That allocations and expenditures of funds by the Department shall not be restricted by any estimate of cost shown herein, and that this board concurs in the use by the Department of any available funds necessary and incidental to making those road projects listed in EXHIBIT "A" fully operating facilities within the termini described in said exhibit, and as shown on the accompanying map except in such cases as limitations to the phase or type work are shown on said exhibit.

4. That the methods and standards employed by the Department for the determination of major improvement features, including specific alignment, types and width of pavement, types of materials, and the Department's standard specifications for construction are concurred in and approved by this Board.
