- b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.
- c. Contractor terms and conditions may be incorporated if expressly accepted by the Lead State and attached to the Master Agreement as an Exhibit or Attachment, or by written reference (including reference to information contained in a URL or referenced policy). A written reference, including by URL or policy, is incorporated into the Master Agreement only if the Master Agreement expressly identifies that reference. URL's must be explicitly referenced to be incorporated into the Master Agreement. URL's contained within the URL's that are explicitly referenced are not incorporated into the Master Agreement. Any Contractor term or condition incorporated by URL or written reference applies to this Master Agreement only to the extent such term or condition is not prohibited by applicable law. Any change to information contained in a URL or referenced policy will not affect any financial obligation, place any additional material obligation on an ordering entity, or materially diminish an ordering entity's ability to use the product or service.
- d. A written Master Agreement (which may include the contents of the RFP and selected portions of Contractor's response incorporated therein by reference) will constitute the entire agreement of the parties to the Master Agreement. No other terms and conditions shall apply, including terms and conditions listed in the Contractor's response to the RFP, or terms listed or referenced on the Contractor's website not otherwise incorporated into the Master Agreement, in the Contractor quotation/sales order, or in similar documents subsequently provided by the Contractor.
- e. Additional Agreement with NASPO. Upon request by NASPO ValuePoint, awarded Contractor shall enter into a direct contractual relationship with NASPO ValuePoint related to Contractor's obligations to NASPO ValuePoint under the terms of the Master Agreement, the terms of which shall be the same or similar (and not less favorable) than the terms set forth in the Master Agreement.

a. The initial term of this Master Agreement is for 2 years. This Master Agreement may be extended beyond the original contract period for 36 additional months at the Lead State's discretion and by mutual agreement and upon review of requirements of Participating Entities, current market conditions, and Contractor performance.

b. The Master Agreement may be extended for a reasonable period of time if in the judgment of the Lead State a follow-on, competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on master agreement. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

4. **Amendments.**

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without a written amendment to the Master Agreement executed by the Contractor and Lead State as required by law. Master Agreement amendments will be negotiated by the Lead State with the Contractor whenever necessary to address changes in the terms and conditions, costs, timetable, or increased or decreased scope of work.

5. **Participants and Scope.**

b. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

c. Use of specific NASPO ValuePoint Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

d. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. States or other entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

e. NASPO and NASPO ValuePoint are not parties to the Master Agreement.

f. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.

g. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the consent to participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

h. Resale. "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the Master Agreement, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Individual Customers.

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

7. Independent Contractor.

The Contractor is an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and agrees not to hold itself out as an agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

8. Contracting Personnel.

Contractor must provide adequate contracting personnel to assist states with the completing and processing Participating Addenda. It is preferred that each Contractor be able to provide each Participating Entity with a primary contact person for that Participating Entity.

9. Changes in Contractor Representation.

The Contractor must notify the Lead State of changes in the Contractor's key administrative personnel managing the Master Agreement in writing within 10 calendar days of the change. The Lead State reserves the right to approve changes in key personnel, as identified in the Contractor's proposal. Such approval shall not be unreasonably withheld. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor's proposal.

10. Contractor Verification.

The Contractor is responsible for delivering products or performing services under the terms and conditions set forth in the Master Agreement. The Contractor must ensure partners utilized in the performance of this contract adhere to all the terms and conditions. The term Partner will be utilized in naming the relationship a Contractor has with another company to market and sell under the contract. Participating Entities will have final determination/approval if a Partner may be approved for that state in the role identified by the Contractor.

11. Contractor Performance Meeting.

An annual performance meeting may be held each year with the NASPO ValuePoint Sourcing Team. Historically performance meetings have been held in Minnesota, but the Lead State may hold the meetings in person or virtually at the Lead State's discretion.

All contractors that are invited to participate must send their Primary Account Representative, unless an exception is granted in writing by the Lead State. It is possible that not all contractors will be invited to participate in a performance meeting.

12. Laws and Regulations.

Any and all Products offered and furnished shall comply fully with all applicable Federal, State, and local laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination and business registration requirements of the Office of the Minnesota Secretary of State. To the extent any purchase is subject to Federal Acquisition Regulations, as may be required by the terms of a federal grant, a Participating Entity and Contractor may include in their Participating Addendum terms that reflect such a requirement.

