Gentlemen:

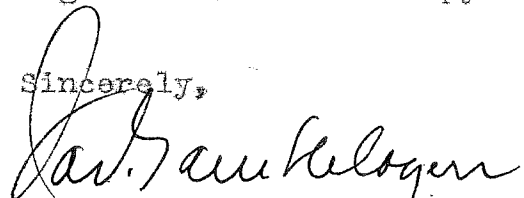

Confirming our verbal quotation in connection with your proposed new jail, we will perform the following architectural services: the necessary conferences, the preparation of preliminary drawings, working drawings, engineering design incident to the work, specifications, large scale detail drawings, drafting of forms of proposals and contracts, issuance of certificates of payment, general administration and sufficient supervision to insure the plans and specifications being followed.

Our fee for this work will be 6% of the cost of the building and jail equipment, payable as follows: 1½% when preliminary studies are complete, computed on a reasonable estimated cost; an additional 3% when working drawings are complete, based on a reasonable estimated cost, or if bids have been received, then computed on the lowest bona fide bid; and the balance of the fee as the work progresses.

In the event the project is abandoned or postponed during the time the drawings are being prepared, we will charge only for services rendered up to the time we received written notice of abandonment or postponement.

If this is agreeable to you, kindly sign and return one copy of this letter for our files.

Sincerely,

  
JAS. GAMBLE ROGERS, II
