

RESOLUTION NO. 2001- 185

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF NASSAU COUNTY, FLORIDA ADOPTED PURSUANT TO FLORIDA STATUTES 163.335 AND 163.360; DETERMINING CERTAIN DEFINED AREA MEETS THE CRITERIA IN FLORIDA STATUTES 163.335; DETERMINING CERTAIN DEFINED AREA TO POSSESS SHORTAGE OF HOUSING AFFORDABLE TO RESIDENTS OF LOW OR MODERATE INCOME, INCLUDING THE ELDERLY OR A COMBINATION THEREOF; AND DESIGNATING SUCH DEFINED AREA AS APPROPRIATE FOR COMMUNITY REDEVELOPMENT.

WHEREAS, Florida Statutes 163.360 provides that community redevelopment shall not be planned or initiated unless the County Commission has, by resolution, determined such area meets the criteria in Florida Statutes 163.335 and 163.360, or an area in which there is a shortage of housing affordable to residents of low or moderate income, including the elderly, or a combination thereof; and

WHEREAS, Florida Statutes 163.335 and 163.360 provides that when there is a determination that the foregoing elements exist within a certain area that such area may be designated as appropriate to community redevelopment; and

WHEREAS, in 2001 the Finding of Necessity was taken of a certain area of the County (henceforth described as the "Defined Area") as particularly described in the legal description attached hereto as Exhibit "A" and as further described in the boundary map attached hereto as Exhibit "B"; and

WHEREAS, the study was conducted to ascertain whether there is a necessity for community redevelopment of the Defined Area, which study included the following:

- (a) a review of property records of Nassau County so as to determine property control numbers, ownership, type of building uses, and zoning;
- (b) preparation of maps to provide a visual understanding of land use, ownership patterns, vacant land parcels and conditions of structures;
- (c) conducting windshield survey so as to determine existing physical conditions and to identify slum and blighted conditions as defined in the Florida Statutes, Chapter 163.335 and Chapter 163.360, such survey including a review of 334 parcels within the Defined Area.

**WHEREAS,** Florida Statutes 163.335 requires that certain criteria be considered, including building condition, site deterioration, site deficiencies, excessive diversity of ownership, presence of vacant lots, presence of vacant buildings, incompatible land uses, maintenance code violations, inadequate street layout, and inadequate infrastructure; and

**WHEREAS,** the study undertaken of the Defined Area by a professional consultant conforms to the definitions specified in Florida Statutes 163.340 and the criteria set forth in Florida Statutes 163.335; and

**WHEREAS,** Nassau County determines that there are a substantial number of deteriorated structures and conditions within the Defined Area having a potential for endangerment of life or property by fire or other causes, and where other factors

are present in the Defined Area which substantially impair or arrest the sound growth of the County and the Defined Area and are a menace to the public health, safety, morals or welfare in their present condition including, but not limited to, highly deteriorated conditions of site and structures, a large number of vacant lots and vacant buildings, under utilization of land, land use conflicts, diversity of ownership, poor condition of infrastructure, inadequate utilities, inadequate street layout, code violations, aging buildings; and

**WHEREAS**, Nassau County finds that community redevelopment assistance is necessary within the Defined Area to remove certain conditions, enhance the tax base and improve the living conditions for the residents of the County and the Defined Area; and

**WHEREAS**, the findings and conclusions of the study of the Defined Area are sufficient to support its recommendation that the Defined Area may appropriately be designated for community redevelopment; and

**WHEREAS**, a public hearing took place wherein the County Commission considered as appropriate the further remarks of the County staff and members of the public.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of County Commissioners of Nassau County, Florida this 17th day of December, 2001, as follows:
