder in the installation directory of the software, and may be contained in standalone license agreements or appended to the software’s license agreement; or
- through the software’s unified installer.

If you do not agree to a SQL Server-branded component’s license terms, you may not use the component.

**SQL Server Reporting Services Map Report Item**

Power View and SQL Reporting Services Map Item both include use of Bing Maps, including geocodes, within Power View or SQL Reporting Services Map Item. Your use of Bing Maps is also governed by the Bing Maps End User Terms of Use available at:

<http://go.microsoft.com/?linkid=9710837> and the Bing Maps Privacy Statement available at: <http://go.microsoft.com/fwlink/?LinkID=248686>.

## Multiplexing

Hardware or software you use to pool connections, reroute information, reduce the number of devices or users that directly access or use the Product, or reduce the number of operating system environments (or OSEs), devices or users the Product directly manages, (sometimes referred to as “multiplexing” or “pooling”), does not reduce the number of License s of any type that you need.

## System Center Packs

The license terms for the applicable System Center Products apply to your use of Management Packs, Configuration Packs, Process Packs and Integration Packs included with the software.

<u>Introduction</u>	-+ <u>Universal Terms</u> -+ <u>Desktop Apps</u> -+	<u>Desktop OS</u> -+ <u>Processor/CAL</u> -+	<u>Server/CAL</u> -+	<u>Per Core</u>

## Distributable Code

The software or Online Service may include code that you are permitted to distribute in programs you develop if you comply with the terms below.

### RIGHT TO USE AND DISTRIBUTE

The code and text files listed below are “Distributable Code.” These License Agreement/Product Use Rights may provide rights to other Distributable Code.

**REDIST.TXT Files:** You may copy and distribute the object code form of code listed in REDIST.TXT files.

**Sample Code:** You may modify, copy, and distribute the source and object code form of code marked as “sample.”

**OTHER-DIST.TXT Files:** You may copy and distribute the object code form of code listed in OTHER-DIST.TXT files.

**Third Party Distribution:** You may permit distributors of your programs to copy and distribute the Distributable Code as part of those programs.

**Silverlight Libraries:** Copy and distribute the object code form of code marked as “Silverlight Libraries”, Silverlight “Client Libraries” and Silverlight “Server Libraries”;

**Additional License Terms for Products in the Developer Tools Section of these License Agreement/Product Use Rights:** The software may also contain the following Distributable Code. You may:

**REDIST.TXT Files:** Copy and distribute files listed in the REDIST list located at <http://go.microsoft.com/fwlink/?LinkId=286955>;

**Sample Code:** Modify, copy, and distribute source and object code form of code marked as “Code Snippet”;

**Image Library:** Copy and distribute images and animations in the Image Library as described in the software documentation. You may also modify that content. If you modify the content, it must be for use that is consistent with the permitted use of the unmodified content.

**Templates, Site Templates and Blend Site Templates for Visual Studio:** Modify, copy, deploy and distribute the source and object code form of templates and code marked as “site templates”;

**Fonts and Blend Fonts for Visual Studio:** Distribute unmodified copies of the Buxton Sketch font, SketchFlowPrint font and SegoeMarker font;

**Styles and Blend Styles for Visual Studio:** Copy, modify and distribute the object code form of code identified as “XStyles”;

**Icons:** Distribute unmodified copies of code marked as “icons”;

**ASP.NET MVC and Web Tooling Extensions:** Modify, copy and distribute or deploy any .js files contained in the [ASP.NET](#) Model View Controller, [ASP.NET](#) Web Pages or in the Web Tooling Extensions as part of your [ASP.NET](#) programs;

**Visual Studio LightSwitch Project Templates:** Modify, copy and distribute or deploy the .js files contained in the Visual Studio LightSwitch project templates as part of your LightSwitch programs.

**Windows Library for JavaScript.** Copy and use the Windows Library for JavaScript, without modification, in your programs that you develop for your internal use or in programs that you develop and distribute to third parties. The following also applies to your programs that work in conjunction with the Windows Library for JavaScript. The Windows Library for JavaScript files helps your programs implement the Windows design template and UI look and feel. You may distribute programs containing the Windows Library for JavaScript only through the Windows Store and not by any other means.

**Setup Program:** Distribute distributable code included in a setup program only as part of that setup program. You may not modify it.

**EXTENSIBILITY KIT - Files for Microsoft Commerce Server 2009 Standard and Enterprise Editions:** Copy and distribute the source and object code form of the code marked as “Extensibility Kit”; and

**Access Runtime Files.** Copy and distribute the object code form of SETUP.EXE, ACCESSRT.MSI, and ACCESSRT.CAB files from a licensed copy of Microsoft Office Professional Plus 2013 or Microsoft Office Access 2010 software. You and your end users may only use these files to provide database features for your non-database management programs.

### DISTRIBUTION REQUIREMENTS

For any Distributable Code you distribute, you must:

add significant primary functionality to it in your programs;

for any Distributable Code having a filename extension of .lib, distribute only the results of running such Distributable Code through a linker with your program;

distribute Distributable Code included in a setup program only as part of that setup program without modification;

require distributors and external end users to agree to terms that protect it at least as much as your Volume Licensing Agreement,

including these License Agreement/Product Use Rights and the Product List; and display your valid copyright notice on your programs.

Introduction → Universal Terms → Desktop Apps → Desktop OS → **Processor/CAL** → Server/CAL → Per Core

Mgmt → Specialty Servers → Dev Tools → Online Services → Combined Models → Appendices → Product Index

## DISTRIBUTION LIMITATIONS

You may not:

alter any copyright, trademark or patent notice in the Distributable Code;

use Microsoft's trademarks in your programs' names or in a way that suggests your programs come from or are endorsed by Microsoft;

distribute Distributable Code, to run on a platform other than Microsoft operating systems, run-time technologies, or application platforms, except that JavaScript, CSS and HTML files included for use in websites and web applications (as opposed to Windows Library for JavaScript files) may be distributed to run any platform;

include Distributable Code in malicious, deceptive or unlawful programs; or

modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that the code be disclosed or distributed in source code form, or that others have the right to modify it.

## Software Plus Services

Microsoft may provide services with products through software features that connect with Microsoft or service provider computer systems over the Internet. It may change or cancel the services at any time. You may not use the services in any way that could harm them or impair anyone else's use of them. You may not use the services to try to gain unauthorized access to any service, data, account or network by any means.

## Creating and Storing Instances

You may create and store any number of instances of the software on any of your servers or storage media solely to exercise your right to run instances of the software under your server licenses or your Windows Enterprise license terms.

## No Separation of Software

You may not separate the software for use in more than one OSE under a single License, unless expressly permitted. This applies even if the OSEs are on the same physical hardware system.

## Additional Terms

## Licenses for Products

**Products.** Unless otherwise specified elsewhere in these License Agreement / Product Use Rights, use of any Product that you license is governed by the License Agreement / Product Use Rights specific to each Product and version and by the terms of your Volume Licensing Agreement.

**Fixes.** Fixes are licensed according to the License terms applicable to the Product to which those Fixes relate. If the Fixes are not provided for a specific Product, any other use terms Microsoft provides with the Fixes will apply, and if no use terms are provided, you shall have a non-exclusive, perpetual, fully paid-up License to use and reproduce the Fixes solely for your internal use. You may not modify, change the file name of, or combine any Fixes with any non-Microsoft computer code, except as expressly permitted by Microsoft.

**Reservation of rights.** All rights not expressly granted are reserved.

Upon Microsoft's acceptance of the Government Partner Enrollment on your behalf, you have the following rights during the term of the applicable Enrollment. These rights apply to the Licenses obtained under an Enrollment and are not related to any order or fulfillment of software media. The ability to run current or later versions of a Product licensed under your Volume Licensing Agreement could be affected by minimum system requirements or other factors (e.g., hardware or other software).

## General.

For Enterprise and Enterprise Subscription Enrollments: You may use the number of Licenses ordered for the latest version of a Product, and may use prior versions as permitted in these License Agreement/Product Use Rights, so long as Microsoft receives timely orders and

payments from Government Partner for all required Licenses for such Products and you comply with applicable License terms. The Licenses obtained under an Enrollment are not related to any order or fulfillment of software media.

For Select Enrollments and Select Plus Affiliate Registrations: At any time after the effective date of the Enrollment or after your registration has been accepted by us, you may run for your own benefit as many available Products you choose, provided that you submit orders for all copies of Licenses in the month in which those copies are first run by you and the Government Partner submits orders on your behalf to Microsoft for such Licenses.

Introduction      -+ Universal Terms -+ Desktop Apps -+      Desktop OS -+ Processor/CAL -+      Server/CAL      -+      Per Core

**Use by Affiliates.** You may sublicense the right to use the Products to any of your agency Affiliates included in your Enterprise, but Affiliate recipient of Licenses may not sublicense these rights and its use must be consistent with the License terms contained in these License Agreement/ Product Use Rights.

**Special rule for Enterprise Products.** So long you place annual true-up orders as required and the Government submits such orders to Microsoft as required on your behalf under an Enterprise Enrollment (but not under an Enterprise Subscription Enrollment), you may use the latest version (or any prior version) of each Enterprise Product on each of your Qualified Desktops as permitted in the License Agreement/Product Use Rights. In addition, for CALs, each Qualified Desktop (or, for CALs that are User-based Licenses, each Qualified User) covered by the Enrollment may access and use the associated server software.

**When Licenses become perpetual.** All perpetual Licenses acquired under your Microsoft Volume Licensing Agreement remain subject to the terms of these License Agreement/Product Use Rights and such terms survive expiration or termination of your Microsoft Volume Licensing Agreement or an Enrollment. If you obtain perpetual rights as provided in this Section, then you will have perpetual Licenses to use the Products ordered in the latest version available (or any prior version) as of the date of expiration, termination, or renewal.

The right to run any Product licensed under an Enterprise Enrollment is temporary until:

the Government Partner has paid for a License in full and the applicable initial Enrollment or renewal term during which the License was ordered must have expired or been terminated as permitted in the Microsoft Volume Licensing Agreement.

you are otherwise eligible for perpetual Licenses upon early termination as provided in the Enterprise Agreement.

Thereafter, you will have perpetual Licenses to run the Products ordered in the latest version available (or any prior version) as of the date of expiration, termination, or renewal of the Enterprise Enrollment. The number of perpetual Licenses will be equal to:

For Enterprise Products other than CALs that are User-based Licenses, the total number of Qualified Desktops covered by the Enrollment;

For CALs that are User-based Licenses, the total number of Qualified Users covered by the Enrollment; and

For each Additional Product, the total number of Licenses ordered during the applicable initial Enrollment term or renewal term.

Subscription (Online Services) Licenses are not perpetual under any circumstances.

In the case of early termination of an Enrollment because you terminate your contract with the Government Partner for which the Enrollment was placed (“Early Termination”) then Government Partner on behalf of you and at your direction will have the following options for Licenses, excluding Subscription Licenses:

Government Partner may immediately pay to Microsoft the total remaining amount due, including all installments, in which case, you will have perpetual rights for all Licenses Government Partner has ordered for you; or

Government Partner may pay only amounts due as of the termination date, in which case you will have perpetual Licenses (including the latest version of Products ordered under Software Assurance coverage in an initial or renewal term) for (1) all copies of Products for which payment has been made in full and (2) a proportional number of copies of Products it has ordered for which payment has been made. Your election of an option above must be documented in writing with the Government Partner.

The right to run any Product licensed under an Enterprise Subscription Enrollment is temporary unless and until a Government Partner elects on your behalf and at your direction to obtain perpetual Licenses under the buy-out option, if a buy-out option is available, and pays for the License in full.

When Licenses become perpetual under a Select Enrollment and Select Plus Affiliate Registrations:

License only. Your right to run copies of any Product for which a Government Partner orders on your behalf is temporary until the Government Partner has paid for that License in full. Thereafter, you will have a perpetual License to run the number of copies ordered in the version ordered.

License and Software Assurance (“L&SA”) or Software Assurance. Your right to run copies of any Product for which Government Partner orders L&SA or Software Assurance on your behalf is temporary until:

o The Government Partner has paid all installments of the price for such coverage and the applicable initial Enrollment (or Order in the case of Select Plus) or renewal term during which such Product Licenses were ordered has expired or been renewed, or

you are otherwise eligible for perpetual Licenses as provided in the Government Partner's Select or Select Plus Agreement with Microsoft.

Thereafter, you will have perpetual Licenses to run the Products ordered in the latest versions available as of the date of expiration, renewal, or termination (or any prior version) for the number of copies ordered or renewed.

In cases of Early Termination. In the case of Early Termination you will be entitled to perpetual Licenses only if the Government Partner pays to Microsoft all amounts due and payable as of the termination date.

Subscription (Online Services) Licenses are not perpetual under any circumstances.

**Perpetual Licenses through Software Assurance.** Any perpetual Licenses received through Software Assurance supersede and replace the underlying perpetual Licenses for which that Software Assurance coverage was ordered. All perpetual Licenses acquired under your Volume Licensing Agreement remain subject to the terms of your Volume Licensing Agreement and the applicable License Agreement/Product Use Rights. (References to perpetual Licenses do not apply to Licenses through Software Assurance under an Enterprise Subscription Enrollment.)

## True-Up.

**True-Up Order.** Unless expressly stated otherwise in your Volume Licensing Agreement, you must submit an annual true-up order that accounts for changes since the initial order or last true-up order, including: (1) any increase in licenses, including any increase in Qualified Devices or Qualified Users and Reserved Licenses; (2) Transitions (if permitted); or (3) Subscription License quantity reduction (if permitted). Microsoft, at its discretion, may validate the true-up data submitted through a formal Product deployment assessment using an approved Microsoft partner.

**Enterprise Products.** You must determine the number of Qualified Devices and Qualified Users (if ordering user-based Licenses) at the time the true-up order is placed and must order additional Licenses for all Qualified Devices and Qualified Users that are not already covered by existing Licenses, including any Enterprise Online Services.

**Additional Products.** For Products that have been previously ordered, you must determine the Additional Products used and order the License difference (if any).

**Online Services.** For Online Services identified as eligible for true-up orders in the Product List, you, through Government Partner, may first reserve the additional Licenses prior to use. Microsoft will provide a report of Reserved Licenses in excess of existing orders to Government Partner. Reserved Licenses will be invoiced retroactively for the prior year based upon the month in which they were reserved.

**Transitions.** You must report all Transitions. Transitions may result in an increase in Licenses to be included on the true-up order and a reduction of Licenses for prior orders. Reductions in Licenses will be effective at end of the Transition Period. Associated invoices will also reflect this change. For Licenses paid upfront Microsoft will issue a credit for the remaining months of Software Assurance or Subscription Licenses that were reduced as part of the Transition.

**True-up due date.** The true-up order must be received by Microsoft between 60 and 30 days prior to the Enrollment anniversary date. The third-year anniversary true-up order is due within 30 days prior to the Expiration Date. You, through Government Partner, may true-up more often than at each Enrollment anniversary date except for Subscription License reductions.

**Late true-up.** If the true-up order is not received when due:

Microsoft will invoice Government Partner for all Reserved Licenses not previously ordered.

Transitions and Subscription License reductions cannot be reported until the following Enrollment anniversary date (or at Enrollment renewal, as applicable).

**Subscription License reductions.** You, through Government Partner, may reduce the quantity of Subscription Licenses at the enrollment anniversary date on a prospective basis if permitted in the Product List as follows:

For Subscription Licenses part of an Enterprise-wide purchase, Licenses may be reduced if the total quantity of Licenses and Software Assurance for an applicable group meets or exceeds the quantity of Qualified Devices identified on the Product Selection Form. Step-up Licenses do not count towards this total count.

For Enterprise Online Services not a part of an Enterprise-wide purchase, Licenses can be reduced as long as the initial order minimum requirements are maintained.

For Additional Products available as Subscription Licenses, you, through Government Partner may reduce the Licenses. If the License count is reduced to zero, then Enrolled Affiliate's use of the applicable Subscription License will be cancelled.

Invoices will be adjusted to reflect any reductions in Subscription Licenses at the true-up order Enrollment anniversary date and effective as of such date.

<u>Introduction</u>	→	<u>Universal Terms</u>	→	<u>Desktop Apps</u>	→	<u>Desktop OS</u>	→	<u>Processor/CAL</u>	→	<u>Server/CAL</u>	→	<u>Per Core</u>	
Mgmt Servers		→	<u>Specialty Servers</u>	→	<u>Dev Tools</u>	→	<u>Online Services</u>	→	<u>Combined Models</u>	→	<u>Appendices</u>	→	<u>Product Index</u>

**Update statement.** An update statement must be submitted instead of a true-up order if, as of the initial order or last true-up order, your Enterprise: (1) has not changed the number of Qualified Devices and Qualified Users licensed with Enterprise Products or Enterprise Online Services; and (2) has not increased its usage of Additional Products. This update statement must be signed by your authorized representative. The update statement must be received by Microsoft between 60 and 30 days prior to the Enrollment anniversary date. The last update statement is due within 30 days prior to the Expiration Date.

### **For Application Platforms Enrollments only, notwithstanding anything to the contrary:**

**License Agreement/Product Use Rights.** For Application Platform Products, if a new Product version has more restrictive use rights than the version that is current at the start of the applicable initial or renewal term of the Enrollment, those more restrictive use rights will not apply to your use of that Product during the term.

Baseline Licenses are superseded. Baseline Licenses (as defined below) are superseded and replaced by the Licenses granted under the Application Platform Enrollment.

Transitions. The following requirements apply to Transitions:

Licenses with active Software Assurance or Subscription Licenses may be Transitioned at any time if permitted in the Product List. While you may Transition any time, you will not be able to reduce Licenses or associated Software Assurance prior to the end of the Transition Period.

If a Transition is made back to a License that had active Software Assurance as of the date of Transition, then Software Assurance will need to be re-ordered for all such Licenses on a prospective basis following the Transition Period. Software Assurance coverage may not exceed the quantity of perpetual Licenses for which Software Assurance was current at the time of any prior Transition. Software Assurance may not be applied to Licenses transferred by you.

If a device-based License is Transitioned to a user-based License, all users of the device must be licensed as part of the Transition.

If a user-based License is Transitioned to a device-based License, all devices accessed by the user must be licensed as part of the Transition.

**Effect of Transition on Licenses.** Transition will not affect your rights in perpetual Licenses paid in full.

New version rights will be granted for perpetual Licenses covered by Software Assurance up to the end of the Transition Period.

For L&SA not paid in full at the end of the Transition Period, you will have perpetual Licenses for a proportional amount equal to the amounts paid for the Transitioned Product as of the end of the Transition Period.

For L&SA not paid in full or granted a perpetual License in accordance with the above or Subscription Licenses, all rights to Transitioned Licenses cease at the end of the Transition Period.

**Customer Data.** Upon expiration or termination of a License for Online Services, you, through Government Partner must tell Microsoft whether you want Microsoft to:

disable your account and then delete your Customer Data (“Data Deletion”); or

retain your Customer Data in a limited function account for at least 90 days after expiration or termination of the License for such Online Service (the “Retention Period”) so that you may extract its Customer Data.

If Government Partner indicates that you want Data Deletion, you will not be able to extract your Customer Data. If Government Partner indicates you want a Retention Period, you will be able to extract your Customer Data through Microsoft’s standard processes and tools, and Government Partner will reimburse Microsoft if there are any applicable costs to the extent permitted by applicable law. If you do not indicate either Data Deletion or a Retention Period, Microsoft will retain your Customer Data in accordance with the Retention Period.

Following the expiration of the Retention Period, Microsoft will disable your account and then delete your Customer Data.

You agree that, other than as described above, Microsoft has no obligation to continue to hold, export or return your Customer Data. You agree Microsoft has no liability whatsoever for deletion of your Customer Data pursuant to these terms.

**How to Know which License Agreement/Product Use Rights Apply.**

License Agreement/Product Use Rights. Microsoft publishes License Agreement/Product Use Rights for each version of each Product. Use of any Product that Government Partner licenses from Microsoft on your behalf is governed by License

Introduction      -+ Universal Terms -+ Desktop Apps -+ Desktop OS      -+ Processor/CAL -+ Server/CAL      -+ Per Core

Agreement/Product Use Rights specific to each Product and version and by the terms of the Microsoft Volume Licensing Agreement under which Government Partner licensed the Product, unless specifically agreed by Microsoft in writing. The latest version of the License Agreement/Product Use Rights is available at <https://www.explore.ms> or at a successor site or by some other reasonable means. Government Partner will provide you with a copy of the applicable License Agreement/Product Use Rights upon request.

License Agreement/Product Use Rights for current and future versions of Products.

The License Agreement/Product Use Rights in effect on the effective date of an Enrollment will apply to your use of then- current versions of each Product (excluding Online Services). For future versions, the License Agreement/Product Use Rights in effect when those future versions are first released will apply. In both cases, subsequent changes made by Microsoft to the License Agreement/Product Use Rights for a particular version will not apply to your use of that version, unless you choose to have such changes apply. The use rights for Online Services and the process for updating them as the Online Services evolve are detailed in the Online Services Section of these License Agreement / Product Use Rights.

License Agreement/Product Use Rights for earlier versions (downgrade).

If you run an earlier version of a Product than the version that was current on the Enrollment effective date, the License Agreement/Product Use Rights for the version licensed, not the version being run, will apply. However, if the earlier version includes components that are not part of the licensed version, any License Agreement/Product Use Rights specific to those components will apply to your use of those components.

Licenses purchased on a non-perpetual basis. Any reference in this License Agreement/Product Use Rights to a right to run Products on a perpetual basis applies to Licenses acquired under your Volume Licensing Agreement for non-perpetual Licenses only if you elect to obtain perpetual Licenses subject to any applicable terms in your Volume Licensing Agreement permitting the acquisition of perpetual Licenses.

Microsoft or your reseller or Government Partner will provide you with a copy of the applicable License Agreement/Product Use Rights or we will make them available either by publication on the World Wide Web at a site we identify or by some other reasonable means. You acknowledge that you and your Affiliates have access to the World Wide Web.

## **Transferring and reassigning Licenses.**

**Transferring Licenses to third parties.** You may transfer fully-paid perpetual Licenses

if you are an agency of the U.S. Government, to another agency of the U.S. Government or to an unaffiliated third party in connection with (i) a privatization of the government agency or of an operating division of you or one of your Affiliates, (ii) a reorganization, or (iii) a consolidation; or

if you are an agency of a state or local government to: (a) any other government agency, department, instrumentality, division, unit or other office of your state or local government that is supervised by or is part of you, or which supervises you or of which you are a part, or which is under common supervision with you; (ii) any county, borough, commonwealth, city, municipality, town, township, special purpose district, or other similar type of governmental instrumentality established by the laws of your state and located within your state's jurisdiction and geographic boundaries; and (iii) any other entity expressly authorized by the laws of your state to purchase under state contracts, or (b) an unaffiliated third party in connection with a privatization of an affiliate of agency as set forth in (a) above or of an operating division of you or one of your Affiliates as set forth in (a) above, a reorganization, or a consolidation.

To do so, you must complete and send to Microsoft a transfer notice in a form which can be obtained from <http://microsoft.com/licensing/contracts> before the transfer. All other transfers require Microsoft’s prior written consent. Guidance on what types of transfers are permissible can be found at <http://microsoft.com/licensing/contracts>. No License transfer will be valid unless you provide to the transferee, and the transferee accepts in writing, the applicable License Agreement/Product Use Rights, use restrictions, limitations of liability, and the transfer restrictions described in this document. Any transfer not made in compliance with this section will be void. The resale of Licenses, including any transfer by you or your Affiliate with a primary purpose to enable the transfer of those Licenses to an unaffiliated third party, is expressly prohibited.

**Certain transfers not permitted.**

You may not transfer any of the following:

Licenses on a short-term basis (90 days or less).

temporary rights to use Products.

Software Assurance coverage or benefits.

Introduction + Universal Terms + Desktop Apps + Desktop OS + Processor/CAL + Server/CAL + Per Core

perpetual Licenses for any version of any Product acquired through Software Assurance separately from the underlying perpetual Licenses for which that Software Assurance coverage was ordered.

an upgrade License for a desktop operating system Product separately from the underlying desktop operating system License or from the computer system on which the Product is first installed.

full version desktop operating system Licenses, unless transferred with the sale of the device for which it operates.

Online Services Products.

any Licenses for resale to unaffiliated third parties.

Internal reassignment of Licenses and Software Assurance.

Licenses and Software Assurance must be assigned to a single user or device within your Enterprise. Licenses may be reassigned as described in these License Agreement/Product Use Rights.

## Restrictions on use.

You shall not:

separate and use the components of a Product on two or more computers, upgrade or downgrade components at different times, or transfer components separately, except as provided in this License Agreement/Product Use Rights; reverse engineer, decompile or disassemble any Product or Fix, except where applicable law permits it despite this limitation;

distribute, sublicense, rent, lease, lend or host any Product or Fix, except as expressly agreed to by Microsoft in writing, these License Agreement/Product Use Rights, or in a separate written agreement.

US. Export jurisdiction. Products and Fixes are subject to U.S. export jurisdiction. You must comply with all applicable laws including the U.S. Export Administration Regulations, the International Traffic in Arms Regulations, as well as end-user, end-use and destination restrictions issued by U.S. and other governments as applicable. For additional information, see <http://www.microsoft.com/exporting>.

## Warranties.

**Limited Product warranty.** We warrant that:

Online Services will perform in accordance with the applicable Service Level Agreement; and

Products other than Online Services will perform substantially as described in the applicable Microsoft user documentation.

**Limited warranty term.** The limited warranty for:

Online Services is for the duration of your use of the Online Service, subject to the notice requirements in the applicable Service Level Agreement; and

Products other than Online Services is one year from the date you first use the Product.

**Limited warranty exclusions.** This limited warranty is subject to the following limitations:

any implied warranties, guarantees or conditions not able to be disclaimed as a matter of law last for one year from the start of the limited warranty;

the limited warranty does not cover problems caused by accident, abuse or use in a manner inconsistent with this agreement or the License Agreement/Product Use Rights, or resulting from events beyond our reasonable control;

the limited warranty does not apply to components of Products that you are permitted to redistribute;

the limited warranty does not apply to free, trial, pre-release, or beta Products; and

the limited warranty does not apply to problems caused by the failure to meet minimum system requirements.

Introduction + Universal Terms + Desktop Apps + Desktop OS + Processor/CAL + Server/CAL + Per Core

**Remedies for breach of limited warranty.** If we fail to meet any of the above limited warranties and you notify us within the warranty period, then we will:

for Online Services, provide the remedies identified in the Service Level Agreement for the affected Online Service; and  
for Products other than Online Services, at its option either (1) return the price paid or (2) repair or replace the Product.

These are your only remedies for breach of the limited warranty, unless other remedies are required to be provided under applicable law.

**DISCLAIMER OF OTHER WARRANTIES. OTHER THAN THIS LIMITED WARRANTY, WE PROVIDE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS. WE DISCLAIM ANY IMPLIED REPRESENTATIONS, WARRANTIES OR CONDITIONS, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SATISFACTORY QUALITY, TITLE OR NON-INFRINGEMENT. THESE DISCLAIMERS WILL APPLY UNLESS APPLICABLE LAW DOES NOT PERMIT THEM.**

**Defense of infringement, misappropriation, and third party claims.**

**Microsoft's agreement to protect.** For any claims made by an unaffiliated third party against you that any Product or Fix that is made available by us for a fee infringes that party's patent, copyright or trademark or makes intentional unlawful use of its Trade Secret, we will pay the amount of any resulting adverse final judgment (or settlement to which we consent) subject to the terms of this Section G. This section provides your exclusive remedy for these claims. Trade Secret means information that is not generally known or readily ascertainable to the public, has economic value as a result, and has been subject to reasonable steps under the circumstances to maintain its secrecy.

**Limitations on defense obligation.** Our obligations will not apply to the extent that the claim or award is based on:

Your use of the Product or Fix after we notify you to discontinue that use due to a third party claim;  
Customer Data, code, or materials provided by you as part of the use of an Online Service;

any Customer Data or non-Microsoft software we host on your behalf infringes the third party's patent, copyright, or trademark or makes intentional unlawful use of its Trade Secret; or

arise from your Affiliate's or your end user's violation of the License Agreement/Product Use Rights or these Additional Use Right and Restrictions.

Your combination of the Product or Fix with a non-Microsoft Product, data or business process;  
damages attributable to the value of the use of a non-Microsoft Product, data or business process;  
modifications that you make to the Product or Fix;

Your redistribution of the Product or Fix to, or your use for the benefit of, any unaffiliated third party, except as expressly permitted by Microsoft in writing or this License Agreement/Product Use Rights;

Your use of our trademark(s) without express written consent to do so; or

any Trade Secret claim, where you acquire the Trade Secret (1) through improper means; (2) under circumstances giving rise to a duty to maintain its secrecy or limit its use; or (3) from a person (other than us or our affiliates) who owed to the party asserting the claim a duty to maintain the secrecy or limit the use of the Trade Secret.

In addition, you agree that:

any Customer Data or non-Microsoft software that we host will not infringe on any third party's patent, copyright, or trademark nor make intentional unlawful use of any third party's Trade Secret; and  
you will not:

use a Product or Fix after we notify you to discontinue use due to a third party claim;  
violate these License Agreement /Product Use Rights;

modify any Product or Fix;

redistribute the Product or Fix, or use such Product or Fix for the benefit of any unaffiliated third party, except as expressly permitted by your Microsoft Volume Licensing Agreement or this License Agreement/Product Use Rights;

use our trademark(s) without our express written consent to do so; and intentionally use or disclose a third party's Trade Secret.

**Specific rights and remedies in case of infringement.**

Introduction    -+ Universal Terms -+ Desktop Apps -+ Desktop OS    -+ **Processor/CAL** -+ Server/CAL    -+ Per Core

**Our rights in addressing possible infringement.** If we receive information concerning an infringement claim related to a Product or Fix, we may, at our expense either:

procure for you the right to continue to run the allegedly infringing Product or Fix, or

modify the Product or Fix, or replace it with a functional equivalent, to make it non-infringing, in which case you will immediately cease use of the allegedly infringing Product or Fix after receiving notice from us.

**Your specific remedy in case of injunction.** If, as a result of an infringement claim, your use of a Product or Fix that is made available by us for a fee is enjoined by a court of competent jurisdiction, we will, at our option, either

procure the right to continue its use, or

replace it with a functional equivalent, or

modify it to make it non-infringing, or

refund the amount paid (or, for Online Services, refund any amounts paid in advance for unused Online Services) and terminate the License or right to access the infringing Product or Fix.

**Your agreement to protect.** You agree that use of Customer Data or non-Microsoft software in connection with the Online Service will not infringe, misappropriate, or otherwise violate any applicable law or regulation, including without limitation any copyright, patent, trade secret, trademark, or other legal right of any third party. A violation of the foregoing may be considered a material breach of this License Agreement/Product Use Rights which may be resolved by a court or authorized administrative authority pursuant to the Contract Disputes Act (41 U.S.C. §§7101- 7109).

**Obligations of protected party.** You must notify us promptly in writing of a claim subject to the subsection titled “Microsoft’s agreement to protect” and allow Microsoft to assist in your defense or settlement, to the extent permitted by applicable law. We will not be bound by any settlement to which we do not agree to in writing. Microsoft must notify you promptly in writing of a claim subject to the subsection titled “Your agreement to protect.” To the extent permitted by applicable law, you must provide reasonable assistance in defending the claim. We will reimburse you for reasonable out of pocket expenses that it incurs in providing assistance.

Notwithstanding the foregoing, Microsoft’s rights set forth in this section (and the rights of the third party claiming infringement) shall be governed by the provisions of 28 U.S.C. § 1498.

## **Limitation of liability.**

**Limitation on liability.** Except as otherwise provided in this section, to the extent permitted by applicable law, the liability of each party and its contractors arising under this License Agreement/Product Use Rights is limited to direct damages up to for Products other than Online Services, the amount you or your Affiliate were required to pay for the Product giving rise to that liability and (2) for Online Services, the amount you were required to pay for the Online Service giving rise to that liability during the prior 12 months. In the case of Products provided free of charge, or code that you are authorized to redistribute to third parties without separate payment to us, our liability is limited to U.S. \$5,000. These limitations apply regardless of whether the liability is based on breach of contract, tort (including negligence), strict liability, breach of warranties, or any other legal theory. For Products other than Online Services, however, these monetary limitations will not apply to:

Our and your obligations and/or claims under the section titled “Defense of infringement, misappropriation, and third party claims”;

liability for damages caused by either party’s gross negligence or willful misconduct, or that of its employees or agents, and awarded by a court of final adjudication (provided that, in jurisdictions that do not recognize a legal distinction between “gross negligence” and “negligence,” “gross negligence” as used in this subsection shall mean “recklessness”);

liability for personal injury or death caused by our negligence or that of our employees or agents or for fraudulent misrepresentation; and

violation by either party of the other party’s intellectual property rights. For Online Services, these

monetary limitations will not apply to:

Our and your obligations and/or claims under the section titled "Defense of infringement, misappropriation, and third party claims"; and violation by either party of the other party's intellectual property rights.

---

Introduction	-+ <u>Universal Terms</u>	-+ <u>Desktop Apps</u>	-+ _____ <u>Desktop OS</u>	-+ <u>Processor/CAL</u>	-+ <u>Server/CAL</u>	-+ <u>Per Core</u>
--------------	---------------------------	------------------------	----------------------------	-------------------------	----------------------	--------------------

**EXCLUSION OF CERTAIN DAMAGES. TO THE EXTENT PERMITTED BY APPLICABLE LAW, WHATEVER THE LEGAL BASIS FOR THE CLAIM, NEITHER PARTY, NOR ANY OF ITS AFFILIATES, OR CONTRACTORS, WILL BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, SPECIAL OR INCIDENTAL DAMAGES, OR DAMAGES FOR LOST PROFITS, REVENUES, BUSINESS INTERRUPTION, OR LOSS OF BUSINESS INFORMATION ARISING IN CONNECTION WITH THIS LICENSE AGREEMENT/PRODUCT USE RIGHTS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF SUCH POSSIBILITY WAS REASONABLY FORESEEABLE. HOWEVER, THIS EXCLUSION DOES NOT APPLY TO EITHER PARTY'S LIABILITY TO THE OTHER FOR VIOLATION OF THE OTHER PARTY'S INTELLECTUAL PROPERTY RIGHTS, OR THE PARTIES' RESPECTIVE OBLIGATIONS IN THE SECTION TITLED "DEFENSE OF INFRINGEMENT, MISAPPROPRIATION, AND THIRD PARTY CLAIMS."**

This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this License Agreement/Product Use Rights after a fine or penalty is imposed pursuant to a final determination by the appropriate governing authority under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

### **Verifying compliance.**

**Right to verify compliance.** You must keep records relating to the Products you and your Affiliates use or redistribute. We have the right to verify compliance with the License Agreement/Product Use Rights, at our expense, during the term of the applicable Enrollment (or if your Agreement with Government Partner does not have Enrollments, then during the term of that government contract) and for a period of one year thereafter.

**Verification process and limitations.** To verify compliance, we may either engage an independent auditor, which will be subject to a confidentiality obligation or engage an approved Microsoft partner to conduct a formal product deployment assessment. Verification will take place upon not fewer than 30 days notice during normal business hours and in a manner that does not interfere unreasonably with your operations and in accordance with your security obligations. You must promptly provide the independent auditor or approved Microsoft partner with any information it reasonably requests in furtherance of the verification, including access to systems running the Products and evidence of Licenses for Products you host, sublicense, or distribute to third parties. As an alternative, and at our discretion, we can require you to complete our self-audit questionnaire relating to the Products you and any of your Affiliates use or distribute under the License Agreement/Product Use Rights, but reserve the right to use a verification process as set out above.

If we undertake verification and do not find material unlicensed use (License shortage of 5% or more per Product), we will not undertake another verification of the same entity for at least one year. We and the independent auditors (or approved Microsoft partner) will use the information obtained in compliance verification only to enforce our rights and to determine whether you are in compliance with the terms of the License Agreement/Product Use Rights. By invoking the rights and procedures described above, we do not waive our rights to enforce these License Agreement/Product Use Rights or to protect our intellectual property by any other means permitted by law.

**Remedies for non-compliance.** If verification or self-audit reveals any unlicensed use, we, through our resellers or Government Partners, will promptly invoice you for sufficient Licenses to cover such use. If material unlicensed use is found,

(a) you may be completely responsible for the costs we have incurred in verification, to the extent permitted by 31 U.S.C. § 1341 (Anti-Deficiency Act) and other applicable Federal law or similar state law (as applicable), and (b) you must pay the invoice in accordance with the procedures set forth in your Volume Licensing Agreement for the additional Licenses within 30 days which will entitle you to use such Licenses. Notwithstanding the foregoing, nothing in this section prevents you from disputing any invoice in accordance with the Contract Disputes Act (41 U.S.C. §§7101-7109).

**Severability.** If a court holds any provision of this License Agreement/Product Use Rights to be illegal, invalid or unenforceable, the rest of the document will remain in effect and this License Agreement/Product Use Rights will be amended to give effect to the eliminated provision to the maximum extent possible.

**Waiver.** A waiver of any breach of this License Agreement/Product Use Rights is not a waiver of any other breach. Any waiver must be in writing and signed by an authorized representative of the waiving party.

### **Non-Microsoft Software or Technology.**

You are solely responsible for any non-Microsoft software or technology that you install or use with the Products, or Fixes. Microsoft is not a party to and is not bound by any terms governing your use of non-Microsoft software or technology. Without limiting the foregoing, non-Microsoft software or scripts linked to or referenced from any Product website, are licensed to you under the open source licenses used by the third parties that own such code, not by Microsoft.

If you install or use any non-Microsoft software or technology with the Products or Fixes, you direct and control the installation in and use of such software or technology in the Products or Fixes through your actions (e.g., through your use of application programming interfaces and other technical means that are part of the Online Services). Microsoft will not run or make any copies of such non-Microsoft software or technology outside of its relationship with you.

If you install or use any non-Microsoft software or technology with the Products or Fixes, you may not do so in any way that would subject Microsoft's intellectual property or technology to obligations beyond those included in your Microsoft Volume Licensing Agreement including these License Agreement/Product Use Rights.

**Privacy.** We and you will comply with all applicable privacy and data protection laws and regulations. You may choose to provide personal information to us on behalf of third parties (including, your contacts, resellers, distributors, and administrators) as part of your Microsoft Volume Licensing Agreement. You represent and warrant that you have and will comply with any applicable laws to provide notices to or obtain permissions from any such individuals to allow sharing of their personal information with us for the purpose of allowing us or our agents to facilitate your Microsoft Volume Licensing Agreements.

You consent to our use of the contact information provided by you for purposes of administering your Microsoft Volume Licensing Agreements, the business relationship and with our sharing of your information with your designated representatives, resellers, distributors, and administrators for such purposes, including allowing such individuals to update your contact information on your behalf. The personal information you provide in connection with your Volume Licensing Agreements will be used and protected according to the privacy statement available at <https://licensing.microsoft.com> to the maximum extent permitted by applicable law. Product-specific privacy commitments are described in this License Agreement/Product Use Rights.

**Disputes.** Violation of any of the terms and/or provisions in this Microsoft License Agreement/Product Use Rights document may be considered a material breach and shall be handled in accordance with the Contracts Disputes Act (41 U.S.C. §§7101-7109).

[Table of Contents / Universal Terms](#)

***GENERAL LICENSE TERMS***

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS) Licensed Device, Server**

You have the rights below for each license you acquire.

You must assign each license to a single device.

You may install the software on the Licensed Device and a network Server.

Unless you license the software as an Enterprise Product or on a company-wide basis, you may also install the software on a single portable device.

You may use any number of copies of the software.

Each license permits only one user to access and use the software at a time.

Local use of the software running on the Licensed Device is permitted for any user.

Local use of the software running on a portable device is permitted for the primary user of the Licensed Device.

Remote use of the software running on the Licensed Device is permitted for the primary user of that device from any device or for any other user from another Licensed Device.

Remote use of the software running on a network Server is permitted for any user from a Licensed Device.

**MEDIA ELEMENTS AND TEMPLATES**

Microsoft grants you a license to copy, distribute, perform and display media elements (images, clip art, animations, sounds, music, video clips, templates and other forms of content) included with the software and the Office web apps in projects and documents, except that you may not: (i) sell, license or distribute copies of any media elements by themselves or as a product if the primary value of the product is the media elements; (ii) grant your customers rights to further license or distribute the media elements; (iii) license or distribute for commercial purposes media elements that include the representation of identifiable individuals,

governments, logos, trademarks, or emblems or use these types of images in ways that could imply an endorsement or association with your product, entity or activity; or (iv) create obscene or scandalous works using the media elements. Other media elements, which are accessible on [Office.com](http://Office.com) or on other websites through Office features, are governed by the terms on those websites.

### **Rental Rights for Office**

The license terms that apply to your use of this product are the following:

#### **Additional Terms:**

Rental Rights modify your right to use qualifying software<sup>1</sup> under an existing license.

Rental Rights waive the prohibition against renting, leasing or lending the software.

You must permanently assign Rental Rights to each device on which you license the software, if you want to rent the device.

You must require users to accept license terms for the software in writing or electronically.

You must notify users that Microsoft offers no warranty to the software, will not defend users against any third party claims or be liable for any damages arising from use of the software.

The software may not be used in a virtual environment.

The software may not be accessed remotely, except for technical support purposes using Remote Assistance or similar technologies.

Rental Rights expire with the underlying license, or upon reassignment of the underlying license or permanent failure of Licensed Device.

<sup>1</sup> See the Product List for qualifying software for Rental Rights.

**DESKTOP OPERATING SYSTEMS (PER COPY PER DEVICE)**

Rental Rights for Windows	31	Windows Embedded 8.1 Industry Pro and Enterprise	32
Windows 8.1 Pro and Enterprise	31		

[Table of Contents](#) / [Universal Terms](#)

**GENERAL LICENSE TERMS**

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE**

**TERMS) Licensed Device**

“Primary user,” for purposes of this section, means the user who uses the device more than 50% of the time in any 90 day period.

You must permanently assign each license to a single device.

You may install one copy of the software on the Licensed Device or within a local virtual hardware system on the Licensed Device.

You may use the software on up to two processors.

Local use is permitted for any user.

Remote use is permitted for the primary user of the Licensed Device and for any other user from another Licensed Device or a Windows VDA Licensed Device.

Only one user may access and use the software at a time.

Another user can access the software at the same time, using Remote Assistance or similar technologies, solely to provide technical support.

You may connect up to 20 devices to the Licensed Device for file sharing, printing, Internet Information Services, Internet Connection Sharing or telephony services.

An unlimited number of connections are allowed for KMS activation or similar technology.

**VALIDATION**

Validation verifies that the software has been activated and is properly licensed. It also verifies that no unauthorized changes have been made to the validation, licensing, or activation functions of the software. Validation may also check for certain malicious or unauthorized software related to such unauthorized changes. A validation check confirming that you are properly licensed permits you to continue to use the software, certain features of the software or to obtain additional benefits. You are not permitted to circumvent validation. This is to prevent unlicensed use of the software. For more information, see <http://windows.microsoft.com/en-US/windows/help/genuine/faq>.

The software will from time to time perform a validation check of the software. The check may be initiated by the software or Microsoft. To enable the activation function and validation checks, the software may from time to time require updates or additional downloads of the validation, licensing or activation functions of the software. The updates or downloads are required for the proper functioning of the software and may be downloaded and installed without further notice to you. During or after a validation check, the software may send information about the software, the computer and the results of the validation check to Microsoft. This information includes, for example, the version and product key of the software, any unauthorized changes made to the validation, licensing or activation functions of the software, any related malicious or unauthorized software found and the Internet protocol address of the computer. Microsoft does not use the information to identify or contact you, except that Microsoft may use and share the information to prevent unlicensed use of the software. By using the software, you consent to the transmission of this information. For more information about validation and what is sent during or after a validation check, see <http://windows.microsoft.com/en-US/windows/genuine/privacy-statement>.

If, after a validation check, the software is found to be counterfeit, improperly licensed, a non-genuine Windows product, or include unauthorized changes, the functionality and experience of using the software will be affected, for example:

Microsoft may repair the software, remove, quarantine or disable any unauthorized changes that may interfere with the proper use of the software, including circumvention of the activation or validation functions of the software, or check and remove malicious or unauthorized software known to be related to such unauthorized changes, or provide notices that the software is improperly licensed or a non-genuine Windows product, and you may receive reminders to obtain a properly licensed copy of the software, or need to follow Microsoft's instructions to be licensed to use the software and reactivate, and you may not be able to obtain certain updates or upgrades from Microsoft.

Introduction      -+ Universal Terms -+ Desktop Apps -+ Desktop OS      -+ Processor/CAL -+ Server/CAL      -+ Per Core

### ICONS, IMAGES, AND SOUNDS

While the software is running, you may access and use its icons, images, sounds, and media only from the licensed computer. You may not share the sample images, sounds and media provided with the software or use them for any other purpose.

### ADOBE FLASH PLAYER

The software may include a version of Adobe Flash Player. You agree that your use of the Adobe Flash Player is governed by the license terms for Adobe Systems Incorporated at <http://go.microsoft.com/fwlink/?linkid=248532>. Adobe and Flash are either registered trademarks or trademarks of Adobe Systems Incorporated in the United States and/or other countries.

## ***PRODUCT-SPECIFIC LICENSE TERMS***

[Table of Contents](#) / [Universal Terms](#)

## Rental Rights for Windows

The license terms that apply to your use of this product are the following:

### **Additional Terms:**

Rental Rights modify your right to use qualifying software<sup>1</sup> under an existing license.

Rental Rights waive the prohibition against renting, leasing or lending the software.

You must permanently assign Rental Rights to each device on which you license the software, if you want to rent the device.

You must require users to accept the license terms for the software in writing or electronically.

You must notify users that Microsoft offers no warranty to the software, will not defend users against any third party claims or be liable for any damages arising from use of the software.

6. .

The software may not be used in a virtual environment.

The software may not be accessed remotely, except for technical support purposes using Remote Assistance or similar technologies.

Rental Rights expire with the underlying license, or upon reassignment of the underlying license or permanent failure of Licensed Device.

<sup>1</sup> See the Product List for qualifying software for Rental Rights.

[Table of Contents](#) / [Universal Terms](#)

## **Windows 8.1 Pro and Enterprise**

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

See Applicable Notices: **Data Transfer, H.264/AVC, VC-1, and MPEG-4 Part 2, Potentially Unwanted Software (Notice I)** (See [Appendix 1](#))

### **Additional Terms:**

### WINDOWS APPS

Windows apps (such as Mail, Calendar, and People) are apps that are developed by Microsoft, included with Windows, and licensed to you under this agreement. You can access each Windows app from its corresponding tile in Start. Some of the Windows apps provide an access point to online services, and the use of those services is sometimes governed by separate terms and privacy policies. You can view these terms and policies by looking at the app's settings. Unless other terms are displayed to you or presented in the app's settings, you agree the services that you access from the Windows apps are governed by the Microsoft Services Agreement at

<http://go.microsoft.com/fwlink/?linkid=246338> or for Windows apps that access Xbox services, the <http://xbox.com/legal/livetou>. We continuously work to improve the services and we may we change the services at any time. The services may not be available in certain countries. You may choose to uninstall any Windows app at any time, and you may also choose to reinstall any Windows app by downloading it from the Windows Store. Some Windows apps include advertising. You may choose to opt out of personalized advertising by visiting <http://choice.live.com>.

FOR WINDOWS 8.1, WINDOWS 8.1 K, WINDOWS 8.1 KN:

Windows 8.1 and Windows 8.1 K include Windows Media Player and related technologies identified by the Korean Fair Trade Commission (KFTC) and a link to the Windows Live Messenger Download. Windows 8.1 KN does not include Windows Media Player or related technologies identified by the KFTC. Please see the Microsoft Product List at

[Introduction](#)      → [Universal Terms](#) → [Desktop Apps](#) → [Desktop OS](#) → [Processor/CAL](#) → [Server/CAL](#) → [Per Core](#)

<http://go.microsoft.com/?linkid=9839207> for details about which language versions and media fulfillment options are available for each of these editions.

#### WINDOWS 8.1 K

The KFTC requires that the software contain links to a Media Player Center Web site and a Messenger Center Web site which have links to third party sites to enable you to download and install third party media players and instant messaging software. The third party sites are not under the control of Microsoft, and Microsoft is not responsible for the software or content of any third party sites, any links contained in third party sites, or any changes or updates to the third party software or sites. The inclusion of any link on the Media Player Center Web site or Messenger Center Web site does not imply an endorsement by Microsoft of the third party software, the site or its contents.

**Additional Disclaimer of Warranties:** Microsoft provides no warranty whatsoever with respect to the third party software referred to above.

#### WINDOWS 8.1 KN

**Inapplicable Windows Media Player Use Rights:** The Windows digital rights management technology and Windows Media Player terms do not apply when running this software.

**Notice Regarding the Absence of Windows Media Player:** The software does not include Windows Media Player (as defined by the Korean Fair Trade Commission) or Windows Media Player related technologies such as Windows Media Center. As a result, you will need software from Microsoft or a third party in order to play or create audio CDs, media files and video DVDs, organize content in a media library, create playlists, convert audio CDs to media files, view artist and title information of media files, view album art of music files, transfer music to personal music players, or record and playback TV broadcasts.

**Additional Disclaimer of Warranties:** Microsoft provides no warranty whatsoever with respect to Windows media functionality, despite anything to the contrary in your Volume Licensing Agreement.

#### WINDOWS 8.1 N

**Inapplicable Windows Media Player Use Rights:** The Windows digital rights management technology and Windows Media Player terms do not apply when running this software.

**Notice Regarding the Absence of Windows Media Functionality:** The software does not include Windows Media Player (as defined by the European Commission) or Windows Media Player related technologies such as Windows Media Center. As a result, you will need software from Microsoft or a third party in order to play or create audio CDs, media files and video DVDs, organize content in a media library, create playlists, convert audio CDs to media files, view artist and title information of media files, view album art of music files, transfer music to personal music players, or record and playback TV broadcasts.

**Additional Disclaimer of Warranties:** Microsoft provides no warranty whatsoever with respect to Windows media functionality, despite anything to the contrary in your Volume Licensing Agreement.

[Table of Contents](#) / [Universal Terms](#)

## Windows Embedded 8.1 Industry Pro and Enterprise

---

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

See Applicable Notices: **Data Transfer, Visual and Audio Code Standards, Potentially Unwanted Software** (Notice I) (See [Appendix 1](#))

---

[Table of Contents](#) / [Universal Terms](#)

Introduction → Universal Terms → Desktop Apps → Desktop OS → **Processor/CAL** → Server/CAL → Per Core

**SERVERS: PROCESSOR/CAL (PROCESSOR LICENSE + CAL + OPTIONAL EXTERNAL CONNECTOR)**

Windows Server 2012 R2 Datacenter	34
Windows Server 2012 R2 Standard	35

[Table of Contents](#) / [Universal Terms](#)**GENERAL LICENSE TERMS****DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS, DEFINITIONS)**

CAL, External Connector License, HPC Workload, Instance, Licensed Server, OSE, Physical OSE, Running Instance, Server, Server Farm, Virtual OSE and Web Workload

**SERVER LICENSES**

You have the rights below for each server you properly license.

You must assign each license to a single Server.

One license is required for every two Physical Processors on the Server.

For Standard licenses, you may use one Running Instance of server software in the Physical OSE and, for each license assigned, one Running Instance in up to two Virtual OSEs on the Licensed Server.

For Standard licenses, if all permitted Virtual OSE Instances are used, you may use the Instance in the Physical OSE only to host and manage the Virtual OSEs.

For Datacenter licenses, the number of Virtual OSEs is unlimited, and use in the Physical OSE is not limited to hosting and management.

Provided that, prior to repartitioning, each hardware partition is fully licensed, and, subsequent to repartitioning, the total number of licenses and Physical Processors remains the same, license reassignment is permitted anytime (i) Physical Processors are reallocated from one licensed hardware partition to another, (ii) two or more partitions are created from one licensed hardware partition, or (iii) one partition is created from two or more licensed hardware partitions.

You may use additional software listed in [Appendix 3](#) in conjunction with your use of server software.

As a one-time alternative to assigning base CALs per user or per device, a number of base CALs may be dedicated to an Instance of the server software on a single Server (per server mode) to permit up to the same number of users or devices to concurrently access that Instance.

**ACCESS LICENSES**

You must assign each CAL to a user or device, as appropriate, and each External Connector License to a Licensed Server.

CALs or External Connector Licenses are required for access to server software.

CALs and External Connector Licenses permit access to the corresponding version (including earlier versions used under downgrade rights) or earlier versions of server software.

CALs are not required for access by another Licensed Server or for up to 2 users or devices to administer the software.

CALs are not required to access server software running a Web or HPC Workload.

CALs not required for access in a Physical OSE used solely for hosting and managing Virtual OSEs.

Your CALs and External Connector Licenses only permit access to your Licensed Servers (not a third party's).

**Additional Licensing Requirements and/or Use Rights****LICENSE MOBILITY -- ASSIGNING EXTERNAL CONNECTOR LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS**

You may reassign External Connector Licenses for which you have active Software Assurance to any of your Servers located within the same Server Farm as often as needed. You may reassign External Connector Licenses from one Server farm to another, but not on a short-term basis (i.e., not within 90 days of the last assignment).

**Validation**

The software will from time to time update or require download of the validation feature of the software. Validation verifies that the software has been activated and is properly licensed. Validation also permits you to use certain features of the software, or to obtain additional benefits. For more information, see <http://go.microsoft.com/fwlink/?linkid=39157>.

Introduction      -+ Universal Terms -+ Desktop Apps -+ Desktop OS      -+ **Processor/CAL** -+      Server/CAL      -+      Per Core

Mgmt Servers      -+      Specialty Servers -+ Dev Tools -+ Online Services -+ Combined Models -+ Appendices -+ Product Index

During a validation check, the software will send information about the software and device to Microsoft. This information includes the version and product key of the software, and the Internet protocol address of the device. Microsoft does not use the information to identify or contact you, except that Microsoft may use and share the information to prevent unlicensed use of the software. By using the software, you consent to the transmission of this information. For more information about validation and what is sent during a validation check, see <http://go.microsoft.com/fwlink/?linkid=96551>. If the software is not properly licensed, the functionality of the software may be affected. For example, you may:

- need to reactivate the software, or
- receive reminders to obtain a properly licensed copy of the software,
- or you may not be able to obtain certain updates or upgrades from Microsoft.

You may only obtain updates or upgrades for the software from Microsoft or authorized sources. For more information on obtaining updates from authorized sources, see <http://go.microsoft.com/fwlink/?linkid=96552>.

**Data Storage Technology**

The server software may include data storage technology called Windows Internal Database or Microsoft SQL Server Desktop Engine for Windows. Components of the server software use these technologies to store data. You may not otherwise use or access these technologies under these License Agreement/Product Use Rights.

[Table of Contents](#) / [Universal Terms](#)

**GENERAL LICENSE TERMS**

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS)**

CAL, External Connector License, External User, Instance, Licensed Server, OSE, Physical OSE, Running Instance, Server, Server Farm and Virtual OSE

**SERVER LICENSES**

You have the rights below for each license you acquire.

You must assign each license to a single Server.

For each license, you may use one Running Instance of server software on the Licensed Server in either a Physical or Virtual OSE.

You may use the additional software listed in [Appendix 3](#) in conjunction with your use of server software. [ACCESS](#)

**LICENSES**

Except as described here and noted in the Product-specific license terms, all server software access requires CALs.

Requirements for External User access vary by product, as noted in the Product-specific license terms.

Depending on the product and the functionality being accessed, External User access is permitted under CALs, External Connector Licenses or the software license assigned to the Server.

You must assign each CAL to a user or device, as appropriate, and each External Connector License to a Licensed Server.

CALs and External Connector Licenses permit access to the corresponding version (including earlier versions used under downgrade rights) or earlier versions of server software.

CALs are not required for access by another Licensed Server or for up to 2 users or devices to administer the software.

Your CALs and External Connector Licenses permit access only to your Licensed Servers (not a third party's).

**Additional Licensing Requirements and/or Use Rights**

**LICENSE MOBILITY -- ASSIGNING SERVER AND EXTERNAL CONNECTOR LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS**

For products designated as having License Mobility, you may reassign Server and External Connector Licenses to any of your Servers located within the same Server Farm as often as needed. Some products may require Software Assurance for these rights. You may reassign Server and External Connector Licenses from one server farm to another, but not on a short-term basis (i.e., not within 90 days of the last assignment).

## PRODUCT-SPECIFIC LICENSE TERMS

# Exchange Server 2013 Enterprise

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

External User Access: **Licensed with Server** (Access to Additional

Functionality requires both Base and Additive CALs)

### BASE CALs

**You need:**

- Exchange Server 2013 Standard CAL, **or**
- BackOffice CAL<sup>1</sup>, **or**
- Core CAL Suite<sup>1</sup>, **or**
- Core CAL Bridge for Microsoft Intune<sup>1</sup>, **or**
- Core CAL Bridge for Enterprise Mobility Suite<sup>2</sup>, **or**
- Core CAL Bridge for Enterprise Mobility Suite User SL, **or**
- Exchange Online Plan 1 User SL, **or**
- Exchange Online Plan 1G User SL, **or**
- Exchange Online Plan 2 User SL, **or**
- Exchange Online Plan 2A User SL, **or**
- Exchange Online Plan 2G User SL, **or**
- Enterprise CAL Suite<sup>1</sup>, **or**
- Enterprise CAL Bridge for Microsoft Intune<sup>1</sup>, **or**
- Enterprise CAL Bridge for Enterprise Mobility Suite<sup>2</sup>, **or**

- Enterprise CAL Bridge for Enterprise Mobility Suite User SL, **or**
- Office 365 Enterprise E1, E3 or E4 User SL, **or**
- Office 365 Enterprise E3-E4 without ProPlus User SL, **or**
- Office 365 Nonprofit E3 User SL, **or**
- Office 365 Education E3-E4 User SL, **or**
- Office 365 Government E1, E3 or E4 User SL, **or** Office 365 Government E3-E4 without ProPlus User SL
- <sup>1</sup> with active Software Assurance coverage on October 1, 2012, or later
- <sup>2</sup> with active Software Assurance on or after the date the software is first available for download through Volume Licensing

### ADDITIVE CALs

**Additional Functionality:**

- Unified Messaging
- In-Place Archive
- In-Place Holds (Indefinite, Query-based, and Time-based)
- Advanced Mobile Policies
- Information Protection and Compliance
- Custom Retention Policies
- Per User/Distribution List Journaling
- Site Mailboxes – Compliance
- Data Loss Prevention

**Required Additive CAL:**

- Exchange Server 2013 Enterprise CAL, **or**
- Enterprise CAL Suite<sup>1</sup>, **or**
- Enterprise CAL Bridge for Microsoft Intune<sup>1</sup>, **or**
- Enterprise CAL Bridge for Enterprise Mobility Suite<sup>2</sup>, **or**
- Enterprise CAL Bridge for Enterprise Mobility Suite User SL, **or**
- Exchange Online Plan 2 User SL, **or**
- Exchange Online Plan 2A User SL, **or**
- Exchange Online Plan 2G User SL, **or**
- Office 365 Enterprise E3-E4 User SL, **or**
- Office 365 Enterprise E3-E4 without ProPlus User SL, **or**
- Office 365 Nonprofit E3 User SL, **or**
- Office 365 Education E3-E4 User SL, **or**
- Office 365 Government E3-E4 User SL, **or**

- Office 365 Government E3-E4 without ProPlus User SL

1 with active Software Assurance coverage on October 1, 2012, or later

2 with active Software Assurance on or after the date the software is first available for download through Volume Licensing

Microsoft Dynamics CRM Online Professional (User SL),  
or

Microsoft Dynamics CRM Online Enterprise (User SL)

**ADDITIVE CALS**

**Additional Functionality:**

Basic use access to Microsoft Dynamics CRM Server 2015 (Additive Essential CAL)

**Required Additive CAL:**

Microsoft Dynamics CRM 2015 Basic Use Additive CAL,  
or  
Microsoft Dynamics CRM Online Basic (User SL), or  
Microsoft Dynamics CRM Online Professional (User SL),  
or  
Microsoft Dynamics CRM Online Enterprise (User SL)

Introduction → Universal Terms → Desktop Apps → Desktop OS → Processor/CAL → Server/CAL → Per Core

Mgmt Servers → Specialty Servers → Dev Tools → Online Services → Combined Models → Appendices → Product Index

**Additional Functionality:**

Professional use access to Microsoft Dynamics CRM Server 2015  
(additive to Basic Use Additive CAL)

**Required Additive CAL:**

Microsoft Dynamics CRM 2015 Professional Use Additive CAL, **or**  
Microsoft Dynamics CRM Online Professional (User SL),  
**or**  
Microsoft Dynamics CRM Online Enterprise (User SL)

**Additional Terms:**

**FAIL-OVER RIGHTS**

For any OSE in which you Run Instances of the server software, you may run up to the same number of passive fail-over Instances in a separate OSE for temporary support. You may Run the passive fail-over Instances on a Server other than the Licensed Server.

**LICENSE MOBILITY -- ASSIGNING SERVER LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS**

You have the right to reassign server licenses as described in “License Mobility – Assigning Server and External Connector Licenses and Using Software within and across Server Farms” only under licenses with active Software Assurance.

[Table of Contents / Universal Terms](#)

**Microsoft Office Audit and Control Management Server 2013**

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **No**

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

External User Access: **Licensed with Server**

**BASE CALs**

There are no separate Microsoft Office Audit and Control Management Server 2013 CALs; the SharePoint Server 2013 Enterprise CAL provides you rights to access Microsoft Office Audit and Control Management Server 2013. Each SharePoint Server 2013 Enterprise CAL requires a SharePoint Server 2013 Standard CAL. You need the following to access Microsoft Office Audit and Control Management Server 2013:

- SharePoint Server 2013 Standard CAL and SharePoint Server 2013 Enterprise CAL, **or**
- Enterprise CAL Suite<sup>1</sup> **or**
- Enterprise CAL Bridge for Microsoft Intune<sup>2</sup>, **or**
- Enterprise CAL Bridge for Enterprise Mobility Suite<sup>2</sup>, **or**
- Enterprise CAL Bridge for Enterprise Mobility Suite User SL, **or**
- Office 365 Enterprise E3-E4 User SL, **or**
- Office 365 Enterprise E3-E4 without ProPlus User SL, **or**
- Office 365 Nonprofit E3 User SL, **or**
- SharePoint Online Plan 2 User SL

<sup>1</sup> with active Software Assurance coverage on October 1, 2012, or later

<sup>2</sup> with active Software Assurance on or after the date the software is first available for download through Volume Licensing

**Additional Terms:**

**CAL WAIVER FOR USERS ACCESSING PUBLICLY AVAILABLE CONTENT**

CALs are not required to access content, information, and applications that you make publicly available to users over the Internet (i.e., not restricted to Intranet or Extranet scenarios).

**LICENSE MOBILITY -- ASSIGNING SERVER LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS**

You have the right to reassign server licenses as described in “License Mobility – Assigning Server and External Connector Licenses and Using Software within and across Server Farms” only under licenses with active Software Assurance.

[Table of Contents / Universal Terms](#)

### Project Server 2013

**Additional Functionality:**

Voice Telephony  
 Call Management

**Additional Terms:**

**UNAUTHENTICATED ACCESS**

You do not need CALs for any user or device that accesses your Instances of the server software without being directly or indirectly authenticated by Active Directory or Skype for Business Server.

**LICENSE MOBILITY -- ASSIGNING SERVER LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS**

You have the right to reassign server licenses as described in “License Mobility – Assigning Server and External Connector Licenses and Using Software within and across Server Farms” only under licenses with active Software Assurance.

[Table of Contents / Universal Terms](#)

**SQL Server 2014 Business Intelligence**

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: <b>Yes</b> (See <a href="#">Appendix 2</a> )	Additional Software: <b>Yes</b> (See <a href="#">Appendix 3</a> )
License Mobility Within Server Farms: <b>Yes</b> (See General Terms)	See Applicable Notices: <b>Automatic Updates</b> (See <a href="#">Appendix 1</a> )
Included Technologies: <b>Windows Software Components</b> (See <a href="#">Universal License Terms</a> )	External User Access: <b>CALs</b>

**BASE CALs**

You need:

SQL Server 2014 CAL

**Additional Terms:**

**RUNNING INSTANCES OF THE SERVER SOFTWARE**

For each server license, software may be Run in only one Physical or Virtual OSE at a time, but you may use any number of Running Instances of the server software in that OSE.

**DOWN-EDITION RIGHTS**

In place of any permitted Instance, you may use an Instance of the 2014 or any earlier version of Standard or any version of Workgroup or Small Business.

[LICENSE MOBILITY -- ASSIGNING SERVER LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS](#)

You have the right to reassign server licenses as described in “License Mobility – Assigning Server and External Connector Licenses and Using Software within and across Server Farms” only for licenses with active Software Assurance.

## SQL Server 2014 Enterprise

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

See Applicable Notices: **Automatic Updates** (See [Appendix 1](#))

Included Technologies: **Windows Software Components** (See [Universal License Terms](#))

External User Access: **CALs**

### Additional Terms:

New server licenses for SQL Server 2014 Enterprise (Server/CAL) are not available. Existing Software Assurance customers upgrading to the 2014 version should refer to the April 2014 License Agreement/Product Use Rights for their license terms.

[Table of Contents](#) / [Universal Terms](#)

## SQL Server 2014 Standard

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

See Applicable Notices: **Automatic Updates** (See [Appendix 1](#))

Included Technologies: **Windows Software Components** (See [Universal License Terms](#))

External User Access: **CALs**

### BASE CALs

#### You need:

- SQL Server 2014 CAL

### Additional Terms:

#### RUNNING INSTANCES OF THE SERVER SOFTWARE

For each server license, software may be run in only one Physical or Virtual OSE at a time, but each you may use any number of Running Instances of the server software in that OSE.

#### DOWN-EDITION RIGHTS

In place of any permitted Instance, you may use an Instance of any version of Workgroup or Small Business. [LICENSE](#)

#### MOBILITY -- ASSIGNING SERVER LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS

You have the right to reassign server licenses as described in “License Mobility – Assigning Server and External Connector

Licenses and Using Software within and across Server Farms” only for licenses with active Software Assurance.

[Table of Contents](#) / [Universal Terms](#)

## Visual Studio Team Foundation Server 2013 with SQL Server 2014 Technology

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

External User Access: **CALs**

Included Technologies: **SQL Server Technology, Windows Software Components** (See [Universal License Terms](#))

You need:

Visual Studio Team Foundation Server 2013 CAL

### ADDITIVE CALs

**Additional Functionality:**

Request and Manage Feedback  
 Test Management  
 Agile Portfolio Management  
 Work Item Char Authoring  
 Release Management  
 Team Rooms

**Required Additive License (i.e. Additive CAL equivalent):**

Visual Studio Test Professional 2013 with MSDN, **or**  
 Visual Studio Premium 2013 with MSDN, **or**  
 Visual Studio Ultimate 2013 with MSDN, **or**  
 MSDN Platforms

### Additional Terms:

#### USAGE NOT REQUIRING A CLIENT ACCESS

LICENSE A CAL is not required:

To view, edit, or enter work items.

To access Team Foundation Server Reporting.

For accessing Visual Studio Online via a Team Foundation Server 2013 Proxy.

For providing approvals to stages as part of the Release Management pipeline.

For accessing Visual Studio Team Foundation Server through a pooled connection from another integrated application or service.

#### VISUAL STUDIO TEAM FOUNDATION SERVER BUILD SERVICES

If you have one or more Licensed Users of Visual Studio Ultimate with MSDN, Visual Studio Premium with MSDN, or Visual Studio Professional with MSDN, then you may also install the Visual Studio software and permit access and use of it as part of Team Foundation Server 2013 Build Services by your Licensed Users and Licensed Devices of Team Foundation Server 2013.

#### LICENSE TERMS FOR MICROSOFT SHAREPOINT FOUNDATION 2013

The software is accompanied by Microsoft SharePoint Foundation 2013 which is licensed to you under its own terms. A copy of those separate license terms are located in the “Licenses” folder.

#### THIRD PARTY SOFTWARE

Additional legal notices and license terms applicable to portions of the software are set forth in the ThirdPartyNotices file accompanying the software. In addition to any terms and conditions of any third party license identified in the ThirdPartyNotices file, the disclaimer of warranty and limitation on and exclusion of damages provisions of your Volume Licensing Agreement shall apply to all of the software.

#### TECHNICAL LIMITATIONS

You may not reverse engineer, decompile or disassemble the software, or otherwise attempt to derive the source code for the software except, and solely to the extent: (i) permitted by applicable law, despite this limitation; or (ii) required to debug changes to any libraries licensed under the GNU Lesser General Public License which may be included with and linked to by the software.

#### LICENSE MOBILITY -- ASSIGNING SERVER LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS

You have the right to reassign server licenses as described in “License Mobility – Assigning Server and External Connector Licenses and Using Software within and across Server Farms” only for licenses with active Software Assurance.

 Enterprise CAL Bridge for Office 365 and Microsoft Intune<sup>1</sup>, **or**  
 Enterprise Mobility Suite User SL  
<sup>1</sup> with active Software Assurance on or after September 1, 2012

**Additional Terms:**

**RUNNING INSTANCES OF THE SOFTWARE**

You have the corresponding rights below for each server license you acquire and assign. You may run on the licensed server at any one time:

- One instance of the server software in the physical OSE<sup>1</sup>, and
- One instance of the server software in one virtual OSE

<sup>1</sup> If you Run the maximum permitted number of Instances (physical and virtual), the Instance of the server software Running in the Physical OSE may be used only to host and manage Virtual OSEs.

**ACCESS LICENSES**

CALs are not required to access server software running a Web or HPC Workload.  
 CALs not required for access in a Physical OSE used solely for hosting and managing Virtual OSEs.

**VALIDATION**

The software will from time to time update or require download of the validation feature of the software. Validation verifies that the software has been activated and is properly licensed. Validation also permits you to use certain features of the software, or to obtain additional benefits. For more information, see <http://go.microsoft.com/fwlink/?linkid=39157>.

During a validation check, the software will send information about the software and device to Microsoft. This information includes the version and product key of the software, and the Internet protocol address of the device. Microsoft does not use the information to identify or contact you, except that Microsoft may use and share the information to prevent unlicensed use of the software. By using the software, you consent to the transmission of this information. For more information about validation and what is sent during a validation check, see

<http://go.microsoft.com/fwlink/?linkid=96551>. If the software is not properly licensed, the functionality of the software may be affected. For example, you may:

- need to reactivate the software, or
- receive reminders to obtain a properly licensed copy of the software,
- or you may not be able to obtain certain updates or upgrades from Microsoft.

## RUNNING INSTANCES OF THE SOFTWARE

You have the corresponding rights below for each server license you acquire and assign. You may run on the licensed server at any one time:

- One Instance of the server software in the Physical OSE<sup>1</sup>, and
- One Instance of the server software in one Virtual OSE

<sup>1</sup> If you Run the maximum permitted number of Instances (physical and virtual), the Instance of the server software Running in the Physical OSE may be used only to host and manage Virtual OSEs.

## ACCESS LICENSES

CALs are not required to access server software running a Web or HPC Workload.  
CALs not required for access in a Physical OSE used solely for hosting and managing Virtual OSEs.

## VALIDATION

The software will from time to time update or require download of the validation feature of the software. Validation verifies that the software has been activated and is properly licensed. Validation also permits you to use certain features of the software, or to obtain additional benefits. For more information, see <http://go.microsoft.com/fwlink/?linkid=39157>.

-  
During a validation check, the software will send information about the software and device to Microsoft. This information includes the version and product key of the software, and the Internet protocol address of the device. Microsoft does not use the information to identify or contact you, except that Microsoft may use and share the information to prevent unlicensed use of the software. By using the software, you consent to the transmission of this information. For more information about validation and what is sent during a validation check, see <http://go.microsoft.com/fwlink/?linkid=96551>. If the software is not properly licensed, the functionality of the software may be affected. For example, you may:

- need to reactivate the software, or
- receive reminders to obtain a properly licensed copy of the software,
- or you may not be able to obtain certain updates or upgrades from Microsoft.

You may only obtain updates or upgrades for the software from Microsoft or authorized sources. For more information on obtaining updates from authorized sources, see <http://go.microsoft.com/fwlink/?linkid=96552>.

## WINDOWS MULTIPPOINT SERVER 2012 CONNECTOR

You may install and use the Windows Server 2012 MultiPoint Connector software on any device that is licensed to access Windows Server 2012. You may use this software only to access the MultiPoint Server software. If you access the server software from this device solely to use the MultiPoint Dashboard you do not need a MultiPoint Server CAL.

## DATA STORAGE TECHNOLOGY

The server software may include data storage technology called Windows Internal Database or Microsoft SQL Server Desktop Engine for Windows. Components of the server software use these technologies to store data. You may not otherwise use or access these technologies under these License Agreement/Product Use Rights.

[Table of Contents](#) / [Universal Terms](#)

Introduction    -+ Universal Terms -+ Desktop Apps -+ Desktop OS    -+ Processor/CAL -+ Server/CAL    -+ Per Core

**SERVERS: PER CORE (CORE LICENSE)**

BizTalk Server 2013 R2 Branch.....	52	SQL Server 2014 Enterprise Core .....	54
BizTalk Server 2013 R2 Enterprise .....	53	SQL Server 2014 Standard Core .....	54
BizTalk Server 2013 R2 Standard .....	53		
Microsoft Dynamics AX 2012 R3 Standard Commerce Server Core	54	SQL Server 2012 Parallel	
Data Warehouse Core .....	54		

**GENERAL LICENSE TERMS**

[Table of Contents](#) / [Universal Terms](#)

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS)**

Core Factor, Hardware Thread, Instance, Licensed Server, OSE, Physical Core, Physical OSE, Physical Processor, Running Instances, Server, Server Farm, Virtual Core, and Virtual OSE

You have the rights below for each server you properly license.

**Server Licenses**

You must assign each license to a single Server.

You may license by Physical Cores on a Server or by individual Virtual OSE.

You may use additional software listed in [Appendix 3](#) in conjunction with your use of server software.

**LICENSING BY PHYSICAL CORE ON A SERVER**

The number of licenses required equals the number of Physical Cores on the Licensed Server multiplied by the applicable Core Factor located at <http://go.microsoft.com/fwlink/?LinkID=229882>.

You may use any number of Running Instances of the server software in the Physical OSE on the Licensed Server.

For enterprise and parallel data warehouse editions, you may use any number of Running Instances of the server software on the Licensed Server in a number of Physical and/or Virtual OSEs equal to the number of licenses assigned to it.

For each additional enterprise edition license that you assign, you may use Running Instances of the server software in one additional OSE on the Licensed Server.

**LICENSING BY INDIVIDUAL VIRTUAL OSE**

The number of licenses required equals the number of Virtual Cores in each Virtual OSE in which you will Run the server software, subject to a minimum of four licenses per Virtual OSE.

If any Virtual Core is at any time mapped to more than one hardware thread, you need a license for each additional hardware thread.

You may use any number of Running Instances of the software in any Virtual OSE for which you have assigned the required number of licenses.

**Additional Licensing Requirements and/or Use Rights**

**LICENSE MOBILITY -- ASSIGNING CORE LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS**

You may reassign licenses for which you have active Software Assurance coverage to any of your Servers located within the same Server Farm as often as needed. You may reassign licenses from one server farm to another, but not on a short-term basis (i.e., not within 90 days of the last assignment).

***PRODUCT-SPECIFIC LICENSE TERMS***

[Table of Contents](#) / [Universal Terms](#)

**BizTalk Server 2013 R2 Branch**

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **No**

Additional Software: **Yes** (See [Appendix 3](#))

Introduction    → Universal Terms → Desktop Apps → Desktop OS → **Processor/CAL** → Server/CAL → Per Core

License Mobility Within Server Farms: **Yes** (See General Terms)

Included Technologies: **Windows Software Components** (See [Universal License Terms](#))

See Applicable Notices: **Data Transfer** (See [Appendix 1](#))

**Additional Terms:**

**OFFICE WEB COMPONENT**

You may use the component only to view and print copies of static documents, text and images created with the software and you do not need separate licenses for copies of the component.

**LIMITATIONS ON USE**

You may Run Instances of the software on Licensed Servers only at the endpoint of your internal network (or edge of your organization) to connect business events or transactions with activities processed at that endpoint; provided, the Licensed Server may not:

- act as the central node in a “hub and spoke” networking model,
- centralize enterprise-wide communications with other servers or devices; or automate business processes across divisions, business units, or branch offices.

You may not use the server software, including the Master Secret Server, on a server that is part of a networked cluster or in an operating system environment that is part of a networked cluster of OSEs on the same server.

[Table of Contents / Universal Terms](#)

**BizTalk Server 2013 R2 Enterprise**

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

Included Technologies: **Windows Software Components** (See [Universal License Terms](#))

See Applicable Notices: **Data Transfer** (See [Appendix 1](#))

**Additional Terms:**

**OFFICE WEB COMPONENT**

You may use the component only to view and print copies of static documents, text and images created with the software and you do not need separate licenses for copies of the component.

[Table of Contents / Universal Terms](#)

**BizTalk Server 2013 R2 Standard**

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

Included Technologies: **Windows Software Components** (See [Universal License Terms](#))

See Applicable Notices: **Data Transfer** (See [Appendix 1](#))

**Additional Terms:**

OFFICE WEB COMPONENT

You may use the component only to view and print copies of static documents, text and images created with the software and you do not need separate licenses for copies of the component.

LIMITATIONS ON USE

You may not use the server software, including the Master Secret Server, on a server that is part of a networked cluster or in an operating system environment that is part of a networked cluster of OSEs on the same server.

Microsoft Volume Licensing License Agreement/Product Use Rights ( April 2015)												54

[Table of Contents](#) | [Universal Terms](#)

## Microsoft Dynamics AX 2012 R3 Standard Commerce Server Core

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

**License Mobility Within Server Farms:** Yes (See [General Terms](#))

### Additional Terms:

#### MODIFICATION RIGHT

The software may include plug-ins, runtime, and other components identified in printed or online documentation that allow you to extend its functionality. You may modify or create derivative works of these components and use those derivative works, but solely internally with the software.

[Table of Contents](#) | [Universal Terms](#)

## SQL Server 2012 Parallel Data Warehouse Core

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **No**  
(See [License Terms](#))

Included Technologies: **Windows Software Components** (See [Universal License Terms](#))

### Additional Terms:

#### THIRD PARTY SOFTWARE

Additional legal notices and license terms applicable to portions of the software are set forth in the ThirdPartyNotices file accompanying the software. In addition to any terms and conditions of any third party license identified in the ThirdPartyNotices file, the disclaimer of warranty and limitation on and exclusion of damages provisions of your Volume Licensing Agreement shall apply to all of the software.

#### FAIL-OVER SERVERS

The Parallel Data Warehouse (PDW) Appliance is a single unit made up of two or more compute nodes (Licensed Servers) all controlled by a single PDW control virtual machine (Virtual OSE). Technology is built in to the appliance which allows the software to fail-over to another compute node on the appliance. You do not need additional licenses for the software running in fail-over OSEs as executed by the PDW Appliance technology.

[Table of Contents](#) | [Universal Terms](#)

## SQL Server 2014 Enterprise Core

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

~~License Mobility Within Server Farms: **Yes** (See [General Terms](#))~~

~~Included Technologies: **Windows Software Components** (See [Universal License Terms](#))~~

See Applicable Notices: **Automatic Updates** (See [Appendix 1](#))

### Additional Terms:

#### DOWN-EDITION RIGHTS

In place of any permitted Instance, you may use an Instance of either the 2008 R2 version of Datacenter, the 2008 R2 or any earlier version of Enterprise, or the 2014 or any earlier version of Business Intelligence, Standard, Workgroup, or Small Business.

[Table of Contents](#) | [Universal Terms](#)

### SQL Server 2014 Standard Core

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

<u>Introduction</u>	+ <u>Universal Terms</u>	+ <u>Desktop Apps</u>	+ <u>Desktop OS</u>	+ <u>Processor/CAL</u>	+ <u>Server/CAL</u>	+ <u>Per Core</u>
Mgmt Servers	+ Specialty Servers	+ Dev Tools	+ Online Services	+ Combined Models	+ Appendices	+ Product Index
Microsoft Volume Licensing License Agreement/Product Use Rights ( April 2015)						55

Self-Hosting of Applications Allowed: **Yes** (See [Appendix 2](#))

Additional Software: **Yes** (See [Appendix 3](#))

License Mobility Within Server Farms: **Yes** (See General Terms)

Included Technologies: **Windows Software Components** (See [Universal License Terms](#))

See Applicable Notices: **Automatic Updates** (See [Appendix 1](#))

**Additional Terms:**

**DOWN-EDITION RIGHTS**

In place of any permitted instance, you may use an instance of either the 2012 or earlier version of Standard, or any version of Workgroup or Small Business.

System Center 2012 R2 Client Management Suite	57	System Center 2012 R2 Standard	58
System Center 2012 R2 Configuration Manager	57		
System Center 2012 R2 Datacenter	57		

[Table of Contents](#) / [Universal Terms](#)

***GENERAL LICENSE TERMS***

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS, DEFINITIONS)**

Instance, Licensed Server, Managing an OSE, OSE, Physical OSE, Running Instances, Server Farm and Virtual OSE

Management Licenses permit Management of OSEs by the corresponding version of the software or earlier versions. Management License version determines the version of applicable license terms (including use under downgrade rights notwithstanding terms to the contrary).

**SERVER MANAGEMENT LICENSES:**

You have the rights below for each Server you properly license.

Server Management Licenses are required for OSEs running server operating systems.

You must assign one license for every two processors on the managed Server.

The licenses assigned to the managed Server must be the same edition.

For standard edition licenses, you may use the software to Manage up to two OSEs per license on the managed Server.

For standard edition licenses, you may also Manage the Physical OSE on the managed Server if it is used solely to host and Manage a Virtual OSE.

For standard edition licenses, you may assign additional standard licenses to your managed Server and Manage two additional OSEs per license.

For datacenter edition licenses, you may use the software to Manage an unlimited number of OSEs on the managed Server.

**CLIENT MANAGEMENT LICENSES:**

Client Management Licenses are required for all other OSEs.

You may use the software to Manage your OSEs (number permitted and users and devices covered per license depends on license type assigned).

Management of an OSE accessed by more than one user requires an OSE Client Management License or User Client Management Licenses for each user.

**MANAGEMENT LICENSES ARE NOT REQUIRED FOR:**

OSEs in which there are no Running Instances of software.

Any of your network infrastructure devices functioning solely for the purpose of transmitting network data and not running Windows Server software.

Conversion of OSEs from Physical to Virtual.

Any device solely monitored or managed for hardware components' status with respect to system temperature, fan speed, power on/off, system reset or CPU availability.

The physical OSE on your server when it is being used solely to run hardware virtualization software, provide hardware virtualization services, and run software to manage and service OSEs on that device.

**NO COPYING OR DISTRIBUTING DATA SETS**

You may not copy or distribute any data set (or any portion of a data set) included in the software.

## ***PRODUCT-SPECIFIC LICENSE TERMS***

[Table of Contents / Universal Terms](#)

# System Center 2012 R2 Client Management Suite

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

**License Mobility Within ServerFarms:** No

See Applicable Notices: **Data Transfer, Bing Maps** (See [Appendix 1](#))  
**Components** (See [Universal License Terms](#))

**Self-Hosting of Applications Allowed:** Yes (See [Appendix 2](#))

Included Technologies: **SQL Server Technology, Windows Software**

### **CLIENT MANAGEMENT LICENSES**

You need:

- Enterprise CAL Suite<sup>1</sup>, **or**
- Enterprise CAL Bridge for Office 365<sup>1</sup>, **or**
- Enterprise CAL Bridge for Office 365 User SL, **or**
- Enterprise CAL Bridge for Office 365 and Microsoft Intune<sup>1</sup>, **or**
- Enterprise CAL Bridge for Microsoft Intune<sup>1</sup>, **or**
- Enterprise CAL Bridge for Enterprise Mobility Suite<sup>1</sup>, **or**
- Enterprise CAL Bridge for Enterprise Mobility Suite User SL, **or**
- System Center 2012 R2 Client Management Suite (User or OSE Client ML)

<sup>1</sup> with active Software Assurance coverage on or after the date the software is first available for download through Volume Licensing

[Table of Contents / Universal Terms](#)

# System Center 2012 R2 Configuration Manager

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

**License Mobility Within ServerFarms:** No

See Applicable Notices: **Data Transfer, Bing Maps** (See [Appendix 1](#))  
**Components** (See [Universal License Terms](#))

**Self-Hosting of Applications Allowed:** Yes (See [Appendix 2](#))

Included Technologies: **SQL Server Technology, Windows Software**

### **CLIENT MANAGEMENT LICENSES**

You need:

- Core CAL Suite<sup>1</sup>, **or**
- Core CAL Bridge for Office 365<sup>1</sup>, **or**
- Core CAL Bridge for Office 365 User SL, **or**
- Enterprise CAL Suite<sup>1</sup>, **or**
- Enterprise CAL Bridge for Office 365<sup>1</sup>, **or**
- Enterprise CAL Bridge for Office 365 User SL, **or**
- Microsoft Intune User SL, **or**
- Enterprise Mobility Suite User SL<sup>2</sup>

System Center 2012 R2 Configuration Manager (User or OSE Client ML)

<sup>1</sup> with active Software Assurance coverage on or after the date the software is first available for download through Volume Licensing

<sup>2</sup> Only the full User SL satisfies the access requirement

Forefront Identity Manager 2010 - Windows Live Edition	59	Windows Server 2012 R2 Essentials	60
Microsoft Dynamics CRM Workgroup Server 2015	59		
System Center Virtual Machine Manager 2008 R2 Workgroup Edition	60		

[Table of Contents / Universal Terms](#)

**GENERAL LICENSE TERMS**

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS)**

Instance, Licensed Server, OSE, Physical OSE, Running Instance, Server Farm and Virtual OSE. You have the rights below for each server license you acquire.

**SERVER LICENSES**

You must assign each license to a single Server. For each license, you may use one Running Instance of server software on the Licensed Server in either a Physical or Virtual OSE. You may use the additional software listed in [Appendix 3](#) in conjunction with your use of server software.

**Additional Licensing Requirements and/or Use Rights**

**LICENSE MOBILITY -- ASSIGNING SERVER LICENSES AND USING SOFTWARE WITHIN AND ACROSS SERVER FARMS**

For products designated as having License Mobility, you may reassign licenses to any of your Servers located within the same Server Farm as often as needed. Some products may require Software Assurance for these rights. You may reassign licenses from one server farm to another, but not on a short-term basis (i.e., not within 90 days of the last assignment).

**PRODUCT-SPECIFIC LICENSE TERMS**

[Table of Contents / Universal Terms](#)

**Forefront Identity Manager 2010 - Windows Live Edition**

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **No**

Additional Software: **Yes** (See [Appendix 3](#))

**See Applicable Notices:** *No*

**License Mobility Within Server**

**Farms:** *No*

**Additional Terms:**

You may use the software to import identity data, and changes to those data, from one or more connected data sources and to facilitate the synchronization and transfer of those data, between your connected data sources and the Microsoft Passport Network / Windows Live ID service (“Service”). You may not use the software for any other purpose. For example, you may not use the software to synchronize or facilitate transfer of data from one of your connected data sources to another. Your use of the Service remains subject to any and all applicable terms of use and these rights do not change or supplement such terms.

[Table of Contents / Universal Terms](#)

### Microsoft Dynamics CRM Workgroup Server 2015

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

Self-Hosting of Applications Allowed: **No**

Additional Software: **Yes** (See [Appendix 3](#))

See Applicable Notices: **Data Transfer, Bing Maps, and Yammer** (See [Appendix 1](#))

See Applicable Notices: **Data Transfer, MPEG-4, VC-1, Potentially**

License Mobility Within Server Farms: **No**

**Unwanted Software** (Notice 1) (See [Appendix 1](#))

### Additional Terms:

#### LIMITATIONS ON USE

At any one time, you may Run an instance of the server software in  
 One Physical OSE, and  
 One Virtual OSE.

You must run the server software within a domain where the Server's Active Directory is configured:

As the domain controller (a single server which contains all the flexible single master operations (FSMO) roles),

As the root of the domain forest,

Not to be a child domain, and

To have no trust relationship with any other domains.

If both permitted Instances are running, the Instance in the Physical OSE may be used only to run hardware virtualization software, provide hardware virtualization services, or run software to manage and service operation system environments on the licensed server. That Instance does not need to meet the requirements in (2) above. That is the only configuration that does not require the Instance to be a domain controller.

30 days after the initial installation of the server software, the software will from time to time verify that Active Directory is configured as above. If the configuration verification fails, the following will occur:

Failure warnings will be presented to the server administrator. The failure warnings are also viewable in the health alert section in the Windows Server 2012 R2 Essentials Dashboard.

On the 22<sup>nd</sup> day of continued non-compliance, the server will shut down until the administrator reboots the server;

Once rebooted, the server can be run for another 21 days before it shuts down again. This will continue until you have corrected your configuration. During any 21 day period, you are able to make the necessary corrections to your configuration to become compliant with these license terms.

Once you have corrected your configuration, the warnings and automatic shutdowns will cease.

#### USING THE SERVER SOFTWARE

A User Account is a unique user name with its associated password created through the Windows Server 2012 R2 Essentials Console.

You may use up to 25 user accounts. Each user account permits a named user to access and use the server software on that server. You

may reassign a user account from one user to another provided that the reassignment does not occur within 90 days of the last assignment.

[WINDOWS SERVER 2012 R2 ESSENTIALS CONNECTOR](#)

You may install and use the Windows Server 2012 R2 Essentials Connector software on no more than 50 devices at any one time. You may use this software only with the server software.

[WINDOWS SERVER 2012 R2 ACTIVE DIRECTORY RIGHTS MANAGEMENT SERVICES ACCESS](#)

You must acquire a Windows Server 2012 R2 Active Directory Rights Management Services CAL for each User Account through which a user directly or indirectly accesses the Windows Server 2012 R2 Active Directory Rights Management Services functionality.

## VALIDATION

The software will from time to time update or require download of the validation feature of the software. Validation verifies that the software has been activated and is properly licensed. Validation also permits you to use certain features of the software, or to obtain additional benefits. For more information, see <http://go.microsoft.com/fwlink/?linkid=39157>.

During a validation check, the software will send information about the software and device to Microsoft. This information includes the version and product key of the software, and the Internet protocol address of the device. Microsoft does not use the information to identify or contact you, except that Microsoft may use and share the information to prevent unlicensed use of the software. By using the software, you consent to the transmission of this information. For more information about validation and what is sent during a validation check, see <http://go.microsoft.com/fwlink/?linkid=96551>.

If the software is not properly licensed, the functionality of the software may be affected. For example, you may:

- need to reactivate the software, or
- receive reminders to obtain a properly licensed copy of the software, or

you may not be able to obtain certain updates or upgrades from Microsoft.

You may only obtain updates or upgrades for the software from Microsoft or authorized sources. For more information on obtaining updates from authorized sources, see <http://go.microsoft.com/fwlink/?linkid=96552>.

## DATA STORAGE TECHNOLOGY

The server software may include data storage technology called Windows Internal Database or Microsoft SQL Server Desktop Engine for Windows. Components of the server software use these technologies to store data. You may not otherwise use or access these technologies under these License Agreement/Product Use Rights.

***GENERAL LICENSE TERMS***

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS, DEFINITIONS)**

Licensed User, OSE, Physical OSE, Production Environment, Virtual OSE You

have the rights below for each license you acquire.

You must assign each license to a single user.

Each Licensed User may run an unlimited number of copies of the Developer Tools software and any prior version on any device.

The Licensed User may use the software for evaluation and to design, develop, test, and demonstrate your programs. These rights include the use of the software to simulate an end user environment to diagnose issues related to your programs.

The software is not licensed for use in a Production Environment.

Additional rights provided in license terms included with the software are additive to these License Agreement/Product Use Rights, provided that there is no conflict with these License Agreement/Product Use Rights, except for superseding use terms outlined below.

**Additional License Terms for MSDN Subscriptions**

In addition to the rights in the General License Terms, you may allocate an MSDN subscription for each license you acquire. For MSDN subscriptions, the “software” means what is made available to your subscription level via MSDN Subscriber Downloads.

**RUNNING THE SOFTWARE ON MICROSOFT AZURE PLATFORM SERVICES**

The Licensed User may run the software on Microsoft Azure Platform Services

The use of the software remains subject to the terms and conditions of your Volume Licensing Agreement.

Except as provided here, the General License terms of the Developer Tools Licensing Model of these License Agreement/Product Use Rights applies to the use of the software. Despite the rights granted above, the Licensed User may not run Office Professional Plus or System Center Virtual Machine Manager for production use and may not run Windows Server or Windows Desktop operating system software for any use on third party shared servers.

The right to run software on Microsoft Azure Platform Services expires with the expiration of your MSDN subscription.

**ADDITIONAL REQUIREMENTS**

To run software on Microsoft Azure Platform Services you must:

Activate your MSDN subscription by linking your Microsoft account to the MSDN subscription.

Deploy your licenses only with Microsoft Azure Platform Services.

Agree that you will remain responsible for the obligations under your Volume Licensing Agreement with regards to software deployed and managed on your behalf on Microsoft Azure Platform Services.

**ACCEPTANCE TESTING AND FEEDBACK**

Your end users may access the software to perform acceptance tests or to provide feedback on your programs.

SUPERSEDING USE TERMS

Your use of software development kits (SDKs), driver development kits (DDKs), feature packs, agents, remote tools, and patterns and practices releases that come with separate license terms is subject to those separate license terms.

WINDOWS SERVER 2012 R2 REMOTE DESKTOP SERVICES

Up to 200 anonymous users at a time may use the Remote Desktop Services feature of the Windows Server software to access online demonstrations of your programs.

**WINDOWS DESKTOP OPERATING SYSTEM**

Notices, validation, and terms applicable to regional versions of Windows operating system under the Desktop Operating Systems Licensing Model are applicable to Windows desktop operating system when used under a MSDN subscription.

**WINDOWS EMBEDDED PRODUCT**

Windows Embedded is licensed under the terms that come with it, including any Microsoft’s obligations related to defense of infringement and misappropriation claims, however each Licensed User may install and use an unlimited number of copies.

**.NET FRAMEWORK SOFTWARE**

The software for the product contains Microsoft .NET Framework software and may contain PowerShell software. See the license terms for Windows Software Components in the Universal License Terms.

Microsoft Volume Licensing License Agreement/Product Use Rights (April 2015)						64

See Applicable Notices: **Data Transfer, Bing Maps, Location Framework, Mapping APIs, Microsoft Accounts in Visual Studio, H.264/MPEG-4 AVC and/or VC-1** (See [Appendix 1](#))

Included Technologies: **Windows Software Components and SQL Server Technology** (See [Universal License Terms](#))

**Additional Terms:****THIRD PARTY SOFTWARE**

Additional legal notices and license terms applicable to portions of the software are set forth in the ThirdPartyNotices file accompanying the software. In addition to any terms and conditions of any third party license identified in the ThirdPartyNotices file, the disclaimer of warranty and limitation on and exclusion of damages provisions of your Volume Licensing Agreement shall apply to all of the software.

**BUILDSERVER.TXT FILE**

BuildServer Lists can be found at <http://go.microsoft.com/fwlink/?LinkId=286955>. You may install copies of the files listed in it, onto your build machines. You may do so solely for the purpose of compiling, building, verifying and archiving your programs or to run quality or performance tests as part of the build process on your build machines. We may list additional files at <http://go.microsoft.com/fwlink/?LinkId=286955> to use for this same purpose.

**UTILITIES**

Utilities Lists can be found at <http://go.microsoft.com/fwlink/?LinkId=286955>. The software contains certain components identified in that list. The components contained in the software vary by edition. You may copy and install the Utilities you receive with the software on to other third party machines. You may use the Utilities only to debug and deploy your programs and databases you develop with the software. You must delete all the Utilities installed onto a device when you finish debugging your program, but no later than 30 days after you install them on that device.

**TECHNICAL LIMITATIONS**

You may not reverse engineer, decompile or disassemble the software, or otherwise attempt to derive the source code for the software except, and solely to the extent: (i) permitted by applicable law, despite this limitation; or (ii) required to debug changes to any libraries licensed under the GNU Lesser General Public License which may be included with and linked to by the software.

**MICROSOFT SHAREPOINT, WINDOWS SOFTWARE DEVELOPMENT KIT (WINDOWS SDK) AND MICROSOFT OFFICE COMPONENTS**

The software is accompanied by Microsoft SharePoint software, including SharePoint Windows Identity Foundation Extensions, Microsoft Office Software, including Office Primary Interop Assemblies and Windows SDKs, which are all licensed to you under their own terms. The license terms for these software components are located in the "Licenses" folder of the software installation directory. If you do not agree to the license terms for these software components, you may not use them.

**MICROSOFT ADVERTISING SDK**

If you pass precise location data or other user related data (e.g., user identifier, profile data, behaviorally tracked user data, etc.) to the Microsoft Advertising SDK for Windows Phone, then your program must (a) notify users that it will be collecting and using user related information and providing this information to Microsoft for Microsoft's advertising use, and (b) explicitly obtain affirmative user consent (e.g. the user must click an "Accept" or continue "Install" button) for this upon download of the software and/or application. In addition, you agree to: (a) comply with certification and other requirements for Windows Phone; (b) comply with Microsoft's privacy and other policies in your collection and use of any user data; (c) not collect or use any user identifier created or provided to you by Microsoft for any purpose other than passing such identifier to a Microsoft advertising service as part of your use of the service; and

(d) provide in your privacy policy and/or terms of use a link that provides users with the ability to opt out of Microsoft interest based advertising at the following location <https://choice.live.com/AdvertisementChoice/>.

**EXTENSION AND PACKAGE MANAGER FEATURES**

The software includes the Extension Manager, New Project Dialog, Web Platform Installer, Microsoft NuGet-Based Package Manager, and Microsoft [ASP.NET](#) Web Pages package manager features, each of which enables you to obtain software applications or packages through the Internet from other sources. Those software applications and packages are offered and distributed in some cases by third parties and in some cases by Microsoft, but each such application or package is under its own license terms. Microsoft is not distributing or licensing any of the third-party applications or packages to you. You acknowledge and agree: that you are obtaining the applications or packages from such third parties and under separate license terms applicable to each application or package including any license terms or embedded notices applicable to software dependencies that may be included in the package; and that Microsoft makes no representations, warranties or guarantees regarding any aspect of any such third-party applications or packages.

**OFFICE PROFESSIONAL PLUS 2013**

The Licensed User may also install and use one copy of Office Professional Plus 2013 on one device for production use. Except as provided here, the Desktop Applications section of these License Agreement/Product Use Rights applies to the Licensed User's use of this software.

### MICROSOFT SYSTEM CENTER VIRTUAL MACHINE MANAGER (SCVMM)

Visual Studio Premium with MSDN customers may install and run SCVMM with the Visual Studio Premium software for the purpose of creating, deploying and managing lab environment(s). A lab environment is a virtual operating system environment used solely for the purpose of developing and testing your programs. You do not need management licenses for that use. No other production use rights of SCVMM are given under this license, such as managing virtualized production servers.

[Table of Contents](#) / [Universal Terms](#)

### Visual Studio Professional 2013

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

See [Applicable Notices: Data Transfer, Bing Maps, Location Framework, Mapping APIs, Microsoft Accounts in Visual Studio, H.264/MPEG-4 AVC and/or VC-1](#) (See [Universal License Terms](#) [Appendix 1](#)) [Included Technologies: Windows Software Components and SQL Server Technology](#) (See [Universal License Terms](#))

#### Additional Terms:

##### THIRD PARTY SOFTWARE

Additional legal notices and license terms applicable to portions of the software are set forth in the ThirdPartyNotices file accompanying the software. In addition to any terms and conditions of any third party license identified in the ThirdPartyNotices file, the disclaimer of warranty and limitation on and exclusion of damages provisions of your Volume Licensing Agreement shall apply to all of the software.

##### BUILDSERVER.TXT FILE

BuildServer Lists can be found at <http://go.microsoft.com/fwlink/?LinkId=286955>. You may install copies of the files listed in it, onto your build machines. You may do so solely for the purpose of compiling, building, verifying and archiving your programs or to run quality or performance tests as part of the build process on your build machines. We may list additional files at <http://go.microsoft.com/fwlink/?LinkId=286955> to use for this same purpose.

##### UTILITIES

Utilities Lists can be found at <http://go.microsoft.com/fwlink/?LinkId=286955>. The software contains certain components identified in that list. The components contained in the software vary by edition. You may copy and install the Utilities you receive with the software on to other third party machines. You may use the Utilities only to debug and deploy your programs and databases you develop with the software. You must delete all the Utilities installed onto a device when you finish debugging your program, but no later than 30 days after you install them on that device.

##### TECHNICAL LIMITATIONS

You may not reverse engineer, decompile or disassemble the software, or otherwise attempt to derive the source code for the software except, and solely to the extent: (i) permitted by applicable law, despite this limitation; or (ii) required to debug changes to any libraries licensed under the GNU Lesser General Public License which may be included with and linked to by the software.

##### MICROSOFT SHAREPOINT, WINDOWS SDK AND MICROSOFT OFFICE COMPONENTS:

The software is accompanied by Microsoft SharePoint software, including SharePoint Windows Identity Foundation Extensions, Microsoft Office Software, including Office Primary Interop Assemblies and Windows SDKs, which are all governed by their own

license terms. The license terms for these software components are located in the “Licenses” folder of the software installation directory.

**MICROSOFT ADVERTISING SDK**

If you pass precise location data or other user related data (e.g., user identifier, profile data, behaviorally tracked user data, etc.) to the Microsoft Advertising SDK for Windows Phone, then your program must (a) notify users that it will be collecting and using user related information and providing this information to Microsoft for Microsoft’s advertising use, and (b) explicitly obtain affirmative user consent (e.g. the user must click an “Accept” or continue “Install” button) for this upon download of the software and/or application. In addition, you agree to: (a) comply with certification and other requirements for Windows Phone; (b) comply with Microsoft’s privacy and other policies in your collection and use of any user data; (c) not collect or use any user identifier created or provided to you by Microsoft for any purpose other than passing such identifier to a Microsoft advertising service as part of your use of the service; and

(d) provide in your privacy policy and/or terms of use a link that provides users with the ability to opt out of Microsoft interest based advertising at the following location <https://choice.live.com/AdvertisementChoice/>.

**EXTENSION AND PACKAGE MANAGER FEATURES**

The software includes the Extension Manager, New Project Dialog, Web Platform Installer, Microsoft NuGet-Based Package Manager, and Microsoft [ASP.NET](#) Web Pages package manager features, each of which enables you to obtain software applications or packages through the Internet from other sources. Those software applications and packages are offered and distributed in some cases by third parties and in some cases by Microsoft, but each such application or package is under its own license terms. Microsoft is not distributing or licensing any of the third-party applications or packages to you. You acknowledge and

Introduction — —+ Universal Terms —+ Desktop Apps —+ Desktop OS —+ Processor/CAL —+ Server/CAL —+ Per Core

agree: that you are obtaining the applications or packages from such third parties and under separate license terms applicable to each application or package including any license terms or embedded notices applicable to software dependencies that may be included in the package; and that Microsoft makes no representations, warranties or guarantees regarding any aspect of any such third-party applications or packages.

[Table of Contents](#) / [Universal Terms](#)

### Visual Studio Professional 2013 with MSDN

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

See Applicable Notices: **Data Transfer, Bing Maps, Location Framework, Mapping APIs, Microsoft Accounts in Visual Studio, H.264/MPEG-4 AVC and/or VC-1** (See [Appendix 1](#)) **Included Technologies: Windows Software Components and SQL Server Technology** (See [Universal License Terms](#))

#### Additional Terms:

##### THIRD PARTY SOFTWARE

Additional legal notices and license terms applicable to portions of the software are set forth in the ThirdPartyNotices file accompanying the software. In addition to any terms and conditions of any third party license identified in the ThirdPartyNotices file, the disclaimer of warranty and limitation on and exclusion of damages provisions of your Volume Licensing Agreement shall apply to all of the software.

##### BUILDSERVER.TXT FILE

BuildServer Lists can be found at <http://go.microsoft.com/fwlink/?LinkId=286955>. You may install copies of the files listed in it, onto your build machines. You may do so solely for the purpose of compiling, building, verifying and archiving your programs or to run quality or performance tests as part of the build process on your build machines. We may list additional files at <http://go.microsoft.com/fwlink/?LinkId=286955> to use for this same purpose.

##### UTILITIES

Utilities Lists can be found at <http://go.microsoft.com/fwlink/?LinkId=286955>. The software contains certain components identified in that list. The components contained in the software vary by edition. You may copy and install the Utilities you receive with the software on to other third party machines. You may use the Utilities only to debug and deploy your programs and databases you develop with the software. You must delete all the Utilities installed onto a device when you finish debugging your program, but no later than 30 days after you install them on that device.

##### TECHNICAL LIMITATIONS

You may not reverse engineer, decompile or disassemble the software, or otherwise attempt to derive the source code for the software except, and solely to the extent: (i) permitted by applicable law, despite this limitation; or (ii) required to debug changes to any libraries licensed under the GNU Lesser General Public License which may be included with and linked to by the software.

**MICROSOFT SHAREPOINT, WINDOWS SDK AND MICROSOFT OFFICE COMPONENTS:**

The software is accompanied by Microsoft SharePoint software, including SharePoint Windows Identity Foundation Extensions, Microsoft Office Software, including Office Primary Interop Assemblies and Windows SDKs, which are all governed by their own license terms. The license terms for these software components are located in the "Licenses" folder of the software installation directory.

agree: that you are obtaining the applications or packages from such third parties and under separate license terms applicable to each application or package including any license terms or embedded notices applicable to software dependencies that may be included in the package; and that Microsoft makes no representations, warranties or guarantees regarding any aspect of any such third-party applications or packages.

##### MICROSOFT ADVERTISING SDK

If you pass precise location data or other user related data (e.g., user identifier, profile data, behaviorally tracked user data, etc.) to the Microsoft Advertising SDK for Windows Phone, then your program must (a) notify users that it will be collecting and using user related

information and providing this information to Microsoft for Microsoft’s advertising use, and (b) explicitly obtain affirmative user consent (e.g. the user must click an “Accept” or continue “Install” button) for this upon download of the software and/or application. In addition, you agree to: (a) comply with certification and other requirements for Windows Phone; (b) comply with Microsoft’s privacy and other policies in your collection and use of any user data; (c) not collect or use any user identifier created or provided to you by Microsoft for any purpose other than passing such identifier to a Microsoft advertising service as part of your use of the service; and

(d) provide in your privacy policy and/or terms of use a link that provides users with the ability to opt out of Microsoft interest based advertising at the following location <https://choice.live.com/AdvertisementChoice/>.

-

#### EXTENSION AND PACKAGE MANAGER FEATURES

The software includes the Extension Manager, New Project Dialog, Web Platform Installer, Microsoft NuGet-Based Package Manager, and Microsoft [ASP.NET](#) Web Pages package manager features, each of which enables you to obtain software applications or packages through the Internet from other sources. Those software applications and packages are offered and distributed in some cases by third parties and in some cases by Microsoft, but each such application or package is under its own license terms. Microsoft is not distributing or licensing any of the third-party applications or packages to you. You acknowledge and agree: that you are obtaining the applications or packages from such third parties and under separate license terms applicable to each application or package including any license terms or embedded notices applicable to software dependencies that may be included in the package; and that Microsoft makes no representations, warranties or guarantees regarding any aspect of any such third-party applications or packages.

#### OFFICE PROFESSIONAL PLUS 2013

The Licensed User may also install and use one copy of Office Professional Plus 2013 on one device for production use. Except as provided here, the Desktop Applications section of these License Agreement/Product Use Rights applies to the Licensed User's use of this software.

#### SYSTEM CENTER – VIRTUAL MACHINE MANAGER (SCVMM)

Visual Studio Ultimate with MSDN customers may install and run SCVMM with the Visual Studio Ultimate software for the purpose of creating, deploying and managing lab environment(s). A lab environment is a virtual operating system environment used solely for the purpose of developing and testing your programs. You do not need management licenses for that use. No other production use rights of SCVMM are given under this license, such as managing virtualized production servers.

Core Infrastructure Server (CIS) Suite Standard	72		

[Table of Contents / Universal Terms](#)

### **GENERAL LICENSE TERMS**

The product suites covered under this section include the rights to use multiple products. The licenses for these product suites provide rights to use software on a server and to manage software running on that server. The same software is also available under individual software and management licenses as described in other sections of these License Agreement/Product Use Rights. You are entitled to the use of the products included in the suite only as permitted in this section.

By acquiring a license for one of the product suites, you are acquiring a single license that may be assigned to a single device or server. You are not acquiring a set of individual software and management licenses for the individual products included in the product suite.

**DEFINED TERMS IN THIS LICENSE MODEL (SEE UNIVERSAL LICENSE TERMS)**

CAL, CIS Software, Client OSE, External Connector License, Instance, Licensed Server, Management License, Managing an OSE, OSE, Physical OSE, Physical Processor, Qualifying Third Party Device, Server, VDI Host, VDI Licensed Device, VDI Software and Virtual OSE

[Table of Contents / Universal Terms](#)

### **PRODUCT-SPECIFIC LICENSE TERMS**

[Table of Contents / Universal Terms](#)

## Core Infrastructure Server (CIS) Suite Datacenter

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

**Additional Terms:**

**APPLICABLE USE RIGHTS**

Your access and use of CIS software is governed by the applicable license terms for the individual products comprising the CIS software as modified by these license terms. Despite anything to the contrary in the license terms for the individual Microsoft products comprising the CIS software, one CIS Suite license is required for every two physical processors. You need to license each Physical Processor on each Server on which you Run CIS Software.

**CIS SOFTWARE INCLUDED**

- Windows Server Datacenter
- System Center Datacenter

**Windows Server Datacenter:** You may use any number of Running Instances of the Windows Server Datacenter in any number of OSEs on each Licensed Server.

**Management Licenses:** For purposes of applying the license terms for System Center Datacenter to your use of the CIS Software, you are deemed to have assigned to the licensed server System Center Datacenter licenses equal to the number of CIS Suite Datacenter licenses assigned to the server.

**ADDITIONAL TERMS**

Despite anything to the contrary in your volume license agreement and the Universal License Terms in these License Agreement/Product Use Rights about upgrading and downgrading components separately, you may run a prior version or a lower edition of any of the individual products included in the CIS Suite as permitted in the license terms for that product in the License Agreement/Product Use Rights.

All other requirements to acquire and assign External Connector Licenses, CALs and Management Licenses to users or devices for access and management, as set forth in the License Agreement/Product Use Rights, remain in full force and effect.

Introduction → Universal Terms → Desktop Apps → Desktop OS → Processor/CAL → Server/CAL → Per Core

## Core Infrastructure Server (CIS) Suite Standard

---

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

### Additional Terms:

#### APPLICABLE USE RIGHTS

Your access and use of CIS software is governed by the applicable license terms for the set of individual Microsoft products comprising the CIS software as modified by these license terms. Despite anything to the contrary in the license terms for the individual Microsoft products comprising the CIS software, one license is required for every two physical processors. You need to license each Physical Processor on each Server on which you run CIS Software.

#### CIS SOFTWARE INCLUDED

Windows Server Standard  
System Center Standard

**Windows Server Standard:** For each license of CIS Suite Standard that you assign to a Server, you may Run on the Licensed Server, at any one time:

One Instance of Windows Server Standard in one Physical OSE  
One Instance of Windows Server Standard each in up to two Virtual OSEs

If you use the maximum permitted number of Running Instances (physical and virtual), the Instance Running in the Physical OSE may be used only to host and manage the Virtual OSEs.

**Management Licenses:** For purposes of applying the license terms for System Center Standard to your use of the CIS software, you are deemed to have assigned to the licensed server System Center Standard licenses equal to the number of CIS Suite Standard licenses assigned to the server.

#### ADDITIONAL TERMS

Despite anything to the contrary in your Volume Licensing Agreement and the Universal License Terms in these License Agreement/Product Use Rights about upgrading and downgrading components separately, you may run a prior version or a lower edition of any of the individual products included in the CIS Suite as permitted in the license terms for that product in the License Agreement/Product Use Rights. All other requirements to acquire and assign External Connector Licenses, CALs and Management Licenses to users or devices for access and management, as set forth in the License Agreement/Product Use Rights, remain in full force and effect.

## Virtual Desktop Infrastructure (VDI) Suite

---

The license terms that apply to your use of this product are the Universal License Terms, the General License Terms for this Licensing Model, and the following:

### Additional Terms:

#### SUBSCRIPTION LICENSE

VDI suite licenses are subscription licenses. The right to use software under a Subscription License expires upon expiration or termination of the enrollment or Volume Licensing Agreement under which you acquired the license. Despite anything to the contrary in your Volume Licensing Agreement, your right to use or access software or Manage OSEs under a VDI suite license ends when that license expires.

#### ROAMING USE RIGHTS

Except as provided below, the single primary user of the VDI Licensed Device may remotely access the virtual Client OSEs from any Qualifying Third Party Device without acquiring a separate VDI suite license for that device. Despite anything in your Volume Licensing

Agreement to the contrary, Qualified Desktops do not include any Qualifying Third Party Device from which your users access and use the software and any enterprise products solely under Roaming Use Rights.

When the primary user is on your or your affiliates' premises, Roaming Use Rights are not applicable. The limitations against accessing Windows Server software to host a graphical user interface (using RDS functionality or other technology) continue to apply when the Roaming Use Rights are invoked. You may not permit access to the virtual Client OSEs from the VDI Licensed Device and a third party device at the same time. All access under the Roaming Use Rights must be for work-related purposes.

The primary user's right to access the virtual Client OSEs under the Roaming Use Rights terminates when the corresponding rights on the VDI Licensed Device expire, there is a change in the primary user status or when the primary user leaves your organization. At that time, you must ensure that that user is no longer accessing the virtual Client OSEs under Roaming Use Rights.

**APPLICABLE USE RIGHTS**

Your access and use of VDI software and management of virtual Client OSEs accessed by your VDI Licensed Device are governed by the license terms for VDI software, as modified by these license terms. VDI suite licenses are per device only. The prohibition against separation of software components stated in your Volume Licensing Agreement does not apply to your use of VDI software.

**SOFTWARE RIGHTS**

The VDI Suite provides rights to use or access any version of the following VDI software during the term of your enrollment or Volume Licensing Agreement:

- Windows Server Remote Desktop Services ("RDS")
- System Center – Virtual Machine Manager ("VMM")

**REMOTE DESKTOP SERVICES**

You may directly or indirectly access RDS from your VDI Licensed Device except as follows. You may not access Windows Server software to host a graphical user interface (using RDS functionality or other technology) either:

- directly from your VDI Licensed Device or
- indirectly through a virtual OSE on your VDI host.

Despite anything to the contrary in the license terms for Windows Server, you do not need an RDS CAL for either the VDI Licensed Device or the VDI host to permit this access. You must, however, acquire and assign a base Windows Server CAL to both devices or to the accessing user.

**SYSTEM CENTER – VIRTUAL MACHINE MANAGER**

You may use VMM under your VDI suite license to manage, at any one time, up to four virtual Client OSEs in which software you are using remotely from your VDI Licensed Device is running. Those virtual OSEs may be on up to four different VDI hosts. You may not manage OSEs that are not on VDI hosts.

---

## APPENDIX 1: NOTICES

### BING MAPS

---

The Product includes use of Bing Maps. Any content provided through Bing Maps, including geocodes, can only be used within the product through which the content is provided. Your use of Bing Maps is governed by the Bing Maps End User Terms of Use available at <http://go.microsoft.com/?linkid=9710837> and the Bing Maps Privacy Statement available at <http://go.microsoft.com/fwlink/?LinkID=248686>.

### LOCATION FRAMEWORK

---

The software may contain a location framework component that enables support of location services in programs. In addition to the other limitations in your Volume Licensing Agreement, you must comply with all applicable local laws and regulations when using the location framework component or the rest of the software.

### MAPPING APIS

---

The software may include application programming interfaces that provide maps and other related mapping features and services that are not provided by Bing (the “Additional Mapping APIs”). These Additional Mapping APIs are subject to additional terms and conditions and may require payment of fees to Microsoft and/or third party providers based on the use or volume of use of such APIs. These terms and conditions will be provided when you obtain any necessary product keys to use such Additional Mapping APIs or when you review or receive documentation related to the use of such Additional Mapping APIs.

### MICROSOFT ACCOUNTS IN VISUAL STUDIO

---

If you are running the software on Windows 8.1, Windows 8, or Windows 7 with sign-in assistant, or any other version of Windows that supports providing a Microsoft Account directly to the software and you are signed into a Microsoft Account in those versions of Windows, you may automatically be signed into the software and [VisualStudio.com](http://VisualStudio.com) services accessed by the software using the same Microsoft Account. This allows you to access services within the software and roam the software’s settings without being asked to re-enter your Microsoft Account credentials each time you start the software. For more information about signing into the software and the services available therein with a Microsoft Account, see the privacy statement <http://go.microsoft.com/fwlink/?LinkId=286720>.

### NOTICE OF AUTOMATIC UPDATES TO PREVIOUS VERSIONS OF SQL SERVER

---

If the software is installed on servers or devices running any supported editions of SQL Server prior to SQL Server 2012 (or components of any of them) this software will automatically update and replace certain files or features within those editions with files from this software. This feature cannot be switched off. Removal of these files may cause errors in the software and the original files may not be recoverable. By installing this software on a server or device that is running such editions you consent to these updates in all such editions and copies of SQL Server (including components of any of them) running on that server or device.

---

### NOTICE OF DATA TRANSFER

The product contains one or more software features that connect to Microsoft or service provider computer systems over the Internet. These features are identified in the Data Transfer Notices document at <http://microsoft.com/licensing/contracts>. Microsoft provides

services with products through these features. You will not always receive a separate notice when a feature connects. In some cases, you may switch off a feature or not use it.

**Computer Information**

The features use Internet protocols, which send to the appropriate systems computer information, such as your Internet protocol address, the type of operating system, browser and name and version of the software you are using, and the language code of the device where you installed the software.

**Use of Information**

Microsoft does not use the information to identify or contact you. Microsoft uses this information to make services available to you when you use the software. Microsoft may use the computer information, accelerator information, search suggestions information, error reports, Malware reports and URL filtering reports to improve our software and services. We may also share it with others, such as hardware and software vendors. They may use the information to improve how their products run with Microsoft software.

---

Introduction	-+ <u>Universal Terms</u>	-+ <u>Desktop Apps</u>	-+ <u>Desktop OS</u>	-+ <u>Processor/CAL</u>	-+ <u>Server/CAL</u>	-+ <u>Per Core</u>
--------------	---------------------------	------------------------	----------------------	-------------------------	----------------------	--------------------

## Consent for Data Transfer

By using these software features, you consent to the transmission of computer information, such as your Internet protocol address, the type of operating system, browser and name and version of the software you are using, and the language code of the device where you run the software.

## NOTICE ABOUT THE H.264/AVC VISUAL STANDARD, THE VC-1 VIDEO STANDARD, AND THE MPEG-4 PART 2 VISUAL STANDARD

This software may include H.264/AVC, VC-1, and MPEG-4 Part 2 visual compression technology. MPEG LA, L.L.C. requires this notice: ~~THIS PRODUCT IS LICENSED UNDER THE AVC, THE VC-1, THE MPEG-4 PART 2 VISUAL PATENT PORTFOLIO LICENSES FOR THE PERSONAL AND NON-COMMERCIAL USE OF A CONSUMER TO (i) ENCODE VIDEO IN COMPLIANCE WITH THE ABOVE (“VIDEO STANDARDS”) AND/OR (ii) DECODE AVC, VC-1, MPEG-4 PART 2 VIDEO THAT WAS ENCODED BY A CONSUMER ENGAGED IN A PERSONAL AND NON-COMMERCIAL ACTIVITY AND/OR WAS OBTAINED FROM A VIDEO PROVIDER LICENSED TO PROVIDE SUCH VIDEO. NO LICENSE IS GRANTED OR SHALL BE IMPLIED FOR ANY OTHER USE.~~ ADDITIONAL INFORMATION MAY BE OBTAINED FROM MPEG LA, L.L.C. SEE [www.mpegla.com](http://www.mpegla.com) per For clarification purposes, this notice does not limit or inhibit the use of the software for normal business uses that are personal to that business which do not include (i) redistribution of the software to third parties, or (ii) creation of content with the VIDEO STANDARDS compliant technologies for distribution to third parties.

### ***POTENTIALLY UNWANTED SOFTWARE (NOTICE I)***

~~If turned on, Windows Defender will search your computer for many types of malicious software (“malware”), including viruses, worms, bots, rootkits, “spyware,” “adware” and other potentially unwanted software. If you choose the recommended security settings when you first start using the software, such malware and other potentially unwanted software rated “high” or “severe” will automatically be removed. This removal may result in other software on your computer ceasing to work or your breaching a license to use that software.~~

It is possible that software that is not unwanted may be removed or disabled. If you use Windows Defender and Windows Update, Windows Defender is regularly updated through Windows Update.

### ***POTENTIALLY UNWANTED SOFTWARE (NOTICE II)***

~~The software will search your computer for low to medium severity Malware, including but not limited to, spyware, and other potentially unwanted software (“Potentially Unwanted Software”). The software will only remove or disable low to medium severity Potentially Unwanted Software if you agree. Removing or disabling this Potentially Unwanted Software may cause other software on your computer to stop working, and it may cause you to breach a license to use other software on your computer, if the other software installed this Potentially Unwanted Software on your computer as a condition of your use of the other software. You should read the license agreements for other software before authorizing the removal of this Potentially Unwanted Software.~~

By using the software, it is possible that you or the system will also remove or disable software that is not Potentially Unwanted Software.

### ***RECORDING NOTICE***

~~The laws of some jurisdictions require notice to or the consent of individuals prior to intercepting, monitoring and/or recording their communications and/or restrict collection, storage, and use of personally identifiable information. You agree to comply with all applicable laws and to obtain all necessary consents and make all necessary disclosures before using the online service and/or the recording feature(s).~~

## ***NOTICE ABOUT THE VISUAL AND AUDIO CODEC STANDARDS***

The Windows Embedded 8.1 Industry software may include visual and audio encoding and decoding technology. It is not licensed for any implementation or distribution in any commercial product or service. You are responsible for determining and securing license rights to include the technology in any commercial products and services that you develop or use with the software.

## ***YAMMER***

The software connecting Microsoft Dynamics CRM with Yammer will enable certain data to be shared between the two services. At the direction of you or your end users, the following data will be transmitted to Yammer through Microsoft Dynamics CRM: (i) posts; (ii) links to CRM records; (iii) information contained in the description field of the CRM records; and (vi) any other activity or content

<u>Introduction</u>	-+ <u>Universal Terms</u>	-+ <u>Desktop Apps</u>	-+ <u>Desktop OS</u>	-+ <u>Processor/CAL</u>	-+ <u>Server/CAL</u>	-+ <u>Per Core</u>

you or your end users share with Yammer. Yammer’s Terms of Use are available at <https://www.yammer.com/about/terms/>. Its Privacy Statement is available at <https://www.yammer.com/about/privacy/> apply to Customer Data sent to Yammer.

[Table of Contents / Universal Term](#)

Introduction    -+ Universal Terms -+ Desktop Apps -+ Desktop OS    -+ Processor/CAL    -+ Server/CAL    -+ Per Core

**APPENDIX 2: SOFTWARE ASSURANCE BENEFITS**

These benefits require Software Assurance coverage, and in some cases Software Assurance Membership. Please see the Product List for details and a complete list of Software Assurance benefits. Except as noted below, these benefits expire when your Software Assurance coverage ends.

**Desktop Applications -- E-Learning**

The Desktop Applications section of the License Agreement/Product Use Rights provides your license terms for eLearning Training Kits. However, you may not have more users than you have E-Learning licenses.

**Microsoft Desktop Optimization Pack (MDOP) for Software Assurance**

See Applicable Notices: Data Transfer, Potentially Unwanted Software (Notice II)

~~Active Software Assurance for the Windows Desktop Operating System, Active Software Assurance for Windows Industry, or an~~ active VDA license provides you with eligibility to acquire licenses for MDOP. These licenses are an optional and separate purchase from Software Assurance. See the Product List for details and other eligibility options. MDOP includes the following:

- Microsoft Application Virtualization for Windows Desktops (App-V)
- Microsoft Advanced Group Policy Management (AGPM)
- Microsoft Diagnostics and Recovery Toolset (DaRT)
- Microsoft Enterprise Desktop Virtualization (MED-V)
- Microsoft BitLocker Administration and Monitoring (MBAM)
- Microsoft User Experience Virtualization (UE-V)

If you invoke this benefit, you have the rights below for each MDOP for Software Assurance license you acquire. See [Universal License Terms, Definitions](#) for meanings of "Qualifying Third Party Device."

**INSTALLATION AND USE RIGHTS**

The "Licensed Device" is the device to which you have assigned your corresponding qualifying license (and Active Software Assurance coverage, if applicable).

You may install and use the software on the Licensed Device. Some functionality in the software is designed to manage software on the Licensed Device. You may use that functionality on other devices solely to manage software running on the Licensed Device.

You may also use the following components to manage software on servers within your domain, so long as the desktops within that domain are licensed for MDOP:

AGPM Da RT

UE- V

**REMOTE ACCESS**

You may access and use the MDOP for Software Assurance software running on the Licensed Device remotely from another device as described below.

**Primary user<sup>1</sup>:** The single primary user of a device may access and use the software remotely from any other device. No other person may use the software under the same license at the same time, except to provide support services.

**Non-primary users:** Any user may access and use the software remotely from a separately Licensed Device.

**Remote assistance:** You may allow other devices to access the software to provide you with support services. You do not need additional licenses for this access.

<sup>1</sup> as that term is defined in the Desktop Operating Systems section [ROAMING](#)

**USE RIGHTS**

Except as provided below, the single primary user of the Licensed Device may use the MDOP for Software Assurance software on a Qualifying Third Party Device (See [Universal License Terms, Definitions](#)) to support permitted use or remote access of your licensed software on that Qualifying Third Party Device.

Despite anything in your Volume Licensing Agreement to the contrary, Qualified Desktops do not include any Qualifying Third Party Device from which your users access and use the software and any (other) enterprise product solely under Roaming Use Rights.

When the primary user is on your or your affiliates' premises, Roaming Use Rights are not applicable.

These rights are granted subject to the limitation on the number of users in the "Primary User" section, and all use must be for work-related purposes.

Introduction      -+ Universal Terms -+ Desktop Apps -+ Desktop OS      -+ Processor/CAL -+ Server/CAL      -+ Per Core

The primary user's right to use the MDOP for Software Assurance software under these Roaming Use Rights terminates when either the corresponding rights on the Licensed Device expire or there is a change in the primary user status. At that time, you must ensure that that user is no longer using the MDOP for Software Assurance software under the Roaming Use Rights.

#### **BENCHMARK TESTING**

You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the MDOP for Software Assurance software.

#### **TERM OF LICENSE**

You may not access or use the software after your corresponding Windows Software Assurance coverage, Windows Software Assurance coverage, Windows Virtual Desktop Access subscription license, or MDOP license expires.

### **Microsoft Dynamics CRM 2015 Professional Use Additive CAL – Unified Service Desk**

Each Microsoft Dynamics CRM 2015 Professional Use Additive CAL with active Software Assurance provides you the right to install and use Unified Service Desk (USD). The right to use USD is limited to the user or device to whom the qualifying CAL is assigned. You may not access or use USD after your Software Assurance coverage expires.

### **Microsoft Dynamics AX 2012 R3 Servers – Fail-over Servers**

For any OSE in which you use Running Instances of the server software, you may use up to the same number of passive fail-over Running Instances in a separate OSE on any Server in anticipation of a fail-over event.

In order to utilize this benefit, you must comply with the following terms:

Maintain Software Assurance coverage on the server licenses and core licenses under which you run your licensed software and for all CALs under which you access your licensed software.

Your right to run the passive fail-over instances ends when your Software Assurance coverage ends.

Fail-over server rights do not apply in the case of software moved to shared third party servers under License Mobility through Software Assurance.

### **Microsoft Dynamics AX – Localization and Updates**

Microsoft provides updates to the licensed software from time to time, which include revisions to help organizations remain current with applicable government tax and regulatory requirements (please refer to 'Country Availability' section in the Product List for more details). You are eligible to receive these updates and use them on licensed servers and the CALs permitting access to those licensed servers provided you have active Software Assurance for the licensed server and CALs.

### **Office 2013, Project 2013 or Visio 2013 -- Roaming Use Rights**

The Desktop Applications section of the License Agreement/Product Use Rights, as supplemented below, provides your license terms for use of the software under all editions of Office 2013, Project 2013 and Visio 2013 licenses with active Software Assurance coverage. In the case of any conflict between the terms in the Desktop Applications section and this section, these license terms govern. These rights are granted subject to the limitation on the number of users in the General License Terms of the Desktop Applications section, and all use must be for work-related purposes.

#### **USE OF SOFTWARE ON QUALIFYING THIRD PARTY DEVICE**

Except as provided below, the single primary user of the Licensed Device may:

remotely access the software running on your servers (e.g., in your datacenter) from a Qualifying Third Party Device, run the software in a virtual OSE on a Qualifying Third Party Device, and

install and use the software on an USB drive on a Qualifying Third Party Device.

Despite anything in your Volume Licensing Agreement to the contrary, Qualified Desktops do not include any Qualifying Third Party Device from which your users access and use the software and any (other) enterprise product solely under Roaming Use Rights (See [Universal License Terms, Definitions](#)).

When the primary user is on your or your affiliates' premises, Roaming Use Rights are not applicable.

You may not run the software in the physical OSE on the third party device under the Roaming Use Rights [MAKING AND STORING COPIES ON YOUR SERVERS OR STORAGE MEDIA](#)

You have the additional rights below for each of your Office 2013, Project 2013 and Visio 2013 licenses with active Software Assurance coverage:

You may make any number of copies of the software.

You may store copies of the software on any of your servers or storage media.

Introduction      + Universal Terms + Desktop Apps + Desktop OS + Processor/CAL + Server/CAL + Per Core

You may make and store copies of the software solely to exercise your right to access and use the software under your licenses as described above (e.g., you may not distribute copies of the software to third parties).

#### TERM OF LICENSE

The primary user's right to use the software under these Roaming Use Rights terminates when either the corresponding rights on the Licensed Device expire, Software Assurance coverage expires or there is a change in the primary user status. At that time, you must ensure that that user is no longer using the software under the Roaming Use Rights.

Despite anything to the contrary in your Volume Licensing Agreement, these Roaming Use Rights are non-perpetual. You may not access or use the software under the license terms of this Roaming Use Rights section after your Software Assurance coverage expires.

#### Remote Desktop Services (“RDS”) User CAL -- Extended Rights

You may use your RDS User CALs with active Software Assurance coverage, as described in the Windows Server license terms in these License Agreement/Product Use Rights, with Windows Server software running on a third party's shared servers.

#### Requirements:

Maintain Software Assurance coverage on your CALs under which you exercise RDS User CAL – Extended Rights.

For each CAL used in this manner, either (i) exercise these rights on Microsoft Azure Platform Services or (ii) designate a qualified License Mobility through Software Assurance Partner through which you will exercise these rights. A list of qualified License Mobility through Software Assurance Partners is available at <http://www.microsoft.com/licensing/software-assurance/license-mobility.aspx>. You may designate a new License Mobility through Software Assurance Partner or elect to move from a License Mobility through Software Assurance Partner to Microsoft Azure Platform Services, but you must wait at least 90 days following a designation or election to make a new designation or election.

Complete and submit the License Mobility Validation form with each License Mobility through Software Assurance Partner who will run your licensed software on their shared servers. The License Mobility Validation form will be made available to you by the qualified License Mobility through Software Assurance Partner.

The OSE(s) in which you exercise RDS User CAL – Extended Rights must be dedicated to and accessed only by you. Other than administrative access by your designated License Mobility through Software Assurance Partner, no other party may access the OSE(s). RDS User CAL – Extended Rights permit access by your users only for your internal benefit. They do not permit access by other users, such as users of solutions you make available to third parties.

You may continue to access RDS functionality running on your servers and otherwise exercise use rights under your RDS User CALs outside of these RDS User CAL – Extended Rights; however, each CAL must be assigned to the same single user accessing RDS functionality under the Extended Rights. You may reassign your CALs only as permitted in the “License Reassignment” section of the Universal License Terms. If you reassign a RDS User CAL, the former user may no longer exercise RDS User CAL – Extended Rights on the third party's shared servers.

RDS User CAL – Extended Rights are intended to facilitate access to a graphical user interface hosted on Windows Server using RDS functionality or similar technology (sometimes referred to as “RDS Sessions.”) They do not convey any right to deploy Windows desktop operating system via virtual desktop infrastructure on the third party's shared servers.

Your rights to exercise RDS User CAL – Extended Rights on the third party's shared servers expires with the expiration of the Software Assurance coverage on your RDS User CALs.

#### Servers -- Disaster Recovery Rights

For each instance of eligible server software you run in a physical or virtual OSE on a licensed server, you may temporarily run a backup instance in physical or virtual OSE on either, (a) servers dedicated to disaster recovery and to your use, or, (b) for instances

~~of eligible software other than Windows Server, on Microsoft Azure Services, provided the backup instance is managed by Azure Site Recovery to Azure.~~ The license terms for the software and the following limitations apply to your use of the backup instance.

The backup instance can run only during the following exception periods:

For brief periods of disaster recovery testing within one week every 90 days

During a disaster, while the production server being recovered is down

Around the time of a disaster, for a brief period, to assist in the transfer between the primary production server and the disaster recovery

server

In order to use the software under disaster recovery rights, you must comply with the following terms:

The OSE on the disaster recovery server must not be running at any other times except as above.

The OSE on the disaster recovery server may not be in the same cluster as the production server.

Introduction — + Universal Terms + Desktop Apps + Desktop OS + Processor/CAL + Server/CAL + Per Core

Other than backup instances run on Microsoft Azure Services, Windows Server license is not required for the disaster recovery server if the following conditions are met:

The Hyper-V role within Windows Server is used to replicate virtual OSEs from the production server at a primary site to a disaster recovery server.

The disaster recovery server may be used only to run hardware virtualization software, such as Hyper-V, provide hardware virtualization services, run software agents to manage the hardware virtualization software, serve as a destination for replication, receive replicated virtual OSEs, test failover, and await failover of the virtual OSEs.

run disaster recovery workloads as described above

The disaster recovery server may not be used as a production server.

Use of the software backup instance should comply with the license terms for the software.

Once the disaster recovery process is complete and the production server is recovered, the backup instance must not be running at any other times except those times allowed here.

Maintain Software Assurance coverage for all CALs, External Connector licenses and Server Management Licenses under which you access the backup instance and manage the OSEs in which that software runs.

Your right to run the backup instances ends when your Software Assurance coverage ends.

### Servers -- License Mobility through Software Assurance

License Mobility through Software Assurance lets you move certain on-premises licenses covered by Software Assurance to third party shared servers subject to the terms below. See [Universal License Terms, Definitions](#) for meanings of "CALs," "manage,"

"OSEs," "server farm," and "virtual OSEs."

### Applicable Products:

All Products that are currently eligible for "License Mobility within Server Farms" and covered by Software Assurance are eligible for License Mobility through Software Assurance. In addition, the following Products are also eligible for License Mobility through Software Assurance:

System Center – all Server Management Licenses (MLs), including SMSE and SMSD

### Permitted Use:

With License Mobility through Software Assurance, you may:

Move your licensed software from your servers to a third party's shared servers;

Access your licensed software running on the third party's shared servers under the appropriate access licenses (the CALs and External Connector licenses identified in the license terms for the individual Products subject to the requirement that you maintain Software Assurance coverage on those licenses as described below, and the User and Device SLs identified in the license terms for the individual Products);

Run your software in virtual OSEs on the third party's shared servers; and/or

Manage your OSEs that you use on the third party's shared servers; and/or

Manage your OSEs that you use on your servers using software that you run on the third party's shared servers.

### Use of Licensed Software with Microsoft Online Services:

Furthermore, solely in support of your joint use of (i) licensed software on a third party's shared servers (as described here) and (ii) a related, but separately licensed Microsoft Online Service, and despite anything to the contrary in the "Use of Software with the Online Service" section in the Online Services Use Rights, your right to use incidental software provided with that related Microsoft Online Service (software that allows the servers on which your software is run, as described here, to communicate with the Online Service Microsoft provisions) deemed to extend to that third party's shared servers. Except as expressly provided here, your right to run such software on the third party's shared servers remains subject to the license terms for the Online Service, and expires upon the earlier of (i) the expiration of the corresponding Online Service subscription or (ii) your right to use licensed software on the third party's shared servers.

### Requirements:

To use License Mobility through Software Assurance, you must:

Maintain Software Assurance coverage for licenses under which you run software on third party shared servers;

Maintain Software Assurance coverage for all CALs and External Connector licenses under which you access your licensed software running on third party shared servers;

Introduction — + Universal Terms + Desktop Apps + Desktop OS + Processor/CAL + Server/CAL + Per Core

Maintain Software Assurance coverage for all Server Management Licenses under which you manage OSEs running in third party shared servers and under which you run software on third party shared servers to manage OSEs running on your servers;

Run your licensed software and manage your OSEs on third party shared servers solely for your use and benefit;

Deploy your licensed software only with Microsoft Assurance Platform Partners. A list of qualified License Mobility through Software Assurance Partners is available at <http://www.microsoft.com/licensing/software-assurance/license-mobility.aspx>; and

Complete and submit the License Mobility Validation form with each License Mobility through Software Assurance Partner who will run your licensed software on their shared servers. The License Mobility Validation form will be made available to you by the qualified License Mobility through Software Assurance Partner.

Your rights to run licensed software and manage OSEs on third party shared servers expires with the expiration of the Software Assurance coverage on those licenses. You may move your licensed software from a third party's shared servers back to your servers or to another third party's shared servers, but not on a short term basis (not within 90 days of the last assignment). You may also move instances run or OSEs managed under a particular license from a third party's shared servers in one server farm to its shared servers in another server farm, but not on a short-term basis (not within 90 days of the last assignment). OSEs managed under the same license must be in the same server farm. Use of software deployed by third parties on shared servers on your behalf remains subject to the terms and conditions of your volume license agreement. You agree that you will be responsible for third parties' actions with regard to software deployed and managed on your behalf. The license terms applicable to the Product together with the License Mobility through Software Assurance terms govern its use. The License Mobility through Software Assurance terms supersede any conflicting license terms for a Product when License Mobility through Software Assurance is used. Generally, your rights to use the software on third party shared servers are the same as the use rights when you run the software on your servers.

However, some Products, as outlined below, have different use rights for third party shared servers under License Mobility through Software Assurance:

PRODUCT LICENSING MODEL	PRODUCT OR PRODUCT TYPE	LICENSE	PERMITTED NUMBER OF OSEs PER LICENSE/PERMITTED NUMBER OF CORES PER LICENSE
Server/CAL	External Connector Licenses	Each External Connector license with active Software Assurance coverage	1 OSE per license
Server/CAL	SQL Server	Each Server license with active Software Assurance coverage	1 OSE per license
Per-Processor	All eligible Products	Each Processor license with active Software Assurance coverage	1 OSE with up to 4 virtual processors per license
Per-Core	All eligible Products	Each Core license with active Software Assurance coverage	One virtual core (subject to the License Agreement/Product Use Rights including the requirement of a minimum of 4 cores per OSE)
Management Servers	System Center Server Management Licenses (versions prior to System Center 2012)	Each Server Management license with active Software Assurance coverage	1 Managed OSE per license
Management Servers	System Center Server Management Suites	Each SMSE or SMSD license with active Software Assurance coverage	4 Managed OSEs per License
Management Servers	System Center 2012 R2 Standard	Each System Center 2012 R2 Standard Server Management license with active Software Assurance coverage	2 Managed OSEs per license

Management Servers	System Center 2012 R2 Datacenter	Each System Center 2012 R2 Datacenter Server Management license with active Software Assurance coverage	8 Managed OSEs per license
Specialty Servers	HPC Pack Enterprise	Each Server license with active Software Assurance coverage	1 OSE per license

Introduction    -+ Universal Terms -+ Desktop Apps -+    Desktop OS -+ Processor/CAL -+    Server/CAL -+    Per Core

## Servers -- Self-Hosted Applications

---

The following additional licensing requirements and/or use rights apply to Self-Hosted Applications.

Self-Hosted Applications means those products for which the Product-Specific License Terms that indicate “Self-Hosted Applications: Yes”.

Despite any terms to the contrary in your Volume Licensing Agreement including these License Agreement/Product Use Rights, you may run licensed copies of Self-Hosted Applications that interact directly or indirectly with your own software to create a unified solution (“Unified Solution”) and permit third parties to use it, subject to the terms below.

### REQUIREMENTS

You must have the required Microsoft licenses and maintain Software Assurance coverage for:

the Self-Hosted Applications run as part of the Unified Solution; and

all access licenses used to make the Unified Solution available to external users (See [Universal License Terms, Definitions](#)). All Microsoft software used to create and deliver the Unified Solution must:

be licensed through a Volume Licensing program that is subject to these license terms (e.g., Enterprise Agreement, Select Plus Agreement, Open License Agreement) and not any other (e.g., Services Provider License Agreement, Independent Software Vendor Royalty License and Distribution Agreement); and

be marked as ‘Yes’ for ‘Self Hosting of Applications Allowed’ in these license terms. Your

software must:

add significant and primary functionality to the Self-Hosted Applications that are part of the Unified Solution (dashboards, HTML editors, utilities, and similar technologies alone are not a primary service and/or application of a Unified Solution);

be the principal service and/or application of the Unified Solution, and must not allow direct access to the Self-Hosted Applications by any end user of the Unified Solution;

be delivered to end users over the Internet, a telephone network, or a private network from servers physically dedicated to you and under the day to day control of you or a third party other than the end user of the Unified Solution (the Unified Solution may not be loaded onto the end user’s device); and

be owned, not licensed, by you, except that your software may include non-substantive third party software that is embedded in, or operates in support of, your software.

All use of the Self-Hosted Applications remains governed by the license terms for those products. You may not transfer licenses acquired under your Volume Licensing Agreement except as permitted in that agreement.

### CHANGES TO USE RIGHTS

Despite the terms of your Volume Licensing Agreement, we may modify or discontinue the above use rights at any time. However, if we do so, these use rights and the terms and conditions of your license agreement continue to apply to your use of the Self-Hosted Applications under licenses acquired before the effective date of that change until the end of your current term of Software Assurance coverage.

## Servers -- TechNet Subscription Media

---

See Applicable Notices: Data Transfer

~~The Licensed User assigned a TechNet Subscription may install copies of the software on the user devices solely for evaluation. You may not use the software in a live operating environment, in a staging environment, in an application development environment.~~

Except as provided here, the General License terms of the Developer Tools section of the License Agreement/Product Use Rights applies to the use of the TechNet Subscription Media. Please see the Product List for additional TechNet Software Assurance benefits.

## Step-Up Licenses

~~A Step-Up License permits you to run a premium edition in place of the qualifying product. When your Step-Up License becomes perpetual, it permanently replaces your rights to the qualifying product.~~

**Software Assurance Product Support Services**

~~The way you use the software may not be supportable. It may also require you to buy more support services. Each of us may use information acquired in connection with support services as long as that use does not disclose the other's confidential information. The license terms for the underlying product apply to your use of any fixes.~~

Introduction      + Universal Terms   + Desktop Apps   + Desktop OS   + Processor/CAL   + Server/CAL   + Per Core

## SQL Server — Fail-over Servers

For any OSE in which you use Running Instances of the server software, you may use up to the same number of passive fail-over Running Instances in a separate OSE on any Server in anticipation of a fail-over event.

The following additional requirements apply if you have licensed the software by Physical Core or individual Virtual OSE under the Per Core licensing model:

If you license based on Physical Cores and the OSE in which you use the passive fail-over Running Instances is on a separate Server, the number of Physical Cores on the separate Server must not exceed the number of Physical Cores on the Licensed Server and the Core Factor for the Physical Processors in that Server must be the same or lower than the Core Factor for the Physical Processors in the Licensed Server.

If you license by individual Virtual OSE, the number of Hardware Threads used in that separate OSE must not exceed the number of Hardware Threads used in the OSE in which the active Running Instances are used.

In order to utilize this benefit, you must comply with the following terms:

Maintain Software Assurance coverage on the server licenses and core licenses under which you run your licensed software and for all CALs under which you access your licensed software.

Your right to run the passive fail-over instances ends when your Software Assurance coverage ends.

Fail-over server rights do not apply in the case of software moved to shared third party servers under License Mobility through Software Assurance.

## SQL Server 2014 Enterprise and Biz Talk Server 2013 Enterprise -- Unlimited Virtualization

The license terms for SQL Server 2014 Enterprise and Biz Talk Server 2013 Enterprise in the Servers – Per Core section of the License Agreement/Product Use Rights, as supplemented below, provide your license terms for the software under core licenses with active Software Assurance coverage. ~~In the case of any conflict between the applicable terms in the Servers – Per Core section and the license terms below, the license terms below govern.~~

For each server to which you have assigned the required number of licenses as provided in the “Physical Cores of a Server” section, you may run on the licensed server any number of instances of the server software in any number of physical and/or virtual OSEs, provided you have active Software Assurance coverage for those licenses.

## SQL Server 2012 Parallel Data Warehouse — Feature Updates

We may make feature releases (e.g., appliance updates) available between major product releases. Feature releases will be available only to customers with Software Assurance coverage for the product. The License Agreement/Product Use Rights for the product, as supplemented in this [Appendix 2](#). Software Assurance Benefits, govern your use of feature releases for which you are eligible.

## System Center Configuration Manager -- VDI Rights

See the [Universal License Terms, Definitions](#) for meanings of “virtual OSE” and “manage.” The license terms applicable to System Center Configuration Manager Client Management Licenses (“CMLs”) as set forth in the Management Server section of these License Agreement/Product Use Rights, and supplemented here, apply to your use of System Center Configuration Manager software under the following licenses with active Software Assurance coverage: System Center Configuration Manager CMLs, Core CALs, and Enterprise CALs (each, a “VDI qualifying license”). You may use the software to manage, at any one time, up to four virtual OSEs in which software used remotely from the device or by the user to which that VDI qualifying license has been assigned, is running. Those virtual OSEs may be on up to four different virtual desktop infrastructure hosts. Your right to use the software as permitted here expires when Software Assurance on your System Center Configuration Manager CMLs, Core CALs or Enterprise CALs expires.

**Visual Studio -- MSDN**

The Developer Tools section of the License Agreement/Product Use Rights provides your license terms for MSDN. Your rights to use any software licensed through MSDN become perpetual when your right to use Visual Studio becomes perpetual.

---

**Windows Desktop Operating System -- Rights to run "Clustered HPC Applications"**

The Desktop Operating System section of the License Agreement/Product Use Rights, as supplemented below, provides your license terms for use of the software under licenses for the Windows desktop operating system with active Software Assurance coverage. See [Universal License Terms, Definitions](#) for meanings of "Cycle Harvesting node" and "clustered HPC application."

---

Introduction                    + [Universal Terms](#) -+ [Desktop Apps](#) -+                    [Desktop OS](#) -+ [Processor/CAL](#) -+                    [Server/CAL](#)                    +                    [Per Core](#)

Despite anything to the contrary in the license terms for the Windows desktop operating system, more than one user may use the software at one time when the additional users use the Licensed Device as a Cycle Harvesting node to run clustered HPC applications.

The rights provided under this section do not permit you to use the Licensed Devices as a general purpose server, database server, web server, e-mail server, print server or file server, for other multi-user access purposes, or for any other similar resource sharing purpose.

Your right to use the software as permitted here expires when Software Assurance coverage on your Windows desktop operating system license expires.

**Windows Enterprise (Per User and Per Device), Windows Embedded Industry Enterprise (Per Device), and Windows Virtual Desktop Access (VDA) (Per User and Per Device)**

**DEFINED TERMS IN THIS SECTION (SEE UNIVERSAL LICENSE TERMS)**

"Instance", "Licensed Device", "OSE", "Physical OSE", "Running Instances", and "Virtual OSE" "Software," as

used here, refers to Windows 8.1 Enterprise or Windows 8.1 Embedded Industry Enterprise. "Licensed Device,"

as used here, refers to the device to which you assign active coverage.

"Licensed User", as used here, refers to the user to which you assign active coverage. If the underlying user license is transferred from one person to another, the original user of the license is no longer licensed.

Use of the Software in this section is governed by the General License Terms in the Desktop Operating System (Per Copy Per Device) section of these License Agreement/Product Use Rights, the Product-Specific License Terms for Windows Enterprise or Windows Embedded Industry Enterprise and the license terms here. The license terms in this section govern in the case of any conflict with the terms in the Desktop Operating System sections.

Your right to use the Software as described here is non-perpetual; you may not access or use the Software, as permitted here, after your Software Assurance or VDA coverage expires.

Item		Windows Enterprise SA		Win Emb. Ind. Ent. SA	Windows VDA	
		Per Device	Per User	Per Device	Per Device	Per User
1	Any user of a Licensed Device, or any device used by a Licensed User; may remotely access up to four Instances of the Software Running in Virtual OSEs or one Instance of the Software Running in one Physical OSE on (a) device(s) in your datacenter.	X	X	X	X	X
2A	In addition to item 1, you may run up to four Instances in Virtual OSEs and one Instance in the Physical OSE locally on the Licensed Device. If all of the Instances permitted to run in Virtual OSEs locally are used, you may use the Instance in the Physical OSE only to host and manage the Virtual OSEs. For Windows VDA (Per Device), the Licensed Device must also be licensed for Windows 8/8.1 Pro or Enterprise, or Windows 7 Professional or Enterprise.	X		X	X	
2B	In addition to item 1, you may run up to four instances in virtual OSEs and one instance in the physical OSE locally on devices licensed for Windows 8/8.1 Pro or Enterprise, or Windows 7 Professional or Enterprise. If all of the instances permitted to run in virtual OSEs locally are used, you may use the instance in the physical OSE only to host and manage the virtual OSEs.		X			X
3	In addition to items 1 and 2B above, you may install the Software on devices with integrated screens 10.1" diagonally or less.		X			X

**Roaming Use Rights (under Windows Desktop Operating System Software Assurance (Per Device), Windows VDA (Per Device), and Windows Embedded Industry Software Assurance (Per Device))**

**DEFINED TERMS IN THIS SECTION (SEE UNIVERSAL LICENSE TERMS)**

"instance", "Licensed Device", "OSE", "qualifying third-party device", "running instances", "server", and "virtual OSE"

"Software," as used here, refers to Windows 8.1 Enterprise or Windows Embedded 8.1 Industry Enterprise.

Use of the software is subject to the Desktop Operating System section, the corresponding Windows 8.1 Enterprise section or the Windows Embedded 8.1 Industry section and the license terms here. The license terms in this section govern in the case of any conflict with the terms in the Desktop Operating System section. Ongoing use of Windows 8.1 Enterprise or Windows Embedded

8.1 Industry Enterprise under a perpetual Windows license, after Software Assurance coverage expires, is subject to the Desktop Operating System section without the additional rights and limitations here.

The single primary user<sup>1</sup> of the Licensed Device may remotely access the permitted instances running on servers in your datacenter from a Qualifying Third Party Device<sup>2</sup> from anywhere off your or your affiliates' premises.

The same user may also run one instance of the software in a virtual OSE on a Qualifying Third Party Device while off your and your affiliates' premises.

The same user may also run the instance on a USB drive (subject to Windows to Go Rights) on a Qualifying Third Party Device while off your and your affiliates' premises.

All Roaming Rights use must be for work-related purposes.

No other user may use the software under the same license at the same time except for purposes of technical support, using Remote Assistance or similar technology, or administering the software.

Your right to use the software under Roaming Rights is non-perpetual; you may not access or use the software, as permitted here, after your Windows Software Assurance coverage or Windows VDA subscription expires.

<sup>1</sup> as that term is defined in the Desktop Operating Systems section

<sup>2</sup> Despite anything in your Volume Licensing Agreement to the contrary, Qualified Desktops and Devices do not include any Qualifying Third Party Devices from which your users access and use the software and any (other) enterprise product solely under Roaming Use Rights.