13. Price and Rate Guarantee Period.

All minimum discounts and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for minimum discount or rate adjustment must be for a guarantee period as offered by the Contractor, and must be made at least 30 days prior to the effective date. Requests for minimum discount or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to minimum discounts or rates will be allowed.

14. Premium Savings Package Program.

The Lead State reserves the right to create a Premium Savings Package Program (PSP) as outlined in the Definitions, Paragraph 2.ee of Exhibit A. Participation by Contractor is voluntary. The details and commitments of the PSP will be detailed as a part of any request for Contractor to participate.

15. Services.

Participating Entities must explicitly allow services in their Participating Addenda for the approved services to be allowed under that Participating Addendum. The Participating Addendum by each Participating Entity will address service agreement terms and related travel.

16. Ordering.

- a. Master Agreement and purchase order numbers shall be clearly shown on all acknowledgments, packing slips, invoices, and on all correspondence.
- b. Purchasing Entities may define entity or project-specific requirements and informally compete the requirement among companies having a Master Agreement on an “as needed” basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity’s rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.
- c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities’ rules, policies, and procedures regarding the ordering of supplies or services contemplated by this Master Agreement.
- d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.
- e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.
- f. All Orders pursuant to this Master Agreement, at a minimum, shall include:
 1. The service description or supplies being delivered;

2. The place and requested time of delivery;
3. A billing address;
4. The name, phone number, and address of the Purchasing Entity representative;
5. The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
6. A ceiling amount of the order for services being ordered;
7. The Master Agreement identifier; and
8. Statement of Work, when applicable.

g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.

h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

17. Trade-In.

Any trade-in programs offered during the life of the Master Agreement must be approved by the Lead State. Participating Entities must explicitly allow trade-in programs in their Participating Addenda for the approved programs to be allowed under that Participating Addendum. Trade-in value shall not decrease the discounts offered through the Master Agreement.

18. Shipping and Delivery.

a. The prices are the delivered price to any Purchasing Entity for standard 3-5 day shipping. If an order is requested with expedited shipping, the Contractor must provide a firm "not to exceed" price for the expedited shipping on the quote. All deliveries shall be FOB Destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.

b. Specific delivery instructions, including FOB Inside Delivery, will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to promptly notify the Purchasing Entity placing the Order.

c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipment shall be marked with the Purchasing Entity's Purchase Order number and other information sufficient for the Purchasing Entity to properly identify the shipment as outlined in the Participating Addendum of the Purchasing Entity.

19. Inspection and Acceptance.

a. Where the Master Agreement, a Participating Addendum, or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.

b. Acceptance. Purchasing Entity shall determine whether all Products and Services delivered meet the Contractor's published specifications. No payment shall be made for any Products or Services until the Purchasing Entity has accepted the Products or Services. The Purchasing Entity will make every effort to notify the Contractor within thirty (30) calendar days following delivery of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31st day after delivery of Product or completion of Services. Failure to reject upon receipt, however, does not relieve the Contractor of liability for latent or hidden material defects. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked. The warranty period shall begin upon Acceptance. If the parties agree to acceptance testing, the terms of subsection (c), below, apply.

c. Acceptance Testing. The Purchasing Entity and the Contractor shall determine if Acceptance Testing is applicable and required for the purchase. "Acceptance Testing" means the process for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity.

1. The Acceptance Testing period shall be thirty (30) calendar days starting from the day after the Product is delivered or, if installed, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor.

2. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the Contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked. The warranty period shall begin upon Acceptance.

d. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

20. Title of Product.

a. Definitions. For purposes of this section, the following terms are defined as follows:

1. "Deliverables" means any reports, analyses, scripts, code, or other work results that Contractor delivers to Purchasing Entity within the framework of fulfilling Contractor's obligations to Purchasing Entity.
2. "Equipment" means Contractor-branded hardware products.
3. "Proprietary Rights" means all patents, copyrights, trademarks, trade secrets, and other intellectual property rights of a party.

b. Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Equipment free and clear of all liens, encumbrances, or other security interests. Purchasing Entity's rights to use the software delivered by Contractor are governed by the terms of the applicable end-user license agreement. Unless different terms have been agreed between the parties, the terms posted on www.dell.com/eula (the "EULA") shall apply. Contractor's EULA must be made available to Purchasing Entities for review prior to negotiating a Participating Addendum or the issuance of an Order and shall meet or exceed the terms set forth in this Master Agreement. Unless expressly otherwise agreed, microcode, firmware or operating system software required to enable the Equipment with which it is shipped to perform its basic or enhanced functions, is licensed for use solely on such Equipment.

c. Contractor grants Purchasing Entity a non-exclusive, non-transferable, irrevocable license to use (without the right to sublicense) the Deliverables provided by Contractor for Purchasing Entity's internal business and governmental purposes, only and solely in accordance with the applicable service specification and subject to this Master Agreement. The grant of this license is subject to Purchasing Entity's compliance with the terms of this Master Agreement and Purchasing Entity's payment of applicable amounts due. Such license shall be perpetual unless granted pursuant to the purchase of a subscription, in which case the license shall be for the term of the subscription. Purchasing Entity may authorize its service providers to use the Deliverables, but solely on Purchasing Entity's behalf, solely for Purchasing Entity's internal business or governmental purposes, and Purchasing Entity shall be responsible for service provider's compliance with these restrictions. This section shall not affect a Purchasing Entity's right to transfer ownership of a product, and transfer, if permitted by Contractor or its licensors, licenses associated with such product, to another individual or entity as part of the Purchasing Entity's surplus program or sale of used products to employees or former employees.

d. Contractor reserves for itself all Proprietary Rights that it has not expressly granted to Purchasing Entity herein. The license granted in this clause 20(c) does not apply to: (i) Equipment; (ii) Contractor-branded generally available software; or (iii) items licensed or otherwise provided under a separate agreement. Contractor is not limited in developing, using, or marketing services or products that are similar to the Deliverables or Professional Services provided hereunder, any service, specification, or, subject to Contractor's confidentiality obligations to Purchasing Entity, in using the Deliverables or performing similar Professional Services for any other projects. Notwithstanding the previous, Contractor's use of Deliverables created specifically for and paid for by a Purchasing Entity is subject to Purchasing Entity approval.

e. Any and all licensing, maintenance, cloud services, or order specific agreements referenced within the terms and conditions of this Master Agreement are agreed to only to the extent that the terms do not conflict with the terms of the Participating Addendum or the terms of the Master Agreement as incorporated into the Participating Addendum, and to the extent the terms are not in conflict with the Participating Entity's applicable laws. In the event of a conflict in the terms and conditions, the conflict shall be resolved as detailed in the Order of Precedence defined herein. Notwithstanding the foregoing, licensing, maintenance, cloud services agreements, or order specific agreements may be further negotiated by the Contractor or, if applicable, the Licensor, and the potential Purchasing Entity, provided the contractual documents are duly executed in writing.

f. If (i) Contractor is or becomes aware of any infringement claim made against a third-party branded product offered by Contractor through this Master Agreement, (ii) the third-party branded product is determined to infringe upon the intellectual property rights of another third party, and (iii) such infringement is not remedied by the third party so that the product is no longer infringing, Contractor shall immediately cease offering the product under this Master Agreement and notify the Lead State, NASPO, Participating Entities, and purchasers of the product.

21. Warranty.

The Contractor must ensure warranty service and maintenance for all equipment, including third party products provided. The Contractor must facilitate the Manufacturer or Publisher warranty and maintenance of third party products furnished through the Master Agreement. The Contractor shall provide the warranty service and maintenance for equipment and all peripherals on the Master Agreement.

22. System Failure or Damage.

In the event of system failure or damage caused by the Contractor or its Product, the Contractor shall use reasonable efforts to restore or assist in restoring the system to operational capacity. The Contractor shall be responsible under this provision to the extent a 'system' is defined at the time of the Order; otherwise the rights of the Purchasing Entity shall be governed by the Warranty.

23. Payment.

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law.

Payments will be remitted by mail or electronically. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

Prices are exclusive of taxes, duties, and fees, unless otherwise quoted. If a withholding tax is required by law, the tax will be added and identified on the applicable invoice. All applicable taxes, duties, and fees must be identified on the quote.

24. Leasing or Alternative Financing Methods.

Lease purchase and term leases are allowable only for Purchasing Entities whose rules and regulations permit leasing of software. Individual Purchasing Entities may enter into a lease agreement for the products covered in this Master Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process and if the applicable PAs permit leasing. No lease agreements will be reviewed or evaluated as part of the RFP evaluation process.

