

RESOLUTION NO. 21  
R E S O L U T I O N

Be it resolved by the Board of Commissioners of Nassau County, Florida, as follows:

1. Every Officer, Board, Department, Commission or Agency of the County of Nassau charged with the duty of preparing specifications, or awarding or entering into contracts for the design, erection or construction of buildings, or other structures, including additions to existing structures, for the County shall incorporate, or cause to be incorporated, in such building, or other structures, protection from radioactive fallout, for at least its normal anticipated occupancy, which shall meet, or exceed, the minimum space and protection criteria recommended by the Office of Civil Defense, United States Department of Defense, unless exempted from such shelter requirements in accordance with Section (2) of this resolution.
2. The Board of County Commissioners may exempt buildings or other structures from the requirements of this resolution where it finds that the addition of fallout protection will create, in the building or other structure, an additional net cost in excess of Five per cent (5%) in the construction of such building, or that other factors make it unnecessary or impracticable to incorporate fallout protection in the design or construction of such building or structure.
3. It shall be the policy of the Board of County Commissioners of Nassau County, Florida that fallout shelter protection shall be incorporated into all county buildings or structures to the fullest extent practicable in order to provide protection against the effects of radioactive fallout for the greatest possible number of people in the event of nuclear attack upon the United States, or

an accidental nuclear explosion: and

Be it further resolved that this Resolution shall take effect February 10th, 1970 and

Be it further resolved that a certified copy of this Resolution be filed with the Nassau County, Florida, Director of Civil Defense.

Adopted at the Regular meeting of February 10th, 1970.