**Companion Devices**

For the purposes of this section:

"Primary User" means the user who uses a Windows Software Assurance, Windows Embedded Industry Software Assurance, or Windows VDA Licensed Device more than 50% of the time in any 90 day period.

"Companion Device" means any additional device that is used by the Primary User, and either (i) is not capable of running an Instance of Windows 8.1 Pro locally (in a Physical or Virtual OSE), or (ii) is both capable of running an Instance of Windows 8.1 Pro locally (in a Physical or Virtual OSE) and personally owned by the Primary User.

**WINDOWS RT COMPANION DEVICES (UNDER WINDOWS DESKTOP OPERATING SYSTEM SOFTWARE ASSURANCE, WINDOWS INDUSTRY SOFTWARE ASSURANCE, OR WINDOWS VDA)**

"Window RT Companion Device" means a Companion Device you (not a third party) have licensed for Windows RT or Windows RT 8.1.

Use of the software is subject to the Desktop Operating System section, the corresponding Windows 8.1 Enterprise or Windows 8.1 Industry Enterprise section and the license terms here. The license terms in this section govern in the case of any conflict with the terms in the Desktop Operating System section.

Introduction      + Universal Terms + Desktop Apps + \_\_\_\_\_ Desktop OS + Processor/CAL \_\_\_\_\_ + Server/CAL      + Per Core

The Primary User may remotely access any permitted Instance of the software Running on servers in your datacenter as provided in the corresponding Windows 8.1 Enterprise and Windows 8.1 Industry Enterprise section from a Windows RT Companion Device. No other user may use the software under the same license at the same time except for purposes of technical support, using Remote Assistance or similar technology, or administering the software.

Your right to use the software on a Windows RT Companion Device is non-perpetual; you may not access or use the software, as permitted here, after your Windows Software Assurance coverage, Windows Industry Software Assurance, or Windows VDA subscription expires.

#### [WINDOWS COMPANION SUBSCRIPTION LICENSE \(SL\)](#)

Beginning December 1, 2014, all Windows Companion Subscription Licenses have the same use rights as if they were Windows Enterprise SA Per User Add-on. See the Product List for license assignment rules.

#### **Windows Desktop Operating System – Windows Thin PC**

The Desktop Operating System section of the License Agreement/Product Use Rights provides your license terms for Windows Thin PC. However, you may use the software only to run the types of applications listed below.

---

security  
management  
terminal emulation  
Remote Desktop and similar technologies  
web browser  
media player  
instant messaging client  
document viewers  
NET Framework and Java Virtual Machine

You may choose not to install the media player. If so, the sections of the Desktop Operating System section of the License Agreement/Product Use Rights listed below do not apply to your use of the software.

Windows Media Digital Rights Management  
Windows Media Player

You may use the software on a device other than the one on which it was first installed if you move the corresponding Software Assurance coverage to that other device.

## INTRODUCTION

Beginning July 1, 2014 these Online Services Terms (OST) replace the Online Services Use Rights (OLSUR). The OST contains terms that apply to Customer's use of Online Services. Separate terms, including different privacy and security terms, govern Customer's use of Non-Microsoft Products (as defined below), as well as other products and services from Microsoft.

Most Online Services offer a Service Level Agreement (SLA). For more information regarding the Online Services SLAs, please refer to <http://microsoft.com/licensing/contracts>.

### Prior Versions

The OST provides terms for Online Services that are currently available. For earlier versions Customer may refer to <http://go.microsoft.com/?linkid=9840733> or contact its reseller or Microsoft Account Manager.

### Clarifications and Summary of Changes

Additions	Deletions
Azure Directory Basic	
Microsoft Dynamics Marketing Sales Collaboration	
Office 365 Business	
Parature, from Microsoft	

### Changes

#### General Terms

In the Compliance with Laws section, clarified Microsoft does not determine whether Customer Data is subject to any specific law or regulation.

#### Privacy and Security Terms

In the General Privacy and Security Terms section, added Parature, from Microsoft, to the list of Online Services that are not covered.  
 In the Data Processing Terms section, added Parature to the list of what's excluded from "Online Services" with Microsoft Dynamics CRM Online.  
 In the Data Processing Terms section, added Exchange Online Protection to the list of what's included with "Online Services" for Office 365.

#### Instance and Storage Add-ons

Information related to Instance Add-on SLs and Storage Add-ons may be found in product support materials.

#### Enterprise Mobility Services

Created a new family of Online Services that includes Online Services available for purchase as the Enterprise Mobility Suite as well as other Online Services that are not part of the Suite.

#### Microsoft Azure Services

Corrected Clerical Error in July OST: changed hyperlink in the definition of "Microsoft Azure Services" back to what it had been in April Online Services Use Rights (OLSUR) document.

#### Microsoft Dynamics Online

Changed the family name from Microsoft Dynamics Online to Microsoft Dynamics Online Services.  
 Organized family into subsets of Online Services, and clarified which terms apply to all Products and which apply only to subsets.

#### Office 365 Services

Added Office 365 ProPlus to the list of Office 365 Services covered by the Service Level Agreement.  
 In Office 365 Applications Installation and Use Rights section, added right of users to install software with Shared Computer Activation (SCA) on a network server or Microsoft Azure Platform Services.

#### Other Online Services

Changed the name from Microsoft Azure Directory Premium to Azure Active Directory Premium and moved under Enterprise Mobility Services family.  
Changed the name from Microsoft Rights Management to Azure Rights Management Service and moved under Enterprise Mobility Services family.

**Windows Intune**

Moved under Enterprise Mobility Services family.

**Yammer**

Removed prohibition against use by children under age 13.

**Attachment 1, Notices**

In the Notice about H.264/AVC Visual Standard, VC-1 Video Standard, MPEG-4 Part Visual Standard and MPEG-2 Video Standard notice, fixed the hyperlink.

**Attachment 2, Subscription License Suites**

Deleted Office 365 Small Business and Office 365 Small Business Premium Suite SLs.

Added Office 365 Business Essentials, Office 365 Business Premium, Microsoft Dynamics CRM Online Professional, and Microsoft Dynamics CRM Online Enterprise Suite SLs.

## GENERAL TERMS

Customer may use the Online Services and related software as expressly permitted in Customer's Volume Licensing Agreement. Microsoft reserves all other rights. Customer must acquire and assign the appropriate Subscription Licenses required for its use of each Online Service. A User SL is required for each user that accesses the Online Service unless specified otherwise in the [Online Service-specific Terms, Attachment 2](#) describes SL Suites that also fulfill requirements for User SLs. Customer has no right to use an Online Service after the SL for that Online Service ends.

### Definitions

If any of the terms below are not defined in Customer's Volume Licensing Agreement, they have the definitions below. "Customer" means the government entity that has ordered the Microsoft Online Services from an authorized Microsoft reseller or Government Partner under the terms of a Volume License Agreement.

"Customer Data" means all data, including all text, sound, video, or image files, and software, that are provided to Microsoft by, or on behalf of, Customer through use of the Online Service.

"External User" means a user of an Online Service that is not an employee, onsite contractor, or onsite agent of Customer or its Affiliates. "Instance" means an image of software that is created by executing the software's setup or install procedure or by duplicating such an image.

"Licensed Device" means the single physical hardware system to which a license is assigned. For purposes of this definition, a hardware partition or blade is considered to be a separate device.

"Non-Microsoft Product" means any third-party-branded software, data, service, website or product.

"Online Service" means a Microsoft-hosted service to which Customer subscribes under a Microsoft Volume Licensing Agreement, including any service identified in the Online Services section of the Product List. The Product List is located at <http://go.microsoft.com/?linkid=9839207>.

"Operating System Environment" (OSE) means all or part of an operating system Instance, or all or part of a virtual (or otherwise emulated) operating system Instance, that enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights, and Instances of applications, if any, configured to run on all or part of that operating system Instance. There are two types of OSEs, physical and virtual. A physical hardware system can have one physical OSE and/or one or more virtual OSEs. The operating system Instance used to run hardware virtualization software or to provide hardware virtualization services is considered part of the physical OSE.

"SL" means Subscription License.

### Online Service Term Updates

When Customer renews or purchases a new subscription to an Online Service, the then-current OST will apply and will not change during

Customer's subscription for that Online Service. When Microsoft introduces features, supplements or related software that are new (i.e., that were not previously included with the subscription), Microsoft may provide terms or make updates to the OST that apply to Customer's use of those new features, supplements or related software.

### Regulatory Changes & International Availability

Microsoft may make commercially reasonable changes to each Online Service from time to time. Microsoft may terminate an Online Service in any country where Microsoft is subject to a government regulation, obligation or other requirement that is not generally applicable to businesses operating there. Availability, functionality, and language versions for each Online Service may vary by country. For information on availability, Customer may refer to [www.microsoft.com/online/international-availability.aspx](http://www.microsoft.com/online/international-availability.aspx).

### Data Retention

Microsoft will retain Customer Data stored in the Online Service in a limited function account for 90 days after expiration or termination of

Customer's subscription so that Customer may extract the data. After the 90 day retention period ends, Microsoft will disable Customer's account and delete the Customer Data.

The Online Service may not support retention or extraction of software provided by Customer. Microsoft has no liability for the deletion of Customer Data as described in this section.

**Use of Software with the Online Service**

Customer may need to install certain Microsoft software in order to use the Online Service. If so, the following terms apply:

**Microsoft Software License Terms**

Customer may install and use the software only for use with the Online Service. The [Online Service-specific Terms](#) may limit the number of copies of the software Customer may use or the number of devices on which Customer may use it. Customer's right to use the software begins

when the Online Service is activated and ends when Customer’s right to use the Online Service ends. Customer must uninstall the software when Customer’s right to use it ends. Microsoft may disable it at that time.

**Validation, Automatic Updates, and Collection for Software**

Microsoft may automatically check the version of any of its software. Devices on which the software is installed may periodically provide information to enable Microsoft to verify that the software is properly licensed. This information includes the software version, the end user’s user account, product ID information, a machine ID, and the internet protocol address of the device. If the software is not properly licensed, its functionality will be affected. Customer may only obtain updates or upgrades for the software from Microsoft or authorized sources. By using the software, Customer consents to the transmission of the information described in this section. Microsoft may recommend or download to Customer’s devices updates or supplements to this software, with or without notice. Some Online Services may require, or may be enhanced by, the installation of local software (e.g., agents, device management applications) (“Apps”). The Apps may collect data about the use and performance of the Apps, which may be transmitted to Microsoft and used for the purposes described in this OST.

**Third-party Software Components**

The software may contain third party software components. Unless otherwise disclosed in that software, Microsoft, not the third party, licenses these components to Customer under Microsoft’s license terms and notices.

**Non-Microsoft Products**

Microsoft may make Non-Microsoft Products available to Customer through Customer’s use of the Online Services (such as through a store or gallery). If Customer installs or uses any Non-Microsoft Product with an Online Service, Customer may not do so in any way that would subject Microsoft’s intellectual property or technology to obligations beyond those expressly included in Customer’s Volume Licensing Agreement. For Customer’s convenience, Microsoft may include charges for the Non-Microsoft Product as part of Customer’s bill for Online Services. Microsoft, however, assumes no responsibility or liability whatsoever for the Non-Microsoft Product. Customer is solely responsible for any Non-Microsoft Product that it installs or uses with an Online Service.

**Acceptable Use Policy**

Neither Customer, nor those that access an Online Service through Customer, may use an Online Service:

- in a way prohibited by law, regulation, governmental order or decree;
- to violate the rights of others;
- to try to gain unauthorized access to or disrupt any service, device, data, account or network;
- to spam or distribute malware;
- in a way that could harm the Online Service or impair anyone else’s use of it; or
- in any application or situation where failure of the Online Service could lead to the death or serious bodily injury of any person, or to severe physical or environmental damage.

Violation of the terms in this section may result in suspension of the Online Service. Microsoft will suspend the Online Service only to the extent reasonably necessary. Unless Microsoft believes an immediate suspension is required, Microsoft will provide reasonable notice before suspending an Online Service.

**Technical Limitations**

Customer must comply with, and may not work around, any technical limitations in an Online Service that only allow Customer to use it in certain ways.

**Compliance with Laws**

Microsoft will comply with all laws and regulations applicable to its provision of the Online Services, including security breach notification law. However, Microsoft is not responsible for compliance with any laws or regulations applicable to Customer or Customer’s industry that are not generally applicable to information technology service providers. Microsoft does not determine whether Customer Data includes information subject to any specific law or regulation. All Security Incidents are subject to the Security Incident Notification terms below.

Customer must comply with all laws and regulations applicable to its use of Online Services, including laws related to privacy, data protection and confidentiality of communications. Customer is responsible for implementing and maintaining privacy protections and security measures for components that Customer provides or controls (such as devices enrolled with Windows Intune or within a Microsoft Azure customer’s virtual machine or application), and for determining whether the Online Services are appropriate for storage and processing of information subject to any specific law or regulation. Customer is responsible for responding to any request from a third party regarding Customer’s use of an Online Service, such as a request to take down content under the U.S. Digital Millennium Copyright Act or other applicable laws.

**Acquired Rights**

Microsoft and Customer agree that the provision and use of the Online Services is not intended to result in any liability under the Acquired Rights Directive (Council Directive 2001/23/EC, formerly Council Directive 77/187/EC as amended by Council Directive 98/50/EC) or any national laws or regulations implementing the same, or similar laws or regulations (including the Transfer of Undertakings (Protection of Employment) Regulations 2006 in the United Kingdom) (collectively, the “ARD”). Microsoft will defend Customer against any claim arising under the ARD alleging the transfer (or alleged transfer) of any employee or contractor to Customer as a result of the termination of any Online Service, provided Customer (i) notifies Microsoft promptly in writing, not later than 30 days after Customer receives notice of the claim; (ii) gives Microsoft control of the defense, with input from Customer, and any settlement negotiations, provided that for the U.S. Government the control of the defense and settlement is subject to 28 U.S.C. 516; and (iii) gives Microsoft the information, authority, and assistance Microsoft needs to defend against or settle the claim.

**Electronic Notices**

Microsoft may provide Customer with information and notices about Online Services electronically, including via email, through the portal for the Online Service, or through a web site that Microsoft identifies. Notice is given as of the date it is made available by Microsoft.

**License Reassignment**

Most, but not all, SLs may be reassigned. Except as permitted in this paragraph or in the [Online Service-specific Terms](#), Customer may not reassign an SL on a short-term basis (i.e., within 90 days of the last assignment). Customer may reassign an SL on a short-term basis to cover a user’s absence or the unavailability of a device that is out of service. Reassignment of an SL for any other purpose must be permanent. When Customer reassigns an SL from one device or user to another, Customer must block access and remove any related software from the former device or from the former user’s device.

**Font Components**

While Customer uses an Online Service, Customer may use the fonts installed by that Online Service to display and print content. Customer may only embed fonts in content as permitted by the embedding restrictions in the fonts and temporarily download them to a printer or other output device to print content.

**Multiplexing**

Hardware or software that Customer uses to pool connections; reroute information; reduce the number of devices or users that directly access or use the Online Service (or related software); or reduce the number of OSEs, devices or users the Online Service directly manages (sometimes referred to as “multiplexing” or “pooling”) does not reduce the number of licenses of any type (including SLs) that Customer needs.

**Supplemental Terms**

If any document or provision referenced in a URL included in these OST contains terms that (a) allow for the automatic termination of the Online Services; (b) allow for the automatic renewal of fees; (c) require the governing law to be anything other than Federal law; (d) require Customer to indemnify Microsoft or any third party; and/or (e) otherwise violate applicable law, then such provision shall not apply.

**Disputes**

Violation of any of the terms and/or provisions in this OST document may be considered a material breach and shall be handled in accordance with the Contracts Disputes Act (41 U.S.C. §§7101-7109).

# PRIVACY AND SECURITY TERMS

This section of the Online Services Terms has two parts:

- General Privacy and Security Terms, which apply to all Online Services; and
- Data Processing Terms, which are additional commitments for certain Online Services.

## General Privacy and Security Terms

### Scope

The terms in this section apply to all Online Services except Bing Maps Enterprise Platform, Bing Maps Mobile Asset Management Platform, Translator API, Yammer, and Parature, from Microsoft, which are governed by the privacy and/or security terms referenced below in the applicable [Online Service-specific Terms](#).

### Use of Customer Data

Customer Data will be used only to provide Customer the Online Services including purposes compatible with providing those services. Microsoft will not use Customer Data or derive information from it for any advertising or similar commercial purposes. As between the parties, Customer retains all right, title and interest in and to Customer Data. Microsoft acquires no rights in Customer Data, other than the rights Customer grants to Microsoft to provide the Online Services to Customer. This paragraph does not affect Microsoft’s rights in software or services Microsoft licenses to Customer.

### Disclosure of Customer Data

Microsoft will not disclose Customer Data outside of Microsoft or its controlled subsidiaries and affiliates except (1) as Customer directs, (2) with permission from an end user, (3) as described in the OST, or (4) as required by law.

Microsoft will not disclose Customer Data to law enforcement unless required by law. Should law enforcement contact Microsoft with a demand for Customer Data, Microsoft will attempt to redirect the law enforcement agency to request that data directly from Customer. If compelled to disclose Customer Data to law enforcement, then Microsoft will promptly notify Customer and provide a copy of the demand unless legally prohibited from doing so.

Upon receipt of any other third party request for Customer Data (such as requests from Customer’s end users), Microsoft will promptly notify Customer unless prohibited by law. If Microsoft is not required by law to disclose the Customer Data, Microsoft will reject the request. If the request is valid and Microsoft could be compelled to disclose the requested information, Microsoft will attempt to redirect the third party to request the Customer Data from Customer.

Except as Customer directs, Microsoft will not provide any third party: (1) direct, indirect, blanket or unfettered access to Customer Data; (2) the platform encryption keys used to secure Customer Data or the ability to break such encryption; or (3) any kind of access to Customer Data if Microsoft is aware that such data is used for purposes other than those stated in the request.

In support of the above, Microsoft may provide Customer’s basic contact information to the third party.

### Educational Institutions

If Customer is an educational agency or institution to which regulations under the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g (FERPA) apply, Microsoft acknowledges that for the purposes of the OST, Microsoft is a “school official” with “legitimate educational interests” in the Customer Data, as those terms have been defined under FERPA and its implementing regulations, and Microsoft agrees to abide by the limitations and requirements imposed by 34 CFR 99.33(a) on school officials.

Customer understands that Microsoft may possess limited or no contact information for Customer’s students and students’ parents. Consequently, Customer will be responsible for obtaining any parental consent for any end user’s use of the Online Service that may be required by applicable law and to convey notification on behalf of Microsoft to students (or, with respect to a student under 18 years of age and not in attendance at a

postsecondary institution, to the student’s parent) of any judicial order or lawfully-issued subpoena requiring the disclosure of Customer Data in Microsoft’s possession as may be required under applicable law.

### Security

Microsoft is committed to helping protect the security of Customer’s information. Microsoft has implemented and will maintain and follow appropriate technical and organizational measures intended to protect Customer Data against accidental, unauthorized or unlawful access, disclosure, alteration, loss, or destruction.

→ [Table of Contents](#) → [Introduction](#) → [General Terms](#) → [Privacy and Security](#) → [Online Service – Specific](#) → [Attachments](#)

**Security Incident Notification**

If Microsoft becomes aware of any unlawful access to any Customer Data stored on Microsoft’s equipment or in Microsoft’s facilities, or unauthorized access to such equipment or facilities resulting in loss, disclosure, or alteration of Customer Data (each a “Security Incident”), Microsoft will promptly (1) notify Customer of the Security Incident; (2) investigate the Security Incident and provide Customer with detailed information about the Security Incident; and (3) take reasonable steps to mitigate the effects and to minimize any damage resulting from the Security Incident.

Notification(s) of Security Incidents will be delivered to one or more of Customer’s administrators by any means Microsoft selects, including via email. It is Customer’s sole responsibility to ensure Customer’s administrators maintain accurate contact information on each applicable Online Services portal. Microsoft’s obligation to report or respond to a Security Incident under this section is not an acknowledgement by Microsoft of any fault or liability with respect to the Security Incident.

Customer must notify Microsoft promptly about any possible misuse of its accounts or authentication credentials or any security incident related to an Online Service.

**Location of Data Processing**

Except as described elsewhere in the OST, Customer Data that Microsoft processes on Customer’s behalf may be transferred to, and stored and processed in, the United States or any other country in which Microsoft or its affiliates or subcontractors maintain facilities. Customer appoints Microsoft to perform any such transfer of Customer Data to any such country and to store and process Customer Data in order to provide the Online Services. Microsoft abides by the EU Safe Harbor and the Swiss Safe Harbor frameworks as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of data from the European Union, the European Economic Area, and Switzerland.

**Preview Releases**

Microsoft may offer preview, beta or other pre-release features and services (“Previews”) for optional evaluation. Previews may employ lesser or different privacy and security measures than those typically present in the Online Services. Unless otherwise provided, Previews are not included in the SLA for the corresponding Online Service.

**Use of Subcontractors**

Microsoft may hire subcontractors to provide services on its behalf. Any such subcontractors will be permitted to obtain Customer Data only to deliver the services Microsoft has retained them to provide and will be prohibited from using Customer Data for any other purpose. Microsoft remains responsible for its subcontractors’ compliance with Microsoft’s obligations in the OST. Customer has previously consented to Microsoft’s transfer of Customer Data to subcontractors as described in the OST.

**How to Contact Microsoft**

If Customer believes that Microsoft is not adhering to its privacy or security commitments, Customer may contact customer support or use Microsoft’s Privacy web form, located at <http://go.microsoft.com/?linkid=9846224>. Microsoft’s mailing address is:

**Microsoft Enterprise Service Privacy**

Microsoft Corporation One  
Microsoft Way  
Redmond, Washington 98052 USA

Microsoft Ireland Operations Limited is Microsoft’s data protection representative for the European Economic Area and Switzerland. The privacy representative of Microsoft Ireland Operations Limited can be reached at the following address:

**Microsoft Ireland Operations, Ltd.**

Attn: Data Protection  
Carmenhall Road  
Sandyford, Dublin 18, Ireland

**Data Processing Terms**

The Data Processing Terms (DPT) include the terms in this section.

The Data Processing Terms also include the “Standard Contractual Clauses,” pursuant to the European Commission Decision of 5 February 2010 on standard contractual clauses for the transfer of personal data to processors established in third countries under the EU Data Protection Directive. The Standard Contractual Clauses are in [Attachment 3](#). In addition,

Execution of the Volume Licensing Agreement includes execution of [Attachment 3](#), which is countersigned by Microsoft Corporation; The terms in Customer’s Volume Licensing Agreement, including the DPT, constitute a data processing agreement under which Microsoft is the data processor; and

The DPT control over any inconsistent or conflicting provision in Customer’s Volume Licensing Agreement and, for each subscription, will remain in full force and effect until all of the related Customer Data is deleted from Microsoft’s systems in accordance with the DPT.

Customer may opt out of the “Standard Contractual Clauses” or the Data Processing Terms in their entirety. To opt out, Customer must send the following information to Microsoft in a written notice (under terms of the Customer’s Volume Licensing Agreement):

- the full legal name of the Customer and any Affiliate that is opting out;
- if Customer has multiple Volume Licensing Agreements, the Volume Licensing Agreement to which the Opt Out applies;
- if opting out of the entire DPT, a statement that Customer (or Affiliate) opts out of the entirety of the Data Processing Terms; and
- if opting out of only the Standard Contractual Clauses, a statement that Customer (or Affiliate) opts out of the Standard Contractual Clauses only.

In countries where regulatory approval is required for use of the Standard Contractual Clauses, the Standard Contractual Clauses cannot be relied upon under European Commission 2010/87/EU (of February 2010) to legitimize export of data from the country, unless Customer has the required regulatory approval.

**In the DPT, the term “Online Services” applies only to the services in the table below, excluding any Preview features or services, and “Customer Data” includes only Customer Data that is provided through use of those Online Services.**

Online Services	
Microsoft Dynamics Online Services	Microsoft Dynamics Online Services made available through volume licensing or the Microsoft online services portal, excluding (1) Microsoft Dynamics CRM for supported devices, which includes but is not limited to Microsoft Dynamics CRM Online Services for tablets and/or smartphones and (2) any separately-branded service made available with or connected to Microsoft Dynamics CRM Online, such as Microsoft Social Listening, Parature, from Microsoft, and Microsoft Dynamics Marketing.
Office 365 Services	Exchange Online, Exchange Online Archiving, Exchange Online Protection, SharePoint Online, OneDrive for Business, Lync Online, and Office Online included in Office 365 Enterprise Plans E1, E2, E3, E4, K1 and K2; and Exchange Online Plans 1, 2, Basic and Kiosk; SharePoint Online Plans 1, 2 and Kiosk; OneDrive for Business, Office Online Plans 1 and 2; and Lync Online Plans 1, 2 and 3. Office 365 Services do not include Office 365 ProPlus or any separately branded service made available with an Office 365-branded plan or suite, such as a Bing or Yammer service or a service branded “for Office 365.”
Microsoft Azure Core Services	Cloud Services (web and worker roles), Virtual Machines (including with SQL Server), Storage (Blobs, Tables, Queues), Virtual Network, Traffic Manager, Web Sites, BizTalk Services, Media Services, Mobile Services, Service Bus, Multi-Factor Authentication, Active Directory, Rights Management Service, SQL Database, and any other features identified as included on the Microsoft Azure Trust Center.
Windows Intune Online Services	The cloud service portion of Windows Intune such as the Windows Intune Add-on Product (Volume Licensing SKU number U7U-00007). It does not include any on-premises software made available with a Windows Intune subscription.

**Location of Customer Data at Rest**

Microsoft will store Customer Data at rest within certain major geographic areas (each, a Geo) as follows:

**Office 365 Services.** If Customer provisions its tenant in the United States or the EU, Microsoft will store the following Customer Data at rest within that Geo: (1) Exchange Online mailbox content (e-mail body, calendar entries, and the content of e-mail attachments) and (2) SharePoint Online site content and the files stored within that site.

**Windows Intune Online Services.** When Customer provisions a tenant account, Customer selects an available Geo where Customer Data at rest will be stored. Microsoft will not transfer the Customer Data outside of Customer’s selected Geo except as noted in the “Data Location” section of the Windows Intune Trust Center.

**Microsoft Azure Core Services.** If Customer configures a particular service to be deployed within a Geo then, for that service, Microsoft will store Customer Data at rest within the specified Geo. Certain services may not enable Customer to configure deployment in a particular Geo or outside the United States and may store backups in other locations, as detailed in the Microsoft Azure Trust Center (which Microsoft may update from time to time, but Microsoft will not add exceptions for existing Services in general release).

**Microsoft Dynamics CRM Online Services.** For entities managed by the Microsoft Dynamics CRM Online Service, if Customer provisions its tenant in the United States or EU, Microsoft will store Customer Data at rest in the United States or EU, as applicable.

Microsoft does not control or limit the regions from which Customer or Customer’s end users may access or move Customer Data.

**Privacy**

**Customer Data Deletion or Return.** No more than 180 days after expiration or termination of Customer’s use of an Online Service, Microsoft will disable the account and delete Customer Data from the account.

**Transfer of Customer Data.** Microsoft will, during the term designated under Customer’s Volume Licensing Agreement, remain certified under the EU and Swiss Safe Harbor programs, provided that they are maintained by the United States government. In addition, unless Customer has opted out of the Standard Contractual Clauses, all transfers of Customer Data out of the European Union, European Economic Area, and Switzerland shall be governed by the Standard Contractual Clauses.

**Microsoft Personnel.** Microsoft personnel will not process Customer Data without authorization from Customer. Microsoft personnel are obligated to maintain the security and secrecy of any Customer Data as provided in the DPT and this obligation continues even after their engagements end.

**Subcontractor Transfer.** Any subcontractors to whom Microsoft transfers Customer Data, even those used for storage purposes, will have entered into written agreements with Microsoft that are no less protective than the DPT. Customer has previously consented to Microsoft’s transfer of Customer Data to subcontractors as described in the DPT. Except as set forth in the DPT, or as Customer may otherwise authorize, Microsoft will not transfer to any third party (not even for storage purposes) personal data Customer provides to Microsoft through the use of the Online Services. Each Online Service has a website that lists subcontractors that are authorized to access Customer Data. At least 14 days before authorizing any new subcontractor to access Customer Data, Microsoft will update the applicable website and provide Customer with a mechanism to obtain notice of that update. If Customer does not approve of a new subcontractor, then Customer may terminate the affected Online Service without penalty by providing, before the end of the notice period, written notice of termination that includes an explanation of the grounds for non-approval. If the affected Online Service is part of a suite (or similar single purchase of services), then any termination will apply to the entire suite. After termination, Microsoft will remove payment obligations for the terminated Online Services from subsequent Customer invoices.

**Additional European Terms.**

These Additional European Terms apply only if Customer has end users in the European Economic Area (“EEA”) or Switzerland.

**End Users in EEA or Switzerland.** Terms used in the DPT that are not specifically defined will have the meaning in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data (the “EU Data Protection Directive”).

**Intent of the Parties.** For the Online Services, Microsoft is a data processor (or sub-processor) acting on Customer’s behalf. As data processor (or sub-processor), Microsoft will only act upon Customer’s instructions. The OST and Customer’s Volume Licensing Agreement (including the terms and conditions incorporated by reference therein) are Customer’s complete and final instructions to Microsoft for the processing of Customer Data. Any additional or alternate instructions must be agreed to according to the process for amending Customer’s Volume Licensing Agreement.

**Duration and Object of Data Processing.** The duration of data processing shall be for the term designated under Customer’s Volume Licensing Agreement. The objective of the data processing is the performance of the Online Services.

**Scope and Purpose of Data Processing.** The scope and purpose of processing of Customer Data, including any personal data included in the Customer Data, is described in the DPT and Customer’s Volume Licensing Agreement.

**Customer Data Access.** For the term designated under Customer’s Volume Licensing Agreement Microsoft will, at its election and as necessary under applicable law implementing Article 12(b) of the EU Data Protection Directive, either: (1) provide Customer with the ability to correct, delete, or block Customer Data, or (2) make such corrections, deletions, or blockages on Customer’s behalf.

**Security**

**General Practices.** Microsoft has implemented and will maintain and follow for the Online Services the following security measures, which, in conjunction with the security commitments in the OST, are Microsoft’s only responsibility with respect to the security of Customer Data.

Domain	Practices
Organization of Information Security	<p><b>Security Ownership.</b> Microsoft has appointed one or more security officers responsible for coordinating and monitoring the security rules and procedures.</p> <p><b>Security Roles and Responsibilities.</b> Microsoft personnel with access to Customer Data are subject to confidentiality obligations.</p> <p><b>Risk Management Program.</b> Microsoft performed a risk assessment before processing the Customer Data or launching the Online Services service. Microsoft retains its security documents pursuant to its retention requirements after they are no longer in effect.</p>
Asset Management	<p><b>Asset Inventory.</b> Microsoft maintains an inventory of all media on which Customer Data is stored. Access to the inventories of such media is restricted to Microsoft personnel authorized in writing to have such access.</p> <p><b>Asset Handling</b></p>

Domain	Practices
	<p>Microsoft classifies Customer Data to help identify it and to allow for access to it to be appropriately restricted.</p> <p>Microsoft imposes restrictions on printing Customer Data and has procedures for disposing of printed materials that contain Customer Data.</p> <p>Microsoft personnel must obtain Microsoft authorization prior to storing Customer Data on portable devices, remotely accessing Customer Data, or processing Customer Data outside Microsoft’s facilities.</p>
Human Resources Security	<p><b>Security Training.</b> Microsoft informs its personnel about relevant security procedures and their respective roles. Microsoft also informs its personnel of possible consequences of breaching the security rules and procedures. Microsoft will only use anonymous data in training.</p>
Physical and Environmental Security	<p><b>Physical Access to Facilities.</b> Microsoft limits access to facilities where information systems that process Customer Data are located to identified authorized individuals.</p> <p><b>Physical Access to Components.</b> Microsoft maintains records of the incoming and outgoing media containing Customer Data, including the kind of media, the authorized sender/recipients, date and time, the number of media and the types of Customer Data they contain.</p> <p><b>Protection from Disruptions.</b> Microsoft uses a variety of industry standard systems to protect against loss of data due to power supply failure or line interference.</p> <p><b>Component Disposal.</b> Microsoft uses industry standard processes to delete Customer Data when it is no longer needed.</p>
Communications and Operations Management	<p><b>Operational Policy.</b> Microsoft maintains security documents describing its security measures and the relevant procedures and responsibilities of its personnel who have access to Customer Data.</p> <p><b>Data Recovery Procedures</b> On an ongoing basis, but in no case less frequently than once a week (unless no Customer Data has been updated during that period), Microsoft maintains multiple copies of Customer Data from which Customer Data can be recovered.</p> <p>Microsoft stores copies of Customer Data and data recovery procedures in a different place from where the primary computer equipment processing the Customer Data is located.</p> <p>Microsoft has specific procedures in place governing access to copies of Customer Data.</p> <p>Microsoft reviews data recovery procedures at least every six months.</p> <p>Microsoft logs data restoration efforts, including the person responsible, the description of the restored data and where applicable, the person responsible and which data (if any) had to be input manually in the data recovery process.</p> <p><b>Malicious Software.</b> Microsoft has anti-malware controls to help avoid malicious software gaining unauthorized access to Customer Data, including malicious software originating from public networks. <b>Data Beyond Boundaries</b> Microsoft encrypts, or enables Customer to encrypt, Customer Data that is transmitted over public networks.</p> <p>Microsoft restricts access to Customer Data in media leaving its facilities (e.g., through encryption).</p> <p><b>Event Logging.</b> Microsoft logs, or enables Customer to log, access and use of information systems containing Customer Data, registering the access ID, time, authorization granted or denied, and relevant activity.</p>
Access Control	<p><b>Access Policy.</b> Microsoft maintains a record of security privileges of individuals having access to Customer Data.</p> <p><b>Access Authorization</b> Microsoft maintains and updates a record of personnel authorized to access Microsoft systems that contain Customer Data.</p> <p>Microsoft deactivates authentication credentials that have not been used for a period of time not to exceed six months.</p> <p>Microsoft identifies those personnel who may grant, alter or cancel authorized access to data and resources.</p> <p>Microsoft ensures that where more than one individual has access to systems containing Customer Data, the individuals have separate identifiers/log-ins.</p> <p><b>Least Privilege</b> Technical support personnel are only permitted to have access to Customer Data when needed.</p> <p>Microsoft restricts access to Customer Data to only those individuals who require such access to perform their job function.</p>

Domain	Practices
	<p><b>Integrity and Confidentiality</b>                      Microsoft instructs Microsoft personnel to disable administrative sessions when leaving premises                      Microsoft controls or when computers are otherwise left unattended.                      Microsoft stores passwords in a way that makes them unintelligible while they are in force.</p> <p><b>Authentication</b>                      Microsoft uses industry standard practices to identify and authenticate users who attempt to access information systems.                      Where authentication mechanisms are based on passwords, Microsoft requires that the passwords are renewed regularly.                      Where authentication mechanisms are based on passwords, Microsoft requires the password to be at least eight characters long.                      Microsoft ensures that de-activated or expired identifiers are not granted to other individuals.                      Microsoft monitors, or enables Customer to monitor, repeated attempts to gain access to the information system using an invalid password.                      Microsoft maintains industry standard procedures to deactivate passwords that have been corrupted or inadvertently disclosed.                      Microsoft uses industry standard password protection practices, including practices designed to maintain the confidentiality and integrity of passwords when they are assigned and distributed, and during storage.</p> <p><b>Network Design.</b> Microsoft has controls to avoid individuals assuming access rights they have not been assigned to gain access to Customer Data they are not authorized to access.</p>
Information Security Incident Management	<p><b>Incident Response Process</b>                      Microsoft maintains a record of security breaches with a description of the breach, the time period, the consequences of the breach, the name of the reporter, and to whom the breach was reported, and the procedure for recovering data.                      Microsoft tracks, or enables Customer to track, disclosures of Customer Data, including what data has been disclosed, to whom, and at what time.</p> <p><b>Service Monitoring.</b> Microsoft security personnel verify logs at least every six months to propose remediation efforts if necessary.</p>
Business Continuity Management	<p>Microsoft maintains emergency and contingency plans for the facilities in which Microsoft information systems that process Customer Data are located.</p> <p>Microsoft’s redundant storage and its procedures for recovering data are designed to attempt to reconstruct Customer Data in its original or last-replicated state from before the time it was lost or destroyed.</p>

**Certifications and Audits**

Microsoft has established and agrees to maintain a data security policy (Online Information Security Policy) for each Online Service that complies with the ISO 27001 standards for the establishment, implementation, control, and improvement of the Information Security Management System and the ISO/IEC 27002 code of best practices for information security management. On a confidential need-to-know basis, and subject to Customer’s agreement to non-disclosure obligations Microsoft specifies, Microsoft will make the Online Information Security Policy available to Customer, along with other information reasonably requested by Customer regarding Microsoft security practices and policies. Customer is solely responsible for reviewing the Online Information Security Policy, making an independent determination as to whether the Online Information Security Policy meets Customer’s requirements, and for ensuring that Customer’s personnel and consultants follow the guidelines they are provided regarding data security. If Customer is subject to the Standard Contractual Clauses, then this section is in addition to Clause 5 paragraph f and Clause 12 paragraph 2 of the Standard Contractual Clauses.

Microsoft will audit the security of the computers and computing environment that it uses in processing Customer Data (including personal data) on the Online Services and the physical data centers from which Microsoft provides the Online Services. This audit: (1) will be performed at least annually; (2) will be performed according to ISO 27001 standards; (3) will be performed by qualified, independent third party security professionals at Microsoft’s selection and expense; (4) will result in the generation of an audit report (Microsoft Audit Report), which will be Microsoft’s confidential information; and (5) may be performed for other purposes in addition to satisfying this section (e.g., as part of Microsoft’s regular internal security procedures or to satisfy other contractual obligations).

If Customer requests in writing, Microsoft will provide Customer with a confidential summary of the Microsoft Audit Report(Summary Report) so that Customer can reasonably verify Microsoft’s compliance with the security obligations under the DPT. The Summary Report will clearly disclose the scope of the audit and any material findings by the auditor. The Summary Report is Microsoft confidential information.

If the Standard Contractual Clauses apply, then Customer agrees to exercise its audit right by instructing Microsoft to execute the audit as described in this section of the DPT. If Customer has not opted out of the Standard Contractual Clauses and desires to change this instruction

regarding exercising this audit right, then Customer has the right to change this instruction as mentioned in the Standard Contractual Clauses, which shall be requested in writing.

If the Standard Contractual Clauses apply, then nothing in this section of the DPT varies or modifies the Standard Contractual Clauses nor affects any supervisory authority's or data subject's rights under the Standard Contractual Clauses. Microsoft Corporation is an intended third-party beneficiary of this section.

## ONLINE SERVICE SPECIFIC TERMS

If an Online Service is not listed below, it does not have any Online Service-specific terms.

### Microsoft Azure Services

---

#### Notices

The Customer Support and H.264/AVC Visual Standard, VC-1 Video Standard, and MPEG-4 Part 2 Visual Standard and MPEG-2 Video Standard Notices in [Attachment 1](#) apply.

#### Service Level Agreement

Refer <http://azure.microsoft.com/en-us/support/legal/sla/>.

#### Definitions

“Customer Solution” means an application or any set of applications that adds primary and significant functionality to the Microsoft Azure Services and that is not primarily a substitute for the Microsoft Azure Services.

“Managed Service Solution” means a managed IT service provided by Customer to a third party that consists of the administration of and support for Microsoft Azure Services.

“Microsoft Azure Services” means one or more of the Microsoft services and features identified at <http://azure.microsoft.com/en-us/services>, except where identified as licensed separately.

#### Limitations

Customer may not

resell or redistribute the Microsoft Azure Services, or allow multiple users to directly or indirectly access any Microsoft Azure Service feature that is made available on a per user basis (e.g., Active Directory Premium). Specific reassignment terms applicable to a Microsoft Azure Service feature may be provided in supplemental documentation for that feature.

#### Retirement of Services or Features

Microsoft will provide Customer with 12 months’ notice before removing any material feature or functionality or discontinuing a service, unless security, legal or system performance considerations require an expedited removal. This does not apply to Previews

#### Data Retention after Expiration or Termination

The expiration or termination of Customer’s Online Service subscription will not change Customer’s obligation to pay for hosting of Customer Data during any Extended Term.

#### Hosting Exception

Customer may create and maintain a Customer Solution and, despite anything to the contrary in Customer’s Volume Licensing Agreement, combine Microsoft Azure Services with Customer Data owned or licensed by Customer or a third party, to create a Customer Solution using the Microsoft Azure Service and the Customer Data together. Customer may permit third parties to access and use the Microsoft Azure Services in connection with the use of that Customer Solution. Customer is responsible for that use and for ensuring that these terms and the terms and conditions of Customer’s Volume Licensing Agreement are met by that use.

#### Managed Service Exception

Customer may provide a Managed Service Solution provided (i) Customer has the sole ability to access, configure, and administer the Microsoft Azure Services, (ii) Customer has administrative access to the virtual OSE(s), if any, in the Managed Service Solution, and (iii) the third party has

administrative access only to its application(s) or virtual OSE(s). Customer is responsible for the third party's use of Microsoft Azure Services in accordance with the terms of the Volume Licensing Agreement.

#### Virtual Machines

Microsoft Azure Services may provide Customer with the option of running Windows Server and other Microsoft software in a Virtual Machine. Customer agrees to secure the rights necessary to run all software (including the operating system) within Customer's Virtual Machines. Customer may use that software only within the Microsoft Azure Services and only in conjunction with Customer's permitted use of any applicable Microsoft Azure role, and subject to the Universal and General Terms for the software detailed in the License Agreement/Product Use Rights document found at <http://go.microsoft.com/?linkid=9839206> or its successor site.

**Sharing**

The Microsoft Azure Services may provide the ability to share a Customer Solution and/or Customer Data with other Azure users and communities, or other third parties. If Customer chooses to engage in such sharing, Customer agrees that it is giving a license to all authorized users, including the rights to use, modify, and repost its Customer Solution and/or the Customer Data, and Customer is allowing Microsoft to make them available to such users in a manner and location of its choosing.

**Import/Export Services**

Customer's use of the Import/Export Service is conditioned upon its compliance with all instructions provided by Microsoft with respect to the preparation, treatment and shipment of the physical media containing its data (storage media), which will be provided via email or at [www.go.microsoft.com/fwlink/?linkid=301900&CLCID=0X409](http://www.go.microsoft.com/fwlink/?linkid=301900&CLCID=0X409). Customer is solely responsible for ensuring the storage media and data are provided in compliance with all laws and regulations. All incoming storage media will be shipped DAP Microsoft DCS Data Center (INCOTERMS 2010).

Exported storage media will be shipped DAP Customer Dock (INCOTERMS 2010). Customer is responsible for ensuring that the data exported on storage media is permitted to be shipped to the location Customer provides.

Customer agrees that Microsoft has no duty with respect to the storage media and the data contained therein and no liability for lost, damaged or destroyed storage media. Customer is solely responsible for taking any precautions to protect the storage media and data contained therein, including without limitation: encrypting data, tamper-proof packaging, shipping insurance, data backup, and data redundancy.

**Store**

Microsoft Azure enables Customer to access or purchase Non-Microsoft Products through features such as Microsoft Azure Store and the Virtual Machine Gallery, subject to separate terms available at <http://azure.microsoft.com/en-us/support/legal/microsoft-azure-store-terms/>.

[Table of Contents](#) / [General Terms](#)

## Enterprise Mobility Services

**Notices**

The Bing Maps Notices in [Attachment 1](#) apply.

**Subscription License Suites**

In addition to User SLs, refer to [Attachment 2](#) for other SLs that fulfill requirements for Azure Active Directory Premium, Azure Rights Management, and Windows Intune.

## Azure Active Directory Basic

Customer may, using Single Sign-On, pre-integrate up to 10 SAAS Applications/Custom Applications per User SL. All Microsoft as well as third party applications count towards this application limit.

[Table of Contents](#) / [General Terms](#)

## Azure Active Directory Premium

Customer may, using Single Sign-On, pre-integrate SaaS Applications/Custom Applications. Customer may not copy or distribute any data set (or any portion of a data set) included in the Forefront Identity Manager software that is included with a Microsoft Azure Active Directory Premium User SL.

[Table of Contents](#) / [General Terms](#)

## Azure Rights Management Service

[Table of Contents](#) / [General Terms](#)

## Windows Intune

Windows Intune (per user)	Windows Intune Add-on for System Center Configuration Manager and System Center Endpoint Protection (per user)
Windows Intune with Windows Desktop Operating System (per user)	

(“WindowsIntuneAdd-On”)

### Manage Devices

Each user to whom Customer assigns a User SL may access and use the Online Service and related software (including System Center software) to manage up to five devices.

### Storage Add-on SL

A Storage Add-on SL is required for each gigabyte of storage in excess of the storage provided with the base subscription.

### Windows Software Components in System Center Software

The System Center software includes one or more of the following Windows Software Components: Microsoft .NET Framework, Microsoft Data Access Components, Powershell software and certain .dlls related to Microsoft Build, Windows Identity Foundation, Windows Library for JavaScript, Debughelp.dll, and Web Deploy technologies.

The license terms governing use of the Windows Software Components are in the Windows 8.1 Pro and Enterprise section of the Product Use Rights. The License Agreement/Product Use Rights is located at <http://go.microsoft.com/?linkid=9839206>.

### SQL Server Technology and Benchmarking

The Software included with the Online Service includes SQL Server-branded components other than a SQL Server Database. Those components are licensed to Customer under the terms of their respective licenses, which can be found in the installation directory or unified installer of the software. Customer must obtain Microsoft’s prior written approval to disclose to a third party the results of any benchmark test of these components or the software that includes them.

### The following additional terms apply to Windows Desktop Operating System Service that customers receive with Windows Intune with Windows Desktop Operating System Service:

#### Notices

H.264/AVC Visual Standard, VC-1 Video Standard, MPEG-2 Video Standard, MPEG-4 Part 2 Visual Standard and MPEG-2 Video Standard Notice in Appendix 1 applies to Windows Intune with Windows Desktop Operating System.

#### Access to Online Service

Each user to whom Customer assigns a Windows Intune with Windows Desktop Operating System User SL may access and use the Online Service and other related software (including System Center software) to manage the user’s Windows Device and up to four additional devices.

#### Assigning the Windows Desktop Operating System License

Each user who has been assigned a User SL (the Primary User) may use the Windows software (as described in the “Windows Desktop Operating System” section below) on a single device, which must have an assigned and installed qualifying operating system license. That device is the Primary User’s Windows Device for purposes of these license terms and the Microsoft Desktop Optimization Pack (MDOP) license terms Product Use Rights. The License Agreement/Product Use Rights is located at <http://go.microsoft.com/?linkid=9839206>.

Qualifying operating system licenses (both 32 and 64-bit) include the following:

- Windows 8 and 8.1 Enterprise or Pro, (diskless, N, K and KN editions)
- Windows 7 Enterprise or Professional (diskless) (including the N, K and KN editions),\ or Ultimate
- Windows Vista Enterprise (N, K, KN editions), Business (N, K, KN, Blade editions) or Ultimate
- Windows XP Professional or Tablet Editions (including the N, K, KN and Blade editions), Windows XP Pro N or Windows XP Pro Blade PC
- Windows 2000 Professional
- Windows NT Workstation 4.0
- Windows 98 (including 2nd Edition)
- Apple Macintosh

#### Windows Desktop Operating System

The License Agreement/Product Use Rights for the Windows Enterprise Operating System apply to the Windows desktop operating system software included with the User SL, except as provided in this section. Software, as used here, refers to Windows Enterprise.

Customer may install one copy of Windows 8.1 Enterprise, 8.1 Pro, or any earlier supported version of the software on the Windows Device on up to two processors. The Primary User may use the software for work-related purposes locally or remotely.

**Local Virtualization Rights.** The Primary User may run up to four Instances in virtual OSEs and one Instance in the Physical OSE locally on the Windows Device. If all of the Instances permitted to run in virtual OSEs locally are used, Customer may use the Instance in the Physical OSE only to host and manage the virtual OSEs.

**Remote Virtualization Rights.** When using the Windows Device, the Primary User may remotely access up to four Instances of the software running in virtual OSEs or one instance of the software running in one physical OSE on a device in Customer’s datacenter.

**Roaming Use Rights.** The Primary User may remotely access the permitted Instances running on servers in Customer’s datacenter from a device that is not controlled, directly or indirectly, by Customer or its Affiliates (a “Qualifying Third Party Device”) from anywhere off Customer’s or its Affiliates’ premises and may run one Instance of the software in a virtual OSE on a Qualifying Third Party Device while off Customer’s or its Affiliates’ premises.

**Windows to Go Rights.** Customer may create and store an Instance of the software on up to two USB drives for the Primary User to run on any Windows Device or on a Qualifying Third Party Device from anywhere off Customer’s or Customer’s Affiliates’ premises.

The Primary User may remotely access any permitted Instance of the software running on servers in Customer’s datacenter from a Windows RT Companion Device, where “Window RT Companion Device” means any additional device that is used by the Primary User and properly licensed by Customer (not a third party) for Windows RT or Windows RT 8.1.

Customer may connect up to 20 devices to the Windows Device for file sharing, printing, Internet Information Services, Internet Connection Sharing or telephony services. An unlimited number of connections are allowed for Key Management Services activation or similar technology.

Customer may create any number of Instances of the software and store them on any of Customer’s servers or storage media solely to exercise Customer’s right to run Instances of the software under any of Customer’s Windows Intune with Windows Desktop Operating System (per user) licenses.

Other users may access the software solely to provide technical support using Remote Assistance (or similar technology) or administering the software.

**Reassignment of Windows Desktop OS**

Subject to the general rule against short-term reassignment of licenses, Customer may reassign its license to a qualifying replacement device. A qualifying replacement device is a device to which Customer has assigned a license and upon which Customer has installed the latest version of the Windows desktop operating system. Customer may reassign its license sooner if it retires the licensed device due to permanent hardware failure. Customer may replace a Windows Device with another device, but not on a short-term basis (90 days or less) and only if that replacement device is licensed for a supported qualifying version of the Windows desktop operating system. Licenses that are granted or acquired in connection with other qualifying licenses (e.g., MDOP) generally must be reassigned as and when the qualifying license is reassigned.

**Windows Operating System Buy-out option**

A buy-out option is available to obtain perpetual Licenses for the latest version of Windows Enterprise that is made available to Customer under its Windows Intune with Windows Desktop Operating System subscription on or before the date Customer exercises the buy-out option (the “Windows Enterprise Software”). A buy-out order may be submitted during or any time after the 12th calendar month of an active Windows Intune with Windows Desktop Operating System subscription or up to 90 days after Customer’s subscription expires or is cancelled. Customer will be required to pay any outstanding subscription and/or cancellation fees upon or in advance of exercising the buy-out option. Customer’s buy-out order for Windows Enterprise Software may include a number of Licenses up to but not exceeding the number of active SLs Customer currently has (or had up to 90 days prior to buy-out) for Windows Intune with Windows Desktop Operating System. For pricing, payment terms, and information about how to exercise the buy-out option Customer should contact its local support center: [www.microsoft.com/online/help/en-us/help/howto/0d8eb4c2-77c5-4dd8-b66c-9f1de7451e24.htm](http://www.microsoft.com/online/help/en-us/help/howto/0d8eb4c2-77c5-4dd8-b66c-9f1de7451e24.htm).

**Perpetual Licenses**

Upon Microsoft’s acceptance of Customer’s buy-out order and receipt of payment in full, Customer will have perpetual Licenses for the Windows Enterprise Software for the number of Licenses specified in the buy-out order. Perpetual Licenses received under the buy-out option remain subject to the terms of Customer’s Volume Licensing Agreement (including these Online Services Terms, as further specified below, and all License limitations), and supersede and replace Customer’s underlying perpetual Licenses for a qualifying Microsoft desktop operating system. The terms governing Customer’s ongoing use of the Windows Enterprise Software survive expiration or termination of Customer’s Volume Licensing Agreement.

**Buy-Out Option**

Notwithstanding anything to the contrary in Customer’s Volume Licensing Agreement, Customer may not reassign perpetual Windows desktop operating system licenses acquired under the Windows Intune with Windows Desktop Operating System buy-out option to replacement devices.

**Assigning Licenses**

→ [Table of Contents](#) → [Introduction](#) → [General Terms](#) → [Privacy and Security](#) → [Online Service – specific](#) → [Attachments](#)

Customer must assign the perpetual licenses Customer acquires under the buy-out option to Windows Devices on which Customer used the software under Customer’s corresponding Windows Intune with Windows Desktop Operating System (per user) SLs.

**Product Use Rights**

The License Agreement/Product Use Rights for the Windows Enterprise Operating System apply to Customer’s use of Windows Enterprise Software under the perpetual Licenses Customer acquires under the buy-out option. The License Agreement/Product Use Rights is located at <http://go.microsoft.com/?linkid=9839206>. The Virtualization Rights, Roaming Use Rights, Windows to Go Rights and Companion Devices described above in this section do not apply.

[Table of Contents](#) / [General Terms](#)

**Microsoft Social Listening**

Microsoft Social Listening Professional

**Service Level Agreement**

There is no SLA for Microsoft Social Listening.

**Social Content Obtained through Microsoft Social Listening**

“Social Content” is publicly-available content collected from social media networks (such as Twitter, Facebook and YouTube) and data indexing or data aggregation services in response to Customer’s search queries executed in Microsoft Social Listening. Social Content is not Customer Data. Microsoft reserves the right to:

- store Social Content in a database commingled with content aggregated from other sources by other licensees;
- access, edit or delete Social Content in response to a request from a social media network, data indexing or data aggregation service, Social Content owner or a takedown request under the Digital Millennium Copyright Act;
- instruct Customer to edit or delete Social Content, if Customer exports Social Content; and
- delete or restrict further access to Social Content after the Online Service has been terminated or expires.

## Office 365 Services

### Notices

The Bing Maps Notices in [Attachment 1](#) apply.

### Core Features for Office 365 Services

During the term of Customer's subscription, the Office 365 Services will substantially conform to the Core Features description provided (if any) in the Office 365 service-specific sections below, subject to Product restrictions or external factors (such as the recipient, message rate, message size and mailbox size limits for e-mail; default or Customer-imposed data retention policies; search limits; storage limits; Customer or end user configurations; and meeting capacity limits). Microsoft may permanently eliminate a functionality specified below only if it provides Customer a reasonable alternative functionality.

### Administration Portal

Customer will be able to add and remove end users and domains, manage licenses, and create groups through the Microsoft Online Services Portal or its successor site.

### Subscription License Suites

In addition to User SLs, refer to [Attachment 2](#) for other SLs that fulfill requirements for Exchange Online Plans 1 and 2, Lync Online Plans 1 and 2 and SharePoint Online Plans 1 and 2.

## Exchange Online

Data Loss Prevention  
Exchange Online Archiving for Exchange Online Exchange  
Online Archiving for Exchange Server

Exchange Online Kiosk Exchange  
Online Plan 1 Exchange Online  
Plan 2

### Core Features for Office 365 Services – Exchange Online

Exchange Online or its successor service will have the following [Core Features](#) capabilities:

#### Emails

An end user will be able to send email messages, receive email messages that originate from within and outside of Customer's organization, and access the end user's mailbox.

#### Mobile and Web Browser Access

Through the Microsoft Exchange ActiveSync protocol or a successor protocol or technology, Exchange Online will enable an end user to send and receive emails and update and view calendars from a mobile device that adequately supports such a protocol or technology. An end user will be able to send email messages, receive email messages that originate from within and outside of Customer's organization, and access the end user's mailbox, all from within a compatible web browser.

#### Retention Policies

Customer will be able to establish archive and deletion policies for email messages.

#### Deleted Item and Mailbox Recovery

Customer will be able to recover the contents of a deleted non-shared mailbox and an end user will be able to recover an item that has been deleted from one of the end user's email folders.

#### Multi-Mailbox Search

→ [Table of Contents](#) → [Introduction](#) → [General Terms](#) → [Privacy and Security](#) → [Online Service – specific](#) → [Attachments](#)

Customer will be able to search for content across multiple mailboxes within its organization.

**Calendar**

An end user will be able to view a calendar and schedule appointments, meetings, and automatic replies to incoming email messages.

**Contacts**

Through an Exchange Online-provided user interface, Customer will be able to create and manage distribution groups and an organization-wide directory of mail-enabled end users, distribution groups, and external contacts.

**Core Features for Office 365 Services – Exchange Online Archiving**

Exchange Online Archiving or its successor service will have the following [Core Features](#) capabilities:

**Storage**

Customer will be able to allow an end user to store email messages.

**Retention Policies**

Customer will be able to establish archive and deletion policies for email messages distinct from policies that an end user can apply to the end user’s own mailbox.

**Deleted Item and Mailbox Recovery**

Customer, through Office 365 support services, will be able to recover a deleted archive mailbox, and an end user will be able to recover an item that has been deleted from one of the end user’s email folders in the end user’s archive.

**Multi-Mailbox Search**

Customer will be able to search for content across multiple mailboxes within its organization.

**Legal Hold**

Customer will be able to place a “legal hold” on an end user’s primary mailbox and archive mailbox to preserve the content of those mailboxes.

**Archiving**

Archiving may be used for messaging storage only with Exchange Online Plans 1 and 2.

**Archiving for Exchange Server**

Users licensed for Exchange Server 2013 Standard Client Access License may access the Exchange Server 2013 Enterprise Client Access License features necessary to support use of Exchange Online Archiving for Exchange Server.

**Exchange Online Plan 2 from Exchange Hosted Archive Migration**

Exchange Online Plan 2 is a successor Online Service to Exchange Hosted Archive. If Customer renews from Exchange Hosted Archive into Exchange Online Plan 2 and has not yet migrated to Exchange Online Plan 2, Customer’s licensed users may continue to use the Exchange Hosted Archive service subject to the terms of the March 2011 Product Use Rights until the earlier of Customer’s migration to Exchange Online Plan 2 or the expiration of Customer’s Exchange Online Plan 2 User SLs. The License Agreement/Product Use Rights is located at

**Data Loss Prevention Device License**

If Customer is licensed for Data Loss Prevention by Device, all users of the Licensed Device are licensed for the Online Service.

[Table of Contents](#) / [General Terms](#)

**Lync Online**

Lync Online Plan 1  
LyncOnline Plan 2

**Notices**

The Recording and the H.264/MPEG-4 AVC and/or VC-1 Notices in [Attachment 1](#) apply.

**Core Features for Office 365 Services**

Lync Online or its successor service will have the following [Core Features](#) capabilities:

**Instant Messaging**

→ [Table of Contents](#) → [Introduction](#) → [General Terms](#) → [Privacy and Security](#) → [Online Service – specific](#) → [Attachments](#)

An end user will be able to transfer a text message to another end user in real time over an Internet Protocol network.

**Presence**

An end user will be able to set and display the end user’s availability and view another end user’s availability.

**Online Meetings**

An end user will be able to conduct an Internet-based meeting that has audio and video conferencing functionality **with other end users.**

[Table of Contents](#) / [General Terms](#)

## Office 365 Applications

Office 365 Business	Project Pro for Office 365
Office 365 ProPlus	Visio Pro for Office 365

**Service Level Agreement**

There is no SLA for Project Pro for Office 365 and Visio Pro for Office 365.

**Installation and Use Rights**

Each user to whom Customer assigns a User SL must have a Microsoft Account in order to use the software provided with the subscription. These users:

- may activate the software provided with the SL on up to five concurrent OSEs for local or remote use;
- may also install the software, with Shared Computer Activation (SCA), on a network server or Microsoft Azure Platform Services and use the software to create, edit, or save documents. For the purpose of this use right “network server” means a physical hardware server solely dedicated to Customer use. This SCA provision does not apply to Customers license for Office 365Business; and
- must connect each device upon which user has installed the software to the Internet at least once every 30 days or the functionality of the software may be affected.

**The following terms apply only to Office 365 Business and Office 365 ProPlus Smartphone and Tablet Devices**

Each user to whom Customer assigns a User SL may also activate Microsoft Office Mobile software to create, edit, or save documents on up to five of user’s smartphones and five of user’s tablets.

**The following terms apply only to Office 365 ProPlus Office Home & Student 2013 RT Commercial Use**

Each User SL for Office 365 ProPlus modifies the user’s right to use the software under a separately acquired Office Home & Student 2013 RT license by waiving the prohibition against commercial use. Except for this allowance for commercial use of the software, all use is subject to the terms and use rights provided with the Office Home & Student 2013 RT License.

**Office Web Apps Server 2013**

Each Office 365 ProPlus user may use the Office Web Apps Server 2013 software. This provision does not apply to Customers that license this Product under the Microsoft Online Subscription Agreement or other Microsoft agreement that cover Online Services only.

**Subscription License Suites**

In addition to Office 365 ProPlus User SLs, Customer may fulfill the SL requirement for this Product by purchasing a Suite SL (refer [Attachment 2](#)).

[Table of Contents](#) / [General Terms](#)

## Office Online

**Core Features for Office 365 Services**

Office Online or its successor service will have the following [Core Features](#) capabilities:  
An end user will be able to create, view, and edit documents in Microsoft Word, Excel, PowerPoint, and OneNote file types that are supported by Office Online or its successor service.

**External Users**

External Users invited to site collections via Share-by-Mail functionality do not need User SLs with Office Online.

## SharePoint Online

Duet Enterprise Online for Microsoft SharePoint and SAP	SharePoint Online Plan 1
SharePoint Online Kiosk	SharePoint Online Plan 2

### Core Features for Office 365 Services

SharePoint Online or its successor service will have the following [Core Features](#) capabilities:

#### Collaboration Sites

An end user will be able to create a web browser-accessible site through which the end user can upload and share content and manage who has permission to access that site.

#### Storage

Customer will be able to set storage capacity limits for a site created by an end user.

#### External Users

External Users invited to site collections via Share-by-Mail functionality do not need User SLs with SharePoint Online Kiosk, Plan 1 and Plan 2.

#### Storage Add-on SLs

Office 365 Extra File Storage is required for each gigabyte of storage in excess of the storage provided with User SLs for SharePoint Online Plans 1 and 2.

[Table of Contents](#) / [General Terms](#)

## Other Online Services

### Bing Maps Enterprise Platform and Bing Maps Mobile Asset Management Platform

#### Service SLs

A Service SL is required to provide access to the services. Each Service SL must be purchased with at least one of the following qualifying Add-On SLs:

a Website usage Add-On SL, which is required for unauthenticated users to access Bing Maps Enterprise Platform and Bing Maps Mobile Asset Management Platform through Customer's programs based on the number of billable transactions per month,

a public website usage SL, which is available for a specified number of billable transactions for use on a website that is available publicly without restriction,

an Internal Website Usage Add-on, which is available for a specified number of billable transactions for use on an internal website (e.g., intranet) on a private network,

Bing Maps Unlimited Add-on,

Bing Maps Known User SL, or

Bing Maps Light Known User SL.

#### Qualifying Bing Maps Mobile Asset Management Platform Service SL Add-on SLs

For the Bing Maps Mobile Asset Management Platform, an Add-on SL is required for each tracked Asset whose GPS or other sensor based position can be monitored, displayed, reverse geocoded or used to perform calculations using Bing Maps Mobile Asset Management Platform. "Asset" is defined as any vehicle, device or other mobile object. These Add-on SLs are for a specified number of tracked Assets.

**Authenticated Users**

Users that are authenticated by Customer's programs that access Bing Maps Enterprise Platform and Bing Maps Mobile Asset Management Platform must have a SL.

**Bing Maps APIs**

Customer may use all Bing Maps APIs in accordance with the Microsoft Bing Maps Platform API Terms of Use and Bing Maps Platform SDKs, including any successors thereto, located at <http://go.microsoft.com/fwlink/p/?LinkId=66121> and <http://go.microsoft.com/fwlink/p/?LinkId=223436>.

**Bing Maps Privacy**

The Bing Privacy Statement and privacy terms in the Microsoft Bing Maps Platform API Terms of Use located at: <http://go.microsoft.com/fwlink/?LinkId=248686> apply to Customer's use of the Bing Maps Services.

[Table of Contents](#) / [General Terms](#)

## Microsoft Learning E-Reference Library

Any person that has valid access to Customer's computer or internal network may copy and use the documentation for Customer's internal reference purposes. Documentation does not include electronic books.

## Microsoft Learning IT Academy

**Service SL**

A Service SL is required for each Location that accesses or uses any Microsoft Learning IT Academy service or benefit. Location is defined as a physical site with staff under the same administrator, such as a principal, in a single building or group of buildings located on the same campus.

**IT Academy Program Guidelines**

The IT Academy program guidelines, located at <http://www.microsoft.com/itacademy>, apply to Customer's use of the Microsoft Learning IT Academy and its benefits.

**Program Benefits Provided by Third-Party**

Program benefits may only be used by a licensed institution's faculty, staff and students currently enrolled in the licensed institution.

[Table of Contents](#) / [General Terms](#)

## Office 365 Developer

**No Production Use of Office 365 Developer**

Each user to whom Customer assigns a User SL may use the Online Service to design, develop, and test Customer's applications to make them available for Customer's Office 365 Online Services, on-premises deployments or for the Microsoft Office Store. The Online Service is not licensed for production use.

**Office 365 Developer End Users**

Customer's end users do not need a SL to access Office 365 Developer to perform acceptance tests or provide feedback on Customer programs.

[Table of Contents](#) / [General Terms](#)

## Power BI for Office 365

**Notices**

The Bing Maps Notices in [Attachment 1](#) apply.

[Table of Contents](#) / [General Terms](#)

## System Center Endpoint Protection

### Device SLs

An SL is required for each device that accesses System Center Endpoint Protection or related software, excluding Servers, which require Server Management Licenses.

### Server Management SLs

In addition to User SL requirements, Server Management Licenses are required for each Server in the number specified in the System Center 2012 R2 Datacenter and Standard license terms in the Management Servers section of the Product Use Rights. The License Agreement/Product Use Rights is located at <http://go.microsoft.com/?linkid=9839206>. For purposes of this statement, OSEs running server operating systems that access System Center Endpoint Protection or related software are managed OSEs. For this paragraph, a "Servers" is a device on which Customer runs server operating system software.

### Substitution of Scan Engines

Microsoft may substitute comparable software and files for the Online Service's:

- anti-virus and anti-spam software; and
- signature files and content filtering data files.

[Table of Contents](#) / [General Terms](#)

## Translator API

Customer may use Translator API in accordance with the Translator API Terms of Use, including successor Terms, located at <http://aka.ms/translatortou> and the Translator Privacy Statement located at <http://aka.ms/translatorprivacy>.

[Table of Contents](#) / [General Terms](#)

## Yammer Enterprise

### External Users

External Users invited to Yammer via external network functionality do not need User SLs.

### Microsoft's use of Customer Data

Despite anything to the contrary in Customer's Volume Licensing Agreement or the OST, Microsoft's use of Customer Data in the Yammer Enterprise online service, both before and after Customer's Online Service subscription terminates, will be governed by the Yammer Privacy Statement at [www.yammer.com/about/privacy](http://www.yammer.com/about/privacy).

[Table of Contents](#) / [General Terms](#)

## Attachment 1 – Notices

### Bing Maps

---

The Online Service or its included software includes use of Bing Maps. Any content provided through Bing Maps, including geocodes, can only be used within the product through which the content is provided. Customer's use of Bing Maps is governed by the Bing Maps End User Terms of Use available at [go.microsoft.com/?linkid=9710837](http://go.microsoft.com/?linkid=9710837) and the Bing Maps Privacy Statement available at [go.microsoft.com/fwlink/?LinkID=248686](http://go.microsoft.com/fwlink/?LinkID=248686).

### Customer Support

---

If Customer's volume licensing agreement incorporates a Master Business Agreement dated before September 1, 2007 (and Customer has not signed any other master-level Microsoft Professional Services agreement) or if Customer licenses under the Microsoft Online Subscription Agreement or other Microsoft agreement that cover Online Services only, Customer Support is provided subject to these additional terms.

#### Definitions

Terms used in this Customer Support Notice but not defined will have the definition provided in Customer's volume licensing agreement. "Customer Support" means all support or advice provided to Customer under Customer's volume licensing agreement.

"Fixes" means Product fixes, modifications or enhancements, or their derivatives, that Microsoft either releases generally (such as service packs), or that Microsoft provides to Customer when performing Customer Support to address a specific issue.

#### Fixes

If Microsoft provides Fixes to Customer in the course of performing Customer Support, those Fixes are licensed according to the license terms applicable to the Product to which those Fixes relate unless the Fixes include separate terms, in which case those terms will govern. If Fixes are provided for Microsoft Azure Services, Microsoft Dynamics CRM Online, Microsoft Dynamics Marketing or Microsoft Social Listening, any other use terms Microsoft provides with the Fixes will apply, and if no use terms are provided, Customer shall have a non-exclusive, temporary, fully paid-up license to use and reproduce the Fixes solely for Customer's internal use. Customer may not modify, change the file name of, or combine any Fixes with any non-Microsoft computer code.

#### Pre-Existing Work

All rights in any computer code or non-code based written materials developed or otherwise obtained by or for the parties or their Affiliates

independent of Customer's volume licensing agreement (Pre-Existing Work) shall remain the sole property of the party providing the Pre-Existing Work. During the performance of Customer Support, each party grants to the other party (and Microsoft's contractors as necessary) a temporary, non-exclusive license to use, reproduce and modify any of its Pre-Existing Work provided to the other party, solely as needed to perform its obligations in connection with the Customer Support. Except as may be otherwise expressly agreed by the parties in writing, upon payment in full Microsoft grants Customer a non-exclusive, perpetual, fully paid-up license to use, reproduce and modify (if applicable) any Microsoft Pre-Existing Work provided as part of a Customer Support deliverable, solely in the form delivered to Customer, and solely for Customer's internal business purposes. The license to Microsoft's Pre-Existing Work is conditioned upon Customer's compliance with the terms of Customer's volume licensing

agreement. If Customer is located in the Czech Republic, Customer represents that the author has granted relevant approvals to modify Customer's pre-existing work. Any violation of conditions of Customer's volume licensing agreement, or any other statements regarding customer support under that agreement, by Customer will be a condition subsequent for obtaining the perpetual license to Microsoft's Pre-existing Work that Microsoft leaves to Customer at the end of Microsoft's performance of Customer Support.

#### Materials

Microsoft shall own all rights in any materials developed by Microsoft (other than software code) and provided to Customer in connection with Customer Support ("Materials"), except to the extent such Materials constitute Customer's Pre-Existing Work. Microsoft grants Customer a non-exclusive, perpetual, fully paid-up license to use, reproduce and modify the Materials solely for Customer's internal business operations and without any obligation of accounting or payment of royalties.

**Sample Code**

Microsoft grants Customer a nonexclusive, perpetual, royalty-free right to use and modify any software code provided by Microsoft for the purposes of illustration ("Sample Code") and to reproduce and distribute the object code form of the Sample Code, provided that Customer agrees:

to not use Microsoft's name, logo, or trademarks to market Customer's software product in which the Sample Code is embedded; and (ii) to include a valid copyright notice on Customer's software product in which the Sample Code is embedded. Customer authorizes and consents to the use or distribution of any Sample Code and Customer software product in accordance with 28 U.S.C. 1498.

→ [Table of Contents](#) → [Introduction](#) → [General Terms](#) → [Privacy and Security](#) → [Online Service – Specific](#) → [Attachments](#)

**Affiliates' Rights**

Customer may sublicense the rights contained in this section to Affiliates, but Customer's Affiliates may not sublicense these rights and their use must be consistent with the license terms contained in Customer's volume licensing agreement.

**Warranty for Customer Support**

Microsoft warrants that all Customer Support will be performed with professional care and skill.

**Notice about H.264/AVC Visual Standard, VC-1 Video Standard, MPEG-4 Part Visual Standard and MPEG-2 Video Standard**

This software may include H.264/AVC, VC-1, MPEG-4 Part 2, and MPEG-2 visual compression technology. MPEG LA, L.L.C. requires this notice: THIS PRODUCT IS LICENSED UNDER THE AVC, THE VC-1, THE MPEG-4 PART 2 AND MPEG-2 VISUAL PATENT PORTFOLIO LICENSES FOR THE PERSONAL AND NON-COMMERCIAL USE OF A CONSUMER TO (i) ENCODE VIDEO IN COMPLIANCE WITH THE ABOVE (VIDEO STANDARDS) AND/OR

DECODE AVC, VC-1, MPEG-4 PART 2 AND MPEG-2 VIDEO THAT WAS ENCODED BY A CONSUMER ENGAGED IN A PERSONAL AND NON-COMMERCIAL ACTIVITY AND/OR WAS OBTAINED FROM A VIDEO PROVIDER LICENSED TO PROVIDE SUCH VIDEO. NO LICENSE IS GRANTED OR SHALL BE IMPLIED FOR ANY OTHER USE. ADDITIONAL INFORMATION MAY BE OBTAINED FROM MPEG LA, L.L.C. REFER TO [www.mpegla.com](http://www.mpegla.com).

For clarification purposes, this notice does not limit or inhibit the use of the software for normal business uses that are personal to that business which do not include (i) redistribution of the software to third parties, or (ii) creation of content compliant with the VIDEO STANDARDS technologies for distribution to third parties.

## ATTACHMENT 2 – SUBSCRIPTION LICENSE SUITES

Online Services may be available for purchase as Suites of Online Services. If, in the table below, a cell is shaded blue in an Online Service’s row, the Suite SL for the column the cell is in fulfills the SL requirements for the cell’s Online Services.

Online Service	Suite SLs

## ATTACHMENT 3 – THE STANDARD CONTRACTUAL CLAUSES (PROCESSORS)

To the extent Customer is subject to Article 26(2) of Directive 95/46/EC and to the extent not prohibited by applicable law, then, for the purposes of Article 26(2) of Directive 95/46/EC for the transfer of personal data to processors established in third countries which do not ensure an adequate level of data protection, Customer (as data exporter) and Microsoft Corporation (as data importer, whose signature appears below), each a “party,” together “the parties,” have agreed on the following Contractual Clauses (the “Clauses” or “Standard Contractual Clauses”) in order to adduce adequate safeguards with respect to the protection of privacy and fundamental rights and freedoms of individuals for the transfer by the data exporter to the data importer of the personal data specified in Appendix 1.

### Clause 1: Definitions

'personal data', 'special categories of data', 'process/processing', 'controller', 'processor', 'data subject' and 'supervisory authority' shall have the same meaning as in Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data;

'the data exporter' means the controller who transfers the personal data;

'the data importer' means the processor who agrees to receive from the data exporter personal data intended for processing on his behalf after the transfer in accordance with his instructions and the terms of the Clauses and who is not subject to a third country's system ensuring adequate protection within the meaning of Article 25(1) of Directive 95/46/EC;

'the subprocessor' means any processor engaged by the data importer or by any other subprocessor of the data importer who agrees to receive from the data importer or from any other subprocessor of the data importer personal data exclusively intended for processing activities to be carried out on behalf of the data exporter after the transfer in accordance with his instructions, the terms of the Clauses and the terms of the written subcontract;

'the applicable data protection law' means the legislation protecting the fundamental rights and freedoms of individuals and, in particular, their right to privacy with respect to the processing of personal data applicable to a data controller in the Member State in which the data exporter is established;

'technical and organisational security measures' means those measures aimed at protecting personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing.

### Clause 2: Details of the transfer

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 below.

### Clause 3: Third-party beneficiary clause

The data subject can enforce against the data exporter this Clause, Clause 4(b) to (i), Clause 5(a) to (e), and (g) to (j), Clause 6(1) and (2), Clause 7, Clause 8(2), and Clauses 9 to 12 as third-party beneficiary.

The data subject can enforce against the data importer this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where the data exporter has factually disappeared or has ceased to exist in law unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity.

The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.

The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

**Clause 4: Obligations of the data exporter**

The data exporter agrees and warrants:

that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;

that it has instructed and throughout the duration of the personal data processing services will instruct the data importer to process the personal data transferred only on the data exporter's behalf and in accordance with the applicable data protection law and the Clauses;

that the data importer will provide sufficient guarantees in respect of the technical and organisational security measures specified in Appendix 2 below;

that after assessment of the requirements of the applicable data protection law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;

that it will ensure compliance with the security measures;

that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;

to forward any notification received from the data importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;

to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;

that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and

that it will ensure compliance with Clause 4(a) to (i).

**Clause 5: Obligations of the data importer**

The data importer agrees and warrants:

to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;

that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;

that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;

that it will promptly notify the data exporter about:

any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation, any accidental or unauthorised access, and

any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;

to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;

at the request of the data exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority; to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter; that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent; that the processing services by the subprocessor will be carried out in accordance with Clause 11; and to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

**Clause 6: Liability**

The parties agree that any data subject who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

**Clause 7: Mediation and jurisdiction**

The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject: to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority; to refer the dispute to the courts in the Member State in which the data exporter is established. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

**Clause 8: Cooperation with supervisory authorities**

The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

**Clause 9: Governing Law.**

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

**Clause 10: Variation of the contract**

→ [Table of Contents](#) → [Introduction](#) → [General Terms](#) → [Privacy and Security](#) → [Online Service – Specific](#) → [Attachments](#)

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

**Clause 11: Subprocessing**

The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement. The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established. The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

**Clause 12: Obligation after the termination of personal data processing services**

The parties agree that on the termination of the provision of data processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore. The data importer and the subprocessor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.

**Appendix 1 to the Standard Contractual Clauses**

- Data exporter:** Customer is the data exporter. The data exporter is a user of Online Services as defined in the section of the OST entitled "Security and Data Processing: Additional Technical and Organizational Measures."
- Data importer:** The data importer is MICROSOFT CORPORATION, a global producer of software and services.
- Data subjects:** Data subjects include the data exporter's customer's representatives and end-users including employees, contractors, collaborators, and customers of the data exporter. Data subjects may also include individuals attempting to communicate or transfer personal information to users of the services provided by data importer.
- Categories of data:** The personal data transferred includes e-mail, documents and other data in an electronic form in the context of the Online Services.
- Processing operations:** The personal data transferred will be subject to the following basic processing activities:
- Duration and Object of Data Processing.** The duration of data processing shall be for the term designated under the applicable Volume Licensing Agreement between data exporter and the Microsoft entity to which these Standard Contractual Clauses are annexed ("Microsoft"). The objective of the data processing is the performance of Online Services.
- Scope and Purpose of Data Processing.** The scope and purpose of processing personal data is described in the DPT. The data importer operates a global network of data centers and management/support facilities, and processing may take place in any jurisdiction where data importer or its subprocessors operate such facilities.
- Customer Data Access.** For the term designated under the applicable Volume Licensing Agreement data importer will at its election and as necessary under applicable law implementing Article 12(b) of the EU Data Protection Directive, either: (1) provide data exporter with the ability to correct, delete, or block Customer Data, or (2) make such corrections, deletions, or blockages on its behalf.
- Data Exporter's Instructions.** For Online Services, data importer will only act upon data exporter's instructions as conveyed by Microsoft.

**Customer Data Deletion or Return.** Upon expiration or termination of data exporter’s use of Online Services, it may extract Customer Data and data importer will delete Customer Data, each in accordance with the OST applicable to the agreement.

**Subcontractors:** The data importer may hire other companies to provide limited services on data importer’s behalf, such as providing customer support. Any such subcontractors will be permitted to obtain Customer Data only to deliver the services the data importer has retained them to provide, and they are prohibited from using Customer Data for any other purpose.

**Appendix 2 to the Standard Contractual Clauses**

Description of the technical and organizational security measures implemented by the data importer in accordance with Clauses 4(d) and 5(c):

**Personnel.** Data importer’s personnel will not process Data without authorization. Personnel are obligated to maintain the confidentiality of any Data and this obligation continues even after their engagement ends.

**Data Privacy Contact.** The data privacy officer of the data importer can be reached at the following address:

Microsoft Corporation  
Attn: Chief Privacy Officer 1  
Microsoft Way Redmond, WA  
98052 USA

**Technical and Organization Measures.** The data importer has implemented and will maintain appropriate technical and organizational measures, internal controls, and information security routines intended to protect Customer Data, as defined in the DPT, against accidental loss, destruction, or alteration; unauthorized disclosure or access; or unlawful destruction as follows: The technical and organizational measures, internal controls, and information security routines set forth in the DPT are hereby incorporated into this Appendix 2 by this reference and are binding on the data importer as if they were set forth in this Appendix 2 in their entirety.

Signature of Microsoft Corporation appears on the following page.

Signing the Standard Contractual Clauses, Appendix 1 and Appendix 2 on behalf of the data importer:

**MICROSTRATEGY INCORPORATED**  
**1850 TOWERS CRESCENT PLAZA**  
**TYSON'S CORNER, VA 22182**

**EC AMERICA RIDER TO PRODUCT SPECIFIC LICENSE TERMS AND CONDITIONS**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached MicroStrategy Incorporated ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**MICROSTRATEGY INCORPORATED**

**MICROSTRATEGY INCORPORATED. LICENSE, WARRANTY AND SUPPORT TERMS**

---

**SOFTWARE LICENSE AND SERVICES AGREEMENT**

This Software License and Services Agreement (“Agreement”) applies to an order entered into between Contractor acting by and through its supplier, MicroStrategy Incorporated (“we,” “us,” “our”) and the eligible Ordering Activity under GSA Schedule contracts identified on the order (“you,” “your,” or “Ordering Activity”), and specifies the terms and conditions under which we will license and supply Products and Services to you.

**I. GENERAL TERMS**

The terms of this Section I (“General Terms”) apply generally to all Products and Services supplied under this Agreement.

**1. Definitions**

Unless otherwise defined in this Agreement, capitalized terms used in the body of this Agreement will have the meanings set forth below.

“Applicable Data Protection Law” means all applicable international, federal, state, provincial and local laws, rules, regulations, directives and governmental requirements currently in effect and as they become effective relating in any way to the privacy, confidentiality or security of Protected Data, including the European Union Directives and regulations governing general data protection and all applicable industry standards concerning privacy, data protection, confidentiality or information security.

“CPU” means a physical core (in a physical computing environment) or a virtual core (in a virtual computing environment) to which an instance of a Product is assigned, as identified by the operating system in which the Product is installed.

“Customer Content” means software (including machine images), data, text, audio, video, images, or other content of yours or a third-party that you or your Representative utilize with a Product.

“Designated Software Instance,” or “DSI” means a single MicroStrategy metadata database or a set of related MicroStrategy metadata databases (e.g., for production, development, testing, etc.) that will be accessed by the Products specified on an order.

“Documentation” means the user documentation or manuals normally distributed or made available in connection with a Product.

“Named User” means a single individual designated by you as a user of a Product on a non-temporary basis.

“Product” means a generally available MicroStrategy software product identified on an order that is licensed to you pursuant to the terms of this Agreement, and any tools included with such software product (including, in the case of the “Cloud Platform” version of our Products, the MicroStrategy Cloud provisioning console).

“Protected Data” means any data or information that is subject to regulation under Applicable Data Protection Law.

“Representative” means any of your affiliates, your third-party contractors and anyone else accessing or using a Product or Service on your behalf or through your systems, including any Named Users.

“Service” means any service provided by us pursuant to this Agreement, including technical support, education, and consulting (or any portion thereof).

“Technical Support Services” means the technical support and maintenance Services provided by us according to our then current technical support policy listed at

[https://www.microstrategy.com/getmedia/20f15098-14b2-432d-afa42e14189c492c/COLL-1909-0618-TS-policy-with-GDPR-section\\_final](https://www.microstrategy.com/getmedia/20f15098-14b2-432d-afa42e14189c492c/COLL-1909-0618-TS-policy-with-GDPR-section_final) (“Technical Support Policy”) when the Services are purchased. “Third-Party Solution” means any product, service, content or item of a third-party.

“Update” means a later commercial release of a Product made available after you license the Product.

**2. Certain Obligations and Restrictions**

You are responsible for compliance with this Agreement by your Representatives. You are also responsible for the proper operation of your network and your equipment used to connect to the Products. You and your Representatives will not (a) copy, display, distribute, or otherwise use a Product in any manner or for any purpose not expressly authorized by this Agreement; or (b) create derivative works of or otherwise modify any Product or any portion thereof except as expressly provided in the Documentation; or (c) modify, tamper with or repair any Product; or (d) reverse engineer, decompile or disassemble any Product or such software or the metadata created by a Product or such software, or apply any other process or procedure to derive the source code of any Product or such software; or (e) interfere with or disrupt the integrity or performance of a Product; or (f) attempt to gain unauthorized access to a Product; or (g) access or use any Product in a way intended to avoid incurring fees or exceeding usage limits or quotas; or (h) use a Product to develop any product or service that is in any way competitive with any of our product or service offerings; or (i) make available to any third-party any analysis of the operation of a Product, including any benchmarking results, without our prior written consent; or (j) use any Product to provide time-sharing services, software-as-a-service offering, service bureau services or similar services; or (k) use a Product to store or transmit (1) material in violation of third-party privacy rights; or (2) libelous, or otherwise unlawful or tortious material; or (3) material that infringes any copyright, trademark, patent, trade secret or other proprietary right of any entity or individual; or (4) viruses, Trojan horses, worms, time bombs, cancelbots, corrupted files, or any other similar software or programs.

As required for our performance pursuant to this Agreement and an order, you are also required to (A) provide us with reliable, accurate and complete information; and (B) make decisions and obtain required management approvals in a timely manner; and (C) obtain all consents, approvals and licenses

necessary for use of any software, services, data or other items provided by you or on your behalf; and (D) cause your third-party contractors and licensors to cooperate with us.

**3. Intellectual Property Ownership**

We, our affiliates and our licensors will own all right, title and interest in and to all Products. You will be and remain the owner of all rights, title and interest in and to Customer Content. Each party will own and retain all rights in its trademarks, logos and other brand elements (collectively, "Trademarks"). To the extent a party grants any rights or licenses to its Trademarks to the other party in connection with this Agreement, the other party's use of such Trademarks will be subject to the reasonable trademark guidelines provided in writing by the party that owns the Trademarks.

**4. Limited Warranties and Remedies**

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NO WARRANTIES OR COMMITMENTS, EXPRESS OR IMPLIED, ARE MADE WITH RESPECT TO ANY PRODUCT OR SERVICE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SYSTEMS INTEGRATION, TITLE, SATISFACTORY QUALITY AND NONINFRINGEMENT. WE DO NOT WARRANT AND ARE NOT RESPONSIBLE FOR ANY THIRD-PARTY PRODUCTS OR SERVICES AND YOUR SOLE AND EXCLUSIVE RIGHTS AND REMEDIES WITH RESPECT TO ANY THIRD-PARTY PRODUCTS OR SERVICES ARE AS PROVIDED BY THE THIRD-PARTY PROVIDER AND NOT BY US.

**5. Data Protection**

You will not transfer to us or provide us any access to any Protected Data in connection with this Agreement, including Personal Data, Protected Health Information and Personally Identifiable Information (as such terms are defined in Applicable Data Protection Law), except for Protected Data related to your contact persons.

We have implemented appropriate technical, organizational, and security measures designed to safeguard and protect Protected Data provided by you to us and we may access, use and transfer such Protected Data to our affiliates and third parties (including those located outside of the European Economic Area) only for the purposes of fulfilling our obligations and exercising our rights, providing information to you and complying with our legal and auditing requirements.

**6. Third-Party Solution Connectors**

When you access any Third-Party Solution (including third-party data sources) with connectors included as part of the Products, you agree and acknowledge that (a) you may download content from the servers of the Third-Party Solution provider; and (b) your access to the ThirdParty Solution with such connectors will be for the purpose of utilizing the Third-Party Solution in conjunction with the Products; and (c) we are not responsible for interruptions of service caused by the ThirdParty Solution provider; and (d) if we have a business relationship with the Third-Party Solution provider, that relationship is subject to termination and cancellation; (e) you may not remove or obscure any patent, copyright, trademark, proprietary rights notices, and/or legends contained in or affixed to any output of the Products and (f) you are solely responsible for licensing the use of third-party data sources accessed by our Products.

**7. Other Provisions**

Our security Products are not designed to manage physical or logical access to facilities or systems where delay in or failure of such access could threaten health or safety, or cause property, environmental or similar damage. You represent that your decision to license a Product is not based on (a) any oral or written comments made by us with respect to functionality or features not currently offered in our latest generally available version of our Products; or (b) any expectation that any additional features or functionality presented as part of a demonstration, beta evaluation or roadmap presentation of a Product may be included in a future update or release of a Product; or (c) demonstrations of any software that is not currently generally available. You further acknowledge that the development, release and timing of any additional features or functionality for the Products remain at our sole discretion. If you deploy our Products or Services as part of an extranet application, you agree to display "Powered by MicroStrategy" or certain other similar trademarks designated by us.

**II. ENTERPRISE PLATFORM LICENSE TERMS**

The terms of this Section II ("Enterprise Platform License Terms") apply exclusively to the licensing and provision of the "Enterprise Platform" version of our Products. Products licensed under these Enterprise Platform License Terms will be designated for use in an "Enterprise Platform for Windows" or "Enterprise Platform for Linux" operating environment on an order.

**License Grant.** We grant you a non-exclusive, non-transferable

license, subject to the terms and conditions of this Agreement and in accordance with applicable law, to (a) install our Products identified in an order on servers and workstations in the country to which the Products are delivered; and (b) grant Named Users located anywhere in the world access to the Products (including the Documentation and reports, dashboards, dossiers and other output generated by the Products) in support of your internal business operations, each in accordance with the Documentation and license type(s) and terms specified on an order. We will supply each Product to you by making it available electronically. You may make additional copies of the download files containing the Products for archival purposes.

**License Type.** Your license to a Product will be under a Named User or CPU license type, as specified on an order. Each Named User license to a Product entitles a Named User to access and use that Product in one production environment and up to two non-production environments. Each CPU license to a Product entitles you to assign the Product to a single CPU in one production environment and up to two non-production environments, for use in support of an unspecified number of Named Users.

**License Duration.** The duration of your license to a Product will be for a perpetual or limited term, as specified on an order. Subject to the terms of this Agreement and the applicable order, (a) if a "Perpetual" interval is specified for a Product, you will receive a license to that Product in perpetuity; and (b) if a "Term" interval is specified for a Product, you will receive a license to that Product for a period of 12 months (or another period specified on the order) from the date of delivery of the Product.

**Deployment Method.** You may only install the Products on servers and workstations under your control in your enterprise data center or under the control of your third-party service provider who hosts the Products on your behalf in a public Cloud, and will deploy the Products only in the operating environment specified on the order. If the "Enterprise Platform for Windows" operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order (e.g., Intelligence, Reporter or Identity) solely in a Microsoft Windows environment. If the "Enterprise Platform for Linux" operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order solely in a Linux environment.

**Additional Limited Warranties and Remedies.** We warrant that (a) for a period of six (6) months from the effective date of an order ("Enterprise Platform Warranty Period"), each Product listed on the order and Updates delivered for the Product during the Enterprise Platform Warranty Period will perform in substantial conformance with the technical specifications set forth in the Documentation; and (b) prior to release, we scan each version of the Products using a nationally recognized virus scanning program and we will remove any virus detected by such virus scanning program prior to releasing such version of the Products. For any breach of the warranty set forth in subsection (a) above, your exclusive remedy and our entire liability will be (1) the correction of the Product errors that caused the breach of the warranty; or (2) replacement of the Product; or (3) if neither of the foregoing can be reasonably effected by us, the refund of the license fees and any unused, prepaid Technical Support Services fees paid for the Product, provided that the Product licenses are terminated.

### III. CLOUD PLATFORM LICENSE TERMS

The terms of this Section III ("Cloud Platform License Terms") apply exclusively to the licensing and provision of the "Cloud Platform" version of our Products, an optimized version of the MicroStrategy software platform built specifically for deployment in an Amazon Web Services or Microsoft Azure environment through the MicroStrategy Cloud provisioning console. Products licensed under these Cloud Platform License Terms will be designated for use in a "Cloud Platform for AWS" or "Cloud Platform for Azure" operating environment on an order.

**License Grant.** We grant you a non-exclusive, non-transferable license, subject to the terms and conditions of this Agreement and in accordance with applicable law, to (a) install our Products identified in an order on servers and workstations in the country to which the Products are delivered; and (b) grant Named Users located anywhere in the world access to the Products (including the Documentation and reports, dashboards, dossiers and other output generated by the Products) in support of your internal business operations, each in accordance with the Documentation and license type(s) and terms specified on an order. We will supply each Product to you by making it available electronically. You may make additional copies of the download files containing the Products for archival purposes.

**License Type.** Your license to a Product will be under a Named User or CPU license type, as specified on an order. Each Named User license to a

**License Duration.** The duration of your license to a Product will be for a perpetual or limited term, as specified on an order. Subject to the terms of this Agreement and the applicable order, (a) if a "Perpetual" interval is specified for a Product, you will receive a license to that Product in perpetuity; and (b) if a "Term" interval is specified for a Product, you will receive a license to that Product for a period of 12 months (or another period specified on the order) from the date of delivery of the Product.

**Deployment Method.** You may only install the Products on servers and workstations under the control of your third-party service provider who hosts the Products on your behalf in a public Cloud, and will deploy the Products only in the operating environment specified on the order. If the "Cloud Platform for AWS" operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order (e.g., Intelligence, Reporter or Identity) solely in an Amazon Web Services environment. If the "Cloud Platform for Azure" operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order solely in a Microsoft Azure environment.

**Additional Limited Warranties and Remedies.** We warrant that (a) for a period of six (6) months from the effective date of an order ("Cloud Platform Warranty Period"), each Product listed on the order and Updates delivered for the Product during the Cloud Platform Warranty Period will perform in substantial conformance with the technical specifications set forth in the Documentation; and (b) prior to release, we scan each version of the Products using a nationally recognized virus scanning program and we will remove any virus detected by such virus scanning program prior to releasing such version of the Products. For any breach of the warranty set forth in subsection (a) above, your exclusive remedy and our entire liability will be (1) the correction of the Product errors that caused the breach of the warranty; or (2) replacement of the Product; or (3) if neither of the foregoing can be reasonably effected by us, the refund of the license fees and any unused, prepaid Technical Support Services fees paid for the Product, provided that the Product licenses are terminated.

### IV. SERVICES TERMS

The terms of this Section IV ("Services Terms") apply exclusively to the provision of our Technical Support, Education, and Consulting Services offerings.

**Models.** Each type of Service purchased under these Services Terms will be provided under one of the following models.

(a) Annual Subscription. Services sold under an "Annual

Subscription" model will be designated on an order by an "Annual" interval. We will provide these Services to you for a period of twelve (12) months beginning on the effective date of the order, except as otherwise set forth below.

(b) Hourly. Services sold under an "Hourly" model will be designated on an order by a "Project" interval for an estimated number of hours. We will deliver these Services at your request on a time and materials basis during the twelve (12) month period beginning on the effective date of the order; the number of hours that we actually deliver may vary from the estimated number of hours listed on the order. For clarity, these types of Services are not provided on a fixed-fee basis and we do not guarantee completion of deliverables within a specific number of hours. If the parties anticipate that the hours to be delivered will exceed the estimated hours set forth on the order, we will request your approval to exceed the estimate and will not deliver those excess hours until we receive your approval; such approval may be provided by email or in an executed change order.

(c) Prepaid Hourly. Services sold under a "Prepaid Hourly" pricing model will be designated on an order by an "Annual" interval for a set number of hours. Prepaid Hourly Services are payable by you in advance. We will deliver these Services at your request on a time and materials basis up to 4 the number of hours stated on the order; hours not requested during the twelve (12) month period beginning on the effective date of the order will expire

#### **Technical Support**

(a) Levels of Technical Support Offerings. We offer four (4) levels of Technical Support Services – Standard Support, Extended Support, Premier Support and Elite Support – each of which is provided by us in accordance with and described in the Technical Support Policy. We will provide you the level of Technical Support Services specified on an order. Each of these support offerings is provided on an Annual Subscription basis.

(b) Support Liaisons. You may designate a set number of Support Liaisons (as defined in our Technical Support Policy) for each or your DSIs based on the

level of Technical Support Services you purchase. You may also purchase additional Support Liaisons on an Annual Subscription basis.

(c) Enterprise Support. As part of your Technical Support Services subscription, we will deliver a pre-determined number of hours of "Enterprise Support" to you annually at your request, as specifically described in the Technical Support Policy. If you would like us to deliver more hours of Enterprise Support than the hours to which you are entitled under your Technical Support Services subscription, you may purchase additional Enterprise Support via an order on a Prepaid Hourly basis.

(d) Additional Technical Support Terms. Each order for perpetual Product licenses will state the fee for Standard Technical Support Services for a period of twelve (12) months commencing on the date of delivery of those Products. Except as otherwise specified on an order, (a) upon expiration of the initial annual subscription term, you have the option to renew Standard Technical Support Services on those Product licenses. Standard Technical Support Services for term licenses is included as part of the term license fee. For each Product license, we will deliver to you, at your request, an Update at no charge as part of a Technical Support Services subscription. Updates will not include new products that we market separately. We warrant that we will not materially decrease the level of Technical Support Services provided during an active subscription to such Technical Support Services.

**Education** We offer education and training Services on either an Annual Subscription or Hourly basis, as described below. Education offerings may be purchased via an order or an online credit card purchase. In the case of education offerings purchased online via a credit card, references to an order will be deemed to refer to the online purchase, and references to the "effective date of an order" will be deemed to mean the date of online purchase.

(a) Types of Education Offerings.

(i) Education Passes. Education Passes are sold on an Annual Subscription basis and provide our customers and partners with flexible access to our training materials and courses. Each Education Pass provides a single individual ("Education Pass User") global access to instructor-led public training classes (virtual or in-person) and self-paced training courses, and includes all applicable certification exam fees. There are two types of Education Passes: an "Education Pass-Architect," that provides the Education Pass User with unlimited access to all live or on-demand courses and annual certifications specific to Architects and the establishment of an Intelligence Center; and an "Education Pass-Analyst," that provides the Education Pass User with access to all live or on-demand courses and annual certifications specific to Analysts. We will notify you that your Education Pass subscription is set to expire between thirty (30) and ninety (90) days prior to the expiration of the then-current term. No more than once during an Education Pass subscription term, you may reassign an Education Pass subscription to a new Education Pass User for the remainder of the subscription term if the current Education Pass User has not used the Education Pass to attend any public instructor-led courses or access any self-paced training courses or if the current Education Pass User has terminated employment with you.

(ii) Education Credits. Education Credits are sold on an Annual Subscription basis and are "purchase cards" that organizations can apply to other training, including a la carte courseware for individuals and onsite customer training for groups. Education Credits may not be applied to the purchase of Education Pass subscriptions.

(iii) Education Services. Education Services are sold on an Hourly basis. Under an "Education Services" engagement, we will assist you with customizing and adapting our courseware and training classes to your application standards, data sets, customizations and use cases. You will reimburse us for all reasonable expenses we incur when delivering these Education Services. We grant you a license to use the work product we develop as part of an Education Services engagement in support of your internal business operations.

(b) Additional Education Terms.

(i) Instructor-Led Private Classes. For each in-person instructor-led private training class delivered at a non- MicroStrategy location, (a) if the instructor is required to travel to deliver the class, you will reimburse us for the instructor's reasonable travel expenses in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable. Ordering Activity shall only be liable for such travel expenses as approved by Ordering Activity and funded under the applicable ordering document. If you redeem Education Credits for an instructor-led private training class and you cancel the class prior to commencement, you will reimburse us for any non-cancelable travel expenses and facility rental fees we incur in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR); and if you cancel within fourteen (14) business days prior to commencement, you may only reschedule the class to an alternate available date by redeeming additional Education Credits for the class; if the cancellation is more than fourteen (14) business days prior to commencement, you may reschedule the class to an alternate available date at no additional cost (such date must be within the applicable Education Credit redemption period).

(ii) Courseware for Instructor-Led Training Classes. For each instructor-led training class (whether public or private, virtual or in-person) we deliver to you, we will make electronic versions of the course content files for the class ("Courseware") available to you, and you may reproduce and distribute one paper copy of the Courseware to each of your employees (or other individual designated by you) who attends the class. Your use of the Courseware is limited to use only by those individuals who attend the class, solely for their own training purposes.

(iii) **Intellectual Property and Subcontractors.** All education course materials (including Courseware) are copyrighted by us and are our confidential information. Education and training Services are provided and delivered either directly by us or through our subcontractors. Notwithstanding anything to the contrary in any written agreement between you and us, if any, you consent to our use of subcontractors to provide education and training Services.

**Consulting.** We offer consulting Services on an Hourly basis, either as a packaged consulting Service offering or as an individual consultant resource Service offering, each as more particularly described below.

Types of Consulting Services.

**Packaged Consulting Services.** For packaged consulting Service offerings, we will perform the applicable tasks described below at your request on an Hourly basis at a single blended rate, regardless of the consultant(s) we engage to provide the Services. For these offerings, we will determine the level of consultant(s) who will provide the Services at our sole discretion, and the location where the Services will be performed (either onsite or remotely from our offshore Global Delivery Center).

**Platform Services.** Under a "Platform Services" engagement, we will assist you with architecting, configuring, and deploying your Product architecture; tasks may include designing a best practice-based architecture that includes separate environments for development and user testing to enable end users to experience great application performance across applications during peak hours while minimizing system cost; developing a sizing strategy to maximize platform efficiency; configuring administration services and security settings including provisioning users, scheduling, subscriptions, system monitoring, OS patches, and back-ups; and designing an upgrade strategy to enable you to start using the latest innovations from MicroStrategy faster.

**Application Services.** Under an "Application Services" engagement, we will assist you with defining, developing and deploying end-to-end enterprise or departmental applications; tasks may include determining the optimal technology approach and caching strategy to deliver effective, high-performance applications; leveraging a best practice approach for building new applications which includes conducting user workshops, building wireframes, iterating, testing,

documenting and mentoring to increase adoption; and enhancing, optimizing or redesigning existing applications for improved user experience, faster performance or extended functionality.

**Analytics Services.** Under an “Analytics Services” engagement, we will assist you with designing and configuring a scalable and reusable federated enterprise data layer that supports a single version of the truth; tasks may include configuring and optimizing connections to databases, big data sources, NoSQL sources, and enterprise applications to access enterprise data for use in analytics and mobility applications; designing an optimized in-memory strategy and publishing high performance data sets to Analysts, Data Scientists and Developers, and Architects, so they can build analytics, models and applications faster on trusted data; and conducting regression testing, reviewing the schema, resolving issues, and implementing a process for on-going data integrity management.

**Mobility Services.** Under a “Mobility Services” engagement, we will assist you with defining, developing and deploying end-to-end enterprise mobile architecture and applications; tasks may include implementing a successful mobile strategy in a heterogeneous device environment that optimizes the experience for iOS and Android users; leveraging a best practice approach for building new mobile apps which includes conducting user workshops, building wireframes, iterating, testing, documenting and mentoring to increase adoption; developing a caching strategy that optimizes the performance and offline experience of apps; determining the optimal deployment strategy and navigating security requirements and industry regulations; and enhancing, optimizing or redesigning existing apps for improved user experience, faster performance or extended functionality such as write-back capabilities or mobile alerting via push notifications.

**Individual Consultant Resources.** We also offer consulting Services at certain individual consultant resource levels – Specialist, Master, Expert and Fellow. For these individual consultant resource Service offerings, we will perform the applicable tasks set forth on an order or a statement of work at your request on an Hourly basis at the hourly rates applicable to each resource. Except for Fellows, each of these resource levels are available either onsite or remotely from our offshore Global Delivery Center. Fellows are available onsite only.

**Additional Consulting Terms.** You will reimburse us for all reasonable expenses we incur when delivering the Services in accordance with applicable regulations. We grant you a license to use the work product we develop as part of a consulting Services engagement in support of your internal business operations.

**Additional Limited Warranty Applicable to all Service Offerings.** We warrant that our employees and contractors will perform any Services listed on an order in a manner conforming to generally accepted industry standards and practices. For any breach of this warranty, your exclusive remedy and our entire liability will be reperformance of the Services at no cost to you.

FRANKLIN, TN 37067**

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. Scope. This Rider and the attached MModal Services, Ltd (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”).

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The Government Customer is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(l) and (m) and the Contract Disputes Act, subject to the following exceptions:

EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.

e) Choice of Law. Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.

f) Force Majeure. Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

g) Assignment. All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.

h) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.

i) Customer Indemnities. Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.

j) Contractor Indemnities. All Manufacturer Specific Terms that (1) violate DOJ’s jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.

k) Renewals. All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

l) Future Fees or Penalties. All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.

m) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable Federal, state, local taxes and duties.

n) Third Party Terms. Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.

o) Installation and Use of the Software. Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

p) Dispute Resolution and Venue. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

q) Advertisements and Endorsements. Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.

r) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

s) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## **ATTACHMENT A CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

### **MMODAL SERVICES LTD.**

#### **MMODAL SERVICES LTD. LICENSE, WARRANTY AND SUPPORT TERMS**

This agreement and the underlying GSA Schedule Contract, Schedule pricelist, and purchase order which by this reference are incorporated herein (together referred to hereinafter as the "Agreement" or "End User Agreement") is a binding agreement between MModal Services, Ltd. and/or its Affiliates (hereinafter referred to as "M\*Modal") and the entity identified in the purchase order as the licensee of software from M\*Modal (hereinafter referred to as "Ordering Activity"). M\*Modal and Ordering Activity may be referred to herein individually as a "Party" and collectively as the "Parties."

1 DEFINITIONS. The following terms when used with capital letters shall have the corresponding definitions:

1.1 "Access Credentials" means any user name, identification number, password, license or security key, security token, PIN or other security code, used alone or in combination to verify an individual's identity and authorization to access and use the Software.

1.2 "Affiliate" means, with respect to any person or entity, any other person or entity that directly, or indirectly through one or more intermediaries, Controls, is Controlled by or is under common Control with such person or entity. "Control" means the possession of the power to direct or cause the direction of the management or policies of such person or entity, whether through the ownership of equity interests, voting power or voting control, or by Agreement. Without limiting the generality of the foregoing, the holding of fifty percent (50%) or more of the equity interests of an entity, fifty percent (50%) or more of the voting power of an entity, or the voting control of an entity shall each be deemed Control.

1.3 "Authorized User" means each of the individuals employed or engaged by Ordering Activity at a Facility with appropriate Access Credentials to the Software and/or Services.

1.4 "Ordering Activity Data" means clinical information, in any form or medium, collected, downloaded or otherwise received from Ordering Activity or an Authorized User by or through the Software.

1.5 "Ordering Activity Systems" means the Ordering Activity's information technology infrastructure, including computers, software, hardware, databases, electronic systems (including database management systems) and networks, whether operated directly by Ordering Activity or through third-party services.

1.6 "Confidential Information" means business or technical information disclosed by one Party (the "Disclosing Party") to the other Party (the "Receiving Party"), in any form or medium, tangible or intangible, in connection with this Agreement and (a) is designated either in writing or orally as confidential at or within a reasonable time after such disclosure, (b) by the nature of the circumstances surrounding such disclosure would, in good faith, reasonably be expected to be treated as confidential information of the Disclosing Party, whether or not such information is identified as such by the Disclosing Party, or (c) has or could have commercial value or other utility in the business or prospective business of the Disclosing Party. Confidential Information shall not include information that: (d) is shown by written documentation to already have been in the possession of, or known to, the Receiving Party prior to disclosure and prior to such Receiving Party having an obligation of confidentiality with respect to such Confidential Information, in each case provided that, to the extent such Confidential Information was obtained by the Receiving Party from a third party, such third party did not commit a breach of an obligation of confidence with respect to such Confidential Information, or (e) becomes publicly available through no fault or breach of the Receiving Party.

1.7 "Deliverables" means work produced from the Software, created for and delivered to Ordering Activity under this Agreement.

1.8 "Facility" means the Ordering Activity location where Software is downloaded and/or installed.

1.9 "Intellectual Property Rights" means all (a) patents, patent disclosures and inventions (whether patentable or not), (b) trademarks, service marks, trade dress, trade names, logos, corporate names and domain names, together with all of the goodwill associated therewith, (c) copyrights and copyrightable works (including computer programs), mask works, and rights in data and databases, (d) trade secrets and know-how, and (e) all other intellectual property rights, in each case whether registered or unregistered and including all applications for, and renewals or extensions of, such rights, and all similar or equivalent rights or forms of protection in any part of the world.

1.10 "M\*Modal Materials" means the Software, User Guide, M\*Modal Systems and any other information, data, documents, materials, works, content, devices, tools, methods, processes, know-how, hardware, software and other technologies and inventions possessed by M\*Modal prior to the

commencement of or independent of M\*Modal's delivery of the Services or Products, or acquired, developed or used by M\*Modal in the performance of Services or licensing of Software (other than Ordering Activity Confidential Information and Ordering Activity Data), and any modifications, enhancements and derivative works thereof, regardless of who or how created, and all Intellectual Property Rights attendant thereto.

1.11 "M\*Modal Systems" means the information technology infrastructure, including all computers, software, hardware, databases, electronic systems (including database management systems) and networks, whether operated directly by M\*Modal or through third-party services, used by M\*Modal in providing Services or Software.

1.12 "Services" means any services provided by M\*Modal to Ordering Activity pursuant to the Agreement.

1.13 "Specifications" means the descriptions concerning the functionality, features, and requirements of the Software listed within the User Guide.

1.14 "Software" means M\*Modal branded software applications including any maintenance releases and the appropriate User Guide Ordering Activity is granted a license to under this Agreement.

1.15 "Third Party Products" means any non-M\*Modal branded materials or equipment.

1.16 "User Guide" means the operator and/or user manual and written instructions for the Software.

2 EFFECT OF TERMINATION. In the event of termination or expiration of this Agreement (a) M\*Modal will cease providing any Services; (b) the licenses related to this Agreement shall terminate, unless expressly stated otherwise in the Agreement; (c) Ordering Activity shall immediately cease using any M\*Modal Confidential Information and destroy all copies of M\*Modal Materials and other M\*Modal Confidential Information that Ordering Activity has not previously returned to M\*Modal; and (d) M\*Modal shall immediately cease using any Ordering Activity Confidential Information and destroy all copies of Ordering Activity Data and other Ordering Activity Confidential Information that M\*Modal has not previously returned to Ordering Activity. Notwithstanding the above, a Party may retain a copy of the other's Confidential Information to comply with its legal obligations, or to the extent Confidential Information is embedded in the Receiving Party's off-site disaster recovery or information technology backup systems until such systems are purged in accordance with the Receiving Party's systematic back-up and archiving procedures.

### 3 RESERVED.

### 4 INTELLECTUAL PROPERTY

4.1 General: Except for the limited license(s) granted herein, all right, title and interest in and to M\*Modal Materials are retained by M\*Modal or its licensors. Absent the prior, written consent of M\*Modal, neither Ordering Activity nor any Authorized User shall alter or remove any trademark, copyright, trade secret, patent, proprietary or other legal notice or legend contained in or on copies thereof. Ordering Activity shall make reasonable efforts to protect M\*Modal Materials from unauthorized use. Ordering Activity unconditionally and irrevocably assigns to M\*Modal its entire right, title and interest in and to any Intellectual Property Rights that Ordering Activity may now or hereafter have in or relating to the M\*Modal Materials (including any rights in derivative works or patent improvements), whether held or acquired by operation of law, Agreement, assignment or otherwise. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost.

4.2 Continuous Improvement: Ordering Activity acknowledges and agrees that M\*Modal may use, compile (including creating statistical or other models), and analyze Ordering Activity Data to (a) improve, develop or otherwise modify M\*Modal Materials, and (b) use computerized processes to tailor and deliver to Ordering Activity relevant communications. To the extent Ordering Activity Data is used or compiled in or with any M\*Modal Materials, all Intellectual Property Rights in such M\*Modal Materials shall be solely owned by M\*Modal.

4.3 Ordering Activity Data and Deliverables: Except for the limited purpose of performing Services or providing Software, and except for the limited license(s) granted herein, all right, title and interest in and to Ordering Activity Data is retained by Ordering Activity. Subject to this Agreement, and except to the extent Deliverables include any M\*Modal Materials or M\*Modal Confidential Information, M\*Modal hereby assigns to Ordering Activity all Intellectual Property Rights in and to the Deliverables, whether held or acquired by operation of law, contract, assignment or otherwise. Ordering Activity is responsible for making and maintaining its own backup copies of any Ordering Activity Data and Deliverables.

4.4 License Grant: Any license granted to Ordering Activity in the Software (a) is non-exclusive and non-transferable; and (b) extends to Ordering Activity and Authorized Users to access and use the Software in the United States solely for Ordering Activity's internal business purposes. The Software shall be downloaded and installed on only computing device for a single Authorized User. The term of the license shall be set forth in the ordering documents.

4.5 License Restrictions: Without expanding the limited license grant herein, Ordering Activity and Authorized Users shall not (a) disassemble, decompile, reverse compile or reverse engineer the Software, or take any action in order to derive a source code equivalent of the Software, (b) release to any third party results of any benchmark, performance, or functionality tests performed on the Software, (c) release to any third party results obtained through use of the Software other than the Deliverables, (d) incorporate, bundle or pre-load any portion of the Software into any software or computing device of Ordering Activity except as expressly set forth in this Agreement, (e) copy, modify or create derivative works of the Software, (f) sublicense the Products or any portion thereof to a third party, or otherwise permit use of the Software including, without limitation, timesharing or networking use by any third party, except as expressly set forth in this Agreement, (g) link, combine or use the Software with any open source software without the written permission of M\*Modal if such linkage, combination or use would create a risk, or have the "viral" effect, of disclosing or licensing M\*Modal source code or rendering any M\*Modal patent unenforceable under the GNU General Public License or under the terms of any other open source license applicable thereto, or (h) cause the Software to interact with the functionality of a Third Party Product similar to that contained in the Software. For clarification, a Third Party Product shall not be deemed to "interact with" the Software if such Third Party Product does not export or import data from the Software to such Third Party Product, or vice versa.

### 5 M\*MODAL WARRANTIES AND DISCLAIMERS.

5.1 M\*Modal warrants that, for a period of ninety (90) days from completion of implementation, in the case of Products implemented by M\*Modal, or shipment in all other cases (the "Warranty Period"), Products shall materially function in accordance with applicable Specifications and the media on which Software is distributed shall be free from defects in materials and workmanship. Ordering Activity must provide M\*Modal with written notice of breach of this warranty during the Warranty Period setting forth in reasonable detail the nature of such breach. In the event of breach, as Ordering Activity's sole and exclusive remedy, M\*Modal shall, at M\*Modal's option, (a) repair or replace that portion of the Products effected.

5.2 M\*Modal warrants that it shall perform Services using personnel of required skill, experience and qualifications and in a professional and workmanlike manner in accordance with generally recognized industry standards for similar services and shall devote adequate resources to meet its obligations under this Agreement. Ordering Activity must provide M\*Modal with written notice of breach of this warranty within thirty (30) days after performance of Services

setting forth in reasonable detail the nature of such breach. In the event of breach, as Ordering Activity's sole and exclusive remedy, M\*Modal shall, at M\*Modal's option re-perform the Services.

5.3 The limited warranties set forth above do not apply to problems arising out of or related to:

5.3.1 Products, or the media on which it is provided, that is modified or damaged by Ordering Activity;

5.3.2 Any operation or use of, or other activity relating to, the Products other than as specified in the User Guide, including any incorporation in the Products of, or combination, operation or use of the Products in or with, any technology or service not specified for Ordering Activity's use in the User Guide or expressly authorized by M\*Modal in writing;

5.3.3 Ordering Activity's or any Authorized User's negligence, abuse, misapplication or misuse of the Products;

5.3.4 Ordering Activity's failure to promptly install maintenance releases that M\*Modal has previously made available to Ordering Activity;

5.3.5 Operation of or access to Ordering Activity Systems; and

5.3.6 Third Party Products.

5.4 To the extent applicable, M\*Modal shall pass through to Ordering Activity any warranty provided to M\*Modal for Third Party Products.

5.5 OTHER THAN THE WARRANTIES EXPRESSLY SET FORTH ABOVE OR IN THIS AGREEMENT, M\*MODAL MAKES NO FURTHER OR ADDITIONAL WARRANTIES IN CONNECTION WITH ANY PURCHASE, LICENSE OR SALE OF SERVICES OR PRODUCTS. M\*MODAL DOES NOT WARRANT THAT THE OPERATION OF ANY PRODUCTS WILL BE UNINTERRUPTED OR ERROR FREE. M\*MODAL DISCLAIMS ANY OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT.

6 ORDERING ACTIVITY WARRANTIES AND ACKNOWLEDGEMENTS. Ordering Activity warrants that Ordering Activity and any person or entity using the Software shall (a) use the Software consistent with the User Guide and this Agreement; (b) comply with all applicable laws and regulations, including export and import laws, in connection with receipt or use of the Software; (c) be responsible for the accuracy and legality of information provided to M\*Modal; and (d) be responsible for identifying errors in the results from use of the Software or before relying on such results. Ordering Activity agrees that its purchases are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by M\*Modal regarding future functionality or features. Ordering Activity further acknowledges that M\*Modal may make changes to the Software determined reasonably necessary by M\*Modal so long as such changes do not materially decrease the functionality of the Software.

**MULTIVISTA FRANCHISE SYSTEMS, LLC**  
203-38 FELL AVENUE  
NORTH VANCOUVER B.C., CANADA

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Multivista Franchise Systems, LLC** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is

made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

### Service Descriptions

This Attachment A described below combines Contractor's state-of-the-art Multivista indexing and navigation system with inspection-grade digital photography designed to capture actual conditions throughout construction and at critical milestones. The Multivista system will utilize actual construction drawings, making such drawings interactive and accessible anywhere through a secure on-line interface. For all documentation referenced herein, indexing and navigation is organized by both time and location throughout the Project.

#### Site Survey and Progressions Sets:

"Progression" photo sets are performed at pre-determined intervals throughout the duration of construction. Progression photos broadly track all aspects of construction through time.

*The Site Survey and Progression Sets are generally included in all subscriptions to the Multivista system. They are critical tools for the communication and project management aspects of all product types.*

Site Survey (Pre-Construction): The pre-construction site survey is a one-time shoot that provides coverage of the site and its immediately surrounding area to carefully memorialize conditions before a project begins.

Exterior Progression Shoots: Exterior Progression photos are taken from key perspectives along site perimeters and 360 degrees around each building envelope during erection. Exterior progressions track the construction of building elevations and all work within the immediate vicinity of the exterior of the building, including some site work. Exterior progressions are performed, approximately, at monthly intervals and are coordinated with the pace of erection. Exterior progression documentation typically begins at substantial framing, and not at commencement of site work. Exterior progressions can begin at commencement of site work for the purpose of *broadly* capturing site work upon request.

Interior Progression Shoots: Interior Progression photos track the interior improvements from when interior work begins (typically, at the commencement of stud-work) to completion. Interior Progressions broadly track the improvements from logical perspectives. Interior Progressions are designed to provide comprehensive coverage of the various trades coming together over time. Interior progressions are performed, approximately, at monthly intervals and are coordinated with the pace of erection.

#### Detailed Sets ("Exact-Built<sup>®</sup>):

Detailed photo sets serve as "visual as-builts" which are performed at critical milestones during construction. They offer a higher concentration of photos and perspectives than the Progression shoots and/or focus on details of particular interest or importance to the Ordering Activity.

#### The Fundamental Exact-Built<sup>®</sup>:

*Depending on the product type, subscriptions to the Multivista System generally include at least two out of three of the following Exact-Built<sup>®</sup> shoots which, when combined with the Site Survey and Progression Shoots, result in an unparalleled permanent documentation package superior to any known "best-practices."*

Pre-Slab Exact-Built<sup>®</sup>: This process will include overlapping images of all roughed-in MEP, cabling systems and other structural components *within* the building envelope(s), post inspection (where necessary), just prior to the concrete being poured.

Interior MEP Exact-Built<sup>®</sup>: Mechanical, Electrical, Plumbing (MEP) and all other systems in walls and ceilings will be documented post-inspection and pre-insulation, sheet rock or dry wall installation. This process provides a high concentration of overlapping coverage allowing for all finished systems to be viewed in great detail. This Exact-Built<sup>®</sup> sweeps the entire project: every wall and every ceiling, on every floor of every building, throughout the entire Project. Note that this will not capture pre-slab, site, or in-slab-on-deck systems or other "horizontal" MEP work.

Interior Finished Condition Exact-Built<sup>®</sup>: At Certificate of Occupancy or other "finished" milestone as the Ordering Activity designates, all walls, ceilings and floors in their post-inspection, completed condition are documented in exceptional detail.

Elevation Exact-Built<sup>®</sup>: – documentation of the entire building and skin capturing all exterior facades of building, to include windows and exterior skin to be determined by the Ordering Activity.

#### Custom Exact-Built<sup>®</sup>:

*These Exact-Built<sup>®</sup> shoots are project-specific Detailed Sets that are not generally included in standard subscriptions to the service, but can be added to scope upon request.*

Existing Condition Exact-Built<sup>®</sup>: At Certificate of Occupancy or other "finished" milestone as the Ordering Activity designates, all walls, ceilings and floors in their post-inspection, completed condition are documented in exceptional detail.

Slideshows: Slideshows capture miscellaneous occurrences or conditions while a photographer is on-site to perform any other shoot in the Order. These conditions are those that do not fit neatly into the building envelope interface (i.e., materials stored on site). Slideshows are not linked to architectural plans in the same manner as the formal shoots; however, they will be dated, labeled and stored on the Ordering Activity's interface. Thus, all of Ordering Activity's information remains in one "place." Owner and Superintendent photograph collections of critical events or conditions may also be provided to Contractor for incorporation into the Slideshow collections.

#### Web Camera Hosting Packages

*Web hosting is integrated into the Multivista Documentation Software. This includes live 24/7 image stream; static images (1920x1080 resolution), archived every 15 minutes between 6:00am and 6:00pm local time with ability to perform historical review; camera stream re-broadcasting capable of supporting up to twelve (12) concurrent users. Installation and Webhosting are included with the Web Camera options.*

3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - PoE Connection Kit  
2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - PoE Connection Kit  
3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - 5.8 GHz Wireless Connection Kit  
2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - 5.8 GHz Wireless Connection Kit  
3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - Cellular Connection Kit  
2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - Cellular Connection Kit  
3 MP - Fixed Dome Camera - Axis P3346-VE 6mm Network Camera Kit - Cellular Connection Kit - Lightning Zone  
2 MP - PTZ Dome Camera - Axis Q6035-E Outdoor PTZ 20x ZM Camera Kit - Cellular Connection Kit - Lightning Zone

**Video Services:**

*Contractor uses high definition video equipment to document "As Delivered" construction events. Documentation comprises of Video recordings of dynamic events during the construction process. This deliverable may include but not limited to owner or process training videos, specific milestones or events and inspections. The deliverable includes post production editing. The final deliverable will be on a DVD or hard drive format and is not hosted on the Contractor's Multivista website or server.*

**Additional Items**

Contractor will accommodate, without charge, limited additional items that may be captured during our scheduled visits and included in the Slideshow section of our service. Additional items requested which are of significant scope, may be ordered separately.

**Miscellaneous**

**SERVICES:** Contractor shall provide professional services in accordance with the Order. Contractor will begin a Project Set-Up only after receipt of electronic plans from the architect of the Project in an acceptable format. Thereafter, Contractor requires at least ten (10) business days for Project Set-Up *prior to the first shoot* contemplated by the Order.

**DETAILED PHOTO SETS:** Because of the volatile nature of construction schedules, IT IS THE SOLE RESPONSIBILITY OF THE ORDERING ACTIVITY TO PROVIDE CONTRACTOR AT LEAST 24 HOURS NOTICE PRIOR TO THE TIME THAT A DETAILED SET MUST BE PERFORMED. To the extent look-ahead schedules are made available to Contractor, Contractor will endeavor to communicate with the Project owner's representative or superintendent regarding upcoming Detailed Set shoots. However, Contractor will not be responsible if such Detailed Sets are not performed due to lack of notice pursuant to this provision.

**AGENT/OWNER'S REPRESENTATIVE:** Ordering Activity must designate a specific person or persons authorized to and responsible for scheduling site visits and Detailed Shoots.

**STANDARD OF CARE:** Services provided by Contractor under this Attachment A will be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances. Contractor makes no warranties or guarantees, either expressed or implied, of the fitness of its documentation for any particular use.

**OWNERSHIP OF DOCUMENTS:** Contractor makes no warrants as to the professional nature of the photograph other than to capture the construction progress. Notwithstanding the foregoing, the underlying proprietary software, processes, procedures and all other proprietary information used to create these instruments of service, including all intellectual property rights associated therewith, shall at all time remain the sole property of Contractor and/or its suppliers.

**SITE VISITS/OBSERVATION:** Contractor shall visit the project and/or construction site at appropriate intervals and take photos of the construction progress. Visits to the project site and observations made by Contractor as part of services provided during construction under this Attachment A shall not make Contractor responsible for monitoring of the work. Contractor employees will report to the site office prior to working on site. The site superintendent shall be the designated person granting permission onto the site in order to ensure safe access for Contractor employees.

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

NEC CORPORATION OF AMERICA  
9140 GUILFORD ROAD  
COLUMBIA, MD 21046

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **NEC Corporation of America** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is

made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**NEC CORPORATION OF AMERICA ("NEC")**

**NEC CORPORATION OF AMERICA LICENSE, WARRANTY AND SUPPORT TERMS**

---

## 1. DEFINITIONS

- 1.01 "CPU" means a central processing unit in the System or SubSystem.
- 1.02 "Computer Program" means any instruction or instructions in object-code format for controlling the operation of a CPU.
- 1.03 "Licensed Product" means:
- a: The Computer Program furnished hereunder to the Ordering Activity (herein also referred to as "LICENSEE").
  - b: The Computer Program manuals, documentation and any other material for the licensed Computer Program.
  - c: (i) "PBX" as used herein shall mean hardware PRODUCTS. (ii) "PBX Applications" as used herein shall mean computer software which executes in conjunction with the PBX hardware PRODUCTS utilizing external interfaces and include the following applications.
    - Global Navigator
    - Unified Communications for Business (UCB)
    - Unified Communications for Enterprise (UCE)
    - UM Products (UM8700, UM4730, UM8500, UM8000)
  - d: (i) "ECP" as used herein shall mean UNIVERGE® SV7000, UNIVERGE® SV8500 and NEC Spherical® hardware PRODUCTS. (ii) "Applications" as used herein shall mean PBX Applications as defined in Section 1.03 (c) above.

**THE TERM "LICENSED PRODUCT" DOES NOT MEAN OR INCLUDE THE SOURCE CODE FORMAT FOR THE COMPUTER PROGRAM.**

## 2. GRANT OF RIGHTS

- 2.01 Contractor hereby grants the LICENSEE, and the LICENSEE hereby accepts, a personal, non-transferable and non-exclusive right to use the Licensed Product on 1 CPU at a time, or a single system where multiple CPU's are provided in the configuration, solely for its internal business purposes. The LICENSEE understands that the Licensed Product furnished to the LICENSEE is furnished solely for use in conjunction with the related hardware Licensed PRODUCTS sold by Contractor to LICENSEE. The LICENSEE has no right to use the Licensed Product so furnished on any CPU other than that such CPU or for any purpose not specified herein.
- 2.02 LICENSEE and Contractor expressly acknowledge and agree that NEC and/or NEC's licensors retain ownership of and title to their respective portions of the License Product and no right, title or interest to the intellectual property in the Licensed Product is hereby transferred to the LICENSEE or Contractor, except as expressly granted herein.
- 2.03 The LICENSEE shall not transfer possession of the Licensed Product, nor any rights conferred herein to any third party, except to a third party who acquires title to the LICENSEE'S related hardware Licensed PRODUCTS, provided such transferee has executed and provided to NEC, a signed copy of this Attachment A and has tendered to NEC, the then-current license transfer fee.
- 2.04 LICENSEE hereby agrees that it shall not reverse compile, disassemble, alter, add to, delete from, or otherwise modify the Licensed Product, except to the extent that such modification capability is an intended feature of the Licensed Product.

## 3. LIMITED WARRANTY AND REMEDIES

- 3.01 a: For a period of 14 months from date of shipping to the LICENSEE'S site, Contractor warrants that the PBX and the UNIVERGE® SV8500 hardware will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.
- b: For a period of 120 days from date of shipping to LICENSEE's site, Contractor warrants that the UNIVERGE SV8500 software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.
- c: For a period of 90 days from date of shipping to the LICENSEE's site, Contractor warrants that the Applications software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.
- d: For a period of 90 days from date of shipping to the LICENSEE'S site, Contractor warrants that the UNIVERGE® SV7000 hardware will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.
- e: For a period of 90 days from date of shipping to the LICENSEE'S site, Contractor warrants that the NEC Spherical® PRODUCTS software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.
- f: For a period of 14 months from date of shipping to the LICENSEE'S site, Contractor warrants that the UNIVERGE® SV8500 hardware and the NEC Spherical® hardware will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.
- g: For a period of 90 days from date of shipping to the LICENSEE'S site, Contractor warrants that the Unified Communications Enterprise (UCE), Unified Communications Business (UCB), CallCenterWorX and Global Navigator software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and

maintained.

h: For a period of 180 days from date of shipping to the LICENSEE's, Contractor warrants that the Unified Messaging (UM8700, UM4730, UM8500, UM8000) software will substantially conform to published performance specifications applicable as of the date of this Attachment A and will be free from defects in workmanship, under normal use and service, when correctly installed and maintained.

3.02 Contractor's liability for any Licensed Product which is shown to be defective during its warranty period is limited to:

- a: replacing the Licensed Product or part thereof with a functionally equivalent Licensed Product or part,
- b: repairing the Licensed Product, or
- c: issuing credit for the depreciated value of the Licensed Product

The choice of which of the above warranty remedies to utilize concerning any particular Licensed Product shall be Contractor's.

3.03 In the event that any Licensed Product is shown to be defective during the warranty period, the LICENSEE, who purchased or leased such Licensed PRODUCTS, shall:

- a: notify Contractor promptly in writing of any claims,
- b: provide Contractor and/or NEC, with an opportunity to inspect and test the Licensed PRODUCTS claimed to be defective, and
- c: (if repair or replacement of the Licensed Product is selected) return the Licensed Product to Contractor or NEC, in accordance with instructions provided.

3.04 The above warranty excludes coverage for Licensed PRODUCTS which were installed, repaired or maintained by an unauthorized service provider or which were subjected to misuse, abuse, improper installation or application, improper maintenance or repair, alteration, accident or negligence in use, improper temperature, humidity or other environmental condition (including, but not limited to, lightning or water damage), storage, transportation or handling, unless caused by NEC or its authorized representative.

3.05 THE LICENSED PRODUCT WARRANTY CONTAINED IN THIS ATTACHMENT A IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING (BUT NOT LIMITED TO) ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, INCLUDING BUT NOT LIMITED TO PREVENTION, DETECTION OR DETERRENCE OF TOLL FRAUD, COMPUTER VIRUSES OR OTHER UNAUTHORIZED OR IMPROPER USE OF THE SOFTWARE PRODUCTS.

#### **4. TERMINATION**

4.01 Upon termination, the LICENSEE shall immediately discontinue the use of the Licensed Product and shall return all copies of the Licensed Product to Contractor.

#### **5. REGISTRATION AND ACTIVATION**

5.01 PRODUCT LICENSES delivered through the electronic licensing portals offered by NEC will be required to be registered and activated prior to the licenses being used or technical support being provided.

5.02 At the time of LICENSE registration, the Contractor is required to provide NEC with accurate LICENSEE contact information.

**EC AMERICA RIDER TO PRODUCT SPECIFIC TERMS AND CONDITIONS (FOR U.S.  
GOVERNMENT END USERS)**  
(V31-OCT-2019)

**Scope.** This rider (“Rider”) and the attached LinkRunner, LLC d/b/a NetAlly (“Manufacturer”) product specific end-user terms establish the terms and conditions enabling EC America (“Contractor” and/or EC America”) to provide Manufacturer’s information technology products and services to Ordering Activities, as defined in the Schedule Contract, under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”) with the U.S. Government General Services Administration (“GSA”) (hereinafter Manufacturer, EC-America, and GSA may individually be referred to as a “Party” or collectively, as the “Parties”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer’s Specific Terms, as defined below, attached hereto as Attachment A, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and, whereas, the Parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract. Now, therefore, the Parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that the Manufacturer Specific Terms are consistent with U.S. Federal Law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with U.S. Federal Law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the Parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting

under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

Choice of Law. Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

Equitable remedies. Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

Assignment. All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

Third-Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless

included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third-party manufacturer shall be brought into the negotiation, or the components acquired separately under federally- compatible agreements, if any.

Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

{End}

\*\*\*

**END-USER TERMS AND CONDITIONS**

(GSA v01-Oct-19)

These End-User Terms and Conditions ("General T&Cs") are by and between the eligible Ordering Activity under GSA Schedule contracts set forth in the applicable Order ("Company" or "Ordering Activity"), as further defined below, and sets forth the terms, conditions, rights and restrictions for which LinkRunner, LLC d/b/a NetAlly, and any of its subsidiaries and affiliates (collectively or individually referred to as "NetAlly") is willing to sell devices ("Hardware") and license NetAlly's proprietary software, as well as any firmware residing on such Hardware, ("Software") (The Hardware and Software may be collectively referred to as the "Product(s)"), and provide maintenance and technical support services ("Maintenance"), to Company. Unless otherwise governed by a signed contract between Company and NetAlly, only these General T&Cs will apply to any Orders made for NetAlly's Products. NetAlly's provisioning of Products, Maintenance or any other services to Company is expressly contingent upon Company's acceptance of these General T&Cs.

Receipt without return of any Products from NetAlly by Company shall be deemed as acceptance of this Order and shall also constitutes Company's confirmation that the Products descriptions, quantities, term, and prices set forth in the Order in accordance with the GSA Schedule Pricelist accurately represent Company's intended purchase. All additional and conflicting terms and conditions presented with or in any communication, shall be deemed *null* and *void*.

**Definitions.**

"API(s)" means the software application interfaces and workflow methods made generally available by NetAlly in certain Products to enable integration, implementation, and interoperability with third party hardware and software.

"Evaluation Product" means software that contains a license key, which disables the Software after 30 days, or other term as agreed to by the parties, and which will render the Product unusable.

"Company" means an eligible Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document, which has entered into a commercial agreement with NetAlly, allowing for the licensing or re-licensing of Software or distribution, sale, or resale of Products and Service.

"Order" means the combination of Company's P.O., a Quote issued by NetAlly or a NetAlly Company, and these General T&Cs.

"Company Data" means information that Company uploads or uses in conjunction with Company's use of the Products.

"Personal Data" means any information relating to an identified or identifiable natural person (hereafter a "Data Subject"); an identifiable person is one who can be identified, directly or indirectly, in particular by reference to an identification number or to one or more factors specific to his physical, physiological, mental, economic, cultural or social identity.

"P.O." means a purchaser order or document, in tangible or

"Data Protection Act" means the Health Information Portability and Accountability Act (HIPAA) (29 U.S. Code § 1181, *et seq.*), Gramm Leach Bliley Act (GLBA) (15 U.S. Code § 1681), General Data Protection Regulation (GDPR) (EU 2016/679), and other applicable regulations which seek to protect the processing and storage of personal information.

"Documentation" means any installation guides, reference guides, operation manuals and release notes provided with the Product in printed, electronic, or online form.

intangible form (e.g. .rtf, .pdf, formats, etc.), issued by Company indicating Company's acceptance of the Quote and these General T&Cs, without regards to any conflicting terms and conditions presented therein, except with respect to price, quantity, and location of Products or Services.

“Quote” means the document under which NetAlly offers for sale and licenses its Products, Maintenance, and other services.

“Services” means Maintenance as well as any other services offered by NetAlly to Company from time to time.

Shipment & Delivery Terms. NetAlly ships all Products, *via* ground shipment hereunder FOB Destination. Unless otherwise agreed to by the parties, all shipments will be made using the carrier designated by Company. If Company does not designate a carrier, NetAlly reserves the right to choose a carrier at Company's expense. For Software available for electronic download, delivery will be deemed to have occurred once NetAlly has made the Software available for download by Company or Company's designate agent or representative. Unless otherwise stated conspicuously on the face of the applicable Order, NetAlly reserves the right to fulfill Orders *via* multiple shipments. For all Products shipped internationally, Company will be the importer of record. Company agrees that it will not remove any NetAlly General T&Cs or other agreement from the NetAlly Product(s), and/or associated packaging. All costs incurred by Company will be in accordance with the GSA Pricelist.

License Grant and Restrictions. Subject to payment of the applicable license fee and the terms set forth in an applicable Order, NetAlly grants Company a limited, non-exclusive, non-transferable, revocable license to use the Software and the Documentation for Company's own internal business purposes.

Evaluation License: NetAlly hereby grants Company a temporary, non-exclusive, non-transferable, revocable license to use the Evaluation Product set forth in the applicable NetAlly Evaluation Request Form solely for internal testing, evaluation, or demonstration purposes. If Company chooses not to purchase a license for the Evaluation Product, the Evaluation Product must be removed from Company's system(s) and all permitted copies of such Evaluation Product immediately destroyed. A Return Materials Authorization

number (“RMA #”) for any Hardware Evaluation Product must be obtained prior to return of such Product.

General T&Cs. Without limiting the foregoing, Company specifically agrees not to (i) attempt to reverse engineer, decompile, disassemble, or attempt to derive the source code of the Software or any portion

Pre-Released Products. If the Product Company has received with this license is not yet commercially available (“Pre- Released Product”), then NetAlly grants Company a temporary, non- exclusive, non-transferable, revocable license to use the Pre-Released Product and the associated Documentation, if any, as provided to Company by NetAlly solely for internal evaluation purposes. NetAlly may terminate Company’s right to use the Pre-Released Product at any time at NetAlly’s discretion. Company’s use of the Pre-Released Product is limited to thirty (30) days unless otherwise agreed to in writing by NetAlly. Company acknowledges and agrees that (i) NetAlly has not promised or guaranteed to Company that the Pre- Released Product will be announced or made available to anyone in the future; (ii) NetAlly has no express or implied obligation to Company to announce or introduce the Pre-Released Product; (iii) NetAlly may not introduce a product similar to or compatible with the Pre-Released Product; and (iv) any use of the Pre-Released Product or any product associated with the Pre-Released Product is entirely at Company’s own risk. During the term of these General T&Cs, if requested by NetAlly, Company will provide feedback to NetAlly regarding use of the Pre-Released Product. Company will not disclose any features or functions of any Pre-Released Product until NetAlly makes the Pre-Released Product publicly available.

API License. NetAlly grants Company a limited, non- exclusive, non-transferable revocable license to use the API, together with applicable documentation, any sample code, and any sample applications provided with the API, solely in connection with the Products for Company’s internal business purposes; provided that Company may not use the API in connection with developing a product or service that competes with Products.

License Restrictions. Except as required by law, Company will not, and will not cause or permit others to, derive the source code of the Software, or reverse engineer, disassemble, or de- compile the Products. Company may not (i) create derivative works of the Software, (ii) lend, rent, lease, assign, sublicense, and/or make available through timesharing or service bureau the Software, or (iii) transfer the Software or provide third party access to the Software.

Third-party Technology. The Products may contain embedded third-party technology (“Third-party Materials”). Such Third-party Materials are licensed for use solely with the Product. Third-party Materials are provided subject to the applicable third-party terms of use. Nothing herein shall bind the Ordering Activity to any Third-party Materials terms unless the terms are provided for review and agreed to in writing by all parties.

Ownership. NetAlly and its third-party licensors retain all right, title, and interest in and to the Products, Third party Technology and/or APIs. Company retain all right, title and interest in and to the Company Data.

Acceptable Use. Company specifically agrees to limit the use of the Products and/or Services to those specifically granted in these

thereof; (ii) modify, port, translate, localize or create derivative works of the Software; (iii) remove any of NetAlly's, or its vendors, copyright notices and proprietary legends; (iv) use the Products to (a) infringe on the intellectual property rights of any third party or any rights of publicity or privacy; (b) violate any law, statute, ordinance, or regulation (including but not limited to the laws and regulations governing export/import control, unfair competition, anti-discrimination and/or false advertising); or (c) propagate any virus, worms, Trojan horses or other programming routine intended to damage any system or data; and/or (v) file copyright or patent applications that include the Product or any portion thereof.

that the Products are appropriate for Company's purposes or error-free. If during the Software Warranty Period or Hardware Warranty Period, a nonconformity is reported to NetAlly, NetAlly, at its option, will use commercially reasonable efforts to repair or replace the non-conforming Software or Hardware. THIS REMEDY IS CUSTOMER'S SOLE AND EXCLUSIVE REMEDY, AND NETALLY'S SOLE LIABILITY FOR A BREACH OF

Company & Personal Data. During the Term, Company may provide to NetAlly Company Data. NetAlly may use Company Data in connection with the performance of its obligations under these General T&Cs. Company hereby agrees to strictly comply with any and all applicable Data Protection Acts with regards to the transfer, handling storage and processing of Personal Data. Company acknowledges and agrees that should Company transfer such Personal Data to NetAlly, or other third-parties, Company will serve as such Personal Data's "Controller", as set forth in the applicable Data Protection Acts. Further, in the event of a breach of Personal Data, attributed to Company's actions or inactions in furtherance of these General T&Cs, in violation of the Data Protection Acts, Company shall promptly (i) take all necessary steps to curtail such breach; (ii) undertake all necessary actions to mitigate damages; (iii) provide the necessary notification and remediation, as set forth in the applicable Data Protection Act; and (iv) aid and assist in NetAlly's efforts to do the same, at Company's sole cost and expense.

{Reserved}

{Reserved}

Warranties. NetAlly warrants, for Company's benefit alone, (i) that the Hardware will be free from material defects for a period of twelve (12) months following the date of shipment of the Hardware ("Hardware Warranty Period"); and (ii) the Software, will conform materially and substantially to the Documentation for a period of ninety (90) days following the date when first made available to Company for download ("Software Warranty Period"). The warranties set forth herein do not apply to any failure of the Software or Hardware caused by (a) Company's failure to follow NetAlly's installation, operation, or maintenance instructions, procedures, or Documentation; (b) Company's mishandling, misuse, negligence, or improper installation, de-installation, storage, servicing, or operation of the Product; (c) modifications or repairs not authorized by NetAlly;

(d) use of the Products in combination with equipment or software not supplied by NetAlly or authorized in the Documentation; and/or (e) power failures or surges, fire, flood, accident, actions of third parties, or other events outside NetAlly's reasonable control. NetAlly cannot and does not warrant the performance or results that may be obtained by using the Products, nor does NetAlly warrant

WARRANTY. EXCEPT FOR THE EXPRESS WARRANTIES Damages, 12 Indemnification, and 14 General Provisions. STATED IN THIS SECTION 8, “WARRANTIES” NETALLY DISCLAIMS ALL WARRANTIES ON MERCHANDISE SUPPLIED UNDER THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

{Reserved}

EXCLUSION OF CONSEQUENTIAL DAMAGES. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER OR ANY THIRD PARTY FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, PUNITIVE, AND/OR INCIDENTAL DAMAGES, WHATSOEVER, INCLUDING BUT NOT LIMITED TO LOST PROFITS OR LOSS OF DATA, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH POTENTIAL LOSS OR DAMAGE.

ESSENTIAL PURPOSE. THE LIMITATION OF LIABILITY AND EXCLUSION OF CERTAIN DAMAGES STATED HEREIN SHALL APPLY REGARDLESS OF THE FAILURE OF ESSENTIAL PURPOSE OF ANY REMEDY. BOTH PARTIES HEREUNDER SPECIFICALLY ACKNOWLEDGE THAT THESE LIMITATIONS OF LIABILITY ARE REFLECTED IN THE PRICING.

{Reserved}

Relationship with Third parties. The relationship between the parties established by these General T&Cs is that of independent contractors, and nothing contained in these General T&Cs shall be construed to: (i) give either party the power to direct or control the day-to-day activities of the other; (ii) constitute the parties as partners, joint ventures, co-owners or otherwise as participants in a joint or common undertaking or franchise; (iii) allow Company to create or assume any obligation on behalf of NetALLY for any purpose whatsoever; or (iv) allow any customer, End-User, or other person or entity not a party to these General T&Cs to be considered a third-party beneficiary of these General T&Cs.

General Provisions.

Modification. . No modification of these General T&Cs shall be effective unless in writing and signed by both parties.

Severability & Survival. The illegality or unenforceability of any provision of these General T&Cs shall not affect the validity and enforceability of any legal and enforceable provisions hereof. Should any provision of these General T&Cs be deemed unenforceable by a court of competent jurisdiction then such clause shall be re-construed to provide the maximum protection afforded by law in accordance with the intent of the applicable provision. Any provision contained herein, which by its nature should survive the termination of these General T&Cs shall survive, including, but not limited to, Section 7 “Confidentiality”, 9 “Limitation of Liability & Exclusion of Consequential

Assignment. Neither party may assign any rights or delegate any obligations hereunder, whether by operation of law or otherwise, except with the prior written consent of the other party, which consent will not be unreasonably withheld. These General T&Cs binds the parties, their respective participating subsidiaries, affiliates, successors, and permitted assigns.

principles.

Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).

Compliance & Export Controls. Company shall comply fully with all applicable laws, rules, and regulations including those of the United States, and any and all other jurisdictions globally, which apply to Company's business activities in connection with these General T&Cs. Company acknowledges that the NetAlly Products and/or NetAlly Services are subject to United States Government export control laws. Company shall comply with all applicable export control laws, obtain all applicable export licenses, and will not export or re-export any part of the Products and/or Services to any country in violation of such restrictions or any country that may be subject to an embargo by the United States Government or to End-Users owned by, or with affiliation to, such countries embargoed by the United States Government.

14.5. U.S. Government Use Notice. The NetAlly Software is a "Commercial Item", as that term is defined at 48 C.F.R. § 2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation," as such terms are used in 48

C.F.R. § 12.212. Consistent with 48 C.F.R. § 12.212, the Commercial Computer Software and Commercial Computer Software Documentation are being licensed to U.S. Government End-Users (a) only as Commercial Items and (b) with only those rights as are granted to all other End-Users pursuant to the terms and conditions herein. For some components of the Software as specified in the Exhibit, Attachment, and/or Schedule, this Software and Documentation are provided on a RESTRICTED basis. Use, duplication, or disclosure by the United States Government is subject to restrictions set forth in 48 CFR 52.227-14, as applicable.

Anti-Corruption and Anti-Bribery. Company will not make or permit to be made any improper payments and will comply with the U.S. Foreign Corrupt Practices Act, the UK Bribery Act, the Organization for Economic Co-operation and Development ("OECD") Convention on Anti-Bribery, and other applicable local anti-bribery laws and international anti-bribery standards. Company represents and warrants that it will not pay any commission, finder's fee, or referral fee, or make any political contribution, to any person in connection with activities on behalf of NetAlly.

Applicable Law & Disputes. The parties specifically agree that the U.N. Convention on the International Sale of Goods, the Uniform Computer Information Transactions Act ("UCITA"), and the International Commercial Terms issued by the International Chamber of Commerce ("Incoterms") shall not apply to any and all actions performed by either party hereunder in furtherance of these General T&Cs. These General T&Cs and all resulting claims and/or counterclaims shall be governed, construed, enforced and performed in accordance with the laws of the Federal Laws of the United States of America, without reference and/or regard to its conflicts of laws

Waiver. Each party agrees that the failure of the other party at any time to require performance by such party of any of the provisions herein shall not operate as a waiver of the rights of such party to request strict performance of the same or like provisions, or any other provisions hereof, at a later time.

*via* electronic mail (email) sent “read receipt” and “delivery receipt”. With respect to NetAlly’s receipt of electronic notice set forth in (iii) above such notice shall only be deemed received once Company receives a confirmation of “read receipt” and “delivery receipt” and such notice shall only be valid if sent to [legal@netally.com](mailto:legal@netally.com).

Notices. All notices under these General T&Cs shall be in English and shall be in writing and given to the address indicated upon the cover page and may be sent either by (i) registered airmail; (ii) overnight delivery through a reputable third-party courier; or (iii)

{End}

NETAPP, INC.  
495 E JAVA DR.  
SUNNYVALE, CA 94089

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached NetApp, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (MAY 2014). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable Federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**NETAPP, INC.**

**NETAPP, INC. LICENSE, WARRANTY AND SUPPORT TERMS**

**PROFESSIONAL SERVICES TERMS**

These Professional Services Terms ("Terms") set forth the terms and conditions under which NetApp will provide Professional Services to Customer. For Customers purchasing Professional Services directly from NetApp, the NetApp General Terms (attached herein) also apply. For Customers purchasing Professional Services from an authorized NetApp distributor or reseller, the NetApp Channel End User Terms (attached herein) also apply. To the extent there is any conflict between these Terms and those contained in the NetApp General Terms or NetApp Channel End User Terms, these Terms will control and take precedence. These Terms shall not apply if Customer has a separate applicable agreement with NetApp for the provision of Professional Services.

**DEFINITIONS.** In addition to the definitions set forth in the General Terms or Channel End User Terms, the following definitions shall apply:

**Deliverables.** Tangible materials or specific outputs expressly designated as Deliverables in the relevant Engagement Document.

**Engagement Document.** A NetApp-approved document, including but not limited to a statement of work, service brief or service description that defines the tasks, schedule of performance and/or Deliverables to be provided by NetApp.

**IP Rights.** Patents of any type, design rights, utility models or other similar invention rights, copyrights, mask work rights, trade secret, knowhow or confidentiality rights, trademarks, trade names and service marks and any other intangible property rights, including applications and registrations for any of the foregoing, in any country, arising under statutory or common law or by contract and whether or not perfected, now existing or hereafter filed, issued, or acquired.

**Pre-Existing IP.** IP Rights, existing, owned, or otherwise licensed by Customer or NetApp prior to entering into these Terms.

**Professional Services.** The consulting services to be provided by or on the behalf of NetApp as specified in an Engagement Document.

**Professional Services Materials.** Deliverables, materials, software, know-how, and/or information used, generated, created, developed or reduced to practice, including any modifications thereof or thereto, by or for NetApp during the provision of the Professional Services

**Professional Services Resource.** A NetApp employee, supplier or subcontractor which NetApp utilizes to provide Professional Services to Customer.

**2. SCOPE OF SERVICES**

**2.1. Projects.** NetApp will perform Professional Services in accordance with the Order Documentation, including the Engagement Document, and these Terms. NetApp may at its sole discretion require an Engagement Document to be executed prior to commencement of the Professional Services **2.2. Change Orders.** Changes to the Professional Services specified in a statement of work will not be effective unless a change request form has been executed by authorized representatives of both Parties and NetApp has received the applicable Order Documentation supporting the change.

**2.3. No Unique Services.** Professional Services are of a scalable, repeatable nature and, as such, the same or similar Professional Services have been and will continue to be provided to other NetApp customers. Any unique services requested by Customer shall be subject to separate written agreement, No custom development activity shall be performed as Professional Services.

**2.4. No Superuser Access.** In no event will Customer grant to a Professional Services Resource root or "superuser" access at a server or network level and NetApp will have no responsibility or liability for loss or damage that results from or is related thereto. Such services shall be subject to a separate written agreement.

**FEES.** An Engagement Document or the associated price quotation will state the fees to be paid by Customer to NetApp for Professional Services rendered and any related payment schedules. Customer's execution of an Engagement Document or NetApp's acceptance of a Purchase Order, as applicable, will indicate acceptance of the stated fees and payment schedules. No changes in fees or payment schedules will be effective absent a mutually executed change order.

**EXPENSES.** Ordering Activity Licensee agrees to pay any travel expenses in accordance with FTR/JTR, as applicable. Ordering Activity shall only be liable for such travel expenses as approved as by Ordering Activity and funded under the applicable ordering document.

**DURATION AND EXPIRATION OF PROFESSIONAL SERVICES BASED ON TIME AND MATERIAL ENGAGEMENT.** In relation to Time and Material ("T&M") Professional Services, NetApp will provide to Customer a Professional Services Resource qualified at the skill level purchased by Customer, to perform T&M Professional Services, at an agreed Customer site or remotely, for the total amount of hours and/or days set forth in NetApp's price quotation and Customer's Purchase Order. T&M Professional Services purchased on an hourly basis will be performed in minimum increments of four (4) consecutive hours. For T&M Professional Services purchased on a daily basis, a "day" constitutes at least four (4) hours but not more than eight (8) hours in a single calendar day; or whenever aggregate overtime hours (those exceeding eight (8) hours on a calendar day), exceed four (4) hours but not more than eight (8) hours. T&M Professional Services will be available to Customer for one (1) year from the Purchase Order date Customer payments are nonrefundable, and credit for any unused T&M Professional Services will not be available.

**PROFESSIONAL SERVICES WARRANTY.** NetApp warrants to Customer that the Professional Services will be performed in a professional, workmanlike manner consistent with generally accepted industry practices. If the Professional Services materially fail to conform to this Professional Services warranty, NetApp will re-perform such Professional Services. This is Customer's sole and exclusive remedy in relation to breach of warranty.

**INTELLECTUAL PROPERTY RIGHTS.** Each Party will retain all right, title and interest in and to its Pre-Existing IP. NetApp will retain all right, title, and interest in and to the Professional Services, Professional Services Materials, and IP Rights embodied therein. In no event will Professional Services Materials be deemed

to include Customer Pre-Existing IP or Customer Confidential Information. Customer hereby grants NetApp a nonexclusive, worldwide, royalty-free, fully paid-up license to use such Pre-Existing IP and Confidential Information for the sole purpose of performing or producing the Professional Services and Professional Services Materials. Upon receipt of full payment, NetApp hereby grants to Customer a limited,

non-exclusive, non-transferable, terminable license, with no right to sublicense, to use the Professional Services Materials for Customer's internal business purposes. Customer will not re-distribute the Professional Services Materials to any third parties without NetApp's prior written consent.

**DATA PROTECTION.** Performance of Professional Services under these Terms may result in Customer providing NetApp access to personal data. NetApp does not need nor request access to personal data in order to provide Professional Services. In the event Customer does provide personal data to NetApp, Customer accepts sole responsibility and liability for the disclosure and protection of such data in accordance with applicable data protection laws.

**TERMINATION; REMEDIES FOR NON-PAYMENT.** Customer may terminate an Engagement Document for convenience upon thirty (30) days prior written notice. Such termination will not relieve Customer from its obligations to pay NetApp any sums accrued prior to such termination, including all expenses and time and material costs incurred or expended by NetApp, which will be immediately due upon termination. Customer may request that NetApp complete the Professional Services in progress after notice of termination. NetApp may, in its sole discretion, elect to perform, and, upon completion, will be entitled to full compensation for the completion of such Professional Services. If Customer fails to make payment in accordance with the payment terms, then, in addition to any other available remedies, NetApp will have the right to decline to render further Professional Services to Customer. NetApp may terminate an Engagement Document immediately on written notice to Customer if Customer commits a material breach of these Professional Services Terms.

### SUPPORT SERVICES TERMS

These Support Services Terms ("Terms") set forth the terms and conditions under which NetApp will provide Support Services to Customer. To the extent that there is any conflict between these Terms and those contained in the Master Purchase Agreement, these Terms will control and take precedence.

**1. DEFINITIONS** In addition to the definitions set forth in the Master Purchase Agreement, the following definitions shall apply:

**AutoSupport.** NetApp's AutoSupport™ remote support diagnostic system.

**Business Day.** Monday through Friday, 8:00 a.m. to 5:00 p.m. Customer local time, except: (i) In Japan, Business Day means Monday through Friday, 9:00 a.m. to 6:00 p.m.; and (ii) in the Middle East and Israel, Business Day means Sunday through Thursday, 8:00 a.m. to 5:00 p.m. Designated local holidays are not considered Business Days.

**Customer Replaceable Unit (CRU).** Any FRU which can be replaced by Customer following guidelines and documentation provided by NetApp.

**Field Replaceable Unit (FRU).** A component or disk in the Hardware, excluding filer heads, which can be replaced at a Customer location without pre-configuration by NetApp. FRUs will be new or equivalent to new, at NetApp's reasonable discretion.

**NetApp Support Site.** <http://mysupport.netapp.com>

**Remote Technical Support.** Telephone and web-based support.

**Software Updates.** (i) Enhancements made generally available at no charge by NetApp to existing Software versions; (ii) Software releases made generally available by NetApp to resolve known issues with existing versions of Software; and (iii) Temporary software modifications developed for individual, known Software issues as part of the applicable Support Services.

**Support Services.** NetApp's generally available technical support and maintenance services for Hardware and Software, as described on the NetApp Support Site.

**Support Services Period.** The period of time specified in the Order Documentation during which NetApp will provide Support Services.

**TRO.** The Target Response Objective for timing of delivery of Support Services.

## 2. SUPPORT SERVICES

**2.1. Scope of Support Services.** NetApp agrees to provide the Support Services purchased by Customer as set forth in the Order Documentation during the Support Services Period. On a case by case basis, and as explicitly set forth in the Order Documentation, NetApp may also offer Support Services in relation to Third Party Branded Products. In such cases, references to Hardware and Software in these Terms shall also be deemed to include Third Party Branded Products. NetApp reserves the right to revise or update the scope of Support Services at its sole discretion.

**2.2. Combined Use.** Customer must purchase the same level of service entitlement for all components and controllers in a system. Customer will notify NetApp prior to any combined use of Hardware and Software initially purchased for use in separate systems, and will upgrade to the highest level of Support Services entitlement existing in the newly combined system. Customer also will pay any additional Support Services fees required by NetApp, as calculated in accordance with the Price List.

**2.3. Out-of-Scope Services.** The following services are not included in the scope of Support Services:

Subject to Section 2.1 above, services related to third party products;

Transit or relocation of Hardware and related services, including services to remediate any associated damage;

Provision of accessories, batteries, supplies or replacement of disposable parts, including without limitation power cords, rack mounting kits and cables;

Customer education, training and consulting services;

Implementation or installation assistance for hardware and software not procured from a NetApp authorized source;

Services related to any work performed at Customer's site except as specified in the Order Documentation;

Services relating to issues arising from Customer or third-party modifications, customizations, or enhancements to Software;

Services relating to issues arising from a change in Customer's system configuration which is not in conformance with the NetApp Interoperability Matrix located on the NetApp Support Site at <http://support.netapp.com/matrix/mtx/login.do>; and (i) Services relating to issues arising from Customer or third party error, use of software other than Software, or modification of Software.

**2.4. Hardware and Software Warranty Disclaimers.** All NetApp warranties related to Hardware and Software will be voided where:

(a) Hardware has been mishandled, altered, damaged or rendered inoperable (e.g., degaussed disk drives) due to willful or negligent acts or omissions, accident, force majeure, or operation of the Hardware other than as specified in the Documentation; (b) A solid state drive or flash device has been used in excess of its rated life as set forth in the Documentation and/or as determined by its original manufacturer;

(c) Services have been performed by a person or entity other than NetApp or an authorized NetApp service representative in relation to the

Hardware and Software, in the absence of a prior written agreement with NetApp; (d) A power surge or failure has occurred;

Customer has failed to provide a suitable environment for the Hardware within the range of tolerances set forth in the applicable NetApp Site Requirements Guide at <http://hww.netapp.com>;

An issue arises from cleaning, refinishing or cosmetic modification of Hardware, or any electrical or site preparation; and (g) Products or components, including without limitation, software or hardware, have been procured from a source not authorized by NetApp, and then combined with Products.

**Support Services Warranty.** NetApp warrants that for the duration of the applicable Support Services Period, Support Services will be performed in a professional and workmanlike manner consistent with generally accepted industry practices. Customer's sole and exclusive remedy in relation to a breach of this warranty is a re-performance of the Support Services by NetApp.

**Subcontracting.** NetApp may use subcontractors to provide the Support Services under these Terms.

**End of Availability and End of Support.** The NetApp Service and Support Product Programs End of Availability Index, which is located on the NetApp Support Site, details information related to the last date on which Hardware or Software will be available for quoting from NetApp ("End of Availability" or "EOA"), and the last date on which Hardware or Software will be supported by NetApp ("End of Support" or "EOS"). NetApp will not provide Support Services for any Hardware, or components thereof, or Software after

the applicable published EOS date. In relation to Hardware running Software which has passed its EOS date, NetApp may require Customer to update to a supported version of Software as a prerequisite to NetApp continuing to provide Hardware Support Services.

**Replacement of Hardware Components and Return Material Authorization.** In the event the resolution of a support case initiated with the NetApp Technical Support Center ("TSC") is a Hardware failure, Customer will notify NetApp of its intent to return such Hardware within fifteen (15) calendar days of the support case resolution. Hardware replacement is subject to the Return Material Authorization ("RMA") procedure located on the NetApp Support Site at <http://mysupport.netapp.com/NOW/products/rma/>. Failure to return the Hardware components within the fifteen (15) days specified above or their return in a condition rendering them unsupported under Section 2.3 above shall entitle NetApp to invoice Customer for the cost of the replacement Hardware components supplied, calculated in accordance with the Price List. Customer will ensure that the failed Hardware is free of any legal obligations or restrictions that could prevent its replacement and will return each CRU and FRU individually by separate shipment.

**Support Included with Original and Extended Hardware Warranty.** During the applicable Hardware warranty period, NetApp will provide Customer with access to 24/7/365 Remote Technical Support, delivery of replacement Hardware components and access to the NetApp Support Site. Customer will also have access to AutoSupport and the NetApp Remote Support Diagnostics Tool, as applicable. In relation to Support Services included with the Hardware warranty, NetApp will use reasonable commercial efforts to deliver replacement Hardware components by the next Business Day. Such delivery is subject to local country limitations, including but not limited to shipment cut-off times, and other factors beyond the reasonable control of NetApp.

**Next Business Day Schedule.** The cutoff time for next Business Day delivery of FRUs or CRUs and/or arrival of a NetApp Authorized Service Engineer is 3:00 p.m. local Customer time. Remote diagnosis completion and/or CRU/FRU ordering that occurs after 3:00p.m. local Customer time, will be deemed completed on the following Business Day and shipment and/or arrival will be scheduled accordingly. (e.g., if diagnosis occurs after 3:00 p.m. on Monday, CRU/FRU ships Tuesday to arrive on Wednesday). **2.11. Onsite Support Services.** If Customer has purchased onsite Support Services, it will receive such services as follows: When Customer initiates a technical support case with the TSC, a Technical Support Engineer ("TSE") will commence issue identification and repair as necessary. If the issue cannot be resolved remotely, and where the TSE and Customer jointly agree that onsite Support Services are necessary and appropriate, the TSE will dispatch an Authorized Support Engineer ("ASE") to the Customer site. The ASE will, at the direction of the TSC, work to diagnose and isolate the issue, make necessary changes and restore the normal operation of the systems. The TRO for onsite Support Services will be the same as that specified for replacement Hardware components in the Documentation. Subject to Section 2.13 below, in relation to onsite Software Support Services, NetApp reserves the right to define the most appropriate onsite resources to resolve the case and restore normal operation. In such cases, NetApp will communicate with Customer the estimated time of arrival for the ASE, which may or may not fall within the TRO specified above.

**Non-Returnable Disk.** If Customer has purchased the Non-Returnable Disk ("NRD") option, it will not return defective or failed disks forming part of the Hardware. Customer will retain such disks and remain solely responsible for their disposal. Customer agrees that if disks covered by the NRD option are returned to NetApp, NetApp shall have no obligation or liability whatsoever associated with any data remaining on such disks. NetApp will treat such disks like non-NRD disks and convey them into the NetApp supply chain for repair and/or destruction.

**Software Support Services.** If Customer has purchased Support Services that include a Software Support Plan ("SSP"), it is entitled to Software Support Services during the applicable Support Services Period. SSP consists of both telephone and webbased support and access to all Software Updates made generally available by NetApp. Customer shall be responsible for installing and implementing Software and Software Updates unless it has purchased a Support Services offering that includes installation of software updates by NetApp, as described in Section 2.13 below. NetApp may require Customer to implement specific Software upgrades to resolve current or prospective issues. Customer may be required to purchase additional Hardware at its own expense to make use of Software Updates and or Software upgrades.

**Installation of Software Updates.** If Customer has purchased such installation services, NetApp will install Software Updates during the provision of Support Services during the Support Services Period. The TSE will determine the method and timing of installation, with Customer's agreement and participation. NetApp may choose to dispatch an ASE to the Customer site to participate in Software Update activities.

**Software Support Services Prerequisites.** Provision of Software Support Services is conditional upon Customer having: (a) installed and operated the Software in accordance with the applicable Documentation; (b) described with sufficient specificity the nature of the Software issues Customer is experiencing and the circumstances in which they occur; (c) reproduced the Software issue such that it can be confirmed and evaluated by NetApp; (d) made no changes, additions, or modifications to the Software, directly or indirectly; and (e) installed the Software in an infrastructure/environment that adheres to the published NetApp Interoperability Matrix on the NetApp Support Site.

**2.16 AutoSupport.** AutoSupport data is deemed to be NetApp Confidential Information.

### 3. CUSTOMER RESPONSIBILITIES

**3.1. Customer Contacts.** Customer will designate up to three (3) technically qualified employees to serve as Customer's primary points of contact in relation to the receipt of the Support Services.

**3.2. Customer Information.** Immediately on receipt, Customer will register all Hardware and Software on the NetApp Support Site to create Customer's support profile. Customer will keep this profile up-to-date. TROs, if any, can be met only if Customer has provided NetApp with accurate information including delivery and on-site service addresses, names and phone numbers of key Customer contacts and access to Customer's location. If this information is inaccurate or obsolete and/or access to Customer's location is unavailable or denied to the NetApp ASE or other representatives, adherence to any applicable TRO will be measured from the time that correct information is provided by the Customer to NetApp and/or the NetApp ASE is granted access to Customer's location.

**3.3. NetApp Support Site.** During the Support Services Period, Customer will be granted access to the NetApp Support Site. A unique login and password will be assigned to Customer by NetApp, which will be deemed NetApp Confidential Information. **3.4. Miscellaneous Permissions.**

In the event that NetApp requires access to any computer systems or software owned or licensed by Customer in order to provide the Support Services, Customer will obtain all associated permissions.

**3.5. Work Environment.** Customer will provide NetApp or the NetApp ASE with a safe working environment and make all necessary arrangements as NetApp may determine is reasonably necessary to perform the Support Services.

**3.6. Equipment Relocation.** In the event that Customer wishes to relocate Hardware or Software, Customer will contact the NetApp TSC at least thirty (30) days prior to such relocation. NetApp will notify Customer if Customer's existing Support Services are available at the new location. Customer acknowledges that relocation of the Hardware or Software may result in a decrease of the scope and an increase in the pricing of Support Services. NetApp will communicate this to Customer on a case-by-case basis. If Customer fails to notify NetApp of the relocation of Hardware or Software as required above, NetApp may refuse to provide the Support Services at its sole discretion. In the event of an increase in pricing of Support Services following relocation, Customer will promptly submit a Purchase Order to NetApp and pay the associated NetApp invoice.

**3.7. Reinstatement of Lapsed Support.** In the event that Customer wishes to reinstate Support Services after a lapsed period following expiration or termination of the original Support Services Period, Customer will pay to NetApp an amount equal to the Support Services fees that would have been due for accrued Support Services during such lapsed period, as well as any applicable reinstatement fee and the amount due for the go-forward Support Services Period being purchased. All such amount will be calculated in accordance with the Price List.

**3.8 Data Protection.** Performance of Support Services under these Terms may result in Customer providing NetApp access to Personal Data. NetApp does not need nor request access to Personal Data in order to provide Support Services. In the event Customer does provide Personal Data to NetApp, Customer accepts sole responsibility and liability for the disclosure and protection of such data in accordance with applicable data protection laws.

## GENERAL TERMS

### Terms for All Transactions

These General Terms ("Terms") apply to the sale of Products and Services by NetApp, Inc., NetApp B.V. or any of their affiliates ("NetApp") directly to the Ordering Activity customer acquiring Products and Services for its own use ("Customer"), unless Customer has entered into a separate agreement with NetApp governing such sale. By both parties executing this agreement in writing, Customer agrees to these Terms. NetApp and Customer may each be referred to as a "Party" or collectively, as the "Parties."

### 1. DEFINITIONS

**1.1. Cloud-Based Offering.** Hardware, Software, and any Services offered, distributed, marketed or otherwise sold by NetApp for use through a Cloud Provider.

**1.2. Cloud Provider.** A third party designated by NetApp which offers off premises cloud-based services such as hosting, computing, networking, or storage.

**1.3. Documentation.** NetApp supplied then current technical documentation describing the features and functions of the associated Products.

**1.4. Hardware.** NetApp-branded hardware, including its components and spare parts, but excluding any firmware and Third Party Branded Products.

**1.5. Order Documentation.** The applicable NetApp price quotation (and the NetApp engagement document, if required for the purchase of applicable Services), the corresponding Purchase Order, and the associated Documentation for the Products or Services purchased or licensed hereunder.

**1.6. Price List.** NetApp's then-current list of Products and Services, and their associated prices for the country of destination.

**1.7. Products.** Hardware, Software, associated Documentation, and any Third Party Branded Products.

**1.8. Purchase Order.** A written or electronic order provided to NetApp consistent with the corresponding price quotation for the purchase of Products and Services.

**1.9. Services.** NetApp's consulting services ("Professional Services") and/or its generally available technical support and maintenance services programs ("Support Services").

**1.10. Software.** NetApp software in object code format including (as applicable) operating systems, protocols, backup and recovery, disaster recovery, storage efficiency, and management software.

**1.11. Third Party Branded Products.** Any hardware or software that is manufactured, developed, licensed or otherwise made available by any entity other than NetApp and is distributed or licensed by NetApp for use in conjunction with Hardware and Software.

### 2. ORDERS, DELIVERY and ACCEPTANCE

**2.1. Orders.** All Purchase Orders are subject to acceptance by NetApp.

**2.2. Changes, Cancellation, and Rescheduling.** Customer may modify or cancel Purchase Orders up to ten (10) days prior to any scheduled shipment date, and Customer may reschedule a requested delivery date one time per Purchase Order without additional charge. Product returns are subject to NetApp approval.

**2.3. Delivery.** Delivery of hardware and software pre-installed on the hardware occurs according to the applicable trade term specified on the NetApp price quotation or as agreed to by NetApp on a case by case basis. Delivery of software that is not pre-installed on hardware occurs when NetApp makes the enabling key available to

Customer or, if an enabling key is not required, when NetApp makes such software available for download or use by Customer.

**2.4. Risk of Loss.** Risk of loss or damage to the Products and title to any hardware in the Products will pass to Customer upon delivery.

**2.5. Acceptance.** Acceptance by Customer of Products will occur upon delivery, and acceptance by Customer of Services will occur when such Services are rendered, unless otherwise agreed in a NetApp engagement document.

### PRICING AND PAYMENTS 3.1. Reserved.

**Payment Terms.** Customer will make full payment in the currency specified in the invoice, without set-off and in immediately available funds, not later than thirty (30) days from the date of receipt of NetApp's invoice.

**Remedies for Non-payment.** Customer payment of an amount less than the invoice amount will not be deemed as acceptance of payment in full, nor will any endorsement or statement on any check or letter accompanying any payment or check be deemed an accord and satisfaction. NetApp may accept such payment or check without prejudice to NetApp's right to recover the balance of any amount due or pursue any other remedy provided for in these Terms or by law or in equity. NetApp has the right to apply any payment received from Customer to any account of Customer which is due and/or delinquent. **3.4. Taxes and Duties.** NetApp shall state separately on invoices taxes excluded from the fees, and the Customer agrees either

to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-

3.

#### 4. SOFTWARE LICENSE

**4.1. License Grant.** Subject to these Terms and any limitations or restrictions set forth in the corresponding Order Documentation, NetApp grants to Customer a personal, non-exclusive, nontransferable, worldwide, limited, and revocable license, without the right to sublicense, to (a) install and use the Software for Customer's internal business purposes only, and (b) use the Documentation in support of Customer's use of the Software. The Software associated with Customer's license is either bundled with a specific storage controller identified by a unique serial number ("Controller-based licenses"), or is independent of a storage controller ("Standalone licenses"), and the license is one of the following license types: (a) "Life-of-controller": Controller-based licenses granted for the period of time during which Customer's controller is operable; (b) "Perpetual": Standalone licenses granted in perpetuity; (c) "Term": Controller-based licenses or Standalone licenses granted for a fixed period of time; (d) "Capacity": Controller-based licenses or Standalone licenses granted for a specified amount of raw storage capacity or usage; and (e) "Subscription": Controller-based licenses or Standalone licenses which may be purchased on a periodic basis. Certain license types may require the installation and use of NetApp's AutoSupport™ Remote support diagnostic system. Each storage controller deployed in a cluster or a high-availability pair or group must have the same Controller-based licenses as the other storage controllers in that cluster, high-availability pair, or group. Subject to NetApp's prior written agreement, and in the context of non-disruptive operations within a cluster, Customer may deploy storage controllers with different Controller-based licenses and failover from one storage controller to another for the time required to remedy a failure, provided that all storage controllers in the cluster have the same hardware and software support offerings in effect at all times.

**4.2. License Restrictions.** Customer will not, nor will Customer allow any third party to, (a) reverse engineer, decompile or disassemble the Software or otherwise reduce it to human-readable form except to the extent required for interoperability purposes under applicable laws or as expressly permitted in open-source licenses; (b) remove or conceal any product identification, proprietary, intellectual property, or other notices in the Software and Documentation; (c) use the Software and Documentation to perform services for third parties in a service bureau, managed services, commercial hosting services, or similar environment; (d) assign or otherwise transfer, in whole or in part, the Software or Documentation licenses to another party or Controller-based licenses to a different storage controller; (e) install Controller-based licenses on or use them with third party hardware or any second-hand or grey market Hardware that Customer has not purchased from NetApp or a NetApp partner; (f) modify, adapt, or create a derivative work of the Software or Documentation; and (g) publish or provide any Software benchmark or comparison test results.

#### 4.3. Reserved.

**4.4 Software Copyright Information and Notices.** Software copyright information and other related details are included as part of notices in the Documentation or other documentation published by NetApp (e.g. NOTICES.TXT or NOTICES.PDF).

#### 5. SERVICES

**5.1. Services.** Services are provided by or on behalf of NetApp. Additional terms and conditions applicable to Services are set forth on NetApp's How to Buy information provided above.

#### 6. DIRECT WARRANTY

**6.1. Hardware Warranty.** NetApp warrants that the Hardware will materially conform to the Documentation for a period of three (3) years from the date of delivery, unless otherwise specified in the applicable Documentation ("Hardware Warranty Period"). In the event of any material nonconformity in the Hardware during the Hardware Warranty Period that is reproducible and verifiable, NetApp will, at its sole expense, repair or replace the Hardware, or refund the amounts received by NetApp for the nonconforming Hardware. Replacement parts will be warranted for the remainder of the Hardware Warranty Period in effect for the original Hardware purchased, unless otherwise mandated by applicable law.

**6.2. Software Warranty.** NetApp warrants that (a) the initially-shipped version of the Software will materially conform to the Documentation; and (b) the Software media will be free from physical defects, for a period of ninety (90) days from the date of delivery or such other minimum period required under applicable law ("Software Warranty Period"). NetApp does not warrant that Customer's use of the Software will be error-free or uninterrupted. In the event of any material nonconformity in the Software during the Software Warranty Period that is reproducible and verifiable, NetApp will, at its sole discretion and expense, repair or replace the Software, or refund the amounts received by NetApp for the nonconforming Software. This warranty does not cover software, other items, or any services provided by persons other than NetApp.

**6.3. Limitations.** NetApp will not be liable under this warranty for claims arising from Customer's, Customer's subcontractor's, or any unauthorized third person's misuse, neglect, improper installation or testing, attempts to repair, or any other cause beyond the range of the intended use. The Hardware warranty will become void if a Hardware component is installed as an add-on to or replacement for the original Hardware, without NetApp's prior written approval. The Software warranty will become void if the Software is modified or otherwise used in violation of the Software license terms set forth in Section 4, except as authorized in writing by NetApp. The foregoing limitation of liability shall not apply to

(1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

**6.4. Exclusive Warranties.** TO THE EXTENT PERMITTED BY APPLICABLE LAWS, THE FOREGOING WARRANTIES ARE CUSTOMER'S SOLE AND EXCLUSIVE WARRANTIES AND REMEDIES. NETAPP SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from the Vendor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

#### 7. INTELLECTUAL PROPERTY RIGHTS AND PROTECTION

**7.1. General.** The Software and Documentation is licensed, not sold, to Customer. It is protected by intellectual property laws and treaties worldwide, and contains trade secrets, in which NetApp and its licensors reserve and retain all rights not expressly granted to Customer. No right, title or interest to any trademark, service mark, logo, or trade name of NetApp or its licensors is granted to Customer.

**7.2. IP Claims.** Subject to the terms and conditions of this Section, NetApp will defend or settle any claim brought by a third party against Customer that Hardware, Software, and Documentation sold and delivered by or for NetApp to Customer under these Terms infringe any patent, trademark, or copyright ("IP Claim"). NetApp will pay settlement amounts or, if applicable, damages and costs finally awarded by a court of competent jurisdiction (collectively, "Damages") against Customer to the extent such Damages are specifically attributable to the IP Claim, provided that Customer: (a) promptly notifies NetApp in writing of the IP Claim; (b) provides information and assistance to NetApp to defend such IP Claim; and (c) provides NetApp with sole control of the defense or settlement negotiations. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

**7.3. Remedies.** NetApp may, at its option, substitute or modify the Product, or the relevant portion thereof, so that it becomes non-infringing; procure any necessary license; or replace the Product. If NetApp determines that none of these alternatives is reasonably available, then Customer may return the

Product and NetApp will refund Customer's purchase price. **7.4. Exclusions.** Notwithstanding anything to the contrary in these Terms, NetApp has no obligation or liability for any claim of infringement that arises from or relates to: (a) NetApp's compliance with or use of designs, specifications, inventions, instructions, or technical information furnished by or on behalf of Customer; (b) Product modifications made by or on behalf of Customer without NetApp's authorization; (c) Customer's failure to upgrade or use a new version of the Product, to make a change or modification requested by NetApp, or to cease using the Product if requested by NetApp; (d) the Product, or any portion thereof, in combination with any other product or service; (e) Third Party Branded Products; (f) services offered by Customer or revenue earned by Customer for such services; or (g) any content or information stored on or used by Customer or a third party in connection with a Product.

**7.5. Entire Liability.** Notwithstanding anything to the contrary in these Terms, this Section 7 states

NetApp's entire liability and Customer's sole and exclusive remedies for IP Claims. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

## 8. CONFIDENTIALITY

**8.1. General.** "Confidential Information" means any information disclosed by a Party to the other Party in connection with these Terms that (a) is marked "confidential" or "proprietary at the time of disclosure; (b) if disclosed orally or visually, is designated "confidential" or "proprietary" at the time of disclosure and summarized in a writing delivered to the receiving Party within thirty (30) days of disclosure; or (c) by its nature or the circumstances surrounding disclosure, should reasonably be considered confidential or proprietary. "Confidential Information" shall include any reproduction of such information, but shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the receiving Party; (b) was in the receiving Party's lawful possession prior to the disclosure and had not been obtained by the receiving Party either directly or indirectly from the disclosing Party; (c) is lawfully disclosed to the receiving Party by a third party without restriction on the disclosure; or (d) is independently developed by the receiving Party. Neither this Agreement nor the pricing terms are confidential information notwithstanding any such markings. NetApp recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor.

**8.2. Treatment of Confidential Information.** Confidential Information will remain the property of the disclosing Party. Each Party will have the right to use the other's Confidential Information solely for the purpose of fulfilling its obligations under these Terms. Each Party agrees (a) to hold the other Party's Confidential Information in confidence for a period of three (3) years from the date of disclosure; and (b) to disclose the other Party's Confidential Information only to those employees or agents who have a need to know in furtherance of these Terms and who are required to protect such Confidential Information against unauthorized disclosure under terms no less restrictive than those set forth herein. The receiving Party will protect the Confidential Information from unauthorized use, access or disclosure in the same manner as it protects its own proprietary information of a similar nature, and in any event with at least a reasonable degree of care. The receiving Party may disclose the disclosing Party's Confidential Information to the extent such disclosure is required pursuant to a judicial or administrative proceeding, provided that the receiving Party gives the disclosing Party prompt written notice thereof and the opportunity to seek a protective order or other legal remedies.

**8.3. Return/Destruction.** Upon the disclosing Party's written request, all Confidential Information (including all copies thereof) of the disclosing Party will be returned or destroyed, unless the receiving Party is required to retain such information by law, and the receiving Party will provide written certification of compliance with this Section 8.3.

## 9. LIMITATION OF LIABILITY

**9.1. Liability Exclusions.** Regardless of the basis of claim (e.g., contract, tort, or statute), in no event will NetApp or its suppliers or subcontractors be liable to Customer for special, incidental, indirect or consequential damages; downtime costs; loss or corruption of data; loss of revenues, profits, goodwill, or anticipated savings; procurement of substitute goods and/or services; interruption of business; Customer's failure to comply with applicable "non-erasable" and "non-rewriteable" U.S. government regulations; the acts and omissions of any Cloud Provider; and Customer's failure to obtain any applicable third party licenses necessary to operate any third party software required in connection with the use of the Products and for NetApp to freely and without interruption perform the Services. This exclusion is independent of any remedy set forth in these Terms.

**9.2. Cumulative Liability.** To the extent that limitation of liability is permitted by law, NetApp's liability to Customer is limited to the amount of fees paid by Ordering Activity under the order giving rise to such liability. This limitation is cumulative and not per incident.

**9.3. Exceptions.** The limitations set forth in Sections 9.1 and 9.2 will not apply to liability for death or personal injury caused by negligence, gross negligence, willful misconduct, fraud, any other liability which cannot be excluded under applicable laws, or to IP Claims under Section 7.

## 10. COMPLIANCE WITH LAWS

**10.1. Compliance.** Each Party will comply with all applicable laws and regulations.

**10.2. Export.** Customer acknowledges that Products and Services supplied by NetApp under these Terms are subject to export controls under the laws and regulations of the United States, and other countries as applicable, and that Products and Services may include export controlled technologies, including without limitation encryption technology. Customer agrees to comply with such laws and regulations and, in particular, represents and warrants that it: (a) will not, unless authorized by U.S. export licenses or other government authorizations, directly or indirectly export or re-export Products and Services to (or use Products and Services in) countries subject to U.S. embargoes or trade sanctions programs; (b) is not a party, nor will it export or re-export to a party, identified on any government export exclusion lists, including but not limited to the U.S. Denied Persons, Entity, and Specially Designated Nationals Lists; and (c) will not use Products and Services for any purposes prohibited by United States law, including but without limitation, the development, design, manufacture, or production of nuclear, missile, chemical biological weaponry or other weapons of mass destruction. Customer agrees to provide NetApp end use and end user information upon NetApp's request. Customer will obtain all required authorizations, permits, or licenses to export, re-export or import, as required. Customer agrees to obligate, by contract or other similar assurances, the parties to whom it re-exports or otherwise transfers Products and Services to comply with all obligations set forth herein.

**10.3. Anti-Bribery.** Each Party will comply with all applicable country laws relating to anti-corruption or anti-bribery, including but not limited to the requirements of the U.S. Foreign Corrupt Practices Act, as amended, the U.K. Bribery Act, and legislation implementing the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions.

## 11. MISCELLANEOUS

**11.1. Termination.** These Terms are effective until terminated. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, NetApp shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Upon termination of these Terms, all rights to use the Software and Documentation cease and Customer will, at NetApp's request, promptly return or destroy all copies of the Software and Documentation, including any license enablement keys, in Customer's possession or under Customer's control, unless the license granted to Customer under Section 4.1 is a perpetual license and Customer remains in full compliance with these Terms. Sections 4.2. - 4.4., 6, 7, 8, 9, 10, and 11 will survive expiration or termination of these Terms.

**11.2. U.S. Federal Government Customers.** This Section 11.2 applies only to U.S. Federal Government Customers. The Software and Documentation is "commercial" computer software and documentation and is licensed in accordance with the rights articulated in applicable U.S. government acquisition regulations (e.g. FAR, DFARS) pertaining to commercial computer software and documentation. U.S. Federal Government customers will not be subject to applicable audit costs specified in Section 11.16. Disputes will be subject to resolution pursuant to the Contract Disputes Act of 1978. Nothing contained in these terms is meant to derogate the rights of the U.S. Department of Justice as identified in 28 U.S.C. §516. All other Terms remain in effect as written.

**11.3. Cloud-Based Offering Notice.** Customers buying Cloud-Based Offerings must also comply with the Cloud Provider's applicable terms. Customer is responsible for its Cloud Provider selection, including but not limited to assessing Cloud Provider's services, compliance, and security. Customers using CloudBased Offerings to provide customer services may only do so if: (a) its users agree to terms limiting NetApp's liability in a manner no less protective than these Terms; (b) its users provide legally required consents for data storage, use, transfer or handling; and (c) its services comply with applicable laws and regulations, including but not limited to data protection regulations.

**11.4. Force Majeure.** Excusable delays shall be governed by FAR 52.212-4(f).

**11.5. Data Privacy and Recovery.** Customer is solely responsible for personal data managed or stored using Products and agrees to comply with all applicable data privacy laws. Customer will be solely responsible for management of its data back-up, data recovery, and disaster recovery measures. Customer assumes responsibility for undertaking the supervision, control and management of Hardware and Software including following industry-standard processes, procedures and requirements: (a) for the security of data, accuracy of input and output, and back-up plans, including restart and recovery in the event of a Force Majeure event or a Hardware or Software error or malfunction; and (b) for reconstruction of lost or altered files, data, and programs. NetApp will not be responsible or held liable for Customer's internal processes and procedures related to the protection, loss, confidentiality, or security of Customer's data or information.

**11.6. Hazardous Environments.** Products are not designed or intended for use in or in the design, construction, operation, or maintenance of a nuclear facility or similar hazardous environment. NetApp will not be liable for any damages resulting from such use.

**11.7. Product Evaluation.** Subject to these Terms, as amended by this Section, NetApp may loan Products to Customer at no cost for a ninety (90) day period from the initial delivery of the Products to Customer, or such other period as agreed by NetApp in writing, for evaluation purposes. Such Products may only be used in a non-production environment to assess the suitability of the Products for Customer's needs. Notwithstanding Section 6 above, these Products are provided and licensed to Customer on an "AS IS" basis and all warranties, whether express, implied, statutory or otherwise are excluded to the maximum extent permitted by applicable laws.

**11.8. Reserved.**

**11.9. Reserved.**

**11.10. Waiver.** Any waiver or failure to enforce any provision of these Terms on any occasion will not be deemed a waiver of any other provision or of such provision on any other occasion. Either Party's exercise of any right or remedy provided in these Terms will be without prejudice to its right to exercise any other right or remedy.

**11.11. Severability.** In the event any provision of these Terms is held by a court of competent jurisdiction to be unenforceable for any reason, such provision will be changed and interpreted to accomplish the objectives of such provision to the greatest extent possible under applicable law and the remaining provisions hereof will be unaffected and remain in full force and effect.

**11.12. Assignment.** Customer and NetApp may not assign any rights or delegate any obligations under these Terms without the prior written consent of the other party. Any purported assignment by Customer or NetApp without the other party's prior written consent will be null and void.

**11.13. Subcontractors.** NetApp may use subcontractors to fulfill its obligations under these Terms.

**11.14. Independent Contractors.** The relationship of the Parties under these Terms is that of independent contractors. Nothing set forth in these Terms will be construed to create the relationship of principal and agent, franchisor/franchisee, joint venture, or employer and employee between the Parties.

Neither Party will act or represent itself, directly or by implication, as an agent of the other Party.

**11.15. Publicity.** No advertising, publicity releases, or similar public communications concerning these Terms, the Products, or the Services will be published or caused to be published by either Party without the prior written consent of the other Party to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71. Notwithstanding the foregoing, Customer agrees to be mentioned in the list of buyers of NetApp Products and/or Services and that its logo and trademark may be used for this purpose only.

**11.16. Audit.** Subject to applicable Government security requirements, Customer grants NetApp and its independent accountants the right to audit Customer or Customer's subcontractors once annually during regular business hours upon reasonable notice to verify compliance with these Terms. If the audit discloses Software over-usage or any other material noncompliance, NetApp will promptly invoice Ordering Activity additional license fees sufficient to cover the unauthorized use revealed by the audit.

**11.17. General.** These Terms will be construed pursuant to the Federal laws of the United States. The Parties agree to disclaim the application of the United Nations Convention on Contracts for the International Sale of Goods. NetApp reserves the right to control all aspects of any lawsuit or claim that arises from Customer's use of the Products. If required by NetApp's agreement with a third party licensor, NetApp's licensor will be a direct and intended beneficiary of these Terms and may enforce them directly against Customer. These Terms may not be changed except by an amendment accepted by an authorized representative of each Party. In the event of a dispute between the English and non-English version of these Terms (where translated for local requirements), the English version of the Terms will govern, to the extent permitted by applicable laws. These Terms, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), represent the entire agreement and understanding between NetApp and Customer with respect to the Products. They supersede any previous communications, representations or agreements between NetApp and Customer and prevail over any conflicting or additional terms, acknowledgement, or similar communications between the Parties. Order Documentation(s) issued by Customer will be deemed to incorporate and be subject to these Terms, except where the Parties expressly agree in writing to variations thereto. The pre-printed terms or general terms and conditions on any Purchase Order, Order Documentation form, contractual document or other similar correspondence originating by either Party will have no effect unless the Parties expressly agree in writing. A negotiated

purchase order signed by both parties would take precedence as the negotiated purchase order would demonstrate any changes to these terms to meet the ordering activity's minimum needs.

**11.18. Use Restriction.** Products and Services are for Customer's use and are not for resale or redistribution.

### CHANNEL END USER TERMS

These Channel End User Terms ("Terms") set forth the direct terms and conditions between NetApp, Inc., NetApp B.V., or any of their affiliates ("NetApp") and "Ordering Activity" under GSA Schedule contracts ("Customer") in connection with NetApp Products and Services purchased by Customer from an authorized NetApp reseller, unless Customer has entered into a separate agreement with NetApp in connection with such Products or Services. By both parties executing these Terms in writing, Customer agrees to be bound by these Terms. NetApp and Customer may each be referred to as a "Party" or collectively, as the "Parties."

## 1. DEFINITIONS

**1.1. Cloud-Based Offering.** Hardware, Software, and any Services offered, distributed, marketed, or otherwise sold by NetApp or a NetApp authorized distributor, reseller, or partner for use through a Cloud Provider.

**1.2. Cloud Provider.** A third party designated by NetApp which offers off premises cloud-based services such as hosting, computing, networking, or storage.

**1.3. Documentation.** NetApp supplied then current technical documentation describing the features and functions of the associated Products.

**1.4. Hardware.** NetApp-branded hardware, including its components and spare parts, but excluding any firmware and Third Party Branded Products.

**1.5. Products.** Hardware, Software, associated Documentation, and any Third Party Branded Products.

**1.6. Services.** NetApp's consulting services ("Professional Services") and/or its generally available technical support and maintenance services programs ("Support Services").

**1.7. Software.** NetApp software in object code format including (as applicable) operating systems, protocols, backup and recovery, disaster recovery, storage efficiency, and management software.

**1.8. Third Party Branded Products.** Any hardware or software that is manufactured, developed, licensed, or otherwise made available by any entity other than NetApp and is distributed or licensed by NetApp for use in conjunction with Hardware and Software.

## 2. SOFTWARE LICENSE

**2.1. License Grant.** Subject to these Terms and any limitations or restrictions set forth in the corresponding Documentation, NetApp grants to Customer a personal, non-exclusive, non-transferable, worldwide, limited, and revocable license, without the right to sublicense, to (a) install and use the Software for Customer's internal business purposes only, and (b) use the Documentation in support of Customer's use of the Software. The Software associated with Customer's license is either bundled with a specific storage controller identified by a unique serial number ("Controller-based licenses"), or is independent of a storage controller ("Standalone licenses"), and the license is one of the following license types: (a) "Life-of-controller": Controller-based licenses granted for the period of time during which Customer's controller is operable; (b) "Perpetual": Standalone licenses granted in perpetuity; (c) "Term": Controller-based licenses or Standalone licenses granted for a fixed period of time; (d) "Capacity": Controller-based licenses or Standalone licenses granted for a specified amount of raw storage capacity or usage; and (e) "Subscription": Controller-based licenses or Standalone licenses which may be purchased on a periodic basis. Certain license types may require the installation and use of NetApp's AutoSupport<sup>TM</sup> remote support diagnostic system. Each storage controller deployed in a cluster or a high-availability pair or group must have the same Controller-based licenses as the other storage controllers in that cluster, high-availability pair, or group. Subject to NetApp's prior written agreement, and in the context of nondisruptive operations within a cluster, Customer may deploy storage controllers with different Controller-based licenses and failover from one storage controller to another for the time required to remedy a failure, provided that all storage controllers in the cluster have the same hardware and software support offerings in effect at all times.

**2.2. License Restrictions.** Customer will not, nor will Customer allow any third party to (a) reverse engineer, decompile, or disassemble the Software or otherwise reduce it to human-readable form except to the extent required for interoperability purposes under applicable laws or as expressly permitted in open-source licenses; (b) remove or conceal any product identification, proprietary, intellectual property, or other notices in the Software and Documentation; (c) use the Software and Documentation to perform services for third parties in a service bureau, managed services, commercial hosting services, or similar environment; (d) assign or otherwise transfer, in whole or in part, the Software or Documentation licenses to another party or Controller-based licenses to a different storage controller; (e) install Controller-based licenses on or use them with third party hardware or any second-hand or grey market Hardware that Customer has not purchased from NetApp or a NetApp partner; (f) modify, adapt or create a derivative work of the Software or Documentation; and (g) publish or provide any Software benchmark or comparison test results.

### 2.3. Reserved.

**2.4. Software Copyright Information and Notices.** Software copyright information and other related details are included as part of notices in the documentation published by NetApp (e.g. NOTICES, TXT or NOTICES, PDF).

## 3. SERVICES

**3.1. Services.** Services are provided by or on behalf of NetApp. Additional terms and conditions applicable to Services are set forth on NetApp's How to Buy information provided above.

## 4. DIRECT WARRANTY

**4.1. Hardware Warranty.** NetApp warrants that the Hardware will materially conform to the Documentation for a period of three (3) years from the date of delivery, unless otherwise specified in the applicable Documentation ("Hardware Warranty Period"). In the event of any material nonconformity in the Hardware during the Hardware Warranty Period that is reproducible and verifiable, NetApp will, at its sole discretion and expense, repair or replace the Hardware, or refund amounts received by NetApp for the nonconforming Hardware. Replacement parts will be warranted for the remainder of the Hardware Warranty Period in effect for the original Hardware purchased, unless otherwise mandated by applicable law. For purposes of this Section 4.1 delivery is made pursuant to the applicable trade terms specified on the quotation or as agreed to by NetApp.

**4.2. Software Warranty.** NetApp warrants that (a) the initially-shipped version of the Software will materially conform to the Documentation; and (b) the Software media will be free from physical defects, for a period of ninety (90) days from the date of delivery or such other minimum period required under applicable law ("Software Warranty Period"). NetApp does not warrant that Customer's use of the Software will be error-free or uninterrupted. In the event of any material nonconformity in the Software during the Software Warranty Period that is reproducible and verifiable, NetApp will, at its sole discretion and expense, repair or replace the Software, or refund the amounts received by NetApp for the nonconforming Software. This warranty does not cover software, other items, or any services provided by persons other than NetApp or a NetApp authorized distributor, reseller or partner. For the purposes of this Section 4.2, if Software is pre-installed on the Hardware, delivery is made pursuant to the applicable trade terms specified on

the quotation or as agreed to by NetApp. If the Software is not pre-installed on the Hardware, then for the purposes of this Section 4.2, delivery is made when NetApp makes the enabling key available to a Customer or, if an enabling key is not required, otherwise makes such Software available for download or use by the Customer.

**4.3. Limitations.** NetApp will not be liable under this warranty for claims arising from Customer's, Customer's subcontractor's, or any unauthorized third person's misuse, neglect, improper installation or testing, attempts to repair, or any other cause beyond the range of the intended use. The Hardware warranty will become void if a Hardware component is installed as an add-on to or replacement for the original Hardware, without NetApp's prior written approval. The Software warranty will become void if the Software is modified or otherwise used in violation of the Software license terms set forth in Section 2, except as authorized in writing by NetApp.

**4.4. Exclusive Warranties.** TO THE EXTENT PERMITTED BY APPLICABLE LAWS, THE FOREGOING WARRANTIES ARE CUSTOMER'S SOLE AND EXCLUSIVE WARRANTIES AND REMEDIES. NETAPP SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.

## 5. INTELLECTUAL PROPERTY RIGHTS AND PROTECTION

**5.1 General.** The Software and Documentation is licensed, not sold, to Customer. It is protected by intellectual property laws and treaties worldwide, and contains trade secrets, in which NetApp and its licensors reserve and retain all rights not expressly granted to Customer. No right, title, or interest in any trademark, service mark, logo, or trade name of NetApp or its licensors is granted to Customer.

**5.2. IP Claims.** Subject to the terms and conditions of this Section, NetApp will defend or settle any claim brought by a third party against Customer that Hardware, Software, and Documentation sold and delivered by or for NetApp to Customer under these Terms infringe any patent, trademark, or copyright ("IP Claim"). NetApp will pay settlement amounts or, if applicable, damages and costs finally awarded by a court of competent jurisdiction (collectively, "Damages") against Customer to the extent such Damages are specifically attributable to the IP Claim, provided that Customer: (a) promptly notifies NetApp in writing of the IP Claim; (b) provides information and assistance to NetApp to defend such IP Claim; and (c) provides NetApp with control of the defense or settlement negotiations.

**5.3. Remedies.** NetApp may, at its option, substitute or modify the Product, or the relevant portion thereof, so that it becomes noninfringing; procure any necessary license; or replace the Product. If NetApp determines that none of these alternatives is reasonably available, then Customer may return the Product and NetApp will refund Customer's purchase price.

**5.4. Exclusions.** Notwithstanding anything to the contrary in these Terms, NetApp has no obligation or liability for any claim of infringement that arises from or relates to: (a) NetApp's compliance with or use of designs, specifications, inventions, instructions, or technical information furnished by or on behalf of Customer; (b) Product modifications made by or on behalf of Customer without NetApp's prior written authorization; (c) Customer's failure to upgrade or use a new version of the Product, to make a change or modification requested by NetApp, or to cease using the Product if requested by NetApp; (d) the Product, or any portion thereof, in combination with any other product or service; (e) Third Party Branded Products; (f) services offered by Customer or revenue earned by Customer for such services; or (g) any content or information stored on or used by Customer or a third party in connection with a Product.

**5.5. Entire Liability.** Notwithstanding any Term to the contrary in these Terms, this Section 5 states NetApp's entire liability and Customer's sole and exclusive remedies for IP Claims.

## 6. CONFIDENTIALITY

**6.1. General.** "Confidential Information" means any information disclosed by a Party to the other Party in connection with these Terms that (a) is marked "confidential" or "proprietary at the time of disclosure; (b) if disclosed orally or visually, is designated "confidential" or "proprietary" at the time of disclosure and summarized in a writing delivered to the receiving Party within thirty (30) days of disclosure; or (c) by its nature or the circumstances surrounding disclosure, should reasonably be considered confidential or proprietary. "Confidential Information" shall include any reproduction of such information, but shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the receiving Party; (b) was in the receiving Party's lawful possession prior to the disclosure and had not been obtained by the receiving Party either directly or indirectly from the disclosing Party; (c) is lawfully disclosed to the receiving Party by a third party without restriction on the disclosure; or (d) is independently developed by the receiving Party.

**6.2. Treatment of Confidential Information.** Confidential Information will remain the property of the disclosing Party. Each Party will have the right to use the other's Confidential Information solely for the purpose of fulfilling its obligations under these Terms. Each Party agrees (a) to hold the other Party's Confidential Information in confidence for a period of three (3) years from the date of disclosure; and (b) to disclose the other Party's Confidential Information only to those employees or agents who have a need to know in furtherance of these Terms and who are required to protect such Confidential Information against unauthorized disclosure under terms no less restrictive than those set forth herein. The receiving Party will protect the Confidential Information from unauthorized use, access, or disclosure in the same manner as it protects its own proprietary information of a similar nature, and in any event with at least a reasonable degree of care. The receiving Party may disclose the disclosing Party's Confidential Information to the extent such disclosure is required pursuant to a judicial or administrative proceeding, provided that the receiving Party gives the disclosing Party prompt written notice thereof and the opportunity to seek a protective order or other legal remedies.

**6.3. Return/Destruction.** Upon the disclosing Party's written request, all Confidential Information (including all copies thereof) of the disclosing Party will be returned or destroyed, unless the receiving Party is required to retain such information by law, and the receiving Party will provide written certification of compliance with this Section 6.3.

## 7. LIMITATION OF LIABILITY

**7.1. Liability Exclusions.** Regardless of the basis of claims (e.g., contract, tort, or statute) in no event will NetApp or its suppliers or subcontractors be liable to Customer for special, incidental, indirect or consequential damages; downtime costs; loss or corruption of data; loss of revenues, profits, goodwill or anticipated savings; procurement of substitute goods and/or services; interruption of business; Customer's failure to comply with applicable "non-erasable" and "non-rewriteable" U.S. government regulations; the acts and omissions of any Cloud Provider; and Customer's failure to obtain any applicable third party licenses necessary to operate any third party software required in connection with the use of the Products and for NetApp to freely and without interruption perform the Services. This exclusion is independent of any remedy set forth in these Terms.

**7.2. Cumulative Liability.** To the extent that limitation of liability is permitted by law, NetApp's liability is limited to the amount of fees paid by Ordering Activity under the order giving rise to such liability. This limitation is cumulative and not per incident.

**7.3. Exceptions.** The limitations set forth in Sections 7.1 and 7.2 above will not apply to liability for death or personal injury caused by negligence, gross negligence, willful misconduct, fraud, any other liability which cannot be excluded under applicable laws, or to IP Claims under Section 5.

## 8. COMPLIANCE WITH LAWS

**8.1. Compliance.** Each Party will comply with all applicable laws and regulations.

**8.2. Export.** Customer acknowledges that Products and Services supplied by NetApp under these Terms are subject to export controls under the laws and regulations of the United States, and other countries as applicable, and that Products and Services may include export controlled technologies, including without limitation encryption technology. Customer agrees to comply with such laws and regulations and, in particular, represents and warrants that it: (a) will not, unless authorized by U.S. export licenses or other government authorizations, directly or indirectly export or re-export Products and Services to (or use Products and Services in) countries subject to U.S. embargoes or trade sanctions programs; (b) is not a party, nor will it export or re-export to a party, identified on any government export exclusion lists, including but not limited to the U.S. Denied Persons, Entity, and Specially Designated Nationals Lists; and (c) will not use Products and Services for any purposes prohibited by United States law, including but without limitation, the development, design, manufacture, or production of nuclear, missile, chemical biological weaponry or other weapons of mass destruction. Customer agrees to provide NetApp with end use and end user information upon NetApp's request. Customer will obtain all required authorizations, permits, or licenses to export, re-export or import, as required. Customer agrees to obligate, by contract or other similar assurances, the parties to whom it re-exports or otherwise transfers Products and Services to comply with all obligations set forth herein.

**8.3. Anti-Bribery.** Each Party shall comply with all applicable country laws relating to anti-corruption or anti-bribery, including but not limited to the requirements of the U.S. Foreign Corrupt Practices Act, as amended, the U.K. Bribery Act, and legislation implementing the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions.

## 9. MISCELLANEOUS

**9.1. Termination.** These Terms are effective until terminated. Customer may terminate these Terms at any time upon written notice to NetApp. NetApp may terminate these Terms immediately upon written notice to Customer if Customer commits a material breach of these Terms, including failure to remit payments when due (whether payable to NetApp or its authorized third party financing partners in connection with an Approved Financing Agreement, described in Section 9.7 below) and, in the event that the breach is remediable, Customer fails to remedy it within thirty (30) days of NetApp's written notice requiring Customer to do so. Upon termination of these Terms, all rights to use the Software and Documentation cease and Customer will, at NetApp's request, promptly return or destroy all copies of the Software and Documentation, including any license enablement keys, in Customer's possession or under Customer's control, unless the license granted to Customer under Section 2.1 is a perpetual license and Customer remains in full compliance with these Terms.

**9.2. U.S. Federal Government Customers.** This Section 9.2 applies only to U.S. Federal Government Customers. The Software and Documentation is "commercial" computer software and documentation and is licensed in accordance with the rights articulated in applicable U.S. government acquisition regulations (e.g. FAR, DFARs) pertaining to commercial computer software and documentation. U.S. Federal Government customers will not be subject to applicable audit costs specified in Section 9.15. Disputes will be subject to resolution pursuant to the Contract Disputes Act of 1978. Nothing contained in these terms is meant to derogate the rights of the U.S. Department of Justice as identified in 28 U.S.C. §516. All other Terms remain in effect as written.

**9.3. Cloud-Based Offering Notice.** Customers buying Cloud-Based Offerings must also comply with the Cloud Provider's applicable terms. Customer is responsible for its Cloud Provider selection, including but not limited to assessing Cloud Provider's services, compliance, and security. Customers using Cloud-Based Offerings to provide customer services may only do so if: (a) its users agree to terms limiting NetApp's liability in a manner no less protective than these Terms; (b) its users provide legally required consents for data storage, use, transfer or handling; and (c) its services comply with applicable laws and regulations, including but not limited to data protection regulations.

**9.4. Force Majeure.** Neither Party will be liable to the other for any alleged loss or damages resulting from acts of God, acts of civil or military authority, governmental priorities, fire, floods, earthquakes, epidemics, quarantine, energy crises, strikes, labor trouble, terrorism, war, riots, accidents, shortages, delays in transportation or any other causes beyond the reasonable control of a Party (collectively, "Force Majeure").

**9.5. Data Privacy and Recovery.** Customer is solely responsible for personal data managed or stored using Products and agrees to comply with all applicable data privacy laws. Customer will be solely responsible for management of its data back-up, data recovery, and disaster recovery measures. Customer assumes responsibility for undertaking the supervision, control, and management of NetApp Hardware and Software including following industry-standard processes, procedures, and requirements: (a) for the security of data, accuracy of input and output, and back-up plans, including restart and recovery in the event of a Force Majeure event or a Hardware or Software error or malfunction; and (b) for reconstruction of lost or altered files, data, and programs. NetApp will not be responsible or held liable for Customer's internal processes and procedures related to the protection, loss, confidentiality, or security of Customer's data or information.

**9.6. Hazardous Environments.** Products are not designed or intended for use in or in the design, construction, operation, or maintenance of a nuclear facility or similar hazardous environment. NetApp will not be liable for any damages resulting from such use.

**9.7. Product Evaluation.** Subject to these Terms, as amended by this Section, NetApp may loan Products to Customer at no cost for a ninety (90) day period from the initial delivery of the Products to Customer, or such other period as agreed by NetApp in writing, for evaluation purposes. Such Products may only be used in a non-production environment to assess the suitability of the Products for Customer's needs. Notwithstanding Section 4 above, the evaluation Products are provided and licensed to Customer on an "AS IS" basis and all warranties, whether express, implied, statutory or otherwise are excluded to the maximum extent permitted by applicable laws.

**9.8. NetApp Approved Financing.** These Terms also apply to "Financed Software," which means Software and Documentation licensed to Customer for a limited period of use pursuant to the terms of a financing agreement between Customer and NetApp or its authorized third party financing partner (an "Approved Financing Agreement" or "AFA"), subject to the following: (a) the particular Financed Software, period of use, installation site, and other transaction-specific conditions will be as agreed in the applicable AFA; and (b) notwithstanding anything to the contrary in these Terms, all licenses for Financed Software terminate at the expiration of the term of the AFA unless otherwise expressly agreed in the AFA, or when sooner terminated by NetApp (whether in accordance with these Terms or the AFA). Customer agrees that the license granted under Section 2 above and NetApp's termination rights under Section 9.1 above may be affected by an authorized third party financing partner's rights under the applicable AFA, even if such partner has paid to NetApp all or any portion of the license fees for the Financed Software.

**9.9. Modification, Substitution, Discontinued Product.** NetApp will have sole discretion, at any time, to change, substitute, or discontinue Products. NetApp will use commercially reasonable efforts to provide sixty (60) calendar days' prior notice of any such changes.

**9.10. Waiver.** Any waiver or failure to enforce any provision of these Terms on any occasion will not be deemed a waiver of any other provision or of such provision on any other occasion. Either Party's exercise of any right or remedy provided in these Terms will be without prejudice to its right to exercise any other right or remedy.

**9.11. Severability.** In the event any provision of these Terms is held by a court of competent jurisdiction to be unenforceable for any reason, such provision will be changed and interpreted to accomplish the objectives of such provision to the greatest extent possible under applicable law and the remaining provisions hereof will be unaffected and remain in full force and effect.

**9.12. Assignment.** Customer may not assign any rights or delegate any obligations under these Terms without the prior written consent of NetApp. Any purported assignment by Customer without NetApp's prior written consent will be null and void. NetApp may use subcontractors to fulfill its obligations under these Terms.

**9.13. Independent Contractors.** The relationship of the Parties under these Terms is that of independent contractors. Nothing set forth in these Terms will be construed to create the relationship of principal and agent, franchisor/franchisee, joint venture, or employer and employee between the Parties. Neither Party will act or represent itself, directly or by implication, as an agent of the other Party.

**9.14. Publicity.** No advertising, publicity releases, or similar public communications concerning these Terms, the Products, or the Services will be published or caused to be published by either Party without the prior written consent of the other Party. Notwithstanding the foregoing, Customer agrees to be mentioned in the list of buyers of NetApp Products and/or Services and that its logo and trademark may be used for this purpose only.

**9.15. Audit.** Subject to Government security requirements, Customer grants NetApp and its independent accountants the right to audit Customer or Customer's subcontractors once annually during regular business hours upon reasonable notice to verify compliance with these Terms. If the audit discloses Software over-usage or any other material noncompliance, NetApp will invoice Customer any fees.

**9.16. General.** These Terms will be construed pursuant to the Federal laws of the United States, excluding its conflicts of law provisions. The Parties agree to disclaim the application of the United Nations Convention on Contracts for the International Sale of

Goods. NetApp reserves the right to control all aspects of any lawsuit or claim that arises from Customer's use of the Products. If required by NetApp's agreement with a third party licensor, NetApp's licensor will be a direct and intended beneficiary of these Terms and may enforce them directly against Customer. These Terms may not be changed except by an amendment accepted by an authorized representative of each Party. In the event of a dispute between the English and non-English version of these Terms (where translated for local requirements), the English version of these Terms will govern, to the extent permitted by applicable laws. These Terms represent the entire agreement and understanding between NetApp and Customer with respect to the Products. They supersede any previous communications, representations or agreements between NetApp and Customer and prevail over any conflicting or additional terms in any quote, purchase order, acknowledgement, or similar communications between the Parties.

**9.17. Use Restriction.** Products and Services are for Customer's use and are not for resale or redistribution.

**APPENDIX 1 TO KEYSTONE FLEX SUBSCRIPTION ADDENDUM**  
**U.S. GOVERNMENT END USER RIDER**

The parties agree that the following provisions shall apply to U.S. Government End User that purchase Subscription Services via Customer:

1. Termination for convenience:

End User may terminate for convenience at any time in accordance with FAR Clause 552.212-4(l) and FAR notice procedures. Any termination for convenience following this period shall be subject to payment in full of (A) any past due amounts up to and including the termination date.

2. Non-Appropriation:

If sufficient funds are not appropriated to make payments for Fees required under a Keystone Order, such Keystone Order shall terminate and End User shall not be obligated to make payments under such Keystone Order beyond the then current fiscal year for which funds have been appropriated. Upon the occurrence of such non-appropriation (an "**Event of Non-Appropriation**") End User shall, no later than the end of the fiscal year for which payments have been appropriated, deliver possession of the Subscription Products under such Keystone Order to NetApp. If End User fails to deliver possession of the Subscription Products to NetApp upon termination of such Keystone Order by reason of an Event of Non-Appropriation, the termination shall nevertheless be effective.

3. The Subscription Term of the Exhibit B form of Keystone Order shall be for twelve (12) months.

4. The Extensions/Renewals Section of the Exhibit B form of Keystone Order shall be removed in its entirety. The Subscription Term can only be extended in writing by the Parties.

All other terms of the Keystone Flex Subscription Addendum between NetApp and Customer remain in full force and effect and shall be passed to U.S. Government End Users by Customer.

### Keystone Flex Subscription Addendum

This Keystone Flex Subscription Addendum (this “**Agreement**”) is entered into by and between NetApp and Customer Ordering Activity a under GSA Schedule contracts effective as of the later of the two signature dates below, or the date set forth in the Purchase Order, as applicable (“**Effective Date**”) and provides additional terms and conditions regarding use of NetApp’s Subscription Services (as defined below). The “**Agreement**” consists of this Agreement and the Purchase Terms.

<b>“Purchase Terms”</b>	[The GSA Schedule Contract, GSA Schedule Pricelist and Purchase Order.	
<b>“NetApp”</b>	<b>“Customer”</b>	
[Insert Full legal name]	See Purchase Order	
[Insert Jurisdiction of organization]		
[Insert Postal address for legal notices]		
[Insert Email address for legal notices]		

**1. Definitions.** Capitalized terms used but not defined in this Agreement have the meanings set forth in the Purchase Terms.

1.1 **“Committed Capacity”** means the amount of data storage capacity that is specified in a Keystone Order. Committed Capacity is defined in the type of Performance Level and the units increments identified in Exhibit A.

1.2 **“Consumed Capacity”** has the meaning set forth in Exhibit A.

1.3 **“Customer Information”** means any information provided by or on behalf of Customer, whether or not it includes Personal Information, that is uploaded onto or used with the Subscription Products.

1.4 **“Documentation”** means NetApp supplied technical documentation describing the features and functions of the Subscription Services.

1.5 **“Fees”** means the applicable fees set forth in a Keystone Order as further described in Exhibit A.

1.6 **“Keystone Order”** means the customer order for Subscription Services entered into by the Parties under this Agreement. A “Keystone Order” constitutes a “Purchase Order” under the Purchase Terms.

1.7 **“Performance Level”** has the meaning set forth in Exhibit A.

1.8 **“Portal”** means the web-based tool provided by NetApp through which usage of the Subscription Services can be monitored as further described in Exhibit A.

1.9 **“Rate”** means the applicable rates set forth in a Keystone Order that are used to calculate the Fees.

1.10 **“Service Levels”** mean the applicable service levels described in Exhibit A.

1.11 **“Subscription Hardware”** means hardware, including its components and spare parts, that is used by NetApp as part of the Subscription Services.

1.12 **“Subscription Product(s)”** means any part or all of the Subscription Hardware and Subscription Software used by NetApp as part of the Subscription Services, whether as part of the original configuration, or subsequently added in the ordinary course of NetApp’s performance of the Subscription Services.

1.13 **“Subscription Services”** means certain NetApp storage and/or compute capacity, together with any additional services, that are purchased under a Keystone Order and made available to Customer on a subscription basis as described in more detail in Exhibit A. The “Subscription Services” constitute “Services” under the Purchase Terms.

1.14 **“Subscription Software”** means the software that is used by NetApp as part of the Subscription Services (whether delivered on or with Subscription Hardware or on a standalone basis).

1.15 **“Subscription Term”** means the use term specified in a Keystone Order, including any renewal or extension periods.

**2. Scope of Keystone Flex Subscription.** Subject to Customer’s compliance with the terms and conditions of this Agreement, NetApp will provide Customer with the Subscription Services identified in each Keystone Order entered into by the Parties. At a minimum, each Keystone Order will set forth the Subscription Term, the Committed Capacity (including relevant minimum payments), the applicable Performance Level, and the applicable Rates. A sample Keystone Order is attached as Exhibit B. Keystone Orders may be modified only with NetApp’s express written consent. Customer acknowledges and agrees that a Keystone Order is binding and sufficient for the GSA Schedule Contract holder on behalf of NetApp to calculate and invoice Customer for the related Fees. Purchase orders submitted by Customer may (but need not) be accepted by NetApp as an administrative accommodation to Customer, but will not be a necessary condition for invoicing.

**3. Delivery and Consumption of Subscription Services.**

3.1 **Subscription Products.** NetApp will determine the Subscription Products used to deliver Subscription Services. In making such determination NetApp may: (a) choose, substitute, and modify Subscription Product configurations; (b) configure, control, and direct the use of Subscription Products; (c) scale Subscription Services by adding or removing any part of the Subscription Products provided by NetApp to adjust to variations in utilization; and (d) refresh Subscription Products with new technology when reasonably deemed appropriate. Customer will cooperate with NetApp to enable the installation, documentation, and utilization, of Subscription Products, including providing such access and authorization as is reasonably necessary to complete the installation. NetApp reserves the right to deinstall Subscription Products that NetApp deems unnecessary to fulfill the Service Level requirements at any time. Notwithstanding the foregoing,

NetApp will have no obligation to meet the applicable Service Levels, nor add Subscription Products needed to meet such Service Levels, if Customer increases usage of the Subscription Services during the final 90 days of the Subscription Term, unless the Parties have agreed in writing to renew or otherwise extend the Subscription Term prior to or during such final 90 day period.

**3.2 Location and Use of Subscription Services.** Customer may only use Subscription Services (a) on the Subscription Products used by NetApp in connection with the applicable Keystone Order, and (b) at the specific physical location identified on a Keystone Order where the Subscription Products are installed and maintained, whether such location is owned by or under the control of Customer or any third party (each such location, a “Customer Site”). Unless otherwise expressly permitted in Exhibit A or the applicable Keystone Order, Customer will not, nor will Customer permit any third party to, combine, commingle, or otherwise use the Subscription Services or the Subscription Products with any hardware storage products or services (including any NetApp hardware storage products or services supplied by NetApp under a separate Keystone Order or agreement).

**3.3 Changes to the Subscription Services.** The processes for adjusting the Committed Capacity and the Subscription Services are described in Exhibit A.

**4. Fees and Payment Terms for Subscription Services.** The GSA Schedule Contract holder on behalf of NetApp will invoice Customer for Fees that Customer owes for Subscription Services purchased under each Keystone Order and incurred during the applicable billing period, and Customer will pay such Fees, as described in Exhibit A.

#### **5. Rights of Use for and Ownership of Subscription Products**

**5.1 Right to Subscription Products.** The Subscription Services provide Customer with the right to use Subscription Products, and do not transfer any ownership or title to Customer. The Subscription Services are provided to Customer for Customer’s use for internal business purposes and are not for resale or redistribution.

**5.2 Right to Subscription Software.** NetApp grants Customer a non-exclusive, non-transferable and revocable right to use the Subscription Software associated with the Subscription Services during the applicable Subscription Term. The Subscription Software may include software that is openly and freely licensed under the terms of a public license designated by a third party. Nothing in this Agreement grants Customer rights that supersede those contained in an applicable license for the open source software.

#### **5.3 Customer as Partner (if applicable).**

(a) Subject to the relevant NetApp partner program guide (“Program Guide”), the parties agree that Customer’s “business purposes” may include use of the Subscription Services for the delivery by Customer of the Subscription Services to Customer’s own end users (“End Users”). Except as otherwise provided herein, references to “Customer” in this Agreement that by their sense and context are intended to apply to the ultimate beneficiary of the Subscription Services shall include the End User designated in the Keystone Order.

(b) As between NetApp and Customer, Customer shall at all times remain primarily liable for its obligations under any Keystone Order entered into pursuant to this Agreement. However, where an End User is

approved by NetApp, the following conditions apply:

(i) Customer may delegate to End User certain of Customer’s responsibilities under this Agreement, the Service Description and the relevant Keystone Order, including without limitation those described in Sections 5, 6 and 9, and the Service Description;

(ii) For purposes of Section 9, Customer Information will include End User information; and

(iii) Reserved.

(c) Customer in its capacity as Partner may deliver certain portions of Subscription Services (or other services) to eligible End Users; provided that:

(i) Customer has attained the appropriate Services Certified or Operations Specialized Partner Program status as governed by the relevant Program Guide; and

(ii) Reserved.

**5.4 Additional Restrictions.** In addition to restrictions set forth in the Purchase Terms, Customer will not, nor will Customer permit any third party to: (a) relocate any of the Subscription Products from the Customer Site(s) without the prior written consent of NetApp, which consent will not be unreasonably withheld; (b) reconfigure, modify, add to or impair any portion of Subscription Products, whether with third party products or otherwise, except as expressly permitted in the Keystone Order or as mutually agreed in writing by the Parties; (c) publish or provide any benchmark or comparison test results that pertain to the Subscription Products or the Subscription Services; (d) reverse engineer, decompile or disassemble the Subscription Products, or otherwise reduce Subscription Software to human-readable form except to the extent required for interoperability purposes under applicable laws or as expressly permitted in open source software licenses; (e) modify, adapt, or create a derivative work of the Subscription Products or the Subscription Services; (f) remove, conceal, or modify any identification, proprietary, intellectual property, or other notices in the Subscription Products and related documentation; (g) use the Subscription Products or Subscription Services in breach or excess of any limitations prescribed by NetApp in this Agreement or the associated Keystone Order or related documentation; (h) use the Subscription Products or Subscription Services and related documentation to perform services for third parties in a service bureau, managed services, commercial hosting services, or similar environment unless otherwise agreed to in writing by NetApp;

(i) assign or otherwise transfer, in whole or in part, Customer’s licenses to the Subscription Services, the Subscription Products, or the related documentation to another party, unless otherwise agreed to in writing by NetApp; (j) use the Subscription Services or Subscription Products

(i) in violation of laws or regulations, (ii) to violate the rights of others, (iii) to try to gain unauthorized access to or interrupt any service, device, data, account or network, or (iv) in high-risk, hazardous environments requiring fail-safe performance, including without limitation in the operation of nuclear facilities, aircraft navigation or control systems, air traffic control, or weapons systems, or any other application in which the failure of the Subscription Services or Subscription Products could lead to severe physical or environmental damages. Customer understands and acknowledges that the Subscription Services and the Subscription Products are not designed or intended for use in or in the design, construction, operation, or maintenance of a nuclear facility or similar hazardous

environment. NetApp will not be liable for any damages resulting from such uses and Customer assumes the risk of any such uses.

5.5 **Risk of Loss; Title.** NetApp retains sole and exclusive title to the Subscription Products and all of its components. Customer is solely responsible for any loss or damage to the Subscription Products from the date of delivery to the date of final disposition of the Subscription Products as provided in Section 9.2(a) and the applicable Keystone Order. No such loss or damage will relieve Customer of any of its obligations under this Agreement or the applicable Keystone Order.

## 6. Customer Responsibilities.

6.1 **Ongoing Cooperation.** Customer will, at all times during the period from the date of delivery of any Subscription Products to the date of final disposition of such Subscription Products under Section 9.2(a) and the applicable Keystone Order: (a) promptly notify NetApp if the Subscription Products or any part of them are lost, stolen, destroyed or damaged beyond repair, or are the subject of condemnation, confiscation, seizure or requisition of title to or use of the same; (b) ensure that the Subscription Products do not suffer any loss or damage caused, whether directly or indirectly, by Customer or any party acting by or through Customer; (c) permit NetApp to inspect the Subscription Products at any time during Customer's regular business hours, with reasonable prior notice, subject to Customer's reasonable security procedures; (d) promptly notify NetApp in writing of any proposed changes to any of the Subscription Products, or of changes caused by planned or unplanned events impacting Customer's environment (such as space, power, network, security, etc.) that may impact the Subscription Products (e.g., maintenance, upgrades); and (e) provide NetApp remote access to perform implementation and monitoring services beyond basic installation.

6.2 **Portal.** Customer will at all times during the Subscription Term keep the Portal remote client connection fully operational, without disabling, blocking, modifying or otherwise interfering with its functionality or its ability to communicate with NetApp. If the Portal does not function due to Customer interference or conflict with any thirdparty products that Customer uses, then Customer will promptly remove the interference or the conflicting products. If Customer fails to do so within seven days of notice from NetApp of such failure, or if the Portal is unavailable because of the acts or omissions of Customer for more than 30 days, then NetApp may (i) suspend the provision of Subscription Services until the Portal operability is restored, or (ii) terminate the Subscription Services. In either event, Customer will owe and be invoiced for the Fees for the previous billing period, calculated by multiplying the applicable Rate by 120% ("**Holdover Rate**"), until active monitoring is restored or the Subscription Products are returned in accordance with Section 9.2(a).

## 7. Service Levels and Disclaimers.

7.1 **Service Levels.** NetApp will provide the Subscription Services in accordance with the Service Levels.

7.2 **Disclaimer of Warranties.** OTHER THAN IN SECTION 7.1 ABOVE, NETAPP MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE REGARDING THE SUBSCRIPTION PRODUCTS AND SUBSCRIPTION SERVICES PROVIDED UNDER THIS AGREEMENT. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAWS, NETAPP SPECIFICALLY DISCLAIMS THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT, AND ANY WARRANTIES ARISING OUT OF ANY COURSE OF DEALING. TO THE

EXTENT PERMITTED BY APPLICABLE LAWS, THE SERVICE LEVEL REMEDIES SET FORTH IN EXHIBIT A ARE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES FOR ANY FAILURE ON BEHALF OF NETAPP TO PROVIDE THE SUBSCRIPTION PRODUCTS AND THE SUBSCRIPTION SERVICES IN ACCORDANCE WITH THE SERVICE LEVEL COMMITMENTS SET FORTH THEREIN.

## 8. Intellectual Property Rights and Protection.

8.1 **General.** NetApp and its licensors reserve and retain all rights, title, and interest (including any intellectual property rights therein) in and to the Subscription Services and Subscription Products not expressly granted to Customer.

8.2 **IP Claims.** For purposes of IP Claims (as defined in the Purchase Terms), Subscription Services are included in the definition of Covered Products.

## 9. Termination.

9.1 **Termination for Cause.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, NetApp shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

9.2 **Effects of Termination.** In addition to the terms set forth in the Purchase Terms:

(a) Upon termination or expiration of this Agreement, the Agreement, or any applicable Keystone Order, Customer will:

(i) promptly discontinue use of, and delete, all data uploaded on the Subscription Products by Customer within the affected Subscription Services; and (ii) return in accordance with the guidelines provided or otherwise make available to NetApp any Subscription Hardware provided by NetApp as part of the affected Subscription Services in the same condition as when originally delivered, ordinary wear and tear excepted. Customer must either (1) be responsible for erasing, without destroying or damaging the storage media, all Customer Information from the Subscription Hardware before it is returned to NetApp or (2) if Customer has purchased the Non-Returnable Disk ("NRD") option, it will not return defective or failed disks solid state drives and other non-volatile memory components as defined on the NetApp Support Site that are part of the Subscription Hardware. Customer will retain such non-volatile components and remain solely responsible for their disposal or destruction and will promptly deliver a certificate of destruction certifying that Customer has destroyed or disabled such components. Customer agrees that if components covered by the NRD option are returned to NetApp, NetApp shall have no obligation or liability whatsoever associated with any data remaining on such components. NetApp will treat such components like other returned parts and convey them into the NetApp supply chain for repair and/or destruction. Failure to return the Subscription Hardware within 15 calendar days following the expiration of the Subscription Term in accordance with the guidelines provided to Customer will entitle NetApp, in its sole discretion, to invoice Customer for (A) the cost of the replacement for such Subscription Hardware, calculated in accordance with NetApp's then current price list, or (B) the Fees accruing (at the Holdover Rate) until final return. For purposes of (B) in the previous sentence, the Fees

will not be less than the applicable minimum payment amounts payable immediately prior to the expiration of the Subscription Term.  
Customer

must also, at NetApp's request, promptly return or destroy all copies of the Subscription Software and related Documentation, including any license enablement keys, in Customer's possession or under Customer's control, with all Customer Information or proprietary and confidential information removed. Customer acknowledges that any Customer Information remaining on any Subscription Hardware returned to NetApp may be disposed of or destroyed by or on behalf of NetApp in accordance with Federal data protection laws. All Customer use of the Subscription Services after the scheduled expiration of the Subscription Term will be subject to Fees calculated and billed at the Holdover Rate until the return of all related Subscription Products to NetApp.

(b) In the event of termination or expiration of a Keystone Order, NetApp may also, in its sole discretion, (i) cease the supply of the Subscription Services under any or all affected Keystone Orders, (ii) suspend or terminate delivery of the Subscription Services, and terminate all rights to use the Subscription Software and related documentation, (iii) recover NetApp's reasonable costs of associated with any damage or loss of Subscription Hardware that occurred while in Customer's possession, and (iv) require Customer to disable use of and/or access to the Subscription Products, and return the Subscription Products in accordance with this Section 9.2.

(c) If NetApp terminates this Addendum or an applicable Keystone Order for cause under Section 9.1, Customer will promptly pay to NetApp: (i) any past due amounts; (ii) reserved; (iii) reserved; and (iv) any costs associated with any damage or loss of Subscription Hardware that occurred while in Customer's possession.

9.3 Survival. In addition to such terms that survive by their nature, the following Sections will survive termination or expiration of this Agreement: 1, 3.2, 4, 5.4, 6.1, 7.2, 8, 9.1, 9.2, and 10.

## 10. Miscellaneous.

10.1 Assignment. NetApp may not assign the Keystone Order without the Customer's prior written consent

10.2 General. This Agreement, together with the Keystone Order and the Purchase Terms (a) represent the entire agreement and understanding between the Parties with respect to the Subscription Products and Subscription Services; (b) supersede any previous communications, representations or agreements between the Parties; and (c) prevail over any conflicting or additional terms in any quote, purchase order, acknowledgement, or similar communications between the Parties. Except as otherwise provided for in this Agreement, to the extent there is a conflict between the Purchase Terms and this Agreement, this Agreement will control. Except as otherwise provided

for in this Agreement, to the extent there is a conflict between the Keystone Order and this Agreement, this Agreement will control. Keystone Order(s) will be deemed to incorporate and be subject to this Agreement, except where the Parties expressly otherwise agree in writing. Customer will deliver to NetApp such information, instruments and documents (including waivers from third parties with ownership or possessory interests in real property upon which the Subscription Products may be located) and will do all such things from time to time as NetApp may reasonably request to carry into effect the provisions and intent of this Agreement, and to comply with all applicable statutes and laws.

10.3 The parties agree that this Agreement is to apply only to the following jurisdictions (the "Territory" or "Territories," as applicable). The parties acknowledge that the provision of Subscription Services to Customer or to any Affiliate of Customer in various national jurisdictions outside the foregoing Territory or Territories may be subject to starkly varying costs, tax and/or customs and tax law risks as well as political risks. This Agreement will only apply to the provision of Subscription Services in such other jurisdictions if the parties have executed a jurisdiction-specific amendment, such amendment to appear either within the applicable Keystone Order or in a separate writing in the form of a participation agreement or as otherwise mutually agreed.

10.4 NetApp and Customer agree that, from time to time, an Affiliate of Customer may execute a Keystone Order under this Agreement as "Customer," and such Keystone Order will incorporate all of the terms and conditions contained herein and bind such Affiliate hereto. It is agreed that, unless expressly agreed in writing, the party executing this Agreement as Customer shall: (a) without notice or demand from NetApp, be jointly and severally liable with such Affiliate for all of the terms and conditions of any Keystone Order executed by it, including, without limitation, all terms and conditions negotiated by such Affiliate with respect thereto and the prompt payment of Fees thereunder, and (b) hold NetApp and any assignee harmless from and against any and all liability, losses, damages and expenses which NetApp may incur by reason of any failure to so perform.

"Affiliate" means any entity which, directly or indirectly, controls, is controlled by, or is under common control with, a party, where "control" means the power to direct or cause the direction of the management and policy of any entity.

Each individual signing below represents that she/he has the authority to bind Customer or NetApp, as the case may be, to the terms of the Agreement.

## Exhibit A Services Description

### 1. Scope of Subscription Services.

1.1 **General.** This Service Description describes the Subscription Services available to Customer pursuant to the Agreement. The monitoring, operation and management of the Subscription Products can either be administered by Customer (“**Customer Operated**”) or by NetApp (“**NetApp Operated**”) as expressly agreed in a Keystone Order.

1.2 **Definitions.** The following additional defined terms apply to this Exhibit A.

(a) “**Burst**” means, for any Performance Level, the amount by which the Consumed Capacity exceeds the Committed Capacity during a billing period.

(b) “**Burst Limit**” means 120% of Customer’s then-current Committed Capacity. The Burst Limit represents the maximum amount of Usable Capacity available for use by Customer within the Subscription Products for which NetApp will continue to meet associated Service Levels applicable to the then-current Committed Capacity.

(c) “**Capacity Report**” means the report generated by NetApp from the Portal summarizing the Consumed Capacity for the prior billing period.

(d) “**Consumed Capacity**” means, for the Subscription Products made available for use under the terms of a Keystone Order, the sum of the logical sizes of all volumes (ONTAP®) or buckets (StorageGrid®). Consumed Capacity is measured as described in Section 3.2 of this Service Description.

(e) “**Performance Level**” refers to performance levels defined in terms of target input/output operations per second (“**IOPS**”) per tebibyte (“**TiB**”) ratio, latency and availability, as specified in Section 5 of this Service Description. Applicable Performance Levels and the related Rates to be applied to the Consumed Capacity are as identified in the applicable Keystone Order. Customer’s Subscription Services may be subject to more than one Performance Level.

(f) “**Service Level**” means any of the service level commitments made by NetApp in Sections 5.3 and 5.4 of this Service Description, as applicable.

(g) “**Usable Capacity**” means the capacity (as measured by NetApp in increments of TiB) available for data to be written on the Subscription Products.

### 2. Protocols.

2.1 The Subscription Services offer the following storage protocols:

(a) *File and Block:* Provides unified File (NFS, CIFS) and Block (iSCSI, FC) protocol-based storage capacity based on NetApp’s ONTAP® software platforms.

(b) *Object (S3):* Provides S3 protocol-based storage capacity and based on NetApp’s StorageGrid® Web Scale platform.

(c) *Block:* Provides Block (iSCSI, FC) protocol-based storage capacity based on NetApp’s E-Series platform.

2.2 Supported protocol versions are based on the Subscription Hardware platform and Subscription Software OS version deployed to deliver the Subscription Services.

### 3. Monitoring and Measuring Consumed Capacity.

#### 3.1 Committed Capacity.

(a) Use of the Subscription Services requires Customers to subscribe to a certain Committed Capacity for each Performance Level selected. Committed Capacity is defined in increments of TiB. Committed Capacities for each Performance Level are set forth in the applicable Keystone Order and are on per Customer Site basis.

(b) Committed Capacities and Rates (including the corresponding Minimum Payments) that may be selected via a Keystone Order may be included in an exhibit to the Agreement, or as otherwise expressly agreed between NetApp and Customer in such Keystone Order.

#### 3.2 Monitoring and Measuring the Consumption of Subscription Services.

(a) *Consumed Capacity.* For purposes of the Subscription Services, Consumed Capacity is measured in increments of TiB, and, where applicable, includes snapshots, clones, mirroring and vaulting.

(b) *Measuring Consumed Capacity.* The amount of Consumed Capacity for an applicable billing period is determined by summing the sizes of all then existing volumes, disks and buckets on Subscription Products, on a per Performance Level basis as further described in the Documentation.

(c) *Portal; Capacity Reports.* The Subscription Services and Subscription Products are monitored and managed through the Portal. Consumed Capacity is recorded daily and is available for Customer to review through the Portal. For each billing period, NetApp will generate a

Capacity Report and NetApp will either provide Customer with such Capacity Report through the Portal or with each invoice. NetApp will use the Capacity Reports to calculate the Fees due under each invoice for Subscription Services and such Capacity Reports will be deemed to contain the final and conclusive summary of the Consumed Capacity used by Customer during the applicable billing period, unless Customer can establish that such Capacity Report contains a material error.

(d) *Bursts.* The Subscription Services are designed to allow Customer’s Consumed Capacity to exceed the Committed Capacity up to the Burst Limit. Customer may in its discretion use the Subscription Services to exceed the Burst Limit, if available.

(e) *No Commitment Over Burst Limit.* NetApp makes no commitment to Customer that there will be capacity available in excess of the Burst Limit. Notwithstanding anything to the contrary in the Agreement, if available and Customer’s use of the Subscription Services exceeds the Burst Limit, NetApp is not responsible for meeting, and will have no liability with respect to, the Service Levels described below during any such time that Customer’s use of the Subscription Services exceeds the Burst Limit.

**3.3 Fees.**

(a) *Minimum Payment.* Each Committed Capacity selected via a Keystone Order is subject to a minimum payment amount for the corresponding Performance Level that is payable during the applicable billing period identified in the Keystone Order (“**Minimum Payment**”).

(b) *Rates for Bursts.*

(i) All Consumed Capacity up to the Burst Limit will be invoiced at the applicable Rate, as may be included in an exhibit or as otherwise specified in the Keystone Order and corresponding to the applicable Performance Level.

(ii) In the event Customer’s Consumed Capacity exceeds the Burst Limit, such excess Consumed Capacity above the Burst Limit amount will incur a premium charge and will be invoiced at a Rate factor of 1.5 (i.e., 150% of the applicable Rate).

(c) *Invoicing.*

(i) Fees are determined for each billing period by Performance Level and will include Minimum Payments for the Committed Capacity together with any additional amounts payable for any Bursts as described in Section (b) above. Fees will begin to accrue on the earlier of (A) the first day of the calendar month following the date on which NetApp notifies Customer that NetApp has made the Subscription Services available for access and use by Customer, (B) if the installation of the Subscription Products is delayed beyond 15 days from the date of delivery as a result of Customer’s acts or omissions, then the first day of the calendar month following the expiration of such 15 day period, (C) the date designated by NetApp in accordance with Section 8.2(a) of this Service Description, or (D) such other date agreed to by the Parties in writing (“**Start Date**”).

(ii) Customer will be invoiced in accordance with the billing frequency selected in the Keystone Order. For example, if Customer elects to be billed on a monthly basis, following the Start Date, Customer will be invoiced monthly in arrears within following the end of the applicable month for the applicable Fees (including without limitation any Fee amounts for Bursts) owed for the prior month. If Customer elects to be billed on an annual basis, (A) Minimum Payment invoices will be issued on or prior to the Start Date for the initial year and, for subsequent years, Minimum Payment invoices will be issued thirty days prior to the anniversary of the Start Date, and (B) invoices for Bursts will be issued after the end of each 3-month period of the Subscription Term (commencing on the Start Date). The below table summarizes the invoice schedules under each invoicing option:

<b>Fees</b>	<b>Monthly in Arrears</b>	<b>Annual (in advance)</b>
<b>Minimum Payment</b>	Invoices issued following the month for which the Subscription Service is delivered. For clarity, the Minimum Payment plus Fee amounts attributable to Burst will be billed in one invoice as Consumed Capacity.	First invoice due and payable on the Start Date  Subsequent invoices due and payable on the anniversary of the Start Date for each 12-month period of the Subscription Term (where the Subscription Term is greater than one year)
<b>Burst</b>		Invoices issued at the end of each 3-month period of the Subscription Term (commencing on the Start Date)

**4. Data Protection.**

4.1 Scope of Data Protection; Base Protection. Each order for Subscription Services for file and block Performance Levels includes the Base Data Protection Package. The Base Data Protection Package provides Customer with the ability to clone or generate snapshots. Provisioning of capacity and volumes for snapshots and cloning will count towards the volumes provisioned for the purposes of determining Consumed Capacity.

4.2 **Options.** In addition to the Base Data Protection Package included in all Subscription Services, Customer may choose from the following enhanced NetApp data protection services for file and block Performance Levels ("**Optional Data Protection Packages**" and together with the Base Data Protection Package, the "**Data Protection Packages**"):

(a) **Standard Data Protection Package:** Includes the ability to use SnapMirror® unified replication (asynchronous mirroring) and SnapVault® backup. Fees for the Standard Data Protection Package are based on TiB of capacity to be protected and are set forth in the applicable Keystone Order. Customer can use non-Keystone targets with this package.

(b) **Advanced Data Protection Package:** Includes the ability to use NetApp MetroCluster™. MetroCluster synchronous mirroring is based on TiB of capacity to be protected. The Advanced Data Protection Package is required for the source capacity. Target capacity must also be subject to a separate Keystone Order. Fees for the Standard Data Protection Package are based on TiB to be protected and are as set forth in the applicable Keystone Order. Additional Fees may apply for configurations requiring Long Range (> 2km) SFPs.

4.3 **Fees for Optional Data Protection Packages.** The Rates to be used to determine the Fees payable for Optional Data Protection Packages may be included in an exhibit to the Agreement, or as otherwise expressly agreed between NetApp and Customer in such Keystone Order. Such Fees will be invoiced in accordance with the billing frequency selected in the Keystone Order.

**5. Performance Levels for the Subscription Services.**

5.1 **Performance Levels.** The table below defines the available Performance Levels for the Subscription Services:

	File and Block						Object	Block		
	Extreme	Extreme w/ data tiering	Premium	Premium w/ data tiering	Standard	Value	Object	Extreme	Premium	Standard
Workload Type	Analytics, databases		VDI, virtualization apps, SW dev		File shares, web servers	Backup target	Media repository, archiving	HPC	Video surveillance	Backup
Target IOPS/TiB	6,144	6,144	2,048	2,048	128	N/A	N/A	N/A	N/A	N/A
Max IOPS/TiB	12,288	12,288	4,096	4,096	512	N/A	N/A	5,500	4,000	N/A
Max throughput MBps (32KB/IOP)	384	384	128	128	16	N/A	N/A	43	31	N/A
Latency	<1 ms	<1 ms	< 2 ms	< 2 ms	<17 ms	N/A	N/A	< 0.5 ms	<0.5 ms	N/A
Minimum capacity	100TiB						1 PiB	100 TiB	100 TiB	300 TiB
Protocols	NFS, CIFS, iSCSI, FC						S3	FC, iSCSI		

5.2 **IOPS per TiB.** Subject to the terms of this Service Description and the applicable Keystone Order, Performance Levels are defined in terms of target input/output operations per second ("**IOPS**") per terabyte ("**TiB**") ratio and latency. See the Documentation for more information.

5.3 **Service Level Objective.** NetApp will use reasonable commercial efforts to provide the targeted IOPS/TiB at the specified block sizes and configured volume size, per the related Performance Level set forth in the Keystone Order ("**SLO**"). Customer inquiries regarding this SLO should be directed to NetApp technical support, or email [xdl-americas-revenue@netapp.com](mailto:xdl-americas-revenue@netapp.com). Customer should include the following minimum information:

- (a) NetApp Subscription Services ID; (b) volume impacted; (c) Customer Site; and (d) time, date, and description of the issue.

5.4 **Data Access Availability Service Level Agreement (applies to NetApp Operated Only)**

(a) If Customer selects NetApp Operated Subscription Services, NetApp will use commercially reasonable efforts to provide access to Usable Capacity with a monthly uptime percentage of at least 99.999% during any monthly billing period ("**SLA**"). For purposes of this SLA:

monthly uptime percentage = [(maximum available minutes – downtime) / maximum available minutes] x 100%

maximum available minutes = total number of minutes in a billing period

downtime

= total accumulated minutes that a client which is directly connected to a controller data point has no volume connectivity in a given system, excluding a period when the Subscription Services are not available due to scheduled or mutually agreed upon time for NetApp maintenance and upgrades

(b) Customer inquiries regarding this SLA should be directed to NetApp technical support, or email [xdl-americas-revenue@netapp.com](mailto:xdl-americas-revenue@netapp.com). Customer should include the following information: (i) NetApp Subscription Services ID; (ii) volume(s) impacted; (iii) Customer Site; (iv) time, date, and description of the issue; (v) service details such as (A) service provider name: NetApp Flex Subscription Operations, and (B) Product: Keystone Flex Subscription; (vi) date and time of occurrence; (vii) calculated downtime; (viii) measurement tool and method; and (ix) all applicable documentation which will corroborate Customer's claimed outage.

(c) NetApp will provide a service credit to Customer under this SLA if monthly uptime percentage in a particular month is less than 99.999%. If a service credit is owed for a missed SLA, such service credit will be applied to future Fees and will be calculated in accordance with the following table:

Monthly Availability	Service Credit (as a percentage of the Fees billable for Consumed Capacity under affected Keystone Order)
< 99.999 %	5%
< 99.99 %	10%
< 99.9 %	15%
< 99 %	20%

(d) To be eligible for a service credit, Customer must initiate an inquiry with NetApp technical support within four weeks of the missed SLA, and Customer may receive no more than one service credit per month per account. The service credit may only be applied towards Customer's future Fees and may not exceed 20% of the applicable Minimum Payment for the Committed Capacity for the applicable Performance Level for the affected volume. Availability will be measured and reported separately for each system. This SLA only covers systems comprised of NetApp's FAS and AFF Subscription Products.

(e) This SLA does not apply to any issues attributable to: (i) scheduled NetApp maintenance and upgrades; (ii) a force majeure event or factors outside NetApp's reasonable ability to control; (iii) Customer's equipment, software or other technology and/or third party equipment, software or other technology (other than Subscription Products within its direct control); (iv) Customer's use of the Subscription Services after having been advised by NetApp to discontinue or modify Customer's use of the Subscription Services, if Customer did not modify its use as advised; (v) preview, pre-release, early access, alpha, beta or trial versions of the Subscription Services or trial features within the Subscription Services; (vi) Customer's failure to adhere to restrictions set forth in the applicable Keystone Order or the Agreement; (vii) data in transit authentication and/or encryption (signing and/or sealing); and (viii) any suspension and termination of Customer's right to use the Subscription Services in accordance with the applicable Keystone Order or the Agreement.

## 6. Changes in Subscription Services.

### 6.1 Committed Capacity Changes

(a) Customer may increase the amount of Committed Capacity at any time during the Subscription Term by providing a written request to NetApp. NetApp will provide Customer with a written confirmation letter of such increase; provided that NetApp will have no obligation to confirm such increase if such increase would require the addition of Subscription Products within 90 days of the expiration of the Subscription Term, unless the Parties have agreed in writing to renew or otherwise extend the Subscription Term prior to or during such final 90 day period. Any such increases will not be effective until Customer signs and returns the applicable NetApp confirmation letter. Once effective, any increases will remain in effect for the remainder of the Subscription Term, and the corresponding Minimum Payment applicable to the new Committed Capacity will be adjusted in accordance with the new agreed upon Committed Capacity. Where Customer has selected annual billing and increases Committed Capacity during the Subscription Term in accordance with this Section, NetApp will promptly invoice Customer for any increases in Minimum Payments owed for the remainder of the Subscription Term.

(b) In addition to the right to increase the Committed Capacity at any time described in Section 6.1(a) above, where Customer has selected annual billing and a Subscription Term of at least 24 months, Customer may also decrease the Committed Capacity for each 12-month period following the initial 12 months of the Subscription Term, subject to the following: (i) Customer requests for decreases must be in writing and received by NetApp not less than 60 days prior to the start of the 12-month period for which the adjustment will apply; (ii) no such decrease may reduce the Committed Capacity by an amount greater than 25% of the then-current Committed Capacity, and such decrease will be effective only on the commencement of the subsequent 12-month period; (iii) the 90 day restriction relating to the addition of Subscription Products described in Section 6.1(a) applies; and (iv) any reduction under this Section 6.1(b) is subject to written NetApp approval.

6.2 Data Protection Package Changes. Customer may upgrade the then-current Data Protection Package at any time during the Subscription Term by providing a written request to NetApp. Customer cannot downgrade the then-current Data Protection Package during the Subscription Term; provided that, where Customer has selected annual billing and a Subscription Term of at least 24 months, Customer may downgrade the then-current

Data Protection Package by not more than a single level at the time and in the manner prescribed in Section 6.1(b) above.

6.3 Transition Services. Customer may request an extension for transition Subscription Services beyond the Subscription Term for a period of one calendar month to facilitate an orderly transfer of data out of Subscription Services. This request shall be made in writing and at least 90 days prior to expiration of the current Subscription Term and must be accepted by NetApp.

7. **Keystone Success Manager (“KSM”).** The Subscription Services include the assignment of a KSM having the following responsibilities: (a) serving as a single point of contact and customer satisfaction owner for the Subscription Services; (b) conducting review calls, including (i) capacity consumption, forecasting, planning review, (ii) performance consumption, forecasting, planning review, (iii) maintenance review, (iv) incident review, (v) billing review, and (vi) best practices review; (c) teaming with service delivery manager (if applicable); (d) serving as escalation point of contact; and (e) serving as a Customer advocate.

#### 8. Responsibilities.

8.1 NetApp Responsibilities. In delivering the Subscription Services, NetApp will provide: (a) required Subscription Products; (b) deployment of the Subscription Services; (c) remote capacity, performance, and health monitoring; (d) technical support; (e) routine maintenance; (f) capacity, performance, and health management; (g) storage capacity consumption dashboards, and billings reports; and (h) KSM.

#### 8.2 Customer Responsibilities.

(a) Customer represents and warrants to NetApp that, on or prior to delivery of the Subscription Products, the Customer Site will be prepared and ready for the prompt installation and deployment of the Subscription Products, including without limitation, all necessary power requirements, racks, cooling, network connectivity, security access, etc. NetApp agrees to provide reasonable assistance to Customer to complete such preparation and installation; provided that NetApp may, in its discretion, provide written notice to Customer that no further action is required upon the part of NetApp for the commencement of the Subscription Term, and designate a Start Date. Such Start Date will be deemed effective upon Customer’s receipt of such notice, and NetApp will be authorized to commence invoicing Customer for the Fees. Chronic or sustained failure by Customer or any authorized agent to ensure and facilitate the prompt installation of any Subscription Products may constitute a material breach under the Agreement.

(b) In addition to the obligations set forth in the Agreement, Customer will be responsible for providing: (i) space, power, cooling; (ii) racks and PDUs; (iii) cabling to storage controller ports; (iv) Internet connectivity to enable (A) continuous outbound transfer of service consumption, health, and other telemetry data to enable delivery of the Subscription Services, and (B) on-demand inbound connection to remotely administer, manage, troubleshoot, repair and update Subscription Products; and (v) Customer network configurations including a (X) DNS Server, (Y) NTP Server, and (Z) firewall.

(c) In addition to the obligations set forth in the Agreement, Customer is solely responsible for: (i) backup, recovery, business continuity and disaster recovery of its data and applications; (ii) conversion and migration of data to the Subscription Products; (iii) integration and or automation of the Subscription Services with Customer environment or applications; and (iv) migration, deletion and wiping of data from the Subscription Products upon the expiration or termination of the Subscription Term and prior to returning the Subscription Products to NetApp.

(d) In addition to the restrictions set forth in the Agreement, Customer may not: (i) modify ONTAP version; (ii) disable or turn OFF ASUP; (iii) add or remove NICs, or alter the Subscription Hardware in any manner; (iv) remove NetApp’s physical or logical access to controller’s management ports; (v) disable data efficiencies, including compression, compaction, deduplication, thin provisioning; or (vi) disable or remove NetApp’s ability to monitor consumption or health.

8.3 Initial Migration Period. Notwithstanding Section 8.2(d) of this Service Description or Section 3.2 of the Agreement, Subscription Products and non-Keystone NetApp ONTAP systems can be part of the same cluster for the limited purposes of initial data migration only, and for up to a maximum of 90 days following the Start Date.

## NetApp Cloud Services Global Terms of Service

These Global Terms of Service ("Terms") set forth the direct terms and conditions under which NetApp, Inc., NetApp B.V. or any of their affiliates ("NetApp") provides You a right to access and use its identified Services. "You" or "Your" means the entity you represent in accepting these Terms. If You are accepting these Terms on behalf of another person, company, or other legal entity, whether as an employee, contractor, distributor, reseller, partner, agent or otherwise, You represent and warrant that You have the full authority to bind that entity. If You electronically accept these Terms, then You agree that these Terms exclusively govern NetApp's delivery of the Services unless You have a separate written agreement with NetApp that specifically governs the Services. If You do not agree to these Terms, then do not subscribe to, access, or use the Services.

### CLOUD SERVICES

**1.1. Scope.** A list of NetApp Cloud Services subject to these Terms is available at <https://www.netapp.com/us/howto-buy/stc.aspx> (each a "Service").

**1.2. Access Rights.** Subject to these Terms and during the specified period of continuous time during which You are duly authorized ("Subscription Term"), You may access and use the Service for Your own internal use, including in support of service offerings You may provide to Your end customers (but, for clarity, not as a standalone product or service). This includes the right, as part of Your authorized use of the Service, to download and use any software that is solely necessary to facilitate Your use of the Service ("Service Enabling Software") use any technical documentation describing the features and functions of the Service ("Documentation"). The rights granted in this section are nonexclusive, non-transferable, non-sublicensable, and revocable.

**1.3. Use Limitations.** You will not, nor will You allow any third party, to: (a) modify the Service, any applicable Service Enabling Software, or Documentation; (b) publish or provide any benchmark or comparison test results that pertain to the Service; (c) reverse engineer, decompile or disassemble the Service or any applicable Service Enabling Software, or otherwise reduce either to human-readable form except to the extent required for interoperability purposes under applicable laws or as expressly permitted in open-source licenses; (d) modify, adapt, or create a derivative work of the Service, any applicable Service Enabling Software, or Documentation; (e) use the Service or any applicable Service Enabling Software in excess of any limitations (e.g., user limits, time limits, capacity limits, free trials) prescribed by NetApp; (f) remove, conceal, or modify any identification, proprietary, intellectual property, or other notices in the Service, any applicable Service Enabling Software, or Documentation; (g) access and use the Service in violation of laws or regulations; (h) use the Service to violate the rights of others; (i) use the Service to gain unauthorized access to or interrupt any service, device, data, account, or network; or (j) use the Service in high-risk, hazardous environments requiring fail-safe performance, including without limitation in the operation of nuclear facilities, aircraft navigation or control systems, air traffic control, or weapons systems in which the failure of the Service could lead to severe physical or environmental damages.

**1.4. Unauthorized Use.** Use of the Service, Service Enabling Software, or Documentation outside of the scope of these terms may constitute a material breach as determined in accordance with the Contract Disputes Act, and Customer agrees to promptly pay to NetApp upon notice any additional fees calculated in accordance with the negotiated GSA Schedule Price List of NetApp's Products and Services.

**1.5. Software Notices.** Notwithstanding other statements in this Section 1, third-party software components, including free, copyleft and open-source software components, if any, embedded in the Service or Service Enabling Software ("Third-Party Embedded Software") are distributed in compliance with the licensing terms and conditions attributable to such Third-Party Embedded Software. Copyright notices and licensing terms and conditions applicable to Third-Party Embedded Software are available for review with the Documentation at <https://mysupport.netapp.com/> or may be included on the media on which Customer receives the Service Enabling Software, within a "NOTICE" file (e.g., NOTICE.PDF or NOTICE.TXT) or included within the downloaded files, and/or reproduced within the materials or Documentation accompanying the Service or Software.

### ORDERS

**2.1. Pay Per Use, Monthly, Annual, and Multi-Year Service Subscriptions.** The Services offered may be ordered by either a pay per use basis, monthly subscription basis, annual subscription basis, or multi-year subscription basis.

**2.2. Order Acceptance.** NetApp may also require additional information before accepting or processing any order. NetApp will provide You with an email confirmation upon receipt of Your Service order. Such order confirmation only represents NetApp's confirmation of receipt, and does not signify NetApp's acceptance of Your order, nor does it constitute confirmation of NetApp's offer to sell. However, if NetApp cancels an order after You have submitted payment, NetApp will refund the amount paid.

**2.3. Changes, Cancellation, and Renewals.**

**2.3.1. Monthly Service Subscriptions.** Unless otherwise agreed to in writing, monthly Service subscription will automatically renew for an additional one-month term not to exceed the annual term in the order or September 31<sup>st</sup> of the current Fiscal Year unless cancelled in accordance with this agreement. You must cancel Your monthly subscription no later than 14 days prior before Your monthly billing date. Your monthly billing date is the earlier of (i) the date of the month you originally started your subscription on or (ii) the last day of the month. For instance, if You signed up for Your product on January 31st, Your monthly billing date would be the 31st of any month with 31 days, or the day the relevant month ends, which -may be the 28th, 29th or 30th depending on the month in which You decide to cancel. In the event You cancel Your monthly subscription, You will not receive a refund, but You will receive the Service for the remainder of the billing month You cancel in, and no further charges will be incurred.

**2.3.2 Annual and Multiyear Subscriptions.** Your Annual Service subscription may be renewed for additional successive terms equal to the current term by executing a written order for the subsequent Renewal Term.

**2.4. Delivery.** Delivery of a Service occurs when NetApp makes the enabling key or access credentials available electronically via e-mail or otherwise to You or, if an enabling key is not required, when NetApp makes such Service available for Your use electronically via e-mail or otherwise.

## PRICING, PAYMENT AND TAXES

**3.1. Invoicing.** NetApp is entitled to invoice You for a Service on a periodic basis, as determined by NetApp, upon the start of a Subscription Term. If You are using a Service on a pay per use basis, NetApp calculates and bills fees and charges monthly based on Your actual usage of the Service, and NetApp will be entitled to invoice you for the Service on a periodic basis, as determined by NetApp, in arrears.

**3.2 Payment Terms.** You will make full payment in the currency specified in the invoice, without set-off and in immediately available funds, not later than 30 days of the receipt date of NetApp's invoice.

**3.3. Remedies for Non-Payment.** Your payment of an amount less than the invoice amount will not be deemed as acceptance of payment in full, nor will any endorsement or statement on any check or letter accompanying any payment or check be deemed an accord and satisfaction. NetApp may accept such payment or check without prejudice to NetApp's right to recover the balance of any amount due or pursue any other remedy provided for under these Terms or by law or in equity.

**3.4. Taxes and Duties.** Vendor shall state separately on invoices taxes excluded from the fees, and the You agree either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 552.212-4(k). If You are tax-exempt, then You will provide NetApp with tax exemption certificates or other documentation acceptable to the taxing authorities not later than 30 days from the start of the Subscription Term. If You do not provide such documentation to NetApp, NetApp reserves the right to include such taxes in the invoice.

**3.5. Third Party Payment Processing.** NetApp may make available a third-party payment processor as a means of payment for a Service and use of such processors will be subject to the processor's own terms and conditions. NetApp reserves the right, in its sole and absolute discretion, to change the permitted methods of payment, including without limitation, the credit cards and/or other types of payment options NetApp will accept, at any time. NetApp is not responsible for, any liability resulting from the acts or omissions of any third-party payment processor.

## BETA, NO-CHARGE, AND TRIAL SERVICES

**4.1. Beta Service.** NetApp may make a Service or feature of a Service available to You that is identified as alpha, beta, pre-release, demonstration, or preview (each a "Beta Service"). Unless otherwise agreed in writing by NetApp, a Beta Service may only be used in non-production environments and not for commercial purposes.

**4.2. No Charge Services.** NetApp may offer a Service at no cost to You, up to certain limits prescribed by NetApp ("No Charge Service"). You acknowledge and agree that these Terms are applicable and binding upon You for Your access and use of a No Charge Service.

**4.3. Trial Services.** NetApp may offer a no cost, no obligation trial to a Service ("Trial Service") to You. The Trial Service will commence on the initial date You access the Trial Service and will conclude at the end of the trial period delineated by NetApp, or sooner if: (a) You purchase a pre-paid subscription to the Service, (b) You use the Service on a pay as you go basis, or (c) NetApp terminates Your use of the Trial Service. You acknowledge and agree that these Terms are applicable and binding upon You for Your access and use of a Trial Service.

## CUSTOMER CONTENT AND SECURITY

**5.1. Ownership.** You retain all right, title, and interest in any information that You provide to NetApp, including personal information (as defined in NetApp's Privacy Policy as "*information relating to, directly or indirectly, an identified or identifiable natural person or household*"), that NetApp manages, and where such management is on the Your behalf as part of providing the Service ("Customer Content"). NetApp acquires no rights in Customer Content, other than the rights You grant to NetApp to provide the Service.

**5.2. Use.** NetApp will use Customer Content solely to provide the Service and, if applicable, related technical support.

**5.3. Disclosure.** NetApp will not disclose Customer Content outside of NetApp or its subsidiaries and affiliates except to the extent required to make the Service available for Your use or to the extent such disclosure is required by applicable law. NetApp will give You reasonable notice of a request of a governmental or regulatory body for Customer Content to allow You to seek a protective order or other legal remedies (except to the extent NetApp's compliance with this section would cause it to violate a court order or other legal requirement).

**5.4. Security.** NetApp will implement reasonable technical and organizational safeguards designed to protect Customer Content against unauthorized loss, destruction, alteration, access, or disclosure. NetApp may modify such safeguards from time to time, provided that such modifications will not materially reduce the overall level of protection for Customer Content. NetApp also maintains a compliance program that includes independent third-party audits and certifications.

**5.5. Security Incident.** If NetApp discovers that a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, Customer Content in the possession or control of NetApp (a "Security Incident") has occurred, NetApp will notify You promptly and without undue delay, unless otherwise prohibited by law or otherwise instructed by a law enforcement or supervisory authority. In addition to providing such notification, NetApp will promptly take reasonable steps to mitigate the effects of the Security Incident and to minimize any damage resulting from the Security Incident. You must notify NetApp promptly about any possible misuse of its accounts or authentication credentials of which it becomes aware related to the Service.

## PERFORMANCE AND OPERATIONS

**6.1. Service Level Agreements.** NetApp's commitment to uptime and connectivity for applicable Services are set forth at <https://www.netapp.com/us/how-to-buy/stc.aspx>.

- 6.2. Support.** During the Subscription Term, NetApp will provide You support for the Service in accordance with the Documentation.
- 6.3. Professional Services.** Customer may purchase Professional Services pursuant to the NetApp Professional Services terms associated with the Immix GSA schedule for NetApp, Inc.

## WARRANTY

**7.1. Warranty and Remedy.** NetApp warrants that during the Subscription Term, the Service will perform substantially in accordance with the applicable Service Level Agreement. If NetApp does not meet this limited warranty, then Your sole and exclusive remedy is as set forth in the applicable Service Level Agreement.

**7.2. Disclaimer.** TO THE EXTENT PERMITTED BY APPLICABLE LAWS, THE FOREGOING ARE YOUR SOLE AND EXCLUSIVE WARRANTIES AND REMEDIES. NETAPP DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, AND ANY WARRANTIES ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE RELATED TO THE SERVICE AND SOFTWARE. NETAPP AND ITS SUPPLIERS DO NOT WARRANT THAT SERVICES WILL BE UNINTERRUPTED OR FREE FROM DEFECTS OR ERRORS, OR THAT SERVICES WILL MEET OR ARE DESIGNED TO MEET YOUR BUSINESS REQUIREMENTS. ANY BETA, NO-CHARGE OR TRIAL SERVICE THAT NETAPP PROVIDES TO YOU IS PROVIDED "AS IS".

## INTELLECTUAL PROPERTY RIGHTS AND PROTECTIONS

**8.1. General.** The Service, Service Enabling Software, and Documentation are protected by intellectual property laws and treaties worldwide, and contains trade secrets, in which NetApp and its licensors reserve and retain all rights not expressly granted to You. No right, title or interest to any trademark, service mark, logo, or trade name of NetApp or its licensors is granted to You.

**8.2. IP Claims.** Subject to the terms and conditions of this section, NetApp will have the right to intervene to defend or settle any claim brought by a third party against You that the Service, Service Enabling Software, or Documentation sold or delivered to You under these Terms infringe any patent, trademark, or copyright ("IP Claim"). NetApp will pay settlement amounts or, if applicable, damages and costs finally awarded by a court of competent jurisdiction (collectively, "Damages") against You to the extent such Damages are specifically attributable to the IP Claim, if You:

(a) promptly notify NetApp in writing of the IP Claim; (b) provide information and assistance to NetApp to defend such IP Claim; and (c) provide NetApp with control of the defense or settlement negotiations. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

**8.3. Remedies.** NetApp may, at its option, substitute or modify the applicable Service, Service Enabling Service Enabling Software or Documentation, or the relevant portion thereof, so that it becomes non-infringing; procure any necessary license; or replace the Service, Service Enabling Software or Documentation, if NetApp determines that none of these alternatives is reasonably available, then You may terminate Your subscription and NetApp will refund Your purchase price less any Services already rendered.

**8.4. Exclusions.** Notwithstanding anything to the contrary in these Terms, NetApp has no obligation or liability for any claim of infringement that arises from or relates to: (a) NetApp's compliance with or use of designs, specifications, inventions, instructions, or technical information furnished by You or on behalf of You; (b) modifications made by or on behalf of You without NetApp's prior written authorization; (c) Your failure to upgrade or use a new version of the Service Enabling Software; (d) to make a change or modification requested by NetApp, implement or configure the Service or Service Enabling Software in a manner set forth by NetApp, or to cease using the Service or Service Enabling Software, if requested by NetApp; (e) the Service or Service Enabling Software, or any portion thereof, in combination with any other product or service; (f) Your breach of the use limitations prescribed by NetApp; or (g) any content or information stored on or used by You or a third party in connection with the Service.

**8.5. Entire Liability.** Notwithstanding any term to the contrary in these Terms, this section states NetApp's entire liability and Your sole and exclusive remedies for IP Claims.

## CONFIDENTIALITY

**9.1. General.** "Confidential Information" means any information disclosed by a party to the other party in connection with this Agreement that (a) is marked "confidential" or "proprietary" at the time of disclosure; (b) if disclosed orally or visually, is designated "confidential" or "proprietary" at the time of disclosure and summarized in a writing delivered to the receiving party within thirty (30) days of disclosure; or (c) by its nature or the circumstances surrounding disclosure, should reasonably be considered confidential or proprietary. "Confidential Information" shall include any reproduction of such information, but shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the receiving party; (b) was in the receiving party's lawful possession prior to the disclosure and had not been obtained by the receiving party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the receiving party by a third party without restriction on the disclosure; or (d) is independently developed by the receiving party. Each party ("Disclosing Party") may disclose Confidential Information to the other party ("Receiving Party"). Confidential Information will remain the exclusive property of the Disclosing Party. Each party will have the right to use the other's Confidential Information solely for the purpose of fulfilling its obligations under these Terms. The Receiving Party agrees to disclose the Disclosing Party's Confidential Information only to those employees or agents who have a need to know in furtherance of these Terms and who are required to protect such Confidential Information against unauthorized disclosure under terms no less restrictive than those set forth herein. The Receiving Party will protect the Confidential Information from unauthorized use, access, or disclosure in the same manner as it protects its own proprietary information of a similar nature, and in any event with at least a reasonable degree of care.

**9.2. Period of Disclosure.** Each party's obligations regarding the other Party's Confidential Information will expire 3 years from the date of disclosure.

**9.3. Legally Compelled Disclosure.** The Receiving Party may disclose the Disclosing Party's Confidential Information to the extent such disclosure is required pursuant to a judicial or administrative proceeding, provided that, unless prohibited by applicable law, the Receiving Party gives the Disclosing Party prompt written notice thereof and the opportunity to seek a protective order or other legal remedies.

**9.4. Return/Destruction.** Upon the Disclosing Party's written request, all Confidential Information (including all copies thereof) of the Disclosing Party will be returned or destroyed, unless the Receiving Party is required by law to retain such information, and the Receiving Party will provide written certification of compliance with this Section. NetApp recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

## LIMITATIONS

**10.1. Limitation of Liability.** Regardless of the basis of the claim (e.g., contract, tort, or statute), the total liability of NetApp under or in connection with these Terms will not exceed the amounts received by NetApp for the applicable Service in the 12 months preceding the event that gave rise to the claim or the minimum amounts permitted by applicable laws, if greater. NetApp will not be liable for: (a) any indirect, consequential, incidental, exemplary, or special damages; (b) loss or corruption of data; (c) loss of revenues, profits, goodwill, or anticipated savings; (d) procurement of substitute goods and/or services; or (e) interruption to business. The limitations and exclusions will not apply to liability for death or bodily injury caused by negligence, gross negligence, willful misconduct, fraud, IP Claims under Section 8.2, or any other liability that cannot be excluded under applicable laws. To the extent permitted by law, NetApp disclaims all liability arising out of Your use of a Beta, No-Charge, or Trial Service. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

## SUSPENSION OF SERVICES, EXPIRATION, OR TERMINATION OF TERMS

**11.1. Suspension.** NetApp may suspend or terminate Your access and use of any Service in accordance with the Contract Disputes Act if You (a) fail to remit payments when due; (b) otherwise breach these Terms; or (c) use the Services in a manner that violates the law. NetApp will provide reasonable notice before suspending or Your access to a Service unless NetApp, in its sole discretion, believes an immediate suspension or termination is required.

**11.2. Termination.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, NetApp shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

**11.3. Effect of Service Expiration or Termination.** Termination or expiration of these Terms will not (a) relieve You from your payment obligations with respect to any sums accrued prior to termination or expiration, which will become immediately due and payable, or (b) entitle You to any refund. NetApp will use commercially reasonable efforts to notify You that your access to the Service will be discontinued and that all Customer Content will be deleted, at a time to be determined by NetApp, without the option of recovery. NetApp expressly disclaims all liability if You do not receive or act in accordance with this notice, or if any Customer Content is deleted. Any provision that by its nature extends beyond termination or expiration of the Terms will remain in effect until fulfilled and will apply to each party's successors and permitted assigns.

## COMPLIANCE WITH LAWS

**12.1. Compliance.** Each party will comply with all applicable laws and regulations.

**12.2. Export.** You acknowledge that the Services and any applicable Service Enabling Software are subject to export controls under the laws and regulations of the United States, the European Union, and other countries (as applicable), and the Services may include technology controlled under export and import regulations, including encryption technology. You agree to comply with such laws and regulations and to provide NetApp destination end use and end user information upon NetApp's request. You agree to obligate, by contract or other similar assurances, the parties to whom You re-export or otherwise transfer the Services or Service Enabling Software to comply with all obligations set forth in this section.

**12.3. Anti-Bribery.** Each party will comply with all applicable country laws relating to anti-corruption or anti-bribery, including but not limited to the requirements of the U.S. Foreign Corrupt Practices Act, as amended, the U.K. Bribery Act, and legislation implementing the OECD Convention on Combating Bribery of Foreign Public Officials in International Business Transactions.

**12.4. Privacy.** In the event You provide NetApp with access to personal information (as defined above) for NetApp to provide the Service, the parties will ensure that such personal information is disclosed and handled in accordance with all applicable data protection laws and the confidentiality provisions set forth in these Terms. Article 28 (1) of the European Union General Data Protection Regulation ("GDPR") requires an agreement between a controller and processor, and between a processor and sub processor, that processing of personal information be conducted in accordance with technical and organizational measures that meet the requirements of the GDPR and ensure the protection of the rights of data subjects. To the extent NetApp acts as a data processor of personal information on Your behalf: (a) additional terms and conditions applicable to NetApp acting in a role as a data processor are set forth at <https://www.netapp.com/how-to-buy/sales-terms-and-conditions/>; and (b) NetApp will not retain, use, or disclose such personal information for any purpose other than providing or improving the Service in accordance with these Terms. NetApp certifies that it understands the foregoing restrictions and will comply with them.

## MISCELLANEOUS

- 13.1. U.S. Federal Government Customers.** This section applies only to U.S. Federal Government customers. The Services and any applicable Service Enabling Software are “commercial” computer software and are licensed to You in accordance with the rights articulated in applicable U.S. government acquisition regulations (e.g., FAR, DFARs) pertaining to commercial computer software. Any dispute will be subject to resolution pursuant to the Contract Disputes Act of 1978. Nothing contained in these Terms is meant to derogate the rights of the U.S. Department of Justice as identified in 28 U.S.C. §516. All other provisions of these Terms remain in effect as written.
- 13.2. Force Majeure.** Excusable delays shall be governed by FAR 552.212-4(f).
- 13.3. Waiver.** Any waiver or failure to enforce any provision of these Terms on any occasion will not be deemed a waiver of any other provision or of such provision on any other occasion. Either party’s exercise of any right or remedy provided in these Terms will be without prejudice to its right to exercise any other right or remedy.
- 13.4. Severability.** In the event any provision of these Terms is held by a court of competent jurisdiction to be unenforceable for any reason, such provision will be changed and interpreted to accomplish the objectives of such provision to the greatest extent possible under applicable law and the remaining provisions hereof will be unaffected and remain in full force and effect.
- 13.5. Assignment and Subcontracting.** You may not assign any rights or delegate any obligations under these Terms without the prior written consent of NetApp. Any purported assignment by You without NetApp’s prior written consent will be null and void. NetApp may use subcontractors to fulfill its obligations under these Terms, provided that NetApp shall remain liable for the actions and services provided by such subcontractors at all times unless Subcontractor is acting under the direction of the customer.
- 13.6. Independent Contractors.** The relationship of the parties under these Terms is that of independent contractors. Nothing set forth in these Terms will be construed to create the relationship of principal and agent, franchisor/franchisee, joint venture, or employer and employee between the Parties. Neither party will act or represent itself, directly or by implication, as an agent of the other party.
- 13.7. Publicity.** No advertising, publicity releases, or similar public communications concerning these Terms, the Services or any applicable Service Enabling Software will be published or caused to be published by either party without the prior written consent of the other party. Notwithstanding the foregoing, You agree to be mentioned in the list of buyers of the Service to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71 and that Your name may be used for this purpose only.
- 13.8. Audit.** You grant NetApp and its independent accountants the right to audit You or Your subcontractors once annually during regular business hours upon reasonable notice and subject to Government security requirements to verify compliance with these Terms. If the audit discloses Service or applicable Service Enabling Software over-usage or any other material noncompliance, You will promptly pay to NetApp any fees.
- 13.9. Governing Law and Enforcement Rights.** These Terms will be construed pursuant to the Federal laws of the United States.
- 13.10. Functional Data.** NetApp retains all right, title and interest in data which is generated in the performance of the Service and that informs NetApp in the development, deployment, operations, maintenance, and securing of the Service. Without limiting the foregoing, NetApp may collect and use Functional Data to improve and enhance the Services and NetApp’s other products and services.
- 13.11. Improvements.** You are entitled to provide NetApp with any suggested improvements to the Service (“Suggestions”). If You provide any Suggestions, NetApp will be entitled to use the Suggestions without restriction.

NETREO INCORPORATED  
7171 WARNER AVE, STE B787  
HUNTINGTON BEACH, CA 92647

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Netro Incorporated (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

- h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
  - s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
  - t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
  - u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## **MASTER SUBSCRIPTION AGREEMENT (MSA)**

This Master Subscription Agreement (“Agreement”), effective as of the date last signed below (“Effective Date”), is made by and between the Ordering Activity purchasing under the GSA Schedule contract identified in the Order Form (hereafter “Customer”) and Netreo Incorporated, a Delaware corporation, with a principal place of business at 7171 Warner Avenue, Suite B787, Huntington Beach, CA 92647 (hereafter “Netreo”). All references to Netreo in this Agreement should be read as “Contractor (EC America, Inc.), acting by and through its supplier, Netreo.” Customer and Netreo may be referred to individually as a “Party” and collectively as “Parties”.

THIS MASTER SUBSCRIPTION AGREEMENT GOVERNS CUSTOMER’S ACQUISITION AND USE OF NETREO SERVICES. CAPITALIZED TERMS HAVE THE DEFINITIONS SET FORTH HEREIN.

BY ACCEPTING THIS AGREEMENT, BY EXECUTING AN ORDER FORM THAT REFERENCES THIS AGREEMENT, CUSTOMER AGREES TO THE TERMS OF THIS AGREEMENT.

IF THE INDIVIDUAL ACCEPTING THIS AGREEMENT IS ACCEPTING ON BEHALF OF A COMPANY OR OTHER LEGAL ENTITY, SUCH INDIVIDUAL REPRESENTS THAT THEY HAVE THE AUTHORITY TO BIND SUCH ENTITY AND ITS AFFILIATES TO THESE TERMS AND CONDITIONS, IN WHICH CASE THE TERM “CUSTOMER” SHALL REFER TO SUCH ENTITY AND ITS AFFILIATES. IF THE INDIVIDUAL ACCEPTING THIS AGREEMENT DOES NOT HAVE SUCH AUTHORITY, OR DOES NOT AGREE WITH THESE TERMS AND CONDITIONS, SUCH INDIVIDUAL MUST NOT ACCEPT THIS AGREEMENT AND MAY NOT USE THE SERVICES.

The Services can be accessed for purposes of monitoring their availability, performance or functionality, but not for any other benchmarking or competitive purposes.

Netreo’s direct competitors are prohibited from accessing the Services, except with Netreo’s prior written consent.

It is effective between Customer and Netreo as of the date of Customer’s accepting this Agreement.

### **1. DEFINITIONS**

“**Affiliate**” means any entity that directly or indirectly controls, is controlled by, or is under common control with the subject entity. “**Control**,” for purposes of this definition, means direct or indirect ownership or control of more than 50% of the voting interests of the subject entity.

**“Agreement”** means this Master Subscription Agreement.

**“Beta Services”** means Netro services or functionality that may be made available to Customer to try at its option at no additional charge which is clearly designated as beta, pilot, limited release, developer preview, non-production, evaluation, or by a similar description.

**“Content”** means information obtained by Netro from publicly available sources or its third party content providers and made available to Customer through the Services, Beta Services or pursuant to an Order Form.

**“Customer”** means the Ordering Activity, defined as the entity authorized to order under GSA Schedule contracts as set forth in GSA Order OGP 4800.2I, which have entered into Order Forms.

**“Customer Data”** means electronic data and information submitted by or for Customer to the Services, excluding Content and Non-Netreo Applications.

**“Free Services”** means Services that Netro makes available to Customer free of charge. Free Services exclude Services offered as a free trial and Purchased Services.

**“Malicious Code”** means code, files, scripts, agents or programs intended to do harm, including, for example, viruses, worms, time bombs and Trojan horses.

**“Netreo”** means the Netro company described in the “Netreo Contracting Entity, Notices, Governing Law, and Venue” section below.

**“Non-Netreo Application”** means a Web-based, mobile, offline or other software application functionality that interoperates with a Service, that is provided by Customer or a third party and/or listed on a Marketplace including as Netro Labs or under similar designation. Non-Netreo Applications, other than those obtained or provided by Customer, will be identifiable as such.

**“Order Form”** means an ordering document or online order specifying the Services to be provided hereunder that is entered into between Customer and Netro or any of their Affiliates, including any addenda and supplements thereto. By entering into an Order Form hereunder, an Affiliate agrees to be bound by the terms of this Agreement as if it were an original party hereto.

**“Purchased Services”** means Services that Customer or Customer’s Affiliate purchases under an Order Form or online purchasing portal, as distinguished from Free Services or those provided pursuant to a free trial.

**“Services”** means the products and services that are ordered by Customer under an Order Form or online purchasing portal, or provided to Customer free of charge (as applicable) or under a free trial,

and made available online by Netreo, including associated Netreo offline or mobile components.

**“Services”** exclude Content and Non-Netreo Applications.

**“User”** means, in the case of an individual accepting these terms on his or her own behalf, such individual, or, in the case of an individual accepting this Agreement on behalf of a company or other legal entity, an individual who is authorized by Customer to use a Service, for whom Customer has purchased a subscription (or in the case of any Services provided by Netreo without charge, for whom a Service has been provisioned), and to whom Customer (or, when applicable, Netreo at Customer’s request) has supplied a user identification and password (for Services utilizing authentication). Users may include, for example, employees, consultants, contractors and agents of Customer, and third parties with which Customer transacts business.

## **2. NETREO RESPONSIBILITIES**

### **2.1 Provision of Purchased Services**

Netreo will

- (a) make the Services and Content available to Customer pursuant to this Agreement, and the applicable Order Forms,
- (b) provide applicable Netreo standard support for the Purchased Services to Customer at no additional charge, and/or upgraded support if purchased,
- (c) use commercially reasonable efforts to make the online Purchased Services available 24 hours a day, 7 days a week, except for:
  - (i) planned downtime (of which Netreo shall give advance electronic notice), and
  - (ii) any unavailability caused by circumstances beyond Netreo’s reasonable control, including, for example, an act of God, act of government, flood, fire, earthquake, civil unrest, act of terror, strike or other labor problem (other than one involving Netreo employees), Internet service provider failure or delay, Non-Netreo Application, or denial of service attack, and
- (d) provide the Services in accordance with laws and government regulations applicable to Netreo’s provision of its Services to its customers generally (i.e., without regard for Customer’s particular use of the Services), and subject to Customer’s use of the Services in accordance with this Agreement, and the applicable Order Form.

### **2.2 Protection of Customer Data**

Netreo will maintain appropriate administrative, physical, and technical safeguards for protection of the security, confidentiality and integrity of Customer Data. Those safeguards will include, but will not be limited to, measures designed to prevent unauthorized access to or disclosure of Customer Data (other than by Customer or Users). Upon request by Customer made within 30 days after the effective date of termination or expiration of this Agreement, Netreo will make Customer Data available to Customer for export or download. After such a 30-day period, Netreo will have no

obligation to maintain or provide any Customer Data, and will thereafter delete or destroy all copies of Customer Data in its systems or otherwise in its possession or control, unless legally prohibited.

### **2.3 Netreo Personnel**

Netreo will be responsible for the performance of its personnel (including its employees and contractors) and their compliance with Netreo's obligations under this Agreement, except as otherwise specified in this Agreement.

### **2.4 Beta Services**

From time to time, Netreo may make Beta Services available to Customer at no charge. Customer may choose to try such Beta Services or not in its sole discretion.

### **2.5 Reserved.**

### **2.6 Reserved.**

## **3. USE OF SERVICES AND CONTENT**

### **3.1 Subscriptions**

Unless otherwise provided in the applicable Order Form,

- (a) Purchased Services and access to Content are purchased as subscriptions for the term stated in the applicable Order Form or in the applicable online purchasing portal,
  - (b) subscriptions for Purchased Services may be added during a subscription term at the same pricing as the underlying subscription pricing, prorated for the portion of that subscription term remaining at the time the subscriptions are added, and
  - (c) any added subscriptions will terminate on the same date as the underlying subscriptions.
- Customer agrees that its purchases are not contingent on the delivery of any future functionality or features, or dependent on any oral or written public comments made by Netreo regarding future functionality or features.

### **3.2 Usage Limits**

Services and Content are subject to usage limits specified in Order Forms. If Customer exceeds a contractual usage limit, Customer will execute an Order Form for additional quantities of the applicable Services or Content promptly upon Netreo's request, and/or pay any invoice for excess usage. If Customer is unable to pay for the excess usage, Netreo may work with Customer to reduce Customer's usage so that it conforms to the contracted usage limit.

### **3.3 Customer Responsibilities**

Customer will

- (a) be responsible for Users' compliance with this Agreement and Order Forms,

(b) be responsible for the accuracy, quality and legality of Customer Data, the means by which Customer acquired Customer Data, Customer's use of Customer Data with the Services, and the interoperation of any Non-Netreo Applications with which Customer uses Services or Content,

(c) use commercially reasonable efforts to prevent unauthorized access to or use of Services and Content, and notify Netreo promptly of any such unauthorized access or use,

(d) use Services and Content only in accordance with this Agreement, the Acceptable Use and External Facing Services Policy at <https://www.netreo.com/legal>, Order Forms and applicable laws and government regulations, and

(e) comply with terms of service of any Non-Netreo Applications with which Customer uses Services or Content. Any use of the Services in breach of the foregoing by Customer or Users that in Netreo's judgment threatens the security, integrity or availability of Netreo's services, may result in Netreo's immediate suspension of the Services, however Netreo will use commercially reasonable efforts under the circumstances to provide Customer with notice and an opportunity to remedy such violation or threat prior to any such suspension.

### 3.4 Usage Restrictions

Customer will not

- (a) make any Service or Content available to anyone other than Customer or Users, or use any Service or Content for the benefit of anyone other than Customer or its Affiliates, unless expressly stated otherwise in an Order Form,
- (b) sell, resell, license, sublicense, distribute, make available, rent or lease any Service or Content, or include any Service or Content in a service bureau or outsourcing offering,
- (c) use a Service or Non-Netreo Application to store or transmit infringing, libelous, or otherwise unlawful or tortious material, or to store or transmit material in violation of third-party privacy rights, (d) use a Service or Non-Netreo Application to store or transmit Malicious Code, (e) interfere with or disrupt the integrity or performance of any Service or third-party data contained therein, (f) attempt to gain unauthorized access to any Service or Content or its related systems or networks, (g) permit direct or indirect access to or use of any Services or Content in a way that circumvents a contractual usage limit, or use any Services to access or use any of Netreo intellectual property except as permitted under this Agreement, an Order Form,
- (h) modify, copy, or create derivative works based on a Service or any part, feature, function or user interface thereof,
- (i) copy Content except as permitted herein or in an Order Form,
- (j) frame or mirror any part of any Service or Content, other than framing on Customer's own intranets or otherwise for its own internal business purposes,
- (k) except to the extent permitted by applicable law, disassemble, reverse engineer, or decompile a Service or Content or access it to
  - (1) build a competitive product or service,
  - (2) build a product or service using similar ideas, features, functions or graphics of the Service, (3) copy any ideas, features, functions or graphics of the Service, or

(4) determine whether the Services are within the scope of any patent.

### **3.5 Removal of Content and Non-Netreo Applications**

If Customer receives notice that Content or a Non-Netreo Application must be removed, modified and/or disabled to avoid violating applicable law, third-party rights, or the Acceptable Use and External Facing Services Policy, Customer will promptly do so. If Customer does not take required action in accordance with the above, or if in Netreo's judgment continued violation is likely to reoccur, Netreo may disable the applicable Content, Service and/or NonNetreo Application. If requested by Netreo, Customer shall confirm such deletion and discontinuance of use in writing and Netreo shall be authorized to provide a copy of such confirmation to any such third party claimant or governmental authority, as applicable. In addition, if Netreo is required by any third party rights holder to remove Content, or receives information that Content provided to Customer may violate applicable law or third-party rights, Netreo may discontinue Customer's access to Content through the Services.

## **4. NON-NETREO PRODUCTS AND SERVICES**

### **4.1 Non-Netreo Products and Services**

Netreo or third parties may make available (for example, through a Marketplace or otherwise) third-party products or services, including, for example, Non-Netreo Applications and implementation and other consulting services. Any acquisition by Customer of such products or services, and any exchange of data between Customer and any Non-Netreo provider, product or service is solely between Customer and the applicable Non-Netreo provider. Netreo does not warrant or support Non-Netreo Applications or other Non-Netreo products or services, whether or not they are designated by Netreo as "certified" or otherwise, unless expressly provided otherwise in an Order Form. Netreo is not responsible for any disclosure, modification or deletion of Customer Data resulting from access by such Non-Netreo Application or its provider.

### **4.2 Integration with Non-Netreo Applications**

The Services may contain features designed to interoperate with Non-Netreo Applications. Netreo cannot guarantee the continued availability of such Service features, and may cease providing them without entitling Customer to any refund, credit, or other compensation, if for example and without limitation, the provider of a Non-Netreo Application ceases to make the Non-Netreo Application available for interoperation with the corresponding Service features in a manner acceptable to Netreo.

## **5. RESERVED**

## **6. PROPRIETARY RIGHTS AND LICENSES**

### **6.1 Reservation of Rights**

Subject to the limited rights expressly granted hereunder, Netreo, its Affiliates, its licensors and

Content Providers reserve all of their right, title and interest in and to the Services and Content, including all of their related intellectual property rights. No rights are granted to Customer hereunder other than as expressly set forth herein.

### **6.2 Access to and Use of Content**

Customer has the right to access and use applicable Content subject to the terms of applicable Order Forms and this Agreement.

### **6.3 License by Customer to Netreo**

Customer grants Netreo, its Affiliates and applicable contractors a worldwide, limited-term license to host, copy, use, transmit, and display any Non-Netreo Applications and program code created by or for Customer using a Service or for use by Customer with the Services, and Customer Data, each as appropriate for Netreo to provide and ensure proper operation of the Services and associated systems in accordance with this Agreement. If Customer chooses to use a Non-Netreo Application with a Service, Customer grants Netreo permission to allow the Non-Netreo Application and its provider to access Customer Data and information about Customer's usage of the Non-Netreo Application as appropriate for the interoperation of that Non-Netreo Application with the Service.

Subject to the limited licenses granted herein, Netreo acquires no right, title or interest from Customer or its licensors under this Agreement in or to any Customer Data, Non-Netreo Application or such program code.

### **6.4 License by Customer to Use Feedback**

Customer grants to Netreo and its Affiliates a worldwide, perpetual, irrevocable, royalty free license to use and incorporate into its services any suggestion, enhancement request, recommendation, correction or other feedback provided by Customer or Users relating to the operation of Netreo's or its Affiliates' services.

### **6.5 Federal Government End Use Provisions**

Netreo provides the Services, including related software and technology, for ultimate federal government end use in accordance with the following: The Services consist of "commercial items," as defined at FAR 2.101. In accordance with FAR 12.211-12.212, the rights of the U.S. Government to use, modify, reproduce, release, perform, display, or disclose commercial computer software, commercial computer software documentation, and technical data furnished in connection with the Services shall be as provided in this Agreement, except that, for U.S. Department of Defense end users, technical data customarily provided to the public is furnished in accordance with DFARS 252.227-7015. If a government agency needs additional rights, it must negotiate a mutually acceptable written addendum to this Agreement specifically granting those rights.

## **7. CONFIDENTIALITY**

### **7.1 Definition of Confidential Information**

“Confidential Information” means all information disclosed by a party (“Disclosing Party”) to the other party (“Receiving Party”), whether orally or in writing, that is designated as confidential or that reasonably should be understood to be confidential given the nature of the information and the circumstances of disclosure. Confidential Information of Customer includes Customer Data; Confidential Information of Netreo includes the Services and Content. Confidential Information of each party includes business and marketing plans, technology and technical information, product plans and designs, and business processes disclosed by such party. However, Confidential Information does not include any information that

- i. is or becomes generally known to the public without breach of any obligation owed to the Disclosing Party,
- ii. was known to the Receiving Party prior to its disclosure by the Disclosing Party without breach of any obligation owed to the Disclosing Party,
- iii. is received from a third party without breach of any obligation owed to the Disclosing Party, or Netreo
- iv. was independently developed by the Receiving Party.

For the avoidance of doubt, the non-disclosure obligations set forth in this “Confidentiality” section apply to Confidential Information exchanged between the parties in connection with the evaluation of additional Netreo services. Netreo recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as “confidential” by the vendor.

## 7.2 Protection of Confidential Information

As between the parties, each party retains all ownership rights in and to its Confidential Information. The Receiving Party will use the same degree of care that it uses to protect the confidentiality of its own confidential information of like kind (but not less than reasonable care) to

- (i) not use any Confidential Information of the Disclosing Party for any purpose outside the scope of this Agreement and
- (ii) except as otherwise authorized by the Disclosing Party in writing, limit access to Confidential Information of the Disclosing Party to those of its and its Affiliates’ employees and contractors who need that access for purposes consistent with this Agreement and who have signed confidentiality agreements with the Receiving Party containing protections not materially less protective of the Confidential Information than those herein.

Neither party will disclose Confidential Information to any third party other than its Affiliates, legal counsel and accountants without the other party’s prior written consent, provided that a party that makes any such disclosure to its Affiliate, legal counsel or accountants will remain responsible for such Affiliate’s, legal counsel’s or accountant’s compliance with this “Confidentiality” section.

Notwithstanding the foregoing, Netreo may disclose the terms of this Agreement and any applicable Order Form to a subcontractor or Non-Netreo Application Provider to the extent necessary to perform Netreo’s obligations under this Agreement, under terms of confidentiality materially as protective as set forth herein.

### **7.3 Compelled Disclosure**

The Receiving Party may disclose Confidential Information of the Disclosing Party to the extent compelled by law to do so, provided the Receiving Party gives the Disclosing Party prior notice of the compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled by law to disclose the Disclosing Party's Confidential Information as part of a civil proceeding to which the Disclosing Party is a party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to that Confidential Information.

### **7.4 Marketing and Publicity**

Each party may use the other party's Brand Features in connection with this Agreement only as permitted in the Agreement. Customer may state publicly that it is a Netreo customer and display Netreo Brand Features in accordance with the Trademark Guidelines. To the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71, Netreo may (a) orally state that Customer is a Netreo customer and (b) include Customer's name or Customer Brand Features in a list of Netreo customers in Netreo's promotional materials. Any use of a party's Brand Features will inure to the benefit of the party holding Intellectual Property Rights to those Brand Features. A party may revoke the other party's right to use its Brand Features with written notice to the other party and a reasonable period to stop the use.

## **8. REPRESENTATIONS, WARRANTIES, EXCLUSIVE REMEDIES AND DISCLAIMERS**

### **8.1 Representations**

Each party represents that it has validly entered into this Agreement and has the legal power to do so.

### **8.2 Netreo Warranties**

Netreo warrants that during an applicable subscription term

(a) this Agreement and the Order Forms will accurately describe the applicable administrative, physical, and technical safeguards for protection of the security, confidentiality and integrity of Customer Data,

(b) Netreo will not materially decrease the overall security of the Services,

(c) the Services will perform materially in accordance with this Agreement, and

(d) subject to the "Integration with Non-Netreo Applications" section above, Netreo will not materially decrease the overall functionality of the Services.

For any breach of a warranty above, Customer's exclusive remedies are to terminate the Order Form and receive a refund of any prepaid fees covering the remainder of the term after the effective date of termination.

### **8.3 Disclaimers**

EXCEPT AS EXPRESSLY PROVIDED HEREIN, NEITHER PARTY MAKES ANY WARRANTY OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND EACH PARTY SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. CONTENT AND BETA SERVICES ARE PROVIDED “AS IS,” AND AS AVAILABLE EXCLUSIVE OF ANY WARRANTY WHATSOEVER.

## **9. INDEMNIFICATION**

### **9.1 Indemnification by Netreo**

Netreo will have the right to intervene to defend Customer against any claim, demand, suit or proceeding made or brought against Customer by a third party alleging that any Purchased Service infringes or misappropriates such third party’s intellectual property rights (a “Claim Against Customer”), and will indemnify Customer from any damages, attorney fees and costs finally awarded against Customer as a result of, or for amounts paid by Customer under a settlement approved by Netreo in writing of, a Claim Against Customer, provided Customer

- (a) promptly gives Netreo written notice of the Claim Against Customer,
- (b) gives Netreo control of the defense and settlement of the Claim Against Customer (except that Netreo may not settle any Claim Against Customer unless it unconditionally releases Customer of all liability), and
- (c) gives Netreo all reasonable assistance, at Netreo’s expense.

Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

If Netreo receives information about an infringement or misappropriation claim related to a Service, Netreo may in its discretion and at no cost to Customer

- (i) modify the Services so that they are no longer claimed to infringe or misappropriate, without breaching Netreo’s warranties under “Netreo Warranties” above,
- (ii) obtain a license for Customer’s continued use of that Service in accordance with this Agreement, or (iii) terminate Customer’s subscriptions for that Service upon 30 days’ written notice and refund Customer any prepaid fees covering the remainder of the term of the terminated subscriptions.

The above defense and indemnification obligations do not apply if

- (1) the allegation does not state with specificity that the Services are the basis of the Claim Against Customer;
- (2) a Claim Against Customer arises from the use or combination of the Services or any part thereof with software, hardware, data, or processes not provided by Netreo, if the Services or use thereof would not infringe without such combination;

(3) a Claim Against Customer arises from Services under an Order Form for which there is no charge; or (4) a Claim against Customer arises from Content, a Non-Netreo Application or Customer's breach of this Agreement or applicable Order Forms.

## **9.2 Reserved.**

## **9.3 Exclusive Remedy**

This "Indemnification" section states the indemnifying party's sole liability to, and the indemnified party's exclusive remedy against, the other party for any third party claim described in this section.

## **10. RESERVED**

## **11. TERM AND TERMINATION**

### **11.1 Term of Agreement**

This Agreement commences on the date Customer first accepts it and continues until all subscriptions hereunder have expired or have been terminated.

### **11.2 Term of Purchased Subscriptions**

The term of each subscription shall be as specified in the applicable Order Form. Except as otherwise specified in an Order Form, subscriptions may be renewed for additional periods equal to the expiring subscription term or one year (whichever is shorter) by executing an Order Form to renew the subscription. Except as expressly provided in the applicable Order Form, renewal of promotional or one-time priced subscriptions will be at Netreo's applicable GSA Schedule list price in effect at the time of the applicable renewal. Notwithstanding anything to the contrary, any renewal in which subscription volume or subscription length for any Services has decreased from the prior term will result in re-pricing at renewal, in accordance with then current GSA Schedule pricelist, without regard to the prior term's per-unit pricing.

### **11.3 Reserved**

### **11.4 Reserved**

### **11.5 Surviving Provisions**

The sections titled "Proprietary Rights and Licenses," "Confidentiality," "Disclaimers," "Indemnification," "Removal of Content and Non-Netreo Applications," "Surviving Provisions" and "General Provisions" will survive any termination or expiration of this Agreement, and the section titled "Protection of Customer Data" will survive any termination or expiration of this Agreement for so long as Netreo retains possession of Customer Data.

## **12. GENERAL PROVISIONS**

### **12.1 Export Compliance**

The Services, Content, other Netreo technology, and derivatives thereof may be subject to export laws and regulations of the United States and other jurisdictions. Netreo and Customer each represent that it is not named on any U.S. government denied-party list. Customer will not permit any User to access or use any Service or Content in a U.S.-embargoed country or region (currently Cuba, Iran, North Korea, Sudan, Syria or Crimea) or in violation of any U.S. export law or regulation.

### **12.2 Anti-Corruption**

Neither party has received or been offered any illegal or improper bribe, kickback, payment, gift, or thing of value from an employee or agent of the other party in connection with this Agreement.

### **12.3 Entire Agreement and Order of Precedence.**

This Agreement, together with the GSA Schedule contract and Schedule pricelist, is the entire agreement between Netreo and Customer regarding Customer's use of Services and Content and supersedes all prior and contemporaneous agreements, proposals or representations, written or oral, concerning its subject matter. The parties agree that any term or condition stated in a Customer purchase order or in any other Customer order documentation (excluding Order Forms) is void. In the event of any conflict or inconsistency among the following documents, the order of precedence shall be:

- (1) the applicable Order Form, and
- (2) this Agreement.

Titles and headings of sections of this Agreement are for convenience only and shall not affect the construction of any provision of this Agreement.

### **12.4 Relationship of the Parties**

The parties are independent contractors. This Agreement does not create a partnership, franchise, joint venture, agency, fiduciary or employment relationship between the parties. Each party will be solely responsible for payment of all compensation owed to its employees, as well as all employment-related taxes.

### **12.5 Third-Party Beneficiaries**

There are no third-party beneficiaries under this Agreement.

### **12.6 Waiver**

No failure or delay by either party in exercising any right under this Agreement will constitute a waiver of that right.

### **12.7 Severability**

If any provision of this Agreement is held by a court of competent jurisdiction to be contrary to law, the provision will be deemed null and void, and the remaining provisions of this Agreement will remain in effect.

### **12.8 Assignment**

Assignments are subject to FAR Clause 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the other party's prior written consent (not to be unreasonably withheld). Subject to the foregoing, this Agreement will bind and inure to the benefit of the parties, their respective successors and permitted assigns.

### **12.9 Netreo Contracting Entity, Notices, Governing Law, and Venue.**

The Netreo entity entering into this Agreement, the address to which Customer should direct notices under this Agreement, the law that will apply in any dispute or lawsuit arising out of or in connection with this Agreement, and the courts that have jurisdiction over any such dispute or lawsuit, would be to

Netreo, Inc.

7171 Warner Avenue, Suite #B787, Huntington Beach, CA  
92647, USA

Attention: General Counsel

Governing Law: United States Federal Law

### **12.10 Manner of Giving Notice**

Except as otherwise specified in this Agreement, all notices related to this Agreement will be in writing and will be effective upon

- (a) personal delivery,
- (b) the second business day after mailing, or
- (c) except for notices of termination or an indemnifiable claim ("Legal Notices"), which shall

clearly be identifiable as Legal Notices, the day of sending by email.

Billing-related notices to Customer will be addressed to the relevant billing contact designated by Customer. All other notices to Customer will be addressed to the relevant Services system administrator designated by Customer.

### **12.11 Agreement to Governing Law and Jurisdiction**

Each party agrees to the applicable governing law above without regard to choice or conflicts of law rules, and to the exclusive jurisdiction of the applicable courts above.

NETSCOUT SYSTEMS, INC.  
310 LITTLETON ROAD  
WESTFORD, MA 01886

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **NetScout Systems, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

Definitions

"APIs" mean the software application interfaces and workflow methods made generally available by Contractor through NetScout in certain Products to enable integration, implementation, and interoperability with third party hardware and software.

"Documentation" means any installation guides, reference guides, operation manuals and release notes provided with the Product in printed, electronic, or online form.

"Enterprise" means an entity that has been assigned a Maintenance account number. In the event an entity has multiple Maintenance account numbers, each Maintenance account is a separate Enterprise and requires a separate Enterprise License.

"Enterprise License" means the Software identified in the Quotation as an Enterprise License.

"Evaluation Product" shall have the meaning set forth below in Section 8.

"Hardware" means hardware products generally available on the schedule price list.

"Maintenance" means technical support services for the Products that Contractor through NetScout makes available upon purchase in accordance with the support services terms described herein.

"Managed Services" means your use of Products to perform network management and monitoring services for Service Provider Customers. Title to the Hardware and licenses to Software remain with you and are not resold to Service Provider Customers.

"Outsourcer" means a third party facility manager or outsourcer who has entered into a then-current services agreement with you in which you may permit access to and operation of the Products at your authorized data center and access to Maintenance for Outsourcer solely to perform Outsourcing Services.

"Outsourcing Services" means network management and monitoring services performed by Outsourcer strictly for you and as described in Section 6.

"Pre-Released Products" shall have the meaning set forth below in Section 8.

"Product" means Software and Hardware provided by Contractor through NetScout.

"Quotation" means the document under which Contractor offers for sale and license its Products, Maintenance, and associated services.

"Service Provider" means Ordering Activity when acting in the capacity of providing Managed Services to Service Provider Customers.

"Service Provider Customer" means a third party, who has an agreement with You for Managed Services, provided that such Managed Services would not be a violation of United States ("U.S.") export restrictions.

"Software" means NetScout proprietary programs in object code and the firmware contained on the Hardware. The term Software does not include APIs.

"Software Development Kit" or "SDK" means the NetScout API, together with applicable documentation, any sample code, and any sample applications provided with the API.

"Unsupported Products" shall have the meaning set forth below in Section 8.

"Updates" means maintenance releases, enhancements, corrections, bug fixes, and modifications made to the Software that are provided to Ordering Activities generally as part of Maintenance pursuant to a valid Maintenance contract.

"You" or "Your" means Ordering Activity.

1. License Grant. Subject to payment of the applicable license fee and the terms set forth in this Attachment A, Contractor grants You a limited, non-exclusive, non-transferable license to use the Software and the Documentation for Your own internal business purposes. Such usage is limited to the number of licenses for which You paid the applicable license fee and is subject to the limitations set forth in the Documentation. You may make a copy of the Software for archival or backup purposes only ("Copy"). The Copy may not be used to implement fault tolerant, redundant, or contingency environments (collectively "Redundant Environments").

If You are purchasing an Enterprise License, the foregoing license grant is hereby extended to allow You to install, copy, and use an Enterprise License throughout your Enterprise for Your internal use only, subject to the terms and limitations set forth in this Attachment A and the Documentation.

2. License Restrictions.

(a) Without limiting this Attachment A, Contractor retains all right, title, and interest in and to the Software, including without limitation the Enterprise License, and all Updates, Documentation, and Copies, and all patents, copyrights, trade secrets, trademarks, and other intellectual property rights therein. Contractor retains all rights to the intellectual property associated with the Hardware except as expressly granted in this Attachment A, and the above Software restrictions will apply to Hardware to the extent applicable. The Software, Documentation, and Copies are protected under copyright laws, and any permitted Copies must include all copyright, government-restricted rights, and other proprietary notices or legends included on the Software when it was shipped or first provided to You.

Without limiting the generality of the foregoing, You, Your employees, and Your consultants will not and will not authorize or permit any third party to: copy or reproduce any part of the Software or Documentation, except as permitted above; transfer the Software without Contractor's prior written authorization. Transfers will only be permitted for products with no more than minimal differences in price, features and functionality and provided that the transfer does not increase the number of licensed copies; sell, market, distribute, sublicense, lease, provide timeshares, rent, or grant other rights in the Software to others or permit third parties to access the Software, without the written consent of Contractor; or modify, develop, port, translate, localize, reverse engineer, de-compile, disassemble, or create derivative works based on the Software, except to the extent expressly permitted by applicable law and solely to extent the parties shall not be permitted by that applicable law to exclude or limit such rights.

(b) In the event You are purchasing an Enterprise License and if You use the Enterprise License Software on or with hardware that does not meet the technical specifications set forth in the Documentation, then: (i) Contractor will not warrant the performance or results obtained by using the Enterprise License Software and Contractor disclaims all liability with respect to the foregoing, (ii) You assume the risk as to the results and performance of the Enterprise License Software, and (iii) Your rights and Contractor's obligations with respect to Maintenance, warranty, and indemnification for the Enterprise License Software are waived. The Enterprise License is strictly limited to the NetScout Software identified in a Quotation as an Enterprise License and does not apply to any other NetScout Software. An Enterprise License may not be deployed for government entities, for which the scope of the license must be separately determined in each case.

(c) For Service Providers, the Software License may be used for Service Provider's internal business purposes only, including for monitoring and managing Service Provider's own networks and to perform Managed Services for Service Provider Customers. Separate Enterprise Licenses must be purchased for deployment and use for each end user customer of such Service Provider. Service Provider will maintain MasterCare Maintenance for Products associated with the Managed Services on behalf of its Service Provider Customers and, if Service Provider has signed a Partner Enabled Support addendum, will provide directly to Service Provider Customer technical telephone support, Updates identified for such Service Provider Customer and received under a valid Maintenance contract, return material authorization, Maintenance, and shipping and telephone logistical support. Service Provider will provide the name and address of the Service Provider Customer for whom Service Provider is purchasing Hardware or licenses to Software for Managed Services.

Service Provider will not replace or make repairs or modifications to (collectively "Repairs") the Hardware or any of its components. Transfers of Products from an identified location to a different location will require Contractor's prior written consent, and Service Provider will notify Contractor of the name and new address the Service Provider Customer associated with such transfer.

3. License Term. The license is effective until terminated. You may terminate the license at any time by destroying the Software, Documentation, and Copies, and providing written certification to Contractor that all of the foregoing have been destroyed.

4. Limited Warranty. Contractor warrants that the media on which the Software is recorded will be free from defects in materials and workmanship under normal use and service for a period of 90 days from the original date of shipment of the Software ("Media Warranty Period"). Contractor warrants that the Software for a period of 90 days ("Software Warranty Period") and the Hardware for a period of 12 months ("Hardware Warranty Period"), in either case from its original date of shipment or when first made available to You for download, will substantially conform to the Documentation. If, during (a) the Media Warranty Period, a defect in the media occurs and is reported to Contractor, the media may be returned to Contractor, and Contractor will replace the media without charge to You, or (b) the Software Warranty Period or Hardware Warranty Period, a failure of the Software or Hardware to conform as warranted occurs and is reported to Contractor, Contractor, at its option, will use commercially reasonable efforts to repair or replace the non-conforming Software or Hardware.

The foregoing warranties will apply provided You give Contractor prompt written notice of the material defect or nonconformity within the warranty period specified above and return the defective media or non-conforming Software or Hardware to Contractor in accordance with Contractor's return process.

5. Warranty Limit. The warranty set forth in Section 4 does not apply to any failure of the Software or Hardware caused by (a) Your failure to follow NetScout's installation, operation, or maintenance instructions, procedures, or Documentation; (b) Your mishandling, misuse, negligence, or improper installation, de-installation, storage, servicing, or operation of the Product; (c) unauthorized modifications or repairs; (d) use of the Products in combination with equipment or software not supplied by Contractor or authorized in the Product Documentation; and (e) power failures or surges, fire, flood, accident, actions of third parties, or other events outside Contractor's reasonable control. Contractor cannot and does not warrant the performance or results that may be obtained by using the Products, nor does Contractor warrant that Products are appropriate for Your purposes or error-free.

EXCEPT AS OTHERWISE PROVIDED IN SECTION 4, THE WARRANTY SET FORTH IN SECTION 4 IS YOUR REMEDY AND CONTRACTOR'S LIABILITY FOR DEFECTIVE MEDIA OR NONCONFORMING PRODUCTS AND IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT.

6. Outsourcing. Outsourcer may perform Outsourcing Services, provided that (a) Outsourcer accesses such Products and Maintenance to process Your data solely for Your internal business purposes and does not use such Products and Maintenance to perform any services for customers other than You, (b) Outsourcer uses the Products and Maintenance in accordance with the terms of this Attachment A, and (c) You provide written notification to Contractor of the proposed transaction and identification of the proposed Outsourcer and the affected Products and Maintenance. In any event, You will remain responsible for all payment and other obligations hereunder, which will remain in full force.

If You want to relocate any Products from Your own site(s) to the data processing facility of Outsourcer, the installation and operation of the Products will be strictly limited by You and Outsourcer to computer processors exclusively dedicated for access, use and benefit solely for You and as to which access, use or benefit for any other person or entity is precluded. You acknowledge and agree that the Software cannot, at any time, be (a) simultaneously operating on more than a single computer, unless otherwise indicated in Section 1, or (b) copied to implement a Redundant Environment without collective payment of the applicable GSA fee.

7. U.S. Government Restricted Rights. All NetScout Software, including the Documentation and technical data, sold or delivered pursuant to this Attachment A for Government use are commercial as defined in Federal Acquisition Regulation ("FAR") 2.101 and any supplement and further is provided with RESTRICTED RIGHTS. All Software was fully developed at private expense. Use, duplication, release, modification, transfer, or disclosure (for purposes of this section, "Use") of the Software is restricted by the terms of this Attachment A and further restricted in accordance with FAR 52.227-14 for civilian Government agency purposes and 252.227-7015 of the Defense Federal Acquisition Regulations Supplement ("DFARS") for military Government agency purposes, or the similar acquisition regulations of other applicable Government organizations, as applicable and amended. The Use of the Product is restricted by the terms of this Attachment A, in accordance with DFARS Section 227.7202 and FAR Section 12.212. All other Use is prohibited except as described herein.

8. Additional Terms and Limitations for Unsupported Products.

(a) Evaluation Products. Prior to You making a decision to purchase Products, Contractor through NetScout may distribute Product for testing, evaluation, or demonstration purposes ("Evaluation Product"). Subject to the terms of this Attachment A, if NetScout provides You with an Evaluation Product, then NetScout grants You a temporary, revocable, non-exclusive, non-transferable license to use the Evaluation Product set forth in the applicable NetScout Evaluation Request Form and the Documentation solely for testing, evaluation, or demonstration purposes ("Purpose"). Evaluation Product that is Software contains a license key that disables the Software after 30 days, or other term as agreed to by the parties, and which will render the Evaluation Product unusable. If, after using the Evaluation Product, you wish to continue such use, you must purchase the Product.

(b) Pre-Released Product. Subject to the terms of this Attachment A, if the product You have received with this license is not yet commercially available ("Pre-Released Product"), then Contractor grants you a temporary, revocable, nonexclusive, non-transferable license to use the Pre-Released Product as provided to You by Contractor and the associated Documentation, if any, solely for testing purposes at the direction of Contractor. Additionally, You acknowledge that (i) Contractor has not promised or guaranteed to You that the Pre-Released Product will be announced or made available to anyone in the future; (ii) Contractor has no express or implied obligation to You to announce or introduce the Pre-Released Product; and (iii) You understand that Contractor may not introduce a product similar to or compatible with the Pre-Released Product. Accordingly, You acknowledge that any use of the Pre-Released Product or any product associated with the Pre-Released Product is done entirely at Your own risk. During the term of this Attachment A, if requested by Contractor, You will provide feedback to Contractor regarding use of the Pre-Released Product, including error or bug reports. If You have been provided the Pre-Released Product pursuant to a separate written agreement, Your use of the Pre-Released Product is also governed by such agreement. Upon receipt of a later, unreleased version of the Pre-Released Product or release by Contractor of a publicly released commercial version of the Pre-Released Product, whether as a stand-alone product or as part of a larger product, You agree to return or destroy all copies of earlier Pre-Released Product received from Contractor and to abide by the terms of this Attachment A for any such later versions of the Pre-Released Product.

(c) APIs. Contractor through NetScout may make APIs generally available. You may use the SDK to design, develop, and test software programs; make a single copy of the SDK for back-up purposes only; copy the runtime components of the SDK ("Runtime Component") into software code created through your use of the SDK; and reproduce and distribute such Runtime Component solely as a component of Your software code. You may not use the SDK to develop a product or service that competes with products or services offered by NetScout, or incorporate the Runtime Component in a product that competes with the products offered by NetScout.

(d) Unsupported Products. If the product You have received with this license is or includes (i) Evaluation Products, (ii) Pre-Released Products, or (iii) SDKs (collectively "Unsupported Products"), then You acknowledge and agree that You will take all precautions and safeguards necessary to protect Your data and systems from loss or damage. Additionally, to the extent that any provision in this section is in conflict with any other term or condition in this Attachment A, this section shall supersede such other term(s) and condition(s) with respect to the Unsupported Products, but only to the extent necessary to resolve the conflict. Furthermore, You acknowledge that the Unsupported Products may contain bugs, errors and other problems that could cause system or other failures and data loss. Consequently, Unsupported Products are provided to You "AS-IS" and Contractor disclaims any warranty obligations to You of any kind. Maintenance is not available for the Unsupported Products. Contractor through NetScout may change, suspend, or discontinue any aspect of the Unsupported Products at any time, including the availability of any Unsupported Product, and impose limits on certain features and services or restrict Your access to parts or all of Pre- Released and SDK Products. Your Use of the Evaluation or Pre-Release Product is limited to 30 days unless otherwise agreed to in writing by Contractor. The restrictions in Section 2 herein, apply to Your use of Unsupported Products.

(e) Contractor's ownership rights in Section 2 apply to Unsupported Products, including any output such as the Runtime Component, but do not include any original software code you may develop. The inclusion of the Runtime Components in Your original code created through your use of the SDK in no way alters Contractor's ownership rights in the Runtime Component. Contractor may develop software programs substantially similar or identical to those developed by You through Your use of the SDK and reserves the right to sell and distribute those software programs.

9. Product Returns. Prior to returning Evaluation Products or Pre-released Products to Contractor through NetScout, You must remove any (i) confidential, proprietary, or personal information, including without limitation, personal health information or personally identifiable information (as such is defined under applicable local law, regulation or directive, including without limitation, in the U.S., the Gramm-Leach- Bliley Act, and Health Insurance Portability and Accountability Act, HITECH Act), and (ii) removable media such as floppy disks, CDs, or PC Cards. In addition, You are responsible for backing up Your data on the Evaluation Products or Pre- Released Products. NetScout is not responsible for any of your confidential, proprietary, or personal information or removal thereof; lost or corrupted data; or damaged or lost removable media.

## **EXHIBIT A – MAINTENANCE AND SUPPORT SERVICES**

**Maintenance Descriptions.** Contractor through NetScout offers the following Maintenance support services. Remote access to NetScout Products and systems, networks, and equipment may be necessary to perform Maintenance services. "Normal Business Hours" are Monday through Friday, 8:00 a.m. – 8:00 p.m. EST for North America and 8:00 a.m. – 5:00 p.m. local time for all other regions. Unless otherwise agreed to in writing by NetScout, Product is eligible for Maintenance support services provided such Product remains in the location to which such Product was originally shipped, and with respect to Hardware, provided such Hardware is within the Hardware Coverage Period.

A. **MasterCare Support.** Subject to the terms herein, MasterCare Support services includes: 24x7 access to technical support engineers; one hour priority response on severity 1 technical support calls; maintenance releases, enhancements, corrections, bug fixes, and modifications made to the Software that are provided to Ordering Activities generally as part of Maintenance pursuant to a valid maintenance contract (collectively referred to as "Updates") for covered Products; access to electronic incident submission and technical documentation such as user guides, frequently asked questions, and release notes; advanced replacement or onsite repair of Hardware during the Coverage Period; 24x7 access to self-help on the MasterCare portal for technical answers; knowledge transfer through NetScout's online learning center; electronic MasterCare newsletter; discount on unlimited registrations to NetScout's user forum conference; and registered access to the MasterCare portal. Live technical telephone support is provided 24x7 for severity 1 issues received by telephone and non-severity 1 issues received by telephone during Normal Business Hours. All non-severity 1 issues received by telephone message, email or web outside of Normal Business Hours will be returned next business day. NetScout's service level guidelines are located at [http://www.netscout.com/library/Support/NetScout\\_mc\\_Mastercare\\_Support.pdf](http://www.netscout.com/library/Support/NetScout_mc_Mastercare_Support.pdf).

B. **Gold Support.** Subject to the terms herein and for existing Ordering Activities who wish to renew previously purchased legacy Gold Support services, Gold Support services include: live telephone technical support during Normal Business Hours; Updates for covered Products; 72-hour return repair or onsite repair of Hardware, depending on the Product family; 24x7 access to self-help on the MasterCare portal for technical answers; knowledge transfer through NetScout's online learning center; electronic MasterCare newsletter; and registered access to the MasterCare portal. 72-hour return repair on

Hardware means the time from which the Hardware is received at Contractor through NetScout to the time the repairs are completed. It does not include the shipping time back to the Ordering Activity. 72-hour return repair on Hardware is on a per Hardware unit basis. If multiple Hardware units are returned for repair, additional time may be required.

C. **Supplemental Maintenance Offerings.** Ordering Activities purchasing MasterCare Support may also purchase one of the following Supplemental Maintenance Offerings. If an engineer or technical account manager is not available due to a holiday, paid time off, or training, a Contractor through NetScout remote back-up support engineer or technical account manager will provide remote back-up coverage during that time and to the extent practicable.

**OnSite Engineer Services.** Onsite Engineer Services ("OSE Services") are provided by a Contractor through NetScout technical support engineer located at customer's designated site and may include any one or more of the following, as agreed to by the parties: local assistance with day-to-day administration of customer's network performance management environment, including: (i) installation of operating system and Software upgrades; (ii) Hardware maintenance, Software patches, and service pack installation, and (iii) oversight of monitored element changes; backup maintenance such as regular configuration, password and community string backups, and offsite storage of the data required during disaster recovery efforts; customization assistance for designing new reports and workspaces, discovering and configuring complex, custom or unknown applications, and integrating third-party tools; implementation assistance for installing and configuring new NetScout Products; beta testing new NetScout Products and features when requested; and resolving support issues, and escalating service needs. The OSE Services will be performed 40 hours a week from 9:00 a.m. to 5:00 p.m. local time, Monday through Friday, excluding Ordering Activity holidays and paid time off, provided the number of Ordering Activity holidays is at least equal to the number of holidays NetScout provides to its employees in the applicable territory. For a maximum period of two weeks during the initial term and renewal terms, the onsite engineer will not be at Ordering Activity's designated site performing the OSE Services due to training at NetScout's corporate headquarters.

**Remote Site Engineer Services.** Remote Site Engineer Services ("RSE Services") is an annual service available to Ordering Activities, provided by a Contractor through NetScout shared remote technical support engineer located at a NetScout facility, and may include any one or more of the following, as agreed to by the parties: daily health and stability check on both devices and data; remote assistance with day-to-day administration of customer's NetScout performance management environment, including operating system and Software upgrades, Hardware maintenance, Software patches and service pack installation, and oversight of monitored element changes; backup maintenance, such as regular configuration, password and community string backups, and off-site storage of the data required during disaster recovery efforts; customization assistance for designing new reports, defining targeted workspaces, discovering and configuring complex, custom and unknown applications, and integrating third-party tools; implementation assistance installing and configuring new NetScout Products; facilitation of beta testing of new Products and features when requested; and annual onsite technical review visit to assist with planning, migration, implementation and resolution of outstanding support issues. The RSE Services will be performed 20 hours per week, Monday through Friday, between the hours of 9:00 a.m. and 5:00 p.m. local time in Westford, Massachusetts, and excluding NetScout holidays and paid time off.

**Technical Account Manager Services.** Technical Account Manager Services ("TAM Services") are provided by a Contractor through NetScout shared remote technical account manager located at a NetScout facility as the point of contact for all technical issues regarding NetScout Products and includes the following: 24x7 remote assistance; support for five Ordering Activity contacts; escalation of technical service requests as required; ownership of all client Ordering Activity care issues; acting as a direct liaison to NetScout engineers, quality assurance and other technical support experts; communication and knowledge transfer on product introductions, updates, new features, filters, and patches; provide a conduit for networking and sharing best practices; managing weekly status calls to discuss open issues, upcoming rollouts, or other projects affecting Ordering Activity's NetScout environment; providing monthly NetScout server "health checks" to ensure products are stable and running efficiently; unlimited free registration for NetScout User Forum events.

**Term and Renewal.** Unless otherwise agreed to by the parties in writing, the initial term for (i) MasterCare Support will be 12 months commencing on the date specified in Contractor's quote, (ii) OSE Services will be 12 months commencing on the date the engineer arrives at Ordering Activity's designated site, and (iii) RSE and TAM Services will be 12 months commencing on the date that the account becomes active, or as agreed to by the parties. MasterCare or Gold Support may be renewed for up to two years after discontinuation of sale of the applicable Product.

**Continuing Availability.** If Contractor through NetScout discontinues a Product, NetScout will continue to make MasterCare or Gold Support available for no less than two years from the date of discontinuation of sale. For Software, such MasterCare or Gold Support will include bug fixes and telephone technical support for the then-current Software release and immediately preceding release.

**Substitutions; Software Updates.** Contractor through NetScout reserves the right to substitute functionally compatible products not affecting network configurations. Updates include all bug fixes and enhancements which become elements of the standard Product.

**Warranty.** Contractor warrants that Maintenance support services will be performed in a good and workmanlike manner. Ordering Activity's remedy for breach of this warranty will be for Contractor to re-perform the Maintenance support services at no expense to Ordering Activity. NetScout Products are warranted in accordance with these Attachment A terms. EXCEPT FOR THE FOREGOING WARRANTY, CONTRACTOR MAKES NO WARRANTIES, EXPRESSED OR IMPLIED, RELATED TO MAINTENANCE. CONTRACTOR EXPRESSLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE IN CONNECTION WITH MAINTENANCE.

**Limitations and Exclusions.** Contractor through NetScout is not obligated to provide Updates containing additional features and enhancements other than defect corrections, or to provide MasterCare or Gold Support on Software beyond one release back from the current version. NetScout is not liable for delays caused by third parties. Geographical restrictions or limitations may apply to the Maintenance support services described herein and such services may not be available in all areas. If Ordering Activity has a party other than NetScout make repairs to the Products, such acts will void any warranty related to the Products. NetScout is not obligated to provide Maintenance support services with respect to claims resulting from the fault or negligence of Ordering Activity or a third party; improper or unauthorized use of the Products; repair of Products by a party other than NetScout or its authorized contractor; a force majeure event and any causes external to the Product such as power failure or electric power surge; modification to factory default configurations; or use of the Products in combination with equipment or software not supplied by NetScout or recommended in the Product documentation. Functional upgrades such as faster processors, increased memory / flash, etc. are not covered under MasterCare or Gold Support and are separately chargeable at the then-current GSA price.

**Repairs.** A Return Material Authorization ("RMA") number must be obtained prior to the return of defective Products for repair or replacement. If Contractor through NetScout receives Products without a valid or correct RMA number identified on the outside of the packaging of such Products, NetScout will have no obligation to provide MasterCare or Gold Support with respect to such Products. Prior to returning defective Products to NetScout for repair or replacement, Ordering Activity must remove any confidential, proprietary, or personal information, including without limitation, personal health information or personally identifiable information, as such is defined under applicable local law, regulation or directive, including without limitation, in the United States, the Gramm-Leach-Bliley Act, Health Insurance Portability and Accountability Act, and HITECH Act. In addition, Ordering Activity is responsible for backing up Ordering Activity's data on the hard drive(s) and any other storage device(s) in the hardware. NetScout is not responsible for any of Ordering Activity's confidential, proprietary, or personal information or removal thereof; lost or corrupted data; or damaged or lost removable media.

#### **Ordering Activity Obligations.**

A. **Access to Products.** Ordering Activity will grant the Contractor through NetScout engineer reasonable access to NetScout Products and any related systems, networks or equipment reasonably necessary to enable the engineer to perform MasterCare or Gold Support. Additionally during any OSE Services term, Ordering Activity will (i) make available to the engineer a dedicated office space, telephone, and telephone line in a location that is within a reasonable proximity of the Products ("Office Area"), and (ii) designate an employee of Ordering Activity to act as a central point of contact for the engineer to coordinate the performance of OSE Services.

B. **MasterCare Support Coverage for Products.** OSE, RSE and TAM Services are an extension of MasterCare Support, therefore, Ordering Activity must purchase and continuously maintain throughout the OSE, RSE or TAM Services term MasterCare Support coverage on all NetScout Products it has provisioned from Contractor through NetScout. Contractor will not be obligated to provide OSE, RSE or TAM Services if customer does not fulfill its payment obligations, or procure and continuously maintain MasterCare Support coverage on all NetScout Products owned or in the possession of Ordering Activity.

### **ATTACHMENT A – ARBOR NETWORKS, INC.**

#### **LICENSING AGREEMENT**

THIS LICENSING AGREEMENT ("Agreement") is entered into by and between Arbor Networks, Inc., a Delaware corporation with its principal office at 76 Blanchard Road, Burlington, MA 01803 ("Arbor") and the Ordering Activity under GSA Schedule contracts ("You/Your" or "Ordering Activity"). Arbor and You are also referred to individually as a "Party" and collectively as "Parties." PURPOSE AND SCOPE. This Agreement sets forth the terms and conditions under which Arbor agrees to grant a license to use Arbor's Product ("Software") and to provide related Services to You. It is intended by the Parties that this Agreement govern any purchase made during the term of this Agreement.

NOW, THEREFORE, in consideration of the promises and mutual covenants hereinafter set forth, and intending to be legally bound hereby, the Parties agree as follows:

**1. License to Use.** Arbor grants You a limited, revocable, non-exclusive, non-transferable license (the "License") to use Arbor's software in machine-readable form that is shipped to You and/or identified on the attached form ("Form") and accompanying documentation (collectively "Product") on the machines on which the software has been installed or authorized by Arbor. The term of the license shall be as stated on the Form. Your affiliate(s), purchasing agents, and outsourcing vendors ("Affiliates") may on your behalf purchase or use Product so long as each is bound to terms as in this Agreement and You indemnify Arbor for their breach of this Agreement. Any future trial or purchase of Product and services is governed exclusively by this Agreement and may be effected by You or Your Affiliates providing a purchase order or trial request. Trial term licenses for Product shall be for the longer of thirty (30) days from date of Product's delivery to You or as stated on the Form supplied by Arbor. Any feed, release, revision or enhancement to the Software that Arbor may furnish to You becomes a part of Product and is governed by this Agreement. Specifically for Product, if You have not purchased a license by the end of a Product trial term or You breach this Agreement, You agree to return Product and any machine provided by Arbor to Arbor in its original condition less normal wear and tear in original packaging or equivalent and in accordance with Arbor's RMA process within 10 days. You agree to pay for any damage to Product occurring prior to receipt by Arbor. If You purchase a license to Product, this Agreement will control that purchase and title to machines (where applicable) provided hereunder vests in You.

**2. Proprietary Rights and Restrictions.** Arbor and/or its licensors and outsourcing vendors (together, "Vendors") retain all right, title, and interest in the Software and in all copies thereof, and no title to the Software or any intellectual property or other rights therein, are transferred to You other than as specified herein. No right, title or interest to any trademarks, service marks or trade names of Arbor or its Vendors is granted by this Agreement. Software is copyrighted and contains proprietary information and trade secrets belonging to Arbor and/or its Vendors. You will only use Software for Your own internal business purposes. You may not make copies of the Software, other than a single copy in machine-readable format for back-up or archival purposes. You may make copies of the associated documentation for Your internal use only. You shall ensure that all proprietary rights notices on Software are reproduced and applied to any copies. Licenses are limited to use in accordance with the "Description" on the Form and user documentation. You agree not to cause or permit the reverse engineering or decompilation of the Software or to derive source code therefrom. You may not create derivative works based upon all or part of Software. You may not transfer, lend, lease, assign, sublicense, and/or make available through timesharing, Software, in whole or in part. If you are purchasing spare Product, you are only licensed to use such spare during such time as another Product is removed from service for repair.

**3. Confidentiality.** When disclosing information under this Agreement, the disclosing party will be the "Disclosing Party" and the receiving party will be the "Receiving Party." The term "Confidential Information" includes: (a) a party's technical, financial, commercial or other proprietary information including without limitation product roadmaps, pricing, software code and documentation, Software, techniques or systems and (b) information or data that is confidential and proprietary to a third party and is in the possession or control of a party. The Receiving Party will not disclose any of the Disclosing Party's Confidential Information to any third party except to the extent such disclosure is necessary for performance of the Agreement or it can be documented that any such Confidential Information is in the public domain and generally available to the general public without any restriction or license, or is required to be disclosed by any authority having jurisdiction so long as Disclosing Party is provided advance notice of such disclosure by the Receiving Party. Each party's respective Confidential Information shall remain its own property. Notwithstanding the foregoing, Arbor may use anonymized data from the Product for its business purposes provided that Arbor shall not identify You to any third party as the source of such data.

**4. Product Warranty, Indemnification.** Arbor warrants, for sixty (60) days from shipment, that Product will perform in compliance with user manuals accompanying Product. If, within sixty (60) days of shipment, You report to Arbor that Product is not performing as described above, and Arbor is unable to correct it within sixty (60) days of the date You report it, You may return the non-performing Product at Arbor's expense, and Arbor will refund amounts paid for such Product. The foregoing is Your sole and exclusive remedy. Arbor agrees to defend You from and against any third party claim or action based

on any alleged infringement of any U.S. patent or copyright arising from use of the Product according to the terms and conditions of this Agreement ("Claim"), and Arbor agrees to indemnify You from damages awarded against You in any such Claim or settlement thereof, provided that (i) Arbor is promptly notified in writing of such Claim, (ii) You grant Arbor sole control of the defense and any related settlement negotiations, and (iii) You cooperate with Arbor in defense of such Claim. Notwithstanding the foregoing, Arbor shall have no liability to You if the infringement results from (a) use of the Product in combination with software not provided by Arbor; (b) modifications to the Product not made by Arbor; (c) use of the Product other than in accordance with the Documentation or this Agreement; or (d) failure to use an updated, non-infringing version of the applicable Product. The foregoing states the entire liability of Arbor with respect to infringement.

**5. Limitations.** EXCEPT AS OTHERWISE PROVIDED HEREIN, ARBOR AND ITS THIRD-PARTY VENDORS MAKE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. ARBOR'S AGGREGATE LIABILITY FOR ANY AND ALL CLAIMS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, THE PERFORMANCE OF PRODUCT PROVIDED HEREUNDER, AND/OR ARBOR'S PERFORMANCE OF SERVICES, SHALL NOT EXCEED THE AMOUNT PAID UNDER THIS AGREEMENT FOR PRODUCT WITHIN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE CLAIM, WHETHER A CLAIM IS BASED ON CONTRACT OR TORT, INCLUDING NEGLIGENCE. IN NO EVENT SHALL ARBOR OR ITS VENDORS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES RESULTING FROM LOSS OF PROFITS, DATA, OR BUSINESS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, EVEN IF ARBOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL ARBOR BE LIABLE FOR ANY UNAUTHORIZED ACCESS TO, ALTERATION OF, OR THE DELETION, DESTRUCTION DAMAGE, LOSS OR FAILURE TO STORE ANY OF YOUR CONTENT OR OTHER DATA. YOUR SOLE RECOURSE HEREUNDER SHALL BE AGAINST ARBOR AND YOU SHALL HOLD THIRD PARTY VENDORS HARMLESS.

**6. Product Installation and Support.** Installation purchased directly from Arbor with Product is governed by this Agreement, but Arbor shall not be required to continue any installation for longer than 90 days following receipt of Product. If a perpetual license is granted hereunder, You agree to purchase support ("Support") for at least the initial year from shipment. Thereafter, Arbor will invoice approximately sixty (60) days prior to the end of the Support term for additional one-year periods so long as Product is covered by Support. Failure to pay such invoice will result in a lapse of Your Support. If Support lapses, upon renewal of Support a 10% reinstatement fee will be assessed and you shall pay all Support fees back to the date Support lapsed. Each annual renewal service price shall be no less than the previous service price. With Support, Arbor will provide You (i) telephone and email based technical support in accordance with the level purchased and (ii) all new maintenance releases to Product when and if available during Your participation in Support. Arbor shall not be required to provide Support on any Product (i) for more than twelve months after its general release, or (ii) more than one release behind the currently shipping release. Arbor shall be permitted to subcontract any or all of its services or Support obligations under this Agreement to an affiliated company including, without limitation, Arbor Networks, Inc. in the United States.

**7. Export Regulation and Government Rights.** You agree to comply strictly with all U.S. export control laws, including the U.S. Export Administration Act and Export Administration Regulations ("EAR"). Product is prohibited for export or re-export to the list of terrorists supporting countries or to any person or entity on the U.S. Department of Commerce Denied Persons List or on the U.S. Department of Treasury's lists of Specially Designated Nationals, Specially Designated Narcotics Traffickers or Specially Designated Terrorists. If Product is being shipped by Arbor, then it is exported from the U.S. in accordance with the EAR. Diversion contrary to U.S. law is prohibited. If You are licensing Product or its accompanying documentation on behalf of the U.S. Government, it is classified as "Commercial Computer Product" and "Commercial Computer Documentation" developed at private expense, contains confidential information and trade secrets of Arbor and its licensors, and is subject to "Restricted Rights" as that term is defined in the Federal Acquisition Regulations ("FARs"). Contractor/Manufacturer is: Arbor Networks, Inc., and its subsidiaries, Burlington, Massachusetts, USA.

**8. General.** This Agreement is made under the laws of the Commonwealth of Massachusetts, USA, excluding the choice of law and conflict of law provisions. You consent to the federal and state courts of Massachusetts as sole jurisdiction and venue for any litigation arising from or relating to this Agreement. This Agreement is the entire agreement between You and Arbor relating to Product and supersedes all prior, contemporaneous and future communications, proposals and understandings with respect to its subject matter, as well as without limitation terms and conditions of any past, present or future purchase order. No modification to this Agreement is binding unless in writing and signed by a duly authorized representative of each party. The waiver or failure of either party to exercise any right provided for herein shall not be deemed a waiver of any further right hereunder. If any provision of this Agreement is held invalid, all other provisions shall continue in full force and effect. All licenses and rights granted hereunder shall terminate upon expiration of the term or Your breach of this Agreement. Neither party shall be liable for the failure to perform its obligations under this Agreement due to events beyond such party's reasonable control including, but not limited to, strikes, riots, wars, fire, acts of God or acts in compliance with any applicable law, regulation or order of any court or governmental body. Neither party may assign its rights, duties or obligations under this Agreement without the prior written consent of the other party and any attempt to do so shall be void; except to a successor by merger, acquisition or restructuring that assumes the rights and duties of this Agreement. The following sections survive termination or expiration of this Agreement: Proprietary Rights and Restrictions, Confidentiality, Limitations, Export and Government Rights, and General. All Product shipments are FCA Shipping Point and title to machines shall pass upon shipment.

IN WITNESS WHEREOF, the duly authorized officers or representatives of the parties have executed this Agreement as of this day \_\_\_\_\_, 20\_\_\_, intending legally to be bound.

**NNDATA CORPORATION**  
**5402 CHEYENNE KNOLL PLACE**  
**ALEXANDRIA, VA 22312**

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

**Scope.** This Rider and the attached NNData Corporation ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates antideficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms

shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the AntiDeficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

NNDATA CORPORATION**

**NNDATA CORPORATION LICENSE, WARRANTY AND SUPPORT TERMS**

---

**NNCOMPASS TERMS & CONDITIONS**

These Terms & Conditions ("Agreement" or "Terms") govern your acquisition and use of NNData's NNCompass software. You agree to the terms and conditions outlined herein. This Agreement replaces any prior agreement(s) and is effective between the Ordering Activity under GSA Schedule contracts ("Ordering Activity", "You" or "Your") and the GSA Multiple Award Schedule Contractor acting by and through its supplier, NNData, as of the date of execution of a proper Order of NNCompass.

**INTELLECTUAL PROPERTY**

The Software, including without limitation all copyrights, patents, trademarks, trade secrets, and other intellectual property rights are, and shall remain, the sole and exclusive property of NNData. The Software incorporates confidential and proprietary information developed or acquired by or licensed to NNData and that in performing under this Agreement you will learn additional information that is confidential and proprietary to NNData and the NNCompass software (the "Confidential Information"). The User will take all commercially reasonable precautions necessary to safeguard the confidentiality of the Confidential Information, including (i) those taken to protect your own confidential information and (ii) those which NNData may reasonably request from time to time. The User will take all commercially reasonable precautions necessary to not allow the removal or defacement of any confidentiality or proprietary notice placed on the Software or other items of Confidential Information. The placement of copyright notices on these items will not constitute publication or otherwise impair their confidential nature.

**LIMITED LICENSE TO USERS**

NNData grants you a revocable, non-exclusive, non-transferable, limited license to (i) download, install, and use the Software solely to perform internal testing, development, and use inside your corporate environment or (ii) use the Software solely to perform internal testing, development, and use inside the NNCompass cloud computing environment, and for purposes strictly in accordance with the terms of this Agreement, so long as you have satisfied your obligations under it. NNData retains all rights to NNData Software not granted to you in this Paragraph. "NNData Software" means any software programs, tools, add-ons, databases, libraries, guides, manuals, documentation, code including source code, object code, and binary code, and other related materials developed by NNData including any modifications, enhancements, or upgrades made thereto at any time.

**COPYRIGHT**

All patents, copyrights, trade secrets and other proprietary rights in or related to the Software are and will remain the exclusive property of NNData or its licensors, whether or not specifically recognized or perfected under the laws of the jurisdiction or territory in which you or your organization is exercising the Software license hereunder. The User will not take any action that jeopardizes NNData's or its licensors' proprietary rights or acquire any right in the Software or Confidential Information, except the limited rights specified in this Agreement. NNData or its licensors own all rights in any copy, translation, modification, adaptation or derivation of the Software or other items of Confidential Information, including any improvement or development thereof.

**TRADEMARKS**

The trademarks, logos, and service marks ("Marks") displayed within the Software are the property of NNData Corporation, or other third parties. You are not permitted to use the Marks without the prior written consent of NNData Corporation, or such third party that may own the Marks.

**RESTRICTIONS**

You agree not to perform any of the following prohibited activities, including but not limited to:  
license, sell, rent, lease, assign, distribute, transmit, host, outsource, disclose, access, or otherwise commercially exploit the Software or make the Software available to any third party;  copy or use the Software for any purpose other than as permitted under the above section 'License';  
modify, make derivative works of, disassemble, decrypt, reverse compile, or reverse engineer any part of the Software;  
remove, alter, deface, or obscure any proprietary notice (including any notice of patent, copyright, or trademark) of NNData or its affiliates, partners, suppliers, or the licensors of the Software;  
use the Software to distribute viruses, scripts, Trojan horses, worms, malware, timebombs, or other harmful components to or from NNData's or other systems; and  
transmit, store, or distribute any material that violates any applicable law, including export or encryption laws or regulations.

**LIMITED RIGHT TO USE**

You must only use the Software for your own lawful internal business purposes, in accordance with these Terms and any notice sent by NNData. You may use the Software on behalf of others or in order to provide services to others but if You do so you must ensure that You are authorized to do so and that all persons for whom or to whom services are provided comply with and accept all terms of this Agreement that apply to You. The viewing, printing or downloading of any content, graphic, form or document from the Site grants you only a limited, nonexclusive license for use solely by you for your own personal use and not for republication, distribution, assignment, sublicense, sale, preparation of derivative works or other use. No part of any content, form or document may be reproduced in any form or incorporated into any information retrieval system, electronic or mechanical, other than for your personal use (but not for resale or redistribution). NNData reserves the right to revoke the authorization to view, download, and print the NNData Content and User Content available on this Site at any time, and any such use shall be discontinued immediately upon notice from NNData. The rights granted to you constitute a license and not a transfer of title.

**NONTRANSFERABLE**

Your right to use the Software is not transferable. Any password or right given to you to obtain information or documents is not transferable.

**DISCLAIMER AND LIMITS**

NNData warrants that the software will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with the NNData written materials accompanying it. Except as expressly set forth in the foregoing, the NNCompass software is provided "as-is," "as available," and all

warranties, express or implied, are disclaimed (including but not limited to the disclaimer of any implied warranties of merchantability and fitness for a particular purpose). The software may contain bugs, errors, problems or other limitations. No advice or information, whether oral or written, obtained by you from us through the use of the software shall create any warranty, representation or guarantee not expressly stated in this agreement.

**MISCELLANEOUS**

This Agreement shall be governed by and construed in accordance with the Federal law of the United States. Should any part of this Agreement be held invalid or unenforceable, that portion shall be construed consistent with applicable law and the remaining portions shall remain in full force and effect. Our failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision nor of the right to enforce such provision.

**NORTHROP GRUMMAN SYSTEMS CORPORATION**  
7575 COLSHIRE DRIVE  
MCLEAN, VA 22102

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Northrop Grumman Systems Corporation**, acting through Systems Modernization and Services Division ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**NORTHROP GRUMMAN SYSTEMS CORPORATION**

**NORTHROP GRUMMAN LICENSE, WARRANTY AND SUPPORT TERMS**

This License Agreement ("Agreement") is made and entered into and effective as of the last signature below (the "Effective Date") by and between Northrop Grumman Systems Corporation, a corporation incorporated under the laws of the State of Delaware, United States of America, by and through its Information Systems Sector, Civil Division with offices at \_\_\_\_\_ (hereinafter referred to as "Licensor") and the United States of America ("Government"), acting through \_\_\_\_\_, with offices at \_\_\_\_\_ (hereinafter referred to as "Licensee") either or both of which may be referred to as "Party" or "Parties".

1. Commercial Items. The software and documentation provided hereunder are "Commercial Items" as defined by Federal Acquisition Regulation ("FAR") 2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation" as defined in FAR 12.212. No other regulation or data rights clause applies to the delivery of this software and documentation to the Government. Accordingly, the terms and conditions of this License govern the Government's use and disclosure of the Software, and supersede any conflicting terms and conditions of any contract pursuant to which the software and documentation is delivered to the Government.

2. Grant of License. Licensor hereby grants to Licensee for the term identified in Schedule A, non-exclusive, non-transferable and personal, irrevocable, indivisible right and license to use the licensed subject matter (software and documentation) specified in Schedule A in accordance with the terms and conditions of this Agreement. Licensee shall use the licensed subject matter solely as installed in sites listed in Schedule A on the number of workstations for which Licensee has paid a license fee. Licensee shall not decompile, disassemble, or otherwise reverse engineer the licensed software. The right to revise, modify or enhance the licensed software is expressly prohibited. All terms and conditions of this Agreement are material terms of the license granted by this Agreement.

2. Permitted Use. The Permitted Use is set forth in Schedule A and has the meaning set forth below.

Named Users: The number of users is limited to those for whom Licensee has paid a license fee in accordance with Schedule A. For purposes of this Agreement, a "Named User" is a person who has usage rights to the software. Named users who directly or indirectly use the Software must be counted towards the number of named users for whom Licensee has paid a license fee. Further, each person accessing the software's functionality is a user of the software, whether or not using software components to access the software's functionality, and must be counted towards the number of authorized named users.

Concurrent Users: The number of users is limited to those for whom Licensee has paid a license fee in accordance with Schedule A. For purposes of this Agreement, a "Concurrent User" is any person recognized by the Licensee who has usage rights to the software. Users who directly or indirectly use the Software must be counted towards the number of concurrent users for whom Licensee has paid a license fee. Further, each person accessing the software's functionality is a user of the software, whether or not using software components to access the software's functionality, and must be counted towards the number of authorized concurrent users who may use the Software at the same time without regard to the number of different "registered" or "named" users. Each concurrent user may make unlimited use of Software from any computers or devices at any locations worldwide.

Core-Based Server License: The number of Cores is limited to those for whom Licensee has paid a license fee in accordance with Schedule A for each such license. For purposes of this Agreement, an unlimited (until Core capacity is reached) number of authorized users may use the software, provided that the total number of Cores residing on all computers where the software is installed does not exceed the permitted number of Cores identified on Schedule A. When the Software is installed and distributed across multiple computers, all the Cores in each of these computers count toward the total number of Cores licensed. "Core" means the processor or execution core contained in the same integrated circuit within a computer's central processing unit, whether such Cores are virtual or physical. Licensee may not permit any unauthorized third party to access or to use the software. Licensee may not use the Software in the operation of a service bureau, commercial time sharing or in any other resale capacity.

3. Proprietary Rights. Licensee acknowledges that the licensed software contains valuable trade secrets of the Licensor. Licensee shall not assign, license, disclose or otherwise transfer the licensed software or any copy thereof without the written consent of Licensor. All copyright, patent, trade secret, confidential information and other intellectual and proprietary rights in the licensed software are and shall remain the valuable property of Licensor. Title to the licensed subject matter and all rights therein, including rights in patents, trade secrets and copyrights shall remain vested in Licensor.

4. Copies. Licensee may make copies of the licensed software solely for archival and backup purposes. All archival and backup copies of the software are subject to the provisions of this Agreement. Licensee shall reproduce all titles, trademarks, copyright and restricted rights notices in such copies. Except as provided in this section, Licensee may not copy the licensed subject matter (software and documentation) in whole or in part, for any purpose. Licensee agrees not to extract ideas, algorithms or procedures from the licensed subject matter (software and documentation) for any purpose, including without limitation, for the purpose of creating any works that are intended to be used as a substitute for the software or to be used by or for a third party.

5. Export. Licensee agrees to comply with all applicable export laws and regulations including those of the United States of America (US). Licensee shall not export, re-export or transmit, directly or indirectly, the licensed subject matter or any part thereof to any country for which US Export Administration Regulations or US International Traffic in Arms Regulations require prior authorization unless such prior authorization is obtained.

6. Confidentiality. The licensed subject matter, including the design and elements of the database tables, as well as any information that is marked confidential and those rights designated proprietary in Section 3, is confidential information, the disclosure of which would harm Licensor. Licensee agrees, to the full extent permitted by law: (i) to hold the confidential information in strict confidence; (ii) not to disclose any confidential information to any third party unless authorized in writing by Licensor; (iii) not to disclose any confidential information to any third party unless required by law or court order; and (iv) to use the confidential information solely in accordance with the terms of this Agreement.

7. Warranty. Licensor warrants for a period of thirty (30) days that the licensed software will substantially conform to the applicable technical specifications for the Software that is published in the documentation supplied to Customer. Except as expressly stated in the foregoing, Licensor furnishes the licensed subject matter, and Licensee agrees to accept same, on a strictly "as is" basis. Licensor makes no representations, warranties, guarantees, affirmations or obligations as to the uses, suitability, performance, capabilities, reliability or accuracy of the licensed subject matter for use in any fashion by Licensee. **Licensor expressly disclaims any warranty of merchantability and warranty of fitness for a particular purpose.** Notwithstanding the foregoing, Licensor agrees to repair defects in the licensed software for a period of ninety (90) days from delivery of the licensed software. Licensor does not warrant that the operation of the licensed software will be uninterrupted or error-free.

8. Limitation of Liability. Licensor shall have no liability to Licensee for any loss, claim, remedy, suit, action, damages, and/or liability under any cause of action whatsoever whether in contract or tort including but not limited to action by agents or employees of Licensee or third party bodily injury, or property damage based on products liability, strict liability, or negligence concerning any defects, bugs or deficiencies or lack thereof of any nature in the licensed subject matter. Licensor shall not be liable to Licensee for special, indirect, incidental or consequential loss or damage including, without limitation, any punitive damages arising out of or in connection with the license granted under this or any business activity of Licensee. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

9. **Services.** The license fees do not include any maintenance, online help, implementation support or other support services. The Parties will enter into a separate software maintenance agreement. The manner and periods in which, and the terms and conditions under which, such maintenance will be performed will be solely as set forth in that agreement. Under a separate agreement, Licensor will make training available to Licensee pursuant to Licensor's standard training procedures, at Licensor's standard rates at a location to be mutually determined by the Parties. Licensee shall limit use of the licensed software to its employees who have been appropriately trained.

10. **Governing Law.** Any allegation that the Licensor has breached this Agreement shall be governed by the Contract Disputes Act, 41 U.S.C. § 7101 et seq. Any dispute under this License may be resolved only in a forum expressly authorized by federal law for that dispute. The statute of limitations for, and the resolution of, such disputes will be governed by applicable federal law.

11. **General.** This Agreement may be modified or amended solely in writing by both Parties. The provisions of this Agreement shall be deemed severable, and the unenforceability of any one or more provisions shall not affect the enforceability of any other provisions. Licensee may not assign or otherwise transfer this Agreement or any of the rights granted therein without the prior written consent of Licensor. No failure or delay by either Party in exercising any right, power or remedy will operate as a waiver, and no waiver will be effective unless it is in writing and signed by the waiving party. Any provision of this Agreement that imposes or contemplates continuing obligations on a party will survive termination of this Agreement. This Agreement is separate and distinct from any services associated with the software delivered hereunder.

**SCHEDULE A**

**The Licensed Subject Matter consists of the following:**

**A. Licensed Software.**

<b>Product</b>	<b>License Term</b>	<b>Permitted Use License Metric</b>	<b>License Quantity</b>

**B. Licensed Documentation.**

Document

**C. License Fee.** The License Fee of \$\_\_\_\_\_ is payable upon the Effective Date of this Agreement.

**D. Delivery.** Licensor shall deliver the licensed subject matter electronically within thirty (30) days of the Effective Date of this Agreement.

**E. Terms and Conditions.** The terms and conditions applicable to term software licenses (special item number 132-32), perpetual software license (special item number 132-33) and maintenance as a service (Special item number 132-34) of general purpose commercial information technology software per GSA Schedule GS-35F-0511T.

**NUTANIX**  
1740 TECHNOLOGY DRIVE, SUITE 150  
SAN JOSE, CA 95110

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

**Scope.** This Rider and the attached **Nutanix** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**NUTANIX**

**NUTANIX LICENSE, WARRANTY AND SUPPORT TERMS**

**NUTANIX END USER LICENSE AGREEMENT  
IMPORTANT – READ CAREFULLY**

**READ THIS END USER LICENSE AGREEMENT (THE "AGREEMENT") BEFORE DOWNLOADING, INSTALLING, COPYING, CONFIGURING, ACCESSING, DEPLOYING, USING NUTANIX SUPPORT AND/OR USING THE SOFTWARE. BY EXECUTING THIS AGREEMENT IN WRITING, YOU AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT. YOU FURTHER AGREE THAT YOU ARE BOUND BY AND ARE A PARTY TO THIS AGREEMENT, AND, IF YOU ARE ACCEPTING THESE**

**TERMS ON BEHALF OF ANOTHER PERSON OR A COMPANY OR OTHER LEGAL ENTITY, YOU REPRESENT AND WARRANT THAT YOU HAVE FULL AUTHORITY TO BIND THAT PERSON, COMPANY, OR LEGAL ENTITY TO THESE TERMS. YOUR USE OF THE SOFTWARE IS EXPRESSLY CONDITIONED ON YOUR ACCEPTANCE OF THE TERMS AND CONDITIONS OF THIS AGREEMENT. IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT: DO NOT ORDER OR PURCHASE THE SOFTWARE DO NOT DOWNLOAD, INSTALL, COPY, CONFIGURE, ACCESS, DEPLOY, CLICK ON AN "ACCEPT" BUTTON, USE NUTANIX SUPPORT AND/OR OTHERWISE USE THE SOFTWARE DELETE THE UNUSED SOFTWARE AND RETURN THE UNUSED SOFTWARE TO THE VENDOR FROM WHICH YOU ACQUIRED IT**

This Agreement is between You, on behalf of the company, partnership or business entity that You represent ("You" or "Your") and either (a) Nutanix, Inc. a Delaware corporation, with offices located at 1740 Technology Drive, Suite 150, San Jose, CA 95110, USA if the Software was purchased in the United States, Mexico or Canada; or (b) Nutanix Netherlands, B.V. incorporated and registered in The Netherlands with its registered office at Scorpius 100, 2132 LR Hoofddorp, The Netherlands, if the Software was purchased in any other country ((a) and (b) are referred to herein as "Nutanix").

"Software" means any Nutanix software, library, utility, tool or other computer or program code, in object (binary) or source-code form provided, directly or indirectly to You as well as to any copies (whether complete or partial) made by or on Your behalf, including without limitation firmware. The term "Software" also includes any updates, upgrades or other new features, functionality or enhancements to the Software made available directly or indirectly to You. "Documentation" means any on-line read me, help files, or other explanatory materials related to the Software.

This Agreement applies to all Software and Documentation made available by Nutanix to You.

**License Grant and Entitlement.** The Software and Documentation are licensed, not sold, to You by Nutanix. This Agreement confers no title or ownership and is not a sale of any rights in the Software. Subject to the terms and conditions of this Agreement, the terms of Your entitlement which evidences Your authorization to use the Software and the authorized scope of use of the Software ("Entitlement"), and payment of the purchase price and/or all fees, You are hereby granted a personal, limited, non-assignable, non-exclusive, non-sublicensable and non-transferable right to run one copy of the object code version of the Software on one authorized Nutanix system during the period of the license and for internal business operations only ("Permitted Use"). The Entitlement shall be specified in writing on the order or equivalent document issued by Nutanix or the party from whom You have lawfully acquired the products. The Entitlement shall specify the name of the product, the number of Licensed Units and the usage level and feature set authorized. Your Permitted Use is limited to the number of Licensed Units stated in Your Entitlement. "Licensed Unit" means the unit of measure by which Your use of Software is licensed, as described in Your Entitlement. If You have multiple Licensed Units, You may install and use as many copies of the Software as You have Licensed Units, in each case, on an authorized Nutanix system and only as permitted herein. Use of the Software outside the scope of Your Entitlement is unauthorized and void the warranty and/or support obligations of which You may otherwise be entitled. You agree to use Your best efforts to prevent and protect the contents of the Software and Documentation from unauthorized disclosure or use. Nutanix and its licensors reserved all rights, including but not limited to ownership and intellectual property rights, not expressly granted to You. There are no implied licenses granted by Nutanix under this Agreement. Except as expressly specified above, You shall have no rights to the Software.

#### **Use.**

**Limitations on Use.** You must not use the Software or Documentation except as permitted by this Agreement. You must not: alter, decompile, disassemble, modify, unbundle or create any derivative works of the Software, the underlying source code, or the Documentation in any way, including without limitation customization, translation or localization; port, emulate the functionality, reverse compile, reverse assemble, reverse engineer, create derivative works, or otherwise reduce to human readable form or attempt to separate any of the components of the Software or derive the source code for the Software; copy, redistribute, encumber, sell, rent, lease, license, sublicense, or otherwise transfer rights to the Software or Documentation, use the Software for the benefit of any third party or on a hosted basis; remove or alter any trademark, logo, copyright or other proprietary notices, legends, symbols or labels in the Software or Documentation or any product in which the Software is embedded; disclose the results of testing, benchmarking or other performance or evaluation information related to the Software or the product to any third party without the prior written consent of Nutanix; access or use the Software or Documentation for any competitive purposes (e.g. to gain competitive intelligence; to design or build a competitive product or service, or a product providing features, functions or graphics similar to those used or provided by Nutanix; to copy any features, functions or graphics; or to monitor availability, performance or functionality for competitive purposes); use any "locked" or key restricted feature, function or capability without first purchasing the applicable license and obtaining a valid key, even if such feature, function or capability is enabled without a key; or distribute any copy of the Software to any third party, including as may be embedded in equipment sold in the secondhand market.

You must not cause, encourage or permit any third party to do any of the foregoing.

If You believe that any of the foregoing restrictions are prohibited by Federal law, You agree to provide Nutanix with at least ninety (90) days advance written notice of Your belief and provide all reasonably requested information from Nutanix to evaluate Your claim. Nutanix may, in its discretion, impose reasonable conditions, on such use of the Software, or offer to provide alternatives to ensure that Nutanix's proprietary rights in the Software are protected and to reduce any adverse impact on Nutanix's proprietary rights.

**Third Party Software.** You acknowledge that the Software may contain copyrighted software of third parties which are obtained under a license from such parties ("Third Party Software"). All third party licensors retain all right, title and interest in and to such Third Party Software and all copies thereof, including all copyright and other intellectual property rights. Your use of any Third Party Software shall be subject to, the terms and conditions of this Agreement, and the applicable restrictions and other terms and conditions set forth in any Third Party Software documentation or printed materials, including without limitation an end user license agreement.

**Open Source Components.** Software may use or include one or more of the open source software components listed in the Nutanix open source attribution file, which is available at [www.nutanix.com/opensource](http://www.nutanix.com/opensource). Please refer to the open source attribution file for the open source license disclosures and pertinent terms.

**Proprietary Rights.** You acknowledge and agree that the Software belongs to Nutanix or its licensors. You agree that You neither own nor hereby acquire any claim or right of ownership to the Software and Documentation or to any related patents, copyrights, trademarks or other intellectual property, including all modifications and derivative works of any of the foregoing. Nutanix and its licensors retain all right, title and interest both tangible and intangible in and to all copies of the Documentation and the Software at all times, regardless of the form or media in or on which the original or other copies may subsequently exist. This license is not a sale of the original or any subsequent copy. The Software and Documentation are protected by copyright and other intellectual property laws and by international treaties. Any and all other copies of the Software or Documentation made by You are

in violation of this license. All content accessed through the Software is the property of the applicable content owner and may be protected by applicable copyright law. This license gives You no rights to such content. All trademarks used in connection with the Software and Documentation are owned by Nutanix, its affiliates and/or its licensors and other suppliers, and no license to use any such trademarks is provided hereunder. All suggestions or feedback provided by You to Nutanix with respect to the Software shall be Nutanix's property and deemed Confidential Information of Nutanix. You hereby assign to Nutanix all right, title and interest in and to any feedback provided to Nutanix.

**Support.** Nutanix's support obligations for the Software, if any, are set forth in the Support Terms and Conditions, which may be found at <http://www.nutanix.com/support/support-terms/>. Nutanix does not provide any product maintenance or support services under this Agreement. Product maintenance and support services, if any, will be provided under a separate agreement. This Agreement does not entitle You to any product updates at any time in the future.

**Term and Termination.** This Agreement and Your right to use the Software and Documentation may be terminated by You at any time upon written notice. Upon expiration or termination of this Agreement for any reason: (a) all licenses granted by Nutanix shall immediately terminate; (b) You shall immediately discontinue use of the applicable Software and products; (c) You shall promptly remove Your confidential data, if any, and immediately return the products and related materials to Nutanix or the party from whom the product was obtained; (d) You shall destroy all copies of the Software and Documentation in Your possession, custody or control; and (e) if requested, You shall certify to Nutanix in writing that such return or destruction has occurred. The preamble as well as Section 2, 4, 6, 7, 8, 10, 12, 14, 15 and 16 shall survive any expiration or termination of this Agreement.

**NO WARRANTY.** EXCEPT AS PROVIDED IN THE NUTANIX LIMITED WARRANTY, WHICH MAY BE FOUND AT [AT EXHIBIT B \(ATTACHED\)](#) YOU AGREE THAT THE SOFTWARE AND DOCUMENTATION ARE PROVIDED "AS IS" AND THAT NUTANIX AND ITS LICENSORS MAKE NO OTHER WARRANTIES AS TO THE SOFTWARE OR DOCUMENTATION, INCLUDING WITHOUT LIMITATION UNINTERRUPTED USE, ACCURACY, AND DATA LOSS. NUTANIX AND ITS LICENSORS DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WRITTEN OR ORAL, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE (EVEN IF NUTANIX KNOWS OR SHOULD HAVE KNOWN OF SUCH PURPOSE), AND ANY WARRANTIES ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE, OR THAT THE SOFTWARE WILL BE COMPATIBLE OR WORK WITH ANY THIRD PARTY SOFTWARE OR HARDWARE OR ANY OTHER NUTANIX PRODUCTS. NUTANIX AND ITS LICENSORS DO NOT WARRANT THAT THE SOFTWARE OR DOCUMENTATION OR ANY RESULTS OF USE THEREOF WILL BE FREE OF DEFECTS, ERRORS OR VIRUSES, RELIABLE OR ABLE TO OPERATE ON AN UNINTERRUPTED BASIS OR IN A PARTICULAR ENVIRONMENT OR THAT ERRORS THEREIN, IF ANY, WILL BE CORRECTED. YOU FURTHER ACKNOWLEDGE THAT THE SOFTWARE IS NOT INTENDED OR SUITABLE FOR USE IN SITUATIONS OR ENVIRONMENTS WHERE THE FAILURE OR TIME DELAYS OF, OR ERRORS OR INACCURACIES IN THE CONTENT, DATA OR INFORMATION PROVIDED BY THE NUTANIX SOFTWARE COULD LEAD TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE.

**LIMITATION OF LIABILITY.** TO THE FULLEST EXTENT PERMITTED BY LAW, NUTANIX AND ITS LICENSORS SHALL NOT BE LIABLE FOR ANY DAMAGES, WHETHER IN CONTRACT OR TORT (INCLUDING NEGLIGENCE) OR ANY OTHER LEGAL OR EQUITABLE THEORY, ARISING FROM THIS AGREEMENT, INCLUDING WITHOUT LIMITATION ANY INDIRECT, CONSEQUENTIAL, SPECIAL, EXEMPLARY, INCIDENTAL DAMAGES, EVEN IF NUTANIX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR FOR ANY LOST REVENUES, GOODWILL OR PROFITS, BUSINESS INTERRUPTION, PROCUREMENT OF SUBSTITUTE HARDWARE, SOFTWARE OR SERVICES, LOST DATA, WORK STOPPAGE, RE-RUN TIME, INACCURATE OUTPUT, COMPUTER FAILURE OR MALFUNCTION. YOU AGREE THAT YOU SHALL HAVE THE SOLE RESPONSIBILITY FOR PROTECTING YOUR DATA, BY PERIODIC BACKUP OR OTHERWISE. IN ANY CASE, NUTANIX'S SOLE LIABILITY AND YOUR EXCLUSIVE REMEDY UNDER ANY PROVISION OF THIS AGREEMENT SHALL BE THE REPLACEMENT OF THE SOFTWARE FOUND TO BE DEFECTIVE, WITH THE EXCEPTION OF DEATH OR PERSONAL INJURY CAUSED BY THE NEGLIGENCE OF NUTANIX TO THE EXTENT APPLICABLE LAW PROHIBITS THE LIMITATION OF DAMAGES IN SUCH CASES. BECAUSE SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OR LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE PRECEDING LIMITATIONS MAY NOT APPLY TO YOU IN WHICH CASE NUTANIX'S LIABILITY UNDER THIS AGREEMENT WILL NOT EXCEED THE AMOUNT OF THE LICENSE FEES YOU PAID FOR THE SOFTWARE GIVING RISE TO THE CLAIM. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from Nutanix's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

**Infringement.** Subject to the remainder of this section, Nutanix shall defend or settle, at its own expense, any third-party action against You to the extent based upon a claim that the Software infringes any copyright or trademark or misappropriates any trade secret, and will pay such damages or costs as are finally awarded against You attributable to such claim, provided that You (i) notify Nutanix promptly in writing of any such action, (ii) give Nutanix control of the defense and/or settlement of such action to the extent permitted by 28 USC 516, (iii) give Nutanix all reasonable information and assistance, and (iv) are not in material breach of this Agreement. Should the Software become, or in the opinion of Nutanix be likely to become, the subject of such an infringement claim, Nutanix may replace or modify, in whole or in part, the Software to make it non-infringing. Nutanix assumes no liability hereunder for: (a) any method or process in which the Software may be used; (b) its compliance with Your specifically requested specifications; (c) use of software other than a current unaltered release of the Software or use of any older version of the Software when the use of a newer release of the Software made available to You would have avoided the infringement; (d) the combination, operation or use of the Software with non-Nutanix products or services; or (e) use of the Software in a manner or for a purpose for which it was not intended. THIS SECTION SETS FORTH NUTANIX'S ENTIRE LIABILITY AND OBLIGATION AND YOUR SOLE REMEDY FOR ANY CLAIMS OR ACTIONS RELATED TO INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHTS.

**Confidentiality.** "Confidential Information" shall mean the Software and Documentation and all other information disclosed to You that Nutanix characterizes as confidential at the time of its disclosure either in writing or orally, except for information which You can demonstrate: (a) is previously rightfully known to You without restriction on disclosure; (b) is or becomes, from no act or failure to act on Your part, generally known in the relevant industry or public domain; (c) is disclosed to You by a third party as a matter of right and without restriction on disclosure; or (d) is independently developed by You without access to the Confidential Information. You shall use Your best efforts to preserve and protect the confidentiality of the Confidential Information at all times. You shall not disclose, disseminate or otherwise publish or communicate Confidential Information to any person, firm, corporation or other third party without the prior written consent of Nutanix. You shall not use any Confidential Information other than in the course of the activities permitted hereunder. You shall notify Nutanix in writing immediately upon discovery of any unauthorized use or disclosure of Confidential Information or any other breach of this Agreement, and will cooperate with Nutanix in every reasonable way to regain possession of Confidential Information and prevent any further unauthorized use. If You are legally compelled to disclose any of the Confidential Information, then, prior to such disclosure, You will (i) immediately notify Nutanix prior to such disclosure to allow Nutanix an opportunity to contest the disclosure, (ii) assert the privileged and confidential nature of the Confidential Information, and (iii) cooperate fully with Nutanix in protecting against any such disclosure and/or obtaining a protective order narrowing the scope of such disclosure and/or use of the Confidential Information. In the event such protection is not obtained, You shall disclose the Confidential Information only to the extent necessary to comply with the applicable legal requirements. The foregoing obligations shall survive any termination or expiration of this Agreement.

**Technical Information.** You agree that Nutanix may collect or process technical and related information arising from Your use of the Software which may include but may not be limited to internet protocol address, hardware identification, operating system, application software, peripheral hardware, and non-personally identifiable Software usage statistics to facilitate the provisioning of updates, support, invoicing or online services.

**Compliance with Laws; Export Control.** Each Party shall comply with all laws applicable to the actions contemplated by this Agreement. You acknowledge that the Software is of United States origin, and is subject to the U.S. Export Administration Regulations, and may be subject to the export control laws of the applicable territory, and that diversion contrary to applicable export control laws is prohibited. You represent that (1) You are not, and are not acting on behalf of, (a) any person who is a citizen, national, or resident of, or who is controlled by the government of any country to which the United States has prohibited export transactions; or (b) any person or entity listed on the U.S. Treasury Department lists of Specially Designated Nationals, Foreign Sanctions Evaders, Sectoral Sanctions Identifications, or Palestinian Legislative Council; or the U.S. Commerce Department Denied Persons List, Entity List, or Unverified List; or the U.S. State Department Nonproliferation Sanctions, or Debarred List; and (2) You will not permit the Software, directly, or indirectly, to be used for any purposes prohibited by law, including any prohibited development, design, manufacture or production of missiles or nuclear, chemical or biological weapons. The Software and Documentation are deemed to be "commercial computer software" and "commercial computer software documentation", respectively, pursuant to DFARS Section 227.7202 and FAR Section 12.212(b), as applicable. Any use, modification, reproduction, release, performing, displaying or disclosing of Software and Documentation by or for the U.S. Government shall be governed solely by the terms and conditions of this Agreement. You agree that the Software may not be exported/re-exported to Cuba, Iran, North Korea, Sudan and Syria. Furthermore, You agree not to resell, transfer, or re-export products without prior authorization from Nutanix or the U.S. government to any military entity of: Albania, Armenia, Azerbaijan, Belarus, Cambodia, China (PRC), Georgia, Iraq, Kazakhstan, Kyrgyzstan, Laos, Macau, Moldova, Mongolian P.R., Russia, Tajikistan, Turkmenistan, Uzbekistan, Ukraine, Vietnam.

**Governing Law.** To the extent permitted by applicable law, this Agreement is governed by and construed in accordance with the substantive Federal laws of the United States. This Agreement will not be governed by the conflict of laws rules of any jurisdiction or the U.N. Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

**Miscellaneous.** If any part of this Agreement is held invalid or unenforceable, that part shall be construed to reflect the parties' original intent, and the remaining portions remain in full force and effect. The controlling language of this Agreement is English. If You have received a translation into another language, it has been provided for Your convenience only. A waiver by either party of any term or condition of this Agreement or any breach thereof, in any one instance, shall not waive such term or condition or any subsequent breach thereof. You may not assign, delegate any performance, or otherwise transfer by operation of law or otherwise this Agreement or any rights or obligations herein. You agree not to copy, sell, give or assign the Software or any part thereof to a third party. You represent and warrant that the performance of any activities contemplated by this Agreement do not and shall not conflict with any other agreement or obligation to which You are a party or by which You are bound. This Agreement shall be binding upon and shall inure to the benefit of the Parties, their successors and permitted assigns. This Agreement, together with the terms of the GSA Schedule Contract, constitutes the entire and sole agreement between You and Nutanix with respect to the Software and Documentation and supersedes all prior and contemporaneous agreements relating to the Software and Documentation, whether oral or written (including any inconsistent terms contained in a purchase order). This Agreement may be amended only in writing signed by authorized representatives of both Parties and specifically referring to this provision. This Agreement will be interpreted without being construed for or against either Party. The words "includes" and "including" and the abbreviation "e.g." will be deemed to be followed by the words "without limitation".

**User Outside the U.S.** If You are using the Software or Documentation outside the U.S., then the following shall apply: (a) You confirm that this Agreement and all related documentation is and will be in the English language; (b) You are responsible for complying with any local laws in Your jurisdiction which might impact Your right to import, export or use the Software and Documentation, and You represent that You have complied with any regulations or registration procedures required by applicable law to make this license enforceable.

## EXHIBIT A - Support Terms & Conditions

**1. SUPPORT.** Customer is not entitled to support unless Customer has ordered and paid for Support as provided in the Order. Nutanix will use reasonable efforts to provide support services as described in these Support Terms and Conditions ("Support") at the level Customer has purchased (e.g., Basic, Production or Mission Critical) for the term Customer has purchased, which commences upon Product shipment. Nutanix's Support contact information is at [www.nutanix.com/support](http://www.nutanix.com/support). Support is contacted primarily through Nutanix's web support portal (generally accessible on a 24x7x365 basis excepting periodic maintenance or network unavailability) and secondarily through telephone and email support. Nutanix's Support obligation is limited to using reasonable efforts to remedy a reported failure of the Products to substantially operate in accordance with Nutanix's official specifications (a "problem"). Support does not include Hardware or Software installation, training, consulting services or preventative maintenance.

**SOFTWARE SUBSCRIPTION.** Support may include a subscription to new releases of the Software that are commercially released by Nutanix during Customer's term of Support which may include bug fixes, patches releases, and major updates ("Releases"), but does not include enhancements or upgrades licensed by Nutanix for a separate fee at Nutanix's discretion. Any Releases may only be installed as an update to the Customer's original Software on the original Hardware. All Releases will be subject to the terms and conditions set forth in the GSA Schedule Contract of which these Support Terms and Conditions are a part, and the EULA or Click-wrap. Customer can download Releases from <http://support.nutanix.com>. Notwithstanding the foregoing, Nutanix has no obligation to deliver Release(s) to Customer. In addition, Nutanix does not guarantee that future Releases will be compatible with the Hardware Customer has purchased.

**HARDWARE SUPPORT.** If Nutanix determines that replacement parts are required for Support, and Hardware Support is included in the Support services purchased by Customer, then Nutanix will use reasonable efforts to deliver them to Customer, at no charge, by the target delivery time ("TDT"), which begins after Nutanix has diagnosed the problem. For critical parts, Nutanix's TDT is 4 hours for Platinum Plus Service, and next business day for Gold and Platinum Service if the problem is diagnosed by Nutanix before 3pm Pacific Standard Time (PST). For non-critical parts, Nutanix TDT is within a reasonable time after the problem is diagnosed by Nutanix. Nutanix actual delivery times may vary if Customer's location is remote and/or if common carriers encounter delays or require special transportation arrangements reaching Customer's site, or if customs clearances impose delays. Platinum Plus Service is not available in all locations. Replacement parts may be new or refurbished at Nutanix's option. Defective parts must be returned to Nutanix. If Customer has purchased Nutanix no-return-disk option, then Customer will not be invoiced for a replacement disk drive if Customer does not return a failed drive. All Products that are replaced become Nutanix property. Unless Customer requests otherwise, Nutanix or a Nutanix subcontractor will typically provide on-site installation of the replacement part with Customer's reasonable assistance.

**SOFTWARE SUPPORT.** Nutanix may provide Customer with Software Support as part of the Support Services package purchased by Customer. All problem classifications shall be determined by Nutanix in its sole and absolute discretion. Nutanix classifies Software problems as either: P1—Customer's production use is stopped or so severely impacted that Customer cannot reasonably continue use of the Products; P2—important Product

features are unavailable with no acceptable workaround, but Customer's production use is continuing; P3 — important Product features are unavailable but a workaround is available, or less significant Product features are unavailable with no reasonable workaround, but Customer's production use is continuing; P4 — all other problems. Customer must expeditiously provide Nutanix with notice of any problem. Once notice is received, Nutanix will use reasonable efforts to acknowledge Customer's problem report and commence Support efforts to resolve the problem(s). When it becomes necessary (and in Nutanix's sole discretion), Nutanix will provide on-site technical support in Nutanix's discretion, and if so provided in Nutanix's discretion, Nutanix will be responsible for travel and related expenses incurred in providing the on-site Support. If Nutanix determines that Customer's problem was not caused by Nutanix Products and if the onsite Support was requested by Customer, then Nutanix may invoice Customer Nutanix's then-current daily time and materials rate under the GSA Schedule pricelist.

**EXCLUSIONS.** Nutanix will have no Support obligations for any conditions attributable to: (i) negligence or misuse or abuse of the Products; (ii) use of the Products other than in accordance with Nutanix's official specifications; (iii) modifications, alterations or repairs to the Products made by a party other than Nutanix or a party authorized by Nutanix; (iv) any failure by Customer or a third party to comply with environmental and storage requirements for the Products specified by Nutanix, including, without limitation, temperature or humidity ranges; or (v) use of the Product with any non-Nutanix apparatus, data or programs outside the typical, recommended or reasonably anticipated use of the Products within their specifications.

**CONDITIONS TO NUTANIX'S SUPPORT OBLIGATIONS.** Customer needs to do the following as a condition to Nutanix's provision of Support: (i) pay all applicable fees; (ii) designate from time to time a reasonable number of authorized persons trained by Nutanix who can contact Nutanix for Support, which persons are Customer's only personnel entitled to contact Nutanix for Support; (iii) register all Products with Nutanix, and provide notice to Nutanix of all sites and site moves; (iv) provide Nutanix access to Customer's site and/or network and personnel as Nutanix reasonably requests to assist Nutanix in performing the Support; (v) enable Nutanix's automated alert system on the Products which sends regular system status reports and alerts to Nutanix when certain critical system events occur in the Product at Customer's site; (vi) use the Products in a supported configuration and maintain the Software within the then-current prior two Releases; (vii) install recommended replacement parts in the Products as reasonably directed by Nutanix; (viii) refrain from arbitrarily changing Product settings or configurations reasonably recommended by Nutanix; (ix) ensure that proper licenses have been obtained for all Software and adhere to all licensing terms and conditions; and (x) make available to Nutanix any of Customer's systems data, information and other materials reasonably required by Nutanix for the Support ("Customer Materials"), the accuracy of which is Customer's responsibility. Subject to Customer's rights in the Customer Materials, Nutanix will exclusively own all rights, title and interest in and to any software programs or tools, utilities, technology, processes, inventions, devices, methodologies, specifications, documentation, techniques and materials of any kind used or developed by Nutanix or Nutanix's personnel in connection with performing Support ("Nutanix Materials"), including all worldwide patent rights (including patent applications and disclosures), copyright rights, moral rights, trade secret rights, know-how and any other intellectual property rights therein. Customer will have no other rights in the Nutanix Materials except as expressly agreed to in writing by Nutanix and Customer. Nothing in these Purchase Terms and Conditions will be deemed to restrict or limit Nutanix's right to perform similar services for any other party or to assign any employees or subcontractors to perform similar services for any other party. Customer agrees that it may be necessary for Nutanix to collect, process and use Customer's data in order to perform Nutanix obligations to provide Support. Customer consents to these activities and to the transfer of the data to Nutanix affiliated companies and service providers located throughout the world who are subject to confidentiality agreements with Nutanix. Nutanix will not be responsible for Customer's or any third party's software, firmware, information, or memory data contained in, stored on, or integrated with any Products returned to Nutanix for repair.

**REINSTATEMENT OF SUPPORT.** If Customer has not continuously purchased and complied with the terms and conditions of Support, Customer may request that Nutanix perform an inspection of the Products and any professional services Nutanix reasonably determines are required for the Products to be certified as substantially operating within their official Product specifications. After Nutanix's certification, Customer may reinstate Support if Nutanix then offers it in general commercial availability and upon payment to Nutanix of: (i) for any Products that have been off Support for more than ninety (90) days; (ii) the pro rata Support fees that would have been payable at Nutanix's then applicable annual rate of Support for the period the Products were not covered by Support; and (iii) the Support fees for the annual period commencing upon the reinstatement of Support.

**NON-TRANSFERABILITY.** If Customer sells or otherwise transfers any Hardware to any third party, Customer will either de-install and remove the Software from such Hardware prior to sale or transfer, or provide Nutanix with reasonable notice and an opportunity to remove or disable such Software prior to any sale or transfer of the Hardware. Subject to availability of resources, Nutanix will provide de-installation services to Customer at Nutanix's then current time and materials rates provided Customer has complied with these Purchase Terms and Conditions and entered into a separate agreement with Nutanix to receive such de-installation services. Subject to availability of resources, Nutanix will provide re-installation and re-certification services to a third party purchaser or transferee of Nutanix Hardware, in each case at Nutanix's then current time and materials rates provided the purchaser or transferee has: (i) met Nutanix credit requirements; (ii) obtained a Software license from Nutanix; (iii) entered into a separate agreement with Nutanix to receive re-installation and re-certification services; (iv) obtained re-certification of the Products as installed; and (v) paid any Support reinstatement fees and purchased at least a one (1) year term of annual Support from Nutanix commencing upon the date of Product transfer. Customer's remaining outstanding term of Support is not transferable. Notwithstanding the foregoing, Nutanix reserves the right to refuse to grant a Software license or provide Services to a proposed purchaser or transferee as determined in Nutanix's sole and absolute discretion.

**RELATIONSHIP OF THE PARTIES.** Nutanix is performing Support as an independent contractor, and not as an employee, agent, joint venturer or partner of Customer, and neither of the parties has the authority to bind the other by contract or otherwise. Nutanix acknowledges and agrees that Nutanix personnel are not eligible for or entitled to receive any compensation, benefits or other incidents of employment that Customer makes available to its employees. Nutanix is solely responsible for all taxes, expenses, withholdings, and other similar statutory obligations arising out of the relationship between Nutanix and Nutanix personnel and the performance of Support by Nutanix personnel.

**ENGLISH.** All Support will be provided in the English language unless agreed otherwise. The parties confirm that they have requested that the Purchase Terms and Conditions of which these Support Terms and Conditions are a part and all related documents be drafted in English at the express wishes of the parties. Les parties ont exigé que le présent contrat et les documents connexes soient rédigés en anglais selon la volonté expresse des parties.

**CAPITALIZED TERMS.** Capitalized terms not defined herein shall have the meaning set forth in the Purchase Terms and Conditions of which these Support Terms and Conditions are a part, which may be found at [www.nutanix.com/support](http://www.nutanix.com/support).

## EXHIBIT B – LIMITED WARRANTY

**EQUIPMENT.** Nutanix warrants solely to Customer that the Hardware will be substantially free from material defects in material and workmanship for the one (1) year period from the date of shipment of the Products (the "Hardware Warranty Period"). Nutanix's entire liability, and Customer's sole and

exclusive remedy, under this warranty will be for Nutanix, at Nutanix's option: (i) to use reasonable efforts to repair the defective Hardware within a reasonable period of time; (ii) to replace the defective Hardware; or (iii) if, after reasonable efforts Nutanix is not able to correct the deficiencies, to accept return of the Product for a refund of the amount paid for the Product and the pre-paid and unused portion of any remaining term of Support for the Product. If Customer has purchased Nutanix's no-return-disk option, then Customer will not be invoiced for a replacement disk drive if Customer does not return a failed drive. All Products that are replaced become Nutanix's property. Nutanix will not be responsible for Customer's or any third party's software, firmware, information, or memory data contained in, stored on, or integrated with any Product returned to Nutanix for repair, whether under warranty or not. This Limited Warranty applies only to Nutanix-branded products. Third party products resold by Nutanix may have separate warranty terms, which can be found at [www.nutanix.com/support](http://www.nutanix.com/support).

**REPLACEMENT PARTS.** All replacement parts carry a warranty on the terms and conditions set forth immediately above of the following duration: (i) if the replacement part is installed with more than ninety (90) days remaining on the Hardware Warranty Period, then the warranty on the replacement part shall be until the expiration of the Hardware Warranty Period; (ii) if the replacement part is installed during the Hardware Warranty Period but with fewer than ninety (90) days remaining on the Hardware Warranty Period, then the warranty on the replacement part shall be ninety (90) days from the date of installation of the replacement part; and (iii) if the replacement part is installed after the expiration of the Hardware Warranty Period under the terms and conditions of Support, then the warranty on the replacement part shall be the earlier of ninety (90) days from the date of installation of the replacement part and the last day of Support. Replacement parts may be new or refurbished.

**SOFTWARE.** Nutanix warrants to Customer that the Software will substantially perform in accordance with Nutanix's official Product specifications for the ninety (90) day period from the date of shipment of the Products. Nutanix does not warrant that the operation of the Software will be uninterrupted or error free, or that all defects can be corrected. Nutanix's entire liability, and Customer's exclusive remedy, under this warranty will be for Nutanix, at Nutanix's option: (i) to use reasonable efforts to remedy the defective Software within a reasonable period of time so as to cause it to operate as warranted; (ii) to replace the affected Software; or (iii) if, after reasonable efforts Nutanix is not able to correct the deficiencies, to accept return of the affected Software for a refund of the amount paid by Customer for the affected Software and the pre-paid and unused portion of any remaining term of Support for the affected Software.

**SERVICES.** Nutanix will use reasonable efforts to provide Services in a workmanlike manner. Customer must notify Nutanix of any failure to so perform within ten (10) days after the date on which such failure first occurs. Nutanix's entire obligation, and Customer's exclusive remedy, under this warranty will be for Nutanix, at Nutanix option: (i) to use reasonable efforts to re-perform the deficient Services within a reasonable period of time; or (ii) if, after reasonable efforts Nutanix is not able to correct the deficiencies, refund the portion of any Services fee that corresponds to the failure to perform.

**EXCLUSIONS.** Nutanix will have no obligation under these Limited Warranties to the extent that any problem with a Product results from or is otherwise attributable to: (i) negligence or misuse or abuse of the Product; (ii) use of the Product other than in accordance with Nutanix's official specifications; (iii) modifications, alterations or repairs to the Product made by a party other than Nutanix or a party authorized by Nutanix; (iv) any failure by Customer or a third party to comply with environmental and storage requirements for the Product specified by Nutanix, including, without limitation, temperature or humidity ranges; or (v) use of the Product in combination with any non-Nutanix apparatus, data or programs outside Nutanix's typical, recommended or reasonably anticipated use of the Products within their official Product specifications. Customer shall be solely liable for all freight, storage, and repair costs associated with any return that, in Nutanix's sole discretion, is not eligible for return hereunder, and Nutanix may invoice Customer for any of the foregoing costs.

**WARRANTY DISCLAIMER.** EXCEPT PURSUANT TO THE LIMITED WARRANTIES EXPRESSLY DESCRIBED ABOVE, NUTANIX DOES NOT MAKE, AND HEREBY EXPRESSLY DISCLAIMS ANY WARRANTY OR REPRESENTATION WITH RESPECT TO THE PRODUCTS OR SERVICES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF Limited Warranties Page 2 MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PERFORMANCE, ACCURACY, RELIABILITY, AND NON-INFRINGEMENT. SOME JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS SO THE FOREGOING LIMITATIONS MAY NOT APPLY TO CUSTOMER. NUTANIX DOES NOT WARRANT THAT THE OPERATION OF THE PRODUCTS WILL BE UNINTERRUPTED OR ERROR FREE.

**HAZARDOUS USE RESTRICTION.** THE PRODUCTS ARE NOT DESIGNED FOR USE IN HAZARDOUS ENVIRONMENTS REQUIRING FAILSAFE PERFORMANCE, INCLUDING OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL, AND LIFE SUPPORT OR WEAPONS SYSTEMS, OR ANY OTHER SYSTEM WHOSE FAILURE COULD LEAD TO INJURY, DEATH, ENVIRONMENTAL DAMAGE, OR MASS DESTRUCTION. 8. CAPITALIZED TERMS. Capitalized terms not defined herein shall have the meaning set forth in the Purchase Terms and Conditions of which these Limited Warranties are a part, which may be found at [www.nutanix.com/support](http://www.nutanix.com/support).

OPENGOV, INC.  
955 CHARTER STREET  
REDWOOD CITY, CA 94063

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

- 1. Scope.** This Rider and the attached **OpenGov, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
- 2. Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
  - Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
  - Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
  - Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
  - Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
  - Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**OPENGOV, INC.**

**OPENGOV, INC. LICENSE, WARRANTY AND SUPPORT TERMS**

**1. SOFTWARE SERVICES**

1.1 Subject to the terms and conditions of these OpenGov Terms and Conditions (the "Agreement"), OpenGov will use commercially reasonable efforts to perform the software services (the "Software Services") identified in the applicable Software Agreement entered into by OpenGov and Ordering Activity ("Software Agreement").

1.2 Ordering Activity understands that OpenGov's performance depends on Ordering Activity timely providing OpenGov with a copy of the Ordering Activity's chart of accounts in .csv or .xls format. In addition, Ordering Activity agrees to provide OpenGov with five or more years of general ledger data, also in .csv or .xls format, including budget data for the current year and actual expense and revenue data for past years. Any dates or time periods relevant to OpenGov's performance will be extended appropriately and equitably to reflect any delays caused by Ordering Activity's failure to timely deliver any such materials. OpenGov shall not be liable for any delays in performance under this Agreement resulting from Ordering Activity's failure to meet these obligations.

## **2. RESTRICTIONS AND RESPONSIBILITIES**

2.1 This is a contract for access to the Software Services and Ordering Activity agrees not to, directly or indirectly: reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code, object code, or underlying structure, ideas, or algorithms of the Software Services, documentation or data related to the Software Services, except to the extent such a restriction is limited by applicable law; modify, translate, or create derivative works based on the Software Services; or copy, rent, lease, distribute, assign, sell, or otherwise commercially exploit, transfer, or encumber rights to the Software Services; or remove any proprietary notices.

2.2 Ordering Activity will use the Software Services only in compliance with all applicable laws and regulations (including, but not limited to, any export restrictions).

2.3 Ordering Activity shall be responsible for obtaining and maintaining any equipment and other services needed to connect to, access or otherwise use the Software Services and Ordering Activity shall also be responsible for (a) ensuring that such equipment is compatible with the Software Services, (b) maintaining the security of such equipment, user accounts, passwords and files, and (c) for all uses of Ordering Activity user accounts with or without Ordering Activity's knowledge or consent.

**3. OWNERSHIP.** OpenGov retains all right, title, and interest in the Software Services and all intellectual property rights (including all past, present, and future rights associated with works of authorship, including exclusive exploitation rights, copyrights, and moral rights, trademark and trade name rights and similar rights, trade secret rights, patent rights, and any other proprietary rights in intellectual property of every kind and nature) therein.

## **4. RESERVED.**

**5. DATA LICENSE.** Ordering Activity grants OpenGov a non-exclusive, transferable, perpetual, worldwide, and royalty-free license to use any data or information submitted by Ordering Activity to OpenGov for the development of new software or the provision of the Software Services.

## **6. RESERVED.**

## **7. RESERVED.**

## **8. WARRANTY AND DISCLAIMER**

8.1 OpenGov represents and warrants that: (i) it has all right and authority necessary to enter into and perform this Agreement; and (ii) the Software Services shall be performed in a professional and workmanlike manner in accordance with generally prevailing industry standards.

8.2 Ordering Activity represents and warrants that (i) it has all right and authority necessary to enter into and perform this Agreement; (ii) it owns all right, title, and interest in and to all data provided to OpenGov for use in and in connection with this Agreement, or possesses the necessary authorization thereto; and (iii) OpenGov's use of such materials in connection with the Software Services will not violate the rights of any third party.

8.3 OPENGOV DOES NOT WARRANT THAT THE SOFTWARE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SOFTWARE SERVICES. EXCEPT AS SET FORTH IN THIS SECTION 8, THE SOFTWARE SERVICES ARE PROVIDED "AS IS" AND OPENGOV DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.

**OpenText**  
 End User License Agreement US

This End User License Agreement ("**EULA**") is between the Open Text Inc. ("**OT**") and the Government Ordering Activity ("**Licensee**"), and is effective on the last signature date ("**Effective Date**").

OT and Licensee agree as follows:

## 1.0 DEFINITIONS

"**Affiliate**" means any entity controlled by, controlling, or under common control with a party to this EULA, including an entity of the procuring federal agency. Control exists through ownership, directly or indirectly, of a majority of the outstanding equity capital and of the voting interests of the subject entity. If an entity ceases to meet these criteria, it will cease to be an Affiliate under this EULA;

"**Claim**" means claims, suits, actions or proceedings brought against Licensee in a court of competent jurisdiction in a Covered Country by a third party which allege an infringement of the third party's patent, copyright, or trade secret rights of which OT is aware existing under the laws of the Covered Countries;

"**Covered Countries**" means Australia, Austria, Belgium, Canada, Denmark, Finland, France, Germany, Italy, New Zealand, Norway, Spain, Sweden, Switzerland, the Netherlands, the United Kingdom and the United States.

"**Documentation**" means user guides, operating manuals, and release notes in effect as of the date of delivery of the applicable Software, made generally available to OT customers by OT;

"**Licensee**" means a Government Ordering Activity or End User of the U.S. Government who purchases services and/or supplies through the issuance of a task order, delivery order and contract. A Licensee is not a government employee, or person acting on behalf of the Federal Government in his or her personal capacity.

"**Government Ordering Activity**" means here any executive agency or any independent establishment in the legislative or judicial branch of the Government (except the Senate, the House of Representatives, the Architect of the Capitol, and any activities under the Architect's direction).

"**License Documents**" means this EULA including any addenda, the License Model Schedule, all Transaction Documents (including pricing information), Documentation, the document entitled Third Party Notifications available at [www.opentext.com/agreements](http://www.opentext.com/agreements), and any other documents provided by OT setting out permitted uses of the Software;

"**License Fees**" means all non-refundable fees payable by Licensee to OT with respect to the granting of Software Licenses;

"**License Model**" means the description of the conditions, limitations and restrictions associated with the Software License which govern the use of the Software;

"**License Model Schedule**" for each individual Software License means the schedule entitled "License Model Schedule" attached hereto as Exhibit A.

"**Physical Media**" means the physical media or hardware containing or enabling Software, such as a compact disc; "**Reseller**" means an authorized OT reseller;

"**Software**" includes software products, Documentation, and Support Software licensed to Licensee under this EULA, including all copies made by Licensee; and may, where the meaning so implies, refer to all of the Software or portions thereof; "**Software License**" means a license for the Software granted under this EULA to the Licensee;

"**Support Software**" means all maintenance and support software, updates, upgrades, patches, fixes, modifications, , or new versions of the Software provided to Licensee pursuant to an OT maintenance and support program, together with all related Documentation provided to Licensee pursuant to such program;

"**Taxes**" means the sales, use, consumption, goods and services, and value-added taxes imposed by the appropriate governments arising out of granting of licenses and delivery of Software under this EULA, except taxes imposed on OT's income;

"**Third Party Software**" means software products owned and licensed directly by third parties to the end user;

"**Transaction Document**" includes: a) a written government task or delivery order schedule signed by both parties which references this EULA, b) a quotation issued by OT and signed by the Licensee, c) an invoice issued by OT, or d) any other document that references this EULA and is agreed to by OT in writing. If and to the extent of any inconsistency between two or more Transaction Documents, the priority of the Transaction Documents will be interpreted in the order listed above. All Transaction Documents are governed by this EULA.

## 2.0 OWNERSHIP OF THE SOFTWARE

**2.1 Ownership.** None of the Software is being sold. All ownership, intellectual property, and other rights and interests in the Software remain solely with Open Text Corporation, its Affiliates or its licensors. The source code of the Software is a trade secret of Open Text Corporation, its Affiliates or its licensors, and is their confidential information.

## 3.0 LICENSE GRANT

**3.1 Grant of License.** Except as otherwise stated in the License Documents and subject to Licensee's payment of the License Fees, OT grants to Licensee a worldwide, nonexclusive, perpetual (unless stated to be a time limited term), internal business use license

(unless otherwise stated in the License Model Schedule) to download, install and execute the Software identified in the applicable Transaction Document subject to the License Models, restrictions, quantities, conditions, and limitations stated in the License Documents. OT reserves all rights not expressly granted to Licensee in a written document signed by both parties.

**3.2 Applicable License Models.** The License Model and any restrictions for use of the Software will be stated in the Transaction Document.

**3.3 Allocation of Licenses.** Unless prohibited under the applicable License Document, the Licensee may allocate Software Licenses to an entity of the procuring federal agency, provided: (a) the Licensee remains responsible for the Affiliate's compliance with the License Documents; and (b) the Licensee is liable for any breach of the License Documents by an Affiliate.

#### 4.0 AUTHORIZED REPRODUCTIONS

**4.1 Software and Documentation.** Subject to the applicable License Model for the Software licensed hereunder, OT agrees that Licensee will have the rights to 1) use or copy for use Software licensed with computer(s) for which it was acquired, including use at the applicable Government installation to which the computer(s) may be transferred; 2) Used or copied for use with a backup computer if any computer for which it was acquired is inoperative; 3) reproduced for safekeeping (archives) or backup purposes; 4) disclose to and reproduce for use by support service contractors, subject to the restrictions set forth in the contract, and 5) use or copy for use with a replacement computer. Licensee may reproduce copies of the Software necessary for it to use the Software as licensed. Each copy of the Software made by Licensee must contain the same copyright and other notices that appear on the original copy. Licensee may not modify the Documentation. Documentation may: (a) only be used to support Licensee's use of the Software; (b) not be republished or redistributed to any unauthorized third party; and (c) not be distributed or used to conduct training for which Licensee, or any other party, receives a fee. Licensee will not copy any system schema reference document related to the Software.

#### 5.0 RESTRICTIONS

**5.1 General Restrictions.** Except as provided in the License Documents, Licensee will not and will not permit any other party to: (a) assign, transfer, give, distribute, reproduce, transmit, sell, lease, license, sublicense, publicly display or perform, redistribute or encumber the Software by any means, to any unauthorized party; (b) rent, loan or use the Software for service bureau or timesharing purposes, or in any other way allow third parties to access, use, and/or exploit the Software; (c) use the Software, in whole or in part, to create a competitive offering; (d) charge a fee to any party for access to or use of the Software; (e) use the Software in a manner inconsistent with the License Documents.

**5.2 Further Restrictions.** Licensee will not disclose to any unauthorized persons results of any benchmark or other performance, evaluation, or test run on or related to the Software. Licensee acknowledges that the Software is not fault-tolerant and not designed, manufactured, or intended for use or resale as online control equipment in hazardous environments requiring fail-safe performance and consequently will not use the Software for (w) the on-line control of aircraft, air traffic, aircraft navigation, or aircraft communications; (x) in the design, construction, operation or maintenance of any nuclear facility; (y) medical or surgical applications; or (z) any other application in which failure could cause personal injury or death. Except as expressly permitted under applicable law and granted herein, Licensee will not modify, adapt, translate, reverse engineer, decompile, disassemble, decrypt, port, emulate the functionality, reverse compile, reverse assemble, or otherwise reduce or attempt to discover any source code or underlying structures, ideas, or algorithms of the Software or any confidential information or trade secret.

**5.3 Derivative Works.** Licensee is prohibited from creating any change, translation, adaptation, arrangement, addition, modification, extension, upgrade, update, improvement, (including patentable improvements), new version, or other derivative work based on, incorporating, or using, the original Software. Notwithstanding, if any of the Software is provided to the Licensee in source code format (or any other format that can be modified), the Licensee may modify such portion of the Software for the sole purpose of using the Software in accordance with this EULA ("Licensee Software"). As between Licensee and OT, Licensee shall own all software prepared by Licensee using Licensee Software, except such portions of same which consist of Software which portions shall be excluded from the definition of "Licensee Software", shall remain solely owned by OT and/or OT's licensors, and shall be used by Licensee in accordance with the terms of this EULA for the sole purpose of Licensee conducting Licensee's internal business operations and not for any other purpose (including redistribution).

**5.4 Interfacing and Interactive Software.** Licensee may not permit any software products not licensed by OT to interface or interact with the Software, unless accomplished through the use of application program interfaces provided by OT.

#### 6.0 ORDERING SOFTWARE LICENSES

**6.1 Direct Orders.** Any supplies or services to be furnished under this EULA shall be ordered by issuance of delivery orders or task orders that shall be submitted directly to OT.

**6.2 Orders through an OT Reseller.** Software Licenses ordered through a Reseller are governed by the license grant set out in this EULA and the License Model description set out in the License Model Schedule. The License Model will be stated in an order document between Licensee and Reseller. If Reseller does not notify Licensee of the correct License Model, then the License Model for which OT has been paid License Fees will apply to the correct License Model.

**6.3 Risk of Loss and Shipping Terms.** The Software is deemed delivered on the earlier of (a) when it is made available by OT for electronic download, or (b) when OT delivers the Software on Physical Media. Title to the Physical Media and all risk of loss for the Physical Media will pass to Licensee when delivered by OT from OT's shipping facility or made available to Licensee for electronic download.

**6.4 Invoicing And Payment.** OT may invoice Licensee for License Fees. All License Fees due to OT by Licensee are due and payable in accordance with the terms and conditions of contract GS-35F-0480J.

**6.5 Over Usage.** OT may invoice Licensee for fees and payable by Licensee due to use of Software or access to the Software in excess of the number or type of Software Licenses negotiated and granted by OT and purchased by Licensee under the government contract.

#### 7.0 OT Support and Maintenance.

**7.1 OT Support and Maintenance Program.** All Support Software provided to Licensee under an OT maintenance or support program is governed by this EULA. The provision of maintenance and support services by OT will be governed by the then-current version of the applicable OT Software Maintenance Program Handbook (available upon request or at [www.opentext.com/agreements](http://www.opentext.com/agreements)).

## **8.0 Audits and Noncompliance.**

**8.1 Audit.** During the term of this EULA, Licensee will maintain electronic and other records sufficient for OT to confirm that Licensee has complied with this EULA. Licensee will promptly and accurately complete and return (no less than 30 days) any self-audit questionnaires, along with a certification by an authorized representative of Licensee confirming that Licensee's responses to the questionnaire accurately and fully reflect Licensee's usage of the Software. Furthermore, subject to government security requirements, OT may once per year audit Licensee's records to ensure Licensee has complied with this EULA. Licensee shall cooperate with OT's audit team accurately respond in a reasonable timeframe to, database queries, location information, system reports, and other reports requested by OT and provide a certification by an authorized representative of Licensee confirming that information provided by Licensee accurately reflects Licensee's usage of the Software.

**8.2 Conduct.** OT will coordinate with the Licensee's authorized representative and/or Contracting Officer the date and time to conduct such audit. Audits will be conducted during regular business hours and will not interfere unreasonably with Licensee's business. OT will provide Licensee with 15 days prior notice of each audit. OT will comply with all applicable data protection regulations.

**8.3 Noncompliance.** If Licensee is not in compliance with the Software Licenses, Licensee will be deemed to have acquired additional Software Licenses. Discrepancies found in an audit may result in a charge by OT or licensor to the ordering activity. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying Government contract or order. This charge, if disputed by the ordering activity, will be resolved through the Disputes clause at 522.212-4(d); no payment obligation shall arise on the part of the ordering activity until the conclusion of the dispute process. Any audit requested by OT will be performed at OT's expense, without reimbursement by the Government.

## **9.0 LIMITED WARRANTIES**

**9.1 Limited Software Warranty.** OT warrants to Licensee that Software: (a) will be free of all known viruses at the time of first delivery; and (b) will perform substantially in accordance with its accompanying Documentation for 60 days from the date of first delivery. OT's entire liability, and Licensee's sole remedy, for each breach by OT of the warranty in: (i) clause (a) is limited to requiring OT to deliver a replacement copy of the Software to Licensee free of known viruses; and (ii) clause (b) is limited to requiring OT to correct, repair or work around the portion of the Software giving rise to such breach within a commercially reasonable time. In the event OT is unable to fulfill or comply with the requirements of this entire paragraph 9.1, OT will refund all License Fees attributable to the portion of the Software giving rise to the breach.

**9.2 Warranty Exclusions.** The warranties do not apply to any breach caused by: (a) any unauthorized change to the Software, except where the changes were made by OT through Support Software; (b) Licensee's failure to provide a suitable installation or operating environment for the Software; (c) use of the Software on or caused by software, firmware, computer systems, data, technology or a hardware platform not approved by OT in writing; (d) any telecommunications medium such as internet connections, used by Licensee; (e) failure of Licensee or user to comply with the Documentation; or (f) failure of Licensee to report a warranty claim within the warranty period. OT does not warrant that the Software is error-free or will operate without interruption.

**9.3. WARRANTY DISCLAIMER.** EXCEPT FOR THE EXPRESS LIMITED WARRANTIES PROVIDED IN THIS SECTION, OT AND OT'S LICENSORS MAKE NO REPRESENTATIONS AND DISCLAIM ANY AND ALL EXPRESS, IMPLIED, OR STATUTORY WARRANTIES, WRITTEN OR ORAL, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR THE ADEQUACY OF THE SOFTWARE TO PRODUCE A PARTICULAR RESULT.

**9.4 Inability to Exclude Warranties.** If a jurisdiction applicable to this EULA restricts the exclusion of certain implied warranties, limitations on how long an implied warranty may last, or the exclusion or limitation of incidental, consequential, or special damages: (a) each warranty which cannot be excluded is limited in time to 60 days from the date of first delivery of the Software; and (b) OT's total liability to Licensee for breach of all such warranties are limited to the amount stated in the Limitation of Liability section and as expressly available under federal law.

## **10.0 OT INFRINGEMENT INDEMNITY**

### **10.1 Infringement Claims.**

Any clause of this EULA requiring the OT or licensor to defend or indemnify Licensee is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C. 516.

OT shall indemnify the Licensee and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this EULA, provided OT is reasonably notified of such claims and proceedings.

**10.2 Licensee Obligations.** Licensee shall notify OT in writing within 10 days of Licensee becoming aware of a Claim; (b) Licensee not making an admission against OT's interests unless made pursuant to a judicial request or order; (c) Licensee not agreeing to any settlement of any Claim without the prior written consent of OT; and (d) Licensee, at the request of OT, providing all reasonable assistance to OT in connection with the defense, litigation, and settlement by OT of the Claim; and (e) OT having sole control over the selection and retainer of legal counsel, and over the litigation or the settlement of each Claim. OT will indemnify Licensee from any judgment finally awarded, for which all avenues of appeal have been exhausted, or any final settlement in connection with any Claims, provided all the conditions of this section are satisfied.

**10.3 Licensee's Continued Use.** If the Software becomes the subject of a Claim, OT will, in its absolute discretion, either (a) obtain a license for Licensee to continue using the Software, (b) replace or modify the Software without unreasonable degradation in functionality or (c) terminate the Software License to the infringing portion of the Software and refund the unamortized portion of the License Fees received by OT and attributable to the infringing portion of the Software, based on a 3 year straight line amortization.

If OT or licensor believes the ordering activity to be in breach of the EULA it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in subparagraph (d) (Disputes).

## 11.0 LIMITATION OF LIABILITY

**11.1 EXCLUSION OF DAMAGES.** NOTWITHSTANDING ANY BREACH BY OT (INCLUDING FUNDAMENTAL BREACH) OR TERMINATION OF THIS EULA, OT IS NOT LIABLE TO LICENSEE OR TO ANY OTHER PARTY FOR: (A) ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, AGGRAVATED, EXEMPLARY, OR PUNITIVE DAMAGES; OR (B) ANY LOST SALES, LOST REVENUE, LOST PROFITS, LOST OR CORRUPTED DATA, OR REPROCUREMENT AMOUNT.

**11.2 LIMITATION OF LIABILITY.** OT'S AGGREGATE LIABILITY TO LICENSEE WILL NOT EXCEED THE TOTAL AMOUNT OF LICENSE FEES PAID TO OT UNDER THE RELEVANT TRANSACTION DOCUMENT. THE PARTIES WOULD NOT HAVE ENTERED INTO THIS EULA WITHOUT THIS SECTION. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from OT's negligence; (2) for fraud; (3) for any other matter for which liability cannot be excluded by law or (4) express remedies provided under an applicable FAR, GSAR or Schedule 70 solicitation clauses incorporated into the GSA Schedule 70 contract.

**11.3 DISCLAIMER.** THE LIMITATIONS IN THIS SECTION APPLY: (A) TO LIABILITY FOR NEGLIGENCE; (B) REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, EQUITY, AT LAW, STRICT PRODUCT LIABILITY, OR OTHERWISE; (C) EVEN IF OT IS ADVISED IN ADVANCE OF THE POSSIBILITY OF THE DAMAGES IN QUESTION AND EVEN IF SUCH DAMAGES WERE FORESEEABLE; AND (D) EVEN IF LICENSEE'S REMEDIES FAIL IN THEIR ESSENTIAL PURPOSE. IF THE APPLICATION OF THIS SECTION IS LIMITED BY LAW OT'S LIABILITY WILL BE LIMITED TO THE EXTENT PERMITTED BY LAW.

## 12.0 TERMINATION

### 12.1

Termination for Default by either party will be handled in accordance with FAR Subpart 12.302 and 12.4 FAR and Part 49, where applicable, and any breach is handled in accordance with The Contract Disputes Act.

**12.2 Effect of Termination or Expiration.** Upon any termination of this EULA, or license granted pursuant to this EULA, or upon expiration of a term license: (a) all Software Licenses will immediately terminate; (b) Licensee will immediately cease all use of the Software; and (c) Licensee must either deliver to OT or destroy all copies of Software, Documentation, and OT confidential information in Licensee's possession or control. Within 15 days after termination, an authorized representative of Licensee must certify in writing that all copies have been delivered to OT or destroyed. Any terms in this EULA which by their nature extend beyond termination or expiration of this EULA will remain in effect until fulfilled.

## 13.0 MISCELLANEOUS PROVISIONS

**13.1 Confidentiality.** Information exchanged under this EULA will be treated as confidential if identified as such at disclosure or if the circumstances of disclosure would reasonably indicate such treatment. Confidential information may only be used for the purpose of fulfilling obligations or exercising rights under this EULA and may only be shared with employees, agents, or contractors with a need to know such information. Confidential information will be protected using a reasonable degree of care to prevent unauthorized use or disclosure during the period the information remains confidential or a trade secret. These obligations do not cover information that (a) was known or becomes known to the receiving party without obligation of confidentiality; (b) is independently developed by the receiving party or (c) is required to be disclosed by law or a governmental agency. OT recognize that federal agencies are subject to the Freedom of Information Act (FOIA) (5 USC 552), which requires that information that does not fall under certain exceptions must be released when requested. OT acknowledge and agree to release information that courts of competent jurisdiction may require to be released in accordance with the Freedom of Information Act (FOIA) (5 USC 552), despite being characterized as "confidential" by OT.

**13.2 Automated Verification.** The Software may contain or require a license key to prevent unauthorized installation or to enforce limits of the Software License, and may contain devices or functionality to monitor Licensee's compliance with this EULA.

**13.3 Developer Tools.** OT is not responsible or liable for Licensee's development or use of additional software code or software products ("Licensee Software") using software developer tools licensed by OT.

**13.4 Independent Contractors.** OT and Licensee are independent contractors. Neither party has any authority to bind the other in any manner.

**13.5 Waiver, Amendment, Assignment.** Any amendment of this EULA must be in writing and signed by both parties. OT may not assign, transfer, or sublicense any portion of its interests, rights, or obligations under this EULA by written agreement, merger, consolidation, change of control, operation of law, or otherwise, without the prior written consent of the Contracting Officer. Neither party will be deemed to have waived any of its rights under this EULA by lapse of time or by any statement or representation other than by a written waiver by a duly authorized representative. No waiver of a breach of this EULA will constitute a waiver of any prior or subsequent breach of this EULA. An assignment in contravention of this section will be null and void. Except to the extent identified in this subsection, this EULA will be binding upon and inure to the benefit of the respective successors and assigns of the parties.

OT or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the credit card), OT may not assign its rights to receive payment under this contract.

**13.6 Governing Law.** This EULA is governed by the federal laws of the United States excluding (a) its conflicts or choice of law rules, and (b) the United Nations Convention on Contracts for the International Sale of Goods. The Uniform Computer Information Transactions Act, or any version, adopted by any state, does not apply to this EULA.

**13.7 Force Majeure.** OT shall be excused from delay if the occurrence for nonperformance is beyond the reasonable control of OT such in the cause of a force majeure such as Acts of God, or the public enemy, acts of the ordering activity in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers.

**13.8 Severability.** If any provision of this EULA is deemed contrary to applicable law or unenforceable by a court of competent jurisdiction, the provision will be severed from this EULA and all remaining provisions will continue in full force.

**13.9 Export Laws.** The Software, including Documentation, is subject to U.S. export control laws, including the U.S. Export Administration Act and its associated regulations, and may be subject to export or import regulations in other countries. Licensee will comply strictly with all regulations and has the responsibility to obtain any licenses required to export, re-export, or import Software or Documentation.

**13.10** Omitted

**13.11 Attribution Notices.** Licensee will not remove, modify, obscure, resize, or relocate any ownership, attribution, or branding notices from the Software. Licensee is not liable for the disclosure, use, or reproduction of such Software that was delivered with omitted markings.

**13.12 Resale of Third Party Software.** The use of any Third Party Software resold by OT to the Licensee will be governed by a license agreement between the Third Party Software owner and the Licensee. OT does not provide any warranties related to the Third Party Software. OT has no liability or obligation to the Licensee related to the Third Party Software.

**13.13 Entire License Agreement.** The executed License Documents, the underlying GSA Schedule Contract, the Schedule Pricelist and any applicable purchase, task or delivery Orders, and Statement of Works including all exhibits and attachments, if any, set forth the entire agreement between the parties with respect to this subject matter, and supersede all other related oral and unexecuted written agreements and communications between the parties. Neither party has relied upon such other agreements or communications. Any purchase order terms which purport to amend or modify terms of the License Documents unless expressly executed by bilateral agreement, or which conflict with the License Documents are void.

**13.14 Third Party Rights.** This EULA does not confer a benefit on, and is not enforceable by, any person or entity who is not a party to this EULA.

**13.15 Legal Review and Interpretation.** Both parties have had an opportunity for legal review of the License Documents. The parties agree that the License Documents result from negotiation between the parties. The License Documents will not be construed in favor of or against either party by reason of authorship. The headings used in this EULA are for convenience only. The term section refers to all subsections below a section heading (i.e. 3.0) and the term subsection refers to sequentially numbered subsections following a section. The parties confirm that this Agreement and all related documentation is and will be in the English language.

**13.16 Notices.** Any notice under this EULA that must be given by a party in writing is deemed effective when sent either: (a) via certified or registered mail, postage prepaid, or (b) via express mail or nationally recognized courier service to the other party's address specified in this EULA or on the most recent Transaction Document. Notices to OT will also be sent to OT's general counsel at 275 Frank Tompa Drive, Waterloo, Ontario Canada, N2L 0A1.

OROCK TECHNOLOGIES, INC.  
11921 FREEDOM DR  
SUITE 1180  
RESTON, VA 20190

ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

OROCK TECHNOLOGIES, INC.

OROCK TECHNOLOGIES, INC. END USER LICENSE AGREEMENT

---

This End User License Agreement (this "Agreement") is between ORock Technologies, Inc., a Delaware corporation ("ORock"), and the Ordering Activity under GSA Schedule Contracts ("Customer" or "Ordering Activity"). This Agreement sets forth the terms and conditions that govern sales or purchase orders ("Orders") placed by Customer for Services under this Agreement. All capitalized terms used herein shall have the meaning set forth in Appendix TERM OF AGREEMENT

This Agreement is valid for the Order(s) which this Agreement accompanies, unless terminated sooner as provided herein. Additionally, this Agreement will automatically terminate when the Service Periods for all Orders have ended. The agreement will remain valid for any extensions or modifications to the original order.

#### RIGHTS GRANTED

2.1. For the duration of the Services Period and subject to Customer's payment obligations and other obligations set forth in this Agreement, and except as otherwise set forth in this Agreement or the Order(s), Customer has the non-exclusive, non-assignable, royalty free, worldwide limited right to access and use the Services selected in the Order(s), including anything developed by ORock and delivered to Customer as part of the Services subject to the terms of this Agreement, the Order(s), and the other Schedules referenced herein. Customer is responsible for Users' compliance with this Agreement and the Order, as well as all User actions or inactions when using or accessing the Services.

2.2. Customer does not acquire under this Agreement any right or license to use the Services, including the ORock Software and ORock Infrastructure, in excess of the scope and/or duration of the Services stated in the Order(s) and the Service Descriptions. Upon the conclusion of the Services Period relating to the Services ordered, Customer's right to access and use the Services will immediately terminate.

2.3. To enable ORock to provide Customer and Users with the Services, Customer grants ORock the right to use, process and transmit, as applicable, and in accordance with this Agreement and the Order(s), Customer-Controlled Infrastructure, Customer Hardware, Customer Content and Customer Applications for the duration of the Services Period plus any additional post-termination period during which ORock provides Customer with access to retrieve an export file of Customer Content and Customer Applications. If Customer Applications include third party Software, Customer acknowledges that ORock may allow providers of the third-party Software to access the ORock Infrastructure, including Customer-Controlled Infrastructure, Customer Hardware, Customer Content and Customer Applications, as required for license compliance and/or the interoperation of such third-party Software with the Services.

2.4. Customer acknowledges that ORock has no delivery obligation for ORock Software and will not ship copies of such programs to Customer as part of the Services.

2.5. Certain Services may contain or require the use of Separately Licensed Third-Party Technology. Customer is responsible for complying with the Separate Terms specified by ORock that govern Customer's use of Separately Licensed Third-Party Technology. If an Order includes Separately Licensed Third-Party Technology that requires Separate Terms, such Separate Terms will be set forth in the Order. ORock may provide certain notices to Customer in the Program Documentation, readme or notice files in connection with such Separately Licensed Third-Party Technology, and such notices will not bind the Ordering Activity to any Third-Party terms unless the terms are provided for review and agreed to in writing by all parties. The third-party owner, author or provider of such Separately Licensed Third-Party Technology retains all ownership and Intellectual Property rights in and to such Separately Licensed Third-Party Technology.

2.6. As part of certain Services, ORock may provide Customer with access to Third Party Content within the ORock Infrastructure. The type and scope of any Third-Party Content is defined in the Order(s). The Third-Party owner, author or provider of such Third-Party Content retains all ownership and Intellectual Property rights in and to that content, and such Third-Party Content may have additional terms applicable to such content as specified by such third-party owner, author or provider.

#### OWNERSHIP AND RESTRICTIONS

3.1. Customer retains all ownership and Intellectual Property rights in and to Customer Content, Customer Hardware, and Customer Applications, except as expressly provided herein. ORock or its licensors retain all ownership and Intellectual Property rights to the ORock Infrastructure, Services, including ORock Software and Ancillary Programs, Separately Licensed Third-Party Technology, and to anything developed or delivered by or on behalf of ORock under this Agreement. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost.

3.2. Customer may not, or cause or permit others to:

remove or modify any program markings or any notice of ORock's or its licensors' proprietary rights; make the programs or materials resulting from the Services (excluding Customer Content and Customer Applications) available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific Services Customer has acquired); modify, make derivative works of, disassemble, decompile, or reverse engineer any part of the ORock Infrastructure or the Services (the foregoing prohibition includes, but is not limited to, review of data structures or similar materials produced by programs), or access or use the ORock Infrastructure or Services in order to build or support, and/or assist a third party in building or supporting, products or services competitive to ORock; perform or disclose any benchmark or performance tests of the Services, including the ORock Software; perform or disclose any of the following security testing of the ORock Infrastructure or the Services without ORock's prior written consent: the ORock Assessment, network discovery, port and service identification, vulnerability scanning, password cracking, remote access testing, or penetration testing

3.3. The rights granted to Customer under this Agreement are also conditioned on the following:

except as expressly provided herein, no part of the Services may be copied, reproduced, distributed, republished, downloaded, displayed, posted or transmitted in any form or by any means, including but not limited to electronic, mechanical, photocopying, recording, or other means; and Customer makes every reasonable effort to prevent unauthorized third parties from accessing the Services.

## THE SERVICES

4.1. The Services are subject to and governed by the Service Descriptions applicable to the Services subscribed and described in executed Order(s). At ORock's discretion and at ORock's expense, customer agrees to have a qualified third party conduct an ORock Assessment (audit) for compliance with the Service Descriptions, of the Customer's intended use of the Services, including, but not limited to, any applicable Separately Licensed Third-Party Technology which is licensed by Customer or any Third-Party Software. Such ORock Assessment will be made pursuant to the terms set forth on Service Descriptions provided on the quote and accepted order. Customer acknowledges that use of the Services in a manner not consistent with the Service Descriptions on the Order may adversely affect Services performance and/or may result in additional fees in accordance with the GSA Pricelist. If the Services permit Customer to exceed the ordered quantity (e.g., limits on counts for Users, sessions, storage, compute, data transport, etc.), then Customer is responsible for promptly purchasing additional quantity to account for Customer's excess usage and will be invoiced by ORock accordingly. Any such assessment will not happen more than once in a 12-month period and will be subject to applicable Government Security requirements.

4.2. ORock may make non-material changes or updates to the Services (such as infrastructure, security, technical configurations, application features, etc.) from time to time during the Services Period, including to reflect changes in technology, industry practices, governmental requirements, changes in applicable standards, patterns of system use, security, privacy, and availability of Third-Party Content. The Service Descriptions are subject to change at ORock's discretion; however, ORock changes to the Service Descriptions will not result in a material reduction in the level of performance or availability of the applicable Services provided to Customer for the duration of the Services Period.

4.3. The Order(s) will specify the Data Center Location in which the applicable Customer Hardware, Customer-Controlled Infrastructure, including, but not limited to any Customer Content, Separately Licensed Third-Party Technology which is licensed by Customer, and Customer Applications will reside on the ORock Infrastructure. As described in the order, Service Descriptions and to the extent applicable to the Services that Customer has ordered, ORock will provide production, test, quality assurance, and backup systems within the Customer Environment. ORock and its Affiliates may perform certain aspects of Services, such as service administration and support, as well as other Services (including Professional Services and disaster recovery), from locations and/or through use of subcontractors, worldwide. ORock will remain responsible for work performed by its Affiliates and/or subcontractors.

4.4. This Agreement may also be referenced for any purchase that increases the quantity of the original Services ordered, for any Services options offered by ORock for the original Services ordered and for any additional Services. Any additional Services ordered during the Services Period will be co-terminus with the Services on the original Order unless otherwise provided on the Order.

4.5. In the event that the Customer desires to utilize ORock's Federal Authorization Application Services ("FAAS"), Customer and ORock will enter into a separate Professional Services Agreement in the form attached hereto as Schedule A, which will define the services to be performed in one or more statements of work. ORock may also perform certain Services in accordance with the terms of other professional services agreements to be mutually agreed upon between Customer and ORock.

## USE OF THE SERVICES

5.1. Customer is responsible for identifying and authenticating all Users, for approving access by such Users to the Services, Separately Licensed Third-Party Technology and Customer Applications, for controlling against unauthorized access by Users, and for maintaining the confidentiality of usernames, passwords and account information. Customer is also responsible for controlling against unauthorized access to Customer-Controlled Infrastructure, except to the extent such unauthorized access is caused directly by ORock's breach of its obligations under this Agreement. Customer shall ensure that Customer-Controlled Infrastructure, Customer Hardware, Customer Content and Customer Applications are free from malware, including without limitation, viruses, trojan horses and worms, that could affect the Services, ORock Infrastructure, ORock Software or any ORock Customers. By associating Customer's and Users' usernames, passwords and accounts with ORock, Customer accepts responsibility for the timely and proper termination of User records in Customer's local (intranet) identity infrastructure or on Customer's local computers. Customer is responsible for any actions taken by their Users in the CustomerControlled Infrastructure. ORock is not responsible for any harm caused by Users, including individuals who were not authorized to have access to the Services but who were able to gain access because usernames, passwords or accounts were not confidentially maintained or were not terminated on a timely basis in Customer's local identity management infrastructure or Customer's local computers. Customer is responsible for all activities that occur under Customer's and Users' usernames, passwords or accounts or as a result of Customer's or Users' access to the Services, and Customer agrees to notify ORock immediately of any unauthorized use of the Services, Customer-Controlled Infrastructure, or Customer Applications.

5.2. Customer agrees not to use or permit use of the Services, including by uploading, emailing, posting, publishing or otherwise transmitting any material, including Customer Content, Customer Applications and Third Party Content, for any purpose that may (a) menace or harass any person or cause damage or injury to any person or property, (b) involve the publication of any material that is false, defamatory, harassing or obscene, (c) violate privacy rights or promote bigotry, racism, hatred or harm, (d) constitute unsolicited bulk e-mail, "junk mail", "spam" or chain letters; (e) constitute an infringement of Intellectual Property or other proprietary rights, or (f) otherwise violate applicable Laws. In addition to any other rights afforded to ORock under this Agreement, ORock reserves the right, but has no obligation, to take remedial action if any material violates the foregoing restrictions, including the temporary removal or disablement of access to such material. ORock shall have no liability to Customer if ORock takes such action; however, permanent removal or disablement of access to such material requires the Ordering Activity's written consent or must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). Customer shall have sole responsibility for the obtaining appropriate consent for use, confidentiality, accuracy, quality, integrity, availability, legality, reliability, appropriateness and ownership, of all of Customer Content and Customer Applications.

5.3. Customer is required to accept all Patches, bug fixes, updates, maintenance and service packs (collectively, "Patches") necessary for the proper function and security of the Services and the ORock Infrastructure, including for the ORock Software, as such Patches are generally released by ORock. Except for emergency or security-related maintenance activities, ORock will coordinate with its customers regarding the scheduling of application of Patches, where possible, based on ORock's next available standard maintenance window.

5.4. Reserved.

## **FEES AND TAXES**

6.1. All fees payable to ORock in accordance with the GSA Pricelist are due net 30 from the invoice receipt date which will not be issued until access is provided to Customer. The contract price excludes all state and local taxes levied or measured by the contract or sales price of the services or completed supplies furnished under this agreement. ORock shall state separately on its invoices that taxes are excluded from the fees and the Ordering Activity agrees to either pay the amount of the taxes to ORock or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

6.2. Customer understands that Customer may receive multiple invoices for the Services it ordered. Invoices will be submitted to Customer pursuant to ORock's invoicing policy.

6.3. Customer agrees and acknowledges that it has not relied on the future availability of any services, programs or updates in entering into the payment obligations in the Order(s); however, the preceding does not relieve ORock of its obligation during the Services Period to deliver Services that Customer has ordered per the terms of this Agreement.

## **SERVICES PERIOD; END OF SERVICES**

7.1. Services provided under this Agreement shall be provided for the Services Period defined in the Order(s), unless earlier suspended or terminated in accordance with this Agreement or the Order.

7.2. Upon the end of the Services, Customer no longer has rights to access or use the Services, including the associated ORock Software and ORock Infrastructure; however, at Customer's request, and for a period of up to ninety (90) days after the end of the applicable Services or such later date as mutually agreed between the parties, ORock will make available to Customer, Customer Content and Customer Applications as existing in the ORock Infrastructure on the date of termination. Customer will continue to pay for the Services during such ninety (90) day period at the then current GSA pricelist fees being charged to the Customer. At the end of such ninety (90) day period, and except as may be required by Law, ORock will delete or otherwise render inaccessible by Customer any of the Customer-Controlled Infrastructure, Customer Hardware, Customer Content and Customer Applications that remain in the ORock Infrastructure.

7.3. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, ORock shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

7.4. If this Agreement is terminated by Customer for any other reason, Customer will pay to ORock, on the date of termination, the total amount due for all Services ordered and performed under the Agreement up to the date of termination.

7.5. Provisions that survive termination or expiration of this Agreement are those relating to limitation of liability, infringement indemnity, payment and others which by their nature are intended to survive including, but not limited to, Sections 3, 6, 7, 8, 11, 12, 15, 16, 18, 19, 20 and 21.

7.6. As part of the Services, ORock shall develop and upon Customer's approval, implement and perform all functions and services necessary to accomplish the successful transition to Customer as described in a transition plan ("Transition Plan") attached to or incorporated within the applicable Order (the "Transition Services"). ORock shall perform the Transition Services in accordance with the Transition Plan without causing a disruption to Customer's business. The Transition Plan shall include a Transition acceptance test for each Service that is transitioned that will ensure a complete and satisfactory transition of Services. ORock shall perform a posttransition review within thirty (30) days of the transition completion date to ensure stabilization of the transitioned environment. Any separate fees for the Transition Services shall be as set forth in the applicable Order and/or GSA pricelist.

7.7. During the period ORock is providing Transition Services, ORock shall maintain a "critical path analysis" for the transition project that will indicate the impact on the transition project time schedule and transition milestones based upon any occurrences of acts, omissions or breaches by ORock, Customer or third parties. ORock's critical path analysis shall be provided to and reviewed with Customer on at least a weekly basis and shall be presented to the management of Customer at each meeting during the transition project.

7.8. Certain Orders may require the transfer or management of equipment, facilities or third-party contracts to ORock. All such transfers or management responsibilities will be identified in the Order and shall contain additional terms and conditions with respect to such assets, as applicable.

## NONDISCLOSURE

8.1. By this Agreement, the parties may have access to information that is confidential to one another ("Confidential Information"). The parties each agree to disclose only information that is required for the performance of obligations under this Agreement. Confidential information shall be limited to Customer Content, Customer Applications residing in the ORock Infrastructure, the specifications or other details of the ORock Infrastructure made available to Customer, all information clearly identified as confidential at the time of disclosure and all information that by its nature or the circumstances of its disclosure a reasonable person would conclude is confidential and/or proprietary. Other than Customer's use of the Cloud Services, Customer shall not provide any Personal Data (except business card information of Customer representatives), personally identifiable information, personal health information or other similar information to ORock.

8.2. A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party, without the use of Confidential Information, as evidenced by written documentation.

8.3. The parties each agree not to disclose each other's Confidential Information to any third party other than as set forth in the following sentence for a period of five (5) years from the termination of this Agreement; however, Customer's Confidential Information that resides within the Customer-Controlled Infrastructure shall not be available to ORock in unencrypted form, and ORock shall not itself provide any such Customer Content to a third party, except as directed by Customer as part of Customer's use of the Services. Each party may disclose Confidential Information only in connection with the Services and then only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under this Agreement. ORock will protect the confidentiality of Customer Content or Customer Applications residing in the ORock Infrastructure in accordance with the ORock security practices applicable to the Order(s).

8.4. Nothing shall prevent either party from disclosing any information, including Customer Content or Confidential Information under this Agreement as required by Law; provided, however, in the event of the foregoing, the disclosing party shall provide advance written notification to the nondisclosing party.

8.5 Notwithstanding the foregoing, ORock recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor.

## DATA PROTECTION AND SECURITY

9.1. In performing the Services, ORock will comply with the *ORock Services Privacy Policy*, which is attached hereto as Schedule F. and applicable to the Ordering Activity's purchase of Cloud Services hereunder

9.2. ORock shall be responsible for maintaining the Services and the ORock Base Infrastructure in accordance with the following:

a) The Cloud Services and the ORock Base Infrastructure have each been Validated as set forth in the ORock Assessment.

i. ORock will not materially reduce the overall level of controls identified in the ORock Assessment during the Services Period; ii. ORock will provide the Customer access to the ORock Assessment; and iii. Validation of each of the Cloud Services and the ORock Base Infrastructure demonstrates the Cloud Services and the ORock Base Infrastructure to be consistent with the NIST Framework for Improving Critical Infrastructure Cybersecurity.

9.3. Customer is responsible for the security of Customer-Controlled Infrastructure, and the Customer Applications. As a condition to using the Customer-Controlled Infrastructure in connection with the Services or ORock Base Infrastructure, Customer must satisfy, as determined in ORock's sole discretion, the minimum requirements set forth in the Procedures Manual. Customer is responsible for any security vulnerabilities, and the consequences of such vulnerabilities, arising from Customer's configuration and use of the Customer-Controlled Infrastructure, Customer Content and Customer Applications, including, but not limited to, any viruses, Trojan horses, worms or other programming routines contained in Customer Content or Customer Applications that could limit or harm the functionality of a computer or that could damage, intercept or expropriate data.

9.4. ORock's Data Processing Terms for ORock Services (the "Data Processing Terms"), which is available at Schedule B and incorporated herein by reference, describes the parties' respective roles for the processing and control of Customer Content that Customer provides to ORock as part of the Services. ORock will act as a data processor and will act on Customer's instruction concerning the treatment of Customer Data residing in the ORock Infrastructure, including the Customer-Controlled Infrastructure, as specified in this Agreement, the Data Processing Terms and the applicable Order. Customer agrees to provide any notices and obtain any consents related to Customer's use of the Services and ORock's provision of the Services, including those related to the collection, use, processing, transfer and disclosure of Customer Content.

## 9.5. COMPLIANCE WITH LAWS.

All Services hereunder shall be performed by ORock in compliance with all Laws as they relate to delivery of the Services or ORock's business or operations, ("ORock Laws"). Without limitation to the foregoing, ORock shall reasonably cooperate with and assist Customer in complying with all Laws, including without limitation export Laws and import Laws of the United States and other countries, as applicable to Customer in connection with its receipt of the Services. Customer is responsible for complying with all Laws in connection with their use of the Cloud Services. Customer will conduct appropriate assessments, when combined with the ORock Assessment, will ensure that all Laws are met by Customer's use of the Services.

The Services are designed to allow Customer to configure the Customer-Controlled Infrastructure, when combined with the ORock Base Infrastructure, to comply with Laws related to privacy and data security, including, but not limited to Gramm-Leach-Bliley Act of 1999 ("GLBA"), the Federal Information Security Management Act of 2002 ("FISMA"), and Massachusetts 201 CMR 17.00, the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") (collectively, "Privacy and Security Laws"). The Services are designed such that the Customer Content will be encrypted and ORock will not have access to the encryption keys; therefore, ORock will not have access to Customer Content and will not have the ability to take action relating to the Services necessary to implement the standards and requirements of HIPAA and regulations issued thereunder, any other Laws applicable to the exchange of health information by electronic means, GLBA, FISMA, and any other applicable Privacy and Security Laws regarding the privacy of information pertaining to individuals (collectively, Privacy and Security Compliance").

Except as set forth herein, Customer shall be responsible for all such Privacy and Security Compliance.

If Customer is an educational agency or institution to which regulations under the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g ("FERPA") apply, ORock acknowledges that ORock may be a "school official" with "legitimate educational interests" in Customer Content, as those terms have been defined under FERPA and its implementing regulations, and ORock agrees to abide by the limitations and requirements imposed by 34 CFR 99.33(a) on school officials. Customer understands that ORock may possess limited or no contact information for Customer's students and students' parents. Consequently, Customer will be responsible for obtaining any parental consent for any User's use of the Services that may be required by applicable Law and to convey notification on behalf of ORock to students (or, with respect to a student under 18 years of age and not in attendance at a postsecondary institution, to the student's parent) of any judicial order or lawfully-issued subpoena requiring the disclosure of Customer

Content in ORock's possession as may be required under applicable Law. If Customer is a "covered entity" or a "business associate" and includes "protected health information" (as each of those terms are defined in 45 CFR § 160.103) in Customer Content, Customer's Agreement includes execution of the HIPAA Business Associate Agreement ("BAA"), the full text of which identifies the Services to which it applies.

Customer agrees that it has not received or been offered any illegal or improper bribe, kickback, payment, gift, or thing of value from any of ORock's employees or agents in connection with this Agreement. Reasonable gifts and entertainment provided in the ordinary course of business do not violate the above restriction. If Customer learns of any violation of the above restriction, Customer will use reasonable efforts to promptly notify the legal department of ORock at [legalcompliance@orocktech.com](mailto:legalcompliance@orocktech.com).

Federal Acquisition Regulation flowdowns, as applicable. See Schedule C.

If ORock becomes aware of any unlawful access to any Customer Content stored on ORock Infrastructure, or unauthorized access to such equipment or facilities resulting in loss, disclosure, or alteration of Customer Content (each a "Security Incident"), ORock will (1) promptly notify Customer of the Security Incident, but in any event within seventy two (72) hours; (2) investigate the Security Incident and provide Customer with detailed information about the Security Incident; and (3) take reasonable steps to mitigate the effects and to minimize any damage resulting from the Security Incident. Notification(s) of Security Incidents will be delivered to one or more of

Customer's administrators by any means ORock selects, including via email. It is Customer's sole responsibility to ensure Customer's administrators maintain accurate contact information on each applicable Services portal. ORock's obligation to report or respond to a Security Incident under this section is not an acknowledgement by ORock of any fault or liability with respect to the Security Incident.

ORock shall, upon Customer's direction or governmental order, permit applicable government authorities to audit Customer Content and the Services and ORock Infrastructure, to the extent either directly relates to Customer Content. Customer hereby agrees and consents to such access and audits. In lieu of any audit or assessment by Customer of the ORock Infrastructure, ORock will provide Customer and any regulator of Customer who so requires, access to the ORock Assessment, subject to ORock's reasonable security processes and requirements which may include coming to ORock's premises for review.

By purchasing the Services, Customer agrees to the Data Processing Terms set forth as Schedule B.

As set forth above, the Services are designed to allow Customer to configure the Customer-Controlled Infrastructure and Customer Applications, when combined with the ORock Base Infrastructure, to keep all of Customer Content that is Nonpublic Personal Information (as defined in the GLBA) and the Interagency Guidelines Establishing Information Security Standards adopted by the federal regulators of depository institutions (the "Security Standards") confidential

and will allow such maintenance and use of such information in accordance with applicable Laws, rules, and regulations, including but not limited to the GLBA. ORock acknowledges the importance of maintaining the security and integrity of Nonpublic Personal Information and agrees to take all steps reasonably necessary to provide Customer with the means to configure the Customer-Controlled Infrastructure to prevent the unauthorized disclosure or use of the Nonpublic Personal Information and to prevent the Nonpublic Personal Information from entering the public domain. ORock hereby represents and warrants that it is familiar with the Security Standards and agrees to provide Customer with the means to configure the Customer-Controlled Infrastructure to implement and maintain through the Services Period appropriate security measures designed to meet the objectives of the Security Standards, which include (i) ensuring the security and confidentiality of customers' Nonpublic Personal Information; (ii) protecting against anticipated threats and hazards to the security and integrity of such information; (iii) protecting against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customers; and (iv) ensuring the proper disposal of customers' Nonpublic Personal Information

## WARRANTIES, DISCLAIMERS AND EXCLUSIVE REMEDIES

10.1. ORock warrants that it will perform Services in all material respects as described in the Service Description. If the Services provided to Customer were not performed as warranted, Customer must promptly provide written notice to ORock that describes the deficiency in the Services (including, as applicable, the service request number notifying ORock of the deficiency in the Services).

10.2. In the event that Customer places Customer Hardware in any of the Customer-Controlled Infrastructure, the warranties contained in this Agreement shall be invalid, the Data and Security Provisions set forth in Section 9 will be inapplicable, the Service Level Agreement, or SLAs, set forth in Schedule D will be inapplicable, and the Support Agreement set forth in Schedule E will be inapplicable, and ORock will not provide any indemnification related to the Customer Hardware or ORock Infrastructure.

10.3. ORock does not guarantee that (a) the Services will be performed error-free or uninterrupted, or that ORock will correct all Services errors, (b) the Services will operate in combination with Customer Content or Customer Applications, or with any other hardware, software, systems or data not provided by ORock, (c) the Services will meet Customer's Requirements, specifications or expectations and (d) the functionality or security of Customer-Controlled Infrastructure. Customer acknowledges that ORock does not control the transfer of data over communications facilities, including the internet, and that the Services may be subject to limitations, delays, and other problems inherent in the use of such communications facilities. ORock is not responsible for any delays, delivery failures, or other damage resulting from such problems. ORock is not responsible for any issues related to the

performance, operation or security of the Services that arise from Customer Content, Customer Applications or Third-Party Content. ORock does not make any representation or warranty regarding the reliability, accuracy, completeness, correctness, or usefulness of Third-Party Content or Separately Licensed Third-Party Technology, and disclaims all liabilities arising from or related to Third Party Content and Separately Licensed Third-Party Technology.

10.4. For any breach of the Services warranty, Customer's exclusive remedy and ORock's entire liability shall be the correction of the deficient Services that caused the breach of warranty, or, if ORock cannot substantially correct the deficiency in a commercially reasonable manner, Customer may end the deficient Services and ORock will refund to Customer the fees for the terminated Services that Customer pre-paid to ORock for the period following the effective date of termination.

10.5. To the extent not prohibited by Law, these warranties are exclusive and there are no other express or implied warranties or conditions, including, but not limited, for software, hardware, systems, networks or environments or for merchantability, satisfactory quality, non-infringement, quiet enjoyment, fitness for a particular purpose or any warranties arising out of any course of dealing or usage of trade.

10.6. Reserved.

## LIMITATION OF LIABILITY

Neither ORock nor its Affiliates will be liable for any indirect, incidental, special, punitive, or consequential damages, or any loss of revenue or profits, data, or data use, even if a party has been advised of the possibility of such damages. Further, neither ORock nor any of its Affiliates or licensors will be responsible for any compensation, reimbursement, or damages arising in connection with: (a) Customer's inability to use the Services, including as a result of any (i) termination or suspension of this Agreement or Customer's use of or access to the Services in accordance with the FAR and Contract Disputes Act, (ii) [reserved], or, (iii) without limiting any obligations under the SLA, any unanticipated or unscheduled downtime of all or a portion of the Services for any reason, including as a result of power outages, system failures or other interruptions; (b) the cost of procurement of substitute goods or services; or (c) Customer Controlled Infrastructure. ORock's maximum liability for all damages arising out of or related to this agreement and the Order(s), whether in contract or tort, or otherwise, shall in no event exceed, in the aggregate, the amount of the Contract Price paid. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from O'Rock's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

## INDEMNIFICATION

12.1. Indemnification by ORock. Unless prohibited by applicable Law, ORock shall indemnify, defend and pay for any third party damages, losses, liabilities, costs and expenses (including reasonable attorneys' fees) (collectively, "Losses") awarded by a court of competent jurisdiction or agreed to in a settlement arising from or related to a third party's claim that the Services, ORock Software or ORock Base Infrastructure infringes, misappropriates or otherwise violates the third party's US patents or copyrights (collectively "Intellectual Property Rights"). The foregoing indemnification is contingent upon Customer (i) notifying ORock promptly in writing, not later than 30 days after Customer receives notice of the claim (or sooner if required by applicable Law); (ii) giving ORock control of the defense and any settlement negotiations; and (iii) giving ORock the information, authority and assistance ORock needs to defend against or settle the claim. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

12.2. Indemnification Exclusions. Notwithstanding anything to the contrary in this Agreement, ORock shall not indemnify, defend or hold Customer harmless from or against Losses, to the extent the Losses arise from or relate to (i) Customer configuration of Customer-Controlled Infrastructure; (ii) Customer's alterations or unauthorized use of the Services, ORock Software or ORock Base Infrastructure; (iii) Customer using a version of the Services, ORock Software or ORock Base Infrastructure which has been superseded, if the Losses could have been avoided by using an unaltered current version which was made available to Customer, (iv) Customer continuing to use the applicable Services, ORock Software or ORock Infrastructure after the end of the license, or (v) Customer Hardware, Customer Content, or Customer Applications. ORock will not indemnify Customer for any portion of an infringement claim that is based upon the combination of the Services, ORock Software or ORock Infrastructure with any products or services not provided by ORock, including without limitation the Customer-Controlled Infrastructure, Customer Applications, Separately Licensed Third-Party Technology, and Customer Hardware. ORock will not indemnify Customer to the extent that an infringement claim is based on Customer Content,

Third Party Content or any other material from a third-party portal or other external source that is accessible to Customer within or from the Services. ORock will not indemnify Customer for infringement caused by Customer's actions against any third party if the Services, ORock Software or ORock Infrastructure as delivered to Customer and used in accordance with the terms of this Agreement would not otherwise infringe any third-party Intellectual Property rights. ORock will not indemnify Customer for any Intellectual Property infringement claim(s) known to Customer at the time Customer's rights to Services, ORock Software or ORock Infrastructure are obtained.

12.3. Infringement Claims. If ORock believes or it is determined that the Services, ORock Software or ORock Infrastructure or any part thereof may have violated a third party's Intellectual Property Rights, ORock may choose to either modify the Services, ORock Software or ORock Infrastructure to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, ORock may end the license for, and require Customer to cease use of, in whole or in part, the Services, ORock Software and/or ORock Infrastructure and refund any unused, prepaid fees Customer may have paid to ORock for such Services, ORock Software and/or ORock Infrastructure. If such action materially affects ORock's ability to meet its obligations under the relevant Order, then ORock may, at its option and upon 60 days prior written notice, terminate or modify the Order.

12.4. Reserved. Customer Controlled Infrastructure, Customer Content, Customer Hardware or Customer Applications.

12.5. This Section 12 provides Customer's exclusive remedy for any claims or damages related to ORock's alleged infringement, misappropriation or other violation of a third-party Intellectual Property right.

### THIRD PARTY WEB SITES, CONTENT, PRODUCTS AND SERVICES

13.1. The Services may enable Customer to link to, transmit Customer Content to, or otherwise access, other web sites, content, products, services, and information of third parties. Customer acknowledges and agrees that ORock does not control and is not responsible for such web sites or any such content, products, services and information accessible from or provided through the Services, and Customer bears all risks associated with access to and use of such websites and Third-Party Content, products, services and information.

13.2. Any Third-Party Content made accessible by ORock in or through the ORock infrastructure or Services is provided on an “as-is” and “as available” basis without any warranty or any kind, and ORock hereby disclaims all warranties, whether express or implied, relating to Third Party Content. Third Party Content may be indecent, offensive, inaccurate, infringing or otherwise objectionable or unlawful, and Customer acknowledges that ORock is not responsible for and under no obligation to control, monitor or correct Third Party Content; however, ORock reserves the right to take remedial action if any such content violates applicable restrictions under this Agreement, including the removal of, or disablement of access to, such content.

13.3. Customer acknowledges that: (i) the nature, type, quality and availability of Third-Party Content may change at any time during the Services Period, and (ii) features of the Services that interoperate with third parties (each, a “Third Party Service”), depend on the continuing availability of such third parties’ respective application programming interfaces (APIs) for use with the Services. ORock may update, change or modify the Services under this Agreement as a result of a change in, or unavailability of, such Third-Party Content, Third Party Services or APIs. If any third-party ceases to make its Third-Party Content or APIs available on reasonable terms for the Services, as determined by ORock in its sole discretion, ORock may cease providing access to the affected Third-Party Content or Third-Party Services without any liability to Customer. Any changes to Third Party Content, Third Party Services or APIs, including their availability or unavailability, during the Services Period does not affect Customer’s obligations under this Agreement or the applicable Order, and Customer will not be entitled to any refund, credit or other compensation due to any such changes.

### SERVICES TOOLS AND ANCILLARY PROGRAMS

14.1. ORock may use Tools, scripts, software, and utilities (collectively, the “Tools”) to monitor and administer the Services and to help resolve Customer’s service requests. The Tools will not collect or store any of Customer Content or Customer Applications residing in the ORock Infrastructure, except as necessary to provide the Services or troubleshoot service requests or other problems in the Services. Information collected by the Tools (excluding Customer Content and Customer Applications) may also be used to assist in managing ORock’s product and service portfolio, to help ORock address deficiencies in its product and service offerings, and for license and Services management. Customer hereby grants ORock the right to use Customer Content and related metadata for the purposes identified above, the purposes identified in Section 15 below and for any related purpose. For purposes of this paragraph, ORock will use Customer Content and related metadata in an aggregated form.

14.2. As part of the Services, ORock may provide Customer with on-line access to download certain Ancillary Programs for use with the Services. If ORock does not specify Separate Terms for such Ancillary Programs, Customer shall have a non-transferable, non-exclusive, non-assignable, limited right to use such Ancillary Programs solely to facilitate Customer’s access to, operation of, and/or use of the Services, subject to the terms of this Agreement and the Order(s). Customer’s right to use such Ancillary Programs will terminate upon the earlier of ORock’s notice (which may be through posting on the portal), the end of the Services associated with the Ancillary Programs, or the date on which the license to use the Ancillary Programs ends under the Separate Terms specified for such programs.

### SERVICE ANALYSES

ORock may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the ORock Infrastructure in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses i and ii are collectively referred to as “Service Analyses”). ORock may make Service Analyses publicly available; however, Service Analyses will not incorporate Customer Content or Confidential Information in a form that could serve to identify Customer or any individual. ORock retains all Intellectual Property rights in Service Analyses.

### EXPORT

Export Laws and regulations of the United States and any other relevant local export Laws and regulations apply to the Services. Customer agrees that such export Laws govern Customer’s use of the Services (including technical data) and any Services deliverables provided under this Agreement, and Customer agrees to comply with all such export sanctions, Laws and regulations including the International Traffic in Arms Regulations, and those of the United States that prohibit or restrict the export, re-export, or transfer of products, technology, services or data, directly or indirectly, to or for certain countries, end uses or end users and “deemed export” and “deemed re-export” regulations. Customer agrees that no data, information, software programs and/or materials resulting from Services (or direct product thereof) will be exported, directly or indirectly, in violation of these Laws, or will be used for any purpose prohibited by these Laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

### FORCE MAJEURE

Excusable delays shall be governed by FAR 52.212-4(f).

### GOVERNING LAW AND JURISDICTION.

This Agreement is governed by the substantive and procedural of the Federal Laws of the United States of America. The Uniform Computer Information Transactions Act does not apply to this Agreement or to Orders placed under it.

### NOTICE

19.1. Any notice required under this Agreement shall be provided to the other party in writing. If Customer has a dispute with ORock or if Customer wishes to provide a notice under the Indemnification Section of this Agreement, or if Customer becomes subject to insolvency or other similar legal

proceedings, Customer will promptly send written notice to: ORock Technologies, Inc., 11921 Freedom Dr., Suite 1180, Reston, VA 20190; Attention: Contract Administrator.

19.2. To request the termination of Services in accordance with this Agreement, Customer must submit a service request to ORock at the address specified in the Order(s).

19.3. ORock may give notices applicable to ORock's Services customer base by means of a general notice on the ORock portal for the Services and notices specific to Customer by electronic mail to Customer's e-mail address on record in ORock's account information or by written communication sent by first class mail or pre-paid post to Customer's address on record in ORock's account information. Customer agrees that it is solely responsible for maintaining accurate and up-to-date contact information on record with ORock.

## **ASSIGNMENT**

Customer or ORock may not assign, directly or by operation of Law, this Agreement or give or transfer the Services (including the ORock Software) or an interest in them to another individual or entity without the prior written approval of the other party. Any attempted assignment in violation of the foregoing shall be void. The foregoing shall not be construed to limit the rights Customer may otherwise have with respect to Separately Licensed Third-Party Technology licensed under open source or similar license terms.

## **OTHER**

21.1. ORock may modify this Agreement and any such modification to this agreement shall be presented to Customer for review and will not be effective unless and until both parties sign a written agreement updating these terms.

21.2. 21.2 ORock is an independent contractor and the parties agree that no partnership, joint venture, or agency relationship exists between ORock and Customer. Each party will be responsible for paying our own employees, including employment related taxes and insurance ORock shall remain liable for the actions and services provided by ORock's business partners, including any third-party firms retained by Customer to provide consulting services or applications that interact with the Services.

21.3. If any term of this Agreement is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with another term consistent with the purpose and intent of this Agreement.

21.4. Except for actions for nonpayment or breach of ORock's proprietary rights, no action, regardless of form, arising out of or relating to this Agreement may be brought by either party more than six (6) years after the cause of action has accrued

21.5. Customer shall obtain at Customer's sole expense any rights and consents from third parties necessary for Customer Content, Customer Applications, and Third-Party Content, as well as other vendor's products provided by Customer that Customer uses with the Services, including such rights and consents as necessary for ORock to perform the Services under this Agreement.

21.6. Customer agrees to provide ORock with all information, access and full good faith cooperation reasonably necessary to enable ORock to provide the Services and Customer will perform the actions identified in the Procedures Manual.

21.7. Customer remains solely responsible for Customer's regulatory compliance in connection with Customer's use of the Services. Customer is responsible for making ORock aware of any technical requirements that result from Customer's regulatory obligations prior to entering into an Order governed by this Agreement. ORock will cooperate with Customer's efforts to determine whether use of the standard ORock Services offering is consistent with those requirements. Additional fees may apply to any additional work performed by ORock or changes to the Services.

21.8. ORock may audit Customer's use of the Services not more than once in a 12-month period (e.g., through use of software tools) to assess whether Customer's use of the Services is in accordance with the Order(s). Customer agrees to cooperate with ORock's audit and provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with Customer's normal business operations and shall be subject to Government Security requirements. Customer agrees to pay within 30 days of receipt of invoice any fees applicable to Customer's or Users' use of the Services in excess of Customer's rights). Customer agrees that ORock shall not be responsible for any of Customer's reasonable costs incurred in cooperating with the audit.

21.9. The purchase of Services, Professional Services, or other service offerings, programs or products are all separate offers and separate from any other Order. Customer understands that Customer may purchase Services, Professional Services, or other service offerings, programs or products independently of any other Order. Customer's obligation to pay under any Order is not contingent on performance of any other service offerings or delivery of programs or products.

21.10. Customer agrees that this Agreement and the information which is incorporated into this Agreement by written reference, together with the applicable Order, the underlying GSA Schedule Contract, and Schedule Pricelist, is the complete Agreement for the Services ordered by Customer and supersedes all prior or contemporaneous agreements or representations, written or oral, regarding such Services.

21.11. In the event of any inconsistencies between the terms of an Order and the Agreement, the Order shall take precedence. No third-party beneficiary relationships are created by this Agreement. The failure by ORock to enforce any provision of this Agreement will not constitute a present or future waiver of such provision nor limit our right to enforce such provision at a later time. All waivers by ORock must be in writing to be effective.

---

**APPENDIX 1****AGREEMENT DEFINITIONS**

**"Affiliate"** means, with respect to any Person (i) any Person directly or indirectly controlling, controlled by, or under common control with such Person (ii) any officer, director, manager, member or trustee of such Person, or (iii) any Person who is an officer, director, manager, member or trustee of any Person described in clauses (i) or (ii) of this sentence. For purposes of this definition, the terms "controlling," "controlled by," or "under common control with" shall mean the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person or entity, whether through the ownership of voting securities, by contract or otherwise, or the power to elect at least 50% of the directors, managers, or persons exercising similar authority with respect to such Person or entities.

**"Ancillary Program"** means any Software agent or tool owned or licensed by ORock that ORock makes available to Customer for use or download as part of the Services for purposes of facilitating Customer's access to, operation of, and/or use with, the ORock Infrastructure. The term "Ancillary Program" does not include Separately Licensed Third-Party Technology.

**"APIs"** has the meaning set forth in Section 13.3.

**"BAA"** has the meaning set forth in Section 9.5(c).

**"Confidential Information"** has the meaning set forth in Section 8.1.

**"Cloud Services"** means, collectively all ORock Cloud Services as specified on customer quote and Order. The term "Cloud Services" does not include Professional Services.

**"Customer Applications"** means all Software, including, but not limited to, Third Party Software that Customer or Users provide, load onto, or create using, any Services. Services under this Agreement, including ORock Software, ORock Base Infrastructure, ORock Intellectual Property, are not included in the definition of "Customer Applications."

**"Customer Content"** means all Customer Data and any additional data and information provided by third parties.

**"Customer-Controlled Infrastructure"** means the ORock Infrastructure that is provided to Customer as a part of Autonomous Cloud and/or other Cloud Services that allows Customer, as a feature of the Services, to configure or otherwise implement changes to the ORock Infrastructure for Customer's purposes only, as set forth in the Procedures Manual.

**"Customer Data"** means all data and information (other than Software), whether held by Customer or Customer's Affiliates, including all of Customer's and its Affiliates' Confidential Information, whether in written or electronic form, submitted to ORock by Customer or any of Customer's Affiliates, or obtained, developed or produced by ORock in connection with the Services or otherwise reside in, or run on or through, or are used on the ORock Infrastructure, including, without limitation, information relating to Customer's, or any of Customer's Affiliate's, underwriting information, process and methods, Customer Data, financial data, suppliers, employees, technology, operations, facilities, consumer markets, text, files, images, graphics, illustrations, audio, video, photographs, products, capacities, systems, procedures, security practices, research, development, business affairs and finances, ideas, concepts, innovations, inventions, designs, business methodologies, improvements, trade secrets, copyrightable subject matter and other proprietary information. Customer Data includes, any data derived from data created as a result of the Services, and any data that is produced as a result of calculations using, in whole or in part, Customer Data.

**"Customer Hardware"** means any Infrastructure provided by Customer to be placed in an ORock facility as part of the Customer-Controlled Infrastructure that is not otherwise approved in writing by ORock and in advance of installation.

**"Data Center Location"** refers to the physical location (s) of the ORock Infrastructure ordered by Customer. The Data Center Location applicable to the Services is set forth in the Order(s).

**"Data Processing Terms"** has the meaning set forth in Section 9.4.

**"Environment"** means the ORock Base Infrastructure and the Customer-Controlled Infrastructure that the Customer has ordered pursuant to the terms of an Order.

**"FAAS"** has the meaning set forth in Section 4.5.

**"FAR"** means the Federal Acquisition Regulations.

**"FedRamp"** means the Federal Risk and Authorization Management Program.

**"FERPA"** has the meaning set forth in Section 9.5(c).

**"FISMA"** has the meaning set forth in Section 9.5(b).

**"Framework for Improving Critical Infrastructure Cybersecurity"** means the Framework for Improving Critical Infrastructure Cybersecurity Version 1.0 issued by NIST pursuant to Executive Order 13636, as such Framework may be amended during the Services Period.

**"GLBA"** means Title V of the Gramm-Leach-Bliley Act of 1999 and the various regulations promulgated thereunder by the federal and state regulators of financial institutions.

“**HIPAA**” has the meaning set forth in Section 9.5(b).

“**Infrastructure**” means the core physical or hardware-based resources and components, including all information technology infrastructure devices, equipment and technologies, that comprise a data center. Infrastructure includes, as applicable, servers, computers, routers, switches, firewalls, biometric security systems, storage area network (SAN), flash storage, backup/tape storage, data center management software and related software. Infrastructure also includes non-computing resources, such as: power and cooling devices, air conditioners or generators, physical server racks and chassis, cables, and internet networking connection devices and entry points.

“**Intellectual Property**” means any and all Intellectual Property rights existing under any law or regulations, including without limitation patent law, copyright law, semiconductor chip protection law, moral rights law, trade secret law, trademark law (together with all of the goodwill associated therewith), unfair competition law, publicity rights law, or privacy rights law, other proprietary rights, and applications, renewals, extensions and restorations of any of the foregoing, now or hereafter in force and effect worldwide. For purposes of this definition, rights under patent law shall include rights under any and all patent applications and patents (including letters patent and inventor’s certificates) anywhere in the world, including, without limitation, any provisionals, substitutions, extensions, supplementary patent certificates, reissues, renewals, divisions, continuations in part (or in whole), continued prosecution applications, requests for continued examination, and other similar filings or stages thereof provided for under the Laws of the United States.

