

RESOLUTION OFFERING BY-PASS ROAD IN LIEU OF CONSTRUCTION OF DETOUR AND BRIDGE AT LITTLE ST. MARYS RIVER IN CONSTRUCTION OF SECTION 74560 S-121-A KNOWN AS MIDDLE ROAD IN NASSAU COUNTY, FLORIDA.

WHEREAS, this Board has been informed by R. L. King, County Engineer, that the plans for the construction of Section 74560 S-121-A (Middle Road), provides for the construction of a detour with a bridge at the crossing of Little St. Marys River which would cost in excess of \$20,000.00, which detour would be of a temporary nature and of no value to the construction of said road, thereby increasing the cost of the project in such amount, and

WHEREAS, Rayonier Incorporated has offered to permit the County to use their private Road No. 39 connecting the Middle Road at a point Northerly from Little St. Marys River to an intersection with the Lessie Road, provided the County will maintain said road in its present condition and to place said road in as good condition as it now is when same is no longer needed as a by-pass road, and

WHEREAS, this Board does not wish to do a useless thing and would not obtain and maintain said road as a by-pass road unless it would eliminate the necessity of the contractor building a bridge and detour road for its own purposes and unless it would save the project a substantial amount of money, and

WHEREAS, it is the purpose of this Resolution to offer the facilities of this by-pass road if so desired by the State Road Department for the purpose of eliminating from the contract the necessity of building a detour road and bridge and will

proceed to obtain and make available said by-pass road if so authorized by the State Road Department provided a saving will be made in the construction cost of the project.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF NASSAU COUNTY, FLORIDA, in special meeting duly assembled, that Nassau County will make available and maintain a by-pass road from the Middle Road to the Lessie Road as described in the preamble hereof at the authorization of the State Road Department upon the assurance that said by-pass road will eliminate the necessity of a detour road and thereby reduce the cost of the construction of said project.

ADOPTED this 2nd day of April, A. D. 1968.