25. Contract Provisions for Orders Utilizing Federal Funds.

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be

proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

26. Self Audit.

The Contractor must conduct at a minimum a quarterly self-audit, unless approved by the Lead State. The audit will sample a minimum of one tenth of one percent (.001) of orders with a maximum of 100 audits per quarter conducted. For example: Up to 1,000 sales = 1 audit; 10,000 sales = 10 audits; Up to 100,000 sales = 100 audits. This will be a random sample of orders and invoices and must include documentation of pricing. Summary findings must be reported to Lead State with actions to correct documented findings.

27. Assignment/Subcontracts.

- a. Contractor shall not assign, sell or otherwise transfer all or any part of this Master Agreement without prior written consent from the Lead State, such consent not to be unreasonably withheld.
- b. The Lead State, or Participating Entity, shall not assign, delegate or otherwise transfer all or any part of this Master Agreement without prior written consent from Contractor, except for assignment or delegation to a Participating Entity State agency or eligible Purchasing Entity. The Lead State reserves the right to assign any rights or duties, including written assignment of contract administration duties to NASPO ValuePoint and other third parties.

28. Insurance.

- a. Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers legally authorized to conduct business in the Lead State and in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.
- b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:
 - 1. Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence/\$2 million general aggregate;
 - 2. Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.
- c. Contractor shall pay premiums on all insurance policies. Contractor will use reasonable efforts to give thirty (30) days prior written notice to State prior to cancellation or non-renewal of any of the policies providing such coverage; provided, however that Contractor shall not be obligated to provide such notice if, concurrently with such cancellation or non-renewal, Contractor obtains coverage from different insurer(s) meeting the requirements described herein.
- d. Prior to commencement of performance, Contractor shall provide to the Participating Entity a certificate of insurance showing the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating Entity as an additional insured, (2) provides that written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating Entity as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights

and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.

e. During the term of this Master Agreement, Contractor shall upon request provide to the Lead State and Participating Entities evidence of coverage that meets the requirements of this Section and the applicable Participating Addendum. Failure to provide evidence of coverage, within thirty (30) calendar days of receipt of request may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

29. Administrative Fees.

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable.

b. The NASPO ValuePoint Administrative Fee in this section shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

c. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Purchasing Entity may allow the Contractor to adjust the Master Agreement pricing to account for these additional fees for purchases made by Purchasing Entities within the jurisdiction of the Participating Entity. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee.

30. NASPO ValuePoint Reports

a. Sales Data Reporting. In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.

b. Summary Sales Data. "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.

c. Detailed Sales Data. "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by NASPO ValuePoint, including customer information, Order information, and line-item details.

Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Detailed Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by NASPO ValuePoint. The total sales volume of reported Detailed Sales Data shall be consistent with the total sales volume of reported Summary Sales Data.

d. Sales Data Crosswalks. Reserved.

e. Executive Summary. Contractor shall, upon request by NASPO ValuePoint, provide NASPO ValuePoint with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. NASPO ValuePoint and Contractor will determine the format and content of the executive summary.

31. NASPO ValuePoint Cooperative Program Marketing, Training, and Performance Review.

a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

b. Contractor agrees, as Participating Addendums become executed, if requested by ValuePoint personnel to provide plans to launch the program within the Participating Entity. Plans will include time frames to launch the agreement and confirmation that the Contractor's website has been updated to properly reflect the contract offer as available in the Participating Entity.

c. Contractor agrees, absent anything to the contrary outlined in a Participating Addendum, to consider customer proposed terms and conditions, as deemed important to the customer, for possible inclusion into the customer agreement. Contractor will ensure that their sales force is aware of this contracting option.

d. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

e. Contractor acknowledges that the NASPO ValuePoint logos may not be used by Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.

f. The Lead State expects to evaluate the utilization of the Master Agreement at the annual performance review. Lead State may, in its discretion, cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A, or not exercise an option to renew, when Contractor utilization does not warrant further administration of the Master Agreement. The Lead State may exercise its right to not renew the Master Agreement if contractor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Cancellation based on nonuse or under-utilization will not occur sooner than two years after award of the Master Agreement. This subsection does not limit the discretionary right of either the Lead State or Contractor to cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A or to terminate for default pursuant to Paragraph 44 of Exhibit A.