“**Laws**” means all applicable Laws (including common law), statutes, codes, rules or regulations, reporting requirements, ordinances, order, decree, judgment, consent decree, settlement agreement, or other pronouncement having the effect of law of the United States, any foreign country, or any domestic or foreign state, county, city or other political subdivision, including those promulgated, interpreted or enforced by any governmental or regulatory authority, or the NYSE or other self-regulatory authority, including, without limitation, HIPAA, GLBA, any other applicable Laws or regulations regarding the privacy of individuals’ information, the Foreign Corrupt Practices Act of 1977 (“FCPA”), immigration Laws, and import and export Laws.

“**Losses**” has the meaning set forth in Section 12.1.

“**NIST**” means National Institute of Standards and Technology.

“**NIST 800-53**” means NIST Special Publication 800-53 Revision 4.

“**Order**” or “**Order(s)**” means the order or multiple orders for Services as set forth in a quote and executed by the applicable parties.

“**ORock Assessment**” means the assessment for certain Services described in the Service Descriptions set forth in the statement of work and/or Order.

“**ORock Base Infrastructure**” means the ORock Infrastructure that is not Customer-Controlled Infrastructure. For all Services purchased under FedRAMP, there is no Customer-Controlled Infrastructure.

“**ORock Infrastructure**” means the Infrastructure that ORock uses to provide the Services to Customer. ORock Software, Third Party Content, Customer-Controlled Infrastructure, Customer Content and Customer Applications may be hosted in the ORock Infrastructure.

“**ORock Laws**” has the meaning set forth in Section 9.6(a).

“**ORock Software**” refers to the Software owned or licensed by ORock, and to which ORock grants Customer access as part of the Services, including Program Documentation, and any Software updates provided as part of the Services. The term “ORock Software” does not include Separately Licensed Third-Party Technology.

“**Patches**” has the meaning set forth in Section 5.3.

“**Person**” means any individual, Company (whether general or limited), limited liability company, corporation, trust, estate, association, nominee, or other entity.

“**Personal Data**” means, unless otherwise defined under and international, federal or state Privacy or Data Security Law, any data about an individual maintained by ORock, including (1) any data that can be used to distinguish, identify, or trace an individual, directly or indirectly, by reference to that data such as, but not limited to: (i) name; (ii) identification number (including a social security number); (iii) date and place of birth; (iv) the name of the individual’s parent or other family members; (v) biometric records; (vi) location data the individual or the individual’s family; (vii) online identifier, including persistent identifiers that can be used to recognize a user over time and across different websites or online services; (viii) any other data, alone or combined with other information, that is linked or linkable to an individual, such as but not limited to medical, financial, educations, and employment data; or (ix) any data specific to the physical, physiological, genetic, mental, economic, culture or social identity of the individual. The term “Personal Data” includes (i) data:

created or received by a health care provider, health plan, employer or health care clearinghouse; and relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual and (ii) provided by an individual to a financial institution, resulting from any financial transaction or financial service with an individual or otherwise obtained by a financial institution.

“**Privacy and Security Compliance**” has the meaning set forth in Section 9.5(b).

“**Privacy and Security Laws**” has the meaning set forth in Section 9.5(b).

“**Procedures Manual**” means the documentation provided to customers related to the operation of the Cloud Services.

“**Professional Services**” means, collectively, the consulting and other professional Services which Customer has ordered. Professional Services will be subject to a separate agreement between ORock and Customer. The term “Professional Services” does not include Cloud Services.

**"Program Documentation"** refers to the program user manuals for the ORock Services and ORock Software for applicable Services, as well as any help windows and readme files for such ORock Software that are accessible from within the Services. The Program Documentation describes technical and functional aspects of the ORock Services and ORock Software.

**"Security Incident"** has the meaning set forth in Section 9.6.

**"Security Standards"** has the meaning set forth in Section 9.9.

**"Separate Terms"** refers to separate license terms that are specified in the Order, readme or notice files, or otherwise specified by ORock and that apply to Separately Licensed Third-Party Technology.

**"Separately Licensed Third-Party Technology"** refers to third party technology that is licensed under Separate Terms and not under the terms of this Agreement, and which may include, without limitation, open source Software. Customer Hardware may be Separately Licensed Third-Party Technology.

**"Services"** means, collectively, the Cloud Services implementation, training, support and other Services related to delivery of the Services that Customer has ordered and that ORock is obligated to provide pursuant to this Agreement.

**"Service Analyses"** has the meaning set forth in Section 15.

**"Service Descriptions"** means the descriptions that are applicable to the Services under the Order(s) and other descriptions referenced or incorporated in such descriptions as set forth in a statement of work and/or Order.

**"Service Level Agreement"** or "SLA" means the Service Level Agreement set forth on Schedule D.

**"Support Agreement"** means the Support Agreement attached hereto as Schedule E.

**"Services Period"** refers to the period for which Customer ordered Services as specified in the Order(s).

**"Software"** means any applications, operating systems, tools, utility programs, communications software, computer software languages, interfaces and any other computer programs (i.e., any set of statements or instructions, whether or not in a machine readable medium, to be used directly or indirectly in a computer in order to bring about a certain task or result), and documentation and supporting materials relating thereto, in whatever form or media, together with all corrections, improvements, modifications, updates, updates and new releases thereof.

**"Spillage"** NIST Special Publication 800-53 Revision 4, Security and Privacy Controls for Federal Information Systems and Organizations defines "Spillage" as: Information Spillage refers to instances where either classified or sensitive information is inadvertently placed on information systems that are not authorized to process such information. Such information spills often occur when information that is initially thought to be of lower sensitivity is transmitted to an information system and then is subsequently determined to be of higher sensitivity. At that point, corrective action is required. The nature of the organizational response is generally based upon the degree of sensitivity of the spilled information (e.g., security category or classification level), the security capabilities of the information system, the specific nature of contaminated storage media, and the access authorizations (e.g., security clearances) of individuals with authorized access to the contaminated system.

**"Third Party Content"** means all text, files, images, graphics, illustrations, information, data, audio, video, photographs and other content and material, in any format, that are obtained or derived from third party sources outside of ORock and made available to Customer through, within, or in conjunction with Customer's use of, the Services. Examples of Third-Party Content include data feeds, rss feeds from blog posts, and data libraries and dictionaries. Third Party Content does not include Separately Licensed Third-Party Technology.

**"Third Party Services"** has the meaning set forth in Section 13.3.

**"Tools"** has the meaning set forth in Section 14.1.

**"Users"** means those employees, contractors, and end users, as applicable, authorized by Customer or on Customer's behalf to use the Services in accordance with this Agreement and the Order(s).

**"Validated"** means that ORock has engaged an independent third party to assess the effectiveness of controls to the applicable NIST 800-53 controls listed in the ORock Assessment.

## SCHEDULE A

### FORM OF PROFESSIONAL SERVICES AGREEMENT

This Professional Services Agreement is made as of the date last signed below between **ORock Technologies, Inc.**, a Delaware corporation with its principal place of business at 11921 Freedom Dr., Suite 1180, Reston, VA 20190 ("**ORock**"), and the Ordering Activity under GSA Schedule contracts ("**Customer**" or "**Ordering Activity**").

## Professional Services.

OROCK shall provide consulting, integration, implementation, design, development, architecture reviews and other work under the terms and conditions of this Agreement (the “**Services**”), as specified in one or more statements of work that OROCK and Customer may enter into from time to time (each, an “**SOW**”).

## Payment.

Payment. In consideration of the Services rendered under this Agreement, Customer shall pay OROCK as set forth in each SOW. All payments hereunder are due net30 days from the receipt date of the invoice, Overdue payments are subject to a late interest charge governed by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. OROCK shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

Reserved.

## 3. Ownership, Intellectual Property Rights and License.

Work Product. “**Work Product**” means the deliverable materials, including documentation and customized software, delivered by OROCK to Customer under a SOW, excluding any of Customer’s Confidential Information that may be included in such deliverables.

Ownership of Work Product and Other Intellectual Property. Unless otherwise specified in the SOW, OROCK is the exclusive owner of all software (including the Work Product and revisions, modifications and enhancements thereto) and any other specifications, documentation, ideas, know-how, techniques, processes, inventions or other Intellectual Property that OROCK or its subcontractors may develop, conceive or deliver under this Agreement, including all patents, copyrights and other Intellectual Property rights thereto.

License for Work Product. OROCK hereby grants, and Customer hereby accepts, a perpetual (unless terminated as set forth in Section 8(C)), non-exclusive, non-transferable, royalty-free license to use and modify the Work Product solely for Customer’s internal business purposes. Customer may make a reasonable number of copies of the Work Product for backup, testing, disaster recovery or archival purposes only, so long as Customer also reproduces on such copies any copyright, trademark or other proprietary markings and notices contained on the Work Product and does not remove any such marks from the original.

### Restrictions on License for Work Product.

Restrictions on Access, Copying and Sublicensing. Customer shall not cause or permit (a) access (except to its employees, agents and consultants with a “need to know” who are bound in writing by non-disclosure obligations suitable to protect OROCK’s interests in the Work Product but no less restrictive than Customer’s obligations herein), (b) copying (except as set forth in Section 3(C) above), or (c) sublicensing or other dissemination of the Work Product, in whole or in part, to any third party without OROCK’s prior written consent.

Third Party and Other Proprietary Software. If the Work Product contains or is bundled with third party software or other proprietary OROCK Software, then (a) such software is governed by OROCK’s standard license agreement for such software or other applicable license agreement under which such software is provided to Customer, and (b) Customer may use such third-party software or other proprietary OROCK Software solely for the purpose such software is included with the Work Product.

## 4. Warranty.

Services Warranty. OROCK warrants that the Services it provides hereunder will be of a professional quality conforming to generally accepted industry standards and practices. If Customer discovers a deficiency in the Services, then Customer shall, within 30 days after completion of the deficient services, submit to OROCK a written report describing the deficiency in reasonable detail, and OROCK shall re-perform the deficient Services. If OROCK is unable to re-perform the Services, then, upon Customer’s request, OROCK shall refund any payments that Customer has made for such Services.

WARRANTY DISCLAIMER. OTHER THAN THE EXPRESS WARRANTIES SET FORTH IN THIS SECTION 4, OROCK DISCLAIMS ALL EXPRESS AND IMPLIED WARRANTIES AS TO ANY MATTER WHATSOEVER, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. CUSTOMER’S SOLE REMEDY FOR BREACH OF SUCH EXPRESS LIMITED WARRANTIES IS RE-PERFORMANCE OR REFUND AS SET FORTH IN THIS SECTION 4.

## 5. Additional Obligations.

Insurance. OROCK shall maintain, at its own expense, sufficient insurance to cover its performance of Services hereunder, including but not limited to workers’ compensation insurance when required by law.

OROCK Personnel. OROCK shall ensure that its employees and contractors performing the Services are reasonably qualified and experienced. OROCK shall use its best efforts to replace any OROCK employee or contractor that Customer reasonably requests to be replaced. OROCK conducts background investigations of all its employees.

## 6. Limitation of Liability.

EXCEPT FOR SECTION 7, THE LIABILITY OF EACH PARTY AND ITS LICENSORS, SUPPLIERS AND SUBCONTRACTORS IS LIMITED IN ANY EVENT TO ACTUAL DIRECT DAMAGES TO THE EXTENT CAUSED SOLELY BY SUCH PARTY’S ACTS OR OMISSIONS, UP TO A MAXIMUM LIABILITY EQUAL TO THE AMOUNT OF THE CONTRACT PRICE. IN NO EVENT WILL EITHER PARTY OR ITS LICENSORS, SUPPLIERS OR SUBCONTRACTORS BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES, LOST BUSINESS PROFITS, OR LOSS, DAMAGE OR DESTRUCTION OF DATA, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, BREACH OF WARRANTY OR OTHERWISE, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF THE SAME. OROCK EXPRESSLY

DISCLAIMS ALL LIABILITY ASSOCIATED WITH ANY THIRD-PARTY OPEN SOURCE CODE INCLUDED IN THE WORK PRODUCT. NO LIMITATION AS TO DAMAGES FOR PERSONAL INJURY, DEATH, or FRAUD IS HEREBY INTENDED. Neither party shall bring any action, whether in contract or tort, including negligence, arising out of or in connection with this Agreement, more than six (6) years after the cause of action has accrued.

## 7. Confidentiality.

**Confidential Information.** As a result of the relationship entered into by the parties under this Agreement, the parties acknowledge that they may from time to time require or gain access to information that is confidential or proprietary to one another. All information disclosed by a party hereunder that (1) is in writing and marked with an appropriately restrictive legend indicating the confidential or proprietary nature of the information, (2) is disclosed orally and reduced to a writing marked with an appropriately restrictive legend promptly after the oral disclosure, or (3) by its nature or under the circumstances of its disclosure should reasonably be understood to be confidential is referred to herein as "Confidential Information." Customer agrees that it will not provide any personally identifiable information to OROCK.

**Obligations.** The receiving party (1) shall hold all Confidential Information in confidence; (2) shall use the Confidential Information only for the purpose of performing its obligations under this Agreement; (3) shall reproduce the Confidential Information only to the extent necessary for such purpose; (4) shall restrict disclosure of the Confidential Information to its employees, consultants, agents and representatives with a need to know and who are bound to protect the confidentiality of such Confidential Information (and shall advise such employees, agents and representatives of the obligations assumed herein); and (5) shall not disclose or cause to be disclosed the Confidential Information to any third party without prior written approval of the disclosing party, except as allowed under (4) above.

**Exceptions.** The foregoing restrictions do not apply to Confidential Information that (1) is or becomes a part of the public domain through no wrongful act or omission of the receiving party; (2) was in the receiving party's lawful possession before the disclosure and had not been obtained by the receiving party either directly or indirectly from the disclosing party; (3) is lawfully disclosed to the receiving party by a third party without restriction on disclosure; (4) is independently developed by the receiving party without reference to or in reliance on the Confidential Information; or (5) the disclosing party agrees in writing. OROCK recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor. is free of such restrictions.

Reserved.

## 8. Termination.

**Termination.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, OROCK shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

**Survival.** Except as otherwise specified in Section 8(C) below, Sections 3, 4, 6, 7, 8(B), 8(C) and 9 survive any termination of this Agreement.

**Effect of Termination for Breach.** If Customer materially breaches Section 3 above, then, OROCK may bring the matter to the Contracting Officer. upon OROCK's request Customer shall, at OROCK's option, either return to OROCK, or destroy and certify in writing to OROCK that it has destroyed, the original and all copies, in whole or in part, in any form, of the Work Product and any other Confidential Information disclosed by OROCK hereunder.

## 9. General.

**Export Laws.** The Work Product may subject to certain export control Laws and regulations that may restrict exports, re-exports and disclosures to foreign persons of cryptographic items. Performance of this Agreement is expressly made subject to any export Laws, regulations, orders or other restrictions imposed by any country or governmental entity on the Work Product or information relating thereto. Notwithstanding any other provision of this Agreement to the contrary, Customer shall not directly or indirectly import, export or re-export any Work Product or information pertaining thereto to any country or foreign person to which such import, export or re-export is restricted or prohibited unless Customer first secures, if applicable, an appropriate export license or other governmental approval. Customer unconditionally accepts full responsibility for compliance with these requirements.

**Governing Law.** The validity, construction and performance of this Agreement shall be governed by the Laws of the United States of America. The Uniform Computer Information Transactions Act does not apply to this Agreement or to Orders placed under it.

**Entire Agreement; Modification.** This Agreement and each SOW, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), constitute the entire understanding between Customer and OROCK with respect to the subject matter hereof, and OROCK makes no representations to Customer except as expressly set forth herein or in the SOW. In the event of a conflict between this Agreement and a SOW, the SOW governs. Terms and conditions set forth in any purchase order or other document provided by Customer to OROCK that differ from, conflict with, or are not included in this Agreement or SOW are not part of any agreement between OROCK and Customer unless specifically accepted by OROCK in writing. This Agreement shall not be deemed or construed to be modified, amended or waived, in whole or in part, except by written agreement of the parties hereto. The failure of either party, in any one or more instances, to enforce any of the terms of this Agreement shall not be construed as a waiver of future enforcement of that or any other term.

**Assignability.** Neither party may assign this Agreement, or any of its rights or obligations hereunder, without the other party's written consent, which consent shall not be unreasonably withheld.

**Severability.** If any provision of this Agreement is for any reason held illegal or unenforceable, then such provision shall be deemed separable from the remaining provisions of this Agreement and shall in no way affect or impair the validity or enforceability of the remaining provisions of this Agreement.

**Notice.** All notices given by either party to the other party under this Agreement shall be in writing and personally delivered or sent by guaranteed overnight courier, by registered or certified mail, return receipt requested, to the other party's General Counsel, at its address set forth above.

Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).

Counterparts. The parties may execute this Agreement in two or more counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

Language. This Agreement has been drawn up in and shall be construed in accordance with the English language.

Independent Contractors. The relationship between Customer and OROCK is solely that of independent contractors and not that of an agency, partnership, or joint venture. Neither party has the authority to represent or bind the other.

## SCHEDULE B

### DATA PROCESSING TERMS

The Data Processing Terms (DPT) include the terms in this section. Capitalized terms not set forth herein have the meanings ascribed to them in the Service Agreement.

The Data Processing Terms also include the "Standard Contractual Clauses," pursuant to the European Commission Decision of 5 February 2010 on standard contractual clauses for the transfer of Personal Data to processors established in third countries under the EU Data Protection Directive. The Standard Contractual Clauses are enclosed as an attachment to the Data Processing Terms. In addition,

Execution of the Service Agreement includes execution of Standard Contractual Clauses, which is countersigned by OROCK Technologies, Inc. ("ORock");

The terms in Customer's Cloud Services Agreement ("Service Agreement"), including the DPT, constitute a data processing agreement under which OROCK is the data processor; and

The DPT control over any inconsistent or conflicting provision in Customer's Service Agreement and, for each subscription, will remain in full force and effect until all the related Customer Data is deleted from OROCK's systems in accordance with the DPT.

Customer may opt out of the "Standard Contractual Clauses" or the Data Processing Terms in their entirety. To opt out, Customer must send the following information to OROCK in a written notice (under terms of the Customer's Service Agreement):

the full legal name of the Customer and any Affiliate that is opting out;

if Customer has multiple Service Agreements, the Service Agreement to which the opt out applies;

if opting out of the entire DPT, a statement that Customer (or Affiliate) opts out of the entirety of the Data Processing Terms; and

if opting out of only the Standard Contractual Clauses, a statement that Customer (or Affiliate) opts out of the Standard Contractual Clauses only.

In countries where regulatory approval is required for use of the Standard Contractual Clauses, the Standard Contractual Clauses cannot be relied upon under European Commission 2010/87/EU (of February 2010) to legitimize export of data from the country, unless Customer has the required regulatory approval.

**In the DPT, the term "Cloud Services" applies to all OROCK cloud services. "Customer Data" includes only Customer Data that is provided through use of those Cloud Services.**

### Location of Customer Data at Rest

OROCK operates a global network of data centers and management/support facilities, and processing may take place in any jurisdiction where data importer or its sub-processors operate such facilities. OROCK does not control or limit the regions from which Customer or Customer's end users may access or move Customer Data.

### Privacy

**Customer Data Deletion or Return.** No more than 90 days after expiration or termination of Customer's use of an Online Service, OROCK will disable the account and delete Customer Data from the account.

**Transfer of Customer Data.** Unless Customer has opted out of the Standard Contractual Clauses, all transfers of Customer Data out of the European Union, European Economic Area, and Switzerland shall be governed by the Standard Contractual Clauses. OROCK will abide by the requirements of European Economic Area and Swiss data protection law regarding the collection, use, transfer, retention, and other processing of Personal Data from the European Economic Area and Switzerland.

**OROCK Personnel.** OROCK personnel will not process Customer Data without authorization from Customer. OROCK personnel are obligated to maintain the security and secrecy of any Customer Data as provided in the DPT and this obligation continues even after their engagement ends.

**Subcontractor Transfer.** OROCK may hire subcontractors to provide certain limited or ancillary services on its behalf. OROCK shall remain liable for the actions and services provided by such Subcontractors at all times. Any subcontractors to whom OROCK transfers Customer Data, even those used for storage purposes, will have entered into written agreements with OROCK that are no less protective than the DPT. Customer has previously consented to OROCK's transfer of Customer Data to subcontractors as described in the DPT. Except as set forth in the DPT, or as Customer may otherwise authorize, OROCK will not transfer to any third party (not even for storage purposes) Personal Data Customer provides to OROCK through the use of the Cloud Services. OROCK maintains a list of OROCK Affiliates and Third Party Subprocessors authorized to access and/or process Customer Data in the Cloud Services as well as the limited or ancillary services they provide. At least 3 months before authorizing any new subcontractor to access Customer Data, OROCK will update the list and provide Customer with a mechanism to obtain notice of that update. If Customer does not approve of a new subcontractor,

then Customer may terminate the affected Online Service without penalty by providing, before the end of the notice period, written notice of termination that includes an explanation of the grounds for non-approval. If the affected Online Service is part of a suite (or similar single purchase of services), then any termination will apply to the entire suite. After termination, ORock will remove payment obligations for the terminated Cloud Services from subsequent Customer invoices.

**Security**

**General Practices.** ORock has implemented and will maintain and follow for the Cloud Services the following security measures, which, in conjunction with the security commitments in the Service Agreement, are ORock’s only responsibility with respect to the security of Customer Data.

Domain	Practices
Organization of Information Security	<p><b>Security Ownership.</b> ORock has appointed one or more security officers responsible for coordinating and monitoring the security rules and procedures.</p> <p><b>Security Roles and Responsibilities.</b> ORock personnel with access to Customer Data are subject to confidentiality obligations.</p> <p><b>Risk Management Program.</b> ORock performs a risk assessment before initially processing the Customer Data or launching the Cloud Services service.</p> <p>ORock retains its security documents pursuant to its retention requirements after they are no longer in effect.</p>
Asset Management	<p><b>Asset Inventory.</b> ORock maintains an inventory of all media on which Customer Data is stored. Access to the inventories of such media is restricted to ORock personnel authorized in writing to have such access.</p> <p><b>Asset Handling</b> ORock does not classify Customer Data. ORock imposes restrictions on printing Customer Data and has procedures for disposing of printed materials that contain Customer Data.</p> <p>ORock personnel must obtain ORock authorization prior to storing Customer Data on portable devices, remotely accessing Customer Data, or processing Customer Data outside ORock’s facilities.</p>
Human Resources Security	<p><b>Security Training.</b> ORock informs and trains its personnel about relevant security procedures and their respective roles. ORock also informs and trains its personnel of</p>

Domain	Practices
	<p>possible consequences of breaching the security rules and procedures. ORock will only use anonymous data in training.</p>
Physical and Environmental Security	<p><b>Physical Access to Facilities.</b> ORock limits access to facilities where information systems that process Customer Data are located to identified authorized individuals only.</p> <p><b>Physical Access to Components.</b> Unless otherwise disclosed by customers, ORock maintains only limited records of the authorized senders/recipients, date and time, and that media is loaded to the Cloud Services.</p> <p><b>Protection from Disruptions.</b> ORock uses a variety of industry standard systems to protect against loss of data due to power supply failure or line interference.</p> <p><b>Component Disposal.</b> ORock uses industry standard processes to delete Customer Data when it is no longer needed.</p>

<p>Communications and Operations Management</p>	<p><b>Operational Policy.</b> ORock maintains security documents describing its security measures and the relevant procedures and responsibilities of its personnel who have access to Customer Data.</p> <p><b>Data Recovery Procedures</b>                  On an ongoing basis, but in no case less frequently than once a week (unless no Customer Data has been updated during that period), ORock maintains single or multiple copies of Customer Data from which Customer Data can be recovered based on the particular Cloud Services.                  ORock stores copies of Customer Data and data recovery procedures in a different place from where the primary computer equipment processing the Customer Data is located.                  ORock has specific procedures in place governing access to copies of Customer Data.                  ORock reviews data recovery procedures at least every six months.                  ORock logs data restoration efforts, including the person responsible, the description of the restored data and where applicable, the person responsible and which data (if any) had to be input manually in the data recovery process.</p> <p><b>Malicious Software.</b> ORock has anti-malware controls to help avoid malicious software gaining unauthorized access to Customer Data, including malicious software originating from public networks.</p> <p><b>Data Beyond Boundaries</b>                  ORock encrypts, or enables Customer to encrypt, Customer Data that is transmitted over public networks.                  ORock restricts access to Customer Data in media leaving its facilities.</p> <p><b>Event Logging.</b> ORock logs, and enables Customer to log, access and use of information systems containing Customer Data, registering the access ID, time, authorization granted or denied, and relevant activity.</p>
<p>Access Control</p>	<p><b>Access Policy.</b> ORock maintains a record of security privileges of individuals having access to Customer Data. <b>Access Authorization</b>                  ORock maintains and updates a record of personnel authorized to access ORock systems that contain Customer Data.                  ORock deactivates authentication credentials that have not been used for a period not to exceed six months.                  ORock identifies those personnel who may grant, alter or cancel authorized access to data and resources.                  ORock ensures that where more than one individual has access to systems containing Customer Data, the individuals have separate identifiers, log-ins and authentication credentials.</p>
<p>Domain</p>	<p>Practices</p>

	<p><b>Least Privilege</b>                  Technical support personnel are only permitted to have access to Customer Data when needed. ORock restricts access to Customer Data to only those individuals who require such access to perform their job function. <b>Integrity and Confidentiality</b>                  ORock instructs ORock personnel to disable administrative sessions when leaving premises ORock controls or when computers are otherwise left unattended.                  ORock stores passwords in a way that makes them unintelligible while they are in force.</p> <p><b>Authentication</b>                  ORock uses industry standard practices to identify and authenticate users who attempt to access information systems.                  Where authentication mechanisms are based on passwords, ORock requires that the passwords are renewed regularly.                  Where authentication mechanisms are based on passwords, ORock requires the password to be at least twelve characters long.                  ORock ensures that de-activated or expired identifiers are not granted to other individuals.                  ORock monitors, or enables Customer to monitor, repeated attempts to gain access to the information system using an invalid password.                  ORock maintains industry standard procedures to deactivate passwords that have been corrupted or inadvertently disclosed.                  ORock uses industry standard password protection practices, including practices designed to maintain the confidentiality and integrity of passwords when they are assigned and distributed, and during storage.                  ORock may but is not required unless set forth in the Cloud Services, use customer data to enable additional authentication of Users that extends beyond current industry standard practices.</p> <p><b>Network Design.</b> ORock has controls to avoid individuals assuming access rights they have not been assigned to gain access to Customer Data they are not authorized to access.</p>
<p>Information Security Incident Management</p>	<p><b>Incident Response Process</b>                  ORock maintains a record of security breaches with a description of the breach, the time period, the consequences of the breach, the name of the party reporting the breach, and to whom the breach was reported, and the procedure for recovering data.                  For each security breach that is a Security Incident, notification by ORock shall be made without unreasonable delay and, in any event, within 5 business days. A                  "Security Incident" is defined as any unlawful access to any Customer Data stored on ORock's equipment or in ORock's facilities, or unauthorized access to such equipment or facilities resulting in loss, disclosure, or alteration of Customer Data.                  ORock tracks, or enables Customers to track, disclosures of Customer Data, including what data has been disclosed, to whom, and at what time.</p> <p><b>Service Monitoring.</b> ORock security personnel verify logs at least every six months to propose remediation efforts if necessary.</p>
<p>Business Continuity Management</p>	<p>ORock maintains emergency and contingency plans for the facilities in which ORock information systems that process Customer Data are located.                  ORock's redundant storage and its procedures for recovering data are designed to attempt to reconstruct Customer Data in its original or last-replicated state from before the time it was lost or destroyed.</p>

**Cloud Services Information Security Policy**

Cloud Services and the ORock Base Infrastructure follow a written data security policy ("Information Security Policy") that has been Validated against NIST Special Publication 800-53.

Subject to non-disclosure obligations, ORock will make each Information Security Policy available for review by Customer, along with other information reasonably requested by Customer in writing regarding ORock security practices and policies, all subject to ORock's policies and procedures, which include onsite review.

Customer is solely responsible for reviewing each Information Security Policy and making an independent determination as to whether it meets Customer's requirements.

If the Standard Contractual Clauses apply, then this section is in addition to Clause 5 paragraph f and Clause 12 paragraph 2 of the Standard Contractual Clauses.

**ORock Audits of Cloud Services**

For each Cloud Service, ORock will conduct audits of the security of the computers, computing environment and physical data centers that it uses in processing Customer Data (including Personal Data), as follows:

Where a standard or framework provides for audits, an audit of such control standard or framework will be initiated at least annually for the Cloud Services.

Each audit will be performed according to the standards and rules of the regulatory or accreditation body for applicable controls standard or frameworks.

Each audit will be performed by qualified, independent, third party security auditors at ORock's selection and expense.

Each audit will occur not more than once in a 12-month period and will be subject to applicable Government security requirements.

Each audit will result in the generation of an audit report ("ORock Audit Report"), which will be ORock's Confidential Information. The ORock Audit Report will clearly disclose any material findings by the auditor. ORock will promptly remediate material findings raised in any ORock Audit Report to the satisfaction of the auditor.

If Customer requests, ORock will provide Customer with access to each ORock Audit Report so that Customer can verify ORock's compliance with the security obligations under the DPT. The ORock Audit Report will be subject to ORock's policies and procedures, including strict non-disclosure and onsite review requirements.

If the Standard Contractual Clauses apply, then (1) Customer agrees to exercise its audit right by instructing ORock to execute the audit as described in this section of the DPT, and (2) if Customer desires to change this instruction, then Customer has the right to do so as set forth in the Standard Contractual Clauses, which shall be requested in writing.

If the Standard Contractual Clauses apply, then nothing in this section of the DPT varies or modifies the Standard Contractual Clauses or affects any supervisory authority's or data subject's rights under the Standard Contractual Clauses.

**SCHEDULE C  
FAR FLOWDOWNS**

[intentionally left blank]

**SCHEDULE D SERVICE LEVEL AGREEMENT**

This ORock Technologies, Inc. (“ORock”, “us” or “we”) Service Level Agreement (“SLA”) is a policy governing the use of ORock’s cloud products and other product offerings under the terms of the Agreement. This SLA applies separately to each account using ORock’s cloud products and other product offerings Unless otherwise provided herein, this SLA is subject to the terms of the Agreement and capitalized terms will have the meaning specified therein. The terms of this SLA may be altered in accordance with the Agreement.

**Service Commitment**

ORock will use commercially reasonable efforts to make each of ORock cloud service available with a Monthly Uptime Percentage (as defined below), in each case during any monthly billing cycle (the “Service Commitment”). In the event ORock cloud services do not meet the Service Commitment, you will be eligible to receive a Service Credit as described below.

**Definitions**

“Monthly Uptime Percentage” is calculated by dividing the difference between the total number of minutes in the monthly measurement period and any Unavailability in the measurement period, by the total number of minutes in the measurement period, the product of which is then multiplied by 100 to achieve a percentage. Monthly Uptime Percentage is calculated for each ORock cloud Monthly Uptime Percentage measurements exclude downtime resulting directly or indirectly from any SLA Exclusion (defined below).

“Unavailable” and “Unavailability” mean:

For ORock Private Autonomous Infrastructure, ORock Elastic Cloud and ORock On-Premise to Cloud, when all your running instances have no external connectivity and when all your attached volumes perform zero read write IO with pending IO in the queue.

“Unavailable” and “Unavailability” expressly exclude outage periods consisting of the following:

- A failure or degradation of performance or malfunction resulting from scripts, data, applications, equipment, infrastructure, software, penetration testing, performance testing, or monitoring agents directed or provided or performed by you;
- Planned outages, scheduled and announced maintenance or maintenance windows, or outages initiated by ORock at the request or direction of Customer for maintenance, activation of configurations, backups or other purposes that require the service to be temporarily taken offline;
- Unavailability of management, auxiliary or administration services, including administration tools, reporting services, utilities, third party software components not within the sole control of ORock, or other services supporting core transaction processing;
- Outages occurring as a result of any actions or omissions taken by ORock at the request or direction of you;
- Outages resulting from your equipment, third party equipment or software components not within the sole control of ORock;
- Events resulting from an interruption or shut down of the services due to circumstances reasonably believed by ORock to be a significant threat to the normal operation of the services, the operating infrastructure, the facility from which the services are provided, access to, or the integrity of your data;
- Outages due to system administration, commands, or file transfers performed by Customer User or representatives;
- Outages due to denial of service attacks, natural disasters, changes resulting from government, political, or other regulatory actions or court orders, strikes or labor disputes, acts of God, acts of civil disobedience, acts of war, terrorism, hostility, acts against parties (including carriers and ORock’s other vendors), and other force majeure events;
- Inability to access the services or outages caused by your conduct, including negligence or breach of your material obligations under the Agreement, or by other circumstances outside of ORock’s control;
- Lack of availability or untimely response time of you to respond to incidents that require your participation for source identification and/or resolution, including meeting your responsibilities for any services;
- Outages caused by failures or fluctuations in electrical, connectivity, internet network or telecommunications equipment or lines due to your conduct or any circumstances outside of ORock’s control.

A “Service Credit” is a dollar credit, calculated as set forth below, that we may credit back to an eligible account.

**Service Commitments and Service Credits**

Service Credits are calculated as a percentage of the total charges paid by you (excluding professional services or other one-time fees) for ORock Cloud Services, during the affected monthly billing cycle in which the Unavailability occurred in accordance with the schedule below.

<b>Service Commitment: Monthly Uptime Percentage – Single Node Instantiation - (99.9%)</b>	<b>Service Credit Percentage</b>	<b>Service Commitment: Monthly Uptime Percentage – Multi-Node Instantiation - (99.99%)</b>	<b>Service Credit Percentage</b>
Less than 99.9% but equal to or greater than 99.0%	10%	Less than 99.99% but equal to or greater than 99.9%	10%
Less than 99.0%	20%	Less than 99.9%	20%

We will apply any Service Credits only against future ORock Cloud Services payments otherwise due from you. Service Credits will not entitle you to any refund or other payment from ORock. Service Credits may not be transferred or applied to any other account. Unless otherwise provided in the Agreement, your sole and exclusive remedy for any unavailability, non-performance, or other failure by us to provide ORock Cloud Services is the receipt of a Service Credit (if eligible) in accordance with the terms of this SLA.

**Service Credit Request and Payment Procedures**

To receive a Service Credit, you must submit a written claim to the ORock NOC manager at nocoperations@orocktech.com. To be eligible, the Service Credit request must be received by us by the end of the billing cycle in which the incident occurred. The following information must be included in the written Service Credit request:

- The words “SLA Service Credit Request” in the subject line;**
- The dates and times of each Unavailability incident that you are claiming;**

**The affected ORock cloud Service instance and Data Center Location; and  
Your request logs that document the errors and corroborate your claimed outage (any confidential or sensitive information in these logs should be removed or replaced with asterisks).**

If the Monthly Uptime Percentage of such request is confirmed by us and is less than the Service Commitment, then we will issue the Service Credit to you within one billing cycle following the month in which your request is confirmed by us. Your failure to provide the request and other information as required above will disqualify you from receiving a Service Credit.

**SLA Exclusions**

The service level commitment does not apply to any unavailability, suspension or termination of ORock Cloud Services performance issues: (i) that result from a suspension described in the Agreement; (ii) caused by factors outside of our reasonable control, including any force majeure event or Internet access or related problems that do not directly emanate from ORock Cloud Services; (iii) that result from any actions or inactions of you or any third party within the sole control of ORock; (iv) that result from your equipment, software or other technology and/or third party equipment, software or other technology (other than third party equipment within our direct control); (v) that result from failures of individual instances or volumes not attributable to Unavailability; (vi) that result from any maintenance or other outage as provided for pursuant to the Agreement; or (vii) arising from our suspension and termination of your right to use ORock Cloud Services in accordance with the Agreement (collectively, the "SLA Exclusions"). If availability is impacted by factors other than those used in our Monthly Uptime Percentage calculation, then we may issue a Service Credit considering such factors at our sole discretion.

**SCHEDULE E  
SUPPORT AGREEMENT**

<b>Hours of Service Desk Support:</b> Phone: 1-833-376-7625 eMail: nocoperations@orocktech.com	7 days a week	24 Hours a day, 365 days a year
---	---------------	---------------------------------

<b>Priority-(Severity)</b>	<b>Target Response</b>	<b>Target Resolution</b>
1 - (Critical)	30 mins	1 Hour
2 - (High)	60 mins	2 Hours
3 - (Medium)	4 Hours	24 Hours
4 - (Low)	72 Hours	7 Days

<b>Priority (Severity)</b>	<b>Description</b>
1 - (Critical)	<p>An incident which involves service not available or a serious malfunction of the service with impact on ORock's direct delivery to single or multiple Customers</p> <p>Total loss of service to all Users and no work-around available</p> <p>Loss of functionality resulting in Customer Users/workgroups being unable to access the Services</p> <p>Unavailability of one or more Services</p>
2 - (High)	<p>An incident which involves service not available with impact on ORock's single or multiple Customers or a serious mal-function of the service with potential impact on ORock's direct delivery to Customers</p> <p>Loss of functionality which severely impedes all or some material Services</p> <p>Customer's Users/workgroups being unable to continue with normal business processing</p> <p>Partial loss of availability of one or more Services</p>
3 - (Medium)	<p>An incident that involves degradation or risk to quality of service with impact on one or more Customers</p> <p>Issue not impeding Customers' Users/workgroups from being able to continue with normal business processing</p> <p>Potential to cause more serious issue if not investigated and addressed</p>
4 - (Low)	<p>An issue for which the final resolution is outside the control of ORock or does not substantially affect the Services. ORock will consider resolving the issue in a future release.</p> <p>General Service related questions and requests for information.</p>

**PRIVACY POLICY**

**PLEASE READ THIS DOCUMENT CAREFULLY**

## Introduction

ORock, Technologies Inc. respects your privacy and is committed to protecting it. This privacy policy applies to <https://orocktech.com> ("Website") and to all products and services offered by ORock (collectively, "ORock", "ORock Platform", "We", "Us" or "Our"). This Privacy Policy describes ORock's policies and procedures on the collection, use and disclosure of your personal data when you use the ORock Platform. It also describes the choices available to you regarding the use of, your access to, and how to update and correct your personal data. We will not use or share your confidential information with anyone except as described in this Privacy Policy. This Privacy Policy does not apply to information we collect from other sources. This website is not intended for children and we do not knowingly collect data relating to children. Information which you do not designate as confidential may be publicly available and disclosed.

It is important that you read this Privacy Policy together with any other privacy notice or fair processing notice we may provide on specific occasions when we are collecting or processing personal data about you so that you are fully aware of how and why we are using your data. Our website and related services are hereinafter collectively referred to as our "services". We respect your privacy and are committed to maintaining and using any information we collect through your use of our services responsibly.

ORock is data processor for the processing of personal data in relation to ORock accounts and in relation to the use of our website. This Privacy Policy only concerns the processing for which ORock is data processor.

Please read this Privacy Policy carefully prior to accessing or using our services. If you do not agree with our policies and practices, your choice is not to use our Website. By accessing or using this Website, you agree to this Privacy Policy.

If you have any questions, please contact us at: [privacy@orocktech.com](mailto:privacy@orocktech.com).

## The Information We May Collect

Our primary purpose in collecting information from or about you is to provide you with a safe, smooth, efficient, and customized experience. Depending on the way you use our services, we collect information about you that we deem necessary for providing services and features that optimize, secure, and ease your user experience with ORock.

*Personal Information or Personal Data ("PII"):* ORock may collect and process information that could be directly or indirectly associated with you; information such as your full name, company name where applicable, user name and password, phone number, email address, billing or mailing address, credit/debit card information and other information that you share with ORock. You can choose not to provide us with certain information, but that may result in you being unable to use certain features of our services because such information may be required for you to register for an account; purchase products or services; participate in a contest, promotion, or survey; ask a question; or initiate other transactions on our website.

*Payment Information:* For the purposes of billing ORock accounts, we may request your credit card and certain contact information, such as a billing address. We retain credit card information internally for all payment processing related to our services. The payment information is necessary for you to use our services and failure to provide such information may result in you not being able to use our services.

*Third Party Payment Processors:* Payments processed via the ORock Platform by third party payment processors are subject to the terms of use and privacy policies of those payment gateways and are not accessible or controlled by ORock. For payments processed via third party payment processors, we may receive information related to your payment card type and last four digits, postal code, country of origin, and payment expiration date. For additional information, we recommend that you review the third-party payment processor's Privacy Policy.

*Mobile Application:* ORock offers a mobile application and may, depending on your privacy settings, collect certain information about you and your devices when you access our services through your mobile or other Internet connected devices. ORock does not ask for or purposefully track any precise location-based information. We use mobile analytics software to allow us to better understand the functionality of our services on your mobile or other Internet connected devices, which may record data relating to usage, performance, and download and will be treated like Demographic and Usage Data (discussed below).

*Information from Third Party Platforms:* You may allow our services to interact with one or more third party social networks or platforms (such as Facebook), which will provide data about you to us ("Platform(s)"). The information you allow ORock to access varies by Platform, and it is affected by the privacy settings you and those that you are connected with establish while using such Platforms. Platforms are operated, controlled, and maintained by third parties that are not operated, controlled, or maintained by ORock. We recommend that you read the terms of use or service and privacy policies of those Platforms to understand how they collect and treat your data and what data they might share with us or other third parties.

### *Demographic and Usage Data: Cookies and Similar Technologies*

ORock may collect information through the use of cookies, HTML5 local storage, and other similar technologies.

## Cookies

"Cookies" are alphanumeric identifiers in the form of text files that are inserted and stored by your web browser on your hard drive. ORock may set and access cookies on your computer or wireless device to track and store preferential information about you. We may gather anonymous information about Users through cookie technology on an individual and aggregate level. Such information is used within ORock internally and is only shared with third party advertisers, if any, on an aggregated or non-personally identifiable basis.

You may opt out of receiving cookies from our website by following the instructions in your web browser. Note, however, that deleting cookies or directing your browser to refuse them may limit your ability to use certain portions of our website that require cookies to function. ORock gathers certain information automatically and stores it in log files. This information may include Internet protocol (IP) addresses, browser type, operating system, and other usage information about the use of our website, including a history of the pages you view.

**Non-Personal Information: Web Beacons, Action Tags and Log Files**

**Web Beacons:** Web Beacons, also known as pixel tags and clear GIFs, ("Web Beacons"), are electronic images that allow a website to access cookies and help track marketing campaigns and general usage patterns of visitors to those websites. Web Beacons can recognize certain types of information, such as cookie numbers, time and date of a page view and a description of the page where the Web Beacons are placed. No PII about you is shared with third parties through the use of Web Beacons on our website. However, through Web Beacons, we may collect general information that will not personally identify you, such as: Internet browser, operating system, IP address, date of visit, time of visit and path taken through the website. In addition, we may also use web beacons in HTML-based emails sent to users to track which emails are opened by recipients.

**Action Tags:** ORock uses action tags. An action tag is a small piece of code that is placed on a webpage or in an email in order to track the pages viewed or the messages opened, the date and time when someone visited our website, the website from which the visitor came, the type of browser used, and the domain name and address of the user's Internet Service Provider. Action tags allow us to better understand how Users and visitors use the ORock Platform or browse through our pages, so that we can improve access to and navigation through the site, add or modify pages, according to our user's patterns. Action tags cannot be removed or deleted by our users, because they are part of the programming of a webpage.

**Log Files:** Log file information is automatically reported by your browser each time you access a web page. When you use the ORock Platform, our servers automatically record certain information that your web browser sends out whenever you visit any website. These server logs may include information such as your web request, IP address, browser type, referring/exit pages, operating system, date/time stamp, the files viewed on our site (e.g., HTML pages, graphics, etc.) and URLs, number of clicks, domain names, landing pages, pages viewed, and other similar information.

**Behavioral Targeting**

ORock partners with a third party to either display advertising on our website or to manage our advertising on other sites. ORock's third party partner may use cookies or similar technologies in order to provide you advertising based upon your browsing activities and interests. If you wish to opt out of interest-based advertising click here - [Unsubscribe](#). Please note you will continue to receive generic ads.

**Do Not Track Signals**

ORock does not track or use Do Not Track signals.

Note: ORock may also collect other Non-Personal Information as visitors browse our website, such as the web traffic, what pages are visited, from where visitors come, and other demographic information, such as age, gender, and search habits. We may compile this Non-Personal Information to enable statistical analysis of our services that would be used internally or with external assistance to make improvements to our website and services.

**How We Use the Information We Collect & Disclosure of your PII**

All organizations need a legal reason to use your personal information. If they do not have one, they cannot use such information. There are legal grounds that enable data processing, and we will use your PII in accordance with applicable data protection legislation, this Privacy Policy and the General Data Protection Regulation (2016/679/EU) ("GDPR"). Below are the most relevant grounds you should be aware of with respect to ORock's legal bases for using or disclosing your PII:

ORock may disclose any of your information, which in some cases includes PII, in the following situations:

With your consent. We may transmit your PII to a third party when you give us express permission to do so. For example, this may occur when we complete a transaction on your behalf or at your request.

To enter into or to fulfil a contract. We may use your PII to provide you with access to your account or other products you have signed up for.

For a legitimate interest. We may use your PII where it would help achieve ORock's business objectives or to facilitate a benefit to you or someone else. Where we want to rely on legitimate interests as a legal basis, we will carry out a balancing test between our legitimate interests and your privacy rights.

With our authorized service providers. ORock may share your PII with our authorized service providers that perform certain services and process PII on our behalf. These services may include providing customer service and marketing assistance, performing business and sales analysis, supporting our website functionality, and supporting contests, sweepstakes, surveys and other features offered through our website. These service providers may have access to PII needed to perform their functions but are not permitted to share or use such information for any other purposes.

Payment providers and your bank. For the purpose of administrating payments within our services, we may disclose your PII to third party payment providers and your bank.

With our business partners. When you make purchases, reservations or engage in promotions offered through our website, we may share PII with the businesses with which we partner to offer you those products, services, promotions, contests and/or sweepstakes.

In connection with a substantial corporate transaction, such as the sale of our business; a divestiture, merger, consolidation, or asset sale; or in the event of bankruptcy. If another company acquires ORock, that company will take on all responsibility for the information we collect, including PII, and it will assume all rights and obligations with respect to that information. Should this happen, the acquiring company may implement its own policies with respect to your information.

If we are required to disclose information by law. ORock may be obligated to disclose a User's personal information, if directed by a court of law or other governmental entity. Without limiting the foregoing, we reserve the right to disclose such information where we have a good faith basis to believe that such action is necessary to: (a) comply with applicable laws, regulations, court orders, government and law enforcement agencies' requests; (b) protect and defend ORock's or third party's rights and property, or safety of ORock, our users, our employees, or others; (c) prevent, detect, investigate and take measures against criminal activity, fraud and misuse or unauthorized use of our services and/or to enforce our Terms of Use or other agreements or policies; and/or (d) protect your personal safety or property or that of the public. In the event that your information is disclosed, we will comply with the law and make commercially reasonable efforts to notify you.

---

## Data Retention

We will save your PII until six months after you erase your user account, or otherwise exercise your right to erase your PII, unless otherwise required by law.

## Access to Your Information and other rights

You are at any time, and free of charge, entitled to receive a copy of the PII that we hold about you and information about the processing thereof. Please note that in order to be able to answer your request; ORock will need to be able to determine your identity.

If you believe that any PII we are holding is incorrect or incomplete, please send an email with your specific request to [privacy@orocktech.com](mailto:privacy@orocktech.com). We will work with you to make any corrections deemed necessary. We may not accommodate a request to change information if we believe the change would violate any law or legal requirement or cause the information to be incorrect.

You have the right to request that ORock restricts the processing of your PII under certain conditions, for example, if you contest the accuracy of the PII, the processing may be restricted for a period enabling ORock to verify the accuracy of the PII or if ORock no longer needs the PII for the purposes of the processing but you require the PII for the establishment, exercise or defense of legal claims.

You have the right to have your PII deleted without undue delay and ORock is obliged to delete your PII without undue delay if, for example the PII is no longer necessary in relation to the purpose for which it was collected or otherwise processed. Please note that ORock is not obliged to delete the PII if ORock can show that the processing is necessary, for example, for the establishment, exercise or defense of a legal claim.

If you provide your email address to ORock, you will always have the opportunity to opt out of receiving email newsletters and promotions through the unsubscribe link in the email communications or by logging into and changing the preferences for your user account. We may send you other types of transactional and relationship e-mail communications, such as service announcements, administrative notices, and surveys, without offering you the opportunity to opt out of receiving them. Please note that changing information in your account, or otherwise opting out of receipt of promotional email communications will only affect future activities or communications from us. If we have already provided your information to a third party (such as a credit card processing partner) before you changed your preferences or updated your information, you may have to change your preferences directly with that third party.

You have the right to object, on grounds relating to your particular situation, at any time to ORock's processing of your PII if the processing is based on, for example, legitimate interests. If you object to such processing, ORock will no longer be entitled to process your PII based on such legal basis, unless ORock can demonstrate compelling legitimate grounds for the processing which overrides your interests, rights and freedom or if it is conducted for the establishment, exercise or defense of a legal claim.

You have, under certain conditions, the right to receive the PII concerning you and which you have provided to ORock, in a structured, commonly used and machine-readable format and have the right to transmit such PII to another data controller without ORock trying to prevent this, where ORock's processing of your PII is based a contract or consent and the processing is carried out by automated means. In such case you have the right to request that the PII shall be transmitted from ORock directly to another data controller, where technically feasible.

You also have the right to withdraw your consent, if applicable. If you withdraw your consent, please note that this does not affect the lawfulness of the processing based on your consent before its withdrawal and that ORock may, under certain circumstances, have another legal ground for the processing and therefore may be entitled to continue the processing.

If you would like to exercise your rights, you may contact us on the contact details provided at the bottom of this Privacy Policy.

If you are unhappy with our processing of your PII you may lodge a complaint with a competent supervisory authority, for example in the country of your habitual residence, place of work or of an alleged infringement of the General Data Protection or other applicable data privacy laws.

## Our Policy Concerning Children

Our Website is not intended for children under 13 years of age. Our website and services are offered and available only to you if are 18 years or older, or if you are between 13 and 18 years old and have obtained the consent of a parent or legal guardian prior to accessing the website, registering an account, or using the services. If you do not meet this eligibility requirement, you may not use our website or services. ORock does not knowingly collect or store any personal information from or about children under the age of 13. If we learn we have collected or received personal information from a child under 13 without verification of parental consent, we will delete that information in conformity with the Children's Online Private Protection Rule ("COPPA"). If you believe that ORock might have any information from or about a child under the age of 13 may submit a request to [privacy@orocktech.com](mailto:privacy@orocktech.com) and request that such information be removed.

## Securing Your Information

ORock takes a range of security measures designed to protect your PII and keep it confidential (unless it is non-confidential by nature) and free from any unauthorized alteration. For example, only authorized employees are permitted to access personal information, and they may do so only for permitted business functions. In addition, we use encryption in the transmission of financial information between your system and ours, and we use firewalls to help prevent unauthorized persons from gaining access to your personal information.

Where we have given you (or where you have chosen) a password for access to certain parts of our website, you are responsible for keeping this password confidential. As the safety and security of your information also depends on the precautions you take, we ask you not to share your password with anyone.

## Third Parties and Other Information Collectors

Except as otherwise expressly included in this Privacy Policy, this document only addresses the use and disclosure of information we collect from you. To the extent that you disclose your information to other parties through our website, different rules may apply to their use, collection, and disclosure of the personal information you disclose to them. Since we do not control the information use, collection, or disclosure policies of third parties, you are subject to their privacy policies.

Our website may include links to third party websites. Once you have used these links to leave our website, you should note that we do not have any control over third party websites. We are not responsible for the content of such websites or the protection and privacy of any information which you provide while visiting such sites. Third-party websites are not governed by this Privacy Policy. You should exercise caution and look at the privacy policies applicable to the websites in question.

#### **Users Outside of the United States**

The services are hosted in the United States and are governed by the laws of the United States. If you are using the services outside the United States, please be aware that your information will be transferred to, stored, and processed in the United States where ORock's servers and databases are located. By using the Sites, you consent to the transfer of information to countries outside your country of residence.

#### **Transfer of personal information to countries outside the EU/EES**

ORock is established in New York, USA. Your PII is therefore transferred outside the European Union ("EU") and European Economic Area ("EEA"). Such transfer is necessary for the performance of the contract between you and ORock (article 49.1 (b) of the GDPR).

Your PII is also transferred to and processed by third party payment providers. Such transfers are necessary for performance of the contract between you and ORock (article 49.1 (b) of the GDPR).

Some of the third parties identified above may also be located outside the EU/EEA, in which case we will take all necessary steps required under applicable law in order for such transfer of information across borders to be compliant with applicable law. In cases where there is no adequacy decision by the Commission, this may for example include the use of EU model clauses (under Article 46.2 of the GDPR) or ensuring that the recipient is certified under the US-EU Privacy Shield Framework (under Article 45 of the GDPR). You may receive a copy of the relevant safeguards by contacting ORock using the contact details set forth below in this Privacy Policy.

#### **No Rights of Third Parties**

This Privacy Policy does not create rights enforceable by third parties or require disclosure of any personal information relating to users of the website.

#### **Changes to the Privacy Policy**

We may review and update this Privacy Policy from time to time in our sole discretion and will notify you of such changes. It is our policy to post any changes we make to our Privacy Policy on this page with a notice that the Privacy Policy has been updated on the Website home page. If we make material changes to how we treat our users' personal information, we will notify you by email to the primary email address specified in your account and/or through a notice on the Website home page. The date the privacy policy was last revised is identified at the top of the page. You are responsible for ensuring we have an up-to-date active and deliverable email address for you, and for periodically visiting our Website and this privacy policy to check for any changes.

Your continued use of the services after receipt of notification of changes to this Privacy Policy is deemed to be acceptance of those changes.

#### **Contact Us**

Please note that we have appointed a Privacy Representative who is responsible for overseeing questions in relation to this Privacy Policy. If you have any questions about this Privacy Policy, including any requests to exercise your legal rights, please contact the Privacy Representative at [privacy@orocktech.com](mailto:privacy@orocktech.com). You may also write to C/O Privacy Representative, ORock Technologies, Inc; 11921 Freedom Drive, Suite 1180 Reston, Virginia 20190 or call 571-386-0201.

**PALO ALTO NETWORKS, INC.**  
3300 OLCOTT STREET  
SANTA CLARA, CA 95054

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Palo Alto Networks, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**PALO ALTO NETWORKS**

**PALO ALTO NETWORKS LICENSE, WARRANTY AND SUPPORT TERMS**

**PALO ALTO NETWORKS MAINTENANCE AND SUPPORT SERVICES ARE NOT GOVERNED BY THIS EULA, AND ARE GOVERNED BY A SEPARATE GLOBAL SUPPORT SERVICES TERMS AND CONDITIONS ("EUSA") DETAILED IN EXHIBIT A.**

**LICENSE GRANT AND RESTRICTIONS.**

**Software License Grant.** Subject to the terms and conditions of this EULA, Palo Alto Networks grants to End User a nonexclusive license to: (i) use the Software solely as part of the Hardware with which the Software is delivered, or (ii) in accordance with the published specifications. The Software is

solely for End User's internal business purposes unless otherwise agreed to with Palo Alto Networks in a separate written agreement. All other rights in the Software are expressly reserved by Palo Alto Networks.

**Subscription Services Limited Right to Use.** Palo Alto Networks grants to End User the limited right to use the Subscription Services solely in connection with the Hardware and/or Software and solely for End User's internal business purposes.

**License Restrictions.** End User shall maintain the Products in strict confidence and shall not: (a) except in accordance with Palo Alto Networks license transfer procedure (<https://www.paloaltonetworks.com/support/support-policies/secondary-market-policy.html>), sell, resell, distribute, transfer, publish, disclose, rent, lend, lease or sublicense the Products, or make the functionality of the Products available to any other party (excluding contractors or other third party providing IT services to Customer) through any means (unless otherwise permitted in writing by Palo Alto Networks as expressly agreed to in a separate Managed Security Services Provider agreement), including, without limitation, by uploading the Software or Subscription Services to a network or file-sharing service or through any hosting, application services provider, service bureau or other type of services; (b) modify, translate or create derivative works based on the Software or Subscription Services, in whole or in part, or permit or authorize a third party to do so; (c) disassemble, decompile, reverse compile, reverse engineer or otherwise attempt to derive the source code of the Software, in whole or in part, or permit or authorize a third party to do so, except to the extent such activities are expressly permitted by applicable law in the jurisdiction of use notwithstanding this prohibition; (d) disclose, publish or otherwise make publicly available any benchmark, performance or comparison tests that End User runs (or has run on its behalf by a third party) on the Products; (e) duplicate the Software except for making a reasonable number of archival or backup copies, provided that End User reproduces on or in such copies the copyright, trademark and other proprietary notices or markings that appear on the original copy of the Software (if any) as delivered to End User.

**Affiliates.** If End User purchases the Product for use by any End User Affiliate (defined below), End User shall: (a) provide each such End User Affiliate with a copy of this EULA; (b) ensure that each such End User Affiliate complies with the terms and conditions therein; and (c) be responsible for any breach of these terms and conditions by any such End User Affiliate. For purposes of this EULA, "Affiliate" means any entity that Controls, is Controlled by, or is under common Control with End User or Palo Alto Networks, as applicable, where "Control" means ownership, directly or indirectly, of 50% or more of the voting interest of End User or Palo Alto Networks, as applicable.

#### **OWNERSHIP.**

The Software and Subscription Services are licensed, not sold. Palo Alto Networks retain all right, title, interest and ownership of the Software and Subscription Services, including copyrights, patents, trade secret rights, trademarks and any other intellectual property rights therein. End User shall not delete or in any manner alter the copyright, trademark, or other proprietary rights notices or markings that appear on the Software and Subscription Services or related documentation as delivered to End User. To the extent you provide any suggestions or comments related to the Products to Palo Alto Networks or its authorized third party agent, Palo Alto Networks shall have the right to retain and use any such suggestions or comments in current or future products or services, without your approval or further compensation to you.

#### **RESERVED.**

#### **WARRANTY, EXCLUSIONS AND DISCLAIMERS.**

**Warranty.** Palo Alto Networks warrants that, under normal authorized use (a) the Hardware shall be free from defects in material and workmanship for one (1) year from the date of shipment; and (b) the Software will substantially conform to Palo Alto Networks' published specifications for three (3) months from the date of shipment. As End User's sole and exclusive remedy a nd

Palo Alto Networks' and its suppliers' liability for breach of warranty, Palo Alto Networks shall, at its option and expense, repair or replace the Hardware or correct the Software, as applicable. All warranty claims must be made on or before the expiration of the warranty period specified herein. Replacement Products may consist of new or remanufactured parts that are equivalent to new. All Products that are returned to Palo Alto Networks and replaced become the property of Palo Alto Networks. Palo Alto Networks shall not be responsible for End User's or any third party's software, firmware, information, or memory data contained in, stored on, or integrated with any Product returned to Palo Alto Networks for repair or upon termination, whether under warranty or not.

**Exclusions.** The warranty set forth above shall not apply if the failure of the Product results from or is otherwise attributable to: (i) repair, maintenance or modification of the Product by persons other than Palo Alto Networks -authorized third party; (ii) accident, negligence, abuse or misuse of a Product; (iii) use of the Product other than in accordance with Palo Alto Networks' specifications; (iv) improper installation or site preparation or any failure by End User to comply with environmental and storage requirements for the Product specified by Palo Alto Networks, including, without limitation, temperature or humidity ranges; or (v) causes external to the Product such as, but not limited to, failure of electrical systems, fire or water damage.

**4.3 Disclaimers. EXCEPT FOR THE WARRANTIES EXPRESSLY STATED AND AS OTHERWISE PROHIBITED BY APPLICABLE LAW, THE HARDWARE, SOFTWARE AND SUBSCRIPTION SERVICES ARE PROVIDED "AS IS". PALO ALTO NETWORKS AND ITS SUPPLIERS MAKE NO OTHER WARRANTIES AND EXPRESSLY DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING OUT OF COURSE OF DEALING OR USAGE OF TRADE. PALO ALTO NETWORKS DOES NOT WARRANT THAT (I) THE PRODUCT WILL MEET END USER'S REQUIREMENTS, (II) USE THEREOF SHALL BE UNINTERRUPTED OR ERROR-FREE, OR (III) THE HARDWARE, SOFTWARE OR SUBSCRIPTION SERVICES WILL PROTECT AGAINST ALL POSSIBLE THREATS WHETHER KNOWN OR UNKNOWN.**

#### **RESERVED.**

#### **RESERVED.**

#### **END USER DATA.**

Palo Alto Networks utilizes industry standard practices and policies to maintain administrative, physical and technical safeguards for the protection and security of End User Data (defined below). End User is hereby notified and acknowledges that Palo Alto Networks Products may include interaction and communication with facilities hosted outside of the country where End User purchased or utilizes the Products. End User is further notified and acknowledges that some Subscription Services may allow End User, in its sole discretion, to send data to Palo Alto Networks, where such data may contain personally-identifiable, sensitive, and/or confidential data and information (collectively, "End User Data"). End User represents and warrants that End User's use of the Subscription Services and related submission of End User Data complies with all applicable laws, including those related to data privacy, data security, international communication and the exportation of technical, personal or sensitive data. Palo Alto Networks is not a data processor or data collector, and the inclusion of such personally identifying or sensitive data in End User Data is solely incidental to the provision of the Subscription Services. Submission of End User Data to Palo Alto Networks shall be at End User's sole discretion and at its own risk, and Palo Alto Networks assumes no responsibility for receipt of such End User Data. End User Data sent to Palo Alto Networks may be stored by Palo Alto Networks. End User further acknowledges that Palo Alto Networks may anonymize such End User Data to use for statistical purposes and share samples of such anonymized End User Data with other third party security-related researchers, vendors and customers.

#### **GENERAL.**

**Reserved.**

**Reserved.**

**Reserved.**

**Reserved.**

**Reserved. .**

**Reserved.**

**U.S. Government End Users.** This section applies to United States Government End Users only and does not apply to any other End Users. The Software and its documentation are “commercial computer software” and “commercial computer software documentation,” respectively; as such terms are used in FAR 12.212 and DFARS 227.7202. If the Software and its documentation are being acquired by or on behalf of the U.S. Government, then, as provided in FAR 12.212 and DFARS 227.7202-1 through 227.7202-4, as applicable, the U.S. Government’s rights in the Software and its documentation shall be as specified in this EULA.

**Open Source Software.** The Products may contain or be provided with components subject to the terms and conditions of open source software licenses (“Open Source Software”). A list of Open Source Software can be found at <https://www.paloaltonetworks.com/company/third-party-software.html>, for informational purposes only.

**Reserved.**

**Authorization Codes, Grace Periods and Registration.** Your Product may require an authorization code for activation for support of Your Product or to access Subscription Services. The authorization codes will be issued at the time of order fulfillment and sent to You via email. The service period will commence in accordance with the grace period policy at <https://www.paloaltonetworks.com/support/support-policies/grace-period.html>, for informational purposes only. You are hereby notified that, upon applicable grace period expiration, if any, Palo Alto Networks reserves the right to register Your Product and activate support services (if purchased) on Your behalf without further notification to You.

**WildFire Related Microsoft Licenses.** End User acknowledges that certain WildFire offerings require licenses for certain Microsoft software, including Windows and Office, as described further in the relevant Wildfire documentation. Where Microsoft software is provided with certain WildFire offerings, Palo Alto Networks has procured or otherwise provided the necessary Microsoft licenses for the WildFire offering. Customer is hereby notified and acknowledges that Microsoft updates and upgrades (software assurance) are not provided with the WildFire product and must be obtained by Customer directly from Microsoft in order for Customer to utilize later versions of Microsoft products beyond the versions initially provided with the WildFire offerings.

**DEFINITIONS**

**"Business Hours"** means Mondays through Fridays, 7:00 am – 6:00 pm PST, excluding U.S. and California holidays.

**"Hardware"** means the appliance and server agent products listed on Palo Alto Networks' then-current published product price list.

**“Major Releases”** means significant modifications or improvements to the Software that: (i) are designated by a change in the 1st digit of the version release number (e.g., v5.0 to v6.0); and (ii) are generally made available by Palo Alto Networks to its customers under valid support contracts, at no additional cost.

**“Minor Releases”** means minor modifications or improvements to the Software, cumulative bug fixes from Maintenance Releases since the last Minor Release and new bug fixes, as applicable, that: (i) are designated by a change in the 2nd set of digits of the version release number (e.g., v5.00 to v5.01); and (ii) are generally made available by Palo Alto Networks to its customers under valid support contracts, at no additional cost.

**“Maintenance Releases”** means bug fixes to the Software that: (i) are designated by a change in the 3rd set of digits of the version release number (e.g., v5.00.01 to v5.00.02); and (ii) are generally made available by Palo Alto Networks to its customers under valid support contracts, at no additional cost.

**“Palo Alto Networks Standard Support,” “Palo Alto Networks Premium Support,” and “Palo Alto Networks 4 Hour Premium Support”** refer to software and hardware support programs offered by Palo Alto Networks, as further detailed in Section 3 below.

**“Palo Alto Networks Support Plans”** means Palo Alto Networks Standard Support, Palo Alto Networks Premium Support, Palo Alto Networks 4 Hour Premium Support, and any other support plan for the Products described in this Agreement or on the Palo Alto Networks Support Web Site.

**“Palo Alto Networks Support Web Site”** means the web site currently located at <https://support.paloaltonetworks.com>, or any successor site thereto, as specified by Palo Alto Networks.

**“Products”** means, collectively, Hardware and Software.

**“Software”** means the software products listed on Palo Alto Networks’ then-current published product price list, including any software embedded in Hardware.

#### **DESCRIPTION OF SUPPORT PLANS**

Each Product under a Palo Alto Networks Support Plan must be registered by Customer in the Palo Alto Networks Support Web Site in order to access the features available on such site. In consideration of Customer’s purchase of a Palo Alto Networks Support Plan, Palo Alto Networks will use commercially reasonable efforts to provide the applicable services, as set forth in the table entitled “Support Plans and Services Offered” above, which are more fully described as follows: a) **Technical Support**

Telephone support available during the times specified for the Palo Alto Networks Support Plan purchased by Customer.

Support cases created via the Web will be classified as non-critical and will have a response time based on the severity classification as set forth in the table entitled “Support Plans and Services Offered” above. b) **Secure Web Access**

Access to the Palo Alto Networks Support Web Site to acquire the latest software fixes, feature releases, software release notes, signature updates, FAQs, case management and technical documentation.

Palo Alto Networks will use commercially reasonable efforts to ensure that the Palo Alto Networks Support Web Site is available 24x7.

Palo Alto Networks reserves the right to modify the support plans offered. Please refer to the Palo Alto Networks Support Web Site for the most current support plan descriptions.

#### **SUPPORT OPTIONS**

Customer shall choose from three support plans: (i) Palo Alto Networks Standard Support, (ii) Palo Alto Networks Premium Support, or (iii) Palo Alto Networks 4 Hour Premium Support.

Based upon the Customer’s selection and payment of the applicable fees per the purchase, Palo Alto Networks shall have the following obligations:

##### **a) Palo Alto Networks Standard Support**

Maintain and support the list of releases as defined as the current support releases on the Palo Alto Networks Support Web Site.

Make available all supported Maintenance Releases, Minor Releases and Major Releases. iii. Verify and correct identified defects in the Software for the currently supported Maintenance Releases. iv. Provide access to Palo Alto Networks online support through the Palo Alto Networks Support Web Site including, but not limited to, knowledge base/FAQ, case management and software downloads.

Provide technical telephone support Monday through Friday, excluding Palo Alto Networks’ designated holidays, in accordance to the times listed on Palo Alto Networks Support Web Site.

Provide a return and repair service for Hardware defects.

Customer may access Palo Alto Networks technical call center numbers and website address as listed in the table entitled “Support Plans and Services Offered” above.

##### **b) Palo Alto Networks Premium Support**

Includes all of the support services described under Palo Alto Networks Standard Support plus the following:

After hours technical telephone support on a 7x24 (seven days per week, 24 hours per day) basis for Severity 1, critical issues.

Provide a next business day ship advance replacement for Hardware defects.

##### **c) Palo Alto Networks 4 Hour Premium Support**

This support option is available only for Products located within a specified range of a Palo Alto Networks Service Location. Includes all of the support services described under Palo Alto Networks Premium Support plus commercially reasonable efforts by Palo Alto Networks to deliver the replacement hardware to the Customer within four hours.

#### **5. RMA POLICY AND PROCESS**

In those situations when it is necessary for Customer to return a Product to Palo Alto Networks, Customer must request Palo Alto Networks to issue a Return Material Authorization (RMA) Number prior to shipment. Each RMA Number will be uniquely identified and records will be maintained to record significant information regarding the processing of the Product.

**Return and Repair:** Customer shall obtain an RMA Number for the Product that Customer desires to return to Palo Alto Networks by contacting Palo Alto Networks Support via telephone or email or via the Palo Alto Networks Support Web Site. Palo Alto Networks Support will work with Customer to confirm the Hardware problem and issue an RMA Number to be used in connection with shipping the Product back to Palo Alto Networks. Customer shall repackage the Product in the original packaging (shipping damage that occurs as a result of insufficient packaging is not covered under this Agreement), note the RMA Number on the shipping label and ship the Product to the specified Palo Alto Networks location. Products will be repaired or replaced within 10 business days from receipt of the defective Product by Palo Alto Networks. Palo Alto Networks will pay all shipping costs that it incurs in connection with shipping the repaired or replacement Product to Customer.

**Advance Replacement:** Customer shall obtain an RMA Number for the Product that Customer desires to return to Palo Alto Networks by contacting Palo Alto Networks Support via telephone or via the Palo Alto Networks Support Web Site. Palo Alto Networks Support will work with the Customer to confirm the Hardware problem and issue an RMA Number to be used in connection with shipping the Product back to Palo Alto Networks. Palo Alto Networks will ship a replacement Product to Customer by the next business day and a prepaid return airbill will be included with the shipping documents affixed to the exterior of the shipping carton. Palo Alto Networks will pay all shipping costs that it incurs in connection with shipping the replacement Product to Customer. Upon receipt of a replacement Product, Customer shall return the defective Product to Palo Alto Networks in the replacement Product’s packaging (shipping

damage that occurs as a result of insufficient packaging is not covered under this Agreement), the airbill affixed to the exterior of the shipping carton and the designated courier service contacted for pickup. If Palo Alto Networks does not receive the returned Product within 10 business days after the date of Customer's receipt of the replacement Product, Customer will be charged current list price of the replacement Product.

**4 Hour RMA Replacement:** Customer shall obtain an RMA Number for the Product that Customer desires to return to Palo Alto Networks by contacting Palo Alto Networks Support via telephone. Palo Alto Networks Support will work with the Customer to confirm the Hardware problem and issue an RMA Number to be used by Palo Alto Networks for administrative purposes. Palo Alto Networks will use its commercially reasonable efforts to have a replacement Product delivered to Customer within four hours of the time the Customer receives an RMA number. Customer must have an authorized representative available to accept delivery of the replacement Product. If Palo Alto Networks (or its subcontractor) is unable to complete delivery because Customer does not have an authorized representative available, Palo Alto Networks reserves the right to charge Customer for costs incurred in making a subsequent delivery.

#### **6. CUSTOMER OBLIGATIONS**

During the term of this Agreement, Customer shall:

Operate at the then-current Maintenance Release; and

Use reasonable efforts to isolate, collect all error and log files to enable Palo Alto Networks to fulfill its obligations herein.

#### **LIMITATIONS**

The following services are expressly excluded from the Palo Alto Network Support Plans:

Repair or replacement of Product required as a result of causes other than normal use, including without limitation: (i) repair, maintenance or modification of the Product by persons other than Palo Alto Networks -authorized personnel; (ii) accident, fault or negligence of Customer; (iii) user error or misuse of the Product; or (iv) causes external to the Product such as, but not limited to, failure of electrical systems or fire or water damage or hardware failure, operation system software failure or any other damage and failure not caused by Palo Alto Networks.

Maintenance or technical services for any third party software or hardware, whether or not such third party software or hardware is provided by Palo Alto Networks.

#### **RESERVED.**

#### **NO WARRANTY**

Nothing in this Agreement shall be construed as expanding or adding to the warranty set forth in the EULA. PALO ALTO NETWORKS MAKES, AND CUSTOMER RECEIVES, NO WARRANTIES OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, ARISING IN ANY WAY OUT OF, RELATED TO, OR UNDER THIS AGREEMENT OR THE PROVISION OF MATERIALS OR SERVICES HEREUNDER, AND PALO ALTO NETWORKS SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT.

#### **RESERVED.**

PERMUTA TECHNOLOGIES, INC.  
6225 BRANDON AVE  
SPRINGFIELD, VA 22150

ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

PERMUTA TECHNOLOGIES, INC.

PERMUTA TECHNOLOGIES, INC. END USER LICENSE AGREEMENT

---

**General Terms.**

**Ordering.** Ordering Activity must issue a purchase order for a Subscription to access Products. Ordering Activity may use Products as expressly permitted in the applicable Government Contract. Permuta reserves all other rights. Ordering Activity must acquire and assign the appropriate subscription licenses (SL) required for its use of each Product. Unless otherwise specified, each user that accesses Products must be assigned a User SL. Ordering Activity has no right to use Products after the SL term for that Product ends.

**Fees and Payment Terms.** The fees and payment terms applicable to the Products are set forth in the GSA Schedule Pricelist.

**Product Term Updates.** When Ordering Activity purchases a new subscription to Products, the then-current Terms will apply and will not change during Ordering Activity's subscription for that Product.

**Modifications.** Notwithstanding any terms to the contrary, Ordering Activity acknowledges and agrees that Permuta may modify the features of the Products from time-to-time at Permuta's sole discretion, so long as they do not result in a degradation of what the Ordering Activity has contracted for.

**License Reassignment.** Except as permitted in this paragraph, Ordering Activity may not reassign a Subscription on a short-term basis (i.e., within 90 days of the last assignment). Ordering Activity may reassign a Subscription on a short-term basis to cover a user's absence. Reassignment of a Subscription for any other purpose must be permanent. When Ordering Activity reassigns a Subscription from one user to another, Ordering Activity must block access and remove any related software from the former user's devices.

**Multiplexing.** Hardware or software that Ordering Activity uses to pool connections; reroute information; or reduce the number of devices or users that directly access or use the Products (sometimes referred to as "multiplexing" or "pooling") does not reduce the number of licenses of any type (including Subscriptions) that Ordering Activity needs.

**Permuta-Provided Data.** Permuta may use or provide Permuta-Provided Data in connection with Ordering Activity's access to Products. Ordering Activity acknowledges that Permuta-Provided Data has commercial value. All rights in Permuta-Provided Data shall be owned by Permuta unless explicitly stated otherwise in written form by an authorized Permuta representative. All rights not expressly granted to Ordering Activity, are reserved to Permuta.

**Commercial Items.** The Products are a "commercial items," as that term is defined in 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212. Ordering Activity acquires the Products with only the rights set forth in these Terms. Ordering Activity acknowledges and agrees that Permuta sells the Products as commercial items only and will engage as a subcontractor for the Products subject only to the required U.S. Government flowdown clauses listed at 48 CFR 52.244-6, "Subcontracts for Commercial Items", plus other terms necessary in meeting performance obligations under the specific Government Contract under which Ordering Activity purchases the Products.

**DefenseReady Hosted Services.**

**Eligibility.** Only the U.S. DoD may purchase subscriptions for DefenseReady Hosted Services ("Hosted Services").

**Security Policy.** Permuta will use commercially reasonable efforts to operate Hosted Service as required by Ordering Activities seeking to secure and maintain an Authority to Operate from a DoD Authorizing Official in accordance with DODI 8510.01, Risk Management Framework for DoD Information Technology (IT) (RMF Policy). Permuta will employ the common NIST SP 800-53 Security Controls as required of an external IT service used by Ordering Activity to process, store, and transmit information types with a maximum Security Categorization of {(confidentiality, moderate), (integrity, moderate), (availability, moderate)} in accordance with FIPS Publication 199, Standards for Security Categorization of Federal Information and Information Systems. On a confidential need-to-know basis, Permuta will make the Hosted Service System Security Plan available to Ordering Activities, along with other information reasonably requested by Ordering Activities regarding Permuta's security practices and policies (collectively, the "Security Policy"); provided, however, that Permuta may redact information from the Security Policy if such information would compromise the security of Permuta's information technology environment or the confidentiality of any third-party's confidential information. Ordering Activity is solely responsible for reviewing the Security Policy, making an independent determination as to whether the Security Policy meets Ordering Activity's requirements, and for ensuring that Ordering Activity's personnel and consultants follow the guidelines they are provided regarding data security.

**Location of Data Processing.** Except as described elsewhere in these Terms, Ordering Activity Data that Permuta processes on Ordering Activity's behalf will be transferred to, and stored in and processed in facilities located only in United States, duly authorized by a qualified U.S. Government entity, and maintained by Permuta or its affiliates or subcontractors. Ordering Activity appoints Permuta to perform any such transfer of Ordering Activity Data to any such facility and to store and process Ordering Activity Data in order to provide the Hosted Service.

**Data Retention.** Permuta will retain Ordering Activity Data stored on the Hosted Service in a limited function account for ninety (90) days (the "Wind Down Period") after expiration or termination of the applicable Subscription. Ordering Activity is responsible for extracting all of its Ordering Activity Data during the Wind Down Period. After the Wind Down Period, Permuta will disable Ordering Activity's account and delete all Ordering Activity Data without further notice to Ordering Activity. Permuta has no liability for the deletion of Ordering Activity Data in accordance with this Section 2.4.

**DefenseReady / FederalReady Software**

Ordering Activity's intended use of Products may require certain Software Products to be installed. Ordering Activity must uninstall the Software when Ordering Activity's right to use it ends.

The Use Rights in effect when Ordering Activity orders a Subscription for Software Products will apply to Ordering Activity's use of the version of the Software Product that is current at the time. For future versions and new Software Products, the Use Rights in effect when those versions and Software Products are first released will apply if both parties have agreed to them in writing. Changes Permuta makes to the Use Rights for a

particular version will not apply unless Ordering Activity chooses to have those changes apply.

Subscription licenses are not required for access by bona-fide external users. Bona-fide external users are users that are not an employee, contractor, or agent of the Ordering Activity or its Affiliates; effectively end Ordering Activities (i.e., Ordering Activities of the Ordering Activity) that access instances of the Software.

External users MAY NOT access instances of Software using the DefenseReady client application and graphical user interface.

#### **Ordering Activity Obligations**

**End Users.** Ordering Activity shall ensure it and its End Users comply with these Terms. Ordering Activity shall be responsible for the actions and omissions of its End Users and any other person or entity to which Ordering Activity allows access to the Products.

**Responsibility for Accounts.** Ordering Activity is responsible for maintaining the confidentiality of any Security Credentials (as defined below) associated with Ordering Activity's account and use of the Hosted Service. Ordering Activity must promptly notify Permuta Ordering Activity support about any possible misuse of Ordering Activity's accounts or authentication credentials, or any security incident related to the Hosted Service.

**Authority to Operate.** Ordering Activity must comply with all laws and regulations applicable to its use of Hosted Service, to include attaining a determination regarding the Trustworthiness of the Hosted Service by a DoD Authorizing Official in accordance with DODI 8510.01, Risk Management Framework for DoD Information Technology (IT) (RMF Policy). Ordering Activity is responsible for implementing and maintaining Security Controls identified in the Security Policy as Ordering Activity's responsibility. Ordering Activity is responsible for responding to any request from a third party regarding Ordering Activity's use of Hosted Service.

**Obligations Regarding Ordering Activity Data.** Ordering Activity is solely responsible for the content of all Ordering Activity Data. Ordering Activity will secure and maintain all rights in Ordering Activity Data necessary for Permuta to provide the Hosted Service to Ordering Activity without violating the rights of any third party, or any applicable laws or otherwise obligating Permuta to Ordering Activity or to any third party. Permuta does not and will not assume any obligations with respect to Ordering Activity Data or to Ordering Activity's use of the Hosted Service other than as expressly set forth in these Terms or as required by applicable law. Ordering Activity is solely responsible for determining whether the Hosted Service are appropriate for the storage and processing of the Ordering Activity Data. If Ordering Activity provides (directly or indirectly) Permuta with access to any personal information, Ordering Activity will obtain all required consents from third parties under applicable privacy and data protection laws before providing such personal information to Permuta.

#### **Acceptable Use Policy and Restrictions.**

Neither Ordering Activity, nor those that access Products through Ordering Activity, may use Products:

in a way prohibited by law, regulation, governmental order or decree;

to violate the rights of others;

to try to gain unauthorized access to or disrupt any service, device, data, account or network;

to spam or distribute malware;

in a way that could harm the Products or impair anyone else's use of it; or in any application or situation where failure of the Product could lead to the death or serious bodily injury of any person, or to severe physical or environmental damage.

Except as expressly authorized by these Terms, Ordering Activity may not: (a) modify, disclose, alter, translate or create derivative works of the Products (or any components thereof); (b) license, sublicense, resell, distribute, lease, rent, lend, transfer, assign or otherwise dispose of the Products (or any components thereof); (c) disassemble, decompile or reverse engineer the Products; (d) use the Products to store or transmit any viruses, software routines or other code designed to permit unauthorized access, to disable, erase or otherwise harm software, hardware or data, or to perform any other harmful actions; (e) copy, frame or mirror any part or content of the Products; (f) build a competitive product or service, or copy any features or functions of the Products; (g) interfere with or disrupt the integrity or performance of the Products; (h) attempt to gain unauthorized access to the Products or their related systems or networks; (i) disclose to any third party any performance information, benchmarking or analysis relating to the Products; (j) use the Products in violation of any laws, (k) allow the transfer, transmission, export or re-export of the Products or any portion thereof in violation of any export control laws or regulations administered by the U.S. Commerce Department, OFAC, or any other government agency; (l) remove, alter or obscure any proprietary notices in or on the Products including copyright notices; (m) disclose or make available passwords, user IDs or other credentials and login information (collectively, "**Security Credentials**") that Permuta has provided to Ordering Activity or the End Users or that are generated in connection with Ordering Activity's or End Users' use of the Product, other than to Ordering Activity or the End Users; (n) work around any technical limitations of the Products or download or otherwise remove copies of software or source code from the Product except as explicitly authorized; or (o) cause or permit any End User or any other third party to do any of the foregoing. Ordering Activity will use its best efforts to prevent unauthorized access to, and use of, the Security Credentials and the Products, and will immediately notify Permuta in writing of any unauthorized use of the Products that comes to Ordering Activity's attention, including by End Users.

Reserved

**Right to Verify Compliance.** Ordering Activity must keep records relating to all use and distribution of Products by Ordering Activity and its Affiliates. **Subject to applicable Government security requirements**, Permuta has the right, at its expense, to verify compliance with these Terms. Ordering Activity must promptly provide any information reasonably requested by the independent auditors retained by Permuta in furtherance of the verification, including access to systems running the Products and evidence of licenses for Products that Ordering Activity hosts, sublicenses, or distributes to third

parties. Ordering Activity agrees to complete Permuta's self-audit process, which Permuta may request as an alternative to a third-party audit.

**Verification Process.** Permuta will notify Ordering Activity at least 30 days in advance of its intent to verify Ordering Activity's compliance with the license terms for the Products Ordering Activity and its Affiliates use. Permuta will engage an independent auditor, which will be subject to a confidentiality obligation and **to applicable Government security requirements**. Any information collected in the self-audit will be used solely for purposes of determining compliance. This verification will take place during normal business hours in accordance with the applicable Ordering Activity's security policies and in a manner that does not unreasonably interfere with Ordering Activity's operations.

**Remedies for Non-compliance.** If verification or self-audit reveals any unlicensed use of Products, then Permuta will invoice Ordering Activity for the additional licenses. Notwithstanding the foregoing, nothing in this section prevents the Ordering Activity from disputing any invoice in accordance with the Contract Disputes Act (41 U.S.C. §§7101-7109), as applicable. After an audit, Permuta will not subject Ordering Activity to another verification for at least one year. By exercising the rights and procedures described above, Permuta does not waive its rights to enforce these Terms or to protect its intellectual property by any other permissible means.

#### **Intellectual Property Rights**

**Grants.** Subject to these Terms and solely for Ordering Activity's internal purposes, Permuta grants to Ordering Activity a limited, non-transferable, and non-exclusive right and license, to, and permit its End Users to use the Software Products in the quantities ordered during a valid Subscription Term and (b) use the Hosted Services during a valid Subscription Term. Limits on storage volume, data throughput, page view capacity, consumption and concurrent user volumes may apply.

**License to Ordering Activity Data.** To the extent necessary to provide the Hosted Services and support Ordering Activity's intended use of the Hosted Services, Ordering Activity hereby grants to Permuta the right to (a) collect, process, copy, transmit, display, format and otherwise handle any Ordering Activity Data, and (b) host and store the Ordering Activity Data on Permuta's servers or Permuta's agent's servers.

**Ownership and Reservation of Rights.** As between the parties and subject to the express grants set forth in these Terms, (a) Ordering Activity owns all right, title and interest in and to the Ordering Activity Data, and (b) Permuta owns all right, title and interest in and to the Hosted Services (and any and all modifications to or derivative works of the Hosted Services), the Usage Data (as defined below), the Feedback and any and all Intellectual Property Rights embodied in or related to the Products, the Usage Data and/or the Feedback. Permuta reserves all rights not expressly granted to Ordering Activity in these Terms, and except as expressly set forth in these Terms, no licenses are granted by Permuta to Ordering Activity under these Terms, whether by implication, estoppel or otherwise.

**Reserved.**

## **Ordering Activity Support & Customer Support Program**

### **Support Program Administration**

**Eligibility.** Ordering Activity must have an active Subscription to receive Ordering Activity Support.

**Term:** The Term of the Customer Support Plan Coincides with the Coverage Period of the associated Software Maintenance

**Customer Support Coordinator.** Permuta will designate two contacts to serve as the primary and secondary account managers to manage Permuta's responsibilities associated with the Customer Support Plan.

**Enrollment Administrators.** Ordering Activity shall designate two contacts to serve as the primary and secondary enrollment administrators ("**Enrollment Administrator**") to manage Ordering Activity's responsibilities associated with its Support Plan.

**Approved Requesters.** Ordering Activity shall designate approved requesters ("**Approved Requesters**") in accordance with the terms of the selected Support Plan. Approved Requesters are presumed to have the authorization authority to request Support Tasks.

**Modifications.** Permuta may make commercially reasonable changes to the Ordering Activity Support program from time to time, without amendment to these Terms.

### **Support Plans**

Included with each Subscription at no additional cost is automatic enrollment in the "Standard" Ordering Activity Support Plan. Ordering Activity may select an alternative Support Plan prior to commencement of the Subscription Term.

The following Support Plans are available:

**Standard** – The Standard Plan is included with SW Maintenance at no additional cost. This Support Plan may be suitable for organizations with 1) mature deployments of Products or 2) limited support budgets. and/or organizations that 3) are not significantly impacted in the event of a service disruption.

**Silver** – The Silver Plan is designed for organizations that 1) require periodic maintenance of a customer-specific solution minimally extending of one or two out-of-the-box DefenseReady capabilities and/or organizations that 2) are critically impacted in the event of a service Agreement.

**Gold** - The Gold Plan is designed for organizations that 1) require periodic maintenance of one or more customer-specific solutions moderately extending one or more of out-of-the-box DefenseReady capabilities; 2) require periodic maintenance of one minimally complex customer-specific capability produced by Permuta; 3) require access to cyber security support; and/or organizations that 4) are catastrophically impacted in the event of a service disruption.

**Platinum** – The Platinum Plan is designed for organizations that 1) require periodic maintenance of one or more customer-specific solutions extensively extending one or more of out-of-the-box DefenseReady capabilities; 2) require periodic maintenance of one or more moderately complex customer-specific capabilities produced by Permuta; 3) require one or more managed projects in order to implement new capabilities or make major enhancements to existing capabilities; 4) require extensive access to cyber security support; and/or organizations that 5) are catastrophically impacted in the event of a service disruption.

**OnBoard** – The OnBoard Plan is designed for new customers intending to use Products operationally within a 12-month time.

**Pilot** – The Pilot Plan is designed for potential customers intending to conduct an operational pilot of Products for qualification, evaluation, and/or comparative purposes.

If Permuta provides a Fix in connection with Ordering Activity Support, each Fix is licensed under the same terms as the Product to which it applies.

### **Support Task Request Process**

**Support Tasks.** Ordering Activity may only access Ordering Activity Support by requesting a Support Task through Ordering Activity's Approved Requesters. The Support Task is administered by the Account Manager(s), in cooperation with the Enrollment Administrator(s) and Approved Requesters. At no additional cost, Permuta may provide tools, resources, and software to facilitate the Support Task request process.

**Types.** The types of Support Tasks available to the Ordering Activity under these Terms are:

**Advisory Support** - Advisory support is available for short-term advice and guidance from one of Permuta's Subject Matter Experts (SME) for problems not covered with problem resolution support as well as requests for consultative assistance for design, development, deployment and operation issues

**Sustainment Support** – Sustainment support includes sustainment planning services, off-site integration test environments, update rollout testing, and periodic over the phone support for applying updates and performing major upgrades.

**Problem Resolution Support (PRS)** - Problem resolution support is available for assistance with resolving problems with specific symptoms encountered while using the Products, where there is a reasonable expectation that the problem is caused by the Products. Problem

Resolution Support is limited to off-site troubleshooting assistance, problem identification, and solution recommendation. If Permuta determines a Product Fix is required to resolve a problem, Permuta will initiate a product fix in accordance with Permuta's established ProductFix procedures at no cost to the.

**Rapid On-Site Support (ROSS)** – Rapid onsite support is available to resolve Severity Level A (Critical) and 1 (Catastrophic) problems which cannot otherwise be resolved within 48 hours using other commercially reasonable means. Permuta's ability to provide rapid onsite support is subject to Permuta's resource availability, and the tasks performed will vary depending on the situation, environment, and business impact of the issue. Provided it is in accordance with FTR/JTR, as applicable, and Ordering Activity approves the travel expenses prior to travel, Permuta will redeem Support Credits to account for travel time at a rate of one Support Credit for each required non-business hour of travel not otherwise accounted for in the support.

**Configuration Support** – Configuration support is available for Ordering Activities requiring minor configuration changes on a short-term basis.

**Training Support** – Training support is available to support curriculum development and to conduct training.

**Cyber Security Support** – Subject to availability of Permuta resources, cyber security support may be available to support Ordering Activity's cyber security needs in relation to its intended use of Products.

**Scheduled On-Site Support** – Scheduled on-site Ordering Activity support is available for Ordering Activities subject to Permuta's resource availability and the tasks performed will vary depending on the situation, environment, and business impact of the issue. Permuta may redeem

Support Credits to account for travel time at a rate of one half Support Credit for each required non-business hour of travel not otherwise accounted for in the support day.

**Solution Development Support** – Solution development support is available for Ordering Activities requiring or engaged in a complex custom solution development effort following commercial best practices.

**On-Boarding Support** - On-boarding support is available for new implementations and integration services of a new Ordering Activity.

**Support Credits**

General. As part of the Ordering Activity’s Support Plan, Permuta will issue Support Credits redeemable for Support Tasks. Credits may only be redeemed for 1) Support Tasks following the Support Task request process set forth in section 7.3 or 2) Managed Ordering Activity Support Projects as set forth in

section 7.5. Support Credits have no cash value, are non-transferrable and non-refundable. All Support Credits are valid for the term of the associated Subscription and expire immediately upon expiration of the Subscription Term or termination of Ordering Activity’s Support Plan.

Roll-Over Support Credits. Permuta will reissue a limited quantity of expired support credits (“Roll-Over Support Credits”) at the start of the associated Subscription’s new term. Section 7.8 identifies the Roll-Over Support Credits limit for each available Support Plan. The reissue quantity will not exceed the limit of the expiring Support Plan or the Follow-On Support Plan associated with a new Subscription, whichever is lowest.

Pre-determined Redemption Quantity. In accordance with appropriate procedures, Permuta will automatically accept and process Support Task requests of a type HAVING a pre-determined redemption quantity as set forth below in Section 7.4.5.

Redemption Quantity Approval and Work Orders. A Ordering Activity Enrollment Administrator will be required to issue Permuta a written Authority to Proceed for Support Task Requests of a type NOT HAVING a pre-determined redemption quantity. The Authority to Proceed must specify an approved redemption quantity for each Support Task Request. Generally, preestablished Support Request Work Order process will be followed to accommodate applicable Support Task Requests. The Table below identifies commercially reasonable response time expectations that will serve as a the guidelines for both Permuta and the customer throughout the execution of the Support Task Work Order Process.

Severity	Limitations	Permuta’s Expected Response	Customer’s Expected Response
Severity Level 1: Catastrophic business impact	<p>Work orders for Severity Level 1 Support must originate from Severity Level 1 Problem Resolution Support Request.</p> <p>Customers must be eligible for Severity Level 1 support.</p> <p>Work orders for Severity Level 1 Support Requests will be limited to the following types of tasks: Advisory Support, Sustainment Support, Rapid On-Site Support, Configuration Support, and Cyber Security Support.</p> <p>Permuta will accept an Authority to Proceed from Authorized Requesters or a Customer Sr. Manager or change control authority.</p> <p>Authorization may be provided over</p>	<p><input type="checkbox"/> Upon determination a Work order is required, Permuta may provide a best-guess level of effort over the phone to which an acceptable approval authority may provide an Authorization to Proceed.</p> <p>Once verbal Authorization to Proceed is provided, Permuta will work continuously to prepare and submit a work order for customer to approve electronically as soon as possible</p> <p>If requested, Permuta will endeavor to provide Rapid OnSite Support within 48 hours and no less than 72 hours. Permuta will work continuously to execute other support tasks.</p>	<p><input type="checkbox"/> Customer will work continuously to approve work order as soon as possible.</p> <p><input type="checkbox"/> Customer will work continuously to provide guidance, support, and access to resources as required during execution of support tasks.</p> <p>If required, customers will take all preparation measures requested by Permuta prior to projected arrival of On-Site Support.</p> <p>Customer will work continuously to verify successful execution of support tasks.</p>

business impact Or Routine Support	Advisory Support, Sustainment Support, Configuration Support, Training Support, Cyber Security Support, Scheduled On-Site Support, Solution Development Support, and On-Boarding Support.	<input type="checkbox"/> request verification of the customers objective within 16 business hours. <input type="checkbox"/> Upon customer's verification of the business objective, within 16 business hours, Permuta will determine a level of effort and submit it to the customer for authorization to proceed OR inform the customer additional time is required and provide a new estimated date and time of submission. Permuta will work to complete tasks in accordance with the estimated completion dates identified in the approved work order.	<input type="checkbox"/> request for verification. <input type="checkbox"/> Customer will provide an authorization decision within 24 business hours upon receiving a request for authorization to proceed. If requested, customers will take all preparation measures requested by Permuta prior to scheduled arrival of On-Site Support. Customer will endeavor to provide timely guidance, support, and access to resources as required during execution of support tasks. Customer will provide verification of successful execution of work order tasks within 72 business hours of being requested.
------------------------------------	---	--	--

Support Credit Redemption Rate. Support Credits will be redeemed by Ordering Activity at the following rates for the Support Tasks listed below:

Support Task Type	Redemption Rate Unit	Support Credit Redemption Rate
Advisory Support	Hour	See Discipline Rate
Sustainment Support	Hour	See Discipline Rate
Problem Resolution Support	Case/Incident	1
Rapid On-Site Support	Person Day	During business hours: 10  off hours, weekends & holidays  15
Configuration Support	Hour	See Discipline Rate
Training Support	Hour	See Discipline Rate
Cyber Security Support	Hour	See Discipline Rate
Scheduled On-Site Support	Person Day	During business hours; 6; off hours, weekends, &
Support Task Type	Redemption Rate Unit	Support Credit Redemption Rate

		holidays:10
Solution Development Support	Managed Customer Support Project	FFCRAQ
On-Boarding Support	Managed Customer Support Project	FFCRAQ

1 Under certain circumstances, credit redemption rate will be based on Discipline Rate or other factors. Permuta assumes customer's environment is configured in accordance with standard guidance or recommended best practices and the customer will make certain information available that is required for the problem resolution process. In the event the customer's environment does not comply with standard guidance or best practices, information is not made available, or otherwise does not provide commercially reasonable assistance in the problem resolution process, credit redemption rate will be based on the actual effort required to resolve the problem in accordance with Discipline Rates <sup>1</sup> Person Day is consists of 1 person up to and not exceeding 6 hours at a customer designated location .

**Work Order Preparation Request 2**

**Firm-Fixed Credit Redemption Allocation Quantity (FFCRAQ).** For Managed Customer Support Projects, Permuta will use its standard estimation methodology to determine a Firm-Fixed Credit Redemption Allocation Quantity (FFCRAQ) that will be allocated to the Managed Customer Support Project. To assist customers in determining the reasonableness of the Credit Redemption Quantity, Permuta will provide a detailed basis for the FFCRAQ.

**Discipline Rates.** For support request types without a pre-defined Credit Redemption Rate, Permuta will apply the following Discipline Credit Redemption Rates (CRR) when determining a final Credit Redemption Quantity for a given support request

Customer Support Discipline	Credit / Labor Hour
Program Management	1.3 / Labor Hour
Training	0.8 / Labor Hour
Business Process Analysis	0.8 / Labor Hour
Requirements and Configuration	0.8 / Labor Hour
Custom Coding	1 / Labor Hour
Quality and Testing	0.8 / Labor Hour
Infrastructure	1.2 / Labor Hour
Integration and Interfaces	1.2 / Labor Hour
Data Migration	1.2 / Labor Hour
Cyber Security	1.5 / Labor Hour
Subject Matter Expert	1.5 / Labor Hour

7.4.1 **Sufficient Credits.** The Ordering Activity is responsible for ensuring it maintains a sufficient Support Credit balance as required to avoid disrupting or otherwise negatively impacting its intended use of Products. Permuta may refuse to perform Support Tasks if Ordering Activity has insufficient Support Credits.

7.5 **Managed Ordering Activity Support Projects**

7.5.1 **Managed Ordering Activity Support Project.** As part of an eligible Support Plan and when appropriate, Permuta may perform certain support services as Managed Ordering Activity Support Projects ("Projects"). Projects will be used to deliver to Ordering Activity mutually agreed to deliverables ("Deliverables") to address requirements related to the Ordering Activity's desired use of the Products.

7.5.2 **Statement of Work.** Permuta will perform Projects in accordance with Permuta's commercially reasonable standard patterns and practices for processes, documentation, communication, design, configuration, customization, code, test, and operational support. Permuta shall only perform Projects if the parties have executed, and subject to, a mutually agreed to statement of work ("SOW") documenting the specific terms and conditions (including those relating to intellectual property rights) governing such Support Services and Deliverables. Ordering Activity and Permuta agree to each perform its respective obligations in each SOW.

7.5.3 **Support Credit Redemption Plan.** The terms of the Project SOW shall include a Support Credit Redemption Plan specifying a fixed quantity of Support Credits the Ordering Activity would be required to redeem and the redemption scheduled.

7.5.4 **Sufficient Credits.** The Ordering Activity is responsible for ensuring it maintains a sufficient Support Credit balance as required by the Support Credit Redemption Plan without disrupting or otherwise negatively impacting its intended use of the Products.

7.6 **Response Levels**

When submitting a Support Request, Ordering Activity is responsible for specifying the initial severity level in consultation with Permuta in accordance with the Ordering Activity situation. The Support Request severity level will determine Permuta's expected response and Ordering Activity's expected response as identified in the table below.

Severity	Situation	Permuta's Expected Response	Ordering Activity's Expected Response
1. Submission via phone only	Catastrophic business impact: Complete loss of a core (mission critical) business process and work cannot reasonably continue Needs immediate attention	1st call response in 1 hour or less. Permuta's resources at Ordering Activity site as soon as possible. Continuous effort on a 24x7 basis Rapid escalation within Permuta to product teams Notification of	Notification of Ordering Activity senior executives Allocation of appropriate resources to sustain continuous effort on a 24x7 basis Rapid access and response from change control authority
Severity	Situation	Permuta's Expected Response	Ordering Activity's Expected Response
		Permuta's senior executives	
A. Submission via phone only	Critical business impact: Significant loss or degradation of services Needs attention within 1 hour	1st call response in 1 hour or less Permuta's resources at Ordering Activity site as required. Continuous effort on a 24x7 basis Notification of Permuta's senior managers	Allocation of appropriate resources to sustain continuous effort on a 24x7 basis Rapid access and response from change control authority Management notification
B. Submission via phone or web	Moderate business impact: Moderate loss or degradation of services but work can reasonably continue in an impaired manner. Needs attention within 2 Business Hours	Initial response in 4 Business Hours or less Effort during Business Hours only	Allocation of appropriate resources to sustain Business Hours continuous effort Access and response from change control authority within 4 Business Hours
C. Submission via phone or web	Minimum business impact: Substantially functioning with minor or no impediments of services. Needs attention within 4 Business Hours	Initial response in 8 Business Hours or less Effort during Business Hours only	Accurate contact information on case owner Responsive within 24 hours

**7.7 Support Plan Credits**

Permuta will issue Support Credits as they are earned, either monthly or annually. For purchases placed under these Terms, the Support Credits will be earned in accordance with the following table.

Quantity of Support Credits earned per Unit of each Applicable Product Type by Support Plan						
Product Type	Standard	Silver	Gold	Platinum	OnBoard	Pilot
Mission Owner 12 Month SL	36	120	240	480	2400	1800

Allowed Number of Approved Requestors (Other than admins)	N/A	1	2	4	2	2

7.9 **Additional Support Services Provisions.**

7.9.1 Ordering Activity may not, unless specifically authorized by Permuta in writing, i) rent, lease, lend or host any Deliverables (including any computer code or materials that Permuta leaves with Ordering Activity at the conclusion of Permuta’s performance of Services) or Fixes; ii) reverse engineer, de-compile or disassemble Fixes or Deliverables, except to the extent expressly permitted by applicable law; or iii) transfer licenses to, or sublicense, Fixes or Deliverables to any government entity or quasi-governmental entity or any other third party.

7.9.2 Permuta may request that Microsoft deliver Problem Resolution Support on Permuta’s behalf to Ordering Activity subject to the terms and conditions set forth in these Terms. Permuta will coordinate and participate in the delivery of subcontracted Microsoft services. In order for Permuta to provide subcontracted Microsoft services, Ordering Activity will be required to provide consent to provide the required contact information to Microsoft.

**Service Level Agreement.**

If Permuta does not achieve and maintain the service levels as described in Section 8.4 for the applicable Hosted Services, then Ordering Activity may be eligible for a credit towards its monthly service fees for the applicable Hosted Services (a “**Service Credit**”). Permuta will not modify the terms of the SLA during a Subscription Term.

**Claims**

In order for Permuta to consider a claim that Permuta did not meet the SLA, Ordering Activity must submit the claim to Ordering Activity support at Permuta (in the manner requested by Permuta) including all information necessary for Permuta to validate the claim, including but not limited to: (i) a detailed description of the Incident; (ii) information regarding the time and duration of the Downtime; (iii) the number and location(s) of affected End Users (if applicable); and (iv) descriptions of Ordering Activity's attempts to resolve the Incident at the time of occurrence.

Claims must be received by the end of the calendar month following the month in which the Incident occurred. For example, if the Incident occurred on February 15th, Permuta must receive the claim and all required information by March 31st. Claims not submitted in accordance with this Section 8.1 are waived.

Permuta will evaluate the information provided by Ordering Activity in respect of a SLA claim and make a good faith determination of whether a Service Credit is owed. Permuta will use commercially reasonable efforts to process claims during the subsequent month or within forty-five (45) days of receipt, whichever is later. Ordering Activity must be in compliance with the Agreement in order to be eligible for a Service Credit. If Permuta determines that a Service Credit is owed to Ordering Activity, Permuta (or Reseller) will apply the Service Credit to Ordering Activity's applicable monthly services fees due for the immediately following month after such determination.

**Sole Remedy for Failure to Meet SLA**

Service Credits are Ordering Activity's sole and exclusive remedy for any performance or availability issues for any Hosted Services.

Ordering Activity may not set off any fees due under these Terms for any performance or availability issues with the Hosted Services.

Service Credits apply only to fees paid for the particular Hosted Service for which the applicable SLA has not been met. The Service Credits awarded in any billing month for a particular Hosted Service will not, under any circumstance, exceed Ordering Activity's monthly service fees for that Hosted Service, as applicable, in such billing month.

**Limitations**

This SLA and any applicable Service Levels do not apply to any performance or availability issues:

Due to a Force Majeure Event affecting Permuta (for example, natural disaster, war, acts of terrorism, riots, government action, or a network or device failure external to our data centers, including at Ordering Activity's site or between Ordering Activity's site and the hosting facility);

That result from the use of services, hardware, or software not provided by Permuta, including, but not limited to, issues resulting from inadequate bandwidth or related to third-party software or services;

Caused by Ordering Activity's use of the Hosted Services after Permuta advised Ordering Activity to modify its use of the Hosted Services, if Ordering Activity did not modify its use as advised;

During or with respect to Previews or to purchases made using Permuta subscription credits;

That result from Ordering Activity's unauthorized action or lack of action when required, or from Ordering Activity's employees, agents, contractors, or vendors, or anyone gaining access to Permuta's network by means of Ordering Activity Security Credentials or equipment, or otherwise resulting from Ordering Activity's failure to follow appropriate security practices;

That result from Ordering Activity's failure to adhere to any required configurations, use supported platforms, follow any policies for acceptable use, or Ordering Activity use of the Hosted Service in a manner inconsistent with the features and functionality of the Hosted Service (for example, attempts to perform operations that are not supported) or inconsistent with published guidance;

That result from faulty input, instructions, or arguments (for example, requests to access files that do not exist);

That result from Ordering Activity's attempts to perform operations that exceed prescribed quotas or that resulted from Permuta's throttling of suspected abusive behavior; or

Due to Ordering Activity's use of Hosted Service features that are outside of associated Ordering Activity support windows.

**Applicable Hosted Services**

The applicable hosted services and the corresponding SLA terms are identified below.

**DefenseReady, CHS Edition**

**Downtime:** Any period of time when End Users are unable to login to their instance of the Hosted Services.

**Monthly Uptime Percentage:** The Monthly Uptime Percentage is calculated using the following formula:

$$\frac{\text{Service Minutes} - \text{Downtime}}{\text{Service Minutes}} \times 100$$

where Downtime is measured in service-minutes; that is, for each month, Downtime is the sum of the length (in minutes) of each Incident that occurs during that month multiplied by the number of services impacted by that Incident.

**Service Credit:**

**Representations, Warranties and Disclaimers.**

**General Representations and Warranties.** Each party represents and warrants that (a) it is validly existing and in good standing under the laws of the place of its establishment or incorporation, (b) it has full corporate power and authority to execute, deliver and perform its obligations under these Terms, (c) the person signing these Terms on its behalf has been duly authorized and empowered to accept these Terms, and (d) these Terms are valid, binding and enforceable against it accordingly.

**Additional Warranties.**

For a period of one year from the commencement of the applicable Ordering Activity Subscription Term (the “**Warranty Period**”) Permuta represents and warrants that it will use commercially reasonable efforts to cause the Hosted Services to conform, in all substantial respects, to the Permuta’s then-current technical documentation for the Hosted Services. If it does not, and Ordering Activity notifies Permuta within the Warranty Period, then Permuta will, at its option, (1) return the price Ordering Activity paid for the non-performing Hosted Services (prorated for any period of usage by Ordering Activity) or (2) repair or replace the Hosted Services. Ordering Activity waives any breach of warranty claims not made during the Warranty Period.

Permuta warrants that all Ordering Activity Support will be performed with professional care and skill. If Permuta fails to do so and Ordering Activity notifies Permuta within 90 days of the date of performance, then Permuta will re-perform the Ordering Activity Support.

The remedies above are Ordering Activity’s sole remedies for breach of the warranties in this Section 9.2. The warranties in these Terms do not apply to problems caused by accident, abuse or use inconsistent with these Terms, including failure to meet minimum system requirements.

**Disclaimers of Warranty.** EXCEPT FOR THE REPRESENTATIONS AND WARRANTIES SET FORTH IN SECTION 9.1 and 9.2, PERMUTA DISCLAIMS ANY AND ALL REPRESENTATIONS OR WARRANTIES (EXPRESS OR IMPLIED, ORAL OR WRITTEN) WITH RESPECT TO THESE TERMS, HOSTED SERVICES AND ANY THIRD-PARTY SERVICES, WHETHER ALLEGED TO ARISE BY OPERATION OF LAW, BY REASON OF CUSTOM OR USAGE IN THE TRADE, BY

COURSE OF DEALING OR OTHERWISE, INCLUDING ANY AND ALL: (A) IMPLIED WARRANTIES OF MERCHANTABILITY; (B) EXPRESS WARRANTIES OF FITNESS OR SUITABILITY FOR ANY PURPOSE (WHETHER OR NOT PERMUTA KNOWS, HAS REASON TO KNOW, HAS BEEN ADVISED, OR IS OTHERWISE AWARE OF ANY SUCH PURPOSE); OR (C) WARRANTIES OF NONINFRINGEMENT OR CONDITION OF TITLE, LOSS OF DATA, TIMELINESS OR SECURITY. THE HOSTED SERVICES AND SOFTWARE AND ALL ACCOMPANYING MATERIALS ARE PROVIDED BY PERMUTA AS-IS. PERMUTA DOES NOT GUARANTEE THAT THE HOSTED SERVICES OR SOFTWARE WILL BE FREE OF ERRORS.

**Reserved.**

**Reserved.**

**Effect of Termination.**

**Effect of Termination.** Upon any termination or expiration of the Subscription: (a) all rights and licenses granted to Ordering Activity under these Terms will immediately cease; (b) Ordering Activity will immediately pay to Permuta all amounts due and payable up to the effective date of termination of the Subscription; . Notwithstanding any terms to the contrary in these Terms, Sections 1.2, 4, 5, 9.3, 10, 12.1, and 13 will survive any termination or expiration of the Subscription.

**Data Retention.** Permuta will retain Ordering Activity Data stored on the Hosted Service in a limited function account for ninety (90) days (the "Wind Down Period") after expiration or termination of the applicable Subscription. Ordering Activity is responsible for extracting all of its Ordering Activity Data during the Wind Down Period. After the Wind Down Period, Permuta will disable Ordering Activity's account and delete all Ordering Activity Data without further notice to Ordering Activity. Permuta has no liability for the deletion of Ordering Activity Data in accordance with this Section 12.2. Other Provisions.

**Reserved.**

**Independent Contractors.** Neither party will, for any purpose, be deemed to be an agent, franchisor, franchise, employee, representative, owner or partner of the other party, and the relationship between the parties will only be that of independent contractors. Neither party will have any right or authority to assume or create any obligations or to make any representations or warranties on behalf of any other party, whether express or implied, or to bind the other party in any respect whatsoever.

**Governing Law and Venue.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Permuta shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. The Agreement shall be governed under applicable U.S. Federal law.

**Microsoft Products and Services and Other Third-Party Services.** Ordering Activity acknowledges and agrees that Permuta uses third-party software and services in connection with the Services ("Third-Party Services"), and Permuta may charge Ordering Activity for the Third Party Services as part of Ordering Activity's bill for the Products. Ordering Activity agrees to abide by the terms and conditions provided by Permuta with respect to the Third-Party Services, including the Microsoft Cloud Agreement attached to this Agreement as Exhibit A and incorporated by reference into this Agreement (the "Microsoft Cloud Agreement"). All Microsoft products (whether software, online services or otherwise) are Third Party Services. Ordering Activity also agrees that the

Microsoft Cloud Agreement shall be deemed incorporated by reference into the Government Contract pursuant to which Ordering Activity purchases the Products, regardless if the Microsoft Cloud Agreement is actually attached to the Government Contract.

**Reserved.**

**Reserved.**

**Reserved.**

**Reserved.**

**Reserved.**

**Subcontractors.** Permuta may hire subcontractors to provide services (including Support Services) on its behalf. Any such subcontractors will be required to act consistently with these Terms and will only be permitted to obtain Ordering Activity Data to deliver the services Permuta is obligated to provide and will be prohibited from using Ordering Activity Data for any other purpose. Permuta shall remain responsible for the actions of its subcontractors.

**Definitions.**

**"Affiliate"** means,

for Permuta, any legal entity that owns or controls, is owned or controlled by, or is under common ownership or control with, Permuta; and for Ordering Activity, any entity that is an office, agency, department or other subdivision of that Ordering Activity controlled by or under common control with Ordering Activity.

For this definition, "ownership" means owning more than 50% of applicable interests, and "control" means the legal right to bind contractually and exercise decision power over administration, finances, and operations.

**"Authority to Operate (ATO)"** means the official management decision given by a senior organizational official to authorize operation of an information system and to explicitly accept the risk to organizational operations (including mission, functions, image, or reputation), organizational assets, individuals, other organizations, and the Nation based on the implementation of an agreed-upon set of security controls.

**"Business Hours"** means as 9:00 AM to 5:30 PM Eastern Standard Time, excluding Federal holidays and weekends.

**"Change of Control"** means any of the following: (a) any transaction or series of transactions resulting in the change in beneficial ownership of the voting securities representing at least fifty percent (50%) of the total voting power of a party, excluding any initial public offering of its common stock, (b) a merger of a party with or into another party, whether or not the party is the surviving entity, or (c) the sale or other transfer of more than fifty percent (50%) of a party's assets whether in a single transaction or series of transactions.

**"Ordering Activity Data"** means all data, including all text, sound, video, or image files, and software, that are provided to Permuta by, or on behalf of, Ordering Activity through use of the Products.

**"Ordering Activity Support"** means the support and maintenance services provided by or on behalf of Permuta to Ordering Activity with respect to the Products under these Terms.

**"Downtime"** is defined for each Product in Section 8. Downtime does not include Downtime scheduled by Permuta in advance. Downtime does not include unavailability of a Product due to limitations described in Section 8.3.

**"End User"** means any person Ordering Activity permits to access Ordering Activity Data hosted in the Products or otherwise uses the Products. Employees of Affiliates of Ordering Activity may be End Users.

**"Feedback"** means any suggestions, comments or other feedback provided by Ordering Activity to Permuta or Reseller with respect to Permuta or the Products.

**"Follow-on Support Plan"** means a future Support Plan associated with a Subscription renewal.

**"Fixes"** are fixes, modifications or enhancements, or their derivatives for the Products, that Permuta either releases generally (such as service packs) or that Permuta provides to Ordering Activity to address a specific issue.

**"Government Contract"** means the binding agreement between Ordering Activity and Reseller under which Ordering Activity orders Products from Reseller and Reseller binds Ordering Activity to these Terms.

**"Hosted Services"** means the hosted services provided by Permuta, directly or indirectly, to Ordering Activity.

**"Incident"** in the context of the SLA, means (i) any single event, or (ii) any set of events, that result in Downtime.

**“Intellectual Property Rights”** means all patent rights, copyrights, moral rights, trademark rights, trade secret rights and any other form of intellectual property rights recognized in any jurisdiction, including applications and registrations for any of the foregoing.

**“Microsoft”** means Microsoft Corporation.

**“Permuta-Provided Data”** means any data provided by Permuta to Ordering Activity under these Terms, including Sample Data. Permuta-Provided Data excludes Ordering Activity Data.

**“Previews”** means preview, trial, beta, or other pre-release version or feature of the Products offered by Permuta to obtain Ordering Activity feedback.

**“Receiving Party”** means the party that receives Confidential Information from the Disclosing Party. **“Reseller”** means any reseller authorized by Permuta to resell the Products to Ordering Activity.

**“Roll-Over Support Credits”** means a limited quantity of expired support credits reissued in a Followon Support Plan in accordance with section 7.4.2.

**“Sample Data”** means data in, originating from, or derived from an information system consumable form that mimics or is representative of real-world operational data which may be used for testing, demonstrations or other purposes and that is made available to Ordering Activity under these Terms.

**“Security Categorization”** means the characterization of information or an information system based on an assessment of the potential impact that a loss of confidentiality, integrity, or availability of such information or information system would have on organizational operations, organizational assets, individuals, other organizations, and the Nation.

**“Security Control”** means a safeguard or countermeasure prescribed for an information system or an organization designed to protect the confidentiality, integrity, and availability of its information and to meet a set of defined security requirements.

**“Security Policy”** means the collective policies and procedures of Hosted Service followed by Permuta to establish and maintain the Hosted Service’s Trustworthiness as required by Ordering Activity.

**“SLA”** means Service Level Agreement, which specifies the minimum service level of the Hosted Services.

**“Software”** means any software provided by Permuta, directly or indirectly, to Ordering Activity. Software does not include Hosted Services but Hosted Services may include Software.

**“Subscription”** means an enrollment by Ordering Activity for Products for a defined Subscription Term.

**“Subscription Term”** means the length of time that Ordering Activity has rights to access the Products. Subscriptions shall be twelve (12) months from the date of Ordering Activity’s purchase of the Products as stated in the applicable purchase order.

**“Support Credits”** are allotments for Ordering Activity Support that are earned either monthly or annually with an Ordering Activity Support Plan.

**“Support Credit Redemption Plan”** means a detailed plan for redeeming no less than 500 Support Credits in support of a specific Ordering Activity initiative or set of requirements related to the Ordering Activity’s desired use of Products.

**“Support Plan”** means one of the support plans listed in Section 7.2 in which Ordering Activity enrolls during a Subscription Term.

**“Support Task”** means a specific instance of Ordering Activity’s access to Permuta expertise or technical support in connection with a Ordering Activity Support Plan.

**“System Security Plan”** means a formal document that provides an overview of the security requirements for an information system and describes the security controls in place or planned for meeting those requirements.

**“Trustworthiness”** means the degree to which Hosted Service, against a full range of threats, can be expected to preserve the confidentiality, integrity, and availability of the Ordering Activity information it processes, stores or transmits.

**“Use Rights”** means the rights of members, users, mission owners, and other End Users to use the Software as described by Permuta herein.

## EXHIBIT A

### Microsoft Cloud Agreement

This Microsoft Cloud Agreement is incorporated into the Government Contract entered into between the Ordering Activity who is a Government entity (“Ordering Activity”) and the person or entity who has entered into a prime contract with the Government (“Contractor”) as an addendum and governs Ordering Activity’s use of the Microsoft Products. It consists of the terms and conditions below, Use Rights, SLA, and all documents referenced within those documents (together, the “agreement”). It is effective on the date that the Contractor provisions the Ordering Activity’s Subscription. Key terms are defined in Section 10.

#### **Grants, rights and terms.**

All rights granted under this agreement are non-exclusive and non-transferable and apply as long as neither Ordering Activity nor any of its Affiliates is in material breach of this agreement.

**Software.** Upon acceptance of each order, Microsoft grants Ordering Activity a limited right to use the Software in the quantities ordered.

**(i) Use Rights.** The Use Rights in effect when Ordering Activity orders a Subscription License for Software will apply to Ordering Activity’s use of the version of the Software that is current at the time. For future versions and new Software, the Use Rights in effect when those versions and Software are first released will apply if agreed to by all parties in writing. Changes Microsoft makes to the Use Rights for a particular version will not apply unless Ordering Activity chooses to have those changes apply. **(ii) Temporary licenses.** Licenses available on a subscription basis are temporary.

**Online Services.** Ordering Activity may use the Online Services as provided in this agreement.

**Online Services Terms.** The Online Services Terms in effect when Ordering Activity orders a Subscription to an Online Service will apply for the applicable Subscription term. For Online Services that are billed periodically based on Consumption Offerings, as described in Section 2.a, below, the Online Services Terms current at the start of each billing period will apply to usage during that period if agreed to by all parties in writing.

#### **Reserved.**

**End Users.** Ordering Activity controls access by End Users, and is responsible for their use of the Product in accordance with this agreement. For example, Ordering Activity will ensure End Users comply with the Acceptable Use Policy.

**Ordering Activity Data.** Ordering Activity is solely responsible for the content of all Ordering Activity Data. Ordering Activity will secure and maintain all rights in Ordering Activity Data necessary for Microsoft to provide the Online Services to Ordering Activity without violating the rights of any third party or otherwise obligating Microsoft to Ordering Activity or to any third party. Microsoft does not and will not assume any obligations with respect to Ordering Activity Data or to Ordering Activity's use of the Product other than as expressly set forth in this agreement or as required by applicable law.

**Responsibility for Ordering Activity's accounts.** Ordering Activity is responsible for maintaining the confidentiality of any non-public authentication credentials associated with Ordering Activity's use of the Products. Ordering Activity must promptly notify Ordering Activity support about any possible misuse of Ordering Activity's accounts or authentication credentials, or any security incident related to the Products.

**Reservation of rights.** Products are protected by copyright and other intellectual property rights laws and international treaties. Microsoft reserves all rights not expressly granted in this agreement. No rights will be granted or implied by waiver or estoppel. Rights to accessor use Software on a device do not give Ordering Activity any right to implement Microsoft patents or other Microsoft intellectual property in the device itself or in any other software or devices.

**Restrictions.** Ordering Activity may use the Product only in accordance with this agreement. Ordering Activity may not (and is not licensed to): (1) reverse engineer, decompile or disassemble any Product or Fix, or attempt to do so; (2) install or use non-Microsoft software or technology in any way that would subject Microsoft's intellectual property or technology to any other license terms; or (3) work around any technical limitations in a Product or Fix or restrictions in Product documentation. Ordering Activity may not disable, tamper with, or otherwise attempt to circumvent any billing mechanism that meters Ordering Activity's use of the Products.

Except as expressly permitted in this agreement or Product documentation, Ordering Activity may not distribute, sublicense, rent, lease, lend, resell or transfer and Products, in whole or in part, or use them to offer hosting services to a third party.

**Preview releases.** Microsoft may make Previews available. **Previews are provided "as-is," "with all faults," and "as-available," and are excluded from the SLA and all limited warranties provided in this agreement.** Previews may not be covered by Ordering Activity support. Previews may be subject to reduced or different security, compliance, and privacy commitments, as further explained in the Use Rights and any additional notices provided with the Preview. Microsoft may change or discontinue Previews at any time without notice. Microsoft also may choose not to release a Preview into "General Availability."

**Verifying compliance for Products.**

**Right to verify compliance.** Ordering Activity must keep records relating to all use and distribution of Products by Ordering Activity and its Affiliates. **Subject to applicable Government security requirements,** Microsoft has the right, at its expense, to verify compliance with the Products' license terms. Ordering Activity must promptly provide any information reasonably requested by the independent auditors retained by Microsoft in furtherance of the verification, including access to systems running the Products and evidence of licenses for Products that Ordering Activity hosts, sublicenses, or distributes to third parties. Ordering Activity agrees to complete Microsoft's self-audit process, which Microsoft may request as an alternative to a third-party audit.

**Remedies for non-compliance.** If verification or self-audit reveals any unlicensed use of Products, then within 30 days Microsoft will promptly invoice Ordering Activity additional license fees sufficient to cover the unauthorized use revealed by the audit. Notwithstanding the foregoing, nothing in this section prevents the Ordering Activity from disputing any invoice in accordance with the Contract Disputes Act (41 U.S.C. §§7101-7109), if and as applicable. Microsoft will not subject Ordering Activity to another verification for at least one year. By exercising the rights and procedures described above, Microsoft does not waive its rights to enforce this agreement or to protect its intellectual property by any other legal means.

**Verification process.** Microsoft will notify Ordering Activity at least 30 days in advance of its intent to verify Ordering Activity's compliance with the license terms for the Products Ordering Activity and its Affiliates use or distribute. Microsoft will engage an independent auditor, which will be subject to a confidentiality obligation. Any information collected in the self-audit will be used solely for purposes of determining compliance. This verification will take place during normal business hours and in a manner that does not unreasonably interfere with Ordering Activity's operations.

**Subscriptions, ordering.**

**Available Subscription offers.** The Subscription offers available to Ordering Activity will be established by the Government Contract and generally can be categorized as one or a combination of the following:

**Online Services Commitment Offering.** Ordering Activity commits in advance to purchase a specific quantity of Online Services for use during a Term and to pay upfront or on a periodic basis for continued use of the Online Service. Online Services Commitment Offerings are also referred to as "License Plans" in the Product Terms.

**Consumption Offering (also called Pay-As-Ordering Activity-Go).** Ordering Activity pays based on actual usage with no upfront commitment. Consumption Offerings are billed according to Consumption Rates, as defined in the Product Terms.

**Limited Offering.** Ordering Activity receives a limited quantity of Online Services for a limited term without charge (for example, a free trial) or as part of another Microsoft offering (for example, MSDN). Provisions in this agreement with respect to the SLA and data retention may not apply.

**Software Commitment Offering.** Ordering Activity commits in advance to purchase a subscription for a specific quantity of Software for use during a Term and to pay upfront or on a periodic basis for continued use of the Software.

**Ordering.**

Orders must be placed through the Contractor. Ordering Activity may place orders for its Affiliates under this agreement and grant its Affiliates administrative rights to manage the Subscription, but, Affiliates may not place orders under this agreement. Ordering Activity also may assign the rights granted under Section 1.a and 1.b to a third party for use by that third party in Ordering Activity's internal business. If Ordering Activity grants any rights to Affiliates or third parties with respect to Software or Ordering Activity's Subscription, such Affiliates or third parties will be bound by this agreement and Ordering Activity agrees to be jointly and severally liable for any actions of such Affiliates or third parties related to their use of the Products.

The Contractor may permit Ordering Activity to modify the quantity of Products ordered during the Term of a Subscription. Additional quantities of Products added to a Subscription will expire at the end of that Subscription.

**Pricing and payment.** Prices for each Product and any terms and conditions for invoicing and payment will be established by the Contractor in accordance with the GSA Pricelist. **d. Renewal.**

**(i) Reserved. (ii) Reserved.**

**Eligibility.** Ordering Activity's Product must qualify as Federal Agencies or State/Local Governments. Microsoft reserves the right to verify eligibility at any time and suspend the Product if the eligibility requirements are not met.

**Taxes.** The parties are not liable for any of the taxes of the other party that the other party is legally obligated to pay, and which are incurred or arise in connection with or related to the transactions contemplated under this agreement, and all such taxes will be the financial responsibility of the party who is obligated by operation of law to pay such tax. Microsoft shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3 **Term, termination.**

**Agreement term and termination.** This agreement will remain in effect until the expiration or termination of the Government Contract, whichever is earliest.

**Cancel a Subscription.** The Government Contract will establish the terms and conditions, if any, upon which Ordering Activity may cancel a Subscription.

**Security, privacy, and data protection.**

Reseller Administrator Access and Ordering Activity Data. Ordering Activity acknowledges and agrees that (i) the Contractor will be the primary administrator of the Online Services for the Term and will have administrative privileges and access to Ordering Activity Data, however, Ordering Activity may request additional administrator privileges from its Contractor; (ii) Ordering Activity can, at its sole discretion and at any time during the Term, terminate its Contractor's administrative privileges; (iii) the Contractor's privacy practices with respect to Ordering Activity Data or any services provided by the Contractor are subject to the terms of the Government Contract and may differ from Microsoft's privacy practices; and (iv) the Contractor may collect, use, transfer, disclose, and otherwise process Ordering Activity Data, including personal data. Ordering Activity consents to Microsoft providing the Contractor with Ordering Activity Data and information that Ordering Activity provides to Microsoft for purposes of ordering, provisioning and administering the Online Services.

Ordering Activity consents to the processing of personal information by Microsoft and its agents to facilitate the subject matter of this agreement. Ordering Activity may choose to provide personal information to Microsoft on behalf of third parties (including Ordering Activity's contacts, resellers, distributors, administrators, and employees) as part of this agreement. Ordering Activity will obtain all required consents from third parties under applicable privacy and data protection laws before providing personal information to Microsoft.

Additional privacy and security details are in the Online Services Terms. The commitments made in the Online Services Terms only apply to the Online Services purchased under this agreement and not to any services or products provided by the Contractor.

As and to the extent required by law, Ordering Activity shall notify the individual users of the Online Services that their data may be processed for the purpose of disclosing it to law enforcement or other governmental authorities as directed by the Contractor or as required by law, and Ordering Activity shall obtain the users' consent to the same.

**Warranties.**

**Limited warranty.**

**Software.** Microsoft warrants that each version of the Software will perform substantially as described in the applicable Product documentation for one year from the date Ordering Activity is first licensed for that version. If it does not, and Ordering Activity notifies Microsoft within the warranty term, then Microsoft will, at its option, (1) return the price Ordering Activity paid for the Software license or (2) repair or replace the Software.

**Online Services.** Microsoft warrants that each Online Service will perform in accordance with the applicable SLA during Ordering Activity's use. Ordering Activity's remedies for breach of this warranty are in the SLA.

The remedies above are Ordering Activity's sole remedies for breach of the warranties in this section.

**Exclusions.** The warranties in this agreement do not apply to problems caused by accident, abuse or use inconsistent with this agreement, including failure to meet minimum system requirements. These warranties do not apply to free or trial products, Previews, Limited Offerings, or to components of Products that Ordering Activity is permitted to redistribute.

**Disclaimer.** Except for the limited warranties above, to the extent not prohibited by applicable law, Microsoft provides no warranties or conditions for Products and disclaims any other express, implied, or statutory warranties for Products, including warranties of quality, title, noninfringement, merchantability and fitness for a particular purpose. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

**Defense of third party claims.**

**By Microsoft.** Microsoft will defend Ordering Activity against any third-party claim to the extent it alleges that a Product or Fix made available by Microsoft for a fee and used within the scope of the license granted under this agreement (unmodified from the form provided by Microsoft and not combined with anything else), misappropriates a trade secret or directly infringes a patent, copyright, trademark or other proprietary right of a third party. If Microsoft is unable to resolve a claim of infringement under commercially reasonable terms, it may, as its option, either: (1) modify or replace the Product or fix with a functional equivalent; or (2) terminate Ordering Activity's license and refund any prepaid subscription license fees for Products for any usage period after the termination date. Microsoft will not be liable for any claims or damages due to Ordering Activity's continued use of a Product or Fix after being notified to stop due to a third-party claim. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

**Ordering Activity's agreement.** Ordering Activity agrees that use of Ordering Activity Data or non-Microsoft software Microsoft provides or otherwise makes available on Ordering Activity's behalf will not infringe any third party's patent, copyright or trademark or make unlawful use of any third party's trade secret. In addition, Ordering Activity will not use an Online Service to gain unauthorized access to or disrupt any service, data, account or network in connection with the use of the Online Services.

**Rights and remedies in case of possible infringement or misappropriation.** If Microsoft reasonably believes that a claim under this section may result in a legal bar prohibiting Ordering Activity's use of the Product or Fix, Microsoft will seek to obtain the right for Ordering Activity to keep using it or modify or replace it with a functional equivalent, in which case Ordering Activity must discontinue use of the prior version immediately. If these options are not commercially reasonable, Microsoft may terminate Ordering Activity's right to the Product or Fix and refund any amounts Ordering Activity has paid for those rights to Fixes and, for Products, any amount paid for a usage period after the termination date.

**Other terms.** Ordering Activity must notify Microsoft promptly in writing of a claim subject to this section. To the extent permitted by applicable law, give Microsoft sole control over the defense and settlement (provided that for any Federal Agency Ordering Activity's, the control of the defense and settlement is subject to 28 U.S.C. 516) and provide reasonable assistance in defending the claim. Microsoft will reimburse Ordering Activity for reasonable out of pocket expenses that it incurs in providing assistance. The remedies provided in this section are the exclusive remedies for the claims described in this section.

Notwithstanding the foregoing, and solely with respect to Federal Agency Ordering Activity's, Microsoft's rights set forth in this section (and the rights of the third party claiming infringement) shall be governed by the provisions of 28 U.S.C. § 1498.

**Limitation of liability.**

For each Product, each party's maximum, aggregate liability to the other under this agreement is limited to direct damages finally awarded in an amount not to exceed the contract price.

For Ordering Activity's that are Federal Agencies, this Section shall not impair the Ordering Activity's right to recover for personal injury or death resulting from Licensor's negligence, or fraud or crimes arising out of or related to this agreement under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

**Support.**

The Contractor will provide details on support services available for Products purchased under this agreement.

**Miscellaneous.**

**Notices.** Ordering Activity must send notices by mail, return receipt requested, to the address below.

Notices should be sent to:

Copies should be sent to:

Microsoft Corporation  
 Volume Licensing Group  
 One Microsoft Way  
 Redmond, WA 98052  
 USA  
 Via Facsimile: (425) 936-7329

Microsoft Corporation  
 Legal and Corporate Affairs  
 Volume Licensing Group  
 One Microsoft Way  
 Redmond, WA 98052  
 USA  
 Via Facsimile: (425) 936-7329

Ordering Activity agrees to receive electronic notices from us, which will be sent by email to the account administrator(s) named for Ordering Activity's Subscription. Notices are effective on the date on the return receipt or, for email, when sent. Ordering Activity are responsible for ensuring that the email address for the account administrator(s) named for Ordering Activity's Subscription is accurate and current.

**Assignment.** Any proposed assignment must be approved by the other party in writing in accordance with the procedures for securing such approval are set forth in FAR 42.1204. Any prohibited assignment is void.

**Severability.** If any part of this agreement is held unenforceable, the rest remains in full force and effect.

**Waiver.** Failure to enforce any provision of this agreement will not constitute a waiver.

**No agency.** This agreement does not create an agency, partnership, or joint venture.

**No third-party beneficiaries.** There are no third-party beneficiaries to this agreement.

**Use of contractors.** Microsoft may use contractors to perform services, but will be responsible for their performance, subject to the terms of this agreement.

**Microsoft as an independent contractor.** The parties are independent contractors. Ordering Activity and Microsoft each may develop products independently without using the other's confidential information.

**Agreement not exclusive.** Ordering Activity is free to enter into agreements to license, use or promote non-Microsoft products or services.

**Entire agreement.** This agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), is the entire agreement concerning its subject matter and supersedes any prior or concurrent communications. In the case of a conflict between any documents in this agreement that is not expressly resolved in those documents, their terms will control in the following order of descending priority: (1) The GSA Purchase Order, (2) this agreement, (3) the Product Terms, (4) the Use Rights, and (5) any other documents in this agreement.

**Survival.** All provisions survive termination of this agreement except those requiring performance only during the term of the agreement.

**U.S. export jurisdiction.** Products are subject to U.S. export jurisdiction. Ordering Activity must comply with all applicable international and national laws, including the U.S. Export

Administration Regulations, the International Traffic in Arms Regulations, and end-user, end-use and destination restrictions issued by U.S. and other governments related to Microsoft products, services, and technologies.

**Force majeure.** Excusable delays shall be governed by FAR 52.212-4(f).

**Contracting authority.** If Ordering Activity are an individual accepting these terms on behalf of an entity, Ordering Activity represent that Ordering Activity have the legal authority to enter into this agreement on that entity's behalf.

**Applicable Law.**

**When the Ordering Activity is a State/Local Entity.** The terms of this Agreement will be governed by and construed in accordance with the Federal laws of the United States.

Where the Ordering Activity is a Federal Agency, all disputes under this Agreement shall be governed by FAR 52.233-1, Disputes and the Agreement shall be governed under applicable US Federal law.

**Additional Terms Applicable when the Ordering Activity**

No provisions of any shrink-wrap or any click-through agreement (or other similar form of agreement) that may be provided in conjunction with any Product(s) acquired under this agreement shall apply in place of, or serve to modify any provision of this agreement, even if a user or authorized officer of Ordering Activity purports to have affirmatively accepted such shrink-wrap or click-through provisions. For the avoidance of doubt and without limiting the foregoing, in the event of a conflict between any such shrink-wrap or click-through provisions (irrespective of the products or services that such provisions attach to) and any term or condition of this agreement, then the relevant term or condition of this agreement shall govern and supersede the purchase of such Product(s) to the extent of any such conflict. All acceptance of agreements shall be executed in writing.

If any document incorporated by reference into this agreement, including the Use Rights included and/or referenced or incorporated herein and/or therein, contains a provision (1) allowing for the automatic termination of Ordering Activity's license rights or Online Services; (2) allowing for the automatic renewal of services and/or fees; (3) requiring the governing law to be anything other than the applicable law set forth above in Section 9.o; and/or (4) otherwise violates applicable law, then, such terms shall not apply with respect to the Federal Government. If any document incorporated by reference into this agreement, including the Use Rights included and/or referenced or incorporated herein and/or therein contains an indemnification provision, such provision shall not apply as to the United States indemnifying Microsoft or any other party.

**Definitions.**

Any reference in this agreement to "day" will be a calendar day.

"**Acceptable Use Policy**" is set forth in the Online Services Terms.

"**Affiliate**" means,

for Microsoft, any legal entity that owns or controls, is owned or controlled by, or is under common ownership or control with, Microsoft; for Contractor, any entity that owns or controls, is owned or controlled by, or is under common ownership or control with, Contractor; and for each Ordering Activity identified on an Initial Order Form, any entity that

(i) is a bureau, office, agency, department or other subdivision of that Ordering Activity (and located in Ordering Activity's State, if Ordering Activity is a State/Local Entity) controlled by or under common control with Ordering Activity for whose use of Products Contractor is contractually responsible under its Government Contract in accordance with these Microsoft Cloud Agreement terms and conditions, and (ii) controls, is controlled by, or is under common control with, Ordering Activity.

For this definition, "ownership" means owning more than 50% of applicable interests, and "control" means the legal right to bind contractually and exercise decision power over administration, finances, and operations.

"**Community**" means the community consisting of one or more of the following: (1) a Government, (2) a Ordering Activity using eligible Government Community Cloud Services to provide solutions to a Government or a qualified member of the Community, or (3) a Ordering Activity with Ordering Activity

Data that is subject to Government regulations for which the Ordering Activity determines and Microsoft agrees that the use of Government Community Cloud Services is appropriate to meet the Ordering Activity's regulatory requirements. Membership in the Community is ultimately at Microsoft's discretion, which may vary by Government Community Cloud Service.

"**Consumption Offering**", "Commitment Offering", or "Limited Offering" describe categories of Subscription offers and are defined in Section 2.

"**Ordering Activity Data**" is defined in the Online Services Terms.

"**End User**" means any person Ordering Activity permit to access Ordering Activity Data hosted in the Online Services or otherwise use the Online Services.

"**Federal Agency**" means a bureau, office, agency, department or other entity of the United States Government.

"**Fix**" means a Product fix, modifications or enhancements, or their derivatives, that Microsoft either releases generally (such as Product service packs) or provides to Ordering Activity to address a specific issue.

"**Government**" means a Federal Agency, State/Local Entity, or Tribal Entity acting in its governmental capacity.

"**Government Community Cloud Services**" means Microsoft Online Services that are provisioned in Microsoft's multi-tenant data centers for exclusive use by or for the Community and offered in accordance with the National Institute of Standards and Technology (NIST) Special Publication 800-145. Microsoft Online Services that are Government Community Cloud Services are designated as such in the Use Rights and Product Terms.

"**Government Contract**" means the binding agreement between the Contractor and Ordering Activity under which Ordering Activity orders Products from the Contractor and the Contractor binds Ordering Activity to the terms of the this agreement.

"**Licensing Site**" means <http://www.microsoft.com/licensing/contracts> or a successor site.

"**Instance**" means an image of software that is created by executing the software's setup or install procedure or by duplicating such an image.

"**Microsoft Trust Center Compliance Page**" is Microsoft's website accessible at <https://www.microsoft.com/en-us/TrustCenter/Compliance/> or a successor upon which Microsoft provides information about how each of its Online Services complies with, and/or is certified under, various government and industry control standards.

"**Non-Microsoft Product**" is defined in the Online Services Terms.

"**Online Services**" means any of the Microsoft-hosted online services identified as such in the Product Terms and/or Online Services Terms and subscribed to by Ordering Activity under this agreement, including but not limited to those which are Government Community Cloud Services: Microsoft Dynamics Online Services, Office 365 Services, Microsoft Azure Services, Microsoft Power BI Services, or Microsoft Intune Online Services. For clarity:

Microsoft's subcontract with Contractor may limit the scope and variety of Microsoft Online Services available to Ordering Activity, for example based upon either a Microsoft License Program restriction and/or Ordering Activity's unique regulatory or other requirement. Ordering Activity should not issue a purchase order to Contractor for an Online Service unless Ordering Activity is first satisfied, pursuant to Microsoft's public statements on the Microsoft Trust Center Compliance Page, that its regulatory and other requirements will be met. In certain cases, Microsoft may require Contractor to provide Ordering Activity with an amendment to this Ordering Activity Agreement, in cases where an Online Service's compliance with a regulation is predicated upon joint Ordering Activity responsibility, as set for in the Microsoft Trust Center Compliance Page.

"**Online Services Terms**" means the additional terms that apply to Ordering Activity's use of Online Services provided herein.

"**Previews**" means preview, beta, or other pre-release version or feature of the Online Services or Software offered by Microsoft to obtain Ordering Activity feedback.

"**Product**" means all products sold to Ordering Activity by Contractor, as identified in the Product Terms, such as all Software, Online Services and other web-based services, including Previews. For clarity, not all Products shown in the Product Terms will be available to Ordering

Activity under this Agreement. Contractor will inform Ordering Activity of Products made available to purchase under the Government Contract.

**"Product Terms"** means the document that provides information about Microsoft Products and Professional Services available through volume licensing. The Product Terms document is attached herein.

**"SLA"** means Service Level Agreement, which specifies the minimum service level for the Online Services and is published on the Licensing Site.

**"State/Local Entity"** means (1) any agency of a state or local government in the United States, or (2) any United States county, borough, commonwealth, city, municipality, town, township, special purpose district, or other similar type of governmental instrumentality established by the laws of Ordering Activity's state and located within Ordering Activity's state' jurisdiction and geographic boundaries.

**"Software"** means licensed copies of Microsoft software identified on the Product Terms. Software does not include Online Services, but Software may be a part of an Online Service.

**"Subscription"** means an enrollment for Online Services for a defined Term as established by Ordering Activity's Reseller.

**"Term"** means the duration of a Subscription (e.g., 30 days or 12 months).

**"Tribal Entity"** means a federally-recognized tribal entity performing tribal governmental functions and eligible for funding and services from the U.S. Department of Interior by virtue of its status as an Indian tribe.

**"Use Rights"** means the use rights or terms of service for each Product published on the Licensing Site and updated from time to time. The Use Rights supersede the terms of any end user license agreement that accompanies a Product.

The Use Rights for Online Services are published in the Online Services Terms. In addition, the Product Terms (a) contain product-specific references which may apply to certain Online Services and (b) may reference Online Services, and certain types of SKUs for them, that are not made available to Ordering Activity.

The Use Rights for Software are published by Microsoft in the Product Terms.

#### **EXHIBIT B TERMS FOR DEFENSEREADY ON-PREMISE EDITION**

DefenseReady On-Premise Edition is a Unified Solution with Microsoft Dynamics CRM software. Microsoft Corporation or one of its affiliates (collectively, "Microsoft") has licensed the Microsoft Dynamics CRM software to Permuta Technologies, Inc. ("Permuta").

The terms of the Agreement apply only to DefenseReady On-Premise Editions licensed perpetually and includes the media on which Ordering Activity received it, if any. The terms also apply to any DefenseReady or Microsoft

updates,

supplements, and

Internet-based services

for Software covered under this Exhibit B, unless other terms accompany those items. If so, those terms apply.

#### **OVERVIEW.**

Software. The Software includes:

Server software.

Additional software that may only be used with the server software directly, or indirectly through other additional software.

License Model. The Software is licensed based on

The number of operating system environments that Ordering Activity run; and

the number of instances of server software that Ordering Activity run; and

the number of users that access instances of server software.

License Terms for Use with Virtual Server and other Similar Technologies.

**Instance.** Ordering Activity create an "instance" of Software by executing the Software's setup or install procedure. Ordering Activity also create an instance of Software by duplicating an existing instance. References to Software in this agreement include "instances" of the Software.

**Run an Instance.** Ordering Activity "run an instance" of Software by loading it into memory and executing one or more of its instructions. Once running, an instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.

**Operating System Environment.** An "operating system environment" is all or part of an operating system instance, or all or part of a virtual (or otherwise emulated) operating system instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights, and instances of applications, if any, configured to run on the operating system instance or parts identified above.

There are two types of operating system environments, physical and virtual. A physical operating system environment is configured to run directly on a physical hardware system. A virtual operating system environment is configured to run on a virtual (or otherwise emulated) hardware system. A physical hardware system can have either or both of the following:

one physical operating system environment

one or more virtual operating system environments

**Server.** A server is a physical hardware system capable of running server Software. A hardware partition or blade is considered to be a separate physical hardware system. For the purposes of these terms, a server may be owned and managed by Ordering Activity ("Ordering Activity's server"), or be fully physically dedicated to Ordering Activity under the day to day management and control of a third party entity (e.g. Outsourcing Company).

**Assigning a License.** To assign a license means simply to designate that license to one server or user.

## USE RIGHTS.

### Assigning the License to the Server.

Before Ordering Activity run any instance of the server software under a Software license, Ordering Activity must assign that license to one of Ordering Activity's servers. That server is the licensed server for that particular license. Ordering Activity may assign other Software licenses to the same server, but Ordering Activity may not assign the same license to more than one server.

ii. Ordering Activity may reassign a Software license, but not within 90 days of the last assignment. Ordering Activity may reassign a Software license sooner if Ordering Activity retire the licensed server due to permanent hardware failure or replacement. If Ordering Activity reassign a license, the server to which Ordering Activity reassign the license becomes the new licensed server for that license.

**Running Instances of the Server Software.** Ordering Activity may run, at any one time, one instance of the server software in one physical or virtual operating system environment on the licensed server.

**Running Instances of the Supplemental Server Software.** Ordering Activity may run or otherwise use any number of instances of the Supplemental Server Software listed below in physical or virtual operating system environments on any number of devices. Ordering Activity may use those instances only with the server software. Use of any instance with the server software may be indirect, through other instances of the Supplemental Server Software, or direct.

Creating and Storing Instances on Ordering Activity's Servers or Storage Media. Ordering Activity have the additional rights below for each Software license Ordering Activity acquire.

Ordering Activity may create any number of instances of the server software and Supplemental Server Software.

Ordering Activity may store instances of the server software and Supplemental Server Software on any of Ordering Activity's servers or storage media.

Ordering Activity may create and store instances of the server software and Supplemental Server Software solely to exercise Ordering Activity's right to run instances of the server software under any of Ordering Activity's Software licenses as described (e.g., Ordering Activity may not distribute instances to third parties).

## ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

Operating System Environment License

Ordering Activity must acquire and assign an Operating System Environment License (OSEL) to each Operating System Environment hosting one or more instances of the server software.

Client Access Licenses (CALs).

Ordering Activity must acquire and assign the appropriate CAL to each device or user that accesses Ordering Activity's instances of the server software directly or indirectly. A hardware partition or blade is considered to be a separate device.

Ordering Activity do not need CALs for any of Ordering Activity's servers licensed to run instances of the server software.

Ordering Activity do not need CALs for up to two devices or users to access Ordering Activity's instances of the server software only to administer those instances.

Ordering Activity's CALs permit access to Ordering Activity's instances of earlier versions, but not later versions, of the server software.

**Categories of User CALs.** There are three categories of CALs: the Essential CAL, Basic Use Additive CAL and the Professional Use Additive CAL. Ordering Activity may not have a Professional Use Additive CAL without an underlying Basic Use Additive CAL, and a Basic Use Additive CAL without an underlying Essential CAL.

The DefenseReady Essential CAL, with the Microsoft Dynamics CRM Essential CAL, allows users only Essential use access to the DefenseReady 2016 Operating System Environment and Microsoft Dynamics CRM Server 2016.

The DefenseReady Basic Use Additive CAL, with the Microsoft Dynamics CRM Basic Use Additive CAL, allows users only Basic use access to the DefenseReady 2016 Operating System Environment and Microsoft Dynamics CRM Server 2016.

The DefenseReady Professional Use Additive CAL, with the Microsoft Dynamics CRM Professional Use Additive CAL, allows users Professional use access to the DefenseReady 2016 Operating System Environment and Microsoft Dynamics CRM Server 2016.

Each CAL permits one user, using any device, to access instances of the software on Ordering Activity's licensed servers in Ordering Activity's licensed DefenseReady operating system environment.

iii. Reassignment of CALs. Ordering Activity may permanently reassign Ordering Activity's user CAL from one user to another;

or temporarily reassign Ordering Activity's user CAL to a temporary worker while the user is absent. c. Multiplexing. Hardware or software Ordering Activity use to

Pool connections,

Reroute information, or

Reduce the number of devices or users that directly access or use the software (sometimes referred to as "multiplexing" or "pooling"), does not reduce the number of licenses of any type that Ordering Activity need.

**No Separation of Server Software.** Ordering Activity may not separate the server software for use in more than one operating system environment under a single license, unless expressly permitted. This applies even if the operating system environments are on the same physical hardware system.

**Additional Functionality.** Permuta or Microsoft may provide additional functionality for the Software. Other license terms and fees may apply if all parties agree to them in writing prior to additional terms and fees becoming effective.

NET FRAMEWORK SOFTWARE. The software contains Microsoft .NET Framework software. This software is part of Microsoft Windows. The license terms for Microsoft Windows apply to Ordering Activity's use of the .NET Framework software.

BENCHMARK TESTING. Ordering Activity must obtain Permuta's and Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the software. However, this does not apply to the Microsoft .Net Framework (see below).

MICROSOFT .NET BENCHMARK TESTING. The software includes one or more components of the .NET Framework 3.0 ("NET Components"). Ordering Activity may conduct internal benchmark testing of those components. Ordering Activity may disclose the results of any benchmark test of those components. Notwithstanding any other agreement Ordering Activity may have with Microsoft, if Ordering Activity disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of Ordering Activity's products that compete with the applicable .NET Component.

SCOPE OF LICENSE. Subject to Ordering Activity's continuing obligation for compliance with the terms set forth herein, the underlying GSA Schedule Contract, Schedule Pricelist and applicable purchase order, Permuta hereby grants to Ordering Activity a limited, nonexclusive, non-transferable, non-assignable license to use the Software during the term of Ordering Activity's license only as expressly authorized in this Terms. By using the Software, Ordering Activity acknowledge and agree that the Software is licensed, not sold, that all Software and accompanying documentation are proprietary to Permuta and/or Microsoft and are protected under copyright and other intellectual property laws and international treaties Ordering Activity further acknowledge and agree that, as between Ordering Activity and Permuta, Permuta owns and its third party licensors own and shall continue to own all right, title and interest to the Software and accompanying Documentation, including any associated intellectual property rights. Except for the limited license granted herein, these Terms do not grant Ordering Activity any ownership or other right or interest in the Software, whether by estoppel, implication or otherwise. Ordering Activity must comply with any technical limitations in the Software that only allow Ordering Activity to use it in certain ways. Ordering Activity may not

work around any technical limitations in the Software;

reverse engineer, decompile or disassemble the Software, except and only to the extent that applicable law expressly permits, despite this limitation;

make more copies of the Software than specified in this agreement or allowed by applicable law, despite this limitation;

publish the Software for others to copy;

rent, lease or lend the software; or

GS-35F-0511T

<https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/>

Page 120

use the Software for commercial software hosting services.

Rights to access the Software on any device do not give Ordering Activity any right to implement Permuta patents or other Permuta intellectual property in Software or devices that access that device.

**SOFTWARE MAINTENANCE.** Ordering Activity may receive upgrades to future Software versions by acquiring Maintenance for a fee in accordance with the GSA Pricelist. Please note, however, that the right to upgrade is limited to new versions of the Software during the Maintenance coverage period. Licenses must be enrolled in Maintenance when the license is originally acquired, and coverage must be renewed annually during the agreement's term without lapse or the right to upgrade is voided. Users who are not enrolled in Maintenance who want to upgrade must purchase a new license. Maintenance shall be provided only to unmodified Software and commercially released updated versions of the Software. Ordering Activity are solely responsible for making or arranging for updates to interfaces for custom applications which Ordering Activity have installed or created. Software Maintenance allows a Ordering Activity access to product updates, including bug fixes, new quarterly releases with additional capabilities, as well as major product version updates for DefenseReady and Embedded Microsoft Dynamics CRM. Additional instances may be allowed if Maintenance is purchased. Additional software modules may also be made available to Ordering Activity through Ordering Activity's purchase of Maintenance. Any such additional software shall also be subject to these Terms. Maintenance will be provided by Permuta provided that Ordering Activity's environment and infrastructure is configured according to and in compliance with the guidance provided by Permuta.

