### **NOTICE OF HEARING TO APPROVE AND PROVIDE FOR COLLECTION OF SPECIAL ASSESSMENTS IN THE SOUTH AMELIA ISLAND SHORE STABILIZATION MUNICIPAL SERVICE BENEFIT UNIT**

Notice is hereby given that the Board of County Commissioners of Nassau County, Florida will conduct a public hearing to consider approval of the annual assessment roll relating to special assessments in the South Amelia Island Shore Stabilization Municipal Service Benefit Unit, as shown above, to fund the capital costs of beach renourishment local improvements within the SAISSA MSBU. The hearing will be held at 5:00 P.M., or as soon thereafter as the matter can be heard, on September 9, 2024, in the Nassau County Commission Chambers, at the Nassau County Government Complex located at 96135 Nassau Place, Yulee, Florida, for the purpose of receiving public comment on the assessments and collection of the assessments on the ad valorem tax bill. All affected real property owners have a right to appear at the hearing and to file written objections with the County Clerk any time prior to the public hearing. If a person decides to appeal any decision made by the Board with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the Clerk of Court's office at (904) 548-4600, at least two business days prior to the date of the hearing.

The assessment for each parcel of real property is calculated based on a combination of factors, including the property use, the amount of improved building square footage on the property or that could be located on the property (expressed as ERUs), the just value of property attributable to the parcel and proximity to the beach. Specifically, 60% of the total Project Cost will be allocated to all Tax Parcels within the Assessment Area based on the number of ERUs assigned to the property. An ERU is an "Equivalent Residential Unit" and is equal to the average size of all dwelling units within the Assessment Area. The remaining 40% of the total Project Cost will be allocated first to one of three subareas (oceanfront property, non-oceanfront property lying east of A1A, and property lying west of A1A) and then apportioned to Tax Parcels within each subarea based in part of the number of ERUs assigned and in part of the proportional just value assigned.

A more specific description of the project costs and the method of computing the assessment

for each parcel of real property are set forth in the Initial Assessment Resolution (Resolution 2021-042). Copies of the Master Capital Project and Service Assessment Ordinance, the Initial Assessment Resolution, the Final Assessment Resolution, and the updated Assessment Roll are available for inspection at the office of the Nassau County Clerk of Court, located at 76347 Veterans Way, Yulee, Florida.

The assessment will be collected in nine annual installments, the first of which was included on the ad valorem tax bill mailed in November 2021, as authorized by Section 197.3632, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the real property which may result in a loss of title. Unless proper steps are initiated in a court of competent jurisdiction to secure relief within 20 days from the date of Board of County Commissioner's action at the above hearing (including the method of apportionment, the rate of assessment and the imposition of assessments), such action shall be the final adjudication of the issues presented.

If you have any questions, please contact the Clerk of Court at (904) 548-4600, Monday through Friday between 8:30 a.m. and 5:00 p.m.

Re: Parcel Number [Insert Number]  
South Amelia Island Shore Stabilization Municipal Service Benefit Unit

Dear Property Owner:

The Board of County Commissioners of Nassau County (the "Board") created the South Amelia Island Shore Stabilization Municipal Service Benefit Unit to impose special assessments to fund the capital costs of Beach Renourishment Local Improvement within the SAISSA MSBU. Since 1994, the County has been providing beach renourishment improvements and ongoing maintenance within the SAISSA MSBU in order to replenish and preserve the beach. In 2021, the construction of another Beach Renourishment Local Improvement within the SAISSA MSBU was required. Without the Beach Renourishment Local Improvement, the beach area will experience continued erosion and shoreline retreat that progressively diminishes the storm protection function, recreational value, and restored habitat of the beach. Ongoing erosion will negatively impact local property values and will further reduce the available recreational space. The narrowed and eroded conditions likewise increase the risk of significant damage to upland infrastructure in the event of a major storm impact. The Beach Renourishment Local Improvement is funded by a combination of grants and special assessments.

The assessment for each parcel of real property is calculated based on a combination of factors, including the property use, the amount of improved building square footage on the property or that could be located on the property (expressed as ERUs), the just value of property attributable to the parcel and proximity to the beach. Specifically, 60% of the total Project Cost will be allocated to all Tax Parcels within the Assessment Area based on the number of ERUs assigned to the property. An ERU is an "Equivalent Residential Unit" and is equal to the average size of all dwelling units within the Assessment Area. The remaining 40% of the total Project Cost will be allocated first to one of three subareas (oceanfront property, non-oceanfront property lying east of A1A, and property lying west of A1A) and then apportioned to Tax Parcels within each subarea based in part of the number of ERUs assigned and in part of the proportional just value assigned.

A more specific description of the project costs and the method of computing the assessment for each parcel of real property are set forth in the Initial Assessment Resolution and Final Assessment Resolution. Copies of the Master Capital Project and Service Assessment Ordinance, the Initial Assessment Resolution, the Final Assessment Resolution, and the updated Assessment Roll are available for inspection at the Nassau County Clerk of Court, located at 76347 Veterans Way, Yulee, Florida. Information regarding the assessment for your specific real property is attached to this letter.

The assessments will be collected on the ad valorem tax bill, which commenced with the tax bill mailed in November 2021, as authorized by Section 197.3632, Florida Statutes. Failure to pay your assessments will cause a tax certificate to be issued against the real property which may result in a loss of title. The total assessment revenue to be collected in the MSBU is estimated to be \$5,998,825 during the assessment period.

The beach renourishment project is financed by a loan. This permits the cost attributable to your property to be amortized over a period of nine years, commencing in 2021. The annual assessment will include your share of the principal, interest, collection cost, and the amount Florida law requires the County to discount receipts for its annual budget. Annual assessments will be payable for nine years; however, if there are no significant defaults in payment of the assessments, the last loan payment may be made from any reserve accounts funded by the loan.

The Board will hold a public hearing at 5:00 P.M., or as soon thereafter as the matter can be heard, on September 9, 2024, in the Nassau County Commission Chambers, at the Nassau County Government Complex located at 96135 Nassau Place, Yulee, Florida, for the purpose of receiving comments on the assessments and their collection on the tax bill. You are invited to attend and participate in the public hearing or to file written objections with the Clerk of Court any time prior to the public hearing.

If you decide to appeal any decision made by the Board with respect to any matter considered at the hearing, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. Unless proper steps are initiated in a court of competent jurisdiction to secure relief within 20 days from the date of Board of County Commissioner's action at the above hearing (including the method of apportionment, the rate of assessment and the imposition of assessments), such action shall be the final adjudication of the issues presented. In accordance with the Americans with Disabilities Act, if you need a special accommodation or an interpreter to participate in this proceeding, please contact the Clerk of Court's office at (904) 548-4600, at least two (2) business days prior to the date of the hearing.

Questions regarding your assessment and the process for collection may be directed to the Clerk of Court at (904) 548-4600.