g. Contractor agrees to notify the Lead State and NASPO ValuePoint of any contractual most-favored-customer provisions in any Cooperative Purchasing Agreements that may affect the promotion of this Master Agreements or whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this master agreement. Upon request of the Lead State or NASPO ValuePoint, Contractor shall provide a copy of any such provisions. For the purposes of this paragraph, Cooperative Purchasing Agreement shall mean a cooperative

purchasing program facilitating public procurement solicitations and agreements using a lead agency model. This does not include contracts with any federal agency or any federal contract.

32. Right to Publish.

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the public release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

33. Records Administration and Audit.

- a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.
- b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.
- c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

34. Indemnification

- a. General Indemnity. Contractor shall indemnify, defend (to the extent permitted by a state's Attorney General), and hold harmless an Indemnified Party from any claims or causes of action, including attorney's fees, to the extent arising from Contractor's intentional, willful, or negligent acts or omissions; actions that give rise to strict liability; and actions arising from breach of contract or warranty.

"Indemnified Party" means NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers and employees.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the Indemnified Party's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the Indemnified Party's failure to fulfill its obligation under this Contract.

- b. Intellectual Property Indemnification.

1. In the event of any such claim by any third party against the Indemnified Party that Products, Software, Services or Deliverables prepared, produced, or branded by Contractor and delivered pursuant to this Master Agreement infringe or misappropriate that third party's U.S. patent, copyright, trade secret, or other intellectual property rights ("Indemnified Claims"), the Indemnified Party shall promptly notify the Contractor. The Contractor, at its own expense, shall indemnify, defend to the extent permitted by the Indemnified Party's laws, and hold harmless the Indemnified Party against any loss, cost, expense, or liability (including legal fees) arising out of such a claim, whether or not such claim is successful against the Indemnified Party.
2. If Contractor receives prompt notice of such a claim that in the Contractor's opinion is likely to result in an adverse ruling, the Contractor shall at its option (1) obtain a right for the Indemnified Party to continue using such Products, Deliverables, or Software or allow Contractor to continue performing the Services; (2) modify such Products, Software, Services, or Deliverables to make them non-infringing without materially affecting their utility or functionality; (3) replace such Products, Software, Services, or Deliverables with a non-infringing equivalent; or (4) refund any pre-paid fees for the allegedly infringing Services that have not been performed or provide a reasonable depreciated or pro rata refund for the allegedly infringing Product, Deliverables, or Software.
3. Notwithstanding the foregoing, Contractor shall have no obligation under this Section for any claim resulting or arising from (1) modifications of the Products, Software, Services, or Deliverables that were not performed by, on behalf of, or at the direction of Contractor; (2) the combination, operation, or use of the Products, Software, Services, or Deliverables in connection with a third-party product, software or service (the combination of which causes the claimed infringement); or (3) Contractor's compliance with Indemnified Party's written specifications or directions, including the incorporation of any software or other materials or processes provided by or requested by Indemnified Party. Contractor's duty to indemnify and defend under this Section is contingent upon: (a) Contractor receiving prompt written notice of the third-party claim or action for which Contractor must indemnify Indemnified Party, (b) Contractor having the right to solely control the defense and resolution of such claim or action, unless the Indemnified Party's law requires approval for a third party to defend the Indemnified Party and such approval is not received, and (c) Indemnified Party's cooperation with Contractor in defending and resolving such claim or action. This Section states Indemnified Party's exclusive remedies for any third-party intellectual property claim or action and nothing in this Master Agreement or elsewhere will obligate Contractor to provide any greater indemnity to Indemnified Party.

35. Limitations of Liability

- a. The Parties agree that neither Contractor nor the indemnified party shall be liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages except any claim related to bodily injury or death; an unauthorized release or breach of not public data as set forth more fully in Minn. Ch. 13; or a claim or demand based on patent, copyright, or other intellectual property infringement.
- b. Contractor's liability is limited to 2 times the amount paid by Purchasing Entity to Contractor during the 12 months preceding the date of the dispute concerning any products and services, or \$5,000,000, whichever is greater. This limit on liability does not apply to claims for bodily injury or death or for intellectual property infringement.
- c. Contractor's obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system or method is:
 1. provided by the Contractor or the Contractor's subsidiaries or affiliates;
 2. specified by the Contractor to work with the Product; or

3. reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

4. It would be reasonably expected to use the Product in combination with such product, system or method.

36. License of Pre-Existing Intellectual Property.

Intentionally deleted.