**Ordering Activity Support and Support Plans.** Terms for Ordering Activity Support and Support Plans for software covered by this Exhibit B are identified in Exhibit C.

**BACKUP COPY.** Ordering Activity may make one backup copy of the Software media. Ordering Activity may use it only to create instances of the Software.

**DOCUMENTATION AND USAGE.** Any person that has valid access to Ordering Activity's computer or internal network may copy and use the documentation for Ordering Activity's internal, reference purposes. By using the Software, Ordering Activity acknowledge and agree that Permuta may use limited amounts of technical data and information (for example, but not limited to, information concerning Ordering Activity's device, system, application software and peripherals) to facilitate the provision of Software updates, product support and other services (if any) attributable or related to the Software. Permuta may use this information as long as it is in a form that does not personally identify Ordering Activity in order to operate, improve, provide and develop other services, products and/or technologies, for research and development and for any other purpose expressly described to Ordering Activity as a part of Permuta's products and services.

**FEEDBACK.** In the event that Ordering Activity provide any feedback, ideas, materials, suggestions, opinions, information or any other input to Permuta ("Feedback"), Ordering Activity acknowledge and agree that, while Permuta is under no obligation to consider or implement any such Feedback, Permuta and its successors and assigns receive an unconditional and unlimited right to use, reproduce, modify and disclose to others any such Feedback without any obligation to provide Ordering Activity with compensation or attribution. Further, Ordering Activity acknowledge and agree that any and all such Feedback is provided by Ordering Activity on a non-confidential basis and Ordering Activity waive and agree not to assert any rights (potential or vested) that Ordering Activity may have in the Feedback. Permuta acknowledges that the ability to use this Agreement in advertising is limited by GSAR 552.203-71.

**EXPORT RESTRICTIONS.** The Software is subject to United States export laws and regulations. Ordering Activity must comply with all domestic and international export laws and regulations that apply to the Software. These laws include restrictions on destinations, end users and end use.

Reserved.

**LEGAL EFFECT.** This agreement describes certain legal rights. Ordering Activity may have other rights under the laws of Ordering Activity's state or country. This agreement does not change Ordering Activity's rights under the laws of Ordering Activity's state or country if the laws of Ordering Activity's state or country do not permit it to do so.

Reserved.

**UNITED STATES GOVERNMENT USE RIGHTS.** By using the Software, Ordering Activity agree that the Software is a "commercial item," as that term is defined in 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 and that all U.S. Government end users acquire the Software with only those rights set forth therein.

**NOT FAULT TOLERANT. THE SOFTWARE IS NOT FAULT TOLERANT. BY USING THE SOFTWARE, ORDERING ACTIVITY AGREE TO IMPLEMENT AND ASSUME FULL RESPONSIBILITY FOR SAVING ALL OF ORDERING ACTIVITY'S FILES ONTO MAGNETIC TAPE OR OTHER OFFLINE MASS STORAGE MEDIA FOR THE PURPOSE OF PREVENTING LOSS OF DATA IN THE EVENT OF EQUIPMENT OR SOFTWARE (INCLUDING THIRD PARTY SOFTWARE) FAILURE OR DESTRUCTION. ORDERING ACTIVITY FURTHER AGREE THAT ORDERING ACTIVITY ASSUME FULL RESPONSIBILITY FOR MAINTAINING ORDERING ACTIVITY'S OWN SECURITY POLICIES AND PROCEDURES FOR THE PROTECTION OF ORDERING ACTIVITY'S DATA AND SOFTWARE.**

#### **WARRANTIES**

**LIMITED WARRANTY.** For a period of one year from the date Customer is first licensed for a version of the Software (the "Warranty Period"), Permuta represents and warrants that it will use commercially reasonable efforts to cause the Software to conform, in all substantial respects, to the Permuta's then-current technical documentation for the Software. If it does not, and Customer notifies Permuta within the Warranty Period, then Permuta will, at its option, (1) return the price Customer paid for the Software License or (2) repair or replace the Software.

**DISCLAIMERS OF WARRANTY.** EXCEPT FOR THE LIMITED WARRANTY SET FORTH IN SECTION 19, PART a, PERMUTA DISCLAIMS ANY AND ALL REPRESENTATIONS OR WARRANTIES (EXPRESS OR IMPLIED, ORAL OR WRITTEN) WITH RESPECT TO THESE TERMS, THE SOFTWARE AND ANY THIRD-PARTY SOFTWARE, WHETHER ALLEGED TO ARISE BY OPERATION OF LAW, BY REASON OF CUSTOM OR USAGE IN THE TRADE, BY COURSE OF DEALING OR OTHERWISE, INCLUDING ANY AND ALL: (A) IMPLIED WARRANTIES OF MERCHANTABILITY; (B) EXPRESS WARRANTIES OF FITNESS OR SUITABILITY FOR ANY

PURPOSE (WHETHER OR NOT PERMUTA KNOWS, HAS REASON TO KNOW, HAS BEEN ADVISED, OR IS OTHERWISE AWARE OF ANY SUCH PURPOSE); OR (C) WARRANTIES OF NONINFRINGEMENT OR CONDITION OF TITLE, LOSS OF DATA, TIMELINESS OR SECURITY. THE SOFTWARE AND ALL ACCOMPANYING MATERIALS ARE PROVIDED BY PERMUTA AS-IS. PERMUTA DOES NOT GUARANTEE THAT THE SOFTWARE WILL BE FREE OF ERRORS.

**Reserved.**  
**Reserved.**

#### EXHIBIT C-

#### TERMS AND CONDITIONS OF DEFENSEREADY / FEDERALREADY ORDERING ACTIVITY SUPPORT for PERPETUALLY LICENSED SOFTWARE WITH ANNUAL SOFTWARE MAINTENANCE

Permuta's Ordering Activity Support Program ("Ordering Activity Support") is a cost effective, flexible program for Ordering Activities to plan, request, receive, and manage support for DefenseReady and FederalReady Products ("Products").

The following Terms and Conditions ("Terms") apply to Ordering Activity's access to Ordering Activity Support for Perpetually Licensed Software covered under EXHIBIT B.

#### Ordering Activity Support Program

#### **Support Program Administration**

**Eligibility.** Ordering Activity must purchase Annual Software Maintenance ("SW Maintenance") for Products to receive Ordering Activity Support.

**Term.** The term of the Ordering Activity Support plan coincides with the Coverage Period of the associated Software Maintenance.

**Account Manager.** Permuta will designate two contacts to serve as the primary and secondary account managers to manage Permuta's responsibilities associated with the Ordering Activity's Support Plan.

**Enrollment Administrators.** Ordering Activity shall designate two contacts to serve as the primary and secondary enrollment administrators ("Enrollment Administrator") to manage Ordering Activity's responsibilities associated with its Support Plan.

**Approved Requesters.** Ordering Activity shall designate approved requesters ("**Approved Requesters**") in accordance with the terms of the selected Support Plan. Approved Requesters are presumed to have the authorization authority to request Support Tasks.

**Modifications.** Permuta may make commercially reasonable changes to the Ordering Activity Support program from time to time, without amendment to the Terms.

#### **Support Plans**

Included with the purchase of SW Maintenance at no additional cost is automatic enrollment in the "Standard" Ordering Activity Support Plan. Ordering Activity may select an alternative Support Plan with the purchase of SW Maintenance.

The following Support Plans are available:

**Standard** – The Standard Plan is included with SW Maintenance at no additional cost. This Support Plan may be suitable for organizations with 1) mature deployments of the Products or 2) limited support budgets.

**Silver** – The Silver Plan is designed for small organizations intending to extend the value from its current use of the Products.

**Gold** – The Gold Plan is designed for mid-sized organizations intending to extend the value from its current use of the Products.

**Platinum** – The Platinum Plan is designed for large organizations intending to extend the value from its current use of the Products.

**OnBoard** – The OnBoard Plan is designed for new Ordering Activity's intending to use Products operationally within a 12-month time.

**Pilot** – The Pilot Plan is designed for potential Ordering Activity's intending to conduct an operational pilot of the Products for qualification, evaluation, and/or comparative purposes.

If Permuta provides a Fix in connection with Ordering Activity Support, each Fix is licensed under the same terms as the Product to which it applies.

#### **Support Task Request Process**

**Support Tasks.** Ordering Activity may only access Ordering Activity Support by requesting a Support Task through Ordering Activity's Approved Requesters. The Support Task is administered by the Account Manager(s), in cooperation with the Enrollment Administrator(s) and Approved Requesters. At no additional cost, Permuta may provide tools, resources, and software to facilitate the Support Task request process.

**Types.** The types of Support Tasks available to the Ordering Activity under the Terms are:

**Advisory Support** – Advisory support is available for short-term advice and guidance from Permuta for problems not covered with problem resolution support as well as requests for consultative assistance for design, development, deployment and operation issues.

**Sustainment Support** – Sustainment support includes sustainment planning services, off-site integration test environments, update rollout testing, and periodic on-site support for applying updates, performing major upgrades, and Products infrastructure optimization.

**Problem Resolution Support (PRS)** – Problem resolution support is available for assistance with resolving problems with specific symptoms encountered while using the Products, where there is a reasonable expectation that the problem is caused by the Products.

**Rapid On-Site Support (ROSS)** – Rapid onsite support is available for urgent requirements for onsite support by Permuta resources necessitating less than 48 hours' notice. Permuta's ability to provide rapid onsite support is subject to Permuta's resource availability, and the tasks performed will vary depending on the situation, environment, and business impact of the issue. Permuta will redeem Support Credits to account for travel time at a rate of one Support Credit for each required non-business hour of travel not otherwise accounted for in the support day.

**Configuration Support** – Configuration support is available for Ordering Activities requiring minor configuration changes on a short-term basis.

**Training Support** – Training support is available to support curriculum development and to conduct training.

**Cyber Security Support** – Subject to availability of Permuta resources, cyber security support may be available to support Ordering Activity's cyber security needs in relation to its intended use of the Products.

**Scheduled On-Site Support** – Scheduled on-site Ordering Activity support is available for Ordering Activities subject to Permuta's resource availability and the tasks performed will vary depending on the situation, environment, and business impact of the issue. Permuta may redeem Support Credits to account for travel time at a rate of one-half Support Credit for each required nonbusiness hour of travel not otherwise accounted for in the support day.

**Solution Development Support** – Solution development support is available for Ordering Activities requiring or engaged in a complex custom solution development effort following commercial best practices.

**On-Boarding Support** – On-boarding support is available for new implementations and integration services of a new Ordering Activity.

#### **Support Credits**

General. As part of the Ordering Activity’s Support Plan, Permuta will issue Support Credits redeemable for Support Tasks. Credits may only be redeemed for 1) Support Tasks following the Support Task request process set forth in section 1.3 or 2) Managed Ordering Activity Support Projects in accordance with section 1.5. Support Credits have no cash value, are non-transferrable and nonrefundable. All Support Credits are valid for the term of the Support Plan and expire immediately upon expiration of the SW Maintenance Coverage Period or termination of Ordering Activity’s Support Plan.

Roll-Over Support Credits. Permuta will reissue a limited quantity of expired support credits (“Roll-Over Support Credits”) at the start of the Follow-On SW Maintenance’s Coverage Period. Section 7.8 identifies the Roll-Over Support Credits limit for each available Support Plan. The reissue quantity will not exceed the limit of the expiring Support Plan or the Follow-On Support Plan associated with a SW Maintenance renewal, whichever is lowest.

Pre-determined Redemption Quantity. In accordance with commercially acceptable procedures, Permuta will automatically accept and process valid Support Task requests of a type HAVING a predetermined redemption rate as set forth below in Section 7.4.4.

Redemption Quantity Approval. A Ordering Activity Enrollment Administrator will be required to issue Permuta a written Authority to Proceed for Support Task Requests of a type NOT HAVING a predetermined redemption rate. The Authority to Proceed must authorize a redemption quantity specified by Permuta for each Support Task Request.

Support Credit Redemption Rate. Support Credits will be redeemed by Ordering Activity at the following rates for the Support Tasks listed below:

Support Task Type	Redemption Rate Unit (as reasonably determined by Permuta)	Support Credit Redemption Rate
Advisory Support	per Task	2
Sustainment Support	by Task	To be mutually agreed
Problem Resolution Support	per Case	1
Rapid On-Site Support	per Day	10
Support Task Type	Redemption Rate Unit (as reasonably determined by Permuta)	Support Credit Redemption Rate
Configuration Support	by Task	To be mutually agreed
Training Support	by Task	To be mutually agreed
Cyber Security Support	by Task	To be mutually agreed
Scheduled On-Site Support	Day	6
Solution Development Support	by Task / by Lot	To be mutually agreed

On-Boarding Support	by Task / by Lot	To be mutually agreed
---------------------	------------------	-----------------------

**Sufficient Credits.** The Ordering Activity is responsible for ensuring it maintains a sufficient Support Credit balance as required to avoid disrupting or otherwise negatively impacting its intended use of the Products. Permuta may refuse to perform Support Tasks if Ordering Activity has insufficient Support Credits.

**Managed Ordering Activity Support Projects.**

**Managed Ordering Activity Support Project.** As part of an eligible Support Plan and when appropriate, Permuta may perform certain support services as Managed Ordering Activity Support Projects (“Projects”). Projects will be used to deliver to Ordering Activity mutually agreed to deliverables (“Deliverables”) addressing requirements related to the Ordering Activity’s desired use of the Products.

**Statement of Work.** Permuta will perform Projects in accordance with Permuta’s commercially reasonable standard patterns and practices for processes, documentation, communication, design, configuration, customization, code, test, and operational support. Permuta shall only perform Projects if the parties have executed, and subject to, a mutually agreed to statement of work (“SOW”) documenting the specific terms and conditions (including those relating to intellectual property rights) governing such Support Services and Deliverables. Ordering Activity and Permuta agree to each perform its respective obligations in each SOW.

**Support Credit Redemption Plan.** The terms of the Project SOW shall include a Support Credit Redemption Plan specifying a fixed quantity of Support Credits the Ordering Activity would be required to redeem and the redemption scheduled.

**Sufficient Credits.** The Ordering Activity is responsible for ensuring it maintains a sufficient Support Credit balance as required by the Support Credit Redemption Plan without disrupting or otherwise negatively impacting its intended use of the Products.

**Response Levels.** When submitting a Support Request, Ordering Activity is responsible for specifying the initial severity level in consultation with Permuta in accordance with the Ordering Activity situation. The Support Request severity level will determine Permuta’s expected response and Ordering Activity’s expected response as identified in the table below.

Severity	Situation	Permuta’s Expected Response	Ordering Activity’s Expected Response
1. Submission via phone only	Catastrophic business impact: Complete loss of a core (mission critical) business process and work cannot reasonably continue Needs immediate attention	1st call response in 1 hour or less Permuta’s resources at Ordering Activity site as soon as possible Continuous effort on a 24x7 basis Rapid escalation within Permuta to product teams Notification of Permuta’s senior executives	Notification of Ordering Activity senior executives Allocation of appropriate resources to sustain continuous effort on a 24x7 basis Rapid access and response from change control authority

A. Submission via phone only	<p>Critical business impact:</p> <p>Significant loss or degradation of services</p> <p>Needs attention within 1 hour</p>	<p>1st call response in 1 hour or less</p> <p>Permuta's resources at Ordering Activity site as required</p> <p>Continuous effort on a 24x7 basis</p> <p>Notification of Permuta's senior managers</p>	<p>Allocation of appropriate resources to sustain continuous effort on a 24x7 basis</p> <p>Rapid access and response from change control authority</p> <p>Management notification</p>
B. Submission via phone or web	<p>Moderate business impact:</p> <p>Moderate loss or degradation of services but work can reasonably continue in an impaired manner</p>	<p>Initial response in 4 Business Hours or less</p> <p>Effort during Business Hours only</p>	<p>Allocation of appropriate resources to sustain</p> <p>Business Hours continuous effort</p>
<b>Severity</b>		<b>Permuta's Expected Response</b>	<b>Ordering Activity's Expected Response</b>
	Needs attention within 2 Business Hours		Access and response from change control authority within 4 Business Hours
C. Submission via phone or web	<p>Minimum business impact:</p> <p>Substantially functioning with minor or no impediments of services.</p> <p>Needs attention within 4 Business Hours</p>	<p>Initial response in 8 Business Hours or less</p> <p>Effort during Business Hours only</p>	<p>Accurate contact information on case owner</p> <p>Responsive within 24 hours</p>

Permuta may downgrade the severity level if Ordering Activity is not able to provide adequate resources or responses to enable Permuta to continue with problem resolution efforts.

**Support Plan Credits.**

Permuta will issue Support Credits as they are earned, either monthly or annually. The Support Credits will be earned in accordance with the following table.

Quantity of Support Credits earned per Unit of each Applicable Product Type by Support Plan
---

Product Type	Standard	Silver	Gold	Platinum	OnBoard	Pilot
Operating System Environment (OSE) License	36	120	240	480	2400	1800
Basic Professional User & CAL	0.12	0.24	0.36	0.48	0.96	4.8
Essential CAL	0.012	0.024	0.036	0.048	0.098	0.48
Additional Instance Prod	120	120	120	120	120	120

**Support Plan Conditions and Limitations.**

Terms, conditions, and limitations will vary for each Support Plan. The following table identifies the applicable terms, conditions, and limitations for Support Plans available under the Terms.

Applicable Terms, Conditions, and Limitations by Support Plan						
Term, Condition, or Limitation	Standard	Silver	Gold	Platinum	OnBoard	Pilot
Eligible for Advisory Support	Yes	Yes	Yes	Yes	Yes	Yes
Eligible for Sustainment Support	Yes	Yes	Yes	Yes	Yes	Yes
Eligible for Problem Resolution	Yes	Yes	Yes	Yes	Yes	Yes
Eligible for Rapid On-Site Support	No	Yes	Yes	Yes	Yes	Yes
Eligible for Configuration Support	No	Yes	Yes	Yes	Yes	Yes
Eligible for Training Support	No	Yes	Yes	Yes	Yes	Yes
Eligible for Cyber Security Support	No	No	Yes	Yes	Yes	Yes

Eligible for Scheduled On-Site Support	No	No	No	Yes	Yes	Yes
Eligible for Credit Redemption Plan	No	No	No	Yes	Yes	Yes
Eligible for Solution Development Support	No	No	No	Yes	Yes	Yes
Eligible for On-Boarding Support	No	No	No	No	Yes	Yes
Available Response Level	C	A, B, C	1, A, B, C	1, A, B, C	1, A, B, C	A, B, C
Rollover Support Credits	N/A	25	50	100	200	200
Allowed Number of Approved Requestors (Other than admins)	N/A	1	2	4	2	2

**Additional Support Services Provisions.**

Ordering Activity may not, unless specifically authorized by Permuta in writing, i) rent, lease, lend or host any Deliverables (including any computer code or materials that Permuta leaves with Ordering Activity at the conclusion of Permuta’s performance of Services) or Fixes; ii) reverse engineer, decompile or disassemble Fixes or Deliverables, except to the extent expressly permitted by applicable law; or iii) transfer licenses to, or sublicense, Fixes or Deliverables to any government entity or quasi-governmental entity or any other third party. Permuta may request that Microsoft deliver problem resolution support on Permuta’s behalf to Ordering Activity subject to the Terms. Permuta will coordinate and participate in the delivery of subcontracted Microsoft services. In order for Permuta to provide subcontracted Microsoft services, Ordering Activity will be required to provide consent to provide the required contact information to Microsoft.

**General Terms.**

**Fees and Payment Terms.** The fees and payment terms applicable to Ordering Activity Support are set forth in the GSA schedule contract, schedule pricelist and applicable purchase order.

**Ordering Activity Support Term Updates.** When Ordering Activity renews or purchases SW Maintenance, the then current Terms, underlying GSA Schedule Contract, Schedule pricelist, and applicable purchase order will apply and will not change during Ordering Activity’s coverage period of the associated SW Maintenance purchase.

**Ownership and License.** Except as otherwise set forth in a Statement of Work (SOW) in accordance with section 1.5, this section governs the ownership and use rights of any computer code or other materials that may be provided under these Terms.

**Fixes.** Except as otherwise provided herein, the underlying GSA schedule contract, schedule pricelist and applicable purchase order Ordering Activity’s right to use fixes is governed by the license agreement for the affected Product or, if the fix is not provided for a specific product, any other use terms provided by Permuta. All fixes provided are licensed to Ordering Activity. For the purposes of these Terms, “fixes” means any Product related bug fixes, workarounds, patches, beta fixes or beta builds other than sample code or materials. Permuta does not transfer ownership rights in Products and reserves all rights not expressly granted.

**Pre-existing Work.** All rights in any computer code or materials developed or otherwise obtained independently of the efforts of a Party under these Terms (“Pre-existing Work”) shall remain the sole property of the Party providing the Pre-existing Work. During the performance of Ordering Activity Support services, each Party grants to the other Party (and their contractors as necessary) a temporary, nonexclusive license to use, reproduce and modify any of its Pre-existing Work provided to the other Party solely for the performance of such Services. Permuta grants Ordering Activity a non-exclusive, perpetual, fully paid-up license to use, reproduce and modify (if applicable) Permuta’s Pre-existing Work in the form delivered to Ordering Activity for Ordering Activity’s internal business operations without any obligation of accounting or payment of royalties. Ordering Activity’s licenses to Permuta’s Pre-existing Work is conditioned upon Ordering Activity’s compliance with these Terms and the perpetual license applies solely to Permuta’s Pre-existing Work that is left with Ordering Activity at the conclusion of Permuta’s performance of services.

**Materials.** All rights in any materials developed by Permuta (other than software code) and provided to Ordering Activity in connection with the Ordering Activity Support services ("Materials") shall be owned by Permuta except to the extent such Materials constitute Ordering Activity's Pre-existing Work. We grant Ordering Activity a non-exclusive, perpetual, fully paid-up license to use, reproduce and modify the Materials solely for Ordering Activity's internal business operations and without any obligation of accounting or payment of royalties. All rights not expressly granted, are reserved.

**Reservation of Rights.** All rights not expressly granted in this Section 2.3 are reserved.

**Restrictions on Use.** Ordering Activity may not i) rent, lease, lend or host any computer code or materials that Permuta leaves with Ordering Activity at the conclusion of Permuta's performance of Services ("Deliverables") or fixes, except as otherwise provided herein; ii) reverse engineer, de-compile or disassemble fixes or Deliverables, except to the extent expressly permitted by applicable law despite this limitation; or iii) transfer licenses to, or sublicense fixes or Service Deliverables to any government entity or quasi-governmental entity, except as specifically authorized herein.

**Export.** Ordering Activity agree to comply with all applicable international and national laws that apply to the products, fixes and Service Deliverables, including the U.S. Export Administration Regulations, as well as end-user, end-use and destination restrictions issued by U.S. and other governments.

**Permuta-Provided Data.** Permuta may use or provide Permuta-Provided Data in connection with Ordering Activity's access to Ordering Activity Support. Ordering Activity acknowledges that Permuta-Provided Data has commercial value. All rights in Permuta-Provided Data shall be owned by Permuta unless explicitly stated otherwise in written form by Permuta. All rights not expressly granted to Ordering Activity, are reserved to Permuta.

**Commercial Item.** Ordering Activity Support is a "commercial item," as that term is defined in 48 C.F.R. 2.101, consisting of "installation services, maintenance services, repair services, training services, and other services" for support of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212. Ordering Activity acquires Ordering Activity Support with only the rights set forth in these Terms. Ordering Activity acknowledges and agrees that Permuta sells Ordering Activity Support as a commercial item only and will engage as a subcontractor for Ordering Activity Support subject only to the required U.S. Government flowdown clauses listed at 48 CFR 52.244-6, "Subcontracts for Commercial Items", plus other terms necessary in meeting performance obligations under the specific Government Contract under which Ordering Activity purchases the Products.

**Subcontractors.** Permuta may hire subcontractors to provide Support Services on its behalf. Any such subcontractors will be required to act consistently with this Agreement and will only be permitted to obtain Ordering Activity Data to deliver the services Permuta is obligated to provide and will be prohibited from using Ordering Activity

Data for any other purpose. Permuta shall maintain responsibility for the actions of its subcontractors

Representations, Warranties and Disclaimers.

**General Representations and Warranties.** Each party represents and warrants that (a) it is validly existing and in good standing under the laws of the place of its establishment or incorporation, (b) it has full corporate power and authority to execute, deliver and perform its obligations under these Terms, (c) the person signing these Terms on its behalf has been duly authorized and empowered to accept these Terms, and (d) these Terms are valid, binding and enforceable against it accordingly.

**Additional Warranties.**

For a period of one year from the commencement of the applicable Ordering Activity Support Plan Term (the "**Warranty Period**") Permuta represents and warrants that it will use commercially reasonable efforts to cause Ordering Activity Support Deliverables to conform, in all substantial respects, to the Permuta's then-current technical documentation for the Products. If it does not, and Ordering Activity notifies Permuta within the Warranty Period, then Permuta will take commercially reasonable measures to repair or replace the Ordering Activity Support Deliverables. Ordering Activity waives any breach of warranty claims not made during the Warranty Period.

Permuta warrants that all Ordering Activity Support will be performed with professional care and skill. If Permuta fails to do so and Ordering Activity notifies Permuta within 90 days of the date of performance, then Permuta will re-perform the Ordering Activity Support.

**Disclaimers of Warranty.** EXCEPT FOR THE REPRESENTATIONS AND WARRANTIES SET FORTH IN SECTION 4.1 and 4.2, PERMUTA DISCLAIMS ANY AND ALL REPRESENTATIONS OR WARRANTIES (EXPRESS OR IMPLIED, ORAL OR WRITTEN) WITH RESPECT TO THESE TERMS, PRODUCTS AND ANY THIRD-PARTY SERVICES, WHETHER ALLEGED TO ARISE BY OPERATION OF LAW, BY REASON OF CUSTOM OR USAGE IN THE TRADE, BY COURSE OF DEALING OR OTHERWISE, INCLUDING ANY AND ALL: (A) IMPLIED WARRANTIES OF MERCHANTABILITY; (B) EXPRESS

WARRANTIES OF FITNESS OR SUITABILITY FOR ANY PURPOSE (WHETHER OR NOT PERMUTA KNOWS, HAS REASON TO KNOW, HAS BEEN ADVISED, OR IS OTHERWISE AWARE OF ANY SUCH PURPOSE); OR (C) WARRANTIES OF NONINFRINGEMENT OR CONDITION OF TITLE, LOSS OF DATA, TIMELINESS OR SECURITY. THE ORDERING ACTIVITY SUPPORT AND ALL ACCOMPANYING MATERIALS ARE PROVIDED BY PERMUTA AS-IS. PERMUTA DOES NOT GUARANTEE THAT CUSTOMER SUPPORT WILL BE PROVIDED FREE OF ERRORS.

Effect of Termination.

**Effect of Termination.** Upon any termination or expiration of the Support Plan: (a) all rights and licenses granted to Ordering Activity under these Terms will immediately cease; (b) Ordering Activity will within thirty (30) days of receipt of invoice pay to Permuta all amounts due and payable up to the effective date of termination of the Support Plan. Notwithstanding any terms to the contrary in these Terms, Sections 3 and 4 will survive any termination or expiration of the Support Plan.

Definitions.

**"Software Maintenance"** means the right to upgrade to future Software versions. Software maintenance is acquired by the Ordering Activity for a fee on an annual basis. The right to upgrade is limited to new versions of the associated Software during the Software Maintenance Coverage Period.

**"Business Hours"** means as 9:00 AM to 5:30 PM Eastern Standard Time, excluding Federal holidays and weekends.

Reserved.

**"Coverage Period"** means the 12 month period during which the Ordering Activity is eligible for the Software Maintenance benefits of

Perpetually Licensed Software.

**"Ordering Activity Data"** means all data, including all text, sound, video, or image files, and software, that are provided to Permuta by, or on behalf of, Ordering Activity through use of the Products.

**“Ordering Activity Support”** means the support and maintenance services provided by or on behalf of Permuta to Ordering Activity these Terms.

**“Disclosing Party”** means the party that discloses Confidential Information to the Receiving Party.

**“End User”** means any person Ordering Activity permits to access Ordering Activity Data hosted in the Products or otherwise uses the Products. Employees of Affiliates of Ordering Activity may be End Users.

**“Fixes”** are fixes, modifications or enhancements, or their derivatives for the Products, that Permuta either releases generally (such as service packs) or that Permuta provides to Ordering Activity to address a specific issue.

**“Follow-on Support Plan”** means a future Support Plan associated with a Subscription renewal.

**“Hosted Services”** means the hosted services provided by Permuta, directly or indirectly, to Ordering Activity.

**“Intellectual Property Rights”** means all patent rights, copyrights, moral rights, trademark rights, trade secret rights and any other form of intellectual property rights recognized in any jurisdiction, including applications and registrations for any of the foregoing.

**“Managed Ordering Activity Support Project”** means a carefully planned, multi-phase effort contemplated and executed in performance of a Statement of Work (SOW).

**“Microsoft”** means Microsoft Corporation.

**“Permuta-Provided Data”** means any data provided by Permuta to Ordering Activity under this Agreement, including Sample Data. Permuta-Provided Data excludes Ordering Activity Data.

**“Perpetually Licensed Software”** means the version(s) of Software licensed by the Ordering Activity for which the Ordering Activity’s use rights do not expire. Unless Software Maintenance is acquired for a fee, Ordering Activity’s use rights are limited to the versions of software accessed at the time the perpetual licenses were purchased and during a valid Software Maintenance Coverage Period.

**“Previews”** means preview, trial, beta, or other pre-release version or feature of the Products offered by Permuta to obtain Ordering Activity feedback.

**“Product(s)”** means any or all product(s) sold to Ordering Activity by Permuta, such as all Software, Hosted Services and other web-based services, including Previews.

**“Purchase Agreement”** means the binding agreement between Ordering Activity and Reseller or Prime Contractor under which Ordering Activity orders Products and accepts the Terms.

**“Receiving Party”** means the party that receives Confidential Information from the Disclosing Party.

**“Reseller”** means any reseller authorized by Permuta to resell the Products and Software to Ordering Activity.

**“Roll-Over Support Credits”** means a limited quantity of expired support credits reissued in a Follow-on Support Plan in accordance with section 7.4.2.

**“Sample Data”** means data in, originating from, or derived from an information system consumable form that mimics or is representative of real-world operational data which may be used for testing, demonstrations or other purposes and that is made available to Ordering Activity under this Agreement.

**“Security Policy”** means the collective policies and procedures followed by Permuta to establish and maintain the Products’ Trustworthiness as required by Ordering Activity.

**“Software”** means any software provided by Permuta, directly or indirectly, to Ordering Activity. Software does not include Hosted Services but Hosted Services may include Software.

**“Support Credits”** are allotments for Ordering Activity Support that are earned either monthly or annually with a Ordering Activity Support Plan.

**“Support Credit Redemption Plan”** means a detailed plan for redeeming no less than 500 Support Credits in support of a specific Ordering Activity initiative or set of requirements related to the Ordering Activity’s desired use of Products.

**“Support Plan”** means one of the support plans listed in Section 7.2 in which Ordering Activity enrolls during a Subscription Term.

**“Support Task”** means a specific instance of Ordering Activity’s access to Permuta expertise or technical support in connection with a Ordering Activity Support Plan.

**“Use Rights”** means the rights of members, users, mission owners, and other End Users to use the Software as described by Permuta from time to time.

**PC MATIC, INC.**  
2515 W. 22ND ST.  
SIOUX CITY, IA, 51103

## **EC America Rider to Product Specific License Terms and Conditions (for U.S. Government End Users)**

**Scope.** This Rider and the attached PC Matic, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

PC Matic COPYRIGHT (C) 2020 PC Matic, Inc - ALL RIGHTS RESERVED

**NOTICE TO ALL USERS** Carefully read the following legal agreement ("Agreement"), which sets forth license terms for PC Matic software. If someone else uses a copy of PC Matic installed by you, he or she may do so only subject to all conditions, obligations and limits described in this Agreement.

**LICENSE GRANT** PC Matic, Inc hereby licenses you for unlimited use of PC Matic on your personal computer(s), such as desktop and laptop, or for multiple users on a single personal computer, but not both, and to make one copy in machine-readable form for backup purposes only. "You" means the authorized Ordering Activity placing an order under the GSA Schedule contract. "Use" means storing, loading, installing, executing or displaying PC Matic. Within any such copy, you must reproduce the copyright notices and any other proprietary legends that were on the original downloaded copy of PC Matic. No license, right or interest in any trademark, trade name or service mark of PC Matic, Inc or any third party is granted under this License. You may not modify PC Matic or disable any licensing or control features of PC Matic except as an intended part of PC Matic's programming features. This license is not transferable to another organization or individual. Any reproduction or redistribution of PC Matic not in accordance with the License Agreement is prohibited by law.

**COPYRIGHT AND TITLE** PC Matic is protected by United States copyright laws and international treaty provisions. PC Matic and its suppliers own and retain all right, title and interest in and to PC Matic, including all copyrights, patents, trade secret rights, trademarks and other intellectual property rights therein. You acknowledge that your possession, installation, or use of PC Matic does not transfer to you any title to the intellectual property in PC Matic, and that you will not acquire any rights to PC Matic except as expressly set forth in this Agreement. You agree that any copies of PC Matic and Documentation will contain the same proprietary notices that appear on and in PC Matic and Documentation.

**RESTRICTIONS** You may not rent, lease, loan or resell PC Matic. You may not permit third parties to benefit from the use or functionality of PC Matic via a timesharing, service bureau or other arrangement. You may not transfer any of the rights granted to you under this Agreement. You may not reverse engineer, decompile, or disassemble PC Matic, except to the extent that the foregoing restriction is expressly prohibited by applicable law. You may not modify, or create derivative works based upon, PC Matic in whole or in part. You may not copy PC Matic or Documentation except as expressly permitted above. You may not remove any proprietary notices or labels on PC Matic.

**TERMINATION** This License is effective until terminated. You may terminate this License at any time by destroying PC Matic, and all copies thereof. If this license is terminated for any reason, you must destroy PC Matic and all copies thereof.

**EXPORT CONTROLS** You may not download or otherwise export or reexport the Software or any underlying information or technology except in full compliance with all laws of the United States and other applicable laws and regulations.

**GOVERNING LAW** This license will be governed by United States Federal law.

**LIMITED WARRANTY** PC MATIC WARRANTS THAT THE FOREGOING PC MATIC AND THE ACCOMPANYING FILES WILL, FOR A PERIOD OF SIXTY (60) DAYS FROM THE DATE OF YOUR RECEIPT, PERFORM SUBSTANTIALLY IN ACCORDANCE WITH PC MATIC AND THE ACCOMPANYING FILES WRITTEN MATERIALS ACCOMPANYING IT. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, PC Matic AND THE ACCOMPANYING FILES ARE SOLD "AS IS" AND WITHOUT WARRANTIES AS TO PERFORMANCE OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ANY OTHER WARRANTIES EXPRESSED OR IMPLIED. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES OR LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY MAY LAST, OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

**NO LIABILITY FOR CONSEQUENTIAL DAMAGES** IN NO EVENT SHALL PC Matic, Inc OR ITS SUPPLIERS BE LIABLE TO YOU FOR ANY CONSEQUENTIAL, SPECIAL, INCIDENTAL OR INDIRECT DAMAGES OF ANY KIND ARISING OUT OF THE DELIVERY, PERFORMANCE OR USE OF, OR INABILITY TO USE, PC Matic, EVEN IF PC Matic, Inc HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. The foregoing limitation of liability shall not apply to personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

**SEVERABILITY** In the event of invalidity of any provision of this license, the parties agree that such invalidity shall not affect the validity of the remaining portions of this license.

**ENTIRE AGREEMENT** This Agreement, together with the underlying GSA Schedule contract, Schedule pricelist and applicable purchase orders, is the entire agreement between you and PC Matic, Inc. which supersedes any prior agreement or understanding, whether written or oral, relating to the subject matter of this license.

**Peraton, Inc.**  
12975 Worldgate Drive  
Herndon, VA 20170-6008

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Peraton, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

- h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
- i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- 3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**PERATON INC.****END USER LICENSE AGREEMENT**

This End User License Agreement (EULA) is between Peraton Inc., a corporation incorporated under the laws of the State of Maryland, United States of America, by and through its offices at Herndon, Virginia (hereinafter referred to as "Peraton") and the Ordering Activity under GSA Schedule contracts identified in the Order Form (hereinafter referred to as "Licensee"). Either or both may be referred to as "Party" or "Parties". This EULA is effective as of the effective date located on the attached Order Form.

**1. Definition**

The definitions listed below pertain to this EULA.

- A. **Affiliate**: Any entity the Licensee owns at least a fifty-one percent (51%) or through board of directors' control if a not for profit entity. For Government Licensees, the "Affiliate" definition and provisions shall not apply.
- B. **Confidential Information**: Information, which the Disclosing Party provides, either directly or indirectly, to the Receiving Party in connection with this EULA. Information includes the software, personal information, or information related to the business of the Disclosing Party. If information is:
  - Tangible Form - clearly marked at the time of disclosure as being confidential
  - Orally or Visually Form - designated at the time of disclosure as confidential
  - Other Form - is reasonably understood to be confidential information, whether or not marked
- C. **Concurrent Users**: The total number of users simultaneously accessing the Software at any given time is limited to those for whom Licensee has paid a License Fee in accordance with the Order Form. If the Licensee has reached capacity of the Concurrent Users, there will not be any additional users able to access the Software until the Licensee has procured additional licenses from Peraton.
- D. **Core**: A core is an individual processor within a CPU.
- E. **Core Based-Server**: The number of Cores is limited to those for whom Licensee has paid a license fee in accordance with the Order Form. An unlimited (until Core capacity is reached) number of authorized users may use the Software, provided the total number of Cores residing on all computers where the Software is installed does not exceed the permitted number of Cores identified on the Order Form. When the Software is installed and distributed across multiple computers, all the Cores in each of these computers count toward to the total number of Cores licensed.
- F. **Documentation**: Technical documentation, release notes, and user manuals for the Baseline Version of the Software.
- G. **Effective Date**: The date the Software Maintenance Agreement (SWMA) takes effect. The Effective Date is located in the Order Form.
- H. **End User License Agreement**: An agreement between Peraton and Licensee to provide use of a license for a given period of performance.
- I. **Error**: Material deviation of the Baseline Version of the Software from its technical documentation.
- J. **License Fees**: Fees paid for Software Licenses. License Fees do not include Maintenance

or Services fees.

- K. License Term: The term for License is unlimited. Whereas the Software Maintenance Agreement will identify a Maintenance Term for a Period of Performance.
- L. License Location: The physical location where the Software is installed on equipment the Licensee owns, leases, or otherwise controls.
- M. Maintenance Fee: Fee paid for Software Maintenance. Maintenance Fees do not include cost of the initial Peraton License or Support Services provided by Peraton.
- N. Maintenance Term: Is identify as a Maintenance Term for a Period of Performance. The Maintenance Term is located in the Order Form.
- O. Named User: The total number of users given a fixed license that is assigned to them in accordance with the Order Form. Each user accessing the Software's functionality is one Named User of the Software, whether or not using Software components to access the Software's functionality, and must be counted towards the number of authorized Named Users.
- P. Order Form: A form specifying the Licensee Information, Business Contact (e.g., Program Manager, etc.), Primary Technical Contact, Alternate Technical Contact, and Software Details.
- Q. Release: A software upgrade that adds new features and corrects Errors.
- R. Services: Baseline Support Services.
- S. Software: The Peraton Software products and any Third Party Software products listed in the Order Form.
- T. Software License: A non-exclusive, non-transferable right to use the Software in a machine-readable form, together with the Documentation, solely for Licensee's internal business.
- U. Software Maintenance Agreement: An agreement between Peraton and Licensee to provide maintenance for a given period of performance.
- V. Subject Matter: The Peraton Software and applicable Documentation.
- W. Third Party Software: Any third-party Software listed on the Order Form that is produced by a party other than Peraton. Software may include the initial purchase of the license or subsequent maintenance fee.
- X. Upgrades: New Versions and Release of the Software.
- Y. Version: A major enhancement to the Software that adds substantial new features or other significant changes.

## 2. Commercial Items

The software and documentation provided hereunder are "Commercial Items" as defined by Federal Acquisition Regulation ("FAR") 2.101, consisting of "Commercial Computer Software" and

"Commercial Computer Software Documentation" as defined in FAR 12.212. No other regulation or data rights clause applies to the delivery of this software and documentation to the Government. Accordingly, the terms and conditions of this License govern the Government's use and disclosure of the Software, and supersede any conflicting terms and conditions of any contract pursuant to which the software and documentation is delivered to the Government.

The FAR clauses stated in this section do not apply to Non-Government customers.

## 3. Permitted Use

Licensee may not permit any unauthorized third party to use or access the Software. Licensee may not use the Software in the operation of a service bureau, commercial time-sharing or in any other

resale capacity. For purposes of Concurrent Users and Core-Based Server, authorized users are not uniquely identified.

#### 4. Proprietary Rights

This Agreement does not convey to Licensee title to or ownership of the Subject Matter or any results of the Services, but only a right of limited use in accordance with the License. The Subject Matter, all results of the Services, and all copies of any of them are proprietary to Peraton and title in each of them, including without limitation, all applicable rights to patents, copyrights, trademarks, confidential information and trade secrets, remains solely in Peraton, and are subject to the terms and conditions of the License. All Upgrades and any results of the Services provided by Peraton under this Agreement will become a part of the Software for the purposes of the License at the time they are provided to Licensee and are hereby licensed to Licensee as part of the Software pursuant to the terms and conditions of the License.

#### 5. Limited Warranties

Peraton warrants that the Subject Matter will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Subject Matter written materials accompanying it. Except as expressly set forth in the foregoing, Peraton furnishes the licensed Subject Matter, and

Licensee agrees to accept same, on a strictly "as is" basis. Peraton warrants the Services will be performed in a competent manner consistent with industry standards reasonably applicable to the performance of such Services.

- A. Software Warranty: Licensee acknowledges that it is solely responsible for the results obtained from use of the Software. Peraton further warrants that it has not introduced into the Software any feature designed to damage or erase the Software or data. The Software may contain license protection features that limit access to the Software to the use permitted under this EULA. Licensee shall not circumvent or render inoperative any such protection features. To be valid, a warranty claim must be in writing and submitted to Peraton. If Licensee believes that the Software has Defects, Licensee shall promptly notify Peraton in writing, describe with specificity any such Defect, and provide a listing of output and such other data as may be required by Peraton to reproduce the Defect. Licensee's exclusive remedy and Peraton's sole liability for Software performance under this software warranty will be:
- To use reasonable efforts to correct any such Defects and supply Licensee with a correction as soon as reasonably practicable
  - If correction or replacement is not reasonably achievable by Peraton, to terminate Licensee's License(s) for the affected Software and refund the License Fee paid upon Licensee's certification that all copies of the Software have been returned or destroyed.
- B. Warranty Exceptions and Exclusions: The express warranties set forth in this Limited Warranties Section do not apply to errors or malfunctions caused by (a) Licensee's equipment, (b) software not licensed from or approved in writing by Peraton, (c) Misuse, (d) Licensee's failure to use or implement corrections or updates, (e) use of the Software in combination with materials not provided, specified or approved in writing by Peraton, (f) improper installation by Licensee, Support Contractor, or a third party not authorized in writing by Peraton, or (g) any other cause not directly attributable to Peraton. Peraton does not warrant the functions contained in the Software will meet Licensee's requirements or that the operation of the Software will be uninterrupted or error-free. These limited warranties shall be void if Licensee or any third party modifies or changes the Software in

any way beyond the scope of the configuration options contained in the Software. In order to receive and maintain these warranties, Licensee must:

- Use the Software in accordance with the Documentation
- Use the Software on the hardware and with the operating system for which it was designed
- Use only qualified personnel to operate the Software

Peraton will not be required to maintain compatibility between Peraton Software and any other software (other than Peraton-supported Third Party Software) except as otherwise agreed in writing.

- c. **Disclaimer of Warranties:** EXCEPT AS EXPRESSLY SET FORTH IN THIS LIMITED WARRANTIES SECTION AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, PERATON DOES NOT MAKE ANY EXPRESSED, IMPLIED OR STATUTORY WARRANTIES, TERMS, CONDITIONS OR REPRESENTATIONS INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, NON-INFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE.

## 6. Infringement

Peraton warrants the use of the licensed Subject Matter under this EULA shall not infringe upon, misappropriate or otherwise violate any property, ownership or proprietary rights of any other person or organization. Upon notice of an alleged infringement, or if, in Peraton's opinion, such a claim is likely, Peraton shall have the right, at its option, to obtain the right to continue the

distribution of products, substitute other products with similar operating capabilities, or modify the product so that it is no longer infringing. In the event that none of the above options are reasonably available in Peraton's opinion, Licensee's sole and exclusive remedy shall be to cease using and to return to Peraton all of the products, and to obtain from Peraton a refund of the fee paid by Licensee for such products. This section states Peraton's entire liability for intellectual property infringement.

## 7. Limitation of Liability

Peraton shall have no liability to Licensee for any loss, claim, remedy, suit, action, indirect, incidental or consequential damages, and/or liability under any cause of action whatsoever whether in contract or tort including but not limited to action by agents or employees of Licensee, or property damage based on products liability, strict liability, concerning any defects, bugs or deficiencies or lack thereof of any nature in the licensed Subject Matter.

Peraton shall not be liable to Licensee for special, indirect, incidental or consequential loss or damage including, without limitation, any punitive damages, lost profits, or lost business opportunity arising out of or in connection with the license granted under this or any business activity of Licensee.

The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

## 8. Grant of License

Peraton grants to Licensee a non-exclusive, non-transferable, revocable, indivisible right to use the licensed Subject Matter specified in the Order Form in accordance with the terms and conditions of this EULA. Licensee shall use the licensed Subject Matter solely as installed in sites listed in the Order Form and for the permitted use for which Licensee has paid a License Fee. Licensee shall not, and shall not permit others to, decompile, disassemble, or otherwise reverse engineer the licensed Software. The right to revise, modify or enhance the licensed Software is expressly prohibited. All terms and conditions of this EULA are material terms of the license granted by this Agreement. The violation of any term or condition of this EULA will constitute grounds for termination of this Agreement by Peraton in accordance with the procedures set forth in the Contact Disputes Act.

## 9. Production and Non-Production Environments

- A. Disaster Recovery and Archival Instance (Production Instances): Licensee may make back-up copies of the Software as necessary for use in disaster recovery and archival purposes, provided keeping the copies in a secure location (e.g., location to be owned or controlled by Licensee or Licensee's disaster recovery vendor). All archival and backup copies of the Software are subject to the provisions of this EULA. Licensee shall reproduce all titles, trademarks, copyright and restricted rights notices in such copies.

The Licensee should not use the disaster recovery and archival copies of the Software for production purposes unless the primary copy of the Software is not being used for production purposes.

- B. Non-Production Instances: Non-Production Instances are considered Test, Development, and Training Instance. Unless otherwise listed in the Order Form, Licensee may use one Instance of the Software in a non-production environment solely for Licensee's internal testing, development, and training purposes. Licensee's installation and use of the Software for these purposes is limited to the same number of licensed users as permitted under the applicable Order Form and this EULA.

## 10. Export

The Software, including technical data relating thereto, is subject to applicable export control laws and regulations, including the U.S. International Traffic in Arms Regulations (ITAR) and the U.S. Export Administration Regulations (EAR). Licensee shall strictly comply with all applicable export laws and regulations and, in addition to other restrictions in this EULA, Licensee agrees that it will not export, re-export or import the Software, except in accordance with all applicable export laws and regulations and only if permitted under the License terms. Licensee warrants and represents that Licensee, including its Affiliates and Support Contractors, is not (a) affiliated with or a resident of any embargoed or terrorist-supporting country or (b) affiliated with anyone on the U.S. Commerce

Department's Table of Denial Orders or U.S. Treasury Department's list of Specially Designated Nationals.

## 11. Confidentiality

The licensed Subject Matter, including the design and elements of the database tables, as well as any information that is marked confidential and those rights designated proprietary is confidential information, the disclosure of which would harm Peraton.

Confidential Information will be protected and held in confidence by the Receiving Party and will be used for the purposes of this EULA and related internal administrative purposes only. Disclosure of the Confidential Information will be restricted to the Receiving Party's affiliates, employees,

contractors and business partners on a "need to know" basis, provided that they are bound by confidentiality obligations no less stringent than those in this EULA prior to any disclosure.

Confidential Information does not include information that:

- Is already known to Receiving Party at the time of disclosure
- Is or becomes publicly known through no wrongful act or failure of the Receiving Party
- Is independently developed by Receiving Party without benefit of Disclosing Party's Confidential Information
- Is received from a third party which is not under and does not thereby breach an obligation of confidentiality

Each party agrees to protect the other's Confidential Information at all times and in the same manner as each protects the confidentiality of its own proprietary and confidential materials of similar kind, but in no event with less than a reasonable standard of care. A Receiving Party may disclose Confidential Information to the extent required by law, provided that the party required to disclose the Confidential Information provides the original Disclosing Party with notice as soon as reasonably practicable to allow the Disclosing Party an opportunity to respond to such request, and provided further that such disclosure does not relieve Receiving Party of its confidentiality obligations with respect to any other party. These confidentiality restrictions and obligations will remain in effect until the information ceases to be Confidential. If Licensee participates in the Peraton-sponsored group event, this Confidential Information Section shall apply to Confidential Information disclosed by any group participant, and Peraton may provide a copy of this Confidential Information Section to any Disclosing Party seeking to enforce its provisions. Peraton recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

Upon the request of Disclosing Party, the Receiving Party shall promptly return to the Disclosing Party all copies of the Confidential Information and any documents derived from the Confidential Information, or at the Disclosing Party's option, shall certify in writing that all copies of the Confidential Information and derivative documents have been destroyed. The Receiving Party may return any Confidential Information to the Disclosing Party at any time. This obligation to return or destroy materials or copies thereof does not extend to automatically generated computer back up or archival copies generated in the ordinary course of Receiving Party's information systems procedures, provided that Receiving Party shall make no further use of Confidential Information contained in those copies.

## 12. Services

The license fees do not include any maintenance, online help, training, implementation support or other support services. Licensee is required to procure at least one year of Software maintenance under a separate SWMA. The manner and periods in which, and the terms and conditions under which, such maintenance will be performed will be solely set forth in the SWMA and the Order Form incorporating the SWMA.

## 13. Compliance

Licensee shall keep adequate and proper records relating to its use and distribution of the licensed Software pursuant to this EULA. Peraton reserves the right to request that Licensee conduct an internal audit at any time but no more than annually. Following such an audit, Licensee shall deliver to Peraton a certified statement in writing signed by an authorized representative of Licensee, that

Licensee either

(a) has sufficient licenses to permit all usage disclosed by such audit or (b) verifying that it has ordered sufficient licenses to permit all usage disclosed by such audit. Failure to complete a requested audit may result in the termination of this EULA in accordance with the procedures set forth in the Contract Disputes Act.

#### **14. Governing Law**

This EULA shall be interpreted and construed, its performance and any dispute arising hereunder shall be governed, in all respects by the substantive and procedural Federal laws and judicial decisions of the United States.

#### **15. General**

This EULA may be modified or amended solely in writing by both Parties. The provisions of this EULA shall be deemed severable, and the unenforceability of any one or more provisions shall not affect the enforceability of any other provisions. Licensee may not assign or otherwise transfer this EULA or any of the rights granted therein without the prior written consent of Peraton. No failure or delay by either Party in exercising any right, power or remedy will operate as a waiver, and no waiver will be effective unless it is in writing and signed by the waiving party. Any provision of this EULA that imposes or contemplates continuing obligations on a party will survive termination of this EULA. This EULA is separate and distinct from any services associated with the Software delivered hereunder.

Payment under this EULA is due and payable within thirty (30) days of the invoice receipt date following the Effective Date of this Agreement. There shall be no right of offset to license fees due under this EULA.

#### **16. Complete and Exclusive**

EACH PARTY ACKNOWLEDGES IT HAS READ, UNDERSTANDS, AND AGREES TO BE BOUND BY THE TERMS AND CONDITIONS OUTLINES IN THIS EULA. THE PARTIES AGREE THIS EULA, INCLUDING THE GSA SCHEDULE CONTRACT, ORDER FORM AND ANY WRITTEN MODIFICATIONS MADE PURSUANT TO IT CONSTITUTES THE COMPLETE AND EXCLUSIVE EXPRESSION OF THE TERMS OF THIS EULA BETWEEN THE PARTIES, AND SUPERSEDE ALL PRIOR OR CONTEMPORANEOUS PROPOSALS, ORAL OR WRITTEN, UNDERSTANDINGS, REPRESENTATIONS, CONDITIONS, WARRANTIES, COVENANTS, AND ALL OTHER COMMUNICATIONS BETWEEN THE PARTIES RELATING TO THE SUBJECT MATTER OF THIS EULA.

THE PARTIES FURTHER AGREE THIS EULA MAY NOT IN ANY WAY BE EXPLAINED OR SUPPLEMENTED BY A PRIOR OR EXISTING COURSE OF DEALING BETWEEN THE PARTIES, BY ANY USAGE OF TRADE OR CUSTOM, OR BY ANY PRIOR PERFORMANCE BETWEEN THE PARTIES PURSUANT TO THIS EULA OR OTHERWISE.

**PERATON INC.****SOFTWARE MAINTENANCE AGREEMENT**

This Software Maintenance Agreement (SWMA) is between Peraton Inc., a corporation incorporated under the laws of the State of Maryland, United States of America, by and through its offices at Herndon, Virginia (hereinafter referred to as "Peraton") and Ordering Activity under GSA Schedule contracts identified in the Order Form (hereinafter referred to as "Licensee"). Either or both may be referred to as "Party" or "Parties". This SWMA is effective as of the effective date located on the attached Order Form.

**Definitions**

The definitions listed below pertain to both this SWMA.

- A. **Affiliate**: Any entity the Licensee owns at least a fifty-one percent (51%) or through board of directors' control if a not for profit entity. For Government Licensees, the "Affiliate" definition and provisions shall not apply.
- B. **Confidential Information**: Information, which the Disclosing Party provides, either directly or indirectly, to the Receiving Party in connection with this SWMA. Information includes the software, personal information, or information related to the business of the Disclosing Party. If information is:
  - Tangible Form - clearly marked at the time of disclosure as being confidential
  - Orally or Visually Form - designated at the time of disclosure as confidential
  - Other Form - is reasonably understood to be confidential information, whether or not marked
- C. **Concurrent Users**: The total number of users simultaneously accessing the Software at any given time is limited to those for whom Licensee has paid a License Fee in accordance with the Order Form. If the Licensee has reached capacity of the Concurrent Users, there will not be any additional users able to access the Software until the Licensee has procured additional licenses from Peraton.
- D. **Core**: A core is an individual processor within a CPU.
- E. **Core Based-Server**: The number of Cores is limited to those for whom Licensee has paid a license fee in accordance with the Order Form. An unlimited (until Core capacity is reached) number of authorized users may use the Software, provided the total number of Cores residing on all computers where the Software is installed does not exceed the permitted number of Cores identified on the Order Form. When the Software is installed and distributed across multiple computers, all the Cores in each of these computers count toward to the total number of Cores licensed.
- F. **Documentation**: Technical documentation, release notes, and user manuals for the Baseline Version of the Software.
- G. **Effective Date**: The date the SWMA takes effect. The Effective Date is located in the Order Form.
- H. **End of Life**: The point in time when Northrop will cease to create updates and patches for a particular piece of software.
- I. **End User License Agreement**: An agreement between Peraton and Licensee to provide use of a license for a given period of performance.

- J. Error: Material deviation of the Baseline Version of the Software from its technical documentation.
- K. License Fees: Fees paid for Software Licenses. License Fees do not include Maintenance or Services fees.
- L. License Term: The term for License is unlimited. Whereas the Software Maintenance Agreement will identify a Maintenance Term for a Period of Performance.
- M. License Location: The physical location where the Software is installed on equipment the Licensee owns, leases, or otherwise controls.
- N. Maintenance Fee: Fee paid for Software Maintenance. Maintenance Fees do not include cost of the initial Peraton License or Support Services provided by Peraton.
- O. Maintenance Term: Is identify as a Maintenance Term for a Period of Performance. The Maintenance Term is located in the Order Form.
- P. Named User: The total number of users given a fixed license that is assigned to them in accordance with the Order Form. Each user accessing the Software's functionality is one Named User of the Software, whether or not using Software components to access the Software's functionality, and must be counted towards the number of authorized Named Users.
- Q. Peraton Supported Third Party Software: Third Party Software contained in Peraton's Baseline Software or Upgrades.
- R. Order Form: A form specifying the Licensee Information, Business Contact (e.g., Program Manager, etc.), Primary Technical Contact, Alternate Technical Contact, and Software Details.
- S. Release: A software upgrade that adds new features and corrects Errors.
- T. Services: Baseline Support Services.
- U. Software: The Peraton Software products and any Third Party Software products listed in the Order Form.
- V. Software License: A non-exclusive, non-transferable right to use the Software in a machine-readable form, together with the Documentation, solely for Licensee's internal business.
- W. Software Maintenance Agreement: An agreement between Peraton and Licensee to provide maintenance for a given period of performance.
- X. Subject Matter: The Peraton Software and applicable Documentation.
- Y. Third Party Software: Any third-party Software listed on the Order Form that is produced by a party other than Peraton. This software is not contained in the Baseline Software or Upgrades. Software may include the initial purchase of the license or subsequent maintenance fee.
- Z. Upgrades: New Versions and Release of the Software.
- AA. Version: A major enhancement to the Software that adds substantial new features or other significant changes.

### Commercial Items

The software and documentation provided hereunder are "Commercial Items" as defined by Federal Acquisition Regulation ("FAR") 2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation" as defined in FAR 12.212. No other regulation or data rights clause applies to the delivery of this software and documentation to the Government. Accordingly, the terms and conditions of this License govern the Government's use and disclosure of the Software, and supersede any conflicting terms and conditions of any contract pursuant to which the software and documentation is delivered to the Government.

The FAR clauses stated in this section do not apply to Non-Government customers.

## Permitted Use

Licensee may not permit any unauthorized third party to use or access the Software. Licensee may not use the Software in the operation of a service bureau, commercial time-sharing or in any other resale capacity. For purposes of Concurrent Users and Core-Based Server, authorized users are not uniquely identified.

## Proprietary Rights

This Agreement does not convey to Licensee title to or ownership of the Subject Matter or any results of the Services, but only a right of limited use in accordance with the License. The Subject Matter, all results of the Services, and all copies of any of them are proprietary to Peraton and title in each of them, including without limitation, all applicable rights to patents, copyrights, trademarks, confidential information and trade secrets, remains solely in Peraton, and are subject to the terms and conditions of the License. All Upgrades and any results of the Services provided by Peraton under this Agreement will become a part of the Software for the purposes of the License at the time they are provided to Licensee and are hereby licensed to Licensee as part of the Software pursuant to the terms and conditions of the License.

## Limited Warranties

Peraton warrants that the Subject Matter will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Subject Matter written materials accompanying it. Except as expressly set forth in the foregoing, Peraton furnishes the licensed Subject Matter, and

Licensee agrees to accept same, on a strictly "as is" basis. Peraton warrants the Services will be performed in a competent manner consistent with industry standards reasonably applicable to the performance of such Services.

- A. **Software Warranty:** Licensee acknowledges that it is solely responsible for the results obtained from use of the Software. Peraton further warrants that it has not introduced into the Software any feature designed to damage or erase the Software or data. The Software may contain license protection features that limit access to the Software to the use permitted under this SWMA. Licensee shall not circumvent or render inoperative any such protection features. To be valid, a warranty claim must be in writing and submitted to Peraton. If Licensee believes that the Software has Defects, Licensee shall promptly notify Peraton in writing, describe with specificity any such Defect, and provide a listing of output and such other data as may be required by Peraton to reproduce the Defect. Licensee's exclusive remedy and Peraton's sole liability for Software performance under this software warranty will be:
- 1) To use reasonable efforts to correct any such Defects and supply Licensee with a correction as soon as reasonably practicable.
  - 2) If correction or replacement is not reasonably achievable by Peraton, to terminate Licensee's License(s) for the affected Software and refund the License Fee paid upon Licensee's certification that all copies of the Software

have been returned or destroyed.

- B. Warranty Exceptions and Exclusions: The express warranties set forth in this Limited Warranties Section do not apply to errors or malfunctions caused by (a) Licensee's equipment, (b) software not licensed from or approved in writing by Peraton, (c) Misuse, (d) Licensee's failure to use or implement corrections or updates, (e) use of the Software in combination with materials not provided, specified or approved in writing by Peraton, (f) improper installation by Licensee, Support Contractor, or a third party not authorized in writing by Peraton, or (g) any other cause not directly attributable to Peraton. Peraton does not warrant the functions contained in the Software will meet Licensee's requirements or that the operation of the Software will be uninterrupted or error-free. These limited warranties shall be void if Licensee or any third party modifies or changes the Software in any way beyond the scope of the configuration options contained in the Software. In order to receive and maintain these warranties, Licensee must:
- 1) Use the Software in accordance with the Documentation.
  - 2) Use the Software on the hardware and with the operating system for which it was designed.
  - 3) Use only qualified personnel to operate the Software.

Peraton will not be required to maintain compatibility between the Peraton Software and any other software (other than Peraton-supported Third Party Software) except as otherwise agreed in writing.

- C. Disclaimer of Warranties: EXCEPT AS EXPRESSLY SET FORTH IN THIS LIMITED WARRANTIES SECTION AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, PERATON DOES NOT MAKE ANY EXPRESSED, IMPLIED OR STATUTORY WARRANTIES, TERMS, CONDITIONS OR REPRESENTATIONS INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, NON-INFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE.

### **Infringement**

Peraton warrants the use of the licensed Subject Matter under this SWMA shall not infringe upon, misappropriate or otherwise violate any property, ownership or proprietary rights of any other person or organization. Upon notice of an alleged infringement, or if, in Peraton's opinion, such a claim is likely, Peraton shall have the right, at its option, to obtain the right to continue the distribution of products, substitute other products with similar operating capabilities, or modify the product so that it is no longer infringing. In the event that none of the above options are reasonably available in Peraton's opinion,

Licensee's sole and exclusive remedy shall be to cease using and to return to Peraton all of the products, and to obtain from Peraton a refund of the fee paid by Licensee for such products. This section states Peraton's entire liability for intellectual property infringement.

### **Limitation of Liability**

- A. Peraton shall have no liability to Licensee for any loss, claim, remedy, suit, action, indirect, incidental or consequential damages, and/or liability under any cause of action whatsoever whether in contract or tort including but not limited to action by agents or employees of Licensee, or property damage based on products liability, strict liability,

concerning any defects, bugs or deficiencies or lack thereof of any nature in the licensed Subject Matter.

- B. Peraton shall not be liable to Licensee for special, indirect, incidental or consequential loss or damage including, without limitation, any punitive damages, lost profits, or lost business opportunity arising out of or in connection with the license granted under this or any business activity of Licensee. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.
- C. Reserved.

**Maintenance Services**

- A. Scope of Services: This SWMA provides the terms and conditions on which Peraton will provide to Licensee. Peraton will provide the Services solely with respect to the unmodified, baseline Software as originally delivered by Peraton and as updated by Upgrades. Software maintenance is comprised of software patches and fixes (to correct latent defects in licensed software) and software updates or incremental software releases (to provide minor improvements to licensed software). In some instances, software maintenance will also include major upgrades or new versions of licensed software. New features or improvements are not customer specific but changes that improve the overall product.
- B. Baseline Support Services: During the Maintenance Term, Peraton will provide the Baseline Support Services described below with respect to the unmodified, baseline Software as originally delivered by Peraton and as updated by Upgrades. Unless otherwise specified in the Order Form, Peraton will provide Baseline Support Services only with respect to the current Release plus two prior Releases of the Baseline Version of the Software.

**End of Life Dates**

<Insert Product Name>	Version Number
<b>Current Release</b>	
<b>First Prior Release</b>	
<b>Second Prior Release</b>	

Performance of the Baseline Support Services is expressly conditioned upon (i) reserved, and (ii) Licensee incorporating each Upgrade into the Software within one hundred eighty days after receiving the Upgrade from Peraton. The Baseline Support Services are as follows:

- 1) Peraton will correct any material deviation of the Baseline Version of the Software from its technical documentation (“Error”). If Licensee determines

during the Term the Baseline Version of the Software contains an Error, Licensee will inform Peraton in writing, in accordance with Peraton's reporting procedures, describing the alleged Error in sufficient detail to allow Peraton to recreate it. Peraton will respond by email or telephone after receiving the request, and will assist Licensee with respect to the Error. Peraton will correct any Error in the Baseline Version of the Software by either (at

Peraton's sole election) providing corrected program code to Licensee or by correcting the Error in the next subsequent Release or Version of the Baseline Version of the Software. If Peraton determines that a suspected Error is attributable to a cause other than a material deviation of the Baseline Version of the Software from its technical documentation, then Licensee will pay for Peraton's work.

- 2) Peraton will provide support for the Baseline Version of the Software to Licensee's Primary Contact and Alternate Contact listed in the order form during the Maintenance Term Period of Performance.
  - 3) Peraton will provide, at no charge to Licensee, any Upgrades to the Software that Peraton develops.
  - 4) Peraton may provide, at no charge to Licensee, upgrades to Third Party Software that are integrated within the baseline software.
  - 5) Peraton will provide and update technical documentation, release notes, and user manuals for the Baseline Version of the Software, as available.
  - 6) Peraton will inform Licensee of any free upgrades that are made available to any third party software products that Licensee obtained from Peraton. Licensee and Peraton will jointly determine whether implementation of any such upgrade is necessary. Peraton will provide Licensee with installation instructions for any upgrade that Licensee and Peraton mutually determine should be implemented. Licensee acknowledges that, the Baseline Support Services do not include any support of, upgrades to or other services relating to any third party products that Licensee obtained from Peraton.
- C. Out-of-Scope Services: The following Out-of-Scope Services are expressly excluded from the scope of the Baseline Support Services provided under this SWMA. If Peraton provides any Out-of-Scope Services at the request of Licensee, Licensee will pay Peraton for the Out-of-Scope Services in accordance with the GSA Schedule Pricelist, if applicable. Out-of-Scope Services include, without limitation:
- 1) Identification and correction of problems other than Errors in the Baseline Version of the Software. This includes but is not limited to (a) installing, integrating or testing Upgrades; (b) performing support necessary due to changes in Licensee's environment; (c) data communications problem solving; (d) developing, supporting or maintaining custom software or application programs (custom systems development, if any, will be governed by a separate agreement between Peraton and Licensee); (e) assisting with interface problems or any assistance with respect to third party software which is not part of the Baseline Version of the Software; (f) integrating Licensee specific functionality into Upgrades to the Baseline Version of the Software; (g) performing support or assisting with problems arising with or related to Licensee's legacy systems;
  - 2) On-site support including support for day-to-day operations and training Licensee personnel in the use of the Software;

- 3) Data entry and conversion including (a) providing assistance or guidance in documenting conversion procedures; (b) performing media or data conversion or conversion cleanup; (c) performing data entry of Licensee data, text or software;
  - 4) Support or maintenance generally attributable to network, system or database administration. This may include but not be limited to (a) performing backup or restoration of Licensee data; (b) tuning databases as required by production loads; (c) assisting with network and infrastructure related issues that negatively affect response times and that do not appear until significant production activity occurs on the system; (d) assisting with any problems arising with or related to Licensee's mainframe computer, underlying operating system or wide area network communications system.
- D. Support Package: The Baseline Support Services for all licensed Software will be covered by the Maintenance Term Period of Performance in the Order Form as defined below.
- 1) The Support Package includes all of the services set forth above in Section B, and additionally:
  - 2) Email, Live Chat, Web and/or Telephone Support. Peraton will provide Customer technical email, live chat, web and/or telephone support for the Software during the hours of 9:00 a.m. to 5:00 p.m. Eastern Time, Monday through Friday, excluding US Government holidays. Peraton's support technician shall only be obligated to respond to Customer's two designated contacts, which Customer may change from time to time by providing written notice to Peraton. Peraton shall use commercially reasonable efforts to respond to the request for support within four business hours of receiving the inquiry from Customer if received during the business hours noted above. If received out of these hours, Peraton will respond to the request for support on the next business day.
- E. Maintenance Support Request: Peraton maintains an incident tracking system to steward receipt of Maintenance Support requests and resolution of problems related to use of Software and to measure performance of Maintenance Support. Peraton will acknowledge all Maintenance Support requests via email or call according to the severity levels defined. Peraton will assign a tracking number and will provide such information to Customer in Peraton's acknowledgment. The Licensee (Technical and Alternate POCs) will provide all information and assistance needed by Peraton to recreate and resolve a problem. The Licensee will assign a severity level assessment to each service request based on the severity level criteria described below. If Peraton disagrees with the severity level assigned to a problem by the Licensee, the parties will mutually reassess the problem in good faith to agree on what severity level to assign a problem. Peraton will notify the Licensee when Peraton has completed resolution of a Maintenance Support request.
- 1) Severity Level 1. A problem has been identified that makes the continued use of one or more functions impossible (or severely restricted) on a critical system and prevents the Licensee from continued production or severely risks critical business operations. Problem may cause loss of data, restrict data availability, or cause

significant financial impact to the Licensee.

- 2) Severity Level 2. A problem has been identified that severely affects or restricts major functionality. The problem is time sensitive and important to long-term productivity but is not causing an immediate work stoppage. No workaround is available and operation can continue in a restricted fashion.
- 3) Severity Level 3. (i) A minor problem that does not have major effect on business operations; or (ii) A major problem for which a Licensee acceptable workaround exists.
- 4) Severity Level 4. A minor condition or documentation error that has no significant effect on the Licensee's operations or additional requests for new feature suggestions that are defined as new functionality in existing Software.

**Standard Level Maintenance Response Times & Resolution Efforts**

<b>Severity Level</b>	<b>Response Time</b>	<b>Resolution Effort</b>
<b>Severity Level 1</b>	Within four business hours of receipt of a service request on weekdays. Incident reports received during the weekends will be handled on Mondays.	Peraton to use best efforts (8 hours x 5 days a week) to verify, diagnose, replicate, and successfully fix the problem as quickly as possible. Incident reports received during the weekends will be handled on Mondays.
<b>Severity Level 2</b>	Within twenty-four hours of receipt of a service request of the day or time the service request is received, excluding weekends.	Peraton to use commercially reasonable efforts during Peraton's Business Day to verify, diagnose, replicate, and fix the problem as quickly as possible.
<b>Severity Level 3</b>	Within two business days of receipt of a service request.	Peraton will use commercially reasonable efforts to verify, diagnose, replicate, and fix the problem within ninety days or within the next release of the Software, whichever comes later.
<b>Severity Level 4</b>	Within five business days of receipt of a service request.	Peraton will notify the Licensee regarding Peraton's plans to correct a minor problem, to address requests for new features, or suggestions for upgraded Software.

**Maintenance Fees and Payment Terms**

- A. Licensee will pay the Baseline Annual Maintenance Price set forth in the Order Form in accordance with the GSA Schedule Pricelist. The Baseline Annual Maintenance Price for each Term is payable in full, and must be paid by Licensee at the time of purchase within thirty days of the invoice receipt date .
- B. If Licensee discontinues maintenance and then later elects to reinstate maintenance, Peraton may elect to reinstate maintenance retroactive to the time that maintenance last ended or was discontinued, at 100% of the then current Baseline Annual Maintenance Fee.
- C. Licensee will pay Peraton for any Out-of-Scope Services and any other services under this SWMA that are not within the scope of the Baseline Support Services. If Peraton's

personnel travel to Licensee's place of business to perform Services pursuant to this SWMA, Licensee will pay Peraton for the travel time and other out-of-pocket expenses of Peraton's personnel in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Licensee shall only be liable for such travel expenses as approved by Licensee and funded under the applicable ordering document.

#### Licensee Resources and Responsibilities

- A. Licensee will provide Peraton with log files, as requested, and with sufficient support and test time on Licensee's computer system to allow Peraton to duplicate any suspected Error, confirm the Error is in the Baseline Version of the Software, and determine that the Error has been corrected.
- B. Licensee will provide Peraton with thirty days' prior written notice of any modifications made by Licensee to the Software. Any technical support or maintenance attributable to such modifications will be deemed to be Out-of-Scope Services.

#### Term and Termination

- A. The term of this SWMA will commence on the effective date the maintenance set forth on the Order Form. The Maintenance Term Period of Performance is listed on the Order Form.
- B. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Peraton shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.
- C. If Licensee discontinues and then resumes any Services, Licensee will pay Peraton, in addition to the Maintenance Fee for the new Term commencing on the date the Services are resumed, the entire Maintenance Fee for the period Licensee was not receiving Services.
- D. If the License is terminated, this SWMA will automatically terminate without demand or notice on the effective date of the termination of the License.
- E. Reserved.

#### General

- A. For one year after delivery of an order, or after termination of an SOW, neither party shall solicit for hire as an employee, consultant or otherwise any of the other party's personnel who have had direct involvement with the Licenses or Services or proposal for the Licenses or Services specified in the Order Form or SOW, without the other party's express written consent. However, neither party will be precluded from hiring any employee of the other party who responds to any public notice or advertisement of an employment opportunity or who terminated his/her employment with the other party at least six months previously, provided that the hiring party did not solicit the termination. A party shall not be in breach of this Non-solicitation of Employees Section if those responsible for the solicitation, hiring or retention of the other party's personnel were not aware of these restrictions. However, personnel of either party working on a proposal or

order for any Licenses or Services under this Agreement shall be presumed to know of the restriction.

- B. Dates or times by which Peraton is required to make performance under this SWMA will be postponed automatically to the extent that Peraton is prevented from meeting them by causes beyond its reasonable control in accordance with FAR 52.212-4(f).

**Complete and Exclusive**

EACH PARTY ACKNOWLEDGES IT HAS READ, UNDERSTANDS, AND AGREES TO BE BOUND BY THE TERMS AND CONDITIONS OUTLINES IN THIS SWMA. THE PARTIES AGREE THIS SWMA, INCLUDING THE GSA SCHEDULE CONTRACT, ORDER FORM AND ANY WRITTEN MODIFICATIONS MADE PURSUANT TO IT CONSTITUTES THE COMPLETE AND EXCLUSIVE EXPRESSION OF THE TERMS OF THIS SWMA BETWEEN THE PARTIES, AND SUPERSEDE ALL PRIOR OR CONTEMPORANEOUS PROPOSALS, ORAL OR WRITTEN, UNDERSTANDINGS, REPRESENTATIONS, CONDITIONS, WARRANTIES, COVENANTS, AND ALL OTHER COMMUNICATIONS BETWEEN THE PARTIES RELATING TO THE SUBJECT MATTER OF THIS SWMA.

THE PARTIES FURTHER AGREE THIS SWMA MAY NOT IN ANY WAY BE EXPLAINED OR SUPPLEMENTED BY A PRIOR OR EXISTING COURSE OF DEALING BETWEEN THE PARTIES, BY ANY USAGE OF TRADE OR CUSTOM, OR BY ANY PRIOR PERFORMANCE BETWEEN THE PARTIES PURSUANT TO THIS SWMA OR OTHERWISE.

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Pivot3, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics,

quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this

Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## ATTACHMENT A – PIVOT3

## END USER LICENSE AGREEMENT

## PIVOT3

This License Agreement (the “Agreement”) is a legal agreement between you (“Ordering Activity” or “End User”) and Pivot3, Inc (“Pivot3”). This Agreement governs your use of the Pivot3 Software, the Pivot3 Management Application(s), and other related software distributed with this Agreement (the “Software”) and the accompanying end-user technical documentation and help files provided by Pivot3 with the Software (the “Documentation”). You must accept the terms of this Agreement before using such Software and Documentation.

If you do not agree to the terms of the Agreement, you are not granted any rights whatsoever in the Software or Documentation. If you are not willing to be bound by these terms and conditions, do not download or install the Software.

**LICENSE.**

**License Grant.** Subject to the terms and conditions of this Agreement, Pivot3 grants to End User a personal, limited, non-exclusive, non-transferable, non-sublicensable right and license to (a) reproduce (solely to download and install) and execute one (1) copy of the Software on a single server controlled by End User solely for End User’s internal business purposes and (b) make one (1) copy of the Software and Documentation solely for backup and/or archival purposes.

**Restrictions.** End User shall not, and shall not permit any third party to: (a) distribute, sell, lease, license, rent, loan, or otherwise transfer the Software or Documentation, with or without consideration;

(b) access or use the Software or Documentation except as expressly permitted above; (c) make available the Software via a timesharing, service bureau, or other arrangement; (d) reverse engineer, decompile, or disassemble the Software or otherwise attempt to derive the source code thereof; (e) modify, or create or develop derivative works based upon, the Software or Documentation, in whole or in part; (f) reproduce the Software or Documentation, except as expressly permitted in Section 1.1(b) above; (g) incorporate the Software into, or combine the Software with, other software not licensed under this Agreement; (h) remove, alter, or obscure any proprietary notices or labels on the Software or Documentation; (i) use the Software or Documentation in violation of any law or regulation; or (j) use the Software or Documentation for purposes of competitive analysis of the Software or the development of a competing software product or service.

**Third Party Software.** Certain items of software included with the Software are licensed from third parties and subject to the terms and conditions provided by such third parties (“Third Party Software”). The Third Party Software is not subject to the terms and conditions of Sections 1.1 and 1.2. Instead, each item of Third Party Software is licensed under the terms of the license that accompanies such Third Party Software. Nothing in this document limits your rights under, or grants you rights that supersede, the terms and conditions of any applicable license for the Third Party Software.

**Additional Software and/or Services.** Except as expressly provided herein, neither Pivot3 nor any of its licensors or suppliers is obligated to provide any maintenance or support services or updates or upgrades to the Software. In the event that Pivot3 does provide End User with updates or upgrades to the Software, the terms and conditions of this Agreement shall apply to End User’s use of any such updates or upgrades.

**PROPRIETARY RIGHTS.** The Software is licensed, not sold. Pivot3 and its licensors retain exclusive ownership of all worldwide copyrights, trade secrets, patents, and all other intellectual property rights throughout the world and all applications and registrations therefore, in and to the Software and Documentation and any full or partial copies thereof, including any additions or modifications thereto. End User acknowledges that, except for the limited license rights expressly provided in this Agreement, no right, title, or interest in the intellectual property in the Software or Documentation is provided to End User, and that End User does not obtain any rights, express or implied, in the Software or Documentation. All rights in and to the Software not expressly granted to End User in this Agreement are expressly reserved to Pivot3 and its licensors. The Pivot3 trademark and other trademarks and logos are the trademarks of Pivot3, its affiliates, and their respective licensors. This Agreement does not permit End User to use any such trademarks.

**RESERVED.****WARRANTY.**

**Performance Warranty.** For a period of ninety (90) days after delivery of the Software to End User (the “Software Warranty Period”), Pivot3 warrants that the Software, when used as permitted under this Agreement and in accordance with the instructions in the Documentation (including use on a computer hardware and operating system supported by Pivot3), will operate substantially as described in the Documentation. Pivot3 does not warrant that End User’s use of the Software will be error-free or uninterrupted. Pivot3 will, at its own expense and as its sole obligation and End User’s exclusive remedy for any breach of this warranty, use commercially reasonable efforts to correct any reproducible error in the Software reported to Pivot3 by End User in writing during the Software Warranty Period or, if Pivot3 determines that it is unable to correct the error, Pivot3 will refund to End User all Fees paid for such nonconforming Software, in which case this Agreement and End User’s right to use such Software will terminate.

**Disclaimer.** THE EXPRESS WARRANTIES IN SECTION 4.1 ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, OR STATUTORY, REGARDING THE SOFTWARE OR DOCUMENTATION, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE, QUIET ENJOYMENT, QUIET POSSESSION, OR FITNESS FOR A PARTICULAR PURPOSE. EXCEPT FOR THE EXPRESS WARRANTIES STATED IN SECTION 4.1, THE SOFTWARE IS PROVIDED “AS-IS” AND WITH ALL FAULTS, AND THE ENTIRE RISK AS TO

SATISFACTORY QUALITY, RELIABILITY, AVAILABILITY, ACCURACY, AND EFFORT IS WITH END USER. END USER ACKNOWLEDGES AND AGREES THAT END USER HAS NOT RELIED ON ANY ORAL OR WRITTEN INFORMATION OR ADVICE, WHETHER GIVEN BY PIVOT3, ITS SUPPLIERS, LICENSORS, AGENTS, OR EMPLOYEES.

**RESERVED.**

**CONFIDENTIAL INFORMATION.** The Software and Documentation and the structure, organization, and source code of the Software, including but not limited to the shell scripts of the Software, are confidential and proprietary information (“Confidential Information”) of Pivot3 and/or its licensors. End User agrees to (a) safeguard such Confidential Information with the same degree of care that End User uses to safeguard its own confidential and proprietary information of a similar nature, but with no less than reasonable care; (b) not disclose or make available such Confidential Information to anyone except End User’s employees having a need to know for purposes related to this Agreement and only insofar as such persons are bound by nondisclosure agreements consistent with these non-disclosure terms; and (c) not use the Confidential Information except to exercise the license rights expressly granted in this Agreement.

**TERM AND TERMINATION.** This Agreement will remain in effect until terminated. End User may terminate this Agreement by removing the Software from End User’s computers, ceasing all use thereof, and destroying all copies of the Software and Documentation and certifying to Pivot3 that it has done so.

**EXPORT CONTROLS.** End User acknowledges and agrees that the Software and Documentation which is the subject of this Agreement may be controlled for export purposes. End User agrees to comply with all United States export laws and regulations including, but not limited to, the United States Export Administration Regulations, International Traffic in Arms Regulations, directives and regulations of the Office of Foreign Asset Control, treaties, Executive Orders, laws, statutes, amendments, and supplement thereto. End User assumes sole responsibility for any required export approval and/or licenses and all related costs and for the violation of any United States export law or regulation.

**U.S. GOVERNMENT END USERS.** The Software is a “commercial item” as that term is defined at 48 C.F.R. 2.101 (OCT 1995), consisting of “commercial computer software” and “commercial computer software documentation” as such terms are used in 48 C.F.R. 12.212 (SEPT 1995). Consistent with 48 C.F.R. 212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (JUNE 1995), all U.S. Government End Users acquire the Software with only those rights set forth herein.

**MISCELLANEOUS.** This Agreement, together with the underlying GSA Schedule Contract, Schedule pricelist and applicable purchase orders, is the complete and exclusive agreement between the parties relating to the Software and Documentation, and supersedes all prior or contemporaneous proposals, representations, understandings, or agreements relating thereto, whether oral or written. Software shall be deemed irrevocably accepted by End User upon installation. All waivers must be in writing and signed by both parties. The waiver of a breach of any term hereof will in no way be construed as a waiver of any other term or breach hereof. The headings in this Agreement do not affect its interpretation. This Agreement shall be interpreted without giving effect to any presumptions against the drafting party. Neither party may assign or transfer any of its rights or obligations under this Agreement to a third party without the prior written consent of the other party. If any provision of this Agreement is held by a court of competent jurisdiction to be unenforceable, the remaining provisions of this Agreement will remain in full force and effect. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement. Should you have any question about this Agreement, or if you desire to contact Pivot3, please contact us by mail at Pivot3, Inc, 221 West 6<sup>th</sup> St., Suite 750; Austin, TX 78701.

**PROCORE TECHNOLOGIES, INC.**  
**6309 CARPINTERIA AVE.**  
**CARPINTERIA, CA 93101**

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

**Scope.** This Rider and the attached **Procore Technologies, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

**Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**PROCORE TECHNOLOGIES  
PROCORE TECHNOLOGIES LICENSE, WARRANTY AND SUPPORT TERMS**

## PROCORE Subscription TERMS

Background. Procure has developed certain construction project management Software (defined below), to which it provides access as part of its Services (defined below). Ordering Activity wishes to enter into this Agreement for a subscription to the Services identified on an Ordering Document. Procure desires to make those Services available to Ordering Activity subject to the terms of this Agreement.

Definitions. The capitalized terms listed below have the following meanings:

"Agreement" means, collectively, the terms of the Ordering Document, the underlying GSA Schedule Contract, the Schedule pricelist, and these terms.

"Authorized User" means any individual who is authorized by virtue of such individual's relationship to, or permissions from, Ordering Activity, to access and use the Services pursuant to Ordering Activity's rights under this Agreement.

"Construction Volume" means the aggregate dollar value of the construction work performed, planned, or put in place by Ordering Activity for all Ordering Activity Projects during a given time period, most often a one-year period.

"Ordering Activity Content" means any content created by or on behalf of Ordering Activity or an Authorized User in connection with the Services and Ordering Activity Projects.

"Ordering Activity Data" means the data provided by Ordering Activity to Procure regarding Authorized Users, including personally identifiable information.

"Ordering Activity Project" means each distinct construction project constrained by a specific scope, budget, and schedule, as specified in a construction project agreement. The Project lifecycle phases for typical construction projects may include initiation, planning, design, demolition, construction, commissioning, and closeout. Procure considers projects in the construction phase to be subject to restriction in number by "project caps" within an Ordering Document that specify how many simultaneous projects may be managed under the terms of a Procure subscription. The construction phase is considered to commence with the bid and award process, and is considered to be complete upon the project owner's written acknowledgement of substantial completion, or the award of a certificate of occupancy from the local regulatory or governmental authority responsible for determining substantial completion.

"Documentation" means the online screen-share demonstration materials, marketing collateral, and other materials in written or electronic form provided to Ordering Activity by Procure in connection with Ordering Activity's subscription to the Services.

"Enhancements" means the following: minor modifications, revisions, and corresponding Documentation with respect to the Services, including the addition of enhancements or improved performance made available by Procure to the Services; however, Enhancements do not include the addition of New Features not originally included as part of the Services described on a particular Ordering Document.

"Maintenance Modifications" means bug fixes, patches, modifications, or revisions to the Services that correct errors therein; however Maintenance Modifications do not include New Features not originally included as part of the Services described on a particular Ordering Document.

"New Features" means those significant technological or service features and/or tools that Procure develops over time, which are offered to Ordering Activities as additional features for a fee and are distinct from included Enhancements and Maintenance Modifications.

"Ordering Document" means the order form document issued by Ordering Activity.

"Services" means Procure's distinct services purchased by Ordering Activity as specified on the Ordering Document.

"Site" means app.procure.com and all associated Procure mobile applications.

"Software" means Procure's software programs and any associated user interfaces and related technology that Procure uses to provide the Services, and that Procure makes available pursuant to this Agreement, including any Enhancements and Maintenance Modifications thereto.

"Subscription Fee" means the agreed-upon subscription fee for the Services as stated on the Ordering Document.

Provision of Service/Responsibilities.

Subscription Rights and Access. Procure grants Ordering Activity the nonexclusive limited-time subscription and right to use the Services in accordance with this Agreement. Further, Procure agrees that Ordering Activity may access and use, and permit each Authorized User to access and use, the Services for its intended purpose, in accordance with the specifications set forth in any Documentation and subject to the terms of this Agreement and the limits on Construction Volume, Projects, and/or other use restrictions specified on each Ordering Document. Procure shall provide to Ordering Activity the necessary passwords, security protocols and policies, and network links or connections to allow Ordering Activity and its Authorized Users to access the Services. Procure shall provide the Ordering Activity and Authorized Users with (a) support for the Services as outlined in Exhibit A, and (b) access to Enhancements and Maintenance Modifications as they become available. Ordering Activity and its Authorized Users are solely responsible for ensuring that they have sufficient and compatible hardware, software, telecommunications equipment, and Internet service necessary for the use of the Site and Services. All other rights not expressly granted in this agreement are reserved by Procure.

Site Updates. Procure may change, modify, upgrade, or discontinue any aspect or feature of the Site in whole or in part. Such changes, upgrades, modifications, additions, or deletions will be effective immediately upon notice thereof, which may be made by posting such changes to the Site. In the event Procure modifies or discontinues any content or feature of the Site which results in reduction of functionality or degradation of the Site, Procure shall provide comparable functionality.

Limitations. Ordering Activity shall not, and shall not authorize or permit any Authorized User to (a) rent, loan, or re-license rights to access and/or use the Services or Software (except as specifically provided herein); (b) copy, modify, disassemble, decompile, or reverse engineer software included as part of the Services; (c) share identification or password codes with persons other than Authorized Users, or permit Ordering Activity's account to be accessed by individuals who are not Authorized Users; (d) access, use, or permit a third party to access or use the Services or Software for purposes of competitive analysis, including the development, provision, or use of a competing software or service or for any other purpose that may be to Procure's detriment or commercial disadvantage; or (e) use the Services in any way not expressly provided for in this Agreement. Ordering Activity shall be responsible for all activities that occur under Ordering Activity's account and for all actions of Ordering Activity or its Authorized Users and both Ordering Activity and Authorized Users shall use the Services in accordance with this Agreement. Ordering Activity shall notify Procure of any unauthorized use of Ordering Activity's passwords or account, or any other breach of security that is known or suspected by Ordering Activity. Ordering Activity and its Authorized Users shall abide by all applicable local, state, and national laws and regulations in connection with their use of the Services. Ordering Activity shall be responsible for any breach of this Agreement by its Authorized Users and agrees to enter into agreements with its Authorized Users that contain terms that impose no less restrictions in all material respects than those imposed on Ordering Activity herein, including, but not limited to, the provisions regarding the use of the Services and protection of Procure's intellectual property.

Ordering Activity Content. Procure will process Ordering Activity Content as instructed by Ordering Activity in order to perform the Services. The Parties acknowledge and agree that the Ordering Activity is at all times the data controller and Procure is a data processor. Ordering Activity represents and warrants that it has all necessary rights in the Ordering Activity Content to grant Procure the right to use, and Ordering Activity hereby grants Procure a non-exclusive, worldwide, royalty-free and fully paid license to use, the Ordering Activity Content as necessary for Procure to provide the Services. All rights in and to the Ordering Activity Content not expressly granted to Procure in this Agreement are reserved by Ordering Activity. Ordering Activity represents and warrants that any Ordering Activity Content hosted by Procure as part of the Services will not (a) infringe or violate the rights of any third party; (b) be deceptive, defamatory, obscene, or unlawful; or (c) contain any viruses, worms, or other malicious computer programming codes intended to

damage Procore's system or data. Ordering Activity acknowledges that any use of the Services by Ordering Activity or Authorized Users contrary to or in violation of the representations and warranties of Ordering Activity in this section constitutes unauthorized and improper use of the Services. Ordering Activity shall have the sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of all Ordering Activity Content. The Parties acknowledge that Procore does not and cannot review all Ordering Activity Content and will not be responsible for such content.

**Ordering Activity Data.** Procore will process Ordering Activity Data as instructed by Ordering Activity in order to perform the Services. The Parties acknowledge and agree that the Ordering Activity is at all times the data controller and Procore is a data processor. Ordering Activity represents and warrants that Ordering Activity shall only provide to Procore the minimum amount of personally identifiable information for each Authorized User to enable the Authorized User to enjoy the benefit of this Agreement. Ordering Activity represents and warrants that Ordering Activity is entitled to transfer relevant Ordering Activity Data to Procore so that Procore may lawfully use, process, and transfer the Ordering Activity Data in accordance with this Agreement on Ordering Activity's behalf and Ordering Activity shall ensure the same; Ordering Activity shall ensure that the relevant third parties, including data subjects, have been informed of, and have given their consent to, such use, processing, and transfer as required by all applicable data protection legislation. Ordering Activity acknowledges that Procore is reliant on Ordering Activity for direction as to the extent to which Procore is entitled to use and process the Ordering Activity Data. Procore shall process the Ordering Activity Data only in accordance with the terms of this Agreement and any written instructions given by Ordering Activity. Ordering Activity acknowledges and agrees that the Ordering Activity Data may be transferred or stored in the United States of America in order to carry out the Services and Procore's other obligations under this Agreement. Ordering Activity acknowledges and agrees that the Ordering Activity Data may be shared with third parties only as necessary to provide the Services. Procore will not be liable for any claim brought by an Authorized User arising from any action or omission by Procore, to the extent that such action or omission resulted from Ordering Activity's instructions.

**Ordering Activity Acknowledgement.** As of the effective date listed on the Ordering Document, Ordering Activity acknowledges and agrees that an authorized representative of Ordering Activity has evaluated the features and functionality of the Services in a means satisfactory to Ordering Activity and accepts that the Services have been demonstrably shown to have all of the features and functionality that have been represented to Ordering Activity. Ordering Activity agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features, nor dependent on any oral or written public comments made by Procore regarding future functionality or features.

**Non-Procore Applications.** Procore or third parties may make available third-party products or services ("Non-Procore Applications"). Any use by Ordering Activity and any exchange of data between Ordering Activity and the provider of Non-Procore Applications is solely between Ordering Activity and the applicable provider. Procore does not warrant or support Non-Procore Applications or other non-Procore products or services. If Ordering Activity installs or enables a Non-Procore Application for use with the Services, Ordering Activity hereby grants Procore permission to allow the provider of that Non-Procore Application to access Ordering Activity's data and content as required for the interoperation of that Non-Procore Application with the Services. Procore is not responsible for any disclosure, modification, or deletion of any of Ordering Activity's data or content resulting from access by a Non-Procore Application. The Services may contain features designed to interoperate with Non-Procore Applications. To use such features, Ordering Activity may be required to obtain access to Non-Procore Applications from their providers, and may be required to grant Procore access to Ordering Activity's account(s) on the Non-Procore Applications.

#### Proprietary Rights.

Procore will retain all worldwide rights in the intellectual property in and on the Site, the look and feel of the Site, and all copyrights in and to its content. The Site is copyrighted, trademarked, or otherwise protected, and owned or licensed by Procore. Nothing in this Agreement grants Ordering Activity or any Authorized User an express or implied right to use any Procore intellectual property except as set forth in section 3.1 above. All proprietary rights in the Services, including the Software as well as any aggregate usage statistics, traffic patterns, and other non-personally identifiable data collected by Procore in connection with use of the Services, will be the sole and exclusive property of Procore. Procore retains the royalty-free right to use any suggestions, ideas, feedback, or other recommendations provided by Ordering Activity or Authorized Users relating to the Services. Ordering Activity hereby grants Procore the right to contact Ordering Activity and Authorized Users in connection with their use of the Services unless otherwise stated on the Ordering Document.

#### Warranties and Liability.

**Limited Warranty.** Each Party warrants that it has all necessary authority to enter into and perform its obligations under this Agreement. Procore represents and warrants that (1) the Services will perform in accordance with the Documentation under normal circumstances, and (2) the Services provided hereunder will be performed in a professional manner in accordance with prevailing industry Standards. Provided that Ordering Activity notifies Procore of any breach of the foregoing warranty during the Term, Procore shall, as Ordering Activity's sole and exclusive remedy, provide the support services set forth in Exhibit A to this Agreement. The Services may contain links to sites on the Internet that are owned and operated by third parties. Ordering Activity acknowledges and agrees that Procore is not responsible for the availability of, or the content located on or through, any such external site.

**Disclaimer.** Except as specifically provided in this Agreement, Procore disclaims all other warranties and conditions, express or implied. Procore expressly disclaims any implied warranties, including the warranties of merchantability, fitness for a particular purpose, title and non-infringement. Procore does not warrant that the operation of the Services will be uninterrupted or error-free.

7.3 Reserved.

EXHIBIT A  
SUPPORT AND MAINTENANCE

**Service-Level Agreement.**

Procore has a service-level objective for the Services of 99.9% availability, 24 hours a day, 7 days a week, 365 days a year. Downtime does not include (i) problems caused by factors outside of Procore's reasonable control, and (ii) unavailability of the Services during scheduled maintenance. Scheduled maintenance is communicated to users through "in app" notifications, with a minimum of a 24 hour notice of the scheduled maintenance.

During the Term of this Agreement, the Services will be operational and available to Ordering Activity at least 99.9% of the time in any calendar month (the "Procore SLA"). If Procore does not meet the Procore SLA, and if Ordering Activity meets its obligations under this Procore SLA, Ordering Activity will be eligible to receive the Service Credits described below. This Procore SLA states Ordering Activity's sole and exclusive remedy for any failure by Procore to provide the Service.

**Definitions.** The following definitions shall apply to the Procore SLA.

"Downtime" means the inability to utilize the Services in the normal course of business due to a failure within the Service and not resulting from (i) factors outside of Procore's reasonable control, (ii) Ordering Activity's systems or equipment, or (iii) third party products, services or equipment not supplied by Procore.

"Downtime Period" means a period of ten consecutive minutes of Downtime. Intermittent Downtime for a period of less than ten minutes will not be counted towards any Downtime Periods.

"Monthly Uptime Percentage" means total number of minutes in a calendar month minus the number of minutes of Downtime suffered from all Downtime Periods in a calendar month, divided by the total number of minutes in a calendar month.

"Scheduled Downtime" means those times where Procore notifies Ordering Activity of periods of Downtime at least twenty-four hours prior to the commencement of such Downtime. There will be no more than six hours of Scheduled Downtime per calendar month. Scheduled Downtime is not considered Downtime for purposes of this Procore SLA, and will not be counted towards any Downtime Periods.

Monthly Uptime Percentage	Days of Service
< 99.9% - ≥ 99.0%	3
< 99.0% - ≥ 95.0%	7
< 95.0%	15

**Service Credits.** Service Credit shall be applied against the Service cost. If service is discontinued for any reason, the Service Credit shall be in the form of a rebate at the end of service. Service Credit shall be computed by dividing the number of Days of Service credited by the number 365 and multiplied by the Annual Service GSA Fee set forth in the applicable Ordering Document. In order to receive any of the Service Credits described above, Ordering Activity must notify Procore, within thirty days from the end of the month during which Ordering Activity becomes eligible to receive a Service Credit. Failure to comply with this requirement will forfeit Ordering Activity's right to receive a Service Credit.

**Maximum Service Credit.** The aggregate maximum number of Service Credits to be issued to Ordering Activity for any and all Downtime Periods that occur in a month shall not exceed fifteen days of Service Credit.

**Support.**

During the Term, Ordering Activity and Authorized Users will have access to technical support via telephone, online chat, email, or self-paced online tutorials. Support hours will be 5:00 a.m. to 10:00 p.m. Pacific Time ("PT") Monday through Friday, and 10:00 a.m. to 6:00 p.m. PT Saturday and Sunday, excluding holidays. Support does not include training sessions on the features and functionality of the Services (implementation) or training in computer skills considered prerequisite to an individual's ability to use personal computers, the Internet/World Wide Web, and online software.

Upon Procore's receipt of a support request, Procore will use commercially reasonable efforts to answer questions and provide standard error corrections to known problems. In the event of any problems or errors involving the Services that Procore cannot immediately resolve, Procore will begin working on a resolution to the problem and will work diligently and in a commercially reasonable manner on the problem until it is resolved.

**Data Backup and Return.**

During the Term, Procore shall make commercially reasonable efforts to protect the security of Ordering Activity's data, and shall complete daily data backups of Ordering Activity's data to an archive format that will be kept physically separate from the Procore database and web server hardware. The Services do not replace the need for Ordering Activity to maintain regular data backups or redundant data archives.

Procore contracts with a third-party data center provider to provide essential technology services such as network connectivity to the Internet for the servers running the Services. Personnel access to the data center used by Procore for these Services is restricted, and all entrances and common areas are monitored 24x7 via closed-circuit cameras. Public access to the data center is forbidden. Fire-suppression systems are located in the data center, and power systems in the data center are designed to run uninterrupted even in the event of a total power outage. All servers are supplied with Uninterruptible Power Supply ("UPS") power sources that will continue to run if utility power fails. The UPS power subsystem is fully redundant, with instantaneous fail over in case the primary UPS fails. In the event of an extended power outage, onsite diesel generators can run indefinitely. Generators are regularly tested to ensure functionality in the event of an emergency.

All Ordering Activity Content is the property of the Ordering Activity. Upon restriction, suspension or termination of an Ordering Activity account, Procore will allow Ordering Activity, at no additional cost, to export all of Ordering Activity Content as well any additional data that may be readily exported from the Services to a standard electronic file format. At Procore's sole discretion, an Ordering Activity's area within the Services may be kept active as long as the Ordering Activity is provided with "read-only" access. Ordering Activity shall accept this access as a full substitute for a complete file export of Ordering Activity's project data.

**Maintenance.**

4.1 **Unplanned Outages.** If a system failure should occur that creates an outage of the Services, Procore will utilize all reasonable means to end the outage as soon as possible. Outages due to the Internet, hosting providers, and/or Ordering Activity or Authorized User systems are outside Procore's control and, in such event, Procore will assist the Ordering Activity or Authorized User in the diagnosis but may not be able to resolve the problem.

4.2 **Preventative Maintenance.** From time to time, Procore or its hosting providers will perform preventative maintenance, such as updating servers and routers with security patches, and software upgrades. Procore will provide notice prior to any interruption in the Services and will keep any resulting downtime reasonable. Procore will use all reasonable efforts to perform such maintenance at hours convenient for the Ordering Activity and Authorized Users.

PROLION INC.  
666 3<sup>RD</sup> AVENUE, FLOOR 10  
NEW YORK, NY 10017

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached ProLion Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
  - h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
  - i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

- j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.
- q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## END-USER LICENSE AGREEMENT

This Software License and Maintenance Agreement (“Agreement”) is a legal agreement between you, the Licensee (Ordering Activity under GSA Schedule Contracts, hereinafter referred to as “you” or “Customer”) and the GSA Schedule Contractor acting by and through its supplier, ProLion GmbH, Maierhöfen 8/3 2813 Lichtenegg, Austria, as the Licensor (“ProLion”). Please read this Agreement carefully prior to installing or using the Software. By executing a purchase order under the GSA Schedule Contract that incorporates this Agreement, you are agreeing to be bound by the terms of this Agreement and that this Agreement is enforceable like any written agreement negotiated and signed by you.

IF YOU DO NOT AGREE WITH THE TERMS OF THIS AGREEMENT (a) you may not use the Software and you must terminate the installation of the Software, and (b) you must promptly return to ProLion the uninstalled software copy and all accompanying items together with proof of payment. If you return all items within fifteen (15) days of your receipt of the Software, ProLion will refund in full any license fees and unused maintenance fees paid for the software.

### 1. OBJECT AND SCOPE OF THE LICENSE

1.1. The term “Software” as used in this Agreement includes a) the computer software copy contained in the package or file(s) to which this Agreement is annexed, b) the associated media, c) any related printed or electronic documentation and materials provided by ProLion, d) any replacements, updates, patches, additions, or enhancements thereof or thereto that may be provided by ProLion, and e) any backup copy of any of the foregoing made in compliance with this Agreement.

1.2. Subject to the terms and conditions of this Agreement, ProLion hereby grants you a non-exclusive, non-transferable, non-sublicensable right and license (“License”) to use the Software within the Territory in accordance with the term, licensing configuration and use specified in the applicable purchase document. The term “Territory” as used in this Agreement means, the geographic area for which the Software has been authorized for use by ProLion, and for which the applicable fees have been paid. The Software License granted herein is conditional on timely payment in full of all applicable invoices and charges. If the Software is an upgrade of a previous version of the product, you may use that upgraded Software only in accordance with this Agreement and you must discontinue the use of the previous version.

1.3. If the Software was provided to you on a no-charge basis (a “Trial Version”), then the Software may be used solely for evaluation purposes for the period specified by ProLion at the time of delivery, and if no such period has been specified, then for a period of fourteen (14) days (the “Trial Period”). Trial Version Software may not be used for any development, commercial, or production purpose. If at the end of the Trial Period you do not purchase a license for a Full-Use Version of the Software, you must discontinue all use of the Software and destroy any and all copies of the Software and all of its component parts. The terms and conditions of the license for a 1.4. This Agreement shall also apply to any maintenance, support, training, implementation, consulting or other professional services (collectively, “Customer Support”) that may be provided to Customer by ProLion in accordance with the terms of the separate Customer Support Guide. All Customer Support is provided subject to the limitations on warranties, remedies and liability set forth in this Agreement.

1.5. You will comply with applicable law and ProLion’s instructions regarding the use of the Software. You agree to ensure that your employees and agents who may have access to the Software of the restrictions contained in this Agreement comply with these restrictions at all times.

1.6. The scope and the term of the Software and Customer Support is specified in the respective purchase agreement. ProLion reserves the right to adjust the Software and Customer Support at any time if, in ProLion’s discretion such adjustments are necessary to i) improve security, ii) satisfy legal standards, or iii) do not materially restrict your authorized use of the Software.

1.7. In case the Software contains components by ProLion’s third party suppliers (“Supplier” or “Suppliers”), you herewith agree to such Suppliers’ terms of use. Unless otherwise agreed in writing, you will only use Supplier components as integrated in the Software.

1.8. It is your responsibility to ensure the proper processing of the data and to satisfy all and any requirements with respect to the use, storage and archiving of the data in accordance with applicable laws and regulations

### 2. TRANSFER TO THIRD PARTIES, BACKUPS

2.1. Except for backup or archival copies as provided in Section 2.5. herein, no copies shall be made of the Software, and the Software shall not be transferred to or installed on a computer other than as specified in accordance with the applicable licensing configuration. Furthermore, you may not transfer, sell, assign or otherwise convey the Software to any third party, without ProLion’s prior written consent.

2.2. Software provided by ProLion may require a serialized key for operation (“Serialized Version”). The license for Serialized Version Software is restricted to the specific computer(s), node(s) and/or configurations as specified by ProLion in connection with such key.

2.3. ProLion may provide versions of the Software which do not require a serialized key for operation (“Unserialized Version”). You may install such Unserialized Version Software on any computer within your organization and copy the Unserialized Version Software for the sole purpose of such installation, provided that each and every such installation and copy shall remain subject to all terms and conditions of this Agreement. Unserialized Version Software may only be used by you for testing and development purposes and may be functionally limited to prevent any other use.

2.4. If the applicable Software licensing configuration has been authorized by ProLion for your use with an installation of a cluster-based environment (“Licensed Framework”), this Agreement shall apply to every instance of the Software automatically distributed by the Licensed Framework. You agree that you will not use any RPM or other installation package for the Software provided in connection with installation of the Licensed Framework for installing or operating the Software outside of the Licensed Framework.

2.5. You may make backups and archival copies of the Software (other than Trial Version Software per Section 1.3. hereof or Unserialized Version Software as per Section 2.3. hereof) as required by applicable government regulations or a commercially reasonable archival backup policy, provided that such backups or archival copies are not installed or used on any computer and further provided that all such copies shall bear the original and unmodified copyright, patent and/or other intellectual property markings that appear on the Software.

2.6. You may request permission from ProLion for a transfer of the Software or this Agreement not provided for herein, and such permission shall not be unreasonably withheld, subject to payment of any applicable additional fees. If such permission is granted by ProLion, you may transfer the Software License to: (a) a replacement computer or (b) a transferee of the originally licensed computer, provided that the transferee agrees to and accepts in writing all the terms of this Agreement and that you do not keep any part or copy of the Software as defined in Section 1.1. of this Agreement. You may not under any circumstances effect any transfer authorized under this Section 2.6. or any other provision of this Agreement by means of communication over the Internet or any other public network (other than an initial authorized download of the Software from ProLion).

2.7. If you grant a security interest in the programs and/or any resulting Customer Support, the secured party has no right to use or transfer the programs and/or any work resulting from Customer Support.

### 3. PERMITTED USE AND RESTRICTIONS

3.1. You may use the Software solely as authorized and provided by ProLion for your internal data processing operations. Without limiting your obligations under any other provision herein, or under any applicable law, you further agree to the following additional restrictions on use:

3.2. You will not conceal or remove any markings or notices such as product identification, copyright or any other proprietary restrictions contained in or on the Software.

3.3. You will not make the Software available for commercial timesharing, rental, or any service provider use without ProLion’s prior written consent.

3.4. You will not modify the Software, incorporate it into or with other software, or translate or create any derivative works of any part of the Software or based thereon.

3.5. You will not disclose any information related to the Software (other than information in the public domain not as a result of any act or omission on your part), including, but not limited to diagnostic tests, screen images, printed output, results of any performance or benchmark tests, scripting languages or program interfaces defined by ProLion in connection with the Software, (including, without limitation, Customer-created scripts or routines incorporating or reflecting any portions or elements of such languages or interfaces) to anyone other than the employees and agents specified above, without ProLion’s prior written consent.

3.6. You will not use the Software in any way to develop or market a competing product.

3.7. You will not make any attempt to bypass or disable product serialization, keying, or time limit mechanisms or otherwise circumvent any access controls incorporated in the Software.

3.8. You will not transfer or use the Software outside of the Territory without ProLion’s prior written consent and without paying any applicable additional fees. You agree that, in the event that ProLion consents to such transfer, you will fully comply with all applicable laws and regulations to assure that neither the Software nor any direct product thereof is exported, directly or indirectly, in violation of any laws or regulations.

3.9. You will not reverse engineer, decompile, disassemble or otherwise attempt to discover the source code, underlying ideas, underlying user interface techniques or algorithms of the Software by any means whatsoever, directly or indirectly, or disclose any of the foregoing, except to the limited extent you may be expressly permitted to decompile under applicable law in the European Union, if a) it is essential to do so in order to achieve operability of the Software with another software program, b) you have first requested the information necessary to achieve such operability from ProLion, and c) ProLion has not made such information available. ProLion has the right to impose reasonable conditions and to request a reasonable fee before providing such information. Any information supplied by ProLion or obtained by you, as permitted hereunder, may only be used by you for the purpose described herein and may not be disclosed to any third party or used to create any software which is substantially similar to the Software.

3.10. You will take all reasonably necessary precautions to safeguard the Software from any unauthorized disclosure or use by any person.

3.11. You may make the Software and related information available to your employees and agents who require such access and information in order for you to exercise the rights granted to you hereunder, provided that you require

such employees and agents to fully safeguard the Software and information from unauthorized use and disclosure as provided herein. You may not permit or assist any employee, agent, contractor or other person to do anything that is prohibited under this Agreement.

#### 4. INTELLECTUAL PROPERTY

4.1. You acknowledge that the Software and any copies that you are authorized by ProLion to make are the intellectual property of and are owned by ProLion and its Suppliers. You acquire only the right to use the Software and you do not acquire any rights, express or implied, in the Software or media containing the Software other than those specified in this Agreement.

4.2. ProLion and its Suppliers shall retain all rights, title, and interest, including intellectual property rights, in the Software and its media at all times. You agree not to challenge the validity of ProLion's or its suppliers' copyright or trademark rights in and to the Software. All rights in the Software not expressly licensed to Customer herein are reserved to ProLion.

4.3. The structure, organization and code of the Software are the valuable trade secrets and confidential information of ProLion and its Suppliers. You acknowledge that ProLion retains the ownership of all patents, copyrights, trade secrets, trademarks and other intellectual property rights pertaining to the Software, and that ProLion's ownership rights extend to any images, photographs, animations, videos, audio, music, text, and "applets" incorporated into the Software and all accompanying printed materials. You will take no actions which adversely affect ProLion's intellectual property rights in the Software.

4.4. Trademarks shall be used in accordance with accepted practice, including identification of trademark owners' names, and such use of any trademark does not give you any rights in connection with the trademarks.

#### 5. LIMITED WARRANTY AND LIMITATION OF LIABILITY

5.1. ProLion warrants that for 90 days from date of delivery to you: (a) enclosed media (if any) is free of defects in materials and workmanship under normal use; and (b) unmodified Software will substantially perform the functions described in documentation provided by ProLion when operated on the designated licensed configuration in accordance with this Agreement. ProLion and its suppliers do not warrant that: (i) the Software will meet your requirements, (ii) the Software will operate in combinations you may select for use,

(iii) operation of the Software will be uninterrupted or error-free, or (iv) all Software errors will be corrected. Furthermore, the warranty only covers malfunctions that are reproducible and verifiable and does not extend to third party software or other items not provided by ProLion. §924 ABGB (Austrian Civil Code) shall not apply. Therefore, you bear the burden of proof of any covered defects. Abuse, misuse, unskilled operation, transport damage, modifications or unauthorized use or installation, as determined by ProLion, shall void any warranty hereunder. ProLion further warrants that its Customer Support will be performed in a professional and workmanlike manner. If you report an error in the Software within the 90-day period, ProLion shall, at its option, correct the error, provide you with a reasonable procedure to circumvent the error, or, upon return of the Software to ProLion, refund the Software License fees and Maintenance fees if applicable. ProLion will replace any defective media without charge if it is returned to ProLion within the 90-day period. THESE WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ANY AND ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Some jurisdictions restrict limitations on how long an implied warranty, guarantee or condition lasts and may grant you additional rights. To the extent that any such restrictions are applicable, the limitations of this Agreement affected by those restrictions (including, without limitation, the duration of express or implied warranties) shall not apply to you. To the extent applicable law requires a minimum warranty period of greater than 90 days, then such minimum period shall be controlling herein in lieu of the 90-day period stated above. You further acknowledge your understanding that if the Software is a Trial Version or an Unserialized Version, ProLion does not make any commitment to you to provide any support, and notwithstanding the foregoing provisions of this paragraph, such Software is provided "AS IS."

5.2. ProLion reserves the right to cease support of the Software and to alter prices, features, specifications, capabilities, functions, licensing terms, release dates, general availability, or other characteristics of the Software.

5.3. THE SOFTWARE IS NOT INTENDED FOR USE IN OR IN CONNECTION WITH THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION, COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL EQUIPMENT, MEDICAL DEVICES OR LIFE SUPPORT SYSTEMS, MEDICAL OR HEALTH CARE APPLICATIONS, OR OTHER APPLICATIONS WHERE THE FAILURE OF THE SOFTWARE OR ERRORS IN DATA PROCESSING COULD LEAD TO DEATH, PERSONAL INJURY OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE. PROLION DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR SUCH USES AND SHALL NOT BE LIABLE FOR ANY COSTS, LIABILITIES OR DAMAGES RESULTING FROM THE USE OF THE SOFTWARE IN SUCH AN ENVIRONMENT. CUSTOMER AGREES AND REPRESENTS THAT IT WILL NOT USE OR PERMIT OTHERS TO USE THE HARDWARE OR SOFTWARE FOR SUCH PURPOSES.

5.4. CUSTOMER IS SOLELY RESPONSIBLE FOR ITS USE OF THE SOFTWARE AND ANY DATA GENERATED OR PROCESSED BY THE SOFTWARE FOR THE INTENDED USE

5.5. CUSTOMER IS SOLELY RESPONSIBLE FOR DATA SECURITY AND FOR ITS OWN BACKUP POLICY. PROLION SHALL NOT BE LIABLE FOR ANY DATA LOSS DUE TO CUSTOMER'S FAILURE TO CREATE BACKUPS.

5.6. EXCEPT FOR THE LIMITED WARRANTIES DESCRIBED ABOVE, THE SOFTWARE AND ANY CUSTOMER SUPPORT ARE PROVIDED "AS IS", AND TO THE FULLEST EXTENT PERMITTED BY LAW, PROLION AND ITS SUPPLIERS DISCLAIM ANY AND ALL OTHER WARRANTIES WITH RESPECT TO THE SOFTWARE AND CUSTOMER SUPPORT, EXPRESS OR IMPLIED,

INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT AND/OR FITNESS FOR A PARTICULAR PURPOSE. YOU ASSUME THE ENTIRE RISK ARISING OUT OF THE USE OR PERFORMANCE OF THE SOFTWARE OR THE RESULTS OF THE CUSTOMER SUPPORT.

5.7. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF A REMEDY FAILS ITS ESSENTIAL PURPOSE, IN NO EVENT SHALL PROLION OR ITS SUPPLIERS BE LIABLE FOR ANY SPECIAL, INCIDENTAL, DIRECT, INDIRECT OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE OR THE PROVISION OF OR FAILURE TO PROVIDE CUSTOMER SUPPORT, EVEN IF PROLION HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract, under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733

5.8. ANY LIABILITY FOR DAMAGES IS LIMITED TO INTENT OR GROSS NEGLIGENCE IF AND TO THE EXTENT PROVEN UNDER APPLICABLE LAW. YOU SHALL ASSUME THE BURDEN OF PROOF. PRO LION SHALL HAVE NO LIABILITY FOR SLIGHT NEGLIGENCE. PROLION'S LIABILITY FOR DAMAGES CAUSED BY GROSSLY NEGLIGENT OR INTENTIONAL ACTS BY ITS EMPLOYEES OR AGENTS IS LIMITED BY §1313a ABGB (AUSTRIAN CIVIL CODE) FOR CONDUCT THAT IS STRICTLY NECESSARY FOR PROLION'S PERFORMANCE UNDER THIS AGREEMENT. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

5.9. IN ANY EVENT, PROLION'S ENTIRE LIABILITY UNDER ANY PROVISION OF THIS AGREEMENT SHALL BE LIMITED TO THE AMOUNT ACTUALLY PAID BY YOU FOR THE SOFTWARE.

5.10. Some jurisdictions restrict the exclusion or limitation of warranties and liability, particularly but not limited to consumer protection laws or strict product liability laws, such as the Austrian Product Liability Act (*Produkthaftungsgesetz*). To the extent that such restrictions are applicable, ProLion's liability shall be limited to the greatest extent permitted by law.

ProLion will indemnify and hold you harmless and will have the right to intervene to defend or settle any claim, suit or proceeding brought against you by a third party that is based upon a claim that the content contained in the Software infringes a copyright or violates an intellectual or proprietary right protected by European Union or the Federal law of the United States ("Claim"), but only to the extent the Claim arises directly out of the use of the Software and subject to the limitations set forth in this Agreement except as otherwise expressly provided. You must notify ProLion in writing of any Claim within ten (10) business days after you first receive notice of the Claim, and you shall provide to ProLion at no cost such assistance and cooperation as ProLion may reasonably request from time to time in connection with the defense of the Claim. ProLion shall have control over any Claim (including, without limitation, the selection of counsel and the right to settle on your behalf on any terms ProLion deems desirable in the sole exercise of its discretion). You may, at your sole cost, retain separate counsel and participate in the defense or settlement negotiations. ProLion shall pay actual damages, costs, and attorney fees awarded against you (or payable by you pursuant to a settlement agreement) in connection with a Claim to the extent such direct damages and costs are not reimbursed to you by insurance or a third party, to an aggregate maximum equal to the purchase price of the Software. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. If the Software or its use becomes the subject of a Claim or its use is enjoined, or if in ProLion's opinion the Software is likely to become the subject of a Claim, ProLion shall attempt to resolve the Claim by using commercially reasonable efforts to modify the Software or obtain a license to continue using the Software. If in the Claim, the injunction or potential Claim cannot be resolved through reasonable modification or licensing, ProLion, in its sole discretion, may terminate this Agreement without penalty, and will refund to you on a pro rata basis any fees paid in advance by you to ProLion. THE FOREGOING CONSTITUTES PRO LION'S SOLE AND EXCLUSIVE LIABILITY FOR INTELLECTUAL PROPERTY INFRINGEMENT. This indemnity does not apply to any infringing combinations arising from the integration or combination of ProLion's Software with other products provided by Customer or any third party.

## 6. DATA PROTECTION

6.1. The Parties shall comply with all applicable data protection laws, in particular the EU General Data Protection Regulation 2016/679 (hereinafter "GDPR"). If requested by ProLion, you will conclude a data processing agreement in accordance with Art. 28 GDPR or any other applicable data protection law.

6.2. You agree that you shall be the responsible person for data processing and the retention of data incidental to your use of the Software within the meaning of any laws or regulations, including but not limited to data protection laws.

6.3. You agree that ProLion may collect and use information provided by you for its performance under this Agreement. You further agree that ProLion may transfer such information to the United States of America or other countries. ProLion agrees not to use such information except as it is necessary for its performance under this Agreement.

## 7. TERMINATION

In the event of any expiration or termination of the License grant herein, you must discontinue any use of the Software and destroy any and all copies of the Software and all of its component parts, except insofar as such parts remain in archival copies made in accordance with Section 2.5., provided that no Production Use shall thereafter be made of such parts and that such parts shall otherwise remain subject to this Agreement for so long as they shall continue to exist. The obligations imposed by Sections 1.4., 1.5., 2.1., 2.6., 3, 4, 6-12, and all other provisions which by their nature are intended to survive termination or expiration of this Agreement shall survive and continue in full force and effect.

## 8. SEVERABILITY, CUMULATIVE REMEDIES

If any provision, or portion thereof, of this Agreement is invalid under any applicable statute or rule of law, it is to that extent to be deemed omitted; provided, that notwithstanding such omission, the remaining provisions of this Agreement shall continue in effect and the omitted term shall be replaced with a term consistent with the purpose and intent of this Agreement. Except as otherwise expressly herein provided, the remedies provided hereunder are cumulative and not exclusive, and the fact that this constitutes a binding contractual agreement shall not preclude enforcement of ProLion's legal rights under applicable law, including, but not limited to, intellectual property laws.

## 9. APPLICABLE LAW AND JURISDICTION

9.1. This Agreement shall be governed and construed in accordance with the Federal Laws of the United States. The United Nations Convention on Contracts for the International Sale of Goods shall not apply.

9.2. The Parties shall endeavor to amicably settle any disputes arising out of or in connection with the performance of this Agreement. Any disputes shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, and the Contract Disputes Act.

## 10. EXPORT RESTRICTIONS

ProLion's Software is subject to European Union (EU) export control laws and may be subject to export or import regulations in other countries. Customer must comply with all applicable regulations and obtain licenses to export, re-export, or import the Software. Customer shall comply with such laws and regulations governing use, export, re-export, and transfer of ProLion Products and technology and will obtain all required EU and local authorizations, permits, or licenses. ProLion and Customer each agree to provide information, support documents, and assistance as may reasonably be required by the other party in connection with securing authorizations or licenses. Information regarding compliance with EU use, export, re-export, and transfer laws may be located at the following URL: <http://ec.europa.eu/trade/>. Any failure by Customer to comply with its obligations under Section 9.1. shall be deemed a material breach of this Agreement.

## 11. RIGHT TO AUDIT

ProLion has the right to audit your compliance with the authorized use of the Software, the licensed configuration and the licensing terms authorized by ProLion. The audit may include site visits by a ProLion representative. ProLion will provide commercially reasonable notice of any such audit and shall conduct any audit during commercially reasonable business hours, and you agree to provide reasonable cooperation to allow the audit to be properly completed. ProLion shall bear the expense incurred by its representative in conducting the audit.

## 12. Force Majeure

Excusable delays shall be governed by FAR 52.212-4(f).

## 13. INTERPRETATION

The headings provided herein are for convenience only and shall not be considered in the interpretation of this Agreement.

**PROOFPOINT, INC.**  
892 ROSS DRIVE  
SUNNYVALE, CA 94089-1443

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Proofpoint, Inc.** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**PROOFPOINT, INC.**

**PROOFPOINT, INC. LICENSE, WARRANTY AND SUPPORT TERMS**

The following terms apply to each GSA Customer ("Customer") license of Proofpoint Products from Vinitech Inc, ("Reseller") under the GSA Schedule Contract, "License":

**"Proofpoint Products"** means the appliance, service or software listed in the GSA Schedule Price List by Vinitech Inc., on June 15, 2014, and licensed by Customer from Vinitech pursuant to a GSA Customer Purchase Order ("Order").

**“Documentation”** means the description of the Proofpoint Product(s) contained in the then current Proofpoint Product descriptions provided by Proofpoint to Customer upon purchase or License of the Proofpoint Product(s), and the user manuals relating to the use of the Proofpoint Products that are either provided on-line at the time of Customer’s purchase of the Proofpoint Product, embedded in the Proofpoint Product(s) or delivered with the Proofpoint Product. The Documentation does not contain additional legal terms and conditions, but serves to provide the Customer with user manuals and specifications applicable to the Proofpoint Product.

**“Mailbox”** means a separate account on Customer’s e-mail server for sending or receiving messages or data within Customer’s e-mail system or network. Aliases and distribution lists shall not be counted as separate mailboxes provided each person who has access to such aliases and distribution lists has a separate account on Customer’s email server for the receipt of messages or data within Customer’s e-mail system or network. For Proofpoint Product Social Archive and/or Governance, “Mailbox” hereunder shall be deleted and replaced with **“Named User”**.

**License.** Customer is granted a limited term, non-sublicensable, non-transferable, and nonexclusive license to access or use the Proofpoint Products licensed by Customer from Reseller during the applicable subscription term, for its intended purposes, solely for Customer’s internal business purposes and not for further use by or disclosure to third parties and in accordance with the Proofpoint Products Documentation and any applicable federal laws or regulations. Customer’s right to access or use Proofpoint Products is limited to those parameters set forth in the applicable GSA Customer Purchase Order (“Order”) provided to Proofpoint including, but not limited to the maximum number of Mailboxes (“Licensed Mailbox Count”) (and storage if applicable) for each module and the type of deployment (i.e., SaaS or appliance).

**License Restrictions.**

Customer will not and will not allow any third party to:

copy, modify, or create derivative works of the Proofpoint Products or Proofpoint Products Documentation;

reverse engineer, decompile, translate, disassemble, or discover the source code of all or any portion of the Proofpoint Products except and only to the extent permitted by applicable federal law notwithstanding this limitation, provided however, that in any case, Customer shall notify Proofpoint in writing prior to any such action and give Proofpoint reasonable time to adequately understand and meet the requested need without such action being taken by Customer;

remove, alter, cover or obscure any notice or mark that appears on the Proofpoint Products or on any copies or media;

sublicense, distribute, disclose, rent, lease or transfer to any third party any Proofpoint Products;

export any Proofpoint Products in violation of U.S. laws and regulations;

attempt to gain unauthorized access to, or disrupt the integrity or performance of, a Proofpoint Product or the data contained therein;

access a Proofpoint Product for the purpose of building a competitive product or service or copying its features or user interface;

use a Proofpoint Product, or permit it to be used, for purposes of: (a) product evaluation, benchmarking or other comparative analysis intended for publication outside the Customer’s organization without Proofpoint’s prior written consent; (b) infringement or misappropriation of the intellectual property rights of any third party or any rights of publicity (e.g. a person’s image, identity, and likeness) or privacy; (c) violation of any federal law, statute, ordinance, or regulation (including, but not limited to, the laws and regulations governing export/import control, unfair competition, antidiscrimination, and/or false advertising); (d) propagation of any virus, worms, Trojan horses, or other programming routine intended to damage any system or data; and/or (e) filing copyright or patent applications that include the Proofpoint Product and/or

Documentation or any portion thereof; or  
upload or download, post, publish, retrieve, transmit, or otherwise reproduce, distribute or provide access to information, software or other material which: (i) is confidential or is protected by copyright or other intellectual property rights, without prior authorization from the rights holder(s); (ii) is defamatory, obscene, contains child pornography or hate literature; or (iii) constitutes invasion of privacy, appropriation of personality (e.g. image, identity, likeness), or unauthorized linking or framing.

Proofpoint Products are for use with normal business messaging traffic only, and Customer shall not use the Proofpoint Products for the machine generated message delivery of bulk, unsolicited emails or in any other manner not prescribed by the applicable Proofpoint Products Documentation.

**Customer Responsibilities.** Customer is responsible for (i) all activities conducted under its user logins; (ii) obtaining and maintaining any Customer equipment and any ancillary services needed to connect to, access or otherwise use the Proofpoint Products and ensuring that the Customer equipment and any ancillary services are (a) compatible with the Proofpoint Products and (b) comply with all configuration requirements set forth in the applicable Proofpoint Product Documentation; and (iii) complying with all federal laws, rules and regulations regarding the management and administration of its electronic messaging system, including but not limited to, obtaining any required consents and/or acknowledgements from its employees, agents, consultants and/or independent contractors (collectively referred to as “personnel,” hereinafter) and service providers (if applicable) in managing its electronic messaging system and/or social media systems (as applicable). Customer shall be solely responsible for any damage or loss to a third party resulting from the Customer’s data, or where Customer’s use of the Proofpoint Products are in violation of federal law, or of this Agreement, or infringe the intellectual property rights of, or has otherwise harmed, such third party.

Customer shall (i) take all necessary measures to ensure that its users use Proofpoint Products in accordance with the terms and conditions of this Agreement; and (ii) in the case of any purchase of Proofpoint Secure Share, users of the Proofpoint Product will need to resister to use the Secure Share. For the purposes of Proofpoint’s compliance with its obligations under this Agreement, Customer consents to and authorizes Proofpoint (and its authorized subcontractors, subject to approval by the Contracting Officer) to retain, store and transmit any Customer information and data, subject to Government security requirements that Customer discloses to Proofpoint and pursuant to the normal functioning of Proofpoint Products. Customer information and data includes, but is not limited to (i) all configuration, rules and policies executed at Customer’s direction; (ii) any document management or retention protocols that would delete, track, transmit or route documents or other data; (iii) any requests by Customer or required hereunder for log, access, support-related or other transmissions under this Agreement.

If Customer has elected to route outbound email through the Proofpoint Product via the Software as a Service deployment, such as Proofpoint Security Services or MTA, Customer is responsible for maintaining the outbound email filtering applicable Proofpoint Product configuration settings established by Proofpoint to filter and block emails identified by Proofpoint as either containing a virus or having a spam score of ninety-five (95) or higher.

**Support and Service Levels.** For Customer who purchase Support Services, Proofpoint shall provide Support Services in accordance with Proofpoint's standard support terms which are currently described on Exhibit A.

**Reporting.** Customer is under no obligation to increase the number of Mailboxes its uses for subscription based Proofpoint Products based on Mailbox count. However, Customer understands and agrees that if Customer adds Mailboxes to the Licensed Mailbox Count for such Proofpoint Products that exceed 10 percent of the Licensed Mailbox Count, it will execute a new or modified Order for the additional mailboxes.

Customer shall also audit its Mailbox count on the thirtieth (30th) day preceding each anniversary of the Effective Date. Proofpoint may also itself at any time produce a count of the actual Mailbox Count for verification by Customer. If such number exceeds the Licensed Mailbox Count then Customer will execute a new or modified Order for the additional mailboxes.

**Warranty Disclaimer.** PROOFPOINT DISCLAIMS (AND PROOFPOINT IS ALSO REQUIRED UNDER ITS CONTRACTS WITH ITS SUPPLIERS AND LICENSORS TO STATE THAT SUCH SUPPLIERS AND LICENSORS ALSO DISCLAIM) ANY AND ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, INCLUDING WITHOUT LIMITATION REGULATORY COMPLIANCE, PERFORMANCE, ACCURACY, RELIABILITY, AND NONINFRINGEMENT. PROOFPOINT DOES NOT WARRANT THAT THE ACCURACY OF THE PROOFPOINT PRODUCTS WILL MEET CUSTOMER'S REQUIREMENTS OR THAT NO EMAIL WILL BE LOST OR THAT THE PROOFPOINT PRODUCTS WILL NOT GIVE FALSE POSITIVE OR FALSE NEGATIVE RESULTS OR THAT ALL SPAM AND VIRUSES WILL BE ELIMINATED OR THAT LEGITIMATE MESSAGES WILL NOT BE OCCASIONALLY QUARANTINED AS SPAM. PROOFPOINT DOES NOT WARRANT THE OPERATION OF THE PROOFPOINT PRODUCTS WILL BE UNINTERRUPTED OR ERROR-FREE. PROOFPOINT DOES NOT WARRANT THE ACCURACY OF MANAGEMENT OF ANY DOCUMENT, OR THAT NO DOCUMENT WILL BE LOST. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS AGREEMENT.

**Disclaimer of Liability.** All direct, consequential, incidental, special, punitive, exemplary, and indirect damages (including lost profits and loss of data) are disclaimed on behalf of Proofpoint (and Proofpoint is also required under its contracts with its suppliers and licensors to state in this Agreement that such suppliers and licensors also disclaim such damages herein): the foregoing exclusions/limitations of liability shall not apply (1) to personal injury or death caused by Proofpoint's negligence; (2) for fraud; (3) for express remedies requiring the specific type of relief under the law or the contract; or (4) for any other matter for which liability cannot be excluded by law.

**Proofpoint Contract Rights.** Customer agrees that Proofpoint is a party to this Agreement with all rights to enforce such provisions to this Agreement, including but not limited to the right to monitor and reset harmful outbound email configuration settings impacting the Proofpoint platform.

**Law.** This Agreement shall be governed by the federal law of the United States. The Uniform Computer Information Transaction Act shall not apply to this Agreement.

**Force Majeure.** Pursuant to FAR 52.212-4(f), either party shall be liable to the other for any delay or failure to perform hereunder due to circumstances beyond such party's reasonable control, including, acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, earthquakes, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers, and other acts beyond a party's reasonable control or possession including acts, civil unrest, acts of terror, strikes or other labor problems (excluding those involving such party's employees) or third party service disruptions involving hardware, software or power systems and denial of service attacks.

**Open Source Software: Proofpoint Appliance/Software for Customer On-Site Deployment.** Open Source Software may be a component of the Software provided to Customer for on-site deployment. Proofpoint is required by Open Source Software requirements to inform the end user of certain facts, including the following:

"Open Source Software" means various open source software, including GPL software which is software licensed under the GNU General Public License as published by the Free Software Foundation, and components licensed under the terms of applicable open source license agreements included in the materials relating to such software. Open Source Software is composed of individual software components, each of which has its own copyright and its own applicable license conditions. Customer may obtain information, (including, if applicable, the source code) regarding the inclusion of Open Source Software in the Software by sending a request, with Customer's name and address to Proofpoint at the address specified in the Order. Customer may redistribute and/or modify the GPL software under the terms of the GPL. A copy of the GPL is included on the media on which Customer receives the Software or included in the files if the Software is electronically downloaded by Customer. This offer to obtain a copy of the source files for GPL software is valid for three (3) years from the date Customer acquired the Appliance Software.

**Proofpoint Product - Email Archive.** Proofpoint has third party technology included in the Proofpoint Product Email Archiving Service for the purpose of extracting text from email attachments. Proofpoint or its reseller or distributor will negotiate third party rights, if any, with the GSA Customer at the time it enters into an Order for the Proofpoint Product Email Archiving Service.

**Termination.** When the end user is an instrumentality of the U.S., recourse against the United

States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Proofpoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Within thirty (30) days after expiration or termination of the License to use the Proofpoint Product, Customer shall: (i) certify in writing to Proofpoint that all copies of the Software, Software Updates, and Documentation in any form, including partial copies or extracts thereof, have been destroyed or returned to Proofpoint, and (ii) retrieve or dispose of Customer data from or within the Proofpoint Products and/or systems. Upon 30 days of termination of the License to use the Proofpoint Product, Customer data in the Proofpoint Product and/or systems may be rendered illegible, deleted or written over, including any back-up Customer data.

**Exhibit A**

**SUPPORT SERVICES PROGRAM FOR PROOFPOINT CUSTOMERS**

**Overview:** The support services described herein are provided by Proofpoint to each GSA Customer (“Customer”) pursuant to the terms and conditions of the applicable license agreement (“Agreement”) between each Customer and Proofpoint or between a Customer and an authorized Proofpoint partner. Capitalized terms not otherwise defined herein shall have the meaning set forth in the Agreement. Subject to customer paying the applicable support related fees, Proofpoint will provide the support described herein.

**Bronze Support** services consist of the following:

**Error Corrections.** Proofpoint shall use commercially reasonable efforts to correct and/or provide a work-around for any error reported by Customer in the current unmodified release of the Software in accordance with the priority level reasonably assigned to such error by Customer.

**Software and Documentation Updates.** Proofpoint shall provide to Customer one (1) electronic copy of all updated revisions to the Documentation and one (1) electronic copy of generally released bug fixes, maintenance releases and updates of the Software (collectively, “Updates”). Updates do not include products or options that are designated by Proofpoint as new products or options which are subject to the execution of a new or modified Order. Software releases are supported for the current and prior release that are designated by a change to the right of the decimal (e.g. 1.1 to 1.2). Prior to discontinuing support services for any Software product line, Proofpoint shall provide at least six (6) months advance notice on the customer support portal.

**Support Requests and Named Support Contacts.** Technical support is available during the technical support hours for the primary support center specified in the an applicable Order. Technical support hours for the Americas are Monday through Friday, 12:00 UTC to 03:00 UTC the following day (e.g. 07:00am to 10:00pm EST during standard time and excluding Proofpoint holidays). Customer may initiate electronic Support requests through Proofpoint’s web-based call submission and tracking system (“CTS”) at any time. Support requests submitted via CTS will be addressed by Proofpoint during the Support hours listed above. Customer will promptly identify two internal resources who are knowledgeable about Customer’s operating environment and operation of the Proofpoint Products (collectively, “Named Support Contacts”). Named Support Contacts will serve as primary contacts between Customer and Proofpoint and are the only persons authorized to interact with Proofpoint Technical Support, including accessing CTS to submit and track cases. All Support requests will be tracked in CTS and Customer can view the status of Customer’s cases on CTS at any time.

**Platinum Support.** In addition to the Bronze support services defined above, , Customer shall receive (i) two additional Named Support Contacts (for a total of four) and Proofpoint shall provide assistance for Priority I errors, as reasonably determined by Proofpoint, 24 hours per day x7 days per week, 365 days per year; (24x4x365) and (ii) a dedicated phone line for submitting cases. Handling of non-Priority I errors will take place during the support

hours specified in Section 1.3 above.

**Premium Support.** In addition to the Bronze and Platinum support services defined above, Customer shall receive (i) two additional Named

	<b>PROOFPOINT, INC. ADDRESS:</b> 892 Ross Drive Sunnyvale, CA 94089 USA <b>Attn: General Counsel</b>

Support Contacts (for a total of six) and (ii) Proofpoint will assign a designated Technical Account Manager to Customer’s account.

**Global Time Zone Add On.** Any Customer that has purchased support at the Platinum level or higher, may purchase the Global Time Zone Add On. Customer may submit a new Order to receive six additional Named Support Contacts (for a total of twelve) and Proofpoint shall provide assistance for errors of any priority, as reasonably determined by Proofpoint, 24x7, 365 and (ii) a dedicated phone line.

**Named Support Contact Training.** In order to receive support in accordance with the foregoing, within ninety days of the Effective Date, all Named Support Contacts must take and pass exam(s), as applicable and available, to become an "Accredited Engineer" (<http://www.training.proofpoint.com/accruited-engineer/>) for each Proofpoint Product licensed by Customer. If any Named Support Contact fails to pass the exam, Proofpoint may reasonably request that such Named Support Contact be replaced by Customer. Failure to pass the applicable exam(s) may result in limited access to CTS.

### Priority Levels of Errors and Responses

In the performance of Support services, Proofpoint will apply the following priority ratings.

#### Priority I Errors.

A "Priority I Error" means a Software program error which both (i) prevents some critical function or process from substantially meeting the Documentation and (ii) seriously degrades the overall performance of such function or process such that no useful work can be done and/or some primary major function of the Software or Appliance is disabled. Priority I Errors shall receive an initial response within one (1) hour (during standard Support hours referenced above), of the case being submitted to Proofpoint. In addressing a Priority I Error, Proofpoint shall use all reasonable efforts to develop suitable workaround, patch, or other temporary correction to restore operation as soon as possible. Proofpoint's efforts to resolve a Priority 1 Error will include the following: (1) assigning one or more senior Proofpoint engineers on a dedicated basis to develop a suitable workaround, patch, or other temporary correction; (2) notifying senior Proofpoint management that such P1 Error has been reported; (3) providing Customer with periodic reports on the status of corrections; and (4) providing a final solution to Customer as soon as it is available.

#### 2.2 Priority II Errors.

A "Priority II Error" means a Software program error which both (i) degrades some critical function or process from substantially meeting the Documentation and (ii) degrades the overall performance of such function or process such that useful work is hindered and/or some major function of the Software or Appliance is not operating as expected but can be worked-around. Priority II Errors shall receive an initial response within four (4) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to provide a workaround, patch, or other temporary correction as soon as possible.

**2.3 Priority III Errors. Description:** A "Priority III Error" means a Software program error which both (i) prevents some non-essential function or process from substantially meeting the Documentation and (ii) significantly degrades the overall performance of the Software or Appliance. Priority III Errors shall receive an initial response within eight (8) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to provide a workaround, patch, or other temporary correction as soon as possible.

#### 2.4 Priority IV Errors.

A "Priority IV Error" means a Software program error which prevents some function or process from substantially meeting the Documentation, but does not significantly degrade the overall performance of the Software or Appliance. Priority IV Errors shall receive an initial response within sixteen (16) hours (during standard Support hours referenced above). Proofpoint shall use all reasonable efforts to include a workaround, patch, or other temporary correction in the next Software update.

### 3 Customer's Cooperation.

Proofpoint's obligation to provide Support services is conditioned upon the following: (i) Customer's reasonable effort to resolve the problem after communication with Proofpoint; (ii) Customer's provision to Proofpoint of sufficient information and resources to correct the problem, including, subject to Government security requirements, remote access as further discussed in these policies, (iii) Customer's prompt installation of all Software maintenance releases, bug fixes and/or work-arounds supplied by Proofpoint, and (iv) Customer's procurement, installation and maintenance of all hardware necessary to operate the Software. As related to Priority I Errors, Customer shall provide continuous access to appropriate Customer personnel and the Appliance (if applicable) during Proofpoint's response related to the Priority I Error or Proofpoint shall be permitted to change the Priority of the error. During the term of the Support services, for purposes relating to providing Support to Customer and subject to Government security requirements, Proofpoint may obtain information regarding Customer's e-mail communications. Customer agrees that Proofpoint may use any statistical data generated relating to Customer's e-mail subject to Government security requirements. Notwithstanding the foregoing, Proofpoint shall not disclose the source and content of any such e-mail.

### Reproducing Problems; Remote Access.

Support services assistance is limited to Software on platforms that are fully supported, running unaltered on the proper hardware configuration. For a reported error, Proofpoint will use commercially reasonable efforts to reproduce the problem so that the results can be analyzed. Proofpoint's obligation to provide the Support services described herein, including without limitation meeting the response times set forth in Section 2 above, is subject to Customer providing shell or Web-based remote access to Customer's computer system(s) and network subject to Government security requirements. Any such remote access by Proofpoint shall be subject to Proofpoint's compliance with Customer's security and anti-virus procedures and the confidentiality requirements set forth in the license agreement between Proofpoint and Customer. Any delay occasioned by Customer's failure to provide the foregoing remote access shall extend the response time periods set forth in Section 2 accordingly. Proofpoint will notify Customer of any additional work required by the GSA Customer's failure to provide access and will afford the GSA Customer an opportunity to execute a new or modified Order. If Customer fails to provide remote access to its computer system(s) and network and Proofpoint and Customer cannot agree on a mutually satisfactory alternative method of reproducing the problem, Proofpoint shall not be obligated to resolve the problem.

### Support Services Conditions.

**Support Issues Not Attributable to Proofpoint.** Proofpoint is not obligated to provide Support services for problems related to: (i) unauthorized modifications and/or alterations of the Software, (ii) improper installation of the Software by non-Proofpoint personnel, use of the Software on a platform or hardware configuration other than those specified in the Documentation or in manner not specified in the Documentation, or (iii) problems caused by the Customer's negligence, hardware malfunction, or thirdparty software. Proofpoint may offer Support services for problems caused by any of the above pursuant to the execution of a new or modified Order.

### Exclusions from Support services.

The following items are excluded from Support services:

- (a) In-depth training. If a Support request is deemed to be training in nature, and will require an extended amount of time, Customer will be referred to Proofpoint's training or consulting departments.
- (b). Assistance in the customization of an application. Support services do not include providing assistance in developing, debugging, testing or any other application or customization.
- (c). Information and assistance on third party products. Issues related to the installation, administration, and use of enabling technologies such as databases, computer networks, and communications (except an Appliance) are not provided under Proofpoint Support services.
- (d) Assistance in the identification of defects in user environment. If Proofpoint concludes that a problem being reported by a Customer is due to defects in Customer's environment, Proofpoint will notify the Customer. Additional support by Proofpoint personnel to remedy performance issues due to the user environment are categorized as consulting services, which are provided pursuant to the execution of a new or modified Order.
- (e). Installation. Support Services provided herein do not include the use of Proofpoint Support services resources to perform installation of updates or Customer-specific fixes. If Customer wishes to have Proofpoint perform services related to any of the above items, such services will be performed pursuant to a mutually executed Order and a SOW, if required by the Contracting Officer.

**Description of Appliance Support Services.****Services.**

For as long as the Appliance purchased by Customer is under Proofpoint's Appliance warranty Customer shall contact Proofpoint for any and all maintenance and support related to the Appliance. If support for the Appliance purchased by Customer includes on-site support, Proofpoint shall provide or cause to be provided 8-hour response service during the support hours specified in Section 1.3. A technician will arrive on-site subject to Government security requirements, depending on Customer's location and the availability of necessary parts, as soon as practicable (within the business hours specified in Section 1.3) after problem determination. Optional 24x7 service is available subject to Section 1.4.

**Customer Obligations.**

Customer must also install remedial replacement parts, patches, software updates or subsequent releases as directed by Proofpoint in order to keep Customer's Appliance eligible for Support services. Customer agrees to give Proofpoint at least thirty (30) days written notice prior to relocating an Appliance. It is Customer's responsibility to back up the data on Customer's system, and to provide adequate security for Customer's system. Proofpoint shall not be responsible for loss of or damage to data or loss of use of any of Customer's computer or network systems. Subject to Government security requirements, Customer agrees to provide the personnel of Proofpoint or its designee with sufficient, free, and safe access to Customer's facilities necessary for Proofpoint to fulfill its obligations.

**Exclusions.**

Appliance Support services do not cover parts such as batteries, frames, and covers or service of equipment damaged by misuse, accident, modification, unsuitable physical or operating environment, improper maintenance by Customer, removal or alteration of equipment or parts identification labels, or failure caused by a product for which Proofpoint is not responsible.

PROSOFT SYSTEMS  
4000 LEGATO RD. SUITE 1100  
FAIRFAX, VA 22033

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Prosoft Systems ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

#### ATTACHMENT A - PROSOFT SYSTEMS

##### 1 PROSOFT SYSTEMS INTERNATIONAL SOFTWARE LICENSE

1.01 SCOPE OF LICENSE. The Software Product is licensed, not sold. This Agreement only gives Ordering Activity some rights to use the Software Product. Prosoft reserves all other rights. Unless applicable law gives Ordering Activity more rights despite this limitation, Ordering Activity may use the Software Product only as expressly permitted in this Agreement. In doing so, Ordering Activity must comply with any technical limitations in the Software Product that only allow Ordering Activity to use it in certain ways. Ordering Activity may not:

work around any technical limitations in the Software Product;

reverse engineer, decompile or disassemble the Software Product, except and only to the extent that applicable law expressly permits, despite this limitation;

remove, minimize, block or modify any notices of Prosoft or its Affiliates or suppliers in the Software Product;

use the Software Product in any way that is against the law;

share, publish or lend the Software Product, or provide the Software Product as a stand-alone hosted as solution for others to use, or transfer the Software Product or this Agreement to any third party; or

License Types:

The scope and term of Ordering Activity's license is limited to the exact license type listed in the Ordering Activity's license certificate, order form, or other documentation provided upon purchase of Software Product.

#### CRM Licensing Requirements

Access to Microsoft Dynamics CRM Organization(s) via a Software Product does not remove or substitute baseline Microsoft Dynamics CRM licensing requirements.

Reserved.

#### 2 RESERVED

#### 3 SUPPORT SERVICES

3.01 Prosoft may, in its sole discretion, provide Ordering Activity with support services related to the Software Product ("Support Services"), as set forth in the applicable ordering document. Any supplemental software code provided as part of the Support Services shall be considered part of the Software Product and subject to the terms and conditions of this Agreement. With respect to technical information Ordering Activity provides to Prosoft as part of the Support Services, Prosoft may use such information for its business purposes, including for product support and development. Prosoft will not utilize such technical information in a form that identifies Ordering Activity. Prosoft will not utilize such information in a manner that discloses Ordering Activity's confidential information to any third party.

#### 4 UPGRADES

4.01 Software Products labeled as upgrades will be available to Ordering Activity upon the purchase of Prosoft annual software maintenance offering as set forth in the applicable ordering document. A Software Product labeled as an upgrade replaces and/or supplements the product that formed the basis for Ordering Activity's eligibility for the upgrade. Any such upgrade shall be considered part of the Software Product subject to the then-current terms and conditions of this Agreement.

#### 5 RESERVED

#### 6 INTELLECTUAL PROPERTY

6.01 Software Products and other deliverables are protected by copyright and other intellectual property rights laws and international treaties. Prosoft (1) does not transfer any ownership rights in any Software Products and (2) reserves all rights not expressly granted to Ordering Activity under this Agreement.

#### 7 WARRANTY & REMEDIES

7.01 Prosoft warrants that the Software Product will perform substantially as described in the applicable Software Product documentation for ninety (90) days from the date it is delivered to Ordering Activity. If it does not and Ordering Activity notifies Prosoft within the warranty term, then Prosoft will, at its option and sole discretion, (1) repair or replace the Software Product or (2) return the price Ordering Activity paid for the Software Product license, and Ordering Activity must uninstall and destroy all copies of the Software Product in its possession.

7.02 The remedies above are Ordering Activity's remedies for breach of the warranties in this section. Ordering Activity waives any breach of warranty claims not made during the warranty period.

7.03 Exclusions. The warranties in this Agreement do not apply to problems caused by accident, abuse or use inconsistent with this Agreement, including failure to meet minimum system requirements. These warranties do not apply to free, trial, preview, evaluation, pre-release or beta products, or to components of Software Product that Ordering Activity is permitted to redistribute.

7.04 Disclaimer. Except for the limited warranties above, Prosoft provides no other warranties or conditions and disclaims any other express, implied or statutory warranties, including warranties of quality, title, non-infringement, merchantability and fitness for a particular purpose.

7.05 Ordering Activity represents and warrants that it has the legal right and power to enter into this Agreement and that it will not use the Software Product in a way or for any purpose that infringes or misappropriates any third party's intellectual property or personal rights.

**PUPPET LABS**  
**926 NW 13TH AVENUE, #210**  
**PORTLAND, OR 97209**

**EC America Rider to Product Specific License Terms and Conditions**  
**(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Puppet Labs** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## ATTACHMENT A CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

### PUPPET LABS

#### PUPPET LABS LICENSE, WARRANTY AND SUPPORT TERMS

This Software License Agreement ("Agreement") is between Puppet Labs, Inc., a Delaware corporation, ("Puppet Labs") and the Ordering Activity, as defined by GSA Order ADM4800.2H and as revised from time to time ("Customer").

This Agreement includes the terms and conditions of the GSA Schedule Contract, the Order, and the terms and conditions below. It constitutes the complete agreement between the parties regarding the license, support and maintenance of Puppet Enterprise™ software (the "Software"), and supersedes all prior or contemporaneous agreements or representations, written or oral, concerning that same subject matter. Any modifications to this Agreement must be in writing signed by a duly authorized representative of both parties. SHOULD A CONFLICT EXIST BETWEEN THE TERMS AND CONDITIONS OF THIS AGREEMENT AND THE TERMS AND CONDITIONS OF THE SCHEDULE CONTRACT, THE SCHEDULE CONTRACT SHALL PREVAIL.

## TERMS AND CONDITIONS

**ORDERS.** "Order" means an order placed by an Ordering Activity under the GSA Schedule Contract.

**LICENSE.** Subject to Customer's compliance with this Agreement, Puppet Labs grants to Customer a worldwide, limited, non-transferrable, revocable license to use the Software for the purpose of managing Customer's IT infrastructure (whether on premises or in the cloud). Customer may reproduce the Software and use multiple copies concurrently, subject to the pricing terms of Section 0.

**SOURCE CODE.** The source code for the Software is available through [www.puppetlabs.com](http://www.puppetlabs.com).

**THIRD PARTY SOFTWARE.** The Software includes components that included under open source licenses from third parties (the "Third Party Software"). The components are listed at <http://www.puppetlabs.com/puppet-enterprise-components-licenses/>.

**RESTRICTIONS.** The Software is licensed, not sold. Customer may not use the Software other than for Customer's internal business purposes, and not for the purposes of any third party nor for any timesharing, rental, Internet, or application service provider, commercial hosting services, or service bureau basis. Other than as granted in Section 0, Puppet Labs and its licensors retain all right, title and interest in and to the Software, including all intellectual property rights, registered or unregistered, and wherever in the world those rights may exist (collectively, the "Puppet Labs Rights"). The Puppet Labs Rights include graphics, user and visual interfaces, design, structure, selection, coordination, expression, "look and feel", arrangement, trademark, logo and other distinctive brand features of the Software (collectively, the "Puppet Labs Marks"). This Agreement does not permit Customer to distribute any product or service using the Puppet Labs Marks, including in connection with any Open Source Components. Puppet Labs shall retain title to all copies of the Software provided to Customer or made by Customer. There are no implied rights or licenses in this Agreement. All rights are expressly reserved by Puppet Labs.

**FEES AND PAYMENT.** Customer will pay a fee for a license subscription and for support and maintenance (per Section 0) based on the number of "Nodes" managed by the Software. A "Node" is a single network-connected device such as a server, desktop, or laptop (virtual machines that have a unique IP address are a separate Node from the physical machine on which they reside).

**SUPPORT; CHANGES.**

**Support and Maintenance.** In connection with any Paid License, Puppet Labs will provide Customer the support and maintenance services ("Support Services") listed on Exhibit A, at either the "Standard" or the "Premium" level, as indicated in the Order. There is no support or maintenance available in connection with a Free License. If Support Services are terminated for any reason, any later reinstatement is at Puppet Labs' sole option, including without limitation the condition that Puppet Labs offers Support Services to its customers generally for the Software in question.

**Modules and Customer Changes.** Puppet Labs makes available certain modules ("Modules") that may be used in connection with the Software, either bundled with the Software (including in an update or upgrade later provided) or through its web site [forge.puppetlabs.com](http://forge.puppetlabs.com) ("Puppet Forge"). Any Modules bundled with the Software are licensed under this Agreement, and any Modules obtained through the Puppet Forge are subject to their accompanying license. Except for Modules that are bundled with the Software or where otherwise indicated by Puppet Labs on the Puppet Forge, Puppet Labs is not liable to support any Module, nor are such Modules covered by the warranty and indemnity terms of this Agreement. Furthermore, to the extent permitted by law, Puppet Labs is not responsible to support, and is not liable under this Agreement in any way (including warranty and indemnity) for, any changes made by Customer to the Software.

**WARRANTY; DISCLAIMER**

**General Warranties.** Puppet Labs represents and warrants that it has sufficient ownership or authority to grant to Customer the license stated in Section 0. Each party represents and warrants that: (a) it has the full power and authority to enter into this Agreement and to carry out its obligations under this Agreement; and (b) it has complied, and will in the future comply, with all applicable laws in connection with the execution, delivery and performance of this Agreement.

**Product Warranty.** Puppet Labs warrants to the Customer that the Software will perform in all material respects as specified in its accompanying documentation under normal use for a period of thirty (30) calendar days from initial receipt or access. Customer's exclusive remedy for a breach of this limited warranty is to return any allegedly defective Software and Puppet Labs, at its option, will replace it or refund any fee paid for the Software. This warranty applies to Third Party Software only to the extent its failure to operate causes the Software to fail to conform to this warranty.

**Disclaimer.** EXCEPT AS EXPRESSLY SET FORTH IN SECTION 0, PUPPET LABS DISCLAIMS ANY AND ALL WARRANTIES AND REPRESENTATIONS WITH RESPECT TO THE SOFTWARE, INCLUDING THE WARRANTIES OF NON-INFRINGEMENT, TITLE, AND THOSE THAT MAY ARISE FROM ANY COURSE OF DEALING OR PERFORMANCE. THIS CLAUSE DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(O). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 USC 7101-7109.

**LIMITATION OF LIABILITY.** EXCEPT AS STATED BELOW, EACH PARTY'S LIABILITY TO THE OTHER UNDER THIS AGREEMENT IS LIMITED AS FOLLOWS: (A) NEITHER SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, PUNITIVE, CONSEQUENTIAL, RELIANCE, OR SPECIAL DAMAGES (INCLUDING ANY DAMAGE TO BUSINESS REPUTATION, LOST PROFITS, LOST DATA OR LOST SAVINGS); AND (B) NEITHER SHALL BE LIABLE TO THE OTHER FOR ANY AMOUNTS IN EXCESS OF THE GREATER OF FIVE HUNDRED DOLLARS (\$500) OR THE AMOUNTS PAID BY CUSTOMER TO PUPPET LABS IN THE TWELVE (12) MONTHS PRIOR TO THE EVENT GIVING RISE TO LIABILITY. THESE LIMITS DO NOT APPLY TO ANY LIABILITY THAT ARISES FROM ANY CLAIM FOR UNPAID FEES OR THE UNLICENSED USE OF THE SOFTWARE. THESE LIMITS APPLY REGARDLESS OF THE FORM OF CLAIM (CONTRACT, TORT OR OTHERWISE) AND EVEN IF THIS SECTION 0 IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. SOME JURISDICTIONS MAY NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR OTHER DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY. IN SUCH EVENT, LIABILITY WILL BE LIMITED TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW. THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT'S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 USC 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR NOR PREJUDICE THE U.S. GOVERNMENT'S RIGHT TO EXPRESS REMEDIES PROVIDED IN THE GSA SCHEDULE CONTRACT (E.G., CLAUSE 552.238-75—PRICE REDUCTIONS, CLAUSE 52.212-4(H)—PATENT INDEMNIFICATION, AND GSAR 552.215-72—PRICE ADJUSTMENT—FAILURE TO PROVIDE ACCURATE INFORMATION).

**EXPORT CONTROL.** As required by the laws of the United States and other countries, Customer represents and warrants that Customer: (a) understands that the Software and its components may be subject to export controls under the U.S. Commerce Department's Export Administration Regulations ("EAR"); (b) is not located in a prohibited destination country under the EAR or U.S. sanctions regulations; (c) will not export, re-export, or transfer the Software to any prohibited destination or persons or entities on the U.S. Bureau of Industry and Security Denied Parties List or Entity List, or the U.S. Office of Foreign Assets Control list of Specially Designated Nationals and Blocked Persons, or any similar lists maintained by other countries, without the necessary export license(s) or authorization(s); (d) will not use or transfer the Software for use in connection with any nuclear, chemical or biological weapons, missile technology, or military end-uses where prohibited by an applicable arms embargo, unless authorized by the relevant government agency by regulation or specific license; and (e) understands that countries including the United States may restrict the import, use, or

export of encryption products (which may include the Software and the components) and agrees that Customer shall be solely responsible for compliance with any such import, use, or export restrictions.

**GOVERNMENT USERS.** The Software contains "commercial computer software" as that term is described in DFAR 252.227-7014(a)(1). If acquired by or on behalf of a civilian agency, the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of this Agreement as specified in 48 C.F.R. 12.212 (Computer Software) and 12.11 (Technical Data) of the Federal Acquisition Regulations and its successors. If acquired by or on behalf of any agency within the Department of Defense, the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of this Agreement as specified in 48 C.F.R. 227.7202 of the DOD FAR Supplement and its successors.

**GENERAL.** The laws of the United States govern this Agreement. Customer and Puppet Labs may only amend or modify this Agreement, or waive any right under this Agreement, in a writing that is signed by both parties and that expressly references this Agreement. No waiver of any breach of any provision of this Agreement shall constitute a waiver of any prior, concurrent or subsequent breach of the same or any other provisions. Headings are used in this Agreement for reference only and will not be considered when interpreting this Agreement. As used in this Agreement, "includes" (or "including") means without limitation.

**Exhibit A**  
**Support and Maintenance Terms**  
 Last Updated on January 15, 2014

These Support Services Terms describe the Support Services which current, compliant subscribers of Support Services are entitled to receive pursuant to the Software License Agreement between Puppet Labs and Customer ("Master Agreement"). These Support Services Terms form an integral part of, and are incorporated by reference into, the Master Agreement. Capitalized terms used in these Support Services Terms without definition have the meaning defined in the Master Agreement.

**1. Definitions.**

"Error" means a malfunction in the Software that can be duplicated by Puppet Labs that materially degrades the use or performance of the Customer business system the Software manages ("Business System").

"Fix" means the repair or replacement of object code versions of the Software to remedy an Error.

"Priority 1 Error" means an Error that renders the Software inoperative or materially degraded with respect to the Business System, such that: (i) the Business System's production system is severely impacted or completely shut down, or (ii) the Business System's system operations or mission-critical applications are down."Priority 2 Error" means an Error that degrades Software performance with respect to the Business System.

"Priority 3 Error" means an Error that affects Customer's use of the Software, but does not materially degrade Software performance with respect to the Business System.

"Technical Contact" means a Customer employee technically familiar and competent with Customer's systems (including the Business System), infrastructure and use of the Software, who: (i) has "read, write and execute" access to the necessary files, English language communication skills and relevant technical knowledge; and (ii) is the designated Customer contact to receive Support Services, and to resolve Customer technical issues related to the Software. The permitted number of Technical Contacts is based on the level of Support Services purchased by Customer, and is set forth in the table below. The first two (2) Technical Contacts are set forth in the applicable Order Form, and may be changed by Customer upon five (5) business days prior written notice to Puppet Labs.

"Update" means subsequent releases of the Software that are generally made available by Puppet Labs to those of its customers using the Software as part of Support Services at no additional charge, other than media and handling charges. Updates may include updated code to accommodate changes in applicable industry standards. Updates shall not include any releases, enhancements, functionality or products which Puppet Labs licenses separately or provides at a fee separate from the Support Services fee. Updates are delivered only on an as if and when available basis.

**2. Support Services Coverage.** Subject to these Support Services Terms, including the table set forth below, and the other terms of the Master Agreement (including, without limitation, Customer's payment of the applicable Support Services fees to Puppet Labs), Puppet Labs will provide Customer with the Support Services described herein for the applicable Software, exclusive of any integration issues between the Software and applicable Third Party Software. Customer shall designate the permitted number of Technical Contacts who are responsible for resolving user issues, and only such Technical Contacts may contact Puppet Labs for the provision of Support Services. Support Services do not include anything not set forth in these Support Services Terms, and specifically excludes support of any hardware or any software other than the Software, including without limitation, any integration with Third Party Software. The Support Services telephone numbers, email address and Puppet Labs Support Portal are located at <http://puppetlabs.com/services/customer-support>.

**3. Software Maintenance.** Puppet Labs will periodically, and in its sole discretion, provide Customer with Fixes to Errors and Updates to Software.

**4. Customer Obligations.** Customer and its Technical Contacts shall: (i) make reasonable efforts to resolve Customer issues or identify issues as relating to the Software prior to contacting Puppet Labs for Support Services; and (ii) provide Puppet Labs with sufficient information and resources to address the Error, and access to the personnel, hardware, and any additional software as reasonably necessary to enable Puppet Labs to reproduce, analyze and address the Error.

**5. Exclusions.** Puppet Labs is not obligated to provide Support Services when: (i) the Software has been changed, modified or damaged; (ii) the issue is caused by Customer's negligence, misuse of software or hardware, hardware malfunction or other causes other than the Software; (iii) the issue is caused by hardware, third party software or infrastructure; or (iv) the version of the Software is not a currently supported version, as determined by Puppet Labs' announced policies regarding the support of such versions.

**6. Free Public Training.** For Premium Support Services customers, during each yearly term of Premium Support Services, Puppet Labs offers upto four (4) placements per Support Services term in public classes offered by Puppet Labs at no additional cost to Customer. These free classes (i) are only offered to current Premium Support Services customers, (ii) must be given directly by Puppet Labs (and not a Puppet Labs training partner), (iii) must be taken during the current Support Services term, and (iv) expire at the end of the current Support Services term and Customer is not entitled to any compensation if the classes are not used. The four (4) class sessions may be taken by up to four individuals, but in no event will Customer receive more than four (4) individual free class sessions per Support Services term (e.g. one individual may take four class sessions or four individuals may each take one class session).

**MASTER SOFTWARE LICENSE AND SERVICES AGREEMENT**  
**GENERAL TERMS AND CONDITIONS**

**Grant of License**

License Grant. Subject to the terms and conditions of this Agreement, the restrictions set forth in the terms of any Applicable Order, and the payment of all applicable license fees, Licensee is hereby granted a perpetual (but subject to termination as provided in Section 6 below), limited, royalty-free, non-exclusive, non-transferable (except as expressly permitted under Section 9.2) license to the Software: (i) to Use, and to permit Authorized Affiliates to Use, the Software solely for their respective internal business operations; and (ii) to reproduce and use, and to permit Authorized Affiliates to reproduce and use, the Documentation in conformity with the Use of the Software. Licensee shall not allow access to the Software (whether through the distribution of copies of Client software or otherwise) by more than the number of customer access licenses specified in the terms of the Applicable Order or Use (or permit the Use of) the Software for any purpose other than for the type of customer access license specified in the terms of the Applicable Order.

Extranet Server. Without limiting any of the terms of Section 1.1, if Licensee purchases a license to the

“QlikView® Extranet Server” Software, Licensee may permit Authorized Third Parties to View the output of the QlikView® Extranet Server, on a remote basis, solely for the purpose of Viewing: (i) information developed by or for Licensee; or (ii) information generated by Licensee on behalf of the Authorized Third Party based on information supplied to Licensee by such Authorized Third Party. Authorized Third Parties shall not be permitted to create, upload, or modify any of the information which they are permitted to View and shall not be granted any rights or licenses in or to the Software in connection therewith.

QlikView® Server. Without limiting any of the terms of Section 1.1, if Licensee purchases a license to the

“QlikView® Server” Software, Licensee may only install QlikView® Server in the geographic territory identified in the terms of the Applicable Order.

Authorized Third Parties; Authorized Affiliates.

In connection with the Use of the Software by any Authorized Third Party or Authorized Affiliate pursuant to

Section 1.1 which are approved in advance in writing by QlikTech, Licensee hereby agrees to: (i) make each such Authorized Third Party and Authorized Affiliate aware of the terms of this Agreement and the Documentation, including, without limitation, the use limitations contained in Sections 1.1.1, 1.1.2 and 1.3; and (ii) monitor and ensure each such Authorized Third Party's and/or Authorized Affiliate's compliance with the terms contained in this Agreement and the Documentation. Any claim for breach by QlikTech of this Agreement based on Use by an Authorized Third Party and/or Authorized Affiliate shall be brought solely by Licensee.

License Restrictions. Except as otherwise expressly permitted in this Agreement (including but not limited to Sections 1.1 and 1.2 above) and except as otherwise permitted by law, Licensee will not, directly or through others including, without limitation, Users: (i) use, copy, maintain, distribute, sell, transfer, market, sublicense, dispose of or rent the QlikTech Materials (except for transfers of the QlikTech Materials to any third party in connection with an assignment by Licensee as expressly permitted under Section 9.2); (ii) reverse assemble, reverse compile, decompile, disassemble or reverse engineer (except to the extent any such restriction is expressly prohibited by applicable law) or attempt to derive the source code for any of the QlikTech Materials or Third Party Materials; (iii) modify, adapt, create derivative works, translate or port any of the QlikTech Materials or combine or merge any part of the QlikTech Materials with or into any other software or documentation; (iv) offer, use, sublicense or otherwise commercially exploit any of the QlikTech Materials as a revenue-generating product or service to any third party, including without limitation for third party training, nor may it use the Software to provide hosting service bureau, commercial time-sharing, rental, or software as a service (SaaS)

services to third parties who are not Users for the purposes of providing those persons or entities with use of the Software; (v) permit the use of the Software or Documentation by third parties, except that Licensee may permit Licensee's Authorized Contractors to Use the Software for Licensee's internal business operations only as described in Section 1.1 above, subject to the limitations on the number and types of customer access licenses specified in the terms of the Applicable Order, so long as Licensee ensures that its Authorized Contractors are bound by appropriate restrictions on nondisclosure of QlikTech's Confidential Information and will Use the Software only in accordance with the Documentation and the terms of this Agreement; (vi) use any Third Party Materials independent of or separated from the QlikTech Materials or (vii) reproduce the Software or Documentation without QlikTech's copyright and trademark notices.

Without limiting any of the foregoing, if a serial number, password, license key or other security device is provided to Licensee for use with the Software, Licensee shall not, and will not permit any of its Authorized Affiliates, Authorized Third Parties and/or Authorized Contractors to, share or transfer such security device with or to any other User of the Software or any other third party.

**Third Party Materials.** The QlikTech Materials may contain or may be distributed or bundled with certain third party software, data, or other materials (collectively, "**Third Party Materials**"). A list of the Third Party Materials, is included in Appendix A of this Agreement.

**1.5. Data Security.** If any QlikTech Materials are accessible through the internet or other networked environment, Licensee shall maintain adequate technical and procedural **access controls and** system security requirements and devices, in connection with the QlikTech Materials, necessary for confidentiality, authorization, authentication and virus detection and eradication.

**1.6. Retention of Rights.** The Software is licensed, not sold. QlikTech and its Affiliates, or their respective suppliers or licensors where applicable, own and retain all right, title and interest in and to the QlikTech Materials, and all of QlikTech's and its Affiliates', or their respective suppliers' or licensors', patents, trademarks (registered or unregistered), trade names, copyrights, trade secrets and QlikTech Confidential Information. Licensee does not acquire any right, title or interest in or to the QlikTech Materials, except as expressly set forth herein, and all such rights are hereby reserved. Licensee will not register, nor attempt to register, any patent or copyright which, in whole or in part, incorporates any QlikTech technology or Intellectual Property Right. In the event that Licensee makes suggestions, improvements or modifications to QlikTech regarding new features, functionality or performance that QlikTech adopts for the QlikTech Materials, such new features, functionality or performance shall be deemed to be automatically assigned and fully paid under this Agreement to, and shall become the sole and exclusive property of QlikTech.

## Services

**Maintenance Services.** Licensee may purchase Maintenance Services specified in the terms of the Applicable Order for Software licensed in accordance with this Agreement for the fees set forth in the terms of the Applicable Order.

**Implementation Services.** Licensee may purchase Implementation Services specified in the terms of the Applicable Order for Software licensed in accordance with this Agreement for the fees set forth in the terms of the Applicable Order.

**Training.** Licensee may purchase Training specified in the terms of the Applicable Order for Software licensed in accordance with this Agreement for the fees set forth in the terms of the Applicable Order.

## Fees and Payment Terms

In consideration of QlikTech's provision of Maintenance Services, Implementation Services or Training, Licensee agrees to pay to the applicable partner, the Maintenance Fees set forth in the terms of the Applicable Order, which payments shall be non-refundable, except as otherwise expressly provided in this Agreement, non-creditable and not subject to any right of offset or suspension.

## Limited Warranty and Disclaimers

**Limited Performance Warranty.** Licensee receives a warranty for a period of one hundred twenty (120) days following the Delivery Date (the "**Warranty Period**"), the initial Version of the Software provided to Licensee hereunder (excluding any subsequent Updates thereto) will perform substantially in accordance with the specifications in the applicable Documentation in effect when such Software is first delivered to Licensee, provided that the Software is operated in accordance with the Documentation. Licensee is deemed to accept the Software on the Delivery Date.

**Exceptions.** Licensee will have no warranty claim made pursuant to Section 4.1 for alleged any defect or problem with the Software, to the extent that the alleged defect or problem: (i) arises out of any use of the Software by Licensee or its Authorized Affiliates not in accordance with the Documentation; (ii) arises out of any modification or alteration of the Software by anyone other than QlikTech or its authorized contractors; or (iii) arises out of the use of the Software in combination with any other software or equipment not specified in the Documentation as supported by QlikTech. If, notwithstanding the foregoing exceptions, QlikTech chooses in its discretion to correct such a defect or problem with the Software, or otherwise provides Software support not covered by the terms and conditions contained in this Section, such defect resolution or

Software support shall be provided only following Licensee's written request and Licensee's approval of all charges, and Licensee shall be invoiced for such support at the rates set forth in the Applicable Order.

**Disclaimers.** Licensee agrees that neither the QlikTech Materials nor QlikTech Services nor the QlikTech Software are warranted to: (i) meet the Licensee's or its Authorized Affiliates' requirements; (ii) operate in combination with other hardware or software, except as expressly specified in the Documentation; (iii) operate without interruption or error; or (iv) will fully resolve any particular request for Maintenance of the Software or that such resolution will meet Licensee's or its Authorized Affiliates' requirements or expectations. THE LIMITED WARRANTIES STATED IN SECTION 4.1 SET FORTH THE ONLY

REPRESENTATIONS AND WARRANTIES CONCERNING THE QLIKTECH MATERIALS AND THE SERVICES. EXCEPT FOR THE EXPRESS WARRANTIES STATED IN SECTION 4.1 AND TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE QLIKTECH MATERIALS AND SERVICES AND THIRD PARTY MATERIALS ARE PROVIDED "AS IS", AND QLIKTECH AND ITS AFFILIATES AND SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, CONDITIONS AND OTHER TERMS, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED (BY STATUTE, COMMON LAW OR OTHERWISE) INCLUDING, WITHOUT LIMITATION, AS TO THEIR ACCURACY, TIMELINESS, COMPLETENESS, RESULTS, PERFORMANCE, TITLE, NON-INFRINGEMENT, SATISFACTORY QUALITY, QUALITY OF INFORMATION, QUIET ENJOYMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, EVEN IF QLIKTECH HAS BEEN INFORMED OF SUCH PURPOSE, AND ANY REPRESENTATIONS, EXPRESS OR IMPLIED WARRANTIES OR OTHER TERMS ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR USAGE OF TRADE. ANY STATEMENTS OR REPRESENTATIONS ABOUT THE QLIKTECH MATERIALS, INCLUDING, WITHOUT LIMITATION, THEIR FEATURES OR FUNCTIONALITY, THE SERVICES OR ANY THIRD PARTY MATERIALS IN ANY COMMUNICATION WITH LICENSEE ARE FOR INFORMATION PURPOSES ONLY AND DO NOT CONSTITUTE A WARRANTY, REPRESENTATION OR CONDITION.

## Limitation of Liability

### Limitations of Liability.

Except for claims relating to death or bodily injury caused by QlikTech's negligence, QlikTech's and its suppliers' and Affiliates' maximum, cumulative liability for any damages arising under this Agreement, regardless of the form of action, whether in contract, tort (including but not limited to negligence or strict liability) or otherwise, shall in no event exceed the amount of fees received by QlikTech for Licensee's Use of the Software during the twelve (12) months preceding such claim.

Except for Licensee's: (i) non-compliance with the use restrictions contained within this Agreement or violation of any of QlikTech's Intellectual Property Rights; (ii) breach of its obligations under Section 7 (Confidentiality); (iii) breach of its obligations under Section 9.4 (Export Controls); (iv) negligence resulting in death or bodily injury; and/or (v) obligation to pay amounts owed to QlikTech hereunder, Licensee's maximum, cumulative liability for damages arising under this Agreement, regardless of the form of action, whether in contract, tort (including but not limited to negligence or strict liability) or otherwise, shall in no event exceed the amount of fees paid or payable by Licensee set forth in the terms of the Applicable Order.

No Consequential Damages. EXCEPT FOR LICENSEE'S: (I) NON-COMPLIANCE WITH THE USE

RESTRICTIONS CONTAINED WITHIN THIS AGREEMENT OR VIOLATION OF ANY OF QLIKTECH'S INTELLECTUAL PROPERTY RIGHTS; AND/OR (II) BREACH OF LICENSEE'S OBLIGATIONS PURSUANT TO SECTION 7 (CONFIDENTIALITY) OR SECTION 9.4 (EXPORT CONTROLS), IN NO EVENT SHALL EITHER PARTY OR ITS RESPECTIVE LICENSORS OR AFFILIATES BE LIABLE FOR ANY LOSS OF PROFITS OR REVENUES, LOSS OF SAVINGS, GOODWILL, REPUTATION OR DATA, INACCURACY OF ANY DATA, THE COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR SOFTWARE, OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES, HOWSOEVER ARISING AND REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE OR LOSS.

Nothing herein shall operate to impair or prejudice the U.S. Government's right (a) to recover for fraud or crimes arising out of or relating to this Agreement under any Federal fraud statute, including without limitation the False Claims Act (31 USC §§3729 through 3733) or (b) for any other matter for which liability cannot be excluded by law or (c) express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into the GSA Schedule 70 contract.

Third Party Beneficiaries. Under no circumstances shall any Affiliate of Licensee, Authorized Third Party, Authorized Contractor, or any other person be considered a third party beneficiary of this Agreement or otherwise entitled to any rights or remedies under this Agreement even if such Affiliates of Licensee, Authorized Third Party, Authorized Contractor or other persons are provided access to the QlikTech Materials pursuant to this Agreement.

THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SET FORTH IN THIS AGREEMENT SHALL

APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. EACH PARTY HEREBY DISCLAIMS ALL LIABILITY OF ANY KIND ON BEHALF OF ITS LICENSORS AND SUPPLIERS.

### **Term and Termination**

Term. This Agreement is effective as of the date specified by the terms of the Applicable Order and shall continue until terminated pursuant to this Section 6 or the terms of the Applicable Order.

Effect of Termination. Upon the effective date of termination of this Agreement according to this Section 6, all rights of Licensee, its Authorized Affiliates, Authorized Contractors and/or Authorized Third Parties with respect to the QlikTech

Materials shall immediately cease to be of any further force or effect. In addition, Licensee shall certify to QlikTech within ten (10) days following the effective date of such termination that Licensee has destroyed or has returned said materials and all copies thereof. Upon termination of this Agreement, each Party shall certify to the other Party within ten (10) days following the effective date of such termination that it has destroyed or returned all Confidential Information of the other Party. Termination of this Agreement shall not limit either Party from pursuing other remedies available to it nor shall such termination relieve Licensee of its obligation to pay all fees that have accrued prior to the effective date of such termination.

## Confidentiality

Each Party will protect the other's Confidential Information from unauthorized distribution and use with the same degree of care that each Party uses to protect its own like information, but in no event less than a reasonable degree of care. Neither Party will make the other Party's Confidential Information available in any form to third parties nor use the other Party's Confidential Information except as necessary to exercise its express rights or perform its express obligations under this Agreement. The receiving Party shall not circulate Confidential Information within its own organization or that of its Affiliates except to those employees or consultants who need to know such information in connection with the business relationship between the Parties. Notwithstanding the foregoing, the receiving Party may disclose Confidential Information of the disclosing Party to the extent that such information is required to be disclosed by the receiving Party as a matter of law; provided that the receiving Party uses all reasonable efforts to provide the disclosing Party with prior notice of such disclosure and to obtain a protective order therefore. The Parties agree to hold each other's Confidential Information in confidence during the term of this Agreement and for a period of five (5) years following any termination of this Agreement, provided, however, that Licensee's obligations hereunder shall survive and continue in effect thereafter with respect to any of QlikTech's Confidential Information that continues to be a trade secret under applicable law. All tangible Confidential Information shall be so marked.

## Audit

During the term of this Agreement and for a period of one (1) year thereafter, upon QlikTech's written request, but no more frequently than once annually, QlikTech or an independent and reputable agent or accounting firm chosen by QlikTech will be provided reasonable access during Licensee's normal business hours to examine Licensee's records and computer equipment as long as all security requirements are met, at QlikTech's expense, for the purpose of auditing Licensee's obligations under this Agreement. QlikTech's written request for audit will be submitted to Licensee at least fifteen (15) days prior to the specified audit date.

## General Provisions

Definitions. Unless otherwise defined herein, all capitalized terms used in this Agreement shall have the meanings given to them in this Section 9.1.

**"Affiliate"** means any entity which controls, is controlled by, or is under common control with QlikTech or Licensee, as applicable, where "control" means the legal, beneficial or equitable ownership of at least a majority of the aggregate of all voting equity interests in such entity, but only for so long as such control exists.

**"Authorized Affiliate"** means any Affiliate, Agency, or Department of Licensee that is authorized by Licensee to Use the Software, but only for so long as it constitutes and Affiliate of Licensee pursuant to Section 9.1.1. Upon request by QlikTech, Licensee agrees to confirm the Affiliate status of any particular entity and/or their authorization to Use the Software.

**"Authorized Contractor"** means any third party contractor(s) or service provider(s) authorized by Licensee to perform services for Licensee.

**"Authorized Third Party"** means any non-employee external third party of Licensee located outside of Licensee's firewall that is authorized by Licensee to Use the QlikView® Extranet Server in accordance with Section 1.1.1.

“**Client**” means a software application that invokes, typically via a network protocol, the software functions provided by one or more Servers.

“**Confidential Information**” means all business information disclosed by one Party to the other in connection with this Agreement. Without limiting the generality of the foregoing, Confidential Information shall include QlikTech Confidential Information. Confidential Information does not include information that: (i) enters the public domain through no fault of the receiving Party; (ii) is communicated to the receiving Party by

a third party under no obligation of confidentiality; (iii) has been independently developed by the receiving Party without reference or access to or use of any Confidential Information of the disclosing Party; or (iv) was in the receiving Party’s lawful possession prior to disclosure and had not been obtained either directly or indirectly from the disclosing Party.

9.1.7. “**Covered Jurisdiction**” means the United States of America.

9.1.8. “**Delivery Date**” means the date on which both the Software specified in the relevant Order Form is available for download by Licensee from QlikTech’s website and QlikTech delivers to Licensee the license keys therefor.

9.1.9. “**Initial Maintenance Period**” means the initial period of Maintenance purchased by Licensee for Software licensed pursuant to this Agreement, which shall commence on the Delivery Date and CONTINUE FOR AN INITIAL PERIOD OF TWELVE (12) MONTHS THEREAFTER.

9.1.10. “**INTELLECTUAL PROPERTY RIGHTS**” MEANS PATENT APPLICATIONS, PATENTS, DESIGN RIGHTS, COPYRIGHTS, TRADEMARKS, SERVICE MARKS, TRADE NAMES, DOMAIN NAME RIGHTS, MASK WORK RIGHTS, SUI GENERIS DATABASE RIGHTS, Rights in know-how and other trade secret rights, and all other intellectual property rights and forms of protection of a similar nature anywhere in the world.

9.1.11. “**Maintenance**” means the maintenance and support services and Updates provided by QlikTech pursuant to its then-current Maintenance policy.

9.1.12. “**QlikTech Confidential Information**” means any confidential or proprietary information which relates to QlikTech’s trade secrets, Software, source code for the Software, the Documentation, services, deliverables, training materials, technology, research, development, pricing, product plans, marketing plans, business information, proprietary materials visual expressions, screen formats, report formats, design features, ideas, methods, algorithms, formulae, and concepts used in the design and all future modifications and enhancements. QlikTech Confidential Information shall also include third party data or information that was disclosed to Licensee under a duty of confidentiality and any information, in whatever form, disclosed or made available by QlikTech to Licensee that relates to or is contained within QlikTech Materials that is not publicly known. All tangible Confidential Information shall be so marked.

9.1.13. “**QlikTech Materials**” means any proprietary materials distributed or made available by QlikTech to Licensee under this Agreement, including but not limited to Software, Documentation, training materials, QlikView® Applications any other deliverables related to Professional Services, but expressly excluding any Third Party Materials.

9.1.14. “**QlikView® Application**” means any program or other application (e.g., script) that is designed to integrate and be used with the Software and that allows Users to request, update and manipulate data which is displayed via the Software and to generate reports and other information from such data.

9.1.15. “**Server**” means the specific installed instance of the Software in execution on a given hardware/operating system combination (e.g., Sun/Solaris).

9.1.16. “**Service Release**” means an accumulation of error corrections (patches) to a current Version of the Software that QlikTech elects to make generally available to its customers who have purchased Maintenance. Service Releases are denoted by the numeral to the right of the decimal point (e.g., Version 11, Service Release 2 (or Version 11.2) compared to Version 11, Service Release 3 (or Version 11.3).

9.1.17. “**Services**” means Maintenance Services, which are provided or made available by QlikTech to Licensee.

9.1.18. “**Software**” means: (i) the initial Version(s) of QlikTech’s proprietary QlikView® software in object code form licensed in accordance with this Agreement; and (ii) subject to Licensee’s payment of Maintenance Fees, any Updates thereto made available to Licensee under this Agreement.

9.1.19. “**Update**” means any error corrections (patches), Service Releases and/or Versions, as the context requires, which QlikTech elects to make generally available to its customers at no additional charge who have a current Maintenance contract with QlikTech.

Updates do not include new or separate products, including, without limitation, any Versions, which QlikTech offers only for an additional fee to its customers generally, including, without limitation, those customers who have purchased Maintenance.

9.1.20. **“Use”** means to install and execute the Software (in object code form only) to request data, update data, administer any field changes to, or in connection with, the Software, as well as to View the number and types of documents specified in the terms of any Applicable Order, including, without limitation, reports and data as displayed via a QlikView® Application within the Software, all subject to the Documentation, license restriction, non-disclosure and other applicable terms of this Agreement.

9.1.21. **“User”** means any individual employee of Licensee, Authorized Contractor, Authorized Affiliate and/or Authorized Third Party, as the context requires.

9.1.22. **“Version”** means an entirely new version of the Software, which includes new as well as improved features and functionalities from the immediately preceding version of the Software, that QlikTech elects to make generally available to its customers who have purchased Maintenance. Versions are denoted by the numeral to the left of the decimal point (e.g. Version 10.0 compared to Version 9.0).

9.1.23. **“View”** means to view reports, data and other information as displayed via a QlikView® Application within the Software, but not to create, update or share any data, or administer any field changes to or in connection with the Software.

9.2. **Assignment.** Licensee will not assign or transfer this Agreement or its rights and obligations under this Agreement to any third party. Any attempt by Licensee to assign this Agreement or its rights and obligations hereunder in violation of this Section 9.2 will be null and void.

9.3. **Entire Agreement.** To the extent permitted by law, this Agreement supersedes all prior or contemporaneous Agreements or representations including, without limitation, all non-disclosure or confidentiality agreements, whether written or oral, concerning the rights and duties of QlikTech and the Licensee of the QlikTech Materials with respect to the Software License. No addition to, or modification of, any provision of this Agreement shall be binding upon QlikTech or the Licensee of the QlikTech Materials unless expressly stated in writing to amend the terms hereof and approved by a duly authorized representative of each Party. Licensee represents and acknowledges that in entering into this Agreement it did not rely on any representations (whether innocent or negligent), warranties, or terms other than those expressly set forth in the Documentation and this Agreement.

#### 9.4. **Export Controls.**

9.4.1. Licensee acknowledges that the license to use the Software hereunder may be subject to the export control laws of the United States which may include, without limitation, the United States Export Administration Regulations, the Trading With the Enemy Act, the International Emergency Economic Powers Act, the Arms Export Control Act and regulations promulgated by the United States Department of the Treasury's Office of Foreign Assets Control (**“OFAC”**), as amended from time to time (collectively, the **“Export Control Laws”**). Licensee agrees that all actions taken by Licensee in furtherance of fulfillment of this Agreement will be in compliance with applicable Export Control Laws. Licensee agrees to comply with all applicable Export Control Laws. In addition, Licensee agrees that it will not export, re-export, transfer or license any Software to any third parties that are named as a “Specially Designated National” or “Blocked Person” as designated by the OFAC (which is currently published under the Internet address <http://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>).

9.4.2. If Licensee knows, or if acting reasonably, should know, that the Software could be exported, transferred or licensed in a manner violating applicable Export Control Laws, Licensee shall immediately notify QlikTech. Furthermore, if QlikTech suspects or determines, in its sole and absolute discretion, that any sale of the Software to Licensee may violate applicable Export Control Laws, Licensee acknowledges and agrees that QlikTech may refuse to accept such order for the Software and such refusal will not be a breach of this Agreement.

9.5. **Compliance with Laws.** Licensee agrees at all times to comply with applicable laws and regulations in its performance of this Agreement, including, without limitation, the provisions of the United States' Foreign Corrupt Practices Act (**“FCPA”**).

9.6. **Governing Law and Jurisdiction.** This Agreement is governed by and construed in accordance with U.S. Federal law. Any suit, action or proceeding arising out of or relating to this Agreement shall be resolved by a court or administrative tribunal of competent jurisdiction.

9.7. **Notices.** All notices and other communications given or made pursuant to this Agreement, whether concerning a breach, violation or termination hereof or otherwise will be in writing and will be delivered: (i) by certified or registered mail; or (ii) by an internationally recognized express courier. All notices or other communications to QlikTech shall be addressed to: QlikTech Inc., 150 N. Radnor Chester Road, Suite E220, Radnor, PA 19087; Attention: Legal Department. All notices to Licensee shall be sent to the address specified in the Applicable Order.

9.8. **Relationship between the Parties.** QlikTech is an independent contractor. Nothing in this Agreement shall be construed to create an agency, joint venture, partnership, fiduciary relationship, joint venture or similar relationship between the Parties.

9.9. **Severability.** If any provision of this Agreement is invalid or unenforceable, that provision shall be construed, limited, modified or, if necessary, severed to the extent necessary to eliminate its invalidity or unenforceability, and the other provisions of this Agreement shall remain in full force and effect. Any term which refers to a legal concept or process which exists in one jurisdiction

shall be deemed to include a reference to the equivalent or analogous concept or process in any other jurisdiction in which this Agreement may apply or to the laws of which a Party may be or become subject.

9.10. Successors. All terms of this Agreement shall be binding upon, inure to the benefit of, and be enforceable by and against the respective successors and permitted assigns of QlikTech and Licensee.

9.11. Waiver. No term of this Agreement shall be deemed waived and no breach or default excused unless such waiver or excuse shall be in writing and signed by the Party issuing the same.

9.12. Limitation. To the extent permitted by law, no action, regardless of form, arising out of this Agreement may be brought by Licensee more than one (1) year after the cause of action arose.

9.13. US Government Rights: Commercial Computer Software – Use Governed by Terms of Standard Commercial License. If the Software or Documentation is acquired by or on behalf of a unit or agency of the United States Government, Licensee agrees that such Software or Documentation is “Commercial computer software” or “commercial computer software” or “commercial computer software documentation” and that, absent a written agreement to the contrary, the United States Government’s rights with respect to such Software or Documentation are limited by the terms specified in this Agreement, pursuant to FAR 12.212(a) and/or DFARS 227.7202-1(a), as applicable. The Software and Documentation have been developed exclusively at private expense, and have been available for license by members of the public.

Licensee shall obtain all necessary consents, permissions and authorizations to enable Vendor and/or its subcontractors to provide the Services and shall provide access to all staff and data necessary for Vendor’s performance of the Services. Licensee is responsible for the completeness and accuracy of all information, data and material provided by or on behalf of Licensee to Vendor.

Vendor may assign all or part of the Services to be performed hereunder to an affiliate or third party. Vendor retains the right to assign, reassign and substitute personnel at any time.

If the Services are to be performed at Licensee’s location: (i) Licensee will provide, and shall ensure it has all rights to provide, all necessary working facilities (including, but not limited to, meeting facilities, desks, computers, software, hardware, equipment, telephone, facsimile, internet access, and access to the applicable locations, computers and systems of Licensee) to enable Vendor to perform the Services at Licensee’s premises; (ii) Licensee shall ensure that the premises at which the Services are to be carried out comply at all times with all applicable legislation, including but not limited to, any applicable health or safety laws, rules and regulations; and (iii) ensure that its employees and contractors cooperate fully with Vendor in relation to the provision of the

Services;

Only upon agreement by the parties, Licensee may be responsible for all reasonable travel and living expenses incurred in connection with the Services, as per the then current US Government per diem rates.

Services are conducted and billed on an hourly basis. Any reference to Days or Daily is equal to eight (8) hours of service.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE CONSULTING SERVICES ARE PROVIDED “AS IS”, AND

VENDOR, ITS SUPPLIERS, LICENSORS AND SUBCONTRACTORS AND THEIR RESPECTIVE AFFILIATES AND SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, CONDITIONS AND OTHER TERMS, WHETHER EXPRESS OR IMPLIED (BY STATE COMMON LAW OR OTHERWISE) INCLUDING WITHOUT LIMITATION, AS TO THEIR ACCURACY, TIMELINESS, COMPLETENESS, RESULTS, TITLE, NON-INFRINGEMENT, SATISFACTORY QUALITY, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, EVEN IF ANY OF THE FOREGOING ENTITIES HAS BEEN INFORMED OF SUCH PURPOSE, AND ANY REPRESENTATIONS, WARRANTIES OR OTHER TERMS ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE.

EXCEPT FOR DEATH OR PERSONAL INJURY CAUSED BY ITS NEGLIGENCE, VENDOR’S, ITS SUPPLIERS’

LICENSORS AND SUBCONTRACTORS AND THEIR RESPECTIVE AFFILIATES’ AGGREGATE AND CUMULATIVE LIABILITY FOR DAMAGES (REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT (INCLUDING BUT NOT LIMITED TO NEGLIGENCE) OR OTHERWISE) SHALL IN NO EVENT EXCEED THE AMOUNT OF FEES PAID BY LICENSEE FOR THE APPLICABLE SERVICES WHICH GAVE RISE TO THE CLAIM. IN NO EVENT SHALL EITHER PARTY OR ITS RESPECTIVE SUPPLIERS, RESELLERS, SUBCONTRACTORS OR AFFILIATES BE LIABLE FOR ANY LOSS OF PROFITS OR REVENUES, SAVINGS, GOODWILL, DATA OR INACCURACY OF ANY DATA OR COST OF SUBSTITUTE GOODS OR SOFTWARE REGARDLESS OF THE THEORY OF LIABILITY OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES OR LOSS, HOWSOEVER ARISING, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE OR LOSS. THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SET FORTH IN THESE TERMS SHALL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. The foregoing

exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from vendor's negligence; (2) for fraud; (3) for any other matter for which liability cannot be excluded by law or (4) express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into the GSA Schedule 70 contract.

Vendor, or its suppliers, subcontractors, licensors and their respective affiliates, own and retain all right, title and interest in and to the Consulting Services and the deliverables provided, including all patents, trademarks (registered or unregistered), trade names, copyrights, trade secrets and any Confidential Information which Vendor may disclose. Licensee does not acquire any right, title or interest in or to any Services or deliverables.

Licensee acknowledges and agrees that all intellectual property associated with the Services and any other nonpublic information of a technical or commercial nature concerning the Services constitute the proprietary and confidential information and trade secrets of Vendor or its suppliers, licensors or subcontractors ("Confidential Information"). Licensee will protect such information from unauthorized distribution and use with the same degree of care that it uses to protect its own like information, but in no event less than a reasonable degree of care. Licensee shall not circulate Confidential Information within its own organization nor that of its Affiliates except to those employees or consultants who need to know such information in connection with the business relationship between the parties. All tangible Confidential Information shall be so marked.

Licensee acknowledges and agrees that any Services to be held at Licensee's location have been reserved specifically for Licensee. Any cancellation or rescheduling of any such on-site Services requires at least ten (10) business days' written notice prior to the date of the scheduled Consulting Services. No refunds of any Consulting Services fees will be given for any cancellation made less than ten (10) business days prior to the scheduled Consulting Services date.

### **Exhibit Training Terms**

All Training is subject to space availability and Vendor or its suppliers or subcontractors scheduling requirements. Licensee shall promptly complete all registration or information forms required for any Training. Prior to the start date of any Private or Onsite Training, Licensee shall provide to Vendor the list of participants scheduled to attend such Training. In the event that a scheduled participant is unable to attend a Training Course due to illness or a new role at Licensee, or if such participant is no longer employed by Licensee, Licensee may substitute another participant for such Training Course upon prior written notice to Vendor of such new participant's contact details.

Cancellations and requests by Licensee to reschedule Public Classroom, Private Classroom, Onsite Classroom, Virtual Private or Virtual Public Classroom Training must be made at least ten (10) business days prior to the applicable Training start date in order to receive a full refund (excluding any nonrefundable Vendor expenses). If Licensee has paid by Training Credit Voucher, such refund shall be credited to Licensee's applicable Voucher number. No refunds or credits whatsoever shall be granted in the event such cancellation or rescheduling request is made less than ten (10) business days prior to the start date of the Training.

Each purchased Voucher entitles Licensee to a specific number of training credits ("Training Credit(s)"). Training Credit values are calculated based on the currency and location in which they are purchased, and may only be used by the Licensee entity that purchased such Voucher. Vouchers and Training Credits are non-refundable, and cannot be exchanged for cash or other credits. A Voucher shall be activated by Vendor or its subcontractor upon purchase thereof by Licensee, and shall be identified by a specific Voucher number. Each Training course shall have a cost denominated in Training Credits. All Training ordered, registered for, or attended on Licensee's behalf that are paid for via a Voucher will incur the applicable reduction in the Training Credit value of such Voucher equal to the value of Training courses ordered at the time of registration or payment. If the applicable charge for a Training course is greater than the unused Training Credits connected with Licensee's Voucher, such Training Credits may be applied against such Training course, and Licensee shall be responsible for payment of the additional charges for such Training Course. If Licensee's proposed Private and/or Onsite Classroom Training Course exceeds the maximum number of participants, and Vendor agrees to accommodate any additional participants, an additional amount of Training Credits may be required to be redeemed for such course. Licensee's order of such training constitutes Licensee's acceptance to the use of additional Training Credits for any additional participants.

Voucher Training Credits are valid for a period of twelve (12) months from date of purchase ("Voucher Term"). All Training Credits must be used for Training Courses that occur during the Voucher Term. To the extent permitted by law, and except as otherwise expressly provided herein, at the end of the Voucher Term, any remaining, unused Training Credits under the applicable Voucher

number shall expire and shall be forfeited. No refunds shall be provided for any remaining, unused Training Credits following expiration of the Voucher Term. Vendor and its subcontractors are not responsible for a lost, expired, or invalid Voucher number. In order to obtain a replacement, Licensee must provide valid proof of purchase. Licensee shall have no right to transfer or assign any Voucher or Training Credits to any affiliate or third party.

Vendor reserves the right to reschedule or cancel a Training due to low enrollment or if necessitated by an emergency or other unforeseen circumstances. Licensee shall receive full credit for such course, which may be used before the expiration of the applicable Voucher Term or within ninety (90) days following the date of Vendor's notice of cancellation or rescheduling, whichever is later. Vendor and its subcontractors shall not be liable for non-refundable travel arrangements made by Licensee in the event of a course rescheduled or cancelled by Vendor.

If Licensee attends Training at a Vendor or its subcontractor location or training center, Licensee shall be responsible to comply with all of policies and procedures that have been identified to Licensee, including but not limited to health and safety, access to equipment and systems, and confidentiality (collectively, "Policies" or individually, a "Policy"). Vendor reserves the right to remove from any Training or refuse to admit to any Training any participant who is not in compliance with any Policy. Licensee agrees to provide timely feedback to Vendor following completion of each Training event, which may include satisfaction forms, customer surveys or evaluations (collectively,

"Feedback"). To the extent that Licensee provides any Feedback or any other suggestions, data, information, comments or ideas with respect to the products and services (individually and collectively "Contributions"), Licensee acknowledges and agrees that any and all Contributions made by Licensee or any of its participants shall be deemed the confidential and proprietary property of Vendor's licensor, QlikTech. . Licensee expressly assigns, transfers and conveys all right, title and interest in and to the Contributions to QlikTech. Licensee agrees that QlikTech and its designees will be free to use, copy, modify, create derivative works, publicly display, disclose, distribute, license and sublicense through multiple tiers of distribution and licensees, incorporate and otherwise use and exploit the Contributions, including derivative works thereto, for any and all commercial and non-commercial purposes, without any liability or obligation to Licensee whatsoever.

If required for any Training, Vendor shall provide the applicable participants with an evaluation version of QlikTech's proprietary QlikView software to use during a live public or private classroom Training Course for instructional purposes only (the "Training Software") and such right to use the Training Software shall automatically terminate upon conclusion of the applicable Training Course. Attendance at a Training does not entitle any Licensee or participant to any license whatsoever to any QlikView Software.

The QlikView On-Demand Technical Library is accessible only by the purchase of a twelve (12) month QlikView On-Demand Technical Library License (the "Technical Library License"). If Licensee has selected a Technical Library License, then subject to Licensee's compliance with these terms, Vendor grants to Licensee a personal, limited, non-assignable, time-limited, non-exclusive, and non-transferable license, without the right to sublicense, to use the Technical Library License solely for Licensee's personal training and education. The term of the Technical Library License shall commence on the date of Vendor's email confirmation of the purchase of such license and shall automatically terminate twelve (12) months following such date.

In connection with Training, Vendor may distribute to participants QlikTech-branded Training materials, in printed form or other medium

("Course Materials"). Subject to Licensee's compliance with these terms, Licensee is granted a personal, limited, non-assignable, non-exclusive, and non-transferable right, without the right to sublicense, to use the Course Materials solely for Licensee's personal training and education. Licensee may not copy, reproduce, modify, rent, lease, distribute, sell, sublicense, transfer or use in any way except for in accordance with the limited right granted herein the Course Materials, the Training or any part thereof. Licensee may use the information contained in the Course Materials and the Training Courses solely for education purposes only and may not disclose or make available to any person any information contained therein, except to others who have also rightfully received the same Course Materials or Training. Except for the limited right to use granted herein, all rights in and to the Training Courses and the Course Materials, and all copies thereof, are retained by QlikTech and its licensors, including, without limitation, all patent rights, copyrights, trademark rights and trade secret rights. Licensee shall not remove or alter any copyright or other proprietary rights notice of QlikTech and/or its licensors in or on the Course Materials. All Training and Course Materials and the intellectual property rights associated therewith are and will remain at all times the sole and exclusive property of QlikTech and its affiliates and licensors, and Licensee has no right, title or interest in or to the Training, Course Materials or the intellectual property associated therewith.

Licensee may download the On-Demand (e-learning) Training from a secure server via the FTP transmission and password(s) provided by QlikTech (the "Credentials"). Licensee is responsible to create a maximum of two (2) profiles with a unique password for each authorized participant for use in accessing the On-Demand (e-learning) Training. Licensee acknowledges and agrees that the Credentials, profile information and password are confidential and that Licensee may not provide the Credentials, profile information or password to any other parties. NOTE: THE INSTALLATION OF THE ON-DEMAND (E-LEARNING) TRAINING COURSES WILL INSTALL FILES

NECESSARY TO OPERATE THE ON-DEMAND (E-LEARNING) TRAINING COURSES ONTO LICENSEE'S COMPUTER. UNINSTALLING THE TRAINING COURSES WILL NOT REMOVE ALL OF THE INSTALLED FILES OR REGISTRY ENTRIES. AS WITH ALL INSTALLATIONS, IT IS RECOMMENDED THAT LICENSEE BACK UP ITS HARD DRIVE BEFORE INSTALLING ANY TRAINING COURSE. LICENSEE SHALL BE RESPONSIBLE FOR INSTALLATION OF ALL FILES NECESSARY TO OPERATE THE TRAINING COURSES. QLIKTECH WILL NOT BE RESPONSIBLE FOR ISSUES ASSOCIATED WITH THE DOWNLOAD AND/OR INSTALLATION PROCESS.

Licensee acknowledges and agrees that the intellectual property associated with the Training and the Course Materials, and any other nonpublic information of a technical or commercial nature concerning QlikTech or the Training and the Course Materials disclosed to Licensee in connection with these Education Terms constitute QlikTech's proprietary information and trade secrets, and Licensee agrees to hold such information in strict confidence, and not disclose or otherwise share the Training or Course Materials or any other confidential information with any third party except as expressly provided in these terms.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE COURSE MATERIALS AND TRAINING ARE PROVIDED "AS IS".

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, VENDOR, ITS SUPPLIERS, LICENSORS AND SUBCONTRACTORS AND THEIR RESPECTIVE AFFILIATES AND SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, CONDITIONS AND OTHER TERMS, WHETHER EXPRESS OR IMPLIED (BY STATUTE, COMMON LAW OR OTHERWISE). VENDOR DOES NOT WARRANT THAT: (I) THE COURSE MATERIALS OR ANY TRAINING WILL MEET LICENSEE'S OR ITS PARTICIPANTS' REQUIREMENTS; OR (II) THE CONTENT OF ANY COURSE MATERIALS OR ANY TRAINING WILL BE ERROR FREE. IN NO EVENT SHALL QLIKTECH OR ITS AFFILIATES OR SUPPLIERS BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, SPECIAL, OR PUNITIVE DAMAGES OR LOSSES OF ANY KIND ARISING UNDER ANY THEORY OF LIABILITY (INCLUDING TORT), INCLUDING WITHOUT LIMITATION DAMAGES OR LOSSES FOR LOSS OF PROFITS, BUSINESS INTERRUPTION, LOSS OR CORRUPTION OF BUSINESS DATA OR INFORMATION, OR OTHER PECUNIARY LOSS, EVEN IF ANY OF VENDOR, ITS SUPPLIERS, LICENSORS AND SUBCONTRACTORS THEIR RESPECTIVE ITS AFFILIATES HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. MAXIMUM AGGREGATE LIABILITY FOR ANY EDUCATION SERVICES (REGARDLESS OF THE FORM OF ACTION, VENDOR, ITS SUPPLIERS, LICENSORS AND SUBCONTRACTORS THEIR RESPECTIVE ITS AFFILIATES WHETHER IN CONTRACT, TORT, OR OTHERWISE) SHALL BE LIMITED TO DIRECT DAMAGES NOT TO EXCEED THE AMOUNT ACTUALLY PAID BY LICENSEE (EXCLUDING ANY EXPENSES) FOR THE APPLICABLE EDUCATION SERVICES GIVING RISE TO THE LIABILITY. THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SET FORTH IN THESE TERMS SHALL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

## QLIK USER LICENSE AGREEMENT

### 1. USE RIGHTS

**1.1. License.** Subject to the terms and any applicable restrictions in the Agreement, Qlik hereby grants to the Ordering Activity under GSA Schedule contracts ("Licensee" or "Ordering Activity") a world-wide, non-exclusive, nontransferable and non-sublicensable right for its Authorized Users to use Qlik Products solely for its internal business operations and in accordance with the Documentation and Order Form.

**1.2 Subscription.** If Qlik Products are ordered on a subscription basis, the right to access and use the Qlik Products is valid only for the subscription period and in the quantities identified in an Order Form. The initial subscription period begins upon delivery of the license key.

**1.3 External Use.** Qlik Products for which external use is permitted in the Documentation or Order Form, may be accessed and used by third parties authorized by Licensee or its Affiliates ("Authorized Third Parties") provided that (i) Authorized Third Parties may only use Qlik Products with information or data created or maintained by Licensee or its Affiliates incidental to their business relationship with each such Authorized Third Party; and (ii) such use is in accordance with the Documentation and Order Form. For the avoidance of doubt, external use is subject to the restrictions in Section 1.4 below. Licensee is directly responsible for any use of the Qlik Products by Authorized Third Parties not in accordance with this Agreement.

**1.4. Use Restrictions.** Except as expressly permitted by this Agreement, Licensee will not permit or authorize anyone to:

**1.4.1.** copy, decompile, disassemble or reverse engineer or otherwise attempt to extract or derive the source code or any methods, algorithms or procedures from the Software, or modify, adapt, translate or create derivative works based upon the Qlik Products except as otherwise expressly permitted by applicable law;

**1.4.2.** transfer or reassign a named user license in such a manner that enables multiple users to share such license in excess of the authorized quantity of named user licenses;

**1.4.3.** use, offer or otherwise exploit the Qlik Products, whether or not for a fee, by acting in any way as an independent software Qlik, application service provider, managed service provider (MSP), SaaS provider, service bureau system integrator, data provider, marketing service provider, or similar business model. Such usage is only permitted through a separate OEM, MSP, or other written agreement with Qlik;

**1.4.4.** use the Qlik Products in any manner that competes with Qlik, including but not limited to, benchmarking, collecting and publishing data or analysis relating to the performance of the Qlik Products, or developing or marketing a product that is competitive with any Qlik Product or service;

**1.4.5.** remove any copyright, trademark or other proprietary notice from the Qlik Products; or

**1.4.6.** alter or circumvent any product, key or license restrictions or limitations on Qlik Products to exceed purchased quantities or to defeat any restrictions on access or use.

**1.5. Retention of Rights; Access and Security.** The Qlik Products provided hereunder are licensed, not sold. To the extent not expressly licensed to Licensee hereunder, Qlik, its Affiliates, and their respective suppliers or licensors where applicable, reserve and retain all right, title and interest in and to the Qlik Products and all intellectual property rights embodied therein, as well as all trademarks, service marks, product names and trade names of Qlik and its Affiliates (collectively the "Marks"). Licensee shall maintain reasonable technical and procedural access controls and system security to safeguard the Qlik Products and Documentation and shall be directly responsible for any violations of this Agreement by anyone that it or any of its Affiliates has allowed to access the Qlik Products.

**1.6. Feedback.** Licensee is not obligated to provide Qlik with any suggestions or feedback about the Qlik Products, but if Licensee elects to do so, Qlik may use and modify this feedback for any purpose, including developing and improving the Qlik Products, without any liability, restriction, or payment to Licensee. Qlik shall not refer to this Agreement in commercial advertising or similar promotions in such a manner as to state or imply that the product or service provided is endorsed or preferred by the White House, the Executive Office of the President, or any other element of the Federal Government, or is considered by these entities to be superior to other products or services.

### 2. MAINTENANCE AND SERVICES

**2.1.** Maintenance and support for the Qlik Products ("Maintenance") will be made available to Licensee in accordance with Qlik's attached Maintenance Policy (Exhibit B), subject to Licensee's payment of the applicable fees for such services in accordance with the GSA Pricelist. Where Licensee receives Maintenance from a Qlik-authorized reseller, such Maintenance will be provided pursuant to a separate written agreement between Licensee and the applicable reseller.

**2.2** Maintenance is included with paid subscriptions of Qlik Products. For all other license types, Licensee is required to purchase Maintenance with its initial Software purchase for a minimum twelve-month period following the Delivery Date (the "Initial Maintenance Period").

**2.3.** Qlik may provide Consulting Services to Licensee pursuant to a written Statement of Work, which scope shall be limited to implementation, configuration and Software enablement services provided on a time and materials basis. Licensee retains all right, title and interest in and to its proprietary data ("Licensee Data"), including all data that Licensee elects to integrate into the Qlik Products or to display within a dashboard created with the Software. Qlik retains all right, title and interest in and to the Qlik Products and all deliverables resulting from performance of the Consulting Services, including all methodologies, designs, improvements to the Qlik Products, and know how, but excluding any Licensee Data incorporated into any such deliverable. Qlik hereby grants Licensee a non-exclusive license to use any deliverables or work product created hereunder in connection with Licensee's authorized use of the Qlik Products. Any Consulting Services purchased directly from Qlik will be provided in accordance with this Agreement and the Consulting Services Terms attached as Exhibit D.

**2.4** Qlik may provide Education Services to Licensee in accordance with this Agreement and the Education Services Terms attached as Exhibit C.

**2.5** If Licensee orders, activates or otherwise uses DataMarket, Web Connectors, GeoAnalytics or the Smart Analytics Adapter (collectively "Subscription Services") which rely upon third party APIs or data, such use shall be governed by the terms of this Agreement and the subscription services addendum attached as Addendum A.

**2.6** Qlik Products do not include Consulting or Education Services. Payment of fees for Qlik Products shall not be contingent under any circumstances upon the performance of any Consulting or Education Services.

### **3. WARRANTIES AND DISCLAIMERS**

**3.1.** Qlik warrants that the initial version of the Software delivered under this Agreement will, for a period of ninety (90) days from its Delivery Date ("Warranty Period"), operate substantially in conformity with its applicable Documentation. Licensee is deemed to have accepted the Software on the Delivery Date. Licensee must assert any claim for breach of this warranty within the Warranty Period. Licensee's exclusive remedy and Qlik's sole liability with regard to any breach of this warranty will be, at Qlik's option and expense, to either: (i) repair or replace the nonconforming Software; (ii) if the Software was obtained by purchase (and not as a result of a conversion from a previously purchased Qlik Product), refund to Licensee the fees paid by Licensee for the non-conforming Software; or (iii) if the Software was obtained as a result of conversion from a previously purchased Qlik Product, require the Software to be uninstalled by Licensee and reversion to the prior Qlik Product.

**3.2.** If Qlik elects to refund the applicable fee paid for the non-conforming Software pursuant to Section 3.1(ii), then: (i) Licensee shall promptly return or demonstrate to Qlik's reasonable satisfaction that it has destroyed the nonconforming Software and any other related materials provided by Qlik; and (ii) the licenses for such non-conforming Software will automatically terminate.

**3.3.** Qlik will have no liability for any warranty claim, or any obligation to correct any defect or problem with the Software, to the extent that it arises out of: (i) any use of the Software not in accordance with the Documentation; (ii) any unauthorized modification or alteration of the Software; or (iii) any use of the Software in combination with any third-party software or hardware not specified in the Documentation.

**3.4.** Qlik warrants that Consulting Services will be performed using reasonable care and skill consistent with generally accepted industry standards. For any claimed breach of this warranty, Licensee must notify Qlik of the warranty claim within ten (10) business days of Licensee's receipt of the applicable Consulting Services. Licensee's exclusive remedy and Qlik's sole liability with regard to any breach of this warranty will be, at Qlik's option and expense, to either: (i) re-perform the non-conforming Consulting Services; or (ii) refund to Licensee the fees paid for the non-conforming Consulting Services. Licensee shall provide reasonable assistance to Qlik in support of its efforts to furnish a remedy for any breach of this warranty.

**3.5.** EXCEPT AS EXPRESSLY SET FORTH IN SECTIONS 3.1, AND 3.4, QLIK MAKES NO WARRANTIES WITH RESPECT TO THE QLIK PRODUCTS OR ANY OTHER SUBJECT MATTER OF THIS AGREEMENT AND HEREBY DISCLAIMS ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO WARRANTIES OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY, SATISFACTORY QUALITY, AND FITNESS FOR A PARTICULAR PURPOSE (EVEN IF QLIK HAS BEEN INFORMED OF SUCH PURPOSE). QLIK DOES NOT WARRANT THAT THE QLIK PRODUCTS WILL BE ENTIRELY FREE FROM DEFECTS OR OPERATE UNINTERRUPTED OR ERROR FREE.

**3.6** Reserved.

### **4. Fees and Taxes.**

Licensee shall pay any fees due in accordance with the payment terms set forth in the Order Form or Statement of Work entered into between Ordering Activity and the GSA Schedule holder in accordance with the GSA Pricelist.

### **5. LIMITATION OF LIABILITY**

**5.1. Limitation of Liability.** Except for: (i) death or bodily injury caused by a Party's negligence; (ii) for fraud; (iii) for any other matter for which liability cannot be excluded by law; (iv) breach of Section 9.7; (v) each Party's indemnification obligations under this Agreement; and (vi) Licensee's violation of Qlik's intellectual property rights, each Party's maximum, cumulative liability for any claims, losses, costs and other damages arising under or related to this Agreement, regardless of the form of action, whether in contract, tort (including but not limited to negligence or strict liability) or otherwise, will be limited to actual damages incurred, which will in no event exceed the price reflected in the Order Form for the products or services giving rise to the damage.

**5.2. Exclusion of Damages.** IN NO EVENT WILL QLIK, ITS AFFILIATES, OR RESPECTIVE SUPPLIERS OR LICENSORS BE LIABLE FOR ANY LOSS OF SAVINGS, PROFITS OR REVENUES, LOSS OR CORRUPTION OF DATA, GOODWILL, OR REPUTATION, INACCURACY OF ANY DATA, THE COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR SOFTWARE, OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES, HOWSOEVER ARISING AND REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE OR LOSS.

**5.3.** THE LIMITATIONS, EXCLUSIONS AND DISCLAIMERS CONTAINED IN THIS AGREEMENT ARE INDEPENDENT OF ANY AGREED REMEDY SPECIFIED IN THIS AGREEMENT, AND WILL APPLY TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY AGREED REMEDY IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. TO THE EXTENT THAT QLIK MAY NOT, AS A MATTER OF LAW, DISCLAIM ANY WARRANTY OR LIMIT ITS LIABILITIES, THE SCOPE OR DURATION OF SUCH WARRANTY

AND THE EXTENT OF QLIK'S LIABILITY WILL BE THE MINIMUM PERMITTED UNDER SUCH LAW. IF A WAIVER, RIGHT, OR REMEDY IS EXERCISED PURSUANT TO MANDATORY LAW, IT SHALL BE EXERCISED SOLELY FOR THE PURPOSE PROVIDED AND IN CONFORMANCE WITH THE PROCEDURES AND LIMITATIONS EXPRESSLY PROVIDED FOR BY SUCH LAW.

**5.4. No Third Party Beneficiaries.** The warranties and other obligations of Qlik under this Agreement run only to, and for the sole benefit of Licensee, notwithstanding any rights to access or use the Software the Licensee may grant its Authorized Users or Authorized Third Parties. Except as otherwise mandated by applicable law, no other person or entity will be considered a third party beneficiary of this Agreement or otherwise entitled to receive or enforce any rights or remedies in relation to this Agreement.

## **6. INTELLECTUAL PROPERTY INFRINGEMENT INDEMNIFICATION**

**6.1. Indemnification.** Qlik shall indemnify, defend and hold harmless Licensee against any IP Claims, provided that Licensee (i) promptly notifies Qlik in writing of such IP Claim; (ii) allows Qlik to have sole control of the defense and any related settlement negotiations; and (iii) provides Qlik with such information, authority and assistance necessary for the defense or settlement of the IP Claim.

**6.2. Exceptions.** Qlik will not be liable for any IP Claim arising from or based upon: (i) any unauthorized use, reproduction or distribution of the Software; (ii) any modification or alteration of the Software without the prior written approval of Qlik; (iii) use of the Software in combination with any other software or hardware not provided by Qlik; (iv) use of a prior version of the Software, if use of a newer version of the Software would have avoided such claim and such newer version is made available without charge; or (v) any Third Party Materials provided with the Software.

**6.3 Remedies.** If Software becomes, or, in Qlik's opinion, is likely to become, the subject of an IP Claim, Qlik may, at its option and expense, either: (i) obtain the right for Licensee to continue using the Software in accordance with this Agreement; (ii) replace or modify the Software so that it becomes non-infringing while retaining substantially similar functionality; or (iii) if neither of the foregoing remedies can be reasonably effected by Qlik, terminate the license(s) for the subject Software (without need for a ruling by a court or arbitrator) and refund as applicable a pro rata portion of prepaid subscription fees, or license fees amortized over three (3) years on a straight-line basis, provided that such Software is returned to Qlik promptly after the effective date of any such termination.

**6.4 SOLE AND EXCLUSIVE REMEDY.** THIS SECTION 6 STATES QLIK'S SOLE AND ENTIRE OBLIGATION AND LIABILITY, AND LICENSEE'S AND ITS AFFILIATES' SOLE AND EXCLUSIVE RIGHT AND REMEDY, FOR INFRINGEMENT OR VIOLATION OF INTELLECTUAL PROPERTY RIGHTS.

## **7. CONFIDENTIALITY**

Each Party will hold in confidence the other Party's Confidential Information and will not disclose or use such Confidential Information except as necessary to exercise its express rights or perform its express obligations hereunder. Any Party's disclosure of the other Party's Confidential Information may be made only to those of its employees or consultants who need to know such information in connection herewith and who have agreed to maintain the Confidential Information as confidential as set forth herein. Notwithstanding the foregoing, a Party may disclose the other Party's Confidential Information to the extent that it is required to be disclosed in accordance with an order or requirement of a court, administrative agency or other governmental body, provided that such Party, to the extent permitted by law, provides the other Party with prompt notice of such order or requirement in order that it may seek a protective order. Each Party's confidentiality obligations hereunder will continue for a period of five (5) years following any termination of this Agreement, provided, however, that each Party's obligations will survive and continue in effect thereafter with respect to, and for so long as, any Confidential Information continues to be a trade secret under applicable law. The Parties acknowledge and agree that the Qlik Products and all pricing information shall be treated as the Confidential Information of Qlik. Qlik recognizes that U.S. Government agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which can result in certain information being released, despite being identified as "confidential," subject to procedural requirements of the Act which include notice, the right to present arguments, and the right to appeal a disclosure decision.

## **8. TERM AND TERMINATION**

**8.1. Term.** This Agreement shall become effective as of the date the Parties execute an Order Form and shall remain in effect until terminated (i) pursuant to a breach as set forth in Section 8.3, or (ii) automatically upon expiration of all rights to use any Qlik Products pursuant to one or more Order Forms.

**8.2.** Reserved.

**8.3. Termination for Breach or Insolvency.** (a) If the Licensee is not an agency of the U.S. Government, either Party may terminate this Agreement or any applicable Order Form, individual Software licenses, subscriptions or Statements of Work (without resort to court or other legal action) if the other Party: (i) fails to cure a material breach within thirty (30) days (ten (10) days in the case of non-payment by Licensee) after written notice of such breach, provided that Qlik may terminate this Agreement immediately upon any breach of Section 1.4; (ii) terminates or suspends its business without a successor; (iii) becomes insolvent, admits its inability to pay its debts as they become due, makes an assignment for the benefit of creditors, or becomes subject to control of a trustee, receiver or similar authority; or (iv) becomes subject to any bankruptcy or insolvency proceeding. (b) When the End User is an agency or instrumentality of the U.S. government, any alleged breach of this Agreement must be brought as a dispute under the Contract Disputes Act or pursuant to other federal laws or regulations conferring jurisdiction over the matter at issue. During any legal dispute, Qlik shall proceed diligently with performance of this Agreement, pending final resolution.

**8.4. Effect of Termination.** Upon termination of this Agreement or any Qlik Product license, Licensee shall: (i) immediately cease using the applicable Qlik Products, including the Software API and Documentation; and (ii) certify to Qlik within thirty (30) days after expiration or termination that Licensee has destroyed or has returned to Qlik all copies of the applicable Software, any associated license keys, the Documentation and all other Qlik Confidential Information in its possession. Termination of this Agreement or any licenses shall not prevent either Party from pursuing all available legal remedies, nor shall such termination relieve Licensee's obligation to pay all fees that are owed as of the effective date of termination. All provisions of this Agreement relating to Qlik's ownership of the Qlik Products, limitations of liability, disclaimers of warranties, confidentiality (for the time periods specified in this Agreement), waiver, audit and governing law and jurisdiction, will survive the termination of this Agreement.

## 9. GENERAL PROVISIONS

**9.1. Definitions.** Unless defined elsewhere in this Agreement, the capitalized terms utilized in this Agreement are defined below.

**9.1.1 "Affiliate"** means, with respect to a Party, any entity which controls, is controlled by, or is under common control with such Party, where "control" means the legal, beneficial or equitable ownership of at least a majority of the aggregate of all voting equity interests in such entity, but only for so long as such control exists.

**9.1.2 "Agreement"** means this Qlik User License Agreement and any Order Form(s) and Statement(s) of Work between Qlik and Licensee that reference it.

**9.1.3 "Authorized User"** means an employee or independent contractor of the Licensee or Licensee's Affiliate, who has been authorized by Licensee to use the Qlik Products in accordance with the terms and conditions of this Agreement and has been allocated a license for which the applicable fees have been paid.

**9.1.4 "Confidential Information"** means non-public information that is disclosed by or on behalf of a Party under or in relation to this Agreement that is identified as confidential at the time of disclosure or should be reasonably understood to be confidential or proprietary due to the nature of the information and/or the circumstances surrounding its disclosure. Confidential Information does not include information which, and solely to the extent it: (i) is generally available to the public other than as a result of a disclosure by the receiving Party or any of its representatives; (ii) was known to the receiving Party prior to the date hereof on a non-confidential basis from a source other than disclosing Party or its representatives; (iii) is independently developed by the receiving Party without the benefit of any of the disclosing Party's Confidential Information; (iv) becomes lawfully known to the receiving Party on a non-confidential basis from a source (other than disclosing Party or its representatives) who is not prohibited from disclosing the information to the receiving Party by any contractual, legal, fiduciary or other obligation; or (v) was disclosed by the disclosing Party to a third party without an obligation of confidence. In any dispute concerning the applicability of these exclusions, the burden of proof will be on the receiving Party and such proof will be by clear and convincing evidence.

**9.1.5 "Consulting Services"** means any mutually agreed upon consulting services performed by Qlik under the terms of this Agreement and any applicable Order Form or Statement of Work.

**9.1.6 "Delivery Date"** means the date on which both the Qlik Products specified in the relevant Order Form and the license key(s) for such Products are initially made available (via download or otherwise) to the Licensee or to the authorized reseller as applicable.

**9.1.7 "Documentation"** means the then-current user documentation for the Qlik Products, including the license metrics. Documentation is available upon the request of Licensee at any time or upon Software download or service completion.

**9.1.8 "Education Services"** means any training or education services performed by Qlik under the terms of this Agreement and any applicable Order Form or Statement of Work.

**9.1.9 "IP Claim"** means a claim by a third party against Licensee or its Affiliates that the Software, as delivered by Qlik, infringes a third party copyright or trademark, infringes a patent issued by the United States, Canada, Australia, Japan, Switzerland, Singapore, Hong Kong, India, or any member country of the European Economic Area, or misappropriates a third party trade secret.

**9.1.10 "Order Form"** means a written document, executed by the Parties, pursuant to which Licensee orders Qlik Products, Education Services or Consulting Services. Where Qlik Products are procured through one of Qlik's authorized resellers, an Order Form shall also mean any terms governing the use of any of the foregoing in the ordering documentation existing between such authorized reseller and Licensee, which may include a purchase order.

**9.1.11 "Party" or "Parties"** means Qlik and Licensee, individually and collectively, as the case may be.

**9.1.12 "Software"** means the generally available release of the Qlik software, in object code form, initially provided or made available to Licensee as well as updates thereto that Qlik elects to make available at no additional charge to all of its customers that subscribe to Maintenance for the Software. Unless otherwise indicated, the Software, Software API and Documentation are referred to collectively herein as "Software."

**9.1.13 "Statement of Work"** means a document agreed to by the Parties that describes Consulting Services to be performed by Qlik pursuant to this Agreement.

**9.1.14 "Subscription Services"** shall have the meaning set forth in Section 2.5. Subscription Services excludes Consulting Services, Education Services, Maintenance, and Qlik Sense Cloud, which is subject to separate terms of service.

**9.2 Recordkeeping, Verification and Audit.** While this Agreement is in effect and for one (1) year after the effective date of its termination, upon request by Qlik but not more than once per calendar year, Licensee shall conduct a self-audit of its use of the Qlik Products and, within ten (10) business days after receipt of such request, submit a written statement to Qlik verifying that it is in compliance with the terms and conditions of this Agreement. Qlik shall have the right, on its own or through its designated agent or third party accounting firm, and subject to Government security requirements, to conduct an on-premises audit of Licensee's use and deployment of the Qlik Products for compliance with this Agreement. Qlik's written request for audit will be submitted to Licensee at least fifteen (15) days prior to the specified audit date, and such audit shall be conducted during regular business hours and with the goal of minimizing the disruption to Licensee's business. If such audit discloses that Licensee is not in material compliance with the terms of this Agreement, then Licensee shall be responsible for paying additional license fees sufficient to cover the unauthorized use revealed by the audit due 30 days after receipt of an invoice.

**9.3 Third Party Materials.** Qlik Products may include certain open source or other third party software, data, or other materials (the "Third Party Materials") that are separately licensed by their respective owners. License terms and other information relating to such Third Party Materials, including any availability of source code, may be found within the Documentation or at [www.qlik.com/license-terms](http://www.qlik.com/license-terms). QLIK MAKES NO REPRESENTATION, WARRANTY, OR OTHER COMMITMENT REGARDING THE THIRD PARTY MATERIALS, AND HEREBY DISCLAIMS ANY AND ALL LIABILITY RELATING TO LICENSEE'S USE THEREOF.

**9.4 Evaluation.** If Licensee is provided Qlik Products for evaluation purposes, use of the Qlik Products is only permitted in a non-production environment and for the period limited by the corresponding license key. Notwithstanding any other provision in this Agreement, evaluation licenses for the Qlik Products are provided "AS-IS" without indemnification, maintenance and support, or warranty of any kind, expressed or implied.

**9.5 Assignment.** Neither party will assign or transfer this Agreement or its rights and obligations hereunder to any third party without the prior written consent of the other party. For purposes of this Section, any change of control of Licensee, whether by merger, sale of equity interests or otherwise, will constitute an assignment requiring the prior written consent of Qlik. Any attempt by Licensee to assign this Agreement or its rights and obligations hereunder in violation of this Section will be null and void. All terms of this Agreement will be

binding upon, inure to the benefit of, and be enforceable by and against the respective successors and permitted assigns of Qlik and Licensee.

**9.6 Statistical Data Collection and Use.** Qlik may collect and use certain Statistical Data to enable, optimize, support, and improve performance of the Qlik Products. "Statistical Data" means non-personal statistical, demographic, or usage data or metadata generated in connection with any use of the Qlik Products. Statistical Data does not include any personally identifiable information or any personal data and is owned by Qlik.

**9.7 Compliance with Laws.** Licensee agrees at all times to comply with all applicable laws and regulations in its performance of this Agreement, which may include, without limitation, U.S. and E.U. export control laws and regulations, and regulations declared by the U.S. Department of the Treasury Office of Foreign Assets Control, the Council of the E.U. and their counterparts under applicable law ("Export Control Laws").

**9.8 Governing Law and Jurisdiction.** This Agreement is governed by and construed in accordance with U.S. Federal law. Any suit, action or proceeding arising out of or relating to this Agreement shall be resolved by a court or administrative tribunal of competent jurisdiction.

**9.9 Excusable Delay.** Qlik shall not be liable for delays caused by an occurrence beyond its reasonable control and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. Qlik shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**9.10 Notices.** All notices and other communications given or made pursuant to this Agreement concerning a breach, violation or termination hereof will be in writing and will be delivered: (a) by certified or registered mail; or (b) by an internationally recognized express courier. All notices or other communications to Qlik shall be addressed to: QlikTech Inc., 211 South Gulph Road, Suite 500, King of Prussia, PA, 19406 Attention: Legal Department. Unless otherwise specified by the Licensee, all notices to Licensee shall be sent to the address provided by Licensee in the Order Form.

**9.11 Relationship between the Parties.** The Parties are independent contractors. Nothing in this Agreement will be construed to create an agency, joint venture, partnership, fiduciary relationship, joint venture or similar relationship between the Parties.

**9.12 Waiver.** No term of this Agreement will be deemed waived and no breach excused unless such waiver or excuse shall be in writing and signed by the Party issuing the same. Any additional or conflicting terms or conditions in any purchase order or other ordering documentation shall have no legal force or effect.

**9.13 Reserved.**

**9.14 Limitation.** Subject to applicable law, no action, regardless of form, arising out of this Agreement may be brought by Licensee more than six (6) years after the cause of action arose.

**9.15 Reserved.**

**9.16 U.S. Government End Users.** The Software and Documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to FAR Section 12.212(b), as applicable. Any use, modification, reproduction, release, performing, displaying or disclosing of the Software and Documentation by the U.S. Government shall be governed solely by the terms and conditions of this Agreement.

## Addendum A to the Qlik User License Agreement

### QLIK SUBSCRIPTION ADDENDUM FOR DATAMARKET SERVICES, WEB CONNECTORS, GEOANALYTICS AND THE SMART ANALYTICS ADAPTER

#### 2. SUBSCRIPTION SERVICES

DataMarket Services, Qlik Web Connectors ("Connectors"), Smart Analytics Adapter, and GeoAnalytics (collectively, "Subscription Services") are subject to and governed by the applicable Qlik User License Agreement ("Agreement") between the parties and this Subscription Addendum ("Addendum"). Any capitalized term not defined herein shall have the same meaning ascribed to such term in the Agreement. In the event of a conflict between any term or condition contained herein and any term or condition of the Agreement, the term or condition of this Addendum shall take precedence, but only to the extent of the conflict.

#### 3. DATAMARKET

**3.1. Permitted Use.** Qlik DataMarket is a cloud-based data service offering a large variety of external syndicated data sources (collectively, the "Data"). Subject to the terms of the Agreement and this Addendum, Licensee may (a) access, use, implement and integrate the Data, solely in conjunction with its authorized use of the Software in accordance with the Agreement, (b) store the Data on one or more desktop computers or servers, and (c) create Integrated Materials for Licensee's internal business operations and not to redistribute to third parties. Integrated

Materials may be distributed, transmitted and displayed only to Licensee's Affiliates and their respective Authorized Users and only as necessary to conduct Licensee's internal business operations. "Integrated Materials" are limited to those materials which (i) are developed by Licensee, Licensee's Affiliates or their respective Authorized Users for the benefit of Licensee or its Affiliates, (ii) result from the integration, manipulation and/or analysis of the Data through the Software and (iii) display the Data as an integrated component of the output of the Software in combination with other data provided by Licensee. If Licensee has licensed Software with external use rights as set forth in the Documentation, Licensee may distribute and display the Integrated Materials to third parties that have a then-current business relationship with Licensee subject to the restrictions below and further provided that such third party's access to the Integrated Materials is limited to viewing the Integrated Materials as part of its business relationship with Licensee. If the Qlik DataMarket Essentials Package is purchased as a stand-alone product, a Services subscription is required for each user license associated with the corresponding Software site.

**3.2. Prohibitions and Restrictions.** Except as expressly permitted in Section 2.1, Licensee will not, nor will it permit or authorize anyone to (a) use the Data for any purpose, (b) remove any copyright, trademark or other proprietary notice from the Data, (c) decompile (including, without limitation, to re-identify any personally identifiable information contained therein), modify or alter any part of the Data, (e) display, publish or perform any of the Data or (f) use the Data in any manner that violates applicable law.

**3.3. Attribution.** Licensee acknowledges that, as a condition of publishing, displaying, presenting or otherwise disclosing certain Data as permitted by this Addendum, Licensee shall be required to, and hereby agrees to, include notices attributing the source of the Data used in such publication, presentation, display or disclosure to the publisher of such Data, as set forth in the attached Qlik End User License Agreement.

**3.4. Data Updates.** During Licensee's Subscription, Qlik may provide Licensee with notice of updates to the Data ("Data Updates") from time to time as such Updates may be made available to Qlik by third parties. By accessing or downloading any Data Updates, Licensee agrees that such Data Updates shall be subject to, and used solely in accordance with, this Addendum.

**3.5. Disclaimer of Warranties and Limitation of Liability**

THE DATA IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, QLIK AND ITS DATA VENDORS HEREBY DISCLAIM ALL WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, REGARDING THE DATA, INCLUDING WITHOUT LIMITATION ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY, TIMELINESS, ACCURACY, RESULTS OF USE, RELIABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, INTERFERENCE WITH QUIET ENJOYMENT, AND NON-INFRINGEMENT OF THIRD-PARTY RIGHTS. FURTHER, QLIK AND ITS DATA VENDORS DISCLAIM ANY WARRANTY THAT LICENSEE'S USE OF THE DATA WILL BE UNINTERRUPTED OR ERROR FREE. QLIK DOES NOT WARRANT OR GUARANTEE THAT IT WILL CORRECT ANY ERRORS OR INACCURACIES IN THE DATA. LICENSEE HEREBY ACKNOWLEDGES THAT QLIK RETRIEVES, AGGREGATES, NORMALIZES AND DELIVERS THE DATA FROM A WIDE VARIETY OF THIRD-PARTY SOURCES AND DOES NOT GENERATE OR CREATE THE DATA ITSELF. THIS DISCLAIMER SHALL APPLY NOTWITHSTANDING ANY WARRANTIES MADE WITH REGARD TO THE SOFTWARE OR ANY OTHER STATEMENTS TO THE CONTRARY CONTAINED IN THE AGREEMENT. USE OF THE DATA DOES NOT IMPLY ENDORSEMENT OR CERTIFICATION OF SUCH USE BY QLIK OR ANY OF ITS DATA VENDORS.

EXCEPT FOR LICENSEE'S UNAUTHORIZED USE OF THE DATA OR SERVICES, EACH PARTY'S MAXIMUM, CUMULATIVE LIABILITY FOR ANY CLAIMS, LOSSES, COSTS AND OTHER DAMAGES ARISING UNDER OR RELATED TO USE OF THE DATAMARKET SERVICES, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT OR OTHERWISE, WILL BE LIMITED TO ACTUAL DAMAGES INCURRED, WHICH WILL IN NO EVENT EXCEED THE GREATER OF THE CONTRACT PRICE PAID OR PAYABLE BY THE LICENSEE ATTRIBUTABLE TO THE DATAMARKET SERVICES GIVING RISE TO SUCH DAMAGES. IN NO EVENT WILL QLIK, ITS AFFILIATES, OR VENDORS BE LIABLE FOR ANY INACCURACY OF THE DATA, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES, HOWSOEVER ARISING AND REGARDLESS OF THE THEORY OF LIABILITY. THE LIMITATIONS AND DISCLAIMERS CONTAINED IN THIS ADDENDUM WILL APPLY TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

**3.6. Free Services.** Certain Data may be made available to Licensee through the Software without a subscription fee ("No Fee Data"). Licensee is not required to use the No Fee Data and Licensee may cease to use the No Fee Data at any time. All use of the No Fee Data shall be subject to and governed by this Addendum. Qlik reserves the right to add or remove any No Fee Data or to discontinue or alter content, availability and other characteristics of the No Fee Data Service at any time

**4. QLIK WEB CONNECTORS**

**4.1. Support Services.** Support Services are included with any paid Connector subscription and shall be provided in accordance with the terms of the applicable maintenance and support policy for the Qlik Software. Licensee acknowledges and agrees that notwithstanding anything to the contrary in the Maintenance Policy or any Release Management Policy, Qlik shall provide Maintenance only with respect to the most current update of each Connector, and that Qlik shall have no obligation or liability under this Addendum to support any other version or update of any Connector.

**4.2. Access to Third-Party Sites.** Licensee acknowledges that use of the Connectors to access web-based applications or services may be governed by third-party terms and conditions. Licensee agrees it is solely responsible to comply with such third-party terms and that Qlik shall have no liability for any claims relating to third-party webbased applications, services or data sources. Qlik may terminate this Addendum upon written notice, if and only to the extent reasonably necessary to comply with any third-party restrictions. Licensee acknowledges that Qlik has no control over any third-party application programming interface ("API") or any third-party data which may be used in conjunction with the Connectors, and shall have no liability for the Connectors if any third-party APIs are changed or discontinued by the respective third parties. Qlik shall have no liability for the Connectors, if any third-party APIs are changed or discontinued by the respective third parties. Licensee shall promptly apply any updates to the Connectors, which are made available from time to time.

**3.3 Beta Connectors.** Certain Connectors may be made available to Licensee without a subscription fee ("Beta Connectors"). BETA CONNECTORS ARE PROVIDED WITHOUT WARRANTY OF ANY KIND AND QLIK DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, INCLUDING ANY WARRANTY THAT USE OF ANY BETA CONNECTOR WILL BE UNINTERRUPTED OR ERROR FREE. Notwithstanding any provision in this Addendum or the Agreement, Qlik reserves the right at any time to add, remove, discontinue or alter the content, availability and other characteristics of the Beta Connectors without any further obligation or liability.

## 5. SMART ANALYTICS ADAPTER BY QLIK

**5.1.** The SMART Analytics Adapter by Qlik allows for integration of Qlik Sense with Cerner Millennium, as further described in the Documentation. This integration requires that the "SMART on FHIR" feature be enabled within the Licensee's Cerner Millennium environment. Licensee assumes full responsibility for enabling SMART on FHIR, as well as implementing, and consulting with Cerner as necessary on, any other configuration changes that may be necessary within the Licensee's Cerner Millennium environment in order to enable the deployment of the Cerner Adapter.

**5.2.** Qlik is not responsible for any performance issues or other non-conformities whose root cause is determined to exist within Cerner Millennium and not within the SMART Analytics Adapter by Qlik.

## 6. QLIK GEOANALYTICS AND GEOCODING

**5.1.** Qlik GeoAnalytics is not intended for use with high risk activities such as operation of nuclear facilities or life support systems, where the use or failure of the product or its operations could lead to death, injury, or environmental damage. The product is used to perform analytic operations and enables access to third-party data and other content without additional service or access fees, unless otherwise indicated. Third-party content may not be used or shared outside of a licensed implementation of Qlik GeoAnalytics. Qlik does not guarantee the accuracy of third-party data it provides for use with Qlik GeoAnalytics and may remove, discontinue, or alter content, availability and other characteristics of such data at any time. Unless otherwise expressly stated, any thirdparty component embedded in or otherwise provided with the product may only be used in conjunction with the product. Qlik reserves the right to charge (in accordance with the GSA price list) for any usage of GeoAnalytics Base above 1 million Map Views per month.

**5.2.** Qlik Geocoding is an add-on package for Qlik GeoAnalytics that is used to provide geographical (GPS) coordinates corresponding to a location, such as a street address (or vice-versa). Where Qlik Geocoding has been purchased, the following terms shall additionally apply:

**5.2.1.** Qlik Geocoding requires a Qlik GeoAnalytics Base or Qlik GeoAnalytics Enterprise Server license.

**5.2.2.** Qlik may temporarily suspend access to Qlik Geocoding: (a) for Licensee's overuse or misuse of Qlik Geocoding; (b) for scheduled maintenance; (c) to prevent a threat or attack on its services; or (d) if Qlik Geocoding become prohibited by law, or supporting third-party services become unavailable to Qlik on commercially reasonable terms.

**5.2.4.** Licensee shall not, as a component of any Qlik Geocoding lookup request, transmit any data (a) that it does not have the right to use and transmit; or (b) that is unclassified controlled technical information (UCTI) under DFARS 204.73, or protected health information (PHI) under the Health Insurance Portability and Accountability Act (HIPAA).

**5.2.5.** Certain third-party licensors of data used with Qlik Geocoding to return resultant geographical coordinates require Qlik to flow down additional attribution requirements and terms of use to Qlik's licensees. These terms are required by the applicable vendors as a condition of use and are attached as Attachment 1 to this Addendum A **Exhibit 1 to Addendum A – GeoAnalytics**

**EnviroNics Data:** Customers may use the data for non-commercial purposes or internal use only and may redistribute hardcopy or softcopy images of the data, reports, images and analysis for personal or internal use only.

**Michael Bauer Research International Boundaries Data ("MBR Data"):** Customer right to use data downloaded to the Customer's premises (e.g. MBR Data stored in ArcGIS Enterprise, ArcGIS Desktop) terminates two years after download.

## Exhibit B

### MAINTENANCE TERMS

Maintenance shall be provided in accordance with the Maintenance policy attached as Attachment 1 to this Exhibit B ("Maintenance Policy").

Licensee shall pay any fees due in accordance with the payment terms set forth in the Order Form or Statement of Work entered into between Ordering Activity and the GSA Schedule holder in accordance with the GSA Pricelist

Reinstatement of lapsed Maintenance (whether the lapse is due to termination for Licensee's non-payment of Maintenance Fees or voluntary non-renewal by Licensee) will be subject to payment by Licensee of the then-current annual Maintenance Fees listed or calculated in accordance with the GSA Pricelist payable for the 12-month period beginning on reinstatement plus the aggregate Maintenance Fees that would have been payable for the relevant Software during the period of lapse in the absence of termination or non-renewal, provided that the combined reinstatement fees are paid within twelve (12) months after the date of the lapse. Reinstatement beyond this date will be at Qlik's or its licensor's sole discretion.

Qlik does not represent, warrant or make any commitment that: (i) the Maintenance services will meet Licensee's requirements or (ii) that Qlik will be able to fully resolve any particular request for Maintenance of the

Qlik Software or that such resolution will meet Licensee's requirements or expectations. Qlik warrants that the Maintenance services shall be performed using reasonable care and skill consistent with generally accepted industry standards. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE MAINTENANCE SERVICES ARE PROVIDED "AS IS", AND QLIK AND ITS SUBCONTRACTORS AND LICENSORS AND THEIR RESPECTIVE AFFILIATES AND SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, CONDITIONS AND OTHER TERMS, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED (BY STATUTE, COMMON LAW OR OTHERWISE) INCLUDING, WITHOUT LIMITATION, AS TO THEIR ACCURACY, TIMELINESS, COMPLETENESS, RESULTS, PERFORMANCE, TITLE, NON-INFRINGEMENT, SATISFACTORY QUALITY, QUALITY OF INFORMATION, QUIET ENJOYMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, EVEN IF QLIK OR ITS SUPPLIERS OR LICENSORS HAS BEEN INFORMED OF SUCH PURPOSE, AND ANY REPRESENTATIONS, EXPRESS OR IMPLIED WARRANTIES OR OTHER TERMS ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR USAGE OF TRADE. ANY STATEMENTS OR REPRESENTATIONS ABOUT THE MAINTENANCE SERVICES OR ANY THIRD PARTY MATERIALS IN ANY COMMUNICATION WITH LICENSEE ARE FOR INFORMATION PURPOSES ONLY AND DO NOT CONSTITUTE A WARRANTY, REPRESENTATION OR CONDITION.

5. Qlik's and its suppliers' and licensors, and their respective Affiliates' maximum, cumulative liability for any damages arising under this Maintenance Agreement regardless of the form of action, whether in contract, tort or otherwise, shall in no event exceed the contract price paid by or on behalf of Licensee to Qlik hereunder for Maintenance. IN NO EVENT SHALL QLIK, ITS SUPPLIERS OR LICENSORS OR THEIR RESPECTIVE AFFILIATES BE LIABLE FOR ANY LOSS OF PROFITS OR REVENUES, LOSS OF SAVINGS, GOODWILL, REPUTATION OR DATA, INACCURACY OF ANY DATA, THE COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR SOFTWARE, OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES, HOWSOEVER ARISING AND REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF ANY OF THE FOREGOING ENTITIES HAD BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE OR LOSS. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

#### Attachment 1 to Exhibit B – Maintenance Policy

This Maintenance Policy ("Policy") describes the current practices of Qlik with regard to its provision of Maintenance Services and Support Services as defined below (collectively "Maintenance") to customers with a Maintenance agreement or a subscription which includes Maintenance ("Licensee(s)"). All Maintenance is subject to payment of applicable fees.

##### 1. DEFINITIONS

"**Affiliate**" means any entity which controls, is controlled by, or is under common control with Licensee where "control" means the legal, beneficial or equitable ownership of at least a majority of the aggregate of all voting equity interests of such entity, but only for so long as such control exists

**“Maintenance Agreement”** means the Qlik® User License Agreement or other written agreement for Software or services between Qlik and Licensee, which includes the provision of Maintenance Services and/or Support Services.

**“Authorized Affiliate”** means any Affiliate of Licensee that is designated by Licensee as authorized to use the Software under the terms of an Agreement.

**“Documentation”** means the then-current documentation published and made generally available by Qlik for the Software in the form of manuals and functional descriptions in printed or electronic form, as may be modified by Qlik from time to time.

**“Designated Support Engineer”** or **“DSE”** means a designated Qlik support resource who acts as Licensee's designated point of contact for all technical support matters.

**“Error”** means any verifiable and reproducible failure of the Software to materially conform to the Documentation.

**“Initial Response Time”** means the period commencing when an Error is first reported by Licensee's Technical Contact(s) in the manner required by this Policy and ending when a member of the Qlik technical support team logs the report and responds to the Technical Contact(s) by telephone, email or through the Support Portal.

**“Maintenance Services”** means the release of Updates to the Software, which Qlik elects to make generally available to Licensees.

**“Release Management Policy”** means the then-current release management policy describing the release cadence for the applicable Software as currently set forth at <http://www.qlik.com/license-terms>, and as may be modified by Qlik from time to time.

**“Self-Service Tools”** means the Knowledge Base (Qlik's online database of content and FAQs about the use and support of the Software), white papers, Community Forums, webcasts and other materials available in the Support Portal to Licensees that are current on Maintenance.

**“Severity 1 Error”** means any Error that has very serious consequences for normal business transactions and urgent, business critical work cannot be performed.

**“Severity 2 Error”** means any Error that (i) materially degrades the overall performance of the Software or (ii) materially impairs substantial functions of the Software published in the Documentation, but is not a Severity 1 Error.

**“Severity 3 Error”** means any Error that impairs the performance of the Software, but is not a Severity 1 Error or Severity 2 Error.

**“Software”** means the generally available release of Qlik's proprietary software in object code form, as well as the software API, licensed to Licensee under an agreement. Software excludes early release, technical preview, beta, free trial or evaluation versions as well as any extensions, objects, open source projects or code made available without charge on Qlik Branch or other developer forums, and any Qlik products which exclude Maintenance in the terms of use.

**“Software Family”** means a line of related Software or services provided by Qlik, which share similar functions and may share a common brand. For example, QlikView® and Qlik® Sense are separate Software Families.

**“Support Portal”** means Qlik's online support website available at <http://qliksupport.force.com>.

**“Support Services”** means the technical end user support for the Software as described in this Policy. Support Services do not include services performed onsite at any Licensee facility, consulting or education services, Maintenance Services or any services not expressly stated in this Policy.

**“Technical Contact(s)”** means Licensee's personnel that have been identified by Licensee as the technical contact(s) for Licensee.

**“Update”** means any enhancement, modification or Error correction made available in accordance with the Release Management Policy for the applicable Software, which Qlik elects to make generally available to its customers as part of Maintenance Services. Updates do not include new or separate products which Qlik offers only for an additional fee to its customers generally.

## 2. OVERVIEW

2.1 Qlik will provide Licensee with Maintenance Services and Support Services for the Software in accordance with this Policy and the level of coverage purchased by Licensee as well as any applicable terms in the agreement for the Software, subject to Licensee's timely payment of the applicable Maintenance fees or subscription fees,

2.2 Licensee is required to purchase Maintenance on all Software for a twelve (12) month period beginning on the delivery date of the Software (the “Initial Maintenance Period”). In addition, Licensee must maintain a uniform level of Maintenance across all licenses or subscriptions within the same Software Family. In order to purchase additional Software licenses or subscriptions, Licensee must be current on Maintenance for all previously purchased licenses within the same Software Family. Licensee may elect to upgrade the level of Maintenance at any time during a Maintenance Period, but such upgrade must apply to all Software licensed with the same Software Family. In the event the Licensee elects not to renew Maintenance, the non-renewal must apply to all licenses or subscriptions within the same Software Family. Notwithstanding the foregoing, any Software or subscriptions purchased as a bundle, package, or special promotion (e.g., enterprise licenses) must be maintained together at a uniform level, regardless of whether such Software or subscription purchase includes multiple Software Families, and cancellation of Maintenance by Software Family is not permitted in such case.

2.3 Maintenance fees for any additional Software purchases will be prorated to achieve a common annual Maintenance Period with existing licenses, but does not relieve Licensee of its payment obligations for the remainder of the Maintenance Period. For avoidance of doubt, Licensee is responsible to pay the entire Maintenance Fee for the Initial Maintenance Period on all additional purchases of Software regardless of any proration of Maintenance Fees.

2.4 Reinstatement of lapsed or cancelled Maintenance will be subject to payment by Licensee of (a) the then-current annual Maintenance Fees calculated in accordance with the GSA Pricelist payable for the 12-month period beginning on the date of reinstatement and (b) the aggregate Maintenance Fees that would have been payable for the relevant Software during the period of lapse in the absence of termination or non-renewal, provided that (i) the combined reinstatement fees are paid within twelve (12) months after the date of the lapse. Reinstatement beyond this date will be at Qlik’s sole discretion. Reinstatement fees may be assessed once notice of cancellation or non-renewal is provided, even if a request for reinstatement is provided prior to the expiration of the current Maintenance Period.

2.5 Qlik may elect to make certain software publicly available under an open source license and free of charge on various online communities (“Extensions”). This Policy excludes Maintenance with regard to any Extensions. Support for Extensions is provided solely by the open source community. To the extent Extensions are used in connection with the Software, this Policy provides Maintenance for the Software and Software API only.

2.6 Qlik may elect to make certain software available free of charge for trial, evaluation or other purposes (“Freeware”). Maintenance for Freeware, if any, will be provided at Qlik’s discretion and in accordance with the license terms for such Freeware.

2.7 Unless otherwise expressly set forth herein, all references in this Policy to response times or communications from Qlik shall only apply during Qlik’s Standard Business Hours, regardless of when a support matter is reported to Qlik. Qlik’s “Standard Business Hours” mean from 08:00 to 17:00, Monday to Friday (excluding national and bank holidays) for the Support Center in the specific geographic region to which the applicable licenses are assigned in Qlik’s records. By way of example, Standard Business Hours for licenses assigned to New York in Qlik’s records would be 08:00 to 17:00, Eastern Time, Monday to Friday (excluding U.S. federal and bank holidays). Times expressed as a number of “business days” include Standard Business Hours. When used in this Policy, “Enterprise Business Hours” means from 08:00 to 17:00 for the Support Center in the specific geographic region to which the applicable licenses are assigned in Qlik’s records.

2.8 Any Support Services provided by Qlik hereunder via telephone will be provided in the English language or, as applicable, such other languages that may be specified on the Support Portal, which may change from time to time. The availability of support provided in any language other than English is provided at Qlik’s sole discretion and is not guaranteed by Qlik, and will depend on the location of Qlik’s technical support personnel providing such support, including whether or not Licensee is entitled to contact that particular support line based on the type of Support Services purchased and Licensee’s geographic location.

**3. SUPPORT LEVELS**

**3.1 Basic Support Coverage.**

3.1.1 Scope of Coverage. Licensees who have purchased “Basic Support Coverage” from Qlik receive access to Qlik’s technical support services for problem determination, verification and resolution (or instruction as to work-around, as applicable), via the Support Portal or a dedicated telephone number provided to Licensee by Qlik. Such technical support is provided during Qlik’s Standard Business Hours. Licensee will also be entitled to receive Updates as well as access to the Support Portal and the Self-Service Tools as part of Basic Support Coverage.

3.1.2 Response Times. Qlik will use commercially reasonable efforts to respond (a) within the Initial Response Times set forth in the table below, to Severity 1 Errors reported by a Technical Contact to Qlik via telephone or (b) within the Initial Response Times set forth in the table below for Severity 2 and Severity 3 Errors that are reported by a Technical Contact to Qlik via telephone or the Support Portal. Qlik will respond to Licensee’s Technical Contact by email or telephone or through the Support Portal. Qlik shall use commercially reasonable efforts, consistent with industry practice, to investigate such reports to determine whether there is an Error present. If Qlik determines that an Error is present, Qlik will use commercially reasonable efforts to correct the Error and/or provide a workaround, including, without limitation, by providing Licensee with an Update. Qlik will communicate with Licensee at least once each business day (with respect to any Severity 1 Errors) or otherwise as reasonably necessary based on the nature and type of Error (with respect to Severity 2 Errors and Severity 3 Errors) until the applicable Error is resolved (in accordance with Section 4.1 below) or work-around is provided. All responses and communications from Qlik to Licensee in connection with Qlik’s provision of Basic Support Coverage will be provided during Qlik’s Standard Business Hours.

<b>Basic Support Coverage</b>	
<b>Severity Level</b>	<b>Initial Response Time</b>
Severity 1 Error	2 business hours
Severity 2 Error	4 business hours
Severity 3 Error	1 business day

**3.2 Enterprise Support Coverage.**

3.2.1 Scope of Coverage. Licensees who have purchased “Enterprise Support Coverage” receive, in addition to the elements of Basic Support Coverage described above, unlimited telephone support for Error determination, verification and resolution (or instruction as to work-around, as applicable) twenty-four (24) hours a day, seven (7) days a week, 365 days a year for Severity 1 Errors and 365 days a year during the applicable Enterprise Business Hours for Severity 2 and Severity 3 Errors.

3.2.2 Response Times. Qlik will use commercially reasonable efforts to respond (a) within the Initial Response Times set forth in the table below, to Severity 1 Errors reported by a Technical Contact to Qlik via telephone or (b) within the Initial Response Times set forth in the table below for Severity 2 and Severity 3 Errors that are reported by a Technical Contact to Qlik via telephone or the Support Portal. Qlik will respond to Licensee’s Technical Contact by telephone or via the Support Portal. Qlik shall use commercially reasonable efforts, consistent with industry practice, to investigate such reports to determine whether there is an Error present. If Qlik determines that an Error is present, Qlik will use commercially reasonable efforts to correct the Error and/or provide a workaround, including, without limitation, by providing Licensee with an Update. Qlik will communicate with Licensee at least with the frequency set forth in the table below until the Error is resolved (in accordance with Section 4.1 below) or work-around is provided.

<b>Enterprise Support Coverage*</b>		
<b>Severity Level</b>	<b>Initial Response Time</b>	<b>Communication Frequency</b>
Severity 1 Error	30 minutes, 24x7	Every 4 hours, 24x7
Severity 2 Error	1 hour, 8x7	Every day
Severity 3 Error	4 hours, 8x7	Every 2 days

\*All severity levels will be initially logged and acknowledged by Qlik during Qlik’s business hours in the region where the Error is reported. For Severity 1 Errors, provided that Licensee provides Technical Contacts in other regions that are available to help troubleshoot issues, all Errors will be addressed and handed over between regions for as long as the Licensee provides the available Technical Contacts in such region(s).

3.2.3 Support Case Handling. Errors reported by Enterprise Support Licensees shall be given priority case handling in a designated priority support queue. Further, Qlik will assist Enterprise Support Licensees in issue analysis to determine whether or not the technical issue is related to the third-party hardware or software. In order to isolate the issue, Qlik reserves the right to request that the third-party hardware or software be removed. Qlik may reach out to third-party vendors based on the established Technical Support Alliance Network (TSANet) to troubleshoot the issue. TSANet is a vendor-neutral global support alliance where companies work together to support mutual customers more effectively. Qlik will only engage TSANet for Licensees who are using supported configurations.

3.2.4 Update Information. Enterprise Support Licensees may contact Qlik Enterprise Support for information regarding Updates performed by Licensee, such as installation instructions, release documentation, and general guidance for multiple environments.

**Error Resolution and Escalation.**

An Error is considered to be resolved upon the earlier to occur of the following: (i) Qlik and Licensee mutually agree in writing (including via email) that the issue or problem is resolved; (ii) Qlik has provided Licensee with an Update; (iii) Qlik is able to provide a reasonable and mutually acceptable technical work-around solution; (iv) any of Licensee’s Technical Contacts requests that Qlik close the support case; or (v) the support case has been left open for ten (10) consecutive business days, during which period Qlik has not received a response from any of Licensee’s Technical Contacts.

Exclusions. Notwithstanding anything in this Policy to the contrary, Qlik will have no obligation to provide any Support Services in connection with: (i) any issue or problem that Qlik determines is not due to any Error or deficiency in the Software (e.g., without limitation, issues or problems caused by stand-alone third party software products used in conjunction with the Software); (ii) any Errors or problems with the Software that are not reproducible; (iii) any Error or problem that is reported by Licensee via any Qlik support telephone number or email address associated with any geographic territory other than the one to which Licensee has been assigned on the Support Portal; or (iv) any Errors or problems with the Software that result from: (a) the use of the Software with software or hardware not designed for use with the operating systems approved by Qlik in the

Documentation; (b) the use of the Software with hardware that does not satisfy the minimum system requirements specified by Qlik in the Documentation; (c) changes, modifications, or alterations to the Software not approved in writing by Qlik or its authorized representatives; (d) use of the Software other than in accordance with the Documentation and the Agreement; (e) use of other than a Supported Version of the Software as defined in the applicable Release Management Policy; or (f) Software provided on an evaluation basis or for which Licensee has not paid any maintenance fees. If Qlik does correct any of the Errors described in subsections (a)-(f) above, or otherwise provides support for Software that is not covered by the terms and conditions contained in this Policy, such Error resolution or Software support will be provided only following Licensee’s written request and approval of all charges, and Licensee will be invoiced for such support at Qlik’s then-current “time and materials” rates for such services. Without limiting any of the foregoing, Qlik has no obligation to provide support for any third party software, data, or other materials distributed or bundled with the Software. Licensee may elect to purchase Extended Maintenance services on certain non-Supported Versions of the Software by entering into an agreement with Qlik.

If any Licensee (i) believes that Qlik has failed to meet any of the response and/or communication frequency time frames with respect to any Errors reported to it in accordance with Sections 3.1.2 or 3.2.2, as applicable, or (ii) feels that the quality of the Support Services provided to Licensee by Qlik is not satisfactory, then Qlik encourages such Licensee to escalate the problem to the appropriate level of Qlik management as follows:

<b>Hierarchical Escalation Levels</b>	<b>Notification to Regional Support Manager</b>	<b>Notification to Global Support Director</b>	<b>Notification to Vice President – Global Support</b>	<b>Notification to Global Sales Senior Vice-President</b>
<b>Actions</b>	Corrective	Corrective	Corrective	Corrective
	Measures	Measures	Measures	Measures
	Resource Allocation	Resource Allocation	Monitoring of	Monitoring of
	Monitoring of	Monitoring of	Progress	Progress
	Progress	Progress	Review of Licensee	Review of Licensee
	Review of Licensee	Review of Licensee	Satisfaction	Satisfaction
	Satisfaction	Satisfaction		
<b>Time Frame</b>	Twelve (12) hours	Forty-eight (48) hours	Seventy-two (72) hours	Five (5) business days

Qlik recommends that Licensee-initiated escalation begin at the regional support manager level and proceed upward, using the escalation guidelines shown above for reference, if the actions described in the foregoing chart are not taken to Licensee’s reasonable satisfaction within the applicable timeframes.

**5. DESIGNATED SUPPORT ENGINEER**

5.1 Subject to Licensee’s timely payment of the applicable DSE fees, and provided that Licensee has purchased Enterprise Support and is current on all Maintenance Fees, then Qlik shall provide the following DSE Services for up to four (4) Licensee Technical Contacts:

- Direct access to a Designated Support Engineer with knowledge of Licensee’s environment
- Service Implementation Plan
- Fast-track into R&D for critical bugs
- Weekly Progress Call
- Quarterly on-site visits and service reviews
- Access to beta releases

5.2 DSE Services are supplemental to Support Services, and are not available as a stand-alone service. The term of the DSE Services shall be for a period of twelve (12) months, commencing on the date that the DSE is assigned to Licensee (“DSE Services Commencement Date”), provided, however, that the DSE Services shall automatically terminate in the event that Support Services are not renewed by Licensee or are otherwise terminated. Provided that Licensee is enrolled in Enterprise Support at the time, Licensee may renew DSE Services upon payment of the applicable DSE fees. For avoidance of doubt,

DSE Services are only available for Licensees who are current on Enterprise Support (and for Licensees with existing DSE Services who continue to renew). DSE Services are provided as a part of Maintenance pursuant to this Policy, and not as a consulting service.

## 6. Updates

In addition to its obligations under Sections 2 and 3 of this Policy, Qlik will make Updates available to all Licensees with a current Maintenance Agreement, when and if Qlik elects to make them generally commercially available. All Updates provided to any Licensee under this Policy will be made available, at Qlik's discretion, in a form of digital medium, or via the Qlik Software download site. Each Update will be provided together with the associated Documentation, in printed or electronic form, written in English or another language officially supported by Qlik. Unless otherwise agreed in writing by Qlik, Licensee shall be responsible for installation of all Updates.

## 7. Licensee's Obligations

7.1 The Licensee shall: (i) not request, permit or authorize anyone other than Qlik to provide any form of support services in respect of the Software; (ii) cooperate fully with Qlik's personnel in the diagnosis or investigation of any Error or other issue or problem with the Software; (iii) only report Errors to Qlik via the dedicated Qlik support telephone number or email address associated with Licensee's designated geographic territory as set forth on the Support Portal; (iv) be responsible for purchasing, installing and maintaining all hardware and operating systems required to use and support the Software; (v) be responsible for maintaining all third party software not explicitly licensed under the Agreement; and (vi) maintain an email address for electronic mail communications with Qlik.

7.2 Licensee's contact with Qlik in connection with Licensee's requests for support and reports of Errors shall be solely through its Technical Contact(s). The Technical Contact(s) shall: (i) serve as the internal contact(s) for Licensee's and its Authorized Affiliates' personnel who are authorized to use the Software per the terms of the Agreement; (ii) be responsible for initiating all requests by, and maintaining all records of, the Licensee and its Affiliates relating to Support Services; (iii) serve as the contact(s) with Qlik on all matters relating to Support Services; and (iv) be responsible for providing information and support, as requested by Qlik, to assist in the reproduction, diagnosis, analysis, and resolution of Errors. The maximum number of Technical Contacts for each Licensee is three (3) for Basic Support Coverage, six (6) for Enterprise Support Coverage, and four (4) for DSE Service, regardless of the number or types or quantities of licenses purchased for the Software. Licensee shall ensure that its Technical Contacts comply with any reasonable training requirements for the Technical Contact(s) upon notification by Qlik. Subject to the previous sentence, Licensee may change its Technical Contact(s) by notifying Qlik in writing.

7.3 Upon reasonable request by Qlik, Licensee shall provide Qlik a detailed description of its IT system(s) within which the Software operates, together with the basic structure of that system, any operational disruption experienced by Licensee, and the effect of the disruptions on Licensee's operations.

7.4 If Licensee desires Qlik to provide support via remote access, Licensee shall ensure that a functioning system enabling Qlik to have remote access to Licensee's technical equipment is installed (subject to Licensee's reasonable security measures and policies) and that satisfactory communication between the parties' computer systems is possible. Licensee agrees to be solely responsible for protecting and backing up its equipment, software and data prior to any such access. Qlik accepts no liability in connection with remote access support.

7.5 Licensee will be responsible for primary support of its Authorized Affiliates in connection with their use of the Software in accordance with the terms of the Agreement. Licensee is solely responsible for: (i) distributing all Updates to its Authorized Affiliates; (ii) passing on to its Authorized Affiliates all support materials as appropriate; and (iii) providing software support, including operational instruction, problem reporting and technical advice to its Authorized Affiliates, in each case of (i), (ii) and (iii) above, as necessary to enable the Authorized Affiliate to continue to use the Software as authorized under the Agreement. Licensee will not refer any third party, including without limitation, any of its contractors, authorized end users or any Authorized Affiliate to Qlik for support of Software.

7.6 Qlik supports designated operating systems, not specific hardware configurations. If Licensee is running the Software on a virtual environment, Licensee and the virtual environment vendor will be responsible for any interactions or issues that arise at the hardware or operating system layer as a result of the use of a virtual environment. Qlik reserves the right to request Licensees to diagnose certain issues in a native designated operating system environment, operating without the virtual environment, as needed to determine whether the virtual environment is a contributing factor to the issue.

7.7 For certain services provided under this Policy, the transmission of machine logs may be required. For avoidance of doubt, Licensee shall not include any business sensitive and/or personal information via such transmissions. Accordingly, Qlik shall not be deemed a Data Processor under EU Data Protection Directive 95/46/EC (as amended) (the "Directive"). However, should Licensee send to Qlik any log files or other information containing personal data, Qlik will (i) comply with the Directive and any relevant national enacting legislation in relation to its treatment of that personal data as required under relevant, applicable law; and (ii) in accordance with Qlik's privacy policies from time to time in effect. Licensee shall take reasonable measures to limit the amount and sensitivity of such data provided to Qlik (by anonymization, for example). Qlik's privacy policies are available to view online at [www.qlik.com](http://www.qlik.com) under "Cookie and Privacy Policy."

## 8. Reserved

**9. Disclaimer**

THIS POLICY DEFINES A SERVICE ARRANGEMENT AND NOT A WARRANTY. THE SOFTWARE AND MATERIALS AND SERVICES RELATED THERETO ARE SUBJECT EXCLUSIVELY TO THE WARRANTIES SET FORTH IN THE APPLICABLE AGREEMENT. THIS POLICY DOES NOT CHANGE OR SUPERSEDE ANY TERM OF ANY SUCH AGREEMENT. TO THE EXTENT THERE IS A CONFLICT BETWEEN A TRANSLATED VERSION OF THIS POLICY AND THIS ENGLISH VERSION, THE ENGLISH LANGUAGE VERSION WILL PREVAIL

**Education Services Terms**

**1. Training Courses**

**1.1 Training Course Delivery Options**

Qlik currently offers its training courses ("Training Courses") via the following delivery options:

<b>Training Course Delivery Options</b>	<b>Description</b>
(1) Public Classroom	Live public classroom training at a designated Qlik location. Courses are delivered by Qlik authorized instructors.
(2) Private Classroom	Live private classroom training at a designated Qlik location. Courses are delivered by Qlik authorized instructors.
(3) Onsite Classroom	Live private classroom training onsite at Customer's location. Courses are delivered by Qlik authorized instructors.
(4) Virtual Public Classroom	Live virtual public training using online (in the cloud) class environment consisting of live interactive webcasts, hands-on labs and mentoring. Courses are delivered by Qlik authorized instructors.
(5) Virtual Private Classroom	Live virtual private training using online (in the cloud) class environment consisting of live interactive webcasts, hands-on labs and mentoring. Courses are delivered by Qlik authorized instructors live through a virtual environment.

**1.2 Requirements for Onsite Classroom Training Courses.**

Customer is responsible for compliance with all of the following requirements for all Onsite Classroom Training Courses: Maximum number of participants for Onsite Classroom Training Courses is 10 participants.

Each participant must have a dedicated computer for the duration of the course.  
 The course location must be of adequate size (as determined by Qlik) to support the actual number of participants attending the course.  
 The course location facility must be equipped with the following:

Projection equipment, including but not limited to an overhead projector, LCD panel, high-definition television or equivalent display device with a diagonal display area of 40 inches (one meter).

A projection screen with a diagonal measurement of at least six feet (two meters).

Room darkening for display purposes to be operated by instructor.

A blackboard, whiteboard, or flipchart of at least 10 square feet (or one square meter).

If indicated by Qlik for a particular course, a high-speed Internet connection (wired or wireless), of approximately 1.5Mbps of bandwidth so that all participants may connect in the same room.

**2. Training Services**

**2.1 Training Services Delivery Options**

Qlik currently offers the following training services (“Training Services”) via the following delivery options:

<b>Training Services</b>	<b>Description</b>
(1) Qlik Continuous Classroom – Qlik Hosted	Self-Service, on-line learning platform hosted by Qlik
(2) Qlik Continuous Classroom – Customer Hosted	Self-Service, on-line learning platform hosted by Customer.
(3) Custom Application Training	Custom training videos for Customer Qlik Applications hosted by Customer

**2.2 Qlik Continuous Classroom (Qlik Hosted)**

Access to Qlik Continuous Classroom (Qlik Hosted) (“QCCQH”) is provided on a subscription basis for the applicable subscription period, selected User type and authorized quantity of Users. Subject to the Users’ compliance with these Education Terms and the payment of the applicable fees, Qlik grants to such Users a personal, limited, non-assignable, non-exclusive, and non-transferable term license, without the right to sublicense, to access and view QCCQH solely for such Users’ personal training and education. “Users” shall mean Customer’s employees or FTE contractors. The QCCQH subscription date shall start on the date that Qlik delivers the QCCQH subscription registration to Customer or its authorized reseller.

QCCQH for Individuals Users. Each User shall access QCCQH via such User’s Qlik Account. User acknowledges and agrees that User’s Qlik Account is confidential and nontransferable, and may not be shared with any other person or entity. Further, any use of User’s ULC to allow or permit another person or entity to access QCCQH shall terminate User’s license to QCCQH.

Corporate Qlik Continuous Classroom (Qlik Hosted). Upon the purchase of Corporate QCCQH, Customer (through its administrator), shall be responsible to enable, via the Qlik Subscription Management Portal (“SMP”) for up to the amount of authorized quantity of Users. Customers are fully responsible for the proper use of the SMP, and any use of the SMP allowing or permitting (i) more than the authorized number of Users or and (ii) any person (other than Customer’s authorized Users) or entity to access Corporate QCCQH shall terminate Customer’s license to Corporate

QCCQH.

QCCQH may include community forums, office hours, or other interactive features. Such features are provided by Qlik in its sole discretion, and Qlik makes no representation, warranty or covenant about the availability, content or timeliness of any such features. Users should refer to the Usage Guidelines for Qlik Continuous Classroom Interactive Forums for further information.

### 2.3 Qlik Continuous Classroom (Customer Hosted)

Qlik Continuous Classroom (Customer Hosted) (QCCCH) is accessible only by the purchase of a QCCCH license by Customer for its Users. Subject to the Users' compliance with these Education Terms and the payment of the applicable fees, Qlik grants to such Customer and its Users a personal, limited, non-assignable, perpetual, nonexclusive, and non-transferable license, without the right to sublicense, to use the videos, exercises, quizzes and instructional materials that are made available by Qlik in QCCCH solely for such Users' personal training and education, Qlik in its discretion shall determine the content and medium of the components of QCCCH.

QCCCH Customers may host QCCCH on a web server or LMS system, provided that Customer is solely responsible for integration and/or implementation efforts for such hosting. Further, Customer is responsible to ensure that any third party hosting entity of QCCCH on its behalf is in compliance with these Education Terms.

For clarity, no interactive features, including but not limited to student forums and instructor office hours, are included with QCCCH. Customer may not copy, reproduce, publish, display, modify, rent, lease, distribute, sell, sublicense, transfer or use in any way all or any part of QCCCH. Under no circumstances may Customer resell or use QCCCH to offer or provide any training or education (whether or not for fee) to any third party, or to offer any training or education materials, instruction or courses that incorporate or relate in any way to QCCCH to any third party. Customer acknowledges and agrees that it is fully responsible for any changes, modifications, alterations or customizations it makes to QCCCH.

Updates to QCCCH are provided by Qlik only upon the purchase of QCCCH updates. QCCCH updates must be purchased within the 90-day period following the 1-year anniversary date of QCCCH purchase or last QCCCH updates purchased. Purchases of QCCCH updates made after such period shall require the purchase of all updates since the date of original QCCCH purchase or last QCCCH updates purchase.

### 2.4 Custom Application Training (CAT) Services

Subject to payment of the applicable fees and Customer's compliance with these Education Terms, Qlik will provide to CAT Customers the training video(s) ("Videos") for Customer's designated Qlik Applications applicable to the level of CAT Services purchased by Customer. Customer acknowledges that the CAT Services levels designate the number of total content minutes of Videos provided by Qlik, and do not guarantee that any specific number of Videos shall be provided by Qlik. Customer acknowledges that Qlik makes available resources to perform the CAT Services based upon the date of Customer's order.

Each Video will be delivered to Customer in a mutually agreed format such as MP4 or html. Customer is responsible to attend a kickoff meeting with Qlik to establish the requirements gathering process for the CAT Services. Customer shall work with Qlik to complete all requirements documents for each Video, which may include in person or on-line or telephone meetings between Customer and Qlik personnel. Further, Customer shall provide access to all Customer business and technical personnel needed for requirements gathering, and shall reasonably cooperate with Qlik in the performance of the CAT Services and shall provide Qlik with the information, feedback, instructions, and access to applicable equipment necessary to enable the timely performance of the CAT Services by Qlik in the manner provided herein. Customer shall be responsible for the completeness and accuracy of all information, data material, logos, trademarks and other intellectual property provided by Customer or its authorized representatives to Qlik. Customer represents and warrants that it has the full legal rights to provide the information, data, material, logos, trademarks, and other intellectual property (collectively, the "Customer Materials") to Qlik for inclusion in, or with respect to, the CAT Services.

The CAT Services also include applicable training reference card templates ("Reference Cards"), best practices for launching app and communication ("Launch Kit") and access to Qlik's adoption measurement tools to monitor user adoption metrics (collectively, the "CAT Materials"). Qlik grants to Customer a non-exclusive, non-transferrable, nonassignable perpetual license to use each Video and the CAT Materials delivered by Qlik for Customer and its Users' training and informational use. Customer may copy, modify and distribute to its Users the Reference Cards and the Launch Kit for its Users training and informational use. Customer may not, rent, lease, distribute, sell, sublicense, transfer or use with any third party in any way any of the Videos or the CAT Materials. Customer shall not remove or alter any copyright or other proprietary rights notice of Qlik and/or its licensors in or on the Videos or any CAT Materials. All CAT Materials (and the intellectual property rights associated therewith) are and will remain at all times the sole and exclusive property of Qlik and its affiliates and licensors.

Qlik grants to Customer a non-assignable, non-transferable and non-exclusive right to access and use the Introduction to Qlik Training Content Videos in the CAT Services Application provided by Qlik solely for such Customer's Users' training and informational use. The foregoing videos may not be reproduced, modified, rented, leased, distributed, sold, sublicensed, transferred or used by any third party. Customer shall not remove or alter any copyright or other proprietary rights notice of Qlik and/or its licensors in or on the Qlik Training Content Videos.

### 3. Terms and Conditions

**3.1 Payment.** a. Ordering Activity shall pay any fees due in accordance with the payment terms set forth in the Order Form or Statement of Work entered into between Ordering Activity and the GSA Schedule holder in accordance with the GSA Pricelist  
b. For all Training Courses to be held at a non-Qlik location, Ordering Activity Licensee agrees to pay any travel expenses incurred by Qlik to deliver such courses (collectively, "Qlik Expenses") in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Ordering Activity shall only be liable for such travel expenses as approved as by Ordering Activity and funded under the applicable ordering document.

#### 3.2 Training Cards

Purchase and Redemption. Training Cards are purchased by Customers in the currency of the Customer's location, and may only be used by the Customer entity that purchased such Training Card. A Training Card shall be activated by Qlik upon purchase thereof by Customer, and shall be identified by a specific Training Card number. All

Training Courses and Training Services ordered, registered for, or attended on Customer's behalf that are paid for via a Training Card will incur the applicable reduction in the value of such Training Card equal to the value of Training Courses or Training Services ordered at the time of registration or payment. If the applicable charge for a Training Course or Training Service is greater than the unused amount connected with Customer's Training Card, such amount may be applied against such Training Course or Training Service, and Customer shall be responsible for payment of the additional charges for such Training Course or Training Service. If Customer's proposed Private and/or Onsite Classroom Training Course exceeds the maximum number of participants, and Qlik agrees to accommodate any additional participants, the Customer shall be required to pay the additional amount to Qlik for such additional participants.

Expiration, Replacement and Non-transferability. The amounts purchased on any Training Cards do not expire. Refunds will be provided upon request for any remaining, unused value on any Training Card. Customers may add value to any Training Card at any time. Qlik is not responsible for a lost, expired or invalid Training Card number. In order to obtain a replacement, Customer must provide valid proof of purchase from Qlik or the Qlik authorized partner from whom Customer obtained the Training Card number. Customer shall have no right to transfer or assign any Training Card to any affiliate or third party.

#### 3.3 Training Courses Availability; Registration of Participants, Cancellation and Rescheduling

All Training Courses are subject to space availability and Qlik's scheduling requirements. Customer shall promptly complete all registration or information forms required for any Training Course. Prior to the start date of any Private or Onsite Training Course, Customer shall provide to Qlik the list of participants scheduled to attend such Training Course. In the event that a scheduled participant is unable to attend a Training Course due to illness or a new role at Customer, or if such participant is no longer employed by Customer, Customer may substitute another participant for such Training Course upon prior written notice to Qlik of such new participant's contact details.

Cancellations and requests by Customer to reschedule Public Classroom, Private Classroom, Onsite Classroom, Virtual Private or Virtual Public Classroom Training must be made at least ten (10) business days prior to the applicable Training Course start date. If Customer has paid by Training Card, such refund shall be credited to Customer's applicable Training Card number.

Qlik reserves the right to reschedule or cancel a Training Course due to low enrollment or if necessitated by an emergency or other unforeseen circumstances. Customer shall be credited for the full amount paid by Customer for such course.

#### 3.4 Customer Obligations

If Qlik is to perform any Education Services at Customer's site or location, Customer shall carry and maintain public liability insurance and employers' liability insurance, covering its employees, suppliers and contractors engaged at its premises, in amounts no less than required by the applicable law. Customer shall be responsible to comply with all of Qlik's policies and procedures that have been identified to Customer, including but not limited to health and safety, access to Qlik's equipment and systems, and confidentiality (collectively, "Qlik Policies" or individually, a "Qlik Policy"). Qlik reserves the right to remove from any Training Course or refuse to admit to any Training Course any participant who is not in compliance with any Qlik Policy.

Customer agrees to provide timely feedback to Qlik following completion of each Training Course or applicable Training Service, which may include satisfaction forms, customer surveys or evaluations (collectively, "Feedback"). To the extent that Customer provides any Feedback or any other suggestions, data, information, comments or ideas with respect to Qlik's products and services (individually and collectively "Contributions"), Customer acknowledges and agrees that any and all Contributions made by Customer or any of its participants shall be deemed the confidential and proprietary property of Qlik. Customer expressly assigns, transfers and conveys all right, title and interest in and to the Contributions to Qlik. Customer agrees that Qlik and its designees will be free to use, copy, modify, create derivative works, publicly display, disclose, distribute, license and sublicense through multiple tiers of distribution and licensees, incorporate and otherwise use and exploit the Contributions, including derivative works thereto, for any and all commercial and non-commercial purposes, without any liability or obligation to Customer whatsoever Qlik shall not refer to this Agreement in commercial advertising or similar promotions in such a manner as to state or imply that the product or service provided is endorsed or preferred by

the White House, the Executive Office of the President, or any other element of the Federal Government, or is considered by these entities to be superior to other products or services.

### **3.5 Access to Training Courses; Ownership**

If required for any Training Course, Qlik shall provide the applicable participants with an evaluation version of the applicable Qlik proprietary software to use during a live public or private classroom Training Course for instructional purposes only (the "Training Software") and such right to use the Training Software shall automatically terminate upon conclusion of the applicable Training Course. Attendance at a Training Course does not entitle any Customer or participant to any license whatsoever to any Qlik Software.

In connection with the Training Services or a Training Course, Qlik may distribute to or make available for download by participants Qlik-branded Training Course materials, in printed form or other medium ("Course Materials"). Subject to Customer's compliance with these Education Terms and the payment of the applicable fees, Qlik grants to Customer a personal, limited, non-assignable, non-exclusive, and non-transferable right, without the right to sublicense, to use the Course Materials solely for Customer's personal training and education.

Customer may not copy, reproduce, modify, rent, lease, distribute, sell, sublicense, transfer or use in any way except for in accordance with the limited right granted herein the Course Materials, the Training Services, Training Courses or any part thereof. Customer may use the information contained in the Course Materials, the Training Services and the Training Courses solely for education purposes only and may not disclose or make available to any person any information contained therein, except to others who have also rightfully received the same Course Materials, Training Services or Training Courses from Qlik. Except for the limited right to use granted herein, all rights in and to the Training Courses, Training Services and the Course Materials, and all copies thereof, are retained by Qlik and its licensors, including, without limitation, all patent rights, copyrights, trademark rights and trade secret rights. Customer shall not remove or alter any copyright or other proprietary rights notice of Qlik and/or its licensors in or on the Course Materials. All Training Services, Training Courses and Course Materials and the intellectual property rights associated therewith are and will remain at all times the sole and exclusive property of Qlik and its affiliates and licensors, and Customer has no right, title or interest in or to the Training Services Training Courses, Course Materials or the intellectual property associated therewith.

Certain Education Services require Customer to have sufficient Internet access. Qlik is not responsible for Customer's inability to access any such Education Services due to User's failure to have adequate Internet or bandwidth capabilities, or for any failure of the Internet or other communications or connectivity networks, or any disruptions or inaccessibility caused by third party sites, software or hardware.

### **3.6 Verification**

Customer understands that Qlik may contact Customer, using the information provided by Customer, and that Qlik may verify such contact information in accordance with Qlik's then current privacy policy. Qlik has no obligation to allow Customer to use or access the Training Services, any Training Course and/or the Course Materials, unless Qlik is satisfied, in its discretion, that Customer is a bona fide trainee, that Customer has all necessary valid Customer licenses, if any, that Customer has paid the applicable fees for use of the Training Services, Training Courses and/or Course Materials, and that the information provided by Customer to Qlik in registering for the Training Services, Training Courses and/or Course Materials is current, accurate and complete and in compliance with Export Control Laws.

### **3.7 Confidentiality**

Customer acknowledges and agrees that the intellectual property associated with the Training Services, Training Courses and the Course Materials, and any other nonpublic information of a technical or commercial nature concerning Qlik or the Training Services, Training Courses and the Course Materials disclosed to Customer in connection with these Education Terms constitute Qlik's proprietary information and trade secrets, and Customer agrees to hold such information in strict confidence, and not disclose or otherwise share the Training Services, Training Courses or Course Materials or any other confidential information with any third party except as expressly provided in these Education Terms.

### **3.8 Disclaimer; Limitation of Liability**

Qlik warrants that the Training Services, the Course Materials and the Training Courses shall be performed using reasonable care and skill consistent with generally accepted industry standards. For any claimed breach of this warranty, Customer shall promptly notify Qlik of the warranty claim within five (5) business days of Customer's receipt of the applicable Training Services the Course Materials or the Training Courses. Customer's sole and exclusive remedy for any breach of this warranty shall be, at Qlik's sole option, re-performance of the non-compliant Training Services, Course Materials or Training Courses or return the fees paid for the non-compliant Training Services, Course Materials or Training Courses. Client shall provide reasonable assistance to Qlik in Qlik's efforts to furnish a remedy for any breach of this warranty regarding Professional Services

EXCEPT AS EXPRESSLY SET FORTH IN SECTION 3.8 (a), TO THE MAXIMUM EXTENT PERMITTED BY

LAW, THE TRAINING SERVICES, THE COURSE MATERIALS AND THE TRAINING COURSES ARE PROVIDED "AS IS". EXCEPT AS EXPRESSLY SET FORTH IN THESE EDUCATION TERMS, QLIK AND ITS AFFILIATES AND SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, CONDITIONS AND OTHER TERMS, WHETHER EXPRESS OR IMPLIED (BY STATUTE, COMMON LAW OR OTHERWISE). Qlik does not warrant that: (i) the Course Materials, the Training Services or any Training Course

will meet Customer's or its Users' requirements; or (ii) the content of any Training Services, Course Materials or any Training Course will be error free.

IN NO EVENT SHALL QLIK OR ITS AFFILIATES OR SUPPLIERS BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, SPECIAL, OR PUNITIVE DAMAGES OR LOSSES OF ANY KIND ARISING UNDER ANY THEORY OF LIABILITY (INCLUDING TORT), INCLUDING WITHOUT LIMITATION DAMAGES OR LOSSES FOR LOSS OF PROFITS, BUSINESS INTERRUPTION, LOSS OR CORRUPTION OF BUSINESS DATA OR INFORMATION, OR OTHER PECUNIARY LOSS, EVEN IF QLIK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. QLIK'S MAXIMUM AGGREGATE LIABILITY FOR ANY EDUCATION SERVICES (REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, OR OTHERWISE) SHALL BE LIMITED TO DIRECT DAMAGES NOT TO EXCEED THE CONTRACT PRICE. THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SET FORTH IN THESE EDUCATION TERMS SHALL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. ANY CONTENT DOWNLOADED OR OTHERWISE OBTAINED THROUGH THE USE OF THE EDUCATION SERVICES IS DONE AT USER'S OWN DISCRETION AND RISK. QLIK AND ITS SUPPLIERS SHALL

HAVE NO RESPONSIBILITY FOR ANY DAMAGE TO USER'S COMPUTER SYSTEM OR LOSS OF DATA THAT RESULTS FROM THE DOWNLOAD OR USE OF ANY SUCH CONTENT. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from the Vendor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

## Exhibit D

### Consulting Services Terms

Unless otherwise agreed in writing, any consulting services ("Consulting Services") provided by Qlik to a client ("Client") are subject to and governed by these Consulting Services Terms and Conditions ("Terms"). Consulting Services may be described in an Order Form and also may be subject to a Statement of Work ("SOW") referencing these Terms and executed by authorized representatives of Qlik and Client.

Client shall obtain all necessary consents, permissions and authorizations to enable Qlik and/or its subcontractors to provide the Consulting Services and shall provide access to all staff and data necessary for Qlik's performance of the Consulting Services. Client is responsible for the completeness and accuracy of all information, data and material provided by or on behalf of Client to Qlik.

Qlik may delegate all or part of the Consulting Services to be performed hereunder to a Qlik affiliate or third party. Qlik shall remain liable for the actions and services provided by such affiliate, Third-Party and subcontractors at all times. Qlik retains the right to assign, reassign and substitute personnel at any time.

If the Consulting Services are to be performed at Client's location and subject to Government security requirements: (i) Client will provide, and shall ensure it has all rights to provide, all necessary working facilities (including, but not limited to, meeting facilities, desks, computers, software, hardware, equipment, telephone, facsimile, internet access, and access to the applicable locations, computers and systems of Client) to enable Qlik to perform the Consulting Services at License's premises; (ii) Client shall ensure that the premises at which the Consulting Services are to be carried out comply at all times with all applicable legislation, including but not limited to, any applicable health or safety laws, rules and regulations; and (iii) ensure that its employees and contractors cooperate fully with Qlik in relation to the provision of the Consulting Services.

Ordering Activity shall pay any fees due in accordance with the payment terms set forth in the Order Form or Statement of Work entered into between Ordering Activity and the GSA Schedule holder in accordance with the GSA Pricelist. Ordering Activity agrees to pay any travel expenses incurred in connection with the Consulting Services in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Ordering Activity shall only be liable for such travel expenses as approved as by Ordering Activity and funded under the applicable order form.

Consulting Services are conducted and billed on an hourly basis. Any reference to Days or Daily is equal to eight (8) hours of service. For the duration of the Consulting Services engagement or a period of twelve (12) months from the effective date of any Order Form referencing such Consulting Services, whichever is shorter, Qlik will provide the services at rates set forth in the Order Form. Thereafter, Qlik's Consulting Services rates shall apply in accordance with the GSA Pricelist unless otherwise agreed in writing between Client and Qlik.

Client acknowledges that any time frames set forth in an SOW are estimates only of the amount of time required by Qlik for the provision of the Consulting Services and time shall not be of the essence. All work will be performed on a time and materials basis and the Client will be invoiced for the actual (and not estimated) time spent in providing the Consulting Services to the Client.

Client is responsible for supplying Qlik with any required information within any timeline set out in an SOW. Client is also responsible to assign a contact person who will be available to answer any questions in person or by telephone and also have the authority to make prompt decisions.

Client acknowledges and agrees that any Consulting Services to be held at Client's location have been reserved specifically for Client. Any cancellation or rescheduling of any such on-site Consulting Services requires at least ten (10) business days' written notice prior to the date of the scheduled Consulting Services.

Rescheduling of any such Consulting Services is subject to availability of Qlik personnel, and Qlik makes no commitment or guaranty that any such rescheduling can be accommodated.

10 (a) Qlik warrants that the Consulting Services shall be performed using reasonable care and skill consistent with generally accepted industry standards. For any claimed breach of this warranty, Client shall promptly notify Qlik of the warranty claim within five (5) business days of Client's receipt of the applicable Consulting Services. Client's sole and exclusive remedy for any breach of this warranty shall be, at Qlik's sole option, re-performance of the noncompliant Professional Services or return the fees paid for the non-compliant Consulting Services. Client shall provide reasonable assistance to Qlik in Qlik's efforts to furnish a remedy for any breach of this warranty regarding Professional Services.

(b) Qlik will have no liability to Client with respect to any warranty claim made pursuant to Section 10(a), or any obligation to correct any defect or problem with the Software, to the extent that it: (i) arises out of any use of the Software by Client or its authorized affiliates not in accordance with the Documentation; (ii) arises out of any modification or alteration of the Software by anyone other than Qlik or its authorized contractors; or (iii) arises out of the use of the Software in combination with any other software or equipment not specified in the Documentation as supported by Qlik. QLIK AND ITS AFFILIATES AND SUPPLIERS DISCLAIM ALL OTHER WARRANTIES, CONDITIONS AND OTHER TERMS, WHETHER EXPRESS OR IMPLIED (BY STATE COMMON LAW OR OTHERWISE) INCLUDING WITHOUT LIMITATION, AS TO THEIR ACCURACY, TIMELINESS, COMPLETENESS, RESULTS, TITLE, NON-INFRINGEMENT, SATISFACTORY QUALITY, MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, EVEN IF QLIK HAS BEEN INFORMED OF SUCH PURPOSE, AND ANY REPRESENTATIONS, WARRANTIES OR OTHER TERMS ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE.

EXCEPT FOR DEATH OR PERSONAL INJURY CAUSED BY ITS NEGLIGENCE, THE AGGREGATE AND CUMULATIVE LIABILITY OF EITHER PARTY FOR DAMAGES (REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT SHALL IN NO EVENT EXCEED THE CONTRACT PRICE PAID OR PAYABLE

BY CLIENT FOR THE APPLICABLE SERVICES WHICH GAVE RISE TO THE CLAIM. IN NO EVENT SHALL EITHER PARTY OR ITS RESPECTIVE SUPPLIERS, RESELLERS OR AFFILIATES BE LIABLE FOR ANY LOSS OF PROFITS OR REVENUES, SAVINGS, GOODWILL, DATA OR INACCURACY OF ANY DATA OR COST OF SUBSTITUTE GOODS OR SOFTWARE REGARDLESS OF THE THEORY OF LIABILITY OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES OR LOSS, HOWSOEVER ARISING, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE OR LOSS. THE FOREGOING LIMITATIONS, EXCLUSIONS AND DISCLAIMERS SET FORTH IN THESE TERMS SHALL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

Qlik and its affiliates, or their respective suppliers or licensors where applicable, own and retain all right, title and interest in and to the Consulting Services and the deliverables provided, including all patents, trademarks (registered or unregistered), trade names, copyrights, trade secrets and any Confidential Information which Qlik may disclose. Qlik grants to Client a license to use any deliverable with the same scope and limitations as the license Client has for the Qlik proprietary software that is the subject matter of such deliverable.

Client acknowledges and agrees that all intellectual property associated with the Consulting Services and any other nonpublic information of a technical or commercial nature concerning Qlik or the Consulting Services constitute Qlik's proprietary and confidential information and trade secrets ("Qlik Confidential Information"). Any nonpublic information disclosed by or on behalf of Client during or in relation to Qlik's performance of Consulting Services that is identified as confidential or proprietary shall constitute Client Confidential Information. Confidential Information of a party does not include information which, and solely to the extent it (i) is generally available to the public other than as a result of a disclosure by the receiving party or any of its representatives; (ii) was known to the receiving party prior to the date hereof on a non-confidential basis from a source other than disclosing party or its representatives; (iii) is independently developed by the receiving party without the benefit of any of the disclosing party's Confidential Information; (iv) becomes lawfully known to the receiving party on a non-confidential basis from a source (other than disclosing party or its representatives) who is not prohibited from disclosing the information to the receiving party by any contractual, legal, fiduciary or other obligation or (v) was disclosed by disclosing party to a third party without an obligation of confidence. Each party will protect such information from unauthorized distribution and use with the same degree of care that it uses to protect its own like information, but in no event less than a reasonable degree of care. The

receiving party shall not disclose Confidential Information within its own organization nor that of its affiliates except to those employees or consultants who need to know such information in connection with the business relationship between the parties. Qlik recognizes that U.S. Government agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which can result in certain information being released, despite being identified as “confidential,” subject to procedural requirements of the Act which include notice, the right to present arguments, and the right to appeal a disclosure decision.

General

This Agreement is governed by and construed in accordance with U.S. Federal law. Any suit, action or proceeding arising out of or relating to this Agreement shall be resolved by a court or administrative tribunal of competent jurisdiction.

. Excusable Delay. Qlik shall not be liable for delays caused by an occurrence beyond its reasonable control and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. Qlik shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

Client agrees to comply with all export control laws applicable to the Consulting Services.

Reserved.

All notices or other communications to Qlik shall be addressed to: QlikTech Inc., 211 South Gulph Road, Suite 500, King of Prussia, PA, 19406; Attention: Legal Department

**Support Policy**

This Support Policy (“Policy”) describes the current practices of Qlik with regard to its provision of Maintenance Services and Support Services as defined below (collectively “Support”) to customers with a Support agreement or a subscription which includes Support (“Customer(s)"). Prior versions of this Policy were titled “Qlik Maintenance Policy” and any reference to such Maintenance Policy in any customer agreement shall be deemed a reference to this Policy.

## DEFINITIONS

“**Affiliate**” means any entity which controls, is controlled by, or is under common control with Customer where “control” means the legal, beneficial or equitable ownership of at least a majority of the aggregate of all voting equity interests of such entity, but only for so long as such control exists

“**Authorized Affiliate**” means any Affiliate of Customer that is designated by Customer as authorized to use the Software if permitted under the terms of an Agreement.

“**Documentation**” means the then-current documentation published and made generally available by Qlik for the applicable QlikProduct in the form of manuals and functional descriptions in printed or electronic form, as may be modified by Qlik from time to time.

“**Error**” means any verifiable and reproducible failure of a Qlik Product to materially conform to the Documentation.

“**Initial Response Time**” means the period commencing when an Error is first reported by Customer’s Technical Contact(s) in the manner required by this Policy and ending when a member of the Qlik technical support team logs the report and responds to the Technical Contact(s) by telephone, email or through the Support Portal.

“**Maintenance Services**” means the release of Updates to the applicable Qlik Product, which Qlik elects to make generally available to Customers.

“**Product Line**” means a group of related products or items, which have common features, functions or branding, and are deployed in a common environment. For example, Professional User and Analyzer User are part of the same Qlik Sense Enterprise product line. Qlik Sense Enterprise and Qlik Sense Business are deployed in different environments and not part of the same Product Line.

“**Qlik Product**” means the applicable Software.

“**Self-Service Tools**” means the Knowledge Base (Qlik’s online database of content and FAQs about the use and support of the Software), white papers, Community Forums, webcasts and other materials available in the Support Portal to Customers that are recurrent on Support.

“**Severity 1 Error**” means that the Software is inoperable or not accessible in a production environment due to i) a server-side failure, but not as a result of scheduled maintenance and/or upgrades, or ii) any event beyond the reasonable control of Qlik, including but not limited to any interruption of power, telecommunications or Internet

connectivity, and any failure of Customer's internal telecommunications equipment, browser or network configurations, hardware and/or third party software).

**"Severity 2 Error"** means that major functionality is materially impacted and not working in accordance with the technical specifications in the Documentation or significant performance degradation is experienced so that critical business operations cannot be performed.

**"Severity 3 Error"** means any Error that is not a Severity 1 Error or Severity 2 Error.

**"Software"** means the generally available release of Qlik's proprietary software in object code form, as well as the software API, licensed to Customer under an agreement. Software excludes early release, technical preview, beta, free trial or evaluation versions as well as any extensions, objects, open source projects or code made available without charge on Qlik Branch or other developer forums, and any Qlik products which exclude Support in the terms of use.

**"Standard Business Hours"** mean from 08:00 to 17:00, (8:00 am to 5:00 pm) Monday to Friday (excluding national and bank holidays) for the Support Center in the specific geographic region to which the applicable licenses are assigned in Qlik's records.

**"Support Agreement"** means the Qlik® User License Agreement or other written agreement for Software or services between Qlik and Customer, which includes the provision of Support Services and/or Maintenance Services.

**"Support Portal"** means Qlik's online support website.

**"Support Services"** means the technical end user support for the Qlik Products as described in this Policy. Support Services do not include services performed onsite at any Customer facility, consulting or education services, Maintenance Services or any services not expressly stated in this Policy.

**"Supported Version"** a major release of the Software. Qlik provides Support Services and Maintenance Services for Supported Versions for a period of twenty-four (24) months from the date such Supported Version was made generally available by Qlik.

**"Technical Contact(s)"** means Customer's personnel that have been identified in writing by Customer as the technical contact(s) for Customer and authorized to contact Qlik for support.

“Update” means any Software enhancement, modification or Error, which Qlik elects to make generally available to its customers as part of Maintenance Services. For all Qlik Products, Updates do not include new or separate products which Qlik offers only for an additional fee to its customers generally.

## OVERVIEW

Qlik will provide Customer with Support Services and Maintenance Services for the Qlik Products in accordance with this Policy and the level of coverage purchased by Customer as well as any applicable terms in the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), and agreement for the Software, subject to Customer’s timely payment of the applicable Support Services fees (“Support Fees”) or subscription fees.

Unless otherwise expressly set forth herein, all references in this Policy to response times or communications from Qlik shall only apply during Qlik’s Standard Business Hours, regardless of when a support matter is reported to Qlik. Times expressed as a number of “business days” include Standard Business Hours.

Any Support Services provided by Qlik hereunder will be provided in the English language or, as applicable, such other languages that may be specified on the Support Portal, which may change from time to time. The availability of support provided in any language other than English is provided at Qlik’s sole discretion and is not guaranteed by Qlik, and will depend on the location of Qlik’s technical support personnel providing such support, including whether or not Customer is entitled to contact that particular support line based on the type of Support Services purchased and Customer’s geographic location.

## SUPPORT LEVELS

Enterprise Support Coverage for Software.

Scope of Coverage. Customers with with Enterprise Support receive support for Error determination, verification and resolution (or instruction as to work-around, as applicable) twenty-four (24) hours a day, seven (7) days a week, 365 days a year for Severity 1 Errors and during Qlik’s Standard Business Hours for Severity 2 and Severity 3 Errors.

Support Case Handling. Qlik will assist Enterprise Support Customers in issue analysis to determine whether or not the technical issue is related to the third-party hardware or software. In order to isolate the issue, Qlik reserves the right to request that the third-party hardware or software be removed. Qlik may in its discretion reach out to third-party vendors based on the established Technical Support Alliance Network (TSANet) to troubleshoot the issue. TSANet is a vendor-neutral global support alliance where companies work together to support mutual customers more effectively. Qlik will only engage TSANet for Customers who are using supported configurations.

Update Information. Customers may contact Qlik Enterprise Support for information regarding Updates performed by Customer, such as installation instructions, release documentation, and general guidance for multiple environments.

Qlik will use commercially reasonable efforts to respond (a) within the initial response time targets set forth in the table below for Severity 1 Errors reported by a Technical Contact to Qlik via telephone or (b) within the Initial Response Times set forth in the table below for Severity 2 and Severity 3 Errors that are reported by a Technical Contact to Qlik via telephone or

the Support Portal. Qlik will respond to Customer’s Technical Contact by telephone or via the Support Portal. Severity 2 & 3 Errors will be initially logged and acknowledged by Qlik during Qlik’s Standard Business Hours in the region where the Error is reported. Provided that Customer provides Technical Contacts in other regions that are available to help troubleshoot issues, all Severity 1 Errors will be addressed and handed over between regions for as long as the Customer provides the available Technical Contacts in such region(s). Qlik shall use commercially reasonable efforts, consistent with industry practice, to investigate such reports to determine whether there is an Error present. If Qlik determines that an Error is present, Qlik will use commercially reasonable efforts to correct the Error and/or provide a workaround, including, without limitation, by providing Customer with an Update. Qlik will communicate with Customer at least with the frequency targets set forth in the table below until the Error is resolved (in accordance with Section 4 below) or a work-around is provided.

<b>Enterprise Support Coverage</b>		
<b>Severity Level</b>	<b>Initial Response Time</b>	<b>Communication Frequency</b>
Severity 1 Error	30 minutes, 24x7	Every 4 hours, 24x7
Severity 2 Error	1 hour*	72 Hours*
Severity 3 Error	4 hours*	Weekly*

\*During Standard Business Hours

**ERROR RESOLUTION AND ESCALATION**

An Error is considered to be resolved upon the earlier to occur of the following: (i) Qlik and Customer mutually agree in writing that the issue or problem is resolved; (ii) Qlik has provided Customer with an Update; (iii) a technical work-around solution is provided and is reasonable in Qlik’s discretion; (iv) Customer requests that Qlik close the support case; or (v) the support case has been left open by the Customer for ten (10) consecutive business days, during which period Qlik has not received a response from any of Customer’s Technical Contacts.

Exclusions. Notwithstanding anything in this Policy to the contrary, Qlik will have no obligation to provide any Support Services in connection with: (i) any issue or problem that Qlik determines is not due to any Error or deficiency in the Qlik Product (including without limitation, issues or problems caused by stand-alone third party software products used in conjunction with the Qlik Product, the Internet or other communications, Customer network or browser matters, or login issues); (ii) use of the Qlik Product other than in accordance with the Documentation and the Agreement; (iii) use of the Qlik Product provided on a trial or evaluation basis or for which Customer has not paid any fees; (iv) any Errors or problems with the applicable Qlik Product that are not reproducible; (v) any Error or problem that is reported by Customer via any Qlik support telephone number or email address associated with any geographic territory other than the one to which Customer has been assigned on the Support Portal; or (vi) any Errors or problems with the Software that result from: (a) the use of the Software with software or hardware not designed for use with the operating systems approved by Qlik in the Documentation; (b) the use of the Software with hardware that does not satisfy the minimum system requirements specified by Qlik in the Documentation; (c) changes, modifications, or alterations to the Software not approved in writing by Qlik or its authorized representatives (d) use of the Software with third party operating systems, databases, data sources, network software and client applications that are no longer supported by the related product vendors, or

(e) use of other than a Supported Version of the Software. If Qlik does correct any of the Errors described in subsections (a)-(e) above, or otherwise provides support for a Qlik Product that is not covered by the terms and conditions contained in this Policy, such Error resolution or support will be provided only following Customer’s written request and written approval of all charges, and Customer will be invoiced for such support at Qlik’s then-

current “time and materials” rates for such services. Without limiting any of the foregoing, Qlik has no obligation to provide support for any third party software, data, or other materials distributed or bundled with a Qlik Product.