37. Assignment of Antitrust Rights.

Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action.

38. Debarment.

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

39. Governing Law and Venue.

a. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.

b. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

40. Confidentiality, Non-Disclosure, and Injunctive Relief.

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients.

1. Any and all information of any form that is marked as confidential by one party (the "originating party") and is or would by its nature be deemed confidential obtained by the other party or its employees or agents (the "receiving party") in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of the originating party ("Confidential Information").

b. Non-Disclosure. The receiving party shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement.

1. Each party shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information.

2. Without limiting the generality of the foregoing, the receiving party shall advise the originating party, and the applicable Participating Entity, and the Lead State if the originating party is a Purchasing Entity, and the Lead State if the originating party is a Participating Entity, immediately if the receiving party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and the receiving party shall at its expense cooperate with advise the originating party in seeking injunctive or other equitable relief in the name of either party against any such person.

3. Except as directed by the originating party, the receiving party will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at the originating party's request, the receiving party shall turn over to the originating party all documents, papers, and other matter in the receiving party's possession that embody Confidential Information.

4. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement, and Purchasing Entity may retain Confidential Information to the extent and for the duration required by applicable law.

c. Injunctive Relief. Each party acknowledges that the other party's breach of this section, including disclosure of any Confidential Information, will cause irreparable injury to originating party that is inadequately compensable in damages. Accordingly, the originating party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

e. The rights granted Purchasing Entities and Contractor obligations under this section shall also extend to the cooperative's Confidential Information, defined to include Participating Addenda, as well as Orders or transaction data relating to Orders under this Master Agreement that identify the entity/customer, Order dates, line item

descriptions and volumes, and prices/rates. This provision does not apply to disclosure to the Lead State, a Participating State, or any governmental entity exercising an audit, inspection, or examination pursuant to Paragraph 33 of Exhibit A. To the extent permitted by law, Contractor shall notify the Lead State of the identity of any entity seeking access to the Confidential Information described in this subsection.

41. Public Information.

This Master Agreement and all related documents are subject to disclosure pursuant to the Lead State's public information laws.

42. Cancellation.

Unless otherwise set forth in this Master Agreement, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise stated in the Participating Addendum. Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate as set forth in Paragraph 44 of Exhibit A.

43. Force Majeure.

Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot, unusually severe weather, other acts of God, or war which are beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

1. Nonperformance of contractual requirements; or
2. A material breach of this Master Agreement; or
3. Any certification, representation or warranty by Contractor in response to the RFP or in this Master Agreement that proves to be untrue or materially misleading; or

5. Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, except for material breach, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 30 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement. The Lead State may immediately terminate this Master Agreement upon material breach of the Master Agreement by Contractor.

5. Suspend Contractor's performance; and
6. Withhold payment until the default is remedied.

d. Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

45. Waiver of Breach.

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

46. Notices.

If one party is required to give notice to the other under the Master Agreement, such notice shall be in writing and shall be effective upon receipt. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

The Lead State reserves the right to request, during the term of the Master Agreement, changes to the products offered within the Band(s). Products introduced during the term of the Master Agreement shall go through a formal review process. The process for updating the products offered within a Band is outlined in Paragraph 2 of Exhibit B. The Contractor shall evaluate and recommend products for which agencies have an expressed need. - a. Certification regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions. Instructions for certification:

1. By signing and submitting this proposal, the prospective lower tier participant [responder] is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal [response] is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Dell Financial Services (DFS') payment solutions offer flexible end-of term options designed to suit each entity's unique needs. Payment terms are generally from 24 through 60 months and are tailored to match the essential useful life of the equipment to the payment term. Payments can be billed monthly, quarterly, semi-annually or annually.

DFS payment solution rates are adjusted quarterly in accordance with a formula based on fluctuations in treasury notes. Our rates are a function of several factors including estimates of future residual values, prevailing interest rates, borrowing costs, general and administrative expenses, and solution structure. Once a payment schedule has commenced, the rate remains constant for the term of the schedule.