**UPDATES**

In addition to its obligations under Sections 2 and 3 of this Policy, Qlik will make Updates available to all Customers with a current subscription or Support Agreement, when and if Qlik elects to make them generally commercially available. All Updates provided to any Customer under this Policy will be made available at Qlik’s discretion, in a form of digital medium, or for Software, via the

Qlik Software download site. Each Update will be provided together with the associated Documentation written in English or another language officially supported by Qlik. Unless otherwise agreed in writing by Qlik, Customer shall be responsible for installation of all Updates. Qlik is under no obligation to develop any future functionality, programs, services or enhancements.

## CUSTOMER'S OBLIGATIONS

Customer will provide timely information and access to knowledgeable resources as reasonably required to provide support. Qlik's support obligations shall be excused to the extent Customer fails to cooperate in this regard.

The Customer shall: (i) not request, permit or authorize anyone other than Qlik (or a Qlik-authorized partner or provider) to provide any form of support services in respect of the Qlik Products; (ii) cooperate fully with Qlik's personnel in the diagnosis or investigation of any Error or other issue or problem with the Qlik Products; (iii) be responsible for purchasing, installing and maintaining all hardware and operating systems required to use and support the Software; and (v) be responsible for maintaining all third party software not explicitly licensed under the Support Agreement.

Customer's contact with Qlik in connection with Customer's requests for support and reports of Errors shall be solely through its Technical Contact(s). The Technical Contact(s) shall: (i) serve as the internal contact(s) for Customer's and its Authorized Affiliates' personnel who are authorized to use the Qlik Products per the terms of the Support Agreement; (ii) be responsible for initiating all requests by, and maintaining all records of, the Customer and its Authorized Affiliates relating to Support Services; (iii) serve as the contact(s) with Qlik on all matters relating to Support Services; and (iv) be responsible for providing information and support, as requested by Qlik, to assist in the reproduction, diagnosis, analysis, and resolution of Errors. The maximum number of Technical Contacts for each Customer is six (6), regardless of the number or types or quantities of licenses purchased for the Software. Customer shall ensure that its Technical Contacts comply with any reasonable training requirements for the Technical Contact(s) upon notification by Qlik. Subject to the previous sentence, Customer may change its Technical Contact(s) by notifying Qlik in writing. If Qlik is unable to reproduce a problem or the solution requires modifying Software configuration parameters, Qlik may require Customer to provide remote access in order to continue providing support. Customer shall ensure that a functioning system enabling Qlik to have remote access to Customer's technical equipment is installed (subject to Customer's reasonable security measures and policies) and that satisfactory communication between the parties' computer systems is possible. Customer agrees to be solely responsible for protecting and backing up its equipment, software and data prior to any such access. Qlik accepts no liability in connection with remote access support. A request for a remote connection will come only after other options are explored.

Customer will be responsible for primary support of any Authorized Affiliates in connection with their use of the Qlik Product in accordance with the terms of the Agreement. Customer is solely responsible for: (i) distributing all Updates to its Authorized Affiliates; (ii) passing on to its Authorized Affiliates all support materials as appropriate; and (iii) providing software support, including operational instruction, problem reporting and technical advice to its Authorized Affiliates, in each case of (i), (ii) and (iii) above, as necessary to enable the Authorized Affiliate to continue to use the Qlik Product as authorized under the Support Agreement. Customer's Authorized Affiliates, as well as its contractors and third party users, may not contact Qlik directly for support of the Software, unless designated as a Technical Contact by the Customer.

Qlik supports the Software in designated operating systems as described in the Documentation and not specific hardware configurations. If Customer is running the Software on a virtual environment, Customer and the virtual environment vendor will be responsible for any interactions or issues that arise at the hardware or operating system layer as a result of the use of a virtual environment. *Qlik reserves the right to request Customers to diagnose certain issues in a native designated operating system environment, operating without the virtual environment, as needed to determine whether the virtual environment is a contributing factor to the issue.*

Customer is expected to use a non-production environment for development and to conduct sufficient testing before making any updates to production.

For certain services provided under this Policy, the transmission of machine logs may be required. For avoidance of doubt, Customer shall not include any business sensitive and/or personal information via such transmissions. Accordingly, Qlik shall not be deemed a Data Processor under EU Data Protection Directive 95/46/EC (as amended) (the "Directive") in providing support for the Software. However, should Customer send to Qlik any log files or other information containing personal data, Qlik will (i) comply with the Directive and any relevant national enacting legislation in relation to its treatment of that personal data as required under relevant, applicable law; and (ii) in accordance with Qlik's privacy policies from time to time in effect. Customer shall take reasonable measures to limit the amount and sensitivity of such data provided to Qlik (by anonymization, for example). Qlik's privacy policies are available to view online at [www.qlik.com](http://www.qlik.com) under "Cookie and Privacy Policy".

### **ADDITIONAL TERMS**

Support is included in the subscription fee for all subscriptions and provided by Qlik. Customer is required to separately purchase Support on all perpetually licensed Software for a twelve (12) month period beginning on the delivery date of the Software (the "Initial Support Period). In addition, Customer must maintain support across i) all perpetual licenses within the same Product Line and, ii) all licenses, whether perpetual or subscription, within the same deployment. Customer must be current on Support for all previously purchased licenses in the same Product Line in order to purchase additional licenses. In the event the Customer elects not to renew a Support Agreement for its perpetual licenses, the non-renewal must apply to all licenses within the same Product Line. Notwithstanding the foregoing, any Software or subscriptions purchased as a bundle, package, or special promotion (e.g., enterprise licenses) must be supported together at a uniform level, regardless of whether such Software purchase includes multiple Product Lines.

Unless otherwise agreed in writing, Support Agreements for perpetually licensed Software may be renewed for successive twelve (12) month periods (each, a "Support Period") by both parties executing an agreement in writing. Support fees for any additional Software purchases will be prorated to achieve a common annual Support Period with existing licenses.

Reinstatement of lapsed or cancelled Support Agreements for perpetually licensed Software will be subject to payment by Customer of (a) the then-current annual Support Fees calculated in accordance with the GSA Pricelist payable for the 12-month period beginning on the date of reinstatement and (b) the aggregate Support Fees that would have been payable for the relevant Software during the period of lapse in the absence of termination or non-renewal, provided that (i) the combined reinstatement fees are paid within twelve (12) months after the date of the lapse. Reinstatement beyond this date will be at Qlik's sole discretion. Reinstatement fees may be assessed once notice of cancellation or non-renewal is provided, even if a request for reinstatement is provided prior to the expiration of the current Support Period.

Qlik may elect to make certain software publicly available under an open source license and free of charge on various online communities ("Extensions"). This Policy includes Support with regard to any certified Qlik Extensions only. To the extent customer uses non-certified Extensions in connection with the Software, this Policy provides Support for the Software and Software API only.

While Qlik may make available certain open source libraries created by Qlik (each a "Qlik Library" and collectively the "Qlik Libraries") that may be referenced in the Documentation as being available for use with Qlik

Core, Qlik Libraries are not supported under the Policy. To the extent an Error in Qlik Core arises from or relates to use of the Qlik Libraries, Qlik's obligation to provide Support for such Error shall only exist during the period in which the applicable library remains a valid Qlik Library for use with Qlik Core (as set forth in the then-current Qlik Core Documentation) and the applicable Qlik Library must not be changed, modified or altered in any manner by anyone other than Qlik.

Qlik may elect to make certain software available free of charge for trial, evaluation or other purposes ("Freeware"). Support for Freeware, if any, will be provided at Qlik's discretion and in accordance with the license terms for such Freeware.

**DISCLAIMER**

THIS POLICY DEFINES A SERVICE ARRANGEMENT AND NOT A WARRANTY. THE QLIK PRODUCTS ARE SUBJECT EXCLUSIVELY TO THE WARRANTIES SET FORTH IN THE APPLICABLE AGREEMENT. THIS POLICY DOES NOT CHANGE OR SUPERSEDE ANY TERM OF ANY SUCH AGREEMENT. TO THE EXTENT THERE IS A CONFLICT BETWEEN A TRANSLATED VERSION OF THIS POLICY AND THIS ENGLISH VERSION, THE ENGLISH LANGUAGE VERSION WILL PREVAIL.

## Qlik® Cloud Terms of Service

### 1. AGREEMENT

These Qlik Cloud Terms of Service (“Terms”) are effective when (A) a Customer places an Order with the Qlik entity identified in Table 1 to this Agreement (“Qlik”) or (B) an Authorized Reseller places an order on behalf of the Customer (each an “Order Form”), are by and between Qlik and the Customer specified in the Order Form. These Terms govern the Customer’s access to and use of all Qlik Cloud products and related Qlik Products and Services as referenced on the applicable Order Form. If the Customer does not agree to these Terms, or if the Terms are not incorporated into the Order Form, the Customer must not use Qlik Cloud.

### 2. DEFINITIONS

Unless defined elsewhere in this Agreement, the capitalized terms utilized in this Agreement are defined below.

- 2.1. **“Account Data”** means specific Customer Data is that exempt from the boundary established in Qlik’s FedRAMP System Security Plan and permitted within Qlik corporate services.
- 2.2. **“Agreement”** means these Qlik Cloud Terms of Service, and any Order Form(s) between Qlik and Customer for the provision of Qlik Cloud and any applicable Qlik Software or Services used in connection with Qlik Cloud.
- 2.3. **“Authorized Third Party”** means any third party authorized by Customer to access and use Qlik Products.
- 2.4. **“Authorized Reseller”** means a reseller, distributor or other third party authorized by Qlik to sell Qlik Products or Services.
- 2.5. **“Authorized User”** means an employee or Authorized Third Party of Customer, who has been authorized by Customer to use the Qlik Products in accordance with these Terms and has been allocated a license or user credentials.
- 2.6. **“Confidential Information”** means non-public information that is disclosed by or on behalf of a Party under or in relation to this Agreement that is identified as confidential at the time of disclosure or should be reasonably understood to be confidential or proprietary due to the nature of the information and/or the circumstances surrounding its disclosure. Confidential Information does not include information which, and solely to the extent it: (i) is generally available to the public other than as a result of a disclosure by the receiving Party or any of its representatives; (ii) was known or becomes known to the receiving Party from a source other than disclosing Party or its representatives without having violated any confidentiality agreement of the disclosing Party; (iii) is independently developed by the receiving Party without the use or benefit of any of the disclosing Party’s Confidential Information; or (iv) was disclosed by the disclosing Party to a third party without an obligation of confidence. In any dispute concerning the applicability of these exclusions, the burden of proof will be on the receiving Party and such proof will be by clear and convincing evidence.
- 2.7. **“Consulting Services”** means any consulting services performed by Qlik under these Terms and any applicable Order Form.
- 2.8. **“Content”** means information, data and metadata created, collected, processed, maintained, disseminated, disclosed or disposed of by or for the Customer in any medium or form provided by Customer or any Authorized User for use with Qlik Cloud.
- 2.9. **“Customer”** means any of the following third parties that is permitted by Qlik to use, license or access Qlik Cloud: (a) the federal government, a federal government department and/or United States federal governmental agency of the United States; (b) a state or local government or a state or local governmental department or agency located in the United States; (c) K-12 & Higher Education utilizing a Government Contracting Vehicle; (d) Healthcare vendors/hospitals (not payers) utilizing a government contracting vehicle; or (e) system integrators, contractors and companies doing work for the Government solely in connection with such work for a Government entity, in each case that has entered into this Agreement by electronically accepting the terms or by accessing or using the Qlik Products; or where an Order Form has been executed, then Customer means the entity identified on the Order Form. For clarity, a Customer may include the Government public safety agencies, tribal, territorial, federally funded research centers (FFRDCs), or lab entities.
- 2.10. **“Delivery Date”** means the date on which access to the Qlik Products is initially made available (via download or otherwise) to Customer or to the Authorized Reseller as applicable, which date may be specified in an Order Form.
- 2.11. **“Documentation”** means the then-current user documentation for the Qlik Products, including the product metrics available at [www.qlik.com/product-terms](http://www.qlik.com/product-terms).
- 2.12. **“Education Services”** means any training or education services performed by Qlik under the terms of this Agreement and any applicable Order Form.
- 2.13. **“Export Control Laws”** means export control laws and regulations of the U.S., E.U., and other governments, as well as regulations declared by the U.S. Department of the Treasury Office of Foreign Assets Control, the U.S. Department of Commerce, the Council of the E.U. and their counterparts under applicable law (“Export Control Laws”), including all end user, end-use and destination restrictions imposed by such Export Control Laws.

- 2.14. **“External Use”** means an Authorized Third Party’s use of any Qlik Products, which are designated for external use in the Documentation, provided such use is solely in connection with Customer’s business relationship with the Authorized Third Party.
- 2.15. **“FedRAMP”** means the Federal Risk and Authorization Management Program.
- 2.16. **“IP Claim”** means a claim brought by a third party alleging that the Qlik Products, as delivered by Qlik and used as authorized under this Agreement, infringes upon any third- party copyright, trademark or a patent.
- 2.17. **“Government”** means any an agency, department, territory, or instrumentality of the U.S. government or an agency, department, or instrumentality of a state, county, municipal, or local government located in the United States.
- 2.18. **“Order Form”** means an order form, statement of work or written document pursuant to which Customer orders Qlik Products or Services to be performed by Qlik and executed by the Parties or by Customer and an Authorized Reseller.
- 2.19. **“Party”** or **“Parties”** means Qlik and Customer, individually and collectively, as the case may be.
- 2.20. **“Platform Data”** means the statistical data and performance information, analytics, metadata, or similar information, generated through instrumentation and logging systems, regarding the operation of Qlik Cloud, including Customer’s use of Qlik Cloud.
- 2.21. **“Qlik Acceptable Use Policy”** means Qlik’s then-current Hosted SaaS Services Acceptable Use Policy located at [www.qlik.com](http://www.qlik.com) and attached hereto as Exhibit 1.
- 2.22. **“Qlik Cloud”** means a subscription-based, hosted solution provided and managed by Qlik under these Terms to which the Customer is being granted access via a website or other designated IP address.
- 2.23. **“Qlik Marks”** means Qlik’s trademarks, service marks, trade names, logos, and designs, relating to Qlik Products, whether or not specifically recognized, registered or perfected, including without limitation, those listed on Qlik’s website.
- 2.24. **“Qlik Products”** means Software and Qlik Cloud. Qlik Products do not include Services or early release, beta versions or technical previews of product offerings.
- 2.25. **“Rules of Behavior”** means Qlik’s then-current Qlik Cloud Government Rules of Behavior for External Users(available at <https://www.qlik.com/us/legal/qlik-cloud-governmenthttps://www.qlik.com/us/legal/qlik-cloud-government-onboarding-termsonboarding-terms> and attached hereto as Exhibit 2
- 2.26. **“Services”** means Support, Consulting Services or Education Services performed by Qlik under the terms of this Agreement and any applicable Order Form. Services does not include Qlik Cloud.
- 2.27. **“Software”** means the generally available release of the Qlik software, in object code form, initially provided or made available to Customer as well as updates thereto that Qlik elects to make available at no additional charge to all of its customers that subscribe to Support for the Software.
- 2.28. **“Subscription”** means access to and usage of Qlik Cloud subject to these Terms.
- 2.29. **“Support”** means end user support and access to updates for the Qlik Products, which are provided by Qlik as part of a subscription for Qlik Products.

### 3. CUSTOMER RIGHTS AND RESPONSIBILITIES

**3.1. Use of Qlik Cloud.** Customer directly, or through a Qlik Partner, may purchase a Subscription to Qlik Cloud. Qlik will provide the Customer and the Customer’s Authorized Users with non-exclusive access to Qlik Cloud, provided any use of Qlik Cloud shall be (i) in accordance with the Documentation and these Terms; and (ii) for the authorized scope and quantities which may be specified in an Order Form. Customer may use Qlik Cloud solely for the Customer’s own internal governmental purposes.

**3.2. Use of Qlik Software.** Subject to the terms of this Agreement, in the event Customer licenses Qlik Software to support its transition to Qlik Cloud, Qlik grants to Customer a world-wide, non-exclusive, non-transferable and non-sublicensable right for its Authorized Users to access or use Qlik Software for Customer’s internal business operations and for External Use, provided any use of Qlik Software shall be (i) in accordance with the Documentation and these Terms and (ii) for the authorized scope and quantities which may be specified in an Order Form.

**3.3. Services.** Qlik will support Qlik Cloud and related Qlik Software in accordance with Qlik’s Public Sector Service Level Agreement (available at <https://www.qlik.com/us/legal/qlik-cloud-governmentonboarding-terms> and attached hereto as Exhibit 3) for Customer’s subscription period. Qlik may provide Consulting or Education Services to Customer pursuant to this Agreement, any applicable product descriptions (available at [www.qlik.com/product-terms](http://www.qlik.com/product-terms)) and any applicable Order Form.

**3.4. Restrictions.** Customer will not, nor permit nor authorize anyone to: (i) make any Qlik Products available to anyone other than Customer or its Authorized Users; (ii) offer, use, or otherwise exploit the Qlik Products whether or not for a fee, in any managed service provider (MSP) offering; platform as a service (PaaS) offering; service bureau; or other similar product or offering; (iii) input, process or store any classified data in Qlik Cloud; (iv). copy, decompile, disassemble or reverse engineer or otherwise attempt to extract or derive the source code or any methods, algorithms or procedures from the Qlik Products, except as otherwise expressly permitted by applicable law, or modify, adapt, translate or create derivative works based upon the Qlik Products; (v) alter or circumvent any product, key or

license restrictions, or transfer or reassign a named user license or entitlement, in such a manner that enables Customer to exceed purchased quantities, defeat any use restrictions, or allows multiple users to share such entitlement to exceed purchased quantities; (vi) copy or create Internet "links" to Qlik Cloud or "frame" or mirror" any of the Qlik Cloud; (vii) permit direct or indirect access to or use of any Qlik Cloud or Content in a way that circumvents any usage limit; (viii) use the Qlik Products if Customer is a competitor of Qlik; or (viii) access or use the Qlik Products in order to (a) build a competitive product or service, (b) build a product using similar ideas, features, functions or graphics of the Qlik Products, or (c) copy any ideas, features, functions or graphics of the Qlik Products.

**3.5. Content.** Customer acknowledges and agrees that it has sole responsibility: (i) to administer Authorized User access to its account on Qlik Cloud and the Content, (ii) for the input and administration of Content in Qlik Cloud, including deletion of Content, (iii) to ensure it has all rights necessary to use, transmit and display Content and for Qlik to host, store, adapt or integrate such Content as required to provide Qlik Cloud, (iv) for maintaining Content on the systems from which they are sourced and making backup copies of Content; and (v) to ensure that all Authorized Users abide by the Qlik Acceptable Use Policy and the Rules of Behavior while accessing Qlik Cloud. Customer hereby represents and warrants on behalf of itself and its Authorized Users that it has all of the rights in the Content necessary for the use, display, publishing, sharing and distribution of the Content and that such use of the Content under these Terms does not violate any third-party rights, laws or these Terms. Qlik is not responsible for the accuracy, completeness, appropriateness, copyright compliance or legality of any Content.

**3.6. Authorized Third Parties.** If Customer chooses to have an Authorized Third Party access Qlik Cloud on its behalf, including any provider of services or Qlik employees accessing Qlik Cloud at Customer's request, Customer acknowledges that Customer, and not Qlik, is solely responsible and liable for (i) the acts and omissions of such Authorized Third Party in connection with Qlik Cloud and compliance with Customer's obligations hereunder; (ii) any Content that Customer requests or instructs the Authorized Third Party to include in Qlik Cloud; and (iii) the issuance, removal and/or deactivation of the credentials issued for such Authorized Third Party.

**3.7. Security.** Qlik will use commercially reasonable, industry standard security measures in providing Qlik Cloud and will comply with such data security regulations applicable to Qlik Cloud. Qlik has implemented appropriate technical and procedural safeguards to protect and secure Content. Qlik Cloud is hosted and delivered from a data center operated by a third-party provider, which is solely responsible for the underlying infrastructure and hosting of Qlik Cloud. Qlik reserves the right to remove or update its third-party provider. Customer is solely responsible for any breach or loss resulting from: (i) Customer's failure to control user access; (ii) failure to secure Content which Customer transmits to and from Qlik Cloud; and (iii) failure to implement security configurations and encryption technology to protect Content.

**3.8. Privacy.** The terms of the Data Processing Addendum at [www.qlik.com/legal-agreements](http://www.qlik.com/legal-agreements) and attached hereto as Exhibit 4 ("DPA") are incorporated by reference when executed by Customer as set forth in the DPA and received by Qlik, and shall apply to the extent Content includes "Customer Personal Data" as defined in the DPA. All Content used by or within Qlik Cloud may be stored on servers located in various regions and Customer may select (where available) the region in which its Content resides. Customer and Authorized Users are not permitted to store, maintain, or process payment card information or related financial information subject to Payment Card Industry Data Security Standards, Protected Health Information (as defined under the Health Insurance Portability and Accountability Act of 1996 (HIPAA)), or other sensitive data in Qlik Cloud.

**3.9. Access.** Customer may only use Qlik Products activated with a product key or other credentials provided by Qlik or via an Authorized Reseller. Customer is solely and directly responsible (a) for maintaining the security of all keys, user IDs, passwords and other credentials, (b) for all activities taken by its Authorized Users or under any of its keys or credentials; (c) for Customer's and Authorized Users' compliance with this Agreement and applicable laws, including Export Control Laws; and (d) to promptly notify Qlik of any unauthorized use or access and take all steps necessary to terminate such unauthorized use or access. Customer will provide Qlik with such cooperation and assistance related to any unauthorized use or access as Qlik may reasonably request.

#### **4. Term and Termination**

**4.1 Term.** Customer's and its Authorized Users' access to the Services shall remain in effect, unless earlier terminated, for the Services subscription term set forth in the Order Form for such subscription ("Term"). Subscriptions may not be cancelled in whole or in part during any Term. The term may be renewed for additional successive one (1) year terms by executing an order in writing. If a Subscription cannot be automatically renewed due to applicable law or government appropriations processes, then Subscriptions shall automatically terminate at the end of the then-current Term, unless Qlik receives written notice of renewal no later than forty-five (45) days prior to the end of the then-current Term.

**4.2 Termination for Breach.** The Customer may terminate this Agreement (without resort to court or other legal action) if Qlik fails to cure a material breach within thirty (30) days in accordance with FAR 52.212-4(m) or other similar law or regulation if applicable to the relevant Order Form.

**4.3 Termination for Cause.** Subject to 41 U.S.C. § 71 (Contract Disputes), FAR 52.233-1(Disputes), applicable local law or regulation, and unless a remedy is otherwise ordered by a United States Federal Court, Qlik may terminate the Agreement if it is determined that the Customer failed to comply with these Terms. Customer may terminate the Agreement effective immediately upon written notice to Qlik if Qlik (A) fails to cure a breach of the Agreement within 30 days of notice of the breach, or (B) commits an incurable material breach of these Terms, or (C) terminates or suspend its business.

**4.4** Qlik may terminate Customer's or any individual Authorized User's access to all or any part of Qlik Cloud at any time if required by applicable law, effective immediately, which may result in the forfeiture and destruction of all information within Customer's subdomain. If the Qlik Products are purchased through an Authorized Reseller.

**4.5 Termination for Convenience.** Customer may terminate the Agreement for its sole convenience in accordance with FAR 52.212-4(l) or similar law or regulation if the clause is applicable to the relevant Order Form.

**4.6 Effect of Termination.** Upon any termination or expiration of this Agreement, Customer and its Authorized Users' right to access and use the Services shall automatically cease.

Qlik will delete all Content associated to Customer's account within six (6) months following such termination or expiration. All provisions of this Agreement which by their nature should survive termination shall survive termination, including, without limitation, ownership provisions, warranty disclaimers, indemnity and limitations of liability. Termination of this Agreement or any licenses or subscriptions shall not prevent either Party from pursuing all available legal remedies, nor shall such termination relieve Customer's obligation to pay all fees that are owed.

**4.7** Qlik may, without limiting its other rights and remedies, temporarily suspend Customer's access to Qlik Cloud at any time if: (i) required by applicable law, (ii) reserved, or (iii) Customer's use disrupts the integrity or operation of Qlik Cloud or interferes with the use by others. Qlik will use reasonable efforts to notify Customer prior to any suspension, unless prohibited by applicable law or court order.

## **5. Warranties; Disclaimer; Limitation of Liability**

**5.1. Warranty.** Qlik warrants that Qlik Cloud will perform substantially in accordance with the applicable Documentation when used as authorized under this Agreement. This warranty will not apply (i) unless Customer notifies Qlik of a claim under this warranty within 30 days of the date on which the condition giving rise to the claim first appears, or (ii) the event giving rise to the warranty claim was caused by misuse, unauthorized modifications, or third-party hardware, software or services. Customer's exclusive remedy and Qlik's sole liability with regard to any breach of this warranty will be, at Qlik's option and expense, to either: (i) repair or replace the non-conforming portion of Qlik Cloud or (ii) terminate the affected portion of Qlik Cloud and refund Customer, on a pro rata basis, any unused, prepaid fees as of the termination effective date, but in no event less than one thousand U.S. dollars (USD \$1,000).

**5.2. Consulting and Education Warranty.** Qlik warrants that Consulting Services and Education Services will be performed using reasonable care and skill consistent with generally accepted industry standards. For any claimed breach of this warranty, Customer must notify Qlik of the warranty claim within thirty (30) days of Customer's receipt of the applicable Consulting Services or Education

Services. Customer's exclusive remedy and Qlik's sole liability with regard to any breach of this warranty will be, at Qlik's option and expense, to either: (i) re-perform the nonconforming Consulting Services or Education Services; or (ii) refund to Customer the fees paid for the non-conforming Consulting Services or Education Services. Customer shall provide reasonable assistance to Qlik in support of its efforts to furnish a remedy for any breach of this warranty

**5.3. Disclaimer.** EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE QLIK PRODUCTS AND SERVICES ARE PROVIDED "AS IS," "AS AVAILABLE" AND WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES IMPLIED BY ANY COURSE OF PERFORMANCE OR USAGE OF TRADE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. QLIK AND ITS OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS, PARTNERS, SERVICE PROVIDERS AND LICENSORS DO NOT WARRANT THAT: (I) THE QLIK PRODUCTS WILL BE AVAILABLE AT ANY PARTICULAR TIME OR LOCATION; (II) THE QLIK PRODUCTS WILL BE FREE OF DEFECTS OR ERRORS, (III) THE QLIK PRODUCTS ARE FREE OF VIRUSES OR OTHER HARMFUL COMPONENTS; (IV) THAT THE QLIK PRODUCTS WILL NOT HARM COMPUTER SYSTEMS; OR (V) THE RESULTS OF USING THE QLIK PRODUCTS WILL MEET CUSTOMER'S OR AUTHORIZED USERS' REQUIREMENTS.

**5.4. Limitation of Liability.** Except for: (i) Qlik's indemnification obligations hereunder; (ii) Customer's breach of Section 3.3 (Restrictions), or Section 3.8(c) (Export Control); or (iii) Customer's violation of Qlik's intellectual property rights, each Party's maximum cumulative liability for any claims, losses, costs (including attorney's fees) and other damages arising under or related to this Agreement, regardless of the form of action, whether in contract, tort (including but not limited to negligence or strict liability) or otherwise, will be limited to actual damages incurred, which will in no event exceed the greater of (a) one thousand dollars (USD \$1,000); or (b) the aggregate amount of subscription fees paid by Customer for the Qlik Cloud under the applicable order.

**5.5. Exclusion of Damages.** EXCEPT FOR EITHER PARTY'S BREACH OF THE OTHER PARTY'S INTELLECTUAL PROPERTY RIGHTS, IN NO EVENT SHALL EITHER PARTY BE LIABLE UNDER CONTRACT, TORT, STRICT LIABILITY, NEGLIGENCE, WARRANTY OR ANY OTHER LEGAL OR EQUITABLE THEORY WITH RESPECT TO THE SERVICES, INCLUDING FOR ANY LOST PROFITS, DATA OR CONTENT LOSS, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, LOSS OF GOODWILL, OR FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, COMPENSATORY OR CONSEQUENTIAL DAMAGES OF ANY KIND WHATSOEVER, EVEN IF THE PARTY HAD BEEN ADVISED AS TO THE POSSIBILITY OF SUCH DAMAGES. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

**5.6.** THE LIMITATIONS, EXCLUSIONS AND DISCLAIMERS CONTAINED IN THIS AGREEMENT ARE INDEPENDENT OF ANY AGREED REMEDY SPECIFIED IN THIS AGREEMENT AND WILL APPLY TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, EVEN IF ANY AGREED REMEDY IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. TO THE EXTENT THAT QLIK MAY NOT, AS A MATTER OF LAW, DISCLAIM ANY WARRANTY OR LIMIT ITS LIABILITIES, THE SCOPE OR DURATION OF SUCH WARRANTY AND THE EXTENT OF QLIK'S LIABILITY WILL BE THE MINIMUM PERMITTED UNDER SUCH LAW. IF A WAIVER, RIGHT, OR REMEDY IS EXERCISED PURSUANT TO

MANDATORY LAW, IT SHALL BE EXERCISED SOLELY FOR THE PURPOSE PROVIDED AND IN CONFORMANCE WITH THE PROCEDURES AND LIMITATIONS EXPRESSLY PROVIDED FOR BY SUCH LAW.

## **6. Intellectual Property Rights; Indemnification**

**6.1. Ownership.** Customer retains all right, title and interest in and to all Content. Qlik retains all right, title and interest in and to the Qlik Products, Platform Data, and if applicable, all deliverables resulting from performance of Consulting Services, including all know-how, methodologies, designs and improvements to the Qlik Products, but excluding any Content incorporated into any such deliverable. Qlik hereby grants Customer a non-exclusive license to use any deliverables or work product that are the result of any Consulting Services in connection with Customer's authorized use of the Qlik Products.

6.2. **Retention of Rights.** No title or ownership of any proprietary or other rights related to Qlik Products is transferred or sold to Customer or any Authorized User pursuant to this Agreement. All intellectual property rights not explicitly granted to Customer are reserved and Qlik, its affiliates, and their respective suppliers or licensors, where applicable, retain all right, title and interest in and to the Qlik Products, including all intellectual property rights embodied therein, as well as to all Qlik Marks. Customer is not obligated to provide Qlik with any suggestions or feedback about the Qlik Products, but if Customer elects to do so, Qlik may use and modify this feedback for any purpose, including developing and improving the Qlik Products, without any liability, time limitation, restriction, or payment to Customer.

6.3. **Indemnification by Qlik.** Qlik shall have the right to intervene to defend, indemnify and hold Customer and its directors, officers, employees, agents, and permitted successors and assigns harmless from any damages and costs awarded against Customer and its directors, officers, employees, agents, successors and assigns as a result of an IP Claim. Qlik will not be liable for any IP Claim arising from or based upon: (i) any unauthorized use of, unauthorized access granted to or unauthorized distribution of the Qlik Products; and/or (ii) use of any Content with or in Qlik Cloud. If the Qlik Products become, or, in Qlik's opinion, is likely to become, the subject of an IP Claim, Qlik may, at its option and expense, either: (i) obtain the right for Customer to continue using the affected Qlik Products in accordance with this Agreement; (ii) replace or modify the Qlik Product so that it becomes non-infringing while retaining substantially similar functionality; or (iii) if neither of the foregoing remedies can be reasonably effected by Qlik, terminate the Agreement (without need for a ruling by a court or arbitrator) and refund Customer any prepaid fees covering the remainder of the term of the terminated subscription. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. THIS

SECTION 6.3 STATES QLIK'S SOLE AND ENTIRE  
OBLIGATION AND LIABILITY, AND CUSTOMER'S SOLE  
AND EXCLUSIVE RIGHT AND REMEDY, FOR INFRINGEMENT OR VIOLATION OF INTELLECTUAL PROPERTY RIGHTS.

6.4. **Conditions.** Qlik's indemnification obligations hereunder are subject to: (i) prompt notification of a claim in writing to the indemnifying party; (ii) consent to allow Qlik to have control of the defense and any related settlement negotiations; and (iii) provision of information, authority and assistance as necessary for the defense and settlement of the IP Claim.

**7. Fees; Payment and Taxes**

7.1 Customer shall pay all fees due within thirty (30) days from the receipt date of Qlik's valid invoice therefor, unless otherwise stated on an Order Form. Fees are not subject to any right of offset or suspension and all payments shall be non-cancelable, and non-creditable. Vendor shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 552.212-4(k). If the Customer fails to pay any Fee when due, then Qlik may charge Customer interest in an amount indicated by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. In the event any use of Qlik Products exceeds purchased quantities ("Overage"), without limiting Qlik's other rights and remedies at law or in equity, Customer will be invoiced and shall pay for such Overage as specified in an Order Form.

**8. Confidentiality**

8.1. Each Party will hold in confidence the other Party's Confidential Information and will not disclose or use such Confidential Information except as necessary to exercise its express rights to perform its express obligations hereunder. Any Party's disclosure of the other Party's Confidential Information may be made only to those of its employees or consultants who need to know such information in connection herewith and who have agreed to maintain the Confidential Information as confidential as set forth herein. Notwithstanding the foregoing, a Party may disclose the other Party's Confidential Information to the extent that it is required to be disclosed in accordance with an order or requirement of a court, administrative agency or other governmental body, provided that such Party, to the extent permitted by law, provides the other Party with prompt notice of such order or requirement in order that it may seek a protective order. Each Party's confidentiality obligations hereunder will continue for a period of three (3) years following any termination of this Agreement, provided, however, that each Party's obligations will survive and continue in effect thereafter with respect to, and for so long as, any Confidential Information continues to be a trade secret under applicable law. Qlik recognizes that Customers may be subject to the Freedom of Information Act 5 U.S.C. 552 or other similar open records law which may require that certain information be released, despite being characterized as "confidential" by the vendor. The Parties acknowledge and agree that the Qlik Products and all pricing information are Confidential Information of Qlik.

**9. General**

9.1. **Entire Agreement; Severability; No Wavier; Headings.** This Agreement is the entire agreement between Customer and Qlik with respect to the Qlik Products and supersede all prior or contemporaneous communications and proposals (whether oral, written or electronic) between Qlik and Customer with respect to the Qlik Products, including any prior version of this Agreement. If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable. The failure of either party to exercise in any respect any right provided for herein shall not be deemed a waiver of any further rights hereunder. In addition, this Agreement shall supersede any conflicting or contradictory terms contained in any purchase order, order form, or any other document Customer submits to any of Qlik's designated vendors in connection with a purchase of a subscription to the Qlik Products, and any such conflicting or contradictory terms will be of no force or effect. Failure to enforce any part of this Agreement shall not constitute a waiver of any right to later enforce that or any other part of this Agreement. The section and paragraph headings in this Agreement are for convenience only and shall not affect their interpretation.

9.2 **Governing Law; Jurisdiction.** This Agreement is governed by the law of the jurisdiction set out in Table 1 corresponding to the Qlik entity identified therein as the contracting party, but excluding any conflict of law rules or the United Nations Convention on Contracts for the International Sale of Goods, the application of which is hereby expressly excluded. Any suit, action or proceeding arising out of or relating to this Agreement will be brought before the courts or arbitration boards set out in Table 1 corresponding to the contracting

Qlik entity, and the Parties hereby expressly and irrevocably submit to the exclusive jurisdiction of such courts or arbitral bodies for the purpose of any such suit, action or proceeding. Notwithstanding anything to the contrary in this Agreement, either Party may at any time seek injunctive or interlocutory relief in a court of competent jurisdiction in order to protect any urgent interest of such Party, including, without limitation, the confidentiality and use restrictions of this Agreement. TO THE EXTENT AVAILABLE UNDER APPLICABLE LAW, CUSTOMER EXPRESSLY WAIVES ANY RIGHT TO A JURY TRIAL REGARDING DISPUTES RELATED TO THIS AGREEMENT.

- 9.3 Early Release Products.** Qlik may, in its discretion, periodically provide certain Customers with an opportunity to test additional early release features or functionality in connection with Qlik Products. Customer may decline to participate in the testing of such additional features or functionality at any time. Customer acknowledges that such features or functionality are not considered part of the Qlik Products under this Agreement, are not supported, are provided “as is” with no warranties of any kind and may be subject to additional terms. Qlik reserves the right at any time, in its sole discretion, to discontinue provision of, or to modify, any such features or functionality provided for testing purposes.
- 9.4 Third-Party Materials.** Qlik Products may incorporate or otherwise access certain open source or other third-party software, data, services, or other materials for the hosting and delivery of the Qlik Products, which are identified in the Documentation (the “Third-Party Materials”). Qlik represents that if the Qlik Products are used in accordance with this Agreement, such use shall not violate any license terms for the Third-Party Materials. Qlik makes no other representation, warranty, or other commitment regarding the Third-Party Materials, and hereby disclaims any and all liability relating to Customer’s use thereof.
- 9.5 Statistical Information.** Qlik may collect and use certain Platform Data to enable, optimize, support, and improve performance of the Qlik Products. Platform Data does not include any personally identifiable information or any personal data and is owned by Qlik.
- 9.6 Connectivity to Third-Party Applications.** Use of Qlik Products to connect or interoperate with or access thirdparty web-based applications or services may be governed by terms and conditions established by such third party. Third-party application programming interfaces and other third-party applications or services (“Third-Party Applications”) are not managed by Qlik, and Qlik shall have no liability for connectivity if any Third-Party Applications are changed or discontinued by the respective third parties. Qlik does not support, license, control, endorse or otherwise make any representations or warranties regarding any Third-Party Applications.
- 9.7 Force Majeure.** FAR 552.212-4(f) governs all excusable delays defined as an occurrence beyond the reasonable control of the Qlik and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. Qlik will notify the Customer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Customer of the cessation of such occurrence.
- 9.8 Recordkeeping, Verification and Audit.** While this Agreement is in effect and for one (1) year after the effective date of its termination, upon request by Qlik but not more than once per calendar year, Customer shall conduct a self-audit of its use of the Qlik Products and, within ten (10) business days after receipt of such request, submit a written statement to Qlik verifying that it is in compliance with the terms and conditions of this Agreement. Qlik shall have the right, on its own or through its designated agent or third-party accounting firm, to conduct an audit of Customer’s use and deployment of the Qlik Products and monitor use of Qlik Cloud, in order to verify compliance with this Agreement. Qlik’s written request for audit will be submitted to Customer at least fifteen (15) days prior to the specified audit date, and such audit shall be conducted during regular business hours and with the goal of minimizing the disruption to Customer’s business. If such audit discloses that Customer is not in material compliance with the terms of this Agreement, then Customer shall be responsible for the reasonable costs of the audit, in addition to any other fees or damages to which Qlik may be entitled under this Agreement and applicable law.
- 9.9 Commercial Terms.** Qlik Cloud is a commercial item and commercial off the shelf products as defined in FAR Part 202-1. These Terms reflect (a) standard commercial practices for the acquisition of Qlik Cloud and (b) terms and conditions that Qlik customarily provides to its other customers. These Terms apply to the Customer’s use of Qlik Cloud as consistent with applicable law and regulation. If the Agreement conflicts with applicable law and regulation (such as FAR Part 12.212(a)), those terms are deleted and unenforceable as applied to any Order Forms. Qlik developed Qlik Cloud solely at private expense. All other use is prohibited.
- 9.10 Assignment; Relationship between the Parties.** Unless law or regulation prohibit restrictions on transfer, Customer may only assign these Terms, any Order Form, or any right or obligation under the Agreement, or delegate any performance, with Qlik’s prior written consent, which will not be unreasonably withheld. Qlik may assign its right to receive payment in accordance with the Assignment of Claims Act (31 U.S.C. § 3727) and FAR 52.212-4(b), and may assign the Agreement if the Anti-Assignment Act (41 U.S.C. § 15) does not prohibit the transfer. Subject to FAR 42.12 (Novation and Change-of-Name Agreements), Customer must recognize Qlik’s successor in interest following a transfer of all or substantially all of Qlik’s assets or a change in Qlik’s name. Any assignment contrary to this Section will be void. The Agreement will be binding upon and benefit the parties and their respective successors and assigns. No agency, partnership, joint venture, fiduciary, or employment relationship is created as a result of this Agreement and neither party has any authority of any kind to bind the other in any respect.
- 9.11 Notices.** All notices concerning a default, breach or violation of this Agreement by Qlik must be in writing and delivered to Qlik: (a) by certified or registered mail; or (b) by an internationally recognized express courier, and shall be addressed to: Qlik at 211 S. Gulph Rd., Suite 500, King of Prussia, PA 19406 USA, Attention: Legal Department. All other notices to Qlik, including account related communications, will be electronically sent to Qlik at CustomerNotices@qlik.com. Unless otherwise specified in writing by the Customer, all notices to Customer shall be sent to the address provided by Customer in the Order Form.
- 9.12 Evaluation Subscriptions.** (a) Qlik may make a free evaluation subscription of Qlik Products (“Free Evaluation Subscription:”) If Customer uses a Free Evaluation Subscription, Qlik will make such Free Evaluation Subscription available to Customer on a trial basis, free of charge, until the earlier of (a) the end of the free trial period for such Free Evaluation Subscription, (b) the start date of Qlik Product

subscription purchased by Customer for such or (c) termination of the Free Evaluation Subscription by Qlik in its sole discretion. Notwithstanding anything to the contrary in this Agreement, a Free Evaluation Subscription is provided "AS IS." QLIK MAKES NO REPRESENTATION

OR WARRANTY AND SHALL HAVE NO

INDEMNIFICATION OBLIGATIONS WITH RESPECT TO AN EVALUATION SUBSCRIPTION. QLIK SHALL HAVE NO LIABILITY OF ANY TYPE WITH RESPECT TO AN EVALUATION SUBSCRIPTION, UNLESS SUCH EXCLUSION OF LIABILITY IS NOT ENFORCEABLE

UNDER APPLICABLE LAW IN WHICH CASE QLIK'S TOTAL AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO AN EVALUATION SUBSCRIPTION IS US\$1,000. NOTWITHSTANDING ANYTHING TO THE

CONTRARY IN SECTION 5.4 ("LIMITATION OF LIABILITY"), CUSTOMER SHALL NOT USE THE AN EVALUATION SUBSCRIPTION IN A MANNER THAT VIOLATES APPLICABLE LAWS AND WILL BE FULLY LIABLE FOR ANY DAMAGES CAUSED BY ITS USE OF AN EVALUATION SUBSCRIPTION. ANY DATA AND CONFIGURATIONS ENTERED INTO CUSTOMER'S EVALUATION SUBSCRIPTION ACCOUNT MAY BE PERMANENTLY LOST UPON TERMINATION OF AN EVALUATION SUBSCRIPTION. (b) For Government Users: Qlik may provide a free Evaluation Subscription to the Qlik Products and Documentation to the U.S.

Government as "commercial items," "commercial computer software," "commercial computer software documentation," and "technical data". If Customer or any Authorized User is using the Evaluation Subscription on behalf of the U.S. Government and these terms fail to meet the U.S. Government's needs or are inconsistent in any respect with federal law, Customer and Customer's Authorized Users must immediately discontinue use of the evaluation. The terms listed above are defined in the Federal Acquisition . Regulation and the Defense Federal Acquisition Regulation Supplement.

**Table 1  
Governing Law and Venue**

Customer Location	Qlik Contracting Entity	Governing Law
United States, Puerto Rico, Jamaica, Virgin Islands (US) or Haiti	QlikTech Inc.	(i) Federal laws of the United States govern the Agreement without reference to conflict of laws. In the absence of federal laws and/or to the extent federal law permits, the Governing Law shall be the laws of the Commonwealth of Pennsylvania, USA excluding the conflict of law principles, and  (ii) any suit, action or proceeding arising out of or relating to this Agreement (including any non-contractual dispute or claim) will be settled by the State and Federal Courts of Montgomery County in the Commonwealth of Pennsylvania.

## Exhibit 1

## Qlik Hosted Services Acceptable Use Policy

This Hosted Services Acceptable Use Policy ("AUP") defines acceptable practices and prohibited uses relating to Qlik's network and systems that are used for hosting Qlik products and services or providing SaaS services (collectively, the "Services") by users ("You" or "Your"). The Services must be used in a manner consistent with the intended purpose of the Services, the terms of Your applicable agreement with Qlik for the products and/or services being hosted and this AUP. By using the Services, you agree to the latest version of this AUP. For purposes of this AUP, "Qlik" includes QlikTech International AB and its affiliates, and Qlik may be referred to as "We" or "Our."

**Security**

- You agree to maintain appropriate security, protection and backup copies of any content that is included, transmitted, stored, published, displayed, distributed, integrated, or linked by You in the Services (collectively, "Content"). We will have no liability of any kind as a result of the deletion of, correction of, destruction of, damage to, loss of or failure to store or backup any Content.
- You may not use the Services to violate the security or integrity of any network, computer or communications system, software application, or network or computing device (each, a "System"). Prohibited activities include:
  - Unauthorized Access. Bypassing, circumventing, or attempting to bypass or circumvent any measures Qlik may use to prevent or restrict access to the Services (or other accounts, computer systems or networks connected to the Services), including any attempt to probe, scan, or test the vulnerability of the Services or to breach any security or authentication measures used by the Services.
  - Reverse Engineering. Deciphering, decompiling, disassembling, reverse engineering or otherwise attempting to derive any source code or underlying ideas or algorithms of any part of the Services, except to the limited extent applicable laws specifically prohibit such restriction.
  - Falsification of Origin or Identity. Forging TCP-IP packet headers, e-mail headers, or any part of a message describing its origin or route, or attempting to impersonate any of Our employees or representatives.
  - Using manual or automated software, robotic process automation, devices, or other processes to harvest or scrape any content from the Services.
  - Denial of Service (DoS)/Intentional Interference. Flooding a System with communications requests so the System either cannot respond to legitimate traffic or responds so slowly that it becomes ineffective, or interfering with the proper functioning of any System, including by deliberate attempts to overload the System.

**No Illegal, Harmful, or Offensive Use or Content**

You may not use, or encourage, promote, facilitate or instruct others to use, the Services for any illegal (under applicable law), fraudulent, infringing or offensive use, or to transmit, store, display, distribute, post or otherwise make available content that is illegal (under applicable law), harmful, fraudulent, infringing or offensive. Prohibited activities or content include:

- Illegal, Harmful or Fraudulent Activities. Any activities that are illegal, that violate the rights of others, that may be harmful to others, or that may be harmful to Qlik's operations or reputation.
- Infringing Content. Content that infringes or misappropriates the intellectual property or proprietary rights of others or that violates any law or contractual duty.
- Offensive Content. Content that is illegal, harassing, libelous, fraudulent, defamatory, obscene, abusive, invasive of privacy, or otherwise objectionable.
  - Harmful Content. Content or other computer technology that may damage, interfere with, surreptitiously intercept or disrupt the Service, including viruses, Trojan horses, spyware, worms, time bombs, or cancelbots.
  - Unsolicited Content. Content that constitutes unauthorized or unsolicited advertising, junk or bulk e-mail ("spamming") or contains software viruses or any other computer codes, files or programs that are designed or intended to disrupt, damage, limit or interfere with the proper function of any software, hardware, or telecommunications equipment or to damage or obtain unauthorized access to any system, data, password, or other information of ours or any third party.
  - Competitive Content. Attempting to collect and/or publish performance data for the purposes of benchmarking, or developing a product that is competitive with any Qlik product or services.

**Our Monitoring and Enforcement**

We reserve the right, but do not assume the obligation, to monitor for, and investigate, any violation of this AUP or other misuse of the Services. Failure to comply with this AUP constitutes a material breach of the terms and conditions upon which You are permitted to use the Services, and at any time may result in Qlik taking any and all remedial actions in its sole discretion, up to and including:

- Warnings;
- Suspending or terminating access to the Services;
- Removing, disabling or prohibiting access to content that violates this AUP and/or Your applicable agreement with Qlik; and/or
- Legal proceedings against You

We may report any activity that We suspect violates any law or regulation to appropriate law enforcement officials, regulators, or other appropriate third parties. Our reporting may include disclosing appropriate customer information. We also may cooperate with appropriate law enforcement agencies, regulators, or other appropriate third parties to help with the investigation and prosecution of illegal conduct by providing network and systems information related to alleged violations of this AUP.

Qlik takes no responsibility for any material created or accessible on or through the Services and will not exercise any editorial control over such material. Qlik is not obligated to monitor such material, but reserves the right to do so, as well as remove any content that We, in our sole discretion, determine to be in violation of this AUP.

**Reporting of Violations of this Policy**

If you become aware of any violation of this AUP, you will immediately notify us and provide us with assistance, as requested, to stop or remedy the violation.

Violation of this AUP may be reported to [security@qlik.com](mailto:security@qlik.com)

Exhibit 2

Rules of Behavior

**QLIK CLOUD GOVERNMENT RULES OF BEHAVIOR FOR EXTERNAL USERS**

These Rules of Behavior for External Users ("Rules") defines the responsibilities and expected behavior by users ("You" or "Your") of QlikTech Inc.'s ("Qlik") network and systems that are used for hosting Qlik Cloud Government SaaS Services ("QCG") QCG must be used in a manner consistent with the intended purpose of QCG, the terms of Your applicable agreement with Qlik for QCG and these Rules. By using QCG, you agree to the latest version of these Rules.

1. You must report all security incidents or suspected incidents to the Qlik Customer Support Team ([government.support@qlikcloudgov.com](mailto:government.support@qlikcloudgov.com)). Reports of any anomaly / possible security incidents are immediately analyzed and mitigated by the Information Security team.
2. As a Qlik customer, You are in sole control of the individual permissions on Your accounts and surveys, which enables integrity of the systems that You access.
3. You must meet Your agency's password policy.
4. You must not store passwords or other sensitive information on desks or in plain sight. Passwords may not be shared, and must be protected at all times.
5. You must never share account information details with anyone from Qlik except members of the Qlik Customer Support Team ([government.support@qlikcloudgov.com](mailto:government.support@qlikcloudgov.com)) if you require their assistance. You should only share the information after ensuring that the parties have the proper clearance, authorization, and need-to-know.
6. You must never leave your computer unattended while logged into QCG.
7. You own all right, title and interest in all data you enter into QCG, including uploaded content such as completed forms and documents. All reports and downloads that are derived from the data are also owned by you. All data specified is deemed as Confidential information and will not be utilized by Qlik for any purpose.
8. You are solely responsible for all data, and are liable for Your data and the manner in which You collect or distribute your data to third parties.
9. You must not resell QCG or permit third parties to use QCG without prior written consent.
10. You must not make unauthorized copies of any content within QCG except your own data.
11. You must not upload data that contains nudity, pornography, profanity, or foul language or links to such content.
12. You must not upload or store malicious software or data that condones, promotes, contains or links to warez, cracks, hacks, their associated utilities, or other piracy related information, whether for educational purposes or not.
13. You must not upload data that infringes any copyrights, patents, trademarks or other Intellectual property.
14. You must not upload binary files or executable files.
15. You must use browsers using TLS 1.2, which use AES 128/256-bit encryption.
16. You must not reverse-engineer or tamper with the security of QCG.
17. You must not perform vulnerability tests, network scans, penetration tests or other investigative techniques on QCG services.

18. You must report a suspected security breach event to [government.support@qlikcloudgov.com](mailto:government.support@qlikcloudgov.com). In such a case, Qlik will provide reasonable assistance to mitigate further exposure and attempt to determine the root cause.
19. You agree to contact the Qlik Customer Support Team ([government.support@qlikcloudgov.com](mailto:government.support@qlikcloudgov.com)) if you do not understand any of these Rules.
20. You acknowledge and accept that any violation of these Rules may subject You to civil and/or criminal actions and that Qlik retains the right, to terminate, cancel or suspend Your access rights to QCGin accordance with the Contract Disputes Act, in the event of Your violation of these Rules.

Exhibit 3  
Qlik Public Sector Service Level Agreement

Qlik Cloud Government Service Level Agreement

This Qlik Cloud Government Service Level Agreement ("Policy") describes the current practices of Qlik with regard to its provision of Support Services as defined below to customers with a Qlik Cloud Government subscription ("Customer(s)").

### 1. Definitions

**"Affiliate"** means any entity which controls, is controlled by, or is under common control with Customer where "control" means the legal, beneficial or equitable ownership of at least a majority of the aggregate of all voting equity interests of such entity, but only for so long as such control exists.

**"Agreement"** means the written agreement between Qlik and Customer for Qlik Cloud Government.

**"Authorized Affiliate"** means any Affiliate of Customer that is designated by Customer as authorized to use a Qlik Cloud Government subscription if permitted under the terms of an Agreement.

**"Documentation"** means the then-current user documentation for Qlik Cloud Government, including any product metrics available at [www.qlik.com/product-terms](http://www.qlik.com/product-terms), as may be modified by Qlik from time to time.

**"Error"** means any verifiable and reproducible failure of Qlik Cloud Government to materially conform to the Documentation.

**"Initial Response Time"** means the period commencing when an Error is first reported by Customer's Technical Contact(s) in the manner required by this Policy and ending when a member of the Qlik technical support team logs the report and responds to the Technical Contact(s) in accordance with this Policy.. **"Qlik Cloud Government"** refers to any paid SaaS offering deployed on Qlik's Government Cloud.

**"Self-Service Tools"** means the Knowledge Base (Qlik's online database of content and FAQs), white papers, Community Forums, webcasts and other materials available in the Support Portal to Customers.

**"Severity 1 Error"** means that Qlik Cloud Government is down or not available due to (i) a server-side failure, but not as a result of scheduled maintenance and/or upgrades, or (ii) any event beyond the reasonable control of Qlik, including but not limited to any interruption of power, third party hosting companies, telecommunications and/or Internet connectivity, and any failure of Customer's internal telecommunications equipment, browser or network configurations, hardware and/or third party software).

**"Severity 2 Error"** means that major functionality is materially impacted and not working in accordance with the technical specifications in the Documentation or significant performance degradation is experienced so that critical business operations cannot be performed.

**"Severity 3 Error"** means any Error that is not a Severity 1 Error or Severity 2 Error.

**"Standard Business Hours"** mean from 08:00 to 17:00 ET (8:00 am to 5:00 pm), Monday to Friday (excluding national and bank holidays).

**"Support Portal"** means Qlik's online support website available at <https://community.qlik.com/t5/Support/ct-p/qlik>.

**"Support Services"** means the technical end user support for Qlik Cloud Government as described in this Policy. Support Services do not include services performed onsite at any Customer facility, consulting or education services or any services not expressly stated in this Policy.

**"Technical Contact(s)"** means Customer's personnel that have been identified in writing by Customer as the technical contact(s) for Customer and authorized to contact Qlik for support.

**"Update"** means a subsequent release of Qlik Cloud Government which Qlik generally makes available at no additional fee.

### 2. Overview

2.1 Qlik will provide Customer with Support Services for Qlik Cloud Government in accordance with this Policy, subject to Customer's timely payment of the applicable subscription fees. Support Services provided by Qlik hereunder will be provided in the English language

2.2 Unless otherwise expressly set forth herein, all references in this Policy to response times or communications from Qlik shall only apply during Qlik's Standard Business Hours, regardless of when a support matter is reported to Qlik.

### 3. Support Levels

#### 3.1 Enterprise Support Coverage for Qlik Cloud Government .

3.1.1. Qlik will use commercially reasonable efforts to respond within the applicable initial response time targets set forth in the tables below for Severity 1, 2 and 3 Errors in Qlik Cloud Government reported by a Technical Contact to Qlik via email at [government.support@qlikcloudgov.com](mailto:government.support@qlikcloudgov.com). Qlik will respond to Customer's Technical Contact by telephone or email. All Errors will be initially logged and acknowledged by Qlik during Qlik's Standard Business Hours.

Support Coverage for Qlik Cloud Government		
Severity Level	Initial Response Time	Communication Frequency
Severity 1 Error	30 minutes*	Every 4 hours*
Severity 2 Error	1 hour*	48 Hours*
Severity 3 Error	4 hours*	Weekly*

\*During Standard Business Hours

3.1.2 Qlik will report known outages of Qlik Cloud Government on Qlik’s status page, currently located at [status.qlikcloud.com](https://status.qlikcloud.com) (“Status Page”). If a suspected outage is not listed on the Status Page, Customer may contact Qlik to report the suspected outage via email to [government.support@qlikcloudgov.com](mailto:government.support@qlikcloudgov.com). Qlik will respond to such report via email, by posting an update on the Status Page or by telephone. Scheduled maintenance times for Qlik Cloud Government will be posted on the Support Portal. Qlik endeavors to provide at least forty-eight (48) hours prior posting of any scheduled maintenance for the Qlik Cloud Government.

3.2 Updates. Updates for Qlik Cloud Government automatically replace the previous version of the Qlik Cloud Government. Updates do not include new or separate

products which Qlik offers only for an additional fee to its customers generally.

#### **4. Error Resolution and Escalation**

4.1 An Error is considered to be resolved upon the earlier to occur of the following: (i) Qlik and Customer mutually agree in writing that the issue or problem is resolved; (ii) Qlik has provided an Update; (iii) a technical work-around solution is provided and is reasonable in Qlik's discretion; (iv) Customer requests that Qlik close the support case; or (v) the support case has been left open by the Customer for ten (10) consecutive business days, during which period Qlik has not received a response from any of Customer's Technical Contacts.

4.2 Exclusions. Notwithstanding anything in this Policy to the contrary, Qlik will have no obligation to provide any Support Services in connection with: (i) any issue or problem that Qlik determines is not due to any Error or deficiency in Qlik Cloud Government (including without limitation, issues or problems caused by stand-alone third party software products used in conjunction with Qlik Cloud Government, the Internet or other communications, Customer network or browser matters, or login issues); (ii) use of Qlik Cloud Government other than in accordance with the Documentation and the Agreement; (iii) use of Qlik Cloud Government provided on a trial or evaluation basis or for which Customer has not paid any fees; (iv) any Errors or problems with the Qlik Cloud Government that are not reproducible; (v) any Error or problem that is not reported by Customer via email to [government.support@qlikcloudgov.com](mailto:government.support@qlikcloudgov.com); or (vi) any Error or problem that would require Qlik to have access to Customer's Qlik Cloud Government tenant in order to provide Support Services. If Qlik does correct any of the Errors described in subsections (i)-(v) above, or otherwise provides support for Qlik Cloud Government that is not covered by the terms and conditions contained in this Policy, such Error resolution or support will be provided only following Customer's written request and approval of all charges, and Customer will be invoiced for such support at Qlik's then-current "time and materials" rates for such services. Without limiting any of the foregoing, Qlik has no obligation to provide support for any third party software, data, or other materials distributed or bundled with Qlik Cloud Government.

#### **5. Customer's Obligations**

5.1 Customer will provide timely information and access to knowledgeable resources as reasonably required to provide Support Services. Qlik's support obligations shall be excused to the extent Customer fails to cooperate in this regard.

5.2 The Customer shall: (i) not request, permit or authorize anyone other than Qlik (or a Qlik-authorized partner or provider) to provide any form of support services in respect of Qlik Cloud Government; (ii) cooperate fully with Qlik's personnel in the diagnosis or investigation of any Error or other issue or problem with Qlik Cloud Government; (iii) be responsible for maintaining all third party software not explicitly licensed under the Agreement; and (iv) be fully responsible for the actions of any third party (including any Qlik-authorized partner or provider) that it allows to access any information relating to Support Services.

5.3 Customer's contact with Qlik in connection with Customer's requests for support and reports of Errors shall be solely through its Technical Contact(s). The Technical Contact(s) shall: (i) serve as the internal contact(s) for Customer's and its Authorized Affiliates' personnel who are authorized to use Qlik Cloud Government per the terms of the Agreement; (ii) be responsible for initiating all requests by, and maintaining all records of, the Customer and its Authorized Affiliates relating to Support Services; (iii) serve as the contact(s) with Qlik on all matters relating to Support Services; and (iv) be responsible for providing information and support, as requested by Qlik, to assist in the reproduction, diagnosis, analysis, and resolution of Errors. The maximum number of Technical Contacts for each Customer is six (6), regardless of the number or types or quantities of subscriptions purchased by the Customer. Customer shall ensure that its Technical Contacts comply with any reasonable training requirements for the Technical Contact(s) upon notification by Qlik. Subject to the previous sentence, Customer may change its Technical Contact(s) by notifying Qlik in writing.

5.4 Customer will be responsible for primary support of any Authorized Affiliates in connection with their use of Qlik Cloud Government in accordance with the terms of the Agreement. Customer is solely responsible for: (i) passing on to its Authorized Affiliates all support materials as appropriate; and (ii) providing software support, including operational instruction, problem reporting and technical advice to its Authorized Affiliates, as necessary to enable the Authorized Affiliate to continue to use

Qlik Cloud Government as authorized under the Agreement. Customer's Authorized Affiliates, as well as its contractors and third party users, may not contact Qlik directly for support, unless designated as a Technical Contact by the Customer.

5.5 For certain services provided under this Policy, the transmission of machine logs and/or sharing of data via screen share may be required. For avoidance of doubt, Customer shall not include any business sensitive and/or personal information via transmissions relating to Support Services. Customer shall take reasonable measures to anonymize such data before providing the data to Qlik. However, should Qlik agree to accept any log files or other information containing personal data, Qlik will comply with Qlik's privacy policies, available to view online at [www.qlik.com](http://www.qlik.com).

#### **6. Additional Terms**

6.1 Open Source. Qlik may make certain open source libraries available for use with Qlik Cloud Government as described in the Documentation ("Qlik Libraries").

Qlik Libraries identified at <https://qlik.dev/support> are eligible for support, provided that Qlik shall only be obligated to support: (i) the most current release, (ii) Qlik Libraries which have not been changed, modified or altered in any manner except by Qlik, and (iii) Qlik Libraries used in accordance with the Documentation. Any other open source software leveraging and extending Qlik Cloud Government (an "Extension") and released by Qlik on various online communities is supported solely by the open source community. Extensions, which are developed by Qlik's partners, including certified Extensions, are also not eligible for support under this Policy

6.2 Qlik may elect to make certain software available free of charge for trial, evaluation or other purposes ("Freeware"). Support for Freeware, if any, will be provided at Qlik's discretion and in accordance with the license terms for such Freeware.

6.3 Support for QSE Client Managed for QSE SaaS – Government (US). If Customer has licensed QSE Client Managed for QSE SaaS – Government US Licenses in connection with its use of Qlik Cloud Government, the provisions of Sections 2 through 5, inclusive, of this Policy shall apply to such product.

## **7. Changes to Policy**

Subject to the terms of the Agreement, Qlik reserves the right, at its discretion, to change the non-material terms of this Policy at any time based on prevailing market practices and the evolution of Qlik's products and services.

## **8. Disclaimer**

THIS POLICY DEFINES A SERVICE ARRANGEMENT AND NOT A WARRANTY. QLIK CLOUD GOVERNMENT IS SUBJECT EXCLUSIVELY TO THE WARRANTIES SET FORTH IN THE APPLICABLE AGREEMENT. THIS POLICY DOES NOT CHANGE OR SUPERSEDE ANY TERM OF ANY SUCH AGREEMENT. TO THE EXTENT THERE IS A CONFLICT BETWEEN A TRANSLATED VERSION OF THIS POLICY AND THIS ENGLISH VERSION, THE ENGLISH LANGUAGE VERSION WILL PREVAIL.

Exhibit 4

Data Protection Agreement

**QLIK® DATA PROCESSING ADDENDUM**

This Data Processing Addendum including its Schedules 1, 2 and 3 (“**DPA**”), once executed and received by Qlik according to the instructions below, forms part of the Agreement between Qlik and the Customer (each defined below).

The Qlik party to this DPA is the Qlik entity that is the Qlik party to the Agreement. Only the Customer entity that is the party to the Agreement may sign this DPA. If the Customer entity signing this DPA is not a party to the Agreement, this DPA is not valid and is not legally binding. Such entity should request that the Customer entity who is a party to the Agreement executes this DPA. The Customer’s signatory represents and warrants that he or she has the legal authority to bind the Customer to this DPA.

The Parties hereby agree from the Effective Date to be bound by the terms and conditions of this DPA.

V.1.3, JANUARY 2022

## SCHEDULE 1 DATA PROTECTION OBLIGATIONS

This DPA is an agreement between the Customer and Qlik governing the Processing by Qlik of Customer Personal Data in its performance of the Services. Capitalized terms used in the DPA will have the meanings given to them in Section 1 below.

### 1. DEFINITIONS

**"Affiliate"** means any entity that directly or indirectly controls, is controlled by, or is under common control with the subject entity. "Control," for purposes of this definition, means direct or indirect ownership or control of more than 50% of the voting interests of the subject entity.

**"Agreement"** means either (i) the [Qlik Customer Agreement](#); (ii) the [Qlik Cloud Government Terms of Service](#) or (iii) the Qlik OEM Partner Agreement, between Qlik and the Customer under which Qlik provides the applicable Services.

**"CCPA"** means the California Consumer Privacy Act and its implementing regulations. The terms **"Business"** and **"Service Provider"** where used in this DPA addressing compliance under the CCPA will have the meanings given to them under the CCPA.

**"Client-Managed Deployment"** means a deployment of on-premise Qlik software managed and/or hosted by the Customer or by a Customer's third party cloud provider.

**"Consulting Services"** means any consulting services provided to the Customer by Qlik pursuant to the Agreement.

**"Customer"** means the customer legal entity which is a Party to the Agreement.

**"Customer Personal Data"** means Personal Data which Qlik Processes on behalf of the Customer in the performance of the Services, including, where applicable, Qlik Cloud Customer Content. It does not include Personal Data for which Qlik is a Controller.

**"Data Protection Law"** means, as amended from time to time, the Australia Privacy Act, the Brazil General Data Protection Law (LGPD), the Canada Personal Information Protection and Electronic Documents Act, the EU GDPR, the Japan Act on the Protection of Personal Information, the Singapore Personal Data Protection Act, the UK Data Protection Act 2018 and UK General Data Protection Regulation, and the data privacy laws of the United States and its states (including, where applicable, the CCPA), and in each case only to the extent applicable to the performance of either Party's obligations under this DPA. It does not include any Industry-Specific Data Law.

**"Effective Date"** means the date on which Qlik receives a validly executed DPA under the instructions above and always subject to the Customer having validly executed an Agreement.

**"EEA"** means, for the purpose of this DPA, the European Economic Area (including the European Union) and Switzerland.

**"EU GDPR"** means, in each case to the extent applicable to the Processing activities (i) Regulation (EU) 2016/679; and (ii) Regulation (EU) 2016/679 as amended by any legislation arising out of the withdrawal of the UK from the European Union.

**"Industry-Specific Data Law"** means any Data Protection Law that is specific to Customer's industry, including the Health Insurance Portability and Accountability Act and its implementing regulations ("HIPAA") and the Gramm Leach Bliley Act ("GLBA"), and any industry data standard to which Customer has agreed to comply, including the Payment Card Industry Data Security Standard of the PCI Security Standards Council ("PCI DSS").

**"Party"** or **"Parties"** means Qlik and the Customer, individually and collectively, as the case may be.

**"Personal Data"** means information relating to an identified or identifiable natural person or as otherwise defined under applicable Data Protection Law.

**"Personnel"** means a Party's employees or other workers under their direct control.

**"Qlik"** means the Qlik Affiliate which is party to the Agreement.

**"Qlik Cloud Customer Content"** means information, data, media, or other content to the extent it includes Customer Personal Data that is, by or upon the instructions of the Customer, uploaded into and residing in Qlik Cloud which Qlik Processes on behalf of the Customer. **"Qlik Cloud"** means a subscription-based, hosted solution provided and managed by Qlik under an Agreement.

**"Security Breach"** means any unauthorized or unlawful destruction, loss, alteration or access to, or disclosure of, Customer Personal Data that is in Qlik's possession or under Qlik's control. It does not include events which are either (i) caused by the Customer or Customer Affiliates or their end users or third parties operating under their direction, such as the Customer's or Customer Affiliate's failure to (a) control user access; (b) secure or encrypt Customer Personal Data which the Customer transmits to and from Qlik during performance of the Services; and/or (c) implement security configurations to protect Customer Personal Data; or (ii) unsuccessful attempts or activities that do not or are not reasonably likely to compromise the security of Customer Personal Data, including but not limited to unsuccessful login attempts, pings, port scans, denial of service attacks, and other network attacks on firewalls or networked systems.

**"Services"** means, pursuant to an Agreement, (i) Qlik Cloud, (ii) a Qlik Cloud trial, (iii) a Qlik Cloud presales proof-of-concept performed by Qlik, and/or (iv) Support Services and/or Consulting Services requiring Qlik personnel to access or otherwise Process either (a) Qlik Cloud Customer Content while within or originating from Qlik Cloud and/or (b) Customer Personal Data relating to a Client-Managed Deployment, and in each case, only as it relates to Processing by Qlik of Customer Personal Data. Notwithstanding the foregoing, "Services" does not include, and accordingly, this DPA does not cover, (i) Qlik Cloud Customer Content which leaves

Qlik Cloud, and/or (ii) Customer Personal Data stored in a Client-Managed Deployment, including but not limited to Customer Personal Data stored within selfhosted software.

“**Support Services**” means end user support provided by Qlik to the Customer under the Agreement involving Processing by Qlik of Customer Personal Data either by way of (i) temporary remote access or screenshare, and/or (ii) receipt by Qlik of Customer files via Qlik’s support portal on the Qlik Community website.

“**Termination Date**” means the termination or expiration of the relevant Service(s) under the Agreement between the Parties, or, in the case of a Qlik Cloud presales proof-of-concept or trial, the termination or expiration of that presales proof-of-concept or trial.

“**Third Country**” means a third country not deemed by the EU Commission or UK Information Commissioner, as applicable, to have an equivalent level of privacy protection to those jurisdictions.

“**2010 SCCs**” means the Standard Contractual Clauses (Processor) published under EU Commission Decision 2010/87/EU deemed amended to the extent required to reflect UK Data Protection Law.

“**2021 SCCs**” means the 2021 SCCs Module Two and the 2021 SCCs Module Three, collectively or individually, as applicable, published under EU Commission Decision 2021/914/EU for EU Personal Data transfers outside the EU to Third Countries not deemed by the EU Commission to have an equivalent level of privacy protection. The terms “**2021 SCCs Module Two**” means the 2021 SCCs, module two (controller to processor), and “**2021 SCCs Module Three**” means the 2021 SCCs, module three (processor to processor).

“**Controller**”, “**Data Subject**”, “**Processor**”, “**Process/Processed/Processing**”, “**Subprocessor**” and “**Supervisory Authority**” will be interpreted in accordance with Data Protection Law.

**2. PROCESSING BY QLIK OF CUSTOMER PERSONAL DATA**

**2.1 Details of Processing.** The table below in this Section 2.1 sets out the Customer Personal Data Qlik may Process when providing the Services:

<b>Nature/Activities/Purpose of Processing</b>	Data analysis and storage of Customer Personal Data by the Customer in Qlik Cloud and/or Support or Consulting Services.
<b>Frequency and Duration of Processing</b>	From time to time during the term of the Services under the Agreement or, in the case of a Qlik Cloud presales proof-of-concept or trial, the term of that proof-of-concept or trial. Duration of Processing and retention period shall be the duration of the Services unless Customer Personal Data is deleted sooner.
<b>Types of Personal Data Processed</b>	Customer Personal Data uploaded to and residing in Qlik Cloud and/or otherwise Processed by Qlik to provide the Services. Customer Personal Data may include sensitive Personal Data as long as such data is not regulated by an Industry-Specific Data Law.
<b>Categories of Data Subjects whose Personal Data is Processed</b>	Qlik will not be aware of what Personal Data the Customer may provide for the Services. It is anticipated that the Data Subjects may include employees, customers, prospects, business partners and vendors of the Customer.

**2.2 Purpose of Processing Customer Personal Data.** The Parties agree that either (a) the Customer is the Controller and Qlik is a Processor, or (b) Customer is the Processor and Qlik is a

Subprocessor, in relation to the Customer Personal Data that Qlik Processes on the Customer's behalf in the course of providing the Services. For the avoidance of doubt, this DPA does not apply to Personal Data for which Qlik is a Controller. Qlik will Process the Customer Personal Data only to perform the Services for the Customer and for no other purpose. To the extent that the CCPA applies to the Processing of Customer Personal Data in the course of providing the Services, Qlik is a Service Provider and the Customer is a Business. If Qlik is required to Process the Customer Personal Data for any other purpose by applicable laws to which Qlik is subject, Qlik will, unless prohibited by such applicable laws and subject to the terms of this DPA, inform Customer of this requirement first.

**2.3 Disclosure of Customer Personal Data.** Unless otherwise provided for in this DPA, Qlik will not disclose to any third party any Customer Personal Data, except, in each case, as necessary to maintain or provide the Services, or, notwithstanding Section 5.5 below, as necessary to comply with the law or a valid and binding order of a governmental body (such as a subpoena or court order). If a governmental body sends Qlik such a demand for Customer Personal Data, Qlik will attempt, where possible under relevant law, to redirect the governmental body to request that data directly from the Customer. Qlik does not sell Customer Personal Data. The Customer will not disclose Personal Data to Qlik or request that Qlik Process Customer Personal Data that is subject to any Industry-Specific Data Law without first notifying Qlik and agreeing upon any additional written terms applicable to the Processing of such Industry-Specific Data Law. For clarity, Qlik expressly disclaims any responsibility under this DPA for the Processing of Personal Data under any IndustrySpecific Data Law. Qlik has no obligation to assess the Customer Personal Data in order to identify information subject to any IndustrySpecific Data Law.

**2.4 Customer Personal Data for Support Services.** The Parties acknowledge that Qlik does not ordinarily require to Process Customer Personal Data on the Customer's behalf to resolve a technical issue for Support Services. Accordingly;

2.4.1 the Customer shall use their best efforts to minimize any transfer of Customer Personal Data to Qlik for Support Services. Such efforts shall include but not be limited to removing, anonymizing and/or pseudonymizing Customer Personal Data in files prior to Processing by Qlik; and

2.4.2 Qlik's total liability in relation to the Processing of Support Services Customer Personal Data, whether in contract, tort or under any other theory of liability, shall be limited to the greater of the price Customer paid or US\$20,000.

**2.5 Obligations of Qlik Personnel.** Qlik will ensure that Qlik Personnel required to access the Customer Personal Data are subject to a binding duty of confidentiality in respect of such Customer Personal Data and take reasonable steps to ensure the reliability and competence of such Qlik Personnel.

**2.6 Instructions.** Customer authorizes and instructs Qlik to Process Customer Personal Data for the performance of the Services. The Parties agree that this DPA and the Agreement are the Customer's complete and final documented Processing instructions to Qlik in relation to Customer Personal Data. The Customer shall ensure that its Processing instructions comply with applicable Data Protection Laws in relation to Customer Personal Data and that the Processing of Customer Personal Data in accordance with the Customer's instructions will not cause Qlik to be in breach of any relevant law. The Customer warrants that it has the right and authority under applicable Data Protection Law to disclose, or have disclosed, Customer Personal Data to Qlik to be Processed by Qlik for the Services and that the Customer has obtained all necessary consents and provided all necessary notifications required by Data Protection Law with respect to the Processing of Customer Personal Data by Qlik. The Customer will not disclose Customer Personal Data to Qlik or instruct Qlik to Process Customer Personal Data for any purpose not permitted by applicable law, including Data Protection Law. Qlik will notify the Customer if Qlik becomes aware that, and in Qlik's reasonable opinion, an instruction for the Processing of Customer Personal Data given by the Customer violates Data Protection Law, it being acknowledged that Qlik is not under any obligation to undertake additional work, screening or legal assessment to determine whether Customer's instructions are compliant with Data Protection Law.

**2.7 Assistance to the Customer.** Upon a written request, Qlik will provide reasonable cooperation and assistance necessary to assist the Customer, insofar as required by Data Protection Law and as it relates to Processing by Qlik for the Services, in fulfilling the

Customer's obligations to respond to requests from Data Subjects exercising their rights (notwithstanding the Customer's obligations in Section 7) and/or to carry out data protection impact assessments. Qlik's Data Protection Officer and privacy team may be reached at [privacy@qlik.com](mailto:privacy@qlik.com).

**2.8 Compliance with Data Protection Laws.** Each Party will comply with the Data Protection Laws applicable to it in relation to their performance of this DPA, including, where applicable, the EU GDPR.

### 3. SECURITY

**3.1 Security of Data Processing.** Qlik will implement and maintain appropriate technical and organizational measures to protect Customer Personal Data against unauthorized or unlawful Processing and against accidental or unlawful loss, destruction, alteration or damage, and against unauthorized disclosure or access. These measures will be appropriate to the harm, which might result from any unauthorized or unlawful Processing, accidental loss, destruction, damage or theft of the Customer Personal Data and having regard to the nature of the Customer Personal Data which is to be protected. At a minimum, these will include the measures set out in Schedule 2.

**3.2 Notification of a Security Breach.** Upon becoming aware of a Security Breach, Qlik will notify the Customer without undue delay and take reasonable steps to identify, prevent and mitigate the effects of the Security Breach and to remedy the Security Breach to the extent such remediation is within Qlik's reasonable control. A notification by Qlik to the Customer of a Security Breach under this DPA is not and will not be construed as an acknowledgement by Qlik of any fault or liability of Qlik with respect to the Security Breach.

**3.3 Notification Mechanism.** Security Breach notifications, if any, will be delivered to Customer by any means Qlik selects, including via email. It is the Customer's responsibility to ensure that it provides Qlik with accurate contact information and secure transmission at all times.

#### 4. SUBPROCESSORS

**4.1 Authorized Subprocessors.** The Customer agrees that Qlik may use its Affiliates and other Subprocessors to fulfil its contractual obligations under this DPA or to provide certain Services on its behalf. The Qlik website lists Subprocessors that are currently engaged by Qlik to carry out Processing activities on Customer Personal Data (currently located at <https://community.qlik.com/t5/Qlik-Technical-Bulletin-Blog/Qlik-Subprocessors-General-Data-Protection><https://community.qlik.com/t5/Qlik-Technical-Bulletin-Blog/Qlik-Subprocessors-General-Data-Protection-Regulation-GDPR/ba-p/1572352>). The Customer may subscribe to the list in order to receive Subprocessor updates.

**4.2 Subprocessor Obligations.** Where Qlik uses a Subprocessor as set forth in this Section 4, Qlik will (i) enter into a written agreement with the Subprocessor and will impose on the Subprocessor contractual obligations not less protective on an aggregate basis than the overall obligations that Qlik has provided under this DPA, including but not limited to, where applicable, incorporating the 2021 and/or 2010 SCCs; and (ii) restrict the Subprocessor's access to and use of Customer Personal Data only to provide the Services. For the avoidance of doubt, where a Subprocessor fails to fulfil its obligations under any subprocessing agreement or any applicable Data Protection Law with respect to Customer Personal Data, Qlik will remain liable, subject to the terms of this DPA, to the Customer for the fulfilment of Qlik's obligations under this DPA.

**4.3 Appointing a New Subprocessor.** At least thirty (30) days before Qlik engages any new Subprocessor to carry out Processing activities on Customer Personal Data, Qlik will provide notice of such update to the Subprocessor list through the applicable website. If the Customer is entitled to do so under applicable Data Protection Law and as it relates to the Processing of Customer Personal Data by the Subprocessor, the Customer may make reasonable objections in writing to [privacy@qlik.com](mailto:privacy@qlik.com) within the 30-day period regarding the appointment of the new Subprocessor. After receiving such written objection Qlik will either: (i) work with the Customer to address the Customer's objections to its reasonable satisfaction, (ii) instruct the Subprocessor not to Process Customer Personal Data, provided that the Customer accepts that this may impair the Services (for which Qlik shall bear no responsibility or liability), or (iii) notify the Customer of an option to terminate this DPA and the applicable order form for Services which cannot be provided by Qlik without the use of the objected-to new subprocessor. If Qlik does not receive an objection from the Customer within the 30-day objection period, the Customer will be deemed to have consented to the appointment of the new Subprocessor.

#### 5. EEA/UK THIRD COUNTRY DATA TRANSFERS

**5.1 Transfers of EEA Customer Personal Data.** For transfers of EEA Customer Personal Data by the Customer to Qlik, where the Qlik party to this DPA is in a Third Country not deemed under EEA Data Protection Law to provide an equivalent level of privacy protection;

5.1.1 where the Customer is the Controller and Qlik a Processor of such EEA Customer Personal Data, such transfer(s) will be subject to the 2021 SCCs Module Two; and/or

5.1.2 where the Customer is the Processor and Qlik a Subprocessor of such EEA Customer Personal Data (i.e., where the EEA Customer Personal Data contains EEA Personal Data of the Customer's customers where the Customer is a Processor), such transfer(s) will be subject to the 2021 SCCs Module Three;

in each case, the 2021 SCCs Module Two and 2021 SCCs Module Three are hereby incorporated in this DPA, as applicable, and shall apply as described in Section 5.2 below and subject to the provisions of this DPA.

**5.2 Particulars regarding the 2021 SCCs.** The 2021 SCCs referred to in Section 5.1 above shall apply with the following particulars:

5.2.1 the Customer will be the data exporter and Qlik will be the data importer;

5.2.2 for Clause 9 (a) (use of Subprocessors), the Parties agree to option 2 (general written authorization) as described in Section 4. A list of Qlik's Subprocessors, for the purpose of Annex III to the 2021 SCCs, is available at Schedule 3;

5.2.3 the options in Clause 7 (docking) and Clause 11 (a) (redress) are not exercised;

5.2.4 for Clause 17 (governing law), Clause 18 (b) (choice of forum and jurisdiction) and Annex I (c) (Supervisory Authority), the Parties agree that the governing law, relevant Supervisory Authority, and relevant courts for a dispute regarding the 2021 SCCs will be those of the Customer country (or state, if relevant) if the Customer is an EEA entity and, in any event, decided in accordance with the relevant Data Protection Law. In the event of ambiguity, the governing law, Supervisory Authority and relevant courts will be those of Sweden;

5.2.5 the Parties agree that the aggregate liability of Qlik to the Customer under or in connection with this DPA and the 2021 SCCs will be limited as set out in Sections 2.4.2 and 8.3;

5.2.6 the Parties agree that any rights to audit pursuant to Clause 8.9 of the 2021 SCCs will be exercised in accordance with Section 6;

5.2.7 the details of the Processing to be provided in Annex I of the 2021 SCCs are provided in Section 2; and

5.2.8 the Technical and Organizational Measures to be provided in Annex II of the 2021 SCCs are provided in Schedule 2.

The Parties agree that in the event of a conflict between this DPA and the applicable 2021 SCCs (Modules Two or Three) the relevant 2021 SCCs will prevail.

**5.3 Transfers of UK Customer Personal Data.** For transfers of UK Customer Personal Data by the Customer to Qlik where the Qlik party to this DPA is in a Third Country not deemed under UK Data Protection Law to provide an equivalent level of privacy protection, the Parties agree that the provisions of the 2010 SCCs are hereby incorporated in this DPA in respect of such transfer of UK Customer Personal Data. In particular:

5.3.1 the Customer will be the data exporter, and Qlik the data importer; and

5.3.2 the Parties agree that the Processing details and other particulars required to be described in the 2010 SCCs shall be, where applicable to the 2010 SCCs, those set out above in Section 5.2 save that the governing law, jurisdiction and supervisory authority shall be England & Wales, and the UK Information Data Commissioner respectively.

**5.4 Alternative Lawful Transfer Mechanisms.** The Customer acknowledges that Qlik's obligations under the 2010 SCCs or the 2021 SCCs under this DPA may be replaced by obligations under any successor or alternate EEA/UK Third Country lawful transfer mechanism adopted by Qlik which is recognized by the relevant EEA/UK authorities. In such instances, the Parties shall not be required to re-execute this DPA as they have already agreed to such measures, and such obligations will be deemed automatically included in this DPA. In particular, if the UK adopts as a lawful transfer mechanism the 2021 SCCs (or a UK enacted version thereof) these shall be considered automatically substituted or, as the case may be, supplemented, in this DPA by the Parties in place of the 2010 SCCs in respect of UK Customer Personal Data.

**5.5 EEA/UK-US Transfers.** In response to the Court of Justice of the European Union's decision in Schrems II, Case No. C-311/18, and related guidance from Supervisory Authorities, the Parties acknowledge that supplemental measures may be needed with respect to EEA/UK-U.S. data transfers where Customer Personal Data may be subject to government surveillance. The Customer and Qlik agree that Customer's EEA/UK operations involve ordinary commercial services, and any EEA/UK-U.S. transfers of EEA Customer Personal Data contemplated by this DPA involve ordinary commercial information, such as employee data, which is not the type of data that is of interest to, or generally subject to, surveillance by U.S. intelligence agencies. Accordingly, Qlik agrees that it will not provide access to Customer Personal Data of an EEA/UK Customer transferred under this DPA to any government or intelligence agency, except where its legal counsel has determined it is strictly relevant and necessary to comply with the law or a valid and binding order of a government authority (such as pursuant to a court order). If a law enforcement agency or other government authority provides Qlik with a demand for access to such Customer Personal Data, Qlik will attempt to redirect the law enforcement agency to request the Customer Personal Data directly from the Customer. If compelled by law to provide access to such Customer Personal Data to a law enforcement agency or other government authority, and only after a determination of such is made by legal counsel, then Qlik will, unless Qlik is legally prohibited from doing so: (1) give Customer notice of the demand no later than five (5) days after such demand is received to allow Customer to seek recourse or other appropriate remedy to adequately protect the privacy of EEA/UK Data Subjects, and Qlik shall provide reasonable cooperation in connection with the Customer seeking such recourse; and (2) in any event, provide access only to such Customer Personal Data as is strictly required by the relevant law or binding order (having used reasonable efforts to minimize and limit the scope of any such access). This Section 5.5 does not overwrite Clause 15 (where applicable) of the 2021 SCCs.

**5.6 EEA Qlik Cloud Storage Capability.** For the avoidance of doubt, although the Customer may select (where available) the region in which its Qlik Cloud Customer Content resides, including the EU, the ability to retain Qlik Cloud Customer Content (including Customer Personal Data) solely in-region is subject to how the Customer's users of Qlik Cloud share and use applications and other technical particulars.

## 6. AUDITS

**6.1 Audit Requests.** Without prejudice to its other obligations in this DPA, Qlik will give to the Customer on written request (where such requests shall occur no more than once every 12 months) reasonable information necessary to determine Qlik's compliance with this DPA and will discuss in good faith any audits reasonably required by the Customer, conducted by a third party agreed to by the Parties. Such audits, if agreed, must be carried out at the Customer's cost, be conducted in a manner undistruptive to the business of Qlik and its Affiliates, be conducted subject to the terms of an applicable nondisclosure agreement, and not prejudice other confidential information (including but not limited to Personal Data) of Qlik, its Affiliates or its other customers.

**6.2 Subprocessor Audits.** If the Customer's request for information relates to a Subprocessor, or information held by a Subprocessor which Qlik cannot provide to the Customer itself, Qlik will promptly submit a request for additional information in writing to the relevant Subprocessor(s). The Customer acknowledges that information about the Subprocessor's previous independent audit reports is subject to agreement from the relevant Subprocessor, and that Qlik cannot guarantee access to that Subprocessor's audit information at any particular time, or at all.

## 7. ACCESS AND DELETION OF CUSTOMER PERSONAL DATA

**7.1 Access and Deletion of Qlik Cloud Customer Content during the Agreement.** Qlik will, as necessary to enable the Customer to meet its obligations under Data Protection Law, provide the Customer via availability of Qlik Cloud with the ability to access, retrieve, correct and delete through to the Termination Date its Qlik Cloud Customer Content in Qlik Cloud. The Customer acknowledges that such ability may from time to time be limited due to temporary service outage for maintenance or other updates to Qlik Cloud. To the extent that the Customer, in its fulfilment of its Data Protection Law obligations, is unable to access, retrieve, correct or delete Customer Personal Data in Qlik Cloud due to prolonged unavailability of Qlik Cloud due to an issue within Qlik's control (for example, exceeding 10 working days), upon written request from the Customer, Qlik will where possible use reasonable efforts to provide, correct or delete such Customer Personal Data. The Customer acknowledges that Qlik may maintain backups of Qlik Cloud Customer Content, which would remain in place for approximately third (30) days following a deletion in Qlik Cloud. The

Customer remains solely responsible for the deletion, correction and accuracy of its Qlik Cloud Customer Content and will be solely responsible for retrieving such Qlik Cloud Customer Content to respond to Data Subject access requests or similar requests relating to Customer Personal Data. If Qlik receives any such Data Subject request, Qlik will use commercially reasonable efforts to redirect the Data Subject to the Customer.

**7.2 Access and Deletion of Customer Personal Data on Termination of the Agreement.** By the Termination Date, the Customer will have deleted all Qlik Cloud Customer Content Personal Data, unless prohibited by law, or the order of a governmental or regulatory body. Notwithstanding the foregoing, after the Termination Date and upon the Customer's written request Qlik will provide reasonable assistance to the Customer to securely destroy or return any remaining Customer Personal Data. The Customer acknowledges that Customer Personal Data may be stored by Qlik after the Termination Date in line with Qlik's data retention rules and back-up procedures until it is eventually deleted. To the extent that any portion of Customer Personal Data remains in the possession of Qlik following the Termination Date, Qlik's obligations set forth in this DPA shall survive termination of the Agreement with respect to that portion of the Customer Personal Data until it is eventually deleted.

## **8. MISCELLANEOUS**

**8.1 Entire Agreement.** This DPA and the Agreement, where referenced, contain the entire agreement regarding the subject matter thereof and supersede any other data protection/privacy agreements and communications between the Parties concerning the Processing by Qlik of Customer Personal Data in Qlik's performance of the Services.

**8.2 Effect of this DPA.** Except as amended by this DPA, the Agreement will remain in full force and effect. If there is a conflict between any other agreement between the Parties, including the Agreement and this DPA, the terms of this DPA will control. This DPA is effective from the Effective Date and only if and for so long as Qlik provides Services under the Agreement. This DPA will terminate, unless otherwise terminated by the Parties, on the Termination Date.

**8.3 Liability.** Subject to Section 2.4.2, the total combined liability of either Party towards the other Party, whether in contract, tort or under any other theory of liability, shall be limited to that set forth in the Agreement as well as any disclaimers contained therein. Any reference in such section to the liability of a Party means the aggregate liability of that Party under the Agreement and this DPA.

**8.4 Third Party Rights.** This DPA shall not confer any rights or remedies to any other person or entity other than the Parties except as to enable the Data Protection Law rights of Data Subjects of Customer Personal Data under this DPA.

**8.5 Updates to this DPA.** Qlik may modify the non-material terms of this DPA, such as to account for future changes in Data Protection Law to enable the continued Processing of Customer Personal Data to carry out the Services and shall do so by way of updating the DPA terms on [www.qlik.com](http://www.qlik.com). Any future changes to this DPA published by Qlik on its website will become effective once published and shall supersede any previous DPA between the Parties, insofar and only to the extent that those changes (i) are to account for changes under Data Protection Law, which may include to account for revised guidance from a Supervisory Authority, or (ii) to enable an EEA/UK Third Country lawful transfer mechanism, as contemplated under Section 5.2, or (iii) are not less favorable to the Customer (for example, to permit further data types of Customer Personal Data to be uploaded to Qlik Cloud). The Customer is therefore encouraged to keep up to date with these DPA terms at [www.qlik.com](http://www.qlik.com).

## **SCHEDULE 2 TECHNICAL AND ORGANIZATIONAL MEASURES**

Qlik shall undertake appropriate technical and organizational measures for the availability and security of Customer Personal Data and to protect it against unauthorized or unlawful Processing and against accidental or unlawful loss, destruction, alteration or damage, and against unauthorized disclosure or access. These measures, listed below, shall take into account the nature, scope, context and purposes of the Processing, available technology as well as the costs of implementing the specific measures and shall ensure a level of security appropriate to the harm that might result from a Security Breach. Some of the measures below apply to Qlik's general IT infrastructure/practices and may not necessarily apply to Qlik Cloud. While Qlik may alter its measures in line with evolving security practices and risks, and with due regard to the nature of the Processing, Qlik will not materially decrease the overall protections of the Customer Personal Data below the aggregate standard of the measures in this Schedule 2. Customers should stay up to date with Qlik's security measures by visiting its security resources available at [www.qlik.com](http://www.qlik.com).

**1. Access Controls to Premises and Facilities.**

Qlik maintains technical and organizational measures to control access to premises and facilities, particularly to check authorization, utilizing various physical security controls such as ID cards, keys, alarm systems, surveillance systems, entry/exit logging and door locking to restrict physical access to office facilities.

**2. Access Controls to Systems and Data.**

Qlik operates technical and organizational measures for user identification and authentication, such as logs, policies, assigning distinct usernames for each employee and utilizing password complexity requirements for access to on-premises and cloud-based platforms. In addition, user access is established on a role basis and requires user management, system or HR approval, depending on use. Second-layer authentication may be employed where relevant by way of multi-factor authentication. User access for sensitive platforms is subject to periodic review and testing. Qlik's IT control environment is based upon industry-accepted concepts, such as multiple layers of preventive and detective controls, working in concert to provide for the overall protection of Qlik's computing environment and data assets. To strengthen access control, a centralized identity and access management solution is used to manage application access. Qlik uses on-boarding and off-boarding processes to regulate access by Qlik Personnel.

**3. Disclosure Controls.**

Qlik maintains technical and organizational measures to transport, transmit and communicate or store data on data media (manual or electronic). For certain data transfers, bearing in mind the risk and sensitivity of the data, Qlik may employ encrypted network or similar transfer technologies. Personnel must utilize a dedicated or local VPN network to access internal resources and/or industry-standard authentication and secure communication mechanisms to access cloud-based systems.

Logging and reporting are utilized for validation and review purposes. Third party Subprocessors are subject to privacy and security risk assessments and contractual commitments.

**4. Input Controls.** Qlik maintains measures in its general IT systems for checking whether relevant data has been entered, changed or removed (deleted), and by whom, such as by way of application-level data entry and validation capabilities. and reporting is utilized for validation and review purposes. For Qlik Cloud Customer Content, other than as provided for under this DPA, the

Customer is solely responsible for entry, alteration and removal (deletion) of any of its Qlik Cloud Customer Content in Qlik Cloud and, to respect the security and integrity of the Customer Personal Data, Qlik does not monitor Qlik Cloud Customer Content for regular entries, alterations or removals (deletion) by the Customer or its users in its use of the Services.

**5. Job Controls.** Qlik uses technical (e.g., access controls) and organizational (e.g., policies) measures to delineate, control and protect data for which the Qlik is the Controller or the Processor. Qlik records and delineates the data types for which it is a Controller or a

Processor in its record of processing activities under Article 30 (2) EU GDPR.

**6. Separation Controls.** Qlik uses segregation standards and protocols between production, testing and development environments of sensitive platforms. Additionally, segregation of data is further supported through user access role segregation.

**7. Availability Controls.** Qlik maintains measures to assure data availability such as local and/or cloud-based back-up mechanisms involving scheduled and monitored backup routines, and local disaster recovery procedures. Qlik may supplement these with additional security protections for its business, for example malware protection. Additionally, data centers of a critical nature are required to submit to periodic 3rd party evaluation of operating effectiveness for significant controls ensuring data availability. Relevant systems and data center locations are protected through the use of industry-standard firewall capabilities.

**8. Other Security Controls.** Qlik maintains (i) regular control evaluation and testing by audit (internal and/or external), on an asneeded basis, (ii) individual appointment of system administrators, (iii) user access by enterprise IDP, (iv) binding policies and procedures for Qlik's Personnel, and (v) regular security and privacy training. Policies will clearly inform Personnel of their obligations (including confidentiality and associated statutory obligations) and the associated consequences of any violation.

**9. Certifications.** Qlik has, at the time of the Effective Date, and shall maintain, certifications regarding SOC 2 Type II and ISO 27001 or their equivalents, which may change over time in line with evolving security standards.

**10. Specific Qlik Cloud Services Measures.**

Qlik shall in relation to Qlik Cloud (i) implement compliance audits, (ii) maintain applicable third-party certifications which may include audit reporting that can be provided to the Customer; and (iii) implement industry standard measures for data-at-rest, such as encryption. The Customer is responsible for any data minimization before inputting into Qlik Cloud any Customer Personal Data.

**SCHEDULE 3  
SUBPROCESSORS**

**Qlik Affiliates:**

<b>Qlik Affiliates</b>	<b>Country</b>
QlikTech International AB	Sweden

QUALTRICS, LLC  
400 QUALTRICS DRIVE, #100  
PROVO, UT 84604

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached **Qualtrics, LLC** ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the Prompt Payment Act (31 U.S.C. §§ 3901 *et seq.*), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

**Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

**Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

**Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

**Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

**Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 *et seq.*), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

**Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

**Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

**Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

**Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

**Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

**Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not

when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

**Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

**3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A  
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**QUALTRICS, LLC**

**QUALTRICS, LLC LICENSE, WARRANTY AND SUPPORT TERMS**

---

Background

Contractor through Qualtrics will provide the Qualtrics Service to Ordering Activity ("Licensee") as an end user customer. Qualtrics will use, operate, and/or make available applicable software, hardware, network, systems, platforms, and/or other technologies and expertise reasonably required to provide the Qualtrics Service to Licensee. The Qualtrics Service shall be hosted on Qualtrics' servers. Qualtrics may, at its election, outsource the hosting to a trusted third party in the business of hosting Internet services and/or applications.

#### License of Qualtrics Service

Contractor grants Licensee a non-exclusive, non-transferable worldwide license and lease, during the term of the Delivery Order, to use the Qualtrics Service for Licensee's own internal business purposes.

**Access:** During the term of the Delivery Order, provided that Licensee has paid all fees due and owed to Contractor and is in compliance with the terms of this Attachment A, Licensee will be able to access the Qualtrics Service by going to the web site specified in Exhibit 1. The Qualtrics Service will prompt Licensee for its login and password information and, if correct, will provide Licensee with access to the Qualtrics Service.

**Unauthorized Duplication or Use:** Licensee shall use commercially reasonable efforts to prevent its employees and other third parties from making unauthorized copies of any content in the Qualtrics Software or using the Qualtrics Service in violation of this Attachment A. If Licensee discovers any such unauthorized duplication or use, it will promptly notify Contractor through Qualtrics and take commercially reasonable actions to resolve the problem as soon as reasonably possible.

**Restrictions:** Licensee is not permitted to sublicense the Qualtrics Software to third parties without written permission of Qualtrics except to affiliates and third party vendors solely for providing services for Licensee and not for their own use.

#### Support and Maintenance

In consideration of the fees paid by Licensee, as part of the Qualtrics Services, Contractor through Qualtrics will provide the following support and maintenance services:

**Technical Support:** Contractor through Qualtrics shall provide Licensee with telephone-based and web site-based technical support services to assist Licensee in utilizing the Qualtrics Service, including the Software. Licensee may telephone or e-mail Qualtrics' offices for support during Qualtrics' regular business hours, 6:00 p.m. Sunday to 6:00 p.m. Friday U.S. Mountain Time (0100 Monday to 0100 Saturday GMT), except U.S. holidays. Qualtrics will respond to telephone calls or e-mails based on the following criteria: (a) the order that such calls or e-mails are received; and (b) the relative importance of such calls or e-mails as reasonably determined by Qualtrics. Qualtrics shall make reasonable, good faith efforts to respond to technical support requests and to correct errors within a reasonable time. Licensee agrees to cooperate with Qualtrics in providing such documentation and information as Qualtrics may reasonably request, so that Qualtrics can verify and reproduce the reported error. Additionally, Licensee may log on to the support web site to register e-mail requests.

**Modifications and Enhancements:** Contractor through Qualtrics may also make modifications to the Qualtrics Service to improve and enhance the Qualtrics Service, as it deems appropriate in its sole discretion, by adding additional service options, improving the user interface and otherwise responding to its licensees' feedback and requests. Qualtrics will make all such improvements and enhancements (including, but not limited to, error corrections, bug fixes and performance or functionality improvements) available to Licensee under the terms of this Attachment A at no additional charge. Licensee may also utilize Qualtrics' support web site to make enhancement requests and other special requests.

#### Account Managers

Each party shall appoint an Account Manager, as set forth on the signature page. The Account Managers shall be responsible for addressing and resolving issues relating to the delivery and use of the Qualtrics Service. Either party may change its Account Manager upon written notice to the other party.

#### Ownership

Subject to the licenses and rights granted herein, the parties acknowledge that:

As between the parties, Qualtrics owns all right, title and interest in and to the Qualtrics Service, all related software and technology, and all Qualtrics content provided in connection with the Qualtrics Service, including all intellectual property rights in the foregoing. Qualtrics reserves all rights not expressly granted to Licensee in this Attachment A.

Licensee owns all right, title and interest in and to any questions, responses, and other data and information input by Licensee and its survey recipients in the surveys conducted through the Qualtrics Service ("Data") including, but not limited to, any survey created by Licensee, as well as any additional data provided by the Licensee as part of the survey process including personally identifiable information provided by Licensee's survey recipients and respondents. All such Data shall be deemed Confidential Information of Licensee pursuant to the terms of the Schedule Contract and shall not be utilized by Qualtrics for any purpose other than to perform its obligations under this Attachment A or as agreed to in writing by an authorized representative of Licensee.

#### Term and Termination

**Term:** The initial term of a Delivery Order is one (1) year from the Effective Date. A Delivery Order may be renewed for additional one (1) year term upon mutual agreement in writing.

**Effect of Termination:** Upon termination of the Delivery Order for any reason, Contractor through Qualtrics shall discontinue providing the Qualtrics Service to Licensee and Licensee shall cease using the Qualtrics Service. Each party shall promptly return or destroy all Confidential Information of the other party, as applicable, in accordance with the terms of the Confidential Information in section of the Schedule Contract. Within thirty (30) days of the date of termination, Licensee shall pay to Contractor all outstanding undisputed fees due to Contractor as of the

effective date of termination. For thirty (30) days of the date of termination, Licensee shall have reasonable access to retrieve and secure its data contained in the service. In addition, any terms that by their nature extend beyond termination of the Delivery Order shall survive.

#### Representations and Warranties

By Contractor: Contractor represents and warrants to Licensee that:

it has the power and authority to enter into a Delivery Order and perform its obligations hereunder, and such performance will not breach any separate agreement by which Contractor is bound;

it will comply with the laws, rules and regulations that apply to Contractor in connection with the conduct of its business and its provision of the Qualtrics Service;

it will not knowingly infringe on any party's patent, trademark, mask work, copyright, trade secret, or other intellectual property right; and will not violate any laws, rules, or regulations applicable to Qualtrics or the Qualtrics Service; and

it will use commercially reasonable efforts to allow Licensee to access the Qualtrics Service seven (7) days per week, twenty-four (24) hours per day with a goal of ninety-nine percent (99%) reliability to the Qualtrics Service, excluding downtime (i) scheduled in advance for maintenance on a periodic basis, or (ii) due to faults caused by Licensee or Licensee's system, or (iii) due to other causes outside of the reasonable control of Qualtrics, including without limitation malfunction or cessation of Internet services by any third party network or ISP.

it will use commercially reasonable efforts to ensure that updates and/or new releases will not introduce, any program, routine, subroutine, or data (including malicious software or "malware," viruses, worms, and Trojan Horses) that are designed to disrupt the proper operation of the Service or any software or system used by Licensee in connection with the Service, or which, upon the occurrence of a certain event, the passage of time, or the taking of or failure to take any action, will cause the Service or any system or software used in connection with the Software to be destroyed, damaged, or rendered inoperable.

to the best of Contractor's knowledge, it shall not violate the software as delivered to the Licensee shall not violate any proprietary rights of third parties, including, without limitation, patents, copyrights or trade secrets; and, that the software as delivered to the Licensee will not violate any applicable law, rule, regulation or contractual obligations or confidential relationships which Contractor may have or with any third party, or violate the privacy of any third party from whom Contractor through Qualtrics may obtain any information in connection therewith.

By Licensee: Licensee warrants and represents to Contractor that:

it has the power and authority to enter into a Delivery Order and perform its obligations hereunder, and such performance will not breach any separate agreement by which Licensee is bound;

it will comply with the laws, rules and regulations that apply to Licensee in connection with the conduct of its business and its use of the Qualtrics Service; and

it will not knowingly utilize (or allow utilization of) the Qualtrics Service in any manner prohibited by this Attachment A or written Qualtrics policies provided to Licensee, or reverse engineer or tamper with the security of any Qualtrics computer software.

Limitation of Warranties: EXCEPT AS SET FORTH IN THIS SECTION 7, (i) NEITHER PARTY MAKES ANY OTHER REPRESENTATIONS OR WARRANTIES TO THE OTHER PARTY, AND (ii) ALL PRODUCTS AND SERVICES ARE PROVIDED BY CONTRACTOR ON AN "AS IS" BASIS. CONTRACTOR DOES NOT WARRANT THAT THE QUALTRICS SERVICE OR ITS SOFTWARE WILL BE ERROR-FREE OR THAT ALL NON-CONFORMITIES CAN BE OR WILL BE CORRECTED. CONTRACTOR DOES NOT MAKE ANY WARRANTIES, REPRESENTATIONS OR CONDITIONS WITH RESPECT TO ANY THIRD PARTY CONTENT, EXPRESS OR IMPLIED. EXCEPT AS SET FORTH IN THIS SECTION 7, EACH PARTY EXPRESSLY DISCLAIMS ALL OTHER REPRESENTATIONS OR WARRANTIES, CONDITIONS AND REPRESENTATIONS RELATED TO THE SUBJECT MATTER OF THIS ATTACHMENT A, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT AND MERCHANTABILITY.

#### Exhibit 1

**QUALTRICS SERVICE:** Develop and host the survey website which includes all survey development tools, e-mail delivery capabilities, online analysis tools, online survey libraries, tutorials and help facilities.

**SCOPE OF LICENSE:** The term of the license for the Qualtrics Software is one year, beginning on the date below and includes features as outlined below.

**SUPPORT AND TRAINING:** Contractor through Qualtrics will provide online tutorials, phone support and respond to e-mails during normal business hours. Qualtrics will provide a U.S. toll free number that may be used for contacting Qualtrics regarding support issues. As each survey project tends to be uniquely structured the majority of training will occur through telephone and e-mail support. Quarterly training calls may also be scheduled by the Qualtrics Account Manager to discuss and/or demonstrate new features that have been made available by Qualtrics.

**BRANDED SURVEY SITE:** This license will operate under a branded platform, which will be created by Qualtrics. The cost of this branded platform is included in the bid. Any changes to the site and domain are also included in the bid.

**SKINS TO MATCH:** The corporate branded solution comes with skins in a library that can be used to change the look and feel of a survey. Licensee will have the ability to request new skins that will fit their branding.

**REQUESTS:** A "Request" is a server call sent to Contractor through Qualtrics that occurs each time a site intercept code is triggered. Qualtrics will provide information on the number of requests to Licensee each month. In the event Licensee exceeds the number of allotted Monthly Requests by fifty percent (50%), or in the event Licensee exceeds the number of allotted Yearly Requests, Licensee must pay the overage at the current order rate.

**DISTRIBUTION OF USERNAMES AND PASSWORDS:** Contractor through Qualtrics will give the Licensee account manager an admin login name and password. With this admin login the account manager will be able to view the use of all users and create new usernames and passwords with unique permissions.

**Quantum Corporation**  
224 AIRPORT PARKWAY  
SUITE 550  
SAN JOSE, CA 95110

**EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Quantum Corporation (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
  
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
  - a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.
  
  - b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
  
  - c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
  
  - d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
  
  - e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
  
  - f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
  
  - g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby

superseded.

- h) Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any

excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- i) Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.
- j) Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
- k) Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
- l) Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
- m) Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
- n) Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).
- o) Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.
- p) Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

- 
- q) Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.
- r) Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
- s) Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.
- t) Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.
- u) Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
- 3. Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

## QUANTUM MASTER PURCHASE AGREEMENT

This Master Purchase Agreement (“Master Agreement”) is made and entered into as of the final date executed by both parties (“Effective Date”) by and between Quantum Corporation, a Delaware, US corporation headquartered in San Jose, CA, USA (“Quantum”), and the Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document (“Customer” or “Ordering Activity”), and sets forth the terms governing the purchase, licensing, and provision of Quantum Products, Support Services, Software as a Service, and Cloud Services (as defined below) from Quantum, and the limited warranty provided thereon. The terms of this Master Agreement shall supersede any pre-printed or standard terms accompanying the Customer’s purchase order or Quantum’s Quote.

### 1. General Definitions

#### 1.1 Product

“Product” shall be defined as Quantum branded hardware and Software collectively.

#### 1.2 Support Services

“Support Services” shall be defined as repair, adjustments, and/or part replacements for the covered Quantum Product as Quantum deems necessary to bring Product in compliance with Product warranty or pursuant to the support plan purchased due to normal Product usage during the Support Term. Support Services do not include Professional Services or Limited Support Services (as defined herein).

#### 1.3 Professional Services

“Professional Services” means services requested by Customer and provided by Quantum for an additional fee, and that are excluded as part of Support Services or are specifically identified as Professional Services herein. Professional Services are quoted on the Quantum Sales Quote and may be supplemented by a statement of work detailing the deliverables of the services purchased.

#### 1.4 Cloud Services

“Cloud Services” shall be defined as the provision of computing and storage capacity as a service over a network.

#### 1.5 Software as a Service

“Software as a Service” (SaaS) shall mean Software, delivered, and managed remotely by Quantum or a Quantum authorized provider, and received as a service by customers on a pay-for-use or subscription basis.

### 2. Quote

“Quote” shall refer to the Quantum issued Sales Quote to which these terms apply, and against which Customer issues an order purchasing the items quoted therein. Quantum does not warrant the accuracy of its Quotes in terms of sizing, configuration, cabling, porting, and other details specific to Customer’s network.

### 3. Delivery

Delivery of purchased Products will be FCA Quantum's manufacturing facility (INCOTERMS 2010). Title and risk of loss or damage to the Products shall shift to Customer upon release to the initial carrier for holding or shipment. Customer hereby grants Quantum a purchase-money security interest in all Products to secure payment of the purchase price and any other charges due to Quantum. If delivery of the Products to the initial carrier is delayed in excess of twenty Business Days, Customer may cancel the order involved upon notice to Quantum prior to shipment. Such cancellation right is Customer's sole remedy for any delay or failure in delivery by Quantum. Customer purchases of Products from a Quantum Authorized Reseller shall be shipped pursuant to the terms between the Customer and the Reseller.

### 4. Prices and Payment

#### 4.1 Generally

Quoted pricing will be valid for thirty days unless a different term is set forth in writing. Customer agrees to pay to Quantum the purchase price set forth in the Quote in accordance with the GSA Schedule Pricelist. Quantum shall state separately on invoices taxes excluded from the fees, and the [Customer] agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

#### 4.2 Software License Subscription Fee

Software License Subscriptions (defined below) shall be invoiced for the amount and on the periodic basis specified in the Quote, in advance of the invoice period, throughout the duration of the subscription term. Thereafter, unless terminated as provided herein or otherwise prohibited by law, the Software License Subscription may be renewed for successive one-year periods under the terms of the then-current Quantum Sales and Support Terms and Conditions by both parties exercising an option or a new purchase order in writing, and Customer will be invoiced for the then current list price in accordance with the GSA Schedule Pricelist.

#### 4.3 Fees for Training and Professional Services

Training and Professional Services may be purchased for the fees quoted. Customer shall have the time period specified in the quote, or one year from the time of purchase if no time period is specified, to schedule and receive such services, or receive a refund. Additional fees may be assessed if costs are incurred as a result of waiting, rescheduling, or other accommodations made as a result of lack of Customer availability, or lack of preparation by the Customer for services scheduled.

#### 4.4 Lapse of Support Contract

In the event that Customer fails to maintain a current and continuous Support Contract with Quantum or a Quantum Authorized Service Provider, and thereafter seeks to re-enroll into a current Support Contract, such re-enrollment shall be at Quantum's discretion and may require a re-enrollment fee equal to the fee for the lapsed period that would have been paid had the Customer maintained continuous support in addition to the fees for the upcoming Support Term. Quantum does not guarantee a level of support immediately following purchase of the renewal contract. Service calls received during this time will be addressed on a best effort basis.

#### 4.5 Payment

Payment shall be due in full within thirty days from the receipt date of the invoice in the currency quoted. Payment terms are not guaranteed and are subject to approval and ongoing credit history and timely receipt of payment. Customer purchases from a Quantum Authorized Reseller shall be paid by the Customer pursuant to the payment terms between the Customer and the Reseller.

### 5. Order Cancellation

Subject to Quantum's prior written approval, Customer may cancel an order, or any portion thereof, for standard Products any time prior to thirty days before shipment when shipment is not delayed.

### 6. Termination of Software License Subscription

When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Quantum shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Upon expiration or termination of a Software License Subscription, the license and right to use Quantum Software shall terminate.

#### 7. Third Party Product

Product sold to Customer by Quantum that is the branded product of a third party (“Third Party Product”) shall be identified under the third party brand on the Quote, shall be warranted directly to Customer by the third party. Nothing herein shall bind the Ordering Activity to any Third Party terms unless the terms are provided for review and agreed to in writing by all parties. Certain Third Party Product documentation is available at [www.Quantum.com](http://www.Quantum.com). Notwithstanding any provision herein, subject

to any non-excluded rights that you may have under the laws in your country, Quantum makes no representations or warranties regarding Third Party Product, and shall have no ongoing obligations to Customer for the support or maintenance of Third Party Product unless expressly agreed to in writing. Third party software licensed by Quantum and embedded in Quantum branded software or hardware and not separately licensed shall not be considered Third Party Product.

#### 8. Limited Product Warranty

SUBJECT TO THE LIMITATIONS SET FORTH BELOW, QUANTUM WARRANTS TO THE END-USER CUSTOMER THAT PRODUCTS (EXCLUDING MEDIA) WILL PERFORM IN ACCORDANCE WITH QUANTUM'S PUBLISHED PRODUCT SPECIFICATIONS, COMMENCING AT THE TIME OF SHIPMENT AND FOR THE DURATION PUBLISHED BY QUANTUM AND SPECIFIED IN THE PRODUCT WARRANTY INFORMATION TABLE ATTACHED HERETO. QUANTUM WARRANTS THAT MEDIA PRODUCTS WILL BE FREE FROM DEFECTS IN MATERIAL AND MANUFACTURE AT THE TIME OF PURCHASE. SUBJECT TO ANY NON-EXCLUDABLE RIGHTS THAT YOU MAY HAVE UNDER THE LAWS IN YOUR COUNTRY, CUS-

TOMER'S SOLE AND EXCLUSIVE REMEDY SHOULD PRODUCT FAIL TO PERFORM ACCORDING TO SPECIFICATIONS, IS REPAIR, REPLACEMENT, OR ACCEPTANCE OF RETURN OF THE DEFECTIVE PRODUCT AT QUANTUM'S SOLE DISCRETION.

#### 9. Support Services and Professional Services Warranty

SUBJECT TO THE LIMITATIONS SET FORTH BELOW, QUANTUM WARRANTS TO THE END-USER CUSTOMER THAT THE SUPPORT SERVICES AND PROFESSIONAL SERVICES PROVIDED UNDER THESE TERMS AND CONDITIONS WILL BE FREE FROM DEFECTS IN MATERIALS OR WORKMANSHIP FOR THIRTY DAYS FROM THE DATE SUCH SERVICES ARE RENDERED, OR THE REMAINING TERM OF THE THEN CURRENT AND PAID FOR SUPPORT SERVICE PERIOD, WHICHEVER IS LONGER, AND WILL BE PERFORMED BY FULLY TRAINED AND COMPETENT PERSONNEL IN ACCORDANCE WITH INDUSTRY STANDARD TECHNICAL AND PROFESSIONAL PRACTICES AND PROCEDURES. IF A DEFECT COVERED UNDER THIS WARRANTY IS FOUND AND REPORTED TO QUANTUM, SUBJECT TO ANY NON-EXCLUDABLE RIGHTS THAT YOU MAY HAVE UNDER THE LAWS IN YOUR COUNTRY, QUANTUM WILL, AT ITS DISCRETION AND AS ITS SOLE RESPONSIBILITY AND LIABILITY, AND AS CUSTOMER'S SOLE AND EXCLUSIVE REMEDY, USE COMMERCIALY REASONABLE MEANS TO CORRECT SUCH DEFECT OR IN THE CASE OF PROFESSIONAL SERVICES REFUND TO CUSTOMER THE SUMS PAID BY CUSTOMER FOR THE DEFECTIVE PROFESSIONAL SERVICES.

#### 10. Disclaimers, and Limitations on Liability

THE FOREGOING WARRANTIES SHALL BE VOIDED IF THE PRODUCT IS NOT PROPERLY INSTALLED, USED, OR MODIFIED BY A PERSON OTHER THAN QUANTUM OR A QUANTUM AUTHORIZED SERVICE PROVIDER. THIS CLAUSE IS SUBJECT TO ANY NON-EXCLUDABLE RIGHTS THAT YOU MAY HAVE UNDER THE LAWS IN YOUR COUNTRY. THE WARRANTIES EXPRESSED HEREIN ARE THE ONLY WARRANTIES MADE BY QUANTUM WITH RESPECT TO THE PRODUCTS AND SERVICES. QUANTUM DOES NOT WARRANT THAT THE PRODUCTS OR SERVICES WILL MEET ALL CUSTOMER REQUIREMENTS, OR THAT THEY WILL BE UNINTERRUPTED OR ERROR FREE. QUANTUM EXPRESSLY DISCLAIMS AND EXCLUDES ALL OTHER WARRANTIES, OBLIGATIONS, LIABILITIES, CUSTOMER'S RIGHTS AND REMEDIES, EXPRESS OR IMPLIED, ORAL OR WRITTEN, ARISING BY LAW OR OTHERWISE INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, AND FITNESS FOR A PARTICULAR PURPOSE AND THOSE ARISING FROM

COURSE OF PERFORMANCE, COURSE OF DEALING AND USAGE OF TRADE. IN NO EVENT SHALL QUANTUM BE LIABLE TO CUSTOMER OR ANY THIRD PARTY FOR INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES INCLUDING WITHOUT LIMITATION, LOSS OF USE, LOSS OR ALTERATION OF DATA, DELAYS OR LOST PROFITS OR SAVINGS, EVEN IF QUANTUM IS AWARE OF THE POSSIBILITY OF SUCH DAMAGES, AND EVEN IF THE EXCLUSIVE REMEDIES STATED HEREIN FAIL OF THEIR ESSENTIAL PURPOSE. CUSTOMER'S RIGHTS AS STATED HEREIN ARE ITS EXCLUSIVE REMEDIES. EXCEPT FOR QUANTUM'S LIABILITY BASED UPON GROSS NEGLIGENCE, WILLFUL MISCONDUCT AND/OR A VIOLATION OF LAW, QUANTUM'S CUMULATIVE LIABILITY FOR ANY CLAIMS ARISING IN CONNECTION WITH THE PRODUCTS OR SERVICES MAY NOT EXCEED THE

MOST RECENT ANNUAL FEE OR THE PRICE PAID. Quantum and its subsidiaries, directors, officers, employees and providers shall in no way be liable for any and all actions, causes of action, liability, claims, suits, judgments, liens, awards or damages of any kind and nature whatsoever (hereinafter referred to as "Claims") for property damage, and expenses, costs of litigation and reasonable attorneys' fees related thereto, to the extent such claims arise from any negligent act or omission or willful misconduct of Customer or any of Customer's employees, agents, buyers or contractors (except for Quantum) arising

out of or in any way relating to Quantum's presence on Customer's designated premises for the purposes of providing services hereunder. No action, whether based on contract, strict liability, or tort, including any action based on negligence, arising out of the performance of Services, may be brought by either party more than six (6) years after such cause of action accrued.

The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

## 11. Proprietary Information

Pursuant to these Terms and Conditions, each party (the "disclosing party") may occasionally provide the other (the "receiving party") with its confidential and/or proprietary information (e.g., equipment, services, components, instruction manuals or installation information, trade secrets, know-how, ideas, concepts and methodologies, customers, prices (excluding GSA Schedule prices), product roadmaps, operations and plans and data, etc.) ("Proprietary Information"). The receiving party acknowledges that use or disclosure of Proprietary Information of the disclosing party in any unauthorized manner will destroy its value to the disclosing party. Unless the disclosing party agrees otherwise in writing, the receiving party (including its employees, agents and contractors) (i) will not sell, disclose, copy or reproduce any Proprietary Information of the disclosing party; (ii) will only permit or allow access to Proprietary Information of the disclosing party to those employees or third parties who require such access in order to perform work on the disclosing party's behalf pursuant to these Terms and Conditions; (iii) agrees to protect the Proprietary Information of the disclosing party as carefully as it would protect its own proprietary information but never less than a reasonable standard of care; (iv) agrees to be responsible for any unauthorized use or disclosure of Proprietary Information of the disclosing party by any of its employees, agents or contractors; and (v) agrees to leave intact all copyright, patent, trademark, confidentiality and similar notices in connection with the Proprietary Information of the disclosing party. The parties agree to return all Proprietary Information to the disclosing party upon the termination of these Terms and Conditions.

Quantum recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

## 12. Intellectual Property

Customer agrees and acknowledges that Quantum, its suppliers and its licensors are the owners of all right, title, and interest in and to Quantum-provided Software, SaaS, and Cloud Services, and all Intellectual Property (IP) therein, and that Customer shall not obtain or claim any ownership interest in (i) any IP in Quantum provided hardware, and (ii) any Quantum-provided Software, SaaS, and Cloud Services. Customer shall not, unless expressly permitted by law or by Quantum (i) obscure, alter or remove any patent, copyright, trademark, or service mark marking or legend contained on or in any Quantum Products, SaaS, or Cloud Services, (ii) use any Quantum Products, SaaS, or Cloud Services except as licensed, (iii) permit or enable any third party to use Quantum Products, SaaS, or Cloud Services, unless Quantum provides its prior written consent to such use, (iv) copy, distribute, or transmit all or any portion of any Quantum Software except as expressly permitted, (v) cause or permit the disclosure, copying, renting, licensing, sublicensing, leasing, dissemination, transfer or other distribution of any Quantum Products, SaaS, or Cloud Services by any means or in any form, without the prior written consent of Quantum.

## 13. Infringement Indemnification

Quantum will indemnify Customer for any damages and costs finally awarded against Customer on the grounds that the Products, Support Services, Professional Services, SaaS, or Cloud Services, in the form and condition delivered by Quantum to Customer hereunder, infringe any valid United States patents or copyrights of any third party, provided that Customer

notifies Quantum in writing of any such claim within ten days after learning thereof and that Customer gives Quantum control over the defense and settlement of the claim and fully cooperates with Quantum with respect thereto. If any such claim is brought or appears to Quantum likely to be brought, Quantum may at its option (1) replace or modify the Products, Support Services, Professional Services, SaaS, or Cloud Services to make them non-infringing, (2) obtain rights for Customer to continue using Products, Support Services, Professional Services, SaaS, or Cloud Services, (3) terminate a subscription with no right of refund, or (4) refund to Customer, upon the return of the Products at issue and termination of any licenses, the price paid there for, less twenty percent for each year which has passed since the date of delivery hereunder. Customer shall discontinue all use of any portion of the Products, Support Services, Professional Services, SaaS, or Cloud Services that has been replaced or modified or for which such a refund has been tendered. Quantum's obligations hereunder shall not apply to any claim based on (1) Quantum's following Customer's specifications or requests, (2) the use of the Products, Support Services, Professional Services, SaaS, or Cloud Services to practice a process not recommended by Quantum, (3) the use of Products, Support Services, Professional Services, SaaS, or Cloud Services in a way that is illegal, unethical, or immoral, or (4) in conjunction with items not supplied by Quantum, and Customer shall similarly indemnify Quantum with respect to any such claims.

THE FOREGOING STATES QUANTUM'S SOLE RESPONSIBILITY, AND CUSTOMER'S SOLE REMEDY, FOR ANY IN-FRINGEMENTS OF ANY PROPRIETARY RIGHTS.

#### 14. Compliance with Laws

##### 14.1 General Compliance

Each Party will comply, and will cause each of its employees, agents and subcontractors to comply, with the laws of all governmental authorities and all governmental regulations to the extent such laws are applicable. Each Party will also obtain all required regulatory approvals, licenses and permits.

##### 14.2 Import/Export/Re-Export

###### 14.2.1 Generally

Customer shall not, unless otherwise authorized by the U.S. Government, supply Products or enable use of SaaS or Cloud Services to entities identified on restricted lists (such as Denied Parties List, Debarred Parties, Specially Designated Nationals, Terrorists, Narcotics Traffickers, Blocked Persons and Vessels, or Entity List). Customer shall not ship or transfer Product or enable use of SaaS or Cloud Services, either directly or indirectly, to the countries identified as restricted in the U.S. Export Administration Regulations, without written approval from the United States Bureau of Industry and Security. Customer will comply with the export and re-export restrictions set forth in any export license (if applicable) or license exception used to ship Products or enable use of SaaS or Cloud Services. Terms of sale or other specific agreement will denote the Importer of Record. Importer of Record shall not violate any import laws, rules, or regulations of the United States and/or any other applicable country. Importer of Record is responsible for all Customs duties and other Customs related fees. Importer of Record is eligible for duty drawback rights to the Products, SaaS, or Cloud Services. Quantum shall mark each Product with the country of origin in compliance with the marking requirements of the United States.

###### 14.2.2 Cloud/SaaS Services

Customer acknowledges that it will have exclusive responsibility for compliance with United States and multilateral export controls applicable to the data or software it uploads through SaaS or Cloud Services. This responsibility extends to the controls applicable to the computations and derivations (output) from the use of the software or data through SaaS or Cloud Services. Quantum assumes no responsibility to screen the Customer or its own employees from access to such data or Software and their output, or to track or control their export or transfer. Customer agrees to strictly prevent access, export, or transfer of its data, Software, and related output on the Cloud that is controlled under the mentioned regimes to countries and individuals sanctioned by the US Office of Foreign Assets Control (OFAC), the US Export Administration Regulations (EAR), the US International Traffic in Arms Regulations (ITAR), and other related laws and regulations, as applicable. Customer also agrees to prevent its Software and data uploaded to the Cloud from being used in the development, production, use, or proliferation of weapons of mass destruction (as defined in the aforementioned laws and regulations), to include chemical, biological or missile technologies. Any violation of these and other applicable laws and regulations will be the exclusive responsibility of the Customer. The Customer will indemnify Quantum and its affiliates in the event of investigation or prosecution by any government or government agency responsible for such controls and compensate Quantum for any costs and hardship incurred during and as a result of such an event.

###### 14.2.3 Access Control

Customer acknowledges and agrees that any access to SaaS, Quantum's Cloud, or Cloud Services given by Customer to any person outside of the countries of the European Economic Area shall be considered as an express written consent to Quantum to supply such services and data, and such consent shall be deemed given by Customer and the relevant person/data subject.

### 14.3 Data Protection

Customer (a) acknowledges that Customer is the Data Controller and that Quantum is a Data Processor as defined in the European Data Protection Directive 95/46/EC; (b) agrees to comply with Customer's obligations under applicable United States Federal data protection legislation, processing and provision of personal data and sensitive personal data ("Data") provided to Quantum in connection with SaaS or Cloud Services; (c) reserved; and (d) acknowledges that Quantum is reliant on Customer

for direction as to the extent to which Quantum is entitled to use and process Data. Consequently, Quantum will not be liable for any claim brought by Customer or any Data subject arising from any action or omission by Quantum to the extent that such action or omission resulted from Customer's instructions. Customer shall be responsible to notify Quantum if any Customer data managed, accessed, hosted, or otherwise actively controlled by Quantum in conjunction with Cloud Services is subject to regulatory security or handling processes. Data residing in a customer environment shall not be considered managed, accessed, hosted, or otherwise actively controlled by Quantum.

#### 15. SaaS and Cloud Services

Quantum's SaaS and Cloud Services shall be provided under these Terms and Conditions supplemented by the terms of service, use policies, and other documents accompanying attached ("Supplemental Agreements"). The attached Supplemental Agreements are hereby incorporated by reference and to the extent the terms of the Supplemental Agreements conflict with these Terms and Conditions, the term of the Supplemental Agreement shall prevail. Nothing herein shall bind the Ordering Activity to any Supplemental Agreements terms unless the terms are provided for review and agreed to in writing by all parties. Customer's use of SaaS and/or Cloud Services shall be limited to the use parameters specified at the time of purchase including but not limited to capacity and/or bandwidth. Customer shall deploy Quantum recommended policies to ensure use within such limitations. Use beyond such limitations will result in additional charges to Customer following Quantum's assessment of the use.

#### 16. Excluded Uses

Customer acknowledges that Products, SaaS, and Cloud Services are not absolutely fault-tolerant, and are not designed for use in or resale into hazardous environments requiring fail-safe performance in which the failure of the products could lead directly to death, personal injury or severe physical or environmental damage such as, but not limited to, the operation of nuclear facilities, aircraft navigation or communication systems, direct life support systems, critical safety systems, medical devices, weapons systems or satellite equipment ("high risk activities"). Quantum disclaims any express or implied warranty of fitness for high risk activities. Quantum will have no liability for any claims or damages arising from high risk activities.

#### 17. Classified Environments

Purchases of Quantum Product or Services (of any kind) to be located, utilized or performed in US federally classified environments, and requiring response or services by cleared personnel, must be supported by a DD254 which must be generated by the Prime Contractor or the appropriate US Government Agency and issued to Quantum before services can be provided.

Failure to do so may result in a delay of or inability to provide service for which Quantum shall not and does not assume liability. Customer shall, at or before the time of purchase, (1) confirm to Quantum whether classified environments are involved,

(2) if so, that a DD254 will be issued, and (2) provide the name and contact information for the responsible Prime Contractor Contracting Officer.

#### 18. Software License and Software License Subscription

Software Products are licensed, not sold, for use solely on the Designated System under the terms of the license agreement included within the Software or the Software package, however titled. Software Products licensed and paid for on a subscription basis ("Software License Subscription") are licensed for use only during the paid-for period of a subscription term. Use of Software beyond the Designated System or following termination of the subscription shall constitute violation of the

License. If used or acquired by the U.S. government, then the U.S. government acknowledges that (a) the software constitutes “commercial computer software” and accompanying documentation constitutes “commercial computer software documentation” for purposes of 48 C.F.R. 12.212, and (b) the U.S. government’s rights are limited to those specifically granted to Customer pursuant to said license agreement. The contractor/manufacture is Quantum, 224 Airport Parkway, San Jose, CA 95110.

## 19. Support Services

### 19.1 Definitions

In addition to terms defined elsewhere in these Terms and Conditions, the following terms will have the following specified meanings when used throughout these Terms and Conditions:

"Business Day" means any day except a Saturday, Sunday, or a holiday observed by Quantum;

"Business Hours" means hours between 8:00 a.m. and 5:00 p.m. local time on a Business Day;

"Critical Error" means any Software or Firmware Error that is an emergency condition and that causes the Software or Firmware to completely fail to function in accordance with its applicable Documentation and where there is no work-around to temporarily resolve or lessen the problem;

"Designated System" means the specific capacity, hardware, workstations, servers, and/or devices enabled by one instance or copy of Software that is specified by Quantum at the time the Software is licensed;

"Documentation" means technical manuals describing the operation and use of Product;

"Error" means any reproducible failure of the Software or Firmware to substantially comply with its specifications as set forth in the applicable Documentation;

"Firmware" means software that resides in or is embedded in hardware, such as programmable read-only memory, and is not separately licensed by Quantum;

"Major Error" means any Software or Firmware Error that causes one or more material components to fail to function as specified in its applicable Documentation;

"Minor Error" means any Software or Firmware Error that is not a Major Error that causes one or more components of the Software to fail to function as specified in its applicable Documentation;

"Support Contract" means an agreement governed by these Terms and Conditions for Quantum to provide Support Services on designated Product;

"Software" means the Quantum branded software designated at the time of sale and sold and licensed separately for a Designated System. Software does not include any third party software;

"Support Term" means the period of the fully paid Support Contract, available for purchase on a one year or multi-year basis, as may be extended under the terms of a renewal;

"Update" means changes to Software or Firmware that Quantum designates as bug fixes, or as minor or incremental updates, and designated by a change in the number to the right of the decimal point of the version number such as 1.1, 1.2, 1.3, etc.; and,

"Upgrade" means changes to Software resulting in new functionality or features for which Quantum separately charges its customers in the normal course of its business, and designated by a change in the number to the left of the decimal point of the version number such as 1.0, 2.0, 3.0, etc.

## 19.2 Selection of Provider

Quantum shall determine, in its sole and absolute discretion, whether Quantum will provide the Support Services to Customer or whether Quantum will select a third party subcontractor to perform the Support Services. All requests for Support Services or communication regarding status or maintenance of the Product shall be made to Quantum.

### 19.3 Support Contract Term and Termination

Support Contracts will commence upon issuance of a purchase order by Customer, and will continue for the duration of the purchased Support Term. Thereafter, the Support Contract may be renewed for successive one-year periods under the terms of the then-current Quantum Sales and Support Terms and Conditions by both parties exercising an option in writing, or a new purchase order, and Customer will be invoiced for the then current list price in accordance with the GSA Schedule pricelist.

Quantum will not be obligated to provide any Support Services, Updates, or other support after the end of the Support Contract.

### 19.4 Product Support

Support Services shall include unscheduled, on-call Support Services during the hours specified for the level of Support purchased (“Designated Working Hours”), provided after receipt of notice from Customer that Product is malfunctioning or otherwise appears to require support and after Quantum technical support has determined that an on-site visit is necessary. Service on a Quantum recognized holiday will be deferred to the next Quantum Business Day unless 7x24 support is purchased. Recognition of holidays is per custom in each country. A list of Quantum holidays is available upon request from your local service representative. The above reference time frames shall not apply to delivery of non-critical spare parts to remote locations.

#### 19.4.1 Warranty Support

The warranty period and the level of service provided during the warranty period for each Product can be found in the Quantum Product Warranty Information Table at [www.Quantum.com](http://www.Quantum.com). At a minimum, Quantum warrants that the Product will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Product written materials accompanying it.

#### 19.4.2 Uplifted/Extended Support

Uplifted and/or extended Support Services shall be available for purchase subject to regional availability and Product applicability, and provided on an on-call basis in accordance with the level of Support purchased by the Customer.

#### 19.4.3 Parts Replacement

Replaceable parts shall be designated by Quantum as either a Customer Replaceable Unit (“CRU”) or a Field Replaceable Unit (“FRU”). CRU’s shall be replaced by Customer unless CRU replacement by Quantum is purchased pursuant to a Support Contract. FRU’s shall be replaced by Quantum. Subject to any non-excludable rights that you may have under local law, replacement parts shall be either new or reconditioned, and shipped or replaced in accordance with the terms of the level of service purchased.

Certain Product may include spare parts as part of the initial Product shipment (“Critical Spare Parts”). Critical Spare Parts shall be utilized only upon authorization by Quantum after diagnosis by Quantum of the reported service issue.

Customer shall be responsible to replace used Critical Spare Parts, and arrange for acceptance of replacement parts and make them available at the time of on-site service. Delays in acceptance and/or failure to maintain stock of Critical Spare Parts may result in additional cost and/or delay in delivery of onsite service. The Product or parts of Product that are removed or replaced, either by Customer or Quantum will become property of Quantum and must be return shipped to Quantum within 10 business days. All replacement parts shipped to Customer shall be shipped DAP Customer site in accordance with INCOTERMS 2010. All replaced parts returned to Quantum by Customer shall be shipped DAP designated Quantum return facility in accordance with INCOTERMS 2010. Risk of loss while parts are in the care, custody, and control of Customer shall be with Customer. Damage to, loss of, or failure to return ship replaced parts within 10 business days shall be charged to the Customer and may result in withholding of support until resolution.

Subject to any non-excludable rights that you may have under the laws in your country, IN ORDER TO HAVE ACCESS TO SPARE PARTS, INCLUDING CRITICAL SPARE PARTS, PRODUCT MUST BE COVERED UNDER WARRANTY OR A THEN-CURRENT SUPPORT CONTRACT.

#### 19.4.4 Exclusions

Support Services do not include: (a) replacement of parts and/or services to repair damage or errors resulting from accident, neglect, or misuse on the part of a party other than Quantum, or modification of Product not approved, authorized or directed by Quantum; (b) replacement of parts and/or services to repair damage resulting from any act of God, including but not limited to storms, fires, floods, and earthquakes; (c) replacement of parts and/or services to repair damage caused by failure to provide or maintain adequate or appropriate electrical power, air conditioning, humidity controls, electrical surge protection, or other facilities or environmental conditions unless such failure is caused by the negligent act or omission of Quantum; (d) replacement or reconditioning of Product which Quantum reasonably believes cannot be reliably maintained or repaired because of excessive wear or deterioration not resulting from any negligent act or omission on the part of Quantum; (e) services on Product which Customer has moved or relocated without notifying Quantum; (f) services requested after unauthorized resale, transfer, or other assignment (actual or constructive) of Product; (g) services required as a result of use of Product beyond its

rated capacity, not in accordance with manufacturer published specifications, or not in compliance with these Terms and Conditions or Documentation; (h) services performed outside of Designated Working Hours or after the term of these Terms and Conditions; provided, however, that if Quantum begins to perform services which would otherwise be covered Support Services less than two hours before the end of Designated Working Hours, the first two hours immediately following Designated Working Hours are considered covered by these Terms and Conditions; (i) on-site Software or Firmware Support; (j) services required for correcting Errors if Customer fails to implement any Error correction or Update made available by Quantum; (k) services in connection with removal, relocation or reinstallation of Product; (l) furnishing or replacing expendable supplies, including media such as cassettes, unless damaged by Quantum; (m) installation or maintenance on third party equipment or software, or on product not quoted by Quantum; and (n) production of written reports related to service performed. Service requested and agreed to in writing for any of the above exclusions shall be considered Professional Services for which Quantum will charge an additional fee. THE OCCURRENCE OF EVENTS (A)-(G) ABOVE SHALL RENDER THE WARRANTY VOID AND/OR SUBJECT A SUPPORT CONTRACT TO TERMINATION.

#### 19.4.5 Installation

Quantum Products or upgrades that are designated non-customer installable shall require purchase of Professional Services for installation from Quantum, and failure to do so and self-installing such Products or upgrades may void the applicable warranty and/or support contract.

#### 19.4.6 Movement of Product

If Customer plans to move, relocate, or delete any part of the Product from a Support Services contract, Customer must provide Quantum with 30 days prior written notice. If Customer requests that Quantum dismantle, supervise, inspect, remove or reinstall the Product as part of any move, Quantum will provide a quote for such services. Whether Product is moved by Customer or Quantum, Customer shall be responsible for shipment of Product to new location. Considering the new location of the Product, Quantum may, in its sole discretion: (i) continue performance of Support Services with the condition that Customer is responsible for any additional mileage charges; (ii) terminate the Support Services contract; or (iii) designate a different provider. Movement of Product that is designated non-customer installable as designated by Quantum without notifying Quantum prior to the move shall void the Product warranty and/or any then current Support Contract. Manufacturer supplied packaging is required to move all or partial units to a new location to ensure safe transit and can be purchased from Quantum if not retained by Customer.

#### 19.4.7 Customer Responsibilities

In addition to responsibilities for fees hereunder, Customer will be responsible for: (a) properly using and controlling access to the Product; (b) permitting Quantum's access to Customer's facilities consistent with Customer's security and operational requirements; (c) promptly notifying Quantum if Customer becomes aware of any unsafe conditions or hazardous materials to which Quantum's personnel may be exposed at any of Customer's facilities; (d) complying with all applicable government laws and regulations; (e) providing prompt notice to Quantum of any malfunction or request for services for the Product; (f) providing full and accurate Product and service installation descriptions as necessary to allow Quantum to fulfill its duties hereunder;

(g) performing visual inspection of Product; and, (h) performing standard operational activities. Upon Quantum's request, Customer will provide Quantum remote access to Quantum Product system performance data as reasonably required for Quantum to perform the Support Services and its other obligations hereunder. Obligations of Customer which must be fulfilled prior to Quantum performing any on-site services shall be communicated to Customer at the time services are scheduled.

#### 19.4.8 Firmware

Customer is required to maintain the product at no more than one Firmware revision removed from current production Firmware level to ensure proper operation and servicing of the product. The Customer may be required to install the latest Firmware Update prior to making any CRU or FRU replacements. Quantum will provide Customer with information on any upgrade charges prior to installation of the upgrade. Firmware upgrades may be available for download and able to be installed by Customer. At Quantum's discretion and upon prior notice to Customer, an additional fee may be levied for Firmware upgrades requiring an onsite visit.

#### 19.4.9 Telephone Support

Telephone support included with a support contract purchase provides the following: (i) assistance in identifying and verifying causes of suspected Errors; (ii) work-around for identified Errors; (iii) answering questions regarding Software installation and configuration; and, (iv) answering questions regarding differences between Software versions.

#### 19.4.10 Error Corrections

Quantum will use commercially reasonable efforts to correct any Errors reported by Customer (e.g., by providing a work-around or correction in a Update). If Customer encounters an Error with the Software, Customer must sufficiently define the Error to Quantum so that Quantum can reproduce the reported Error. Non-reproducible Errors may require dispatch of an engineer

on-site, which will be charged on a time and materials basis. After receipt of any such written notice of an Error from Customer, Quantum will promptly notify Customer if Quantum cannot reproduce the Error. If Quantum cannot reproduce the Error, Customer will provide such additional information regarding the Error as Quantum may request in order to assist Quantum with reproducing the Error. Customer will provide a separate written notice for each Error encountered by Customer. In its notice of an Error, Customer will reasonably classify for Quantum the initial priority of the Error. Customer will use the nature of the Error and Customer's business circumstances to initially classify each Error. Customer will classify each Error as a Critical Error, Major Error or Minor Error. To the extent that Quantum disagrees with any Error classification provided by Customer, Quantum will promptly advise Customer of the revised classification of any Error.

#### 19.4.11 Updates and Upgrades

During such periods that Customer purchases Support Services hereunder and pays all fees in connection therewith, Quantum will make available to Customer any and all Updates at no additional charge to Customer. Customer will install any and all Updates within a reasonable time after receipt of such Update or notice of availability. Support is available only for the Update that is currently shipping and the immediately prior Update. Support for the immediate prior Update shall be available for no longer than 12 months after a new Update is generally available. Quantum will provide Customer with access to Updates through Quantum's web site ([www.Quantum.com](http://www.Quantum.com)). These Updates and/or patches will be customer installable, with technical assistance available from Quantum's Technical Assistance Center. Changes to Software designated by Quantum as Up-grades are sold separately and not included in a contract for Support Services. Quantum on-site installation services for Updates and/or Upgrades shall be available to Customer for a fee as Professional Services.

#### 19.5 Limited Support Services

"Limited Support Services" means that the standard Support Services are no longer offered for Product. Limited Support contracts are offered by Quantum for the prices and duration quoted. Limited Support consists of support for errors which can be remedied utilizing the bug fixes and updates then known to Quantum, and does not include support for resolution of novel errors or bugs.

#### 20. Notices

All notices, demands, and other communications called for or required by these Terms and Conditions shall be in writing and shall be addressed to the parties at their respective corporate headquarter addresses or to such other address as a party may subsequently designate by ten days' advance written notice to the other party except as otherwise provided in these Terms and Conditions.

## 21. Integration and Notification

Each party acknowledges that it has read these Terms and Conditions, understands it, and agrees to be bound by it. The parties further agree that these Terms and Conditions are the complete and exclusive statement of the agreement of the parties with respect to the subject matter hereof, and that it supersedes and merges all prior proposals, understandings, and agreements, whether oral or written, between the parties with respect to the subject matter hereof. Any provisions or conditions of any purchase order or other document submitted by Customer which are in any way inconsistent with or in addition to these Terms and Conditions are hereby rejected and shall not be binding upon Quantum unless Quantum agrees to them in writing. No waiver or modification of these Terms and Conditions or of any provision contained herein shall be valid unless in writing and duly executed by Quantum and Customer.

## 22. Choice of Law

These Terms and Conditions shall be governed by and construed in accordance with the Federal laws of the USA without regard to any conflict of laws rules thereof. In the event of any dispute arising under these Terms and Conditions, the parties agree to the exclusive jurisdiction of the courts located in Santa Clara County, California.

23. Severability and Waiver

In the event that any provision of these Terms and Conditions is held to be invalid, illegal, or unenforceable, such provision shall be enforced to the maximum extent permitted by applicable law and the remaining provisions shall continue in full force and effect. Failure or delay on the part of any party in exercising any rights, power, or privileges under these Terms and Conditions shall not be deemed a waiver of such right, power or privilege.

24. Force Majeure

Excusable delays shall be governed by FAR 52.212-4(f).

25. Assignment

Neither party may assign its benefits or delegate its obligations under these Terms and Conditions without the advance written consent of the other party.

## QUANTUM MASTER SERVICE AGREEMENT

This Master Service Agreement (“**MSA**”) is made and entered into as of the final date executed by both parties (“**Effective Date**”) by and between Quantum Corporation, a Delaware, US corporation headquartered in San Jose, CA, USA (“**Quantum**”), and the Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document (“**Customer**”), and sets forth the terms governing the purchase and performance of Services (as defined below) from Quantum, and the limited warranty provided thereon. The terms of this MSA shall supersede any pre-printed or standard

terms accompanying the Customer’s purchase order or Quantum’s Quote. Capitalized terms shall have the meaning prescribed herein.

### 1. General Definitions

"**Business Day**" means any day except a Saturday, Sunday, or a holiday observed by Quantum;

"**Business Hours**" means hours between 8:00 a.m. and 5:00 p.m. local time on a Business Day;

"**Critical Error**" means any Software or Firmware Error that is an emergency condition and that causes the Software or Firmware to completely fail to function in accordance with its applicable Documentation and where there is no work-around to temporarily resolve or lessen the problem;

"**Designated System**" means the specific capacity, hardware, workstations, servers, and/or devices enabled by one instance or copy of Software that is specified by Quantum at the time the Software is licensed;

"**Documentation**" means Quantum published technical manuals describing the operation and use of Product;

"**Error**" means any reproducible failure of the Software or Firmware to substantially comply with its specifications as set forth in the applicable Documentation;

"**Firmware**" means software that resides in or is embedded in hardware, such as programmable read-only memory, and is not separately licensed by Quantum;

"**Major Error**" means any Software or Firmware Error that causes one or more material components to fail to function as specified in its applicable Documentation;

"**Minor Error**" means any Software or Firmware Error that is not a Major Error that causes one or more components of the Software to fail to function as specified in its applicable Documentation;

"**Product**" shall be defined as Quantum branded hardware and Software collectively.

"**Quote**" shall refer to the Quantum issued Sales Quote to which these terms apply, and against which Customer issues an order purchasing the items quoted therein.

“**Services**” shall mean the following, collectively:

“**Support Services**” shall be defined as repair, adjustments, and/or part replacements for the covered Quantum Product as Quantum deems necessary to bring Product in compliance with Product warranty or pursuant to the support plan purchased due to normal Product usage during the Support Term. Support Services do not include Professional Services or Limited Support Services (as defined herein).

“**Professional Services**” means services requested by Customer and provided by Quantum for an additional fee, and are excluded as part of Support Services or are specifically identified as Professional Services herein. Professional Services are quoted on the Quantum Sales Quote and may be supplemented by a statement of work detailing the deliverables of the services purchased.

“**Limited Support Services**” means services provided on Product for which standard Support Services are no longer offered.

“**Support Contract**” means an agreement governed by these Terms and Conditions for Quantum to provide Support Services on designated Product;

“**Software**” means the Quantum branded software designated at the time of sale and sold and licensed separately for a Designated System. Software does not include any third party software;

“**Support Term**” means the period of the fully paid Support Contract, available for purchase on a one year or multi-year basis, as may be extended under the terms of a renewal;

“**Update**” means changes to Software or Firmware that Quantum designates as bug fixes, or as minor or incremental updates, and designated by a change in the number to the right of the decimal point of the version number such as 1.1, 1.2, 1.3, etc.; and,

“**Upgrade**” means changes to Software resulting in new functionality or features for which Quantum separately charges its customers in the normal course of its business, and designated by a change in the number to the left of the decimal point of the version number such as 1.0, 2.0, 3.0, etc.

## 2. Prices and Payment

### 2.1 Generally

Quoted pricing will be valid for thirty days unless a different term is set forth in writing. Customer agrees to pay to Quantum the purchase price set forth in the Quote in accordance with the GSA Schedule Pricelist. Quantum shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

### 2.3 Fees for Training and Professional Services

Training and Professional Services may be purchased for the fees quoted in accordance with the GSA Schedule Pricelist.

### 2.4 Lapse of Support Contract

In the event that Customer fails to maintain a current and continuous Support Contract with Quantum or a Quantum Authorized Service Provider, and thereafter seeks to re-enroll into a current Support Contract, such re-enrollment shall be at Quantum's discretion and may require a re-enrollment fee in addition to the fees for the upcoming Support Term equal to the amount of the Support Fee for the lapsed period of support had support been maintained continuously. Quantum does not guarantee a level of support immediately following purchase of the renewal contract. Service calls received during this time will be addressed on a best effort basis.

### 2.5 Payment

Payment shall be due in full within thirty days from the receipt date of the invoice in the currency quoted. Payment terms are not guaranteed and are subject to approval and ongoing credit history and timely receipt of payment. Customer purchases from a Quantum Authorized Reseller shall be paid by the Customer pursuant to the payment terms between the Customer and the Reseller.

## 3. Provision of Services

### 3.1 Support Contract Term and Termination

Support Contracts will commence upon issuance of a purchase order by Customer, and will continue for the duration of the purchased Support Term. Thereafter, unless customer notifies Quantum at least 60 days prior to the expiration of the Support Term of Customer's decision not to renew, the Support Contract may renew for successive one-year periods under the terms of the then-current Quantum Sales and Support Terms and Conditions, and Customer will be invoiced for the then current list price, if Customer and Quantum execute a new agreement in writing. Quantum will not be obligated to provide any Support Services, Updates, or other support after the end of the Support Contract.

### 3.2 Product Support

Support Services shall include unscheduled, on-call Support Services during the hours specified for the level of Support purchased (“**Designated Working Hours**”), provided after receipt of notice from Customer that Product is malfunctioning or otherwise appears to require support and after Quantum technical support has determined that an on-site visit is necessary. Service on a Quantum recognized holiday will be deferred to the next Quantum Business Day unless 7x24 support is purchased. Recognition of holidays is per custom in each country. A list of Quantum holidays is available upon request from your local service representative. The above reference time frames shall not apply to delivery of non-critical spare parts to remote locations.

### 3.2 Selection of Provider

Quantum shall determine, in its sole and absolute discretion, whether Quantum will provide the Support Services to Customer or whether Quantum will select a third party subcontractor to perform the Support Services. All requests for Support Services or communication regarding status or maintenance of the Product shall be made to Quantum.

### 3.3 Warranty Support

The warranty period and the level of service provided during the warranty period for each Product can be found in the Quantum Product Warranty Information Table at [www.Quantum.com](http://www.Quantum.com).

### 3.4 Uplifted/Extended Support

Uplifted and/or extended Support Services shall be available for purchase subject to regional availability and Product applicability, and provided on an on-call basis in accordance with the level of Support purchased by the Customer.

### 3.5 Parts Replacement

Replaceable parts shall be designated by Quantum as either a Customer Replaceable Unit (“**CRU**”) or a Field Replaceable Unit (“**FRU**”). CRU’s shall be replaced by Customer unless CRU replacement by Quantum is purchased pursuant to a SupportContract. FRU’s shall be replaced by Quantum. Subject to any non-excludable rights that you may have under local law, re- placement parts shall be either new or reconditioned, and shipped or replaced in accordance with the terms of the level of ser-vice purchased.

Certain Product may include spare parts as part of the initial Product shipment (“**Critical Spare Parts**”). Critical Spare Parts shall be utilized only upon authorization by Quantum after diagnosis by Quantum of the reported service issue.
