SPECIAL PROVISIONS

I. Public Health Unit Trust Fund:

Both parties agree:

- A. That all funds to be expended by the CPHU shall be deposited in the County Public Health Unit Trust Fund (CPHUTF) maintained by the state treasurer.
- B. That all funds deposited in the Public Health Unit Trust Fund shall be expended by the department solely for services rendered by the CPHU as specified in this contract. Nothing shall prohibit the rendering of additional services not specified in this contract.
- C. That funds deposited in the Public Health Unit Trust Fund for the CPHU in Nassau County shall be accounted for separately from funds deposited for other CPHUs, and shall be used only for public health unit services in Nassau County. If actual expenditures should exceed the total planned expenditure amount for either the county or the state as agreed to in this contract, the HRS county public health unit will, by agreement between the department and the county, draw down from the trust fund balance, if any, to cover the excess expenditures, or will cut back services to come within budget.
- D. That any surplus funds, including fees or accrued interest, remaining in the CPHUTF account at the end of the contract year shall be credited to the state or county, as appropriate, based on the funds contributed by each and the expenditures incurred by each. Expenditures will be charged to the program accounts by state and county based on the ratio of planned expenditures in the core contract, then funding from all sources is credited to the program accounts by state and county. The equity share of any surplus funds accruing to the state and county is determined each month and at contract year end. Such surplus funds may be applied toward the funding requirements of each participating governmental entity in the following year. However, in each such case, all surplus funds, including fees and accrued interest, shall remain in the trust fund and shall be accounted for in a manner which clearly illustrates the amount which has been credited to each participating governmental entity. The planned use of surplus funds shall be reflected in

Attachment II, Part I of this contract, with special projects explained in Attachment VIII.

- E. There shall be no transfers of funds between the three levels of services without a contract amendment duly signed by both parties to this contract and the proper budget amendments unless the CPHU director/administrator determines that an emergency exists wherein a time delay would endanger the public's health and the Deputy Secretary for Health has approved the transfer. The Deputy Secretary for Health shall forward written evidence of this approval to the CPHU within 30 days after an emergency transfer.
- F. That either party may increase or decrease funds to this contract by notifying the other party in writing of the amount and purpose for the increased/decreased funding, and allowing 30 days for written objection before the additional funds are released for expenditure or the state allocation is decreased. A decrease in funds must be related to a reduction, shortfall, or sequestering of anticipated appropriations.
- G. That the contract shall include as Part III of Attachment II a section entitled "Planned Staffing, Clients, Service and Expenditures by Type of Service Within Each Level of Service". This section shall include the following information for each type of service area within each level of service:
- the planned number of full-time equivalents (FTE's) by level of service;
  - the planned number of services to be provided;
  - the planned number of individuals/units to be served; and
  - the planned state and county expenditures.
- Expenditure information shall be displayed in a quarterly plan to facilitate monitoring of contract performance.
- H. That adjustments in the planned expenditure of funds for each type of service within each level of service are permitted without an amendment to this contract.
- I. That the CPHU shall submit quarterly reports to the county and the department which shall include at least the following sections:

4. A written explanation of the variances reflected in the DE385L1 report for each quarter of the contract year if the CPHU exceeds the tolerance levels as specified below as of the end of the quarterly report period:
  - a. The cumulative percent variance cannot exceed by more than 25 percent the planned expenditures for a particular type of service or fall below planned expenditures by more than 25 percent.
  - b. However, if the cumulative amount of variance between actual and planned expenditures for the report period for a program service area does not exceed one percent of the cumulative planned expenditures for the level of service in which the type of service is included, a variance explanation is not required.
5. The CPHU Contract Management Variance Report shall:
  - a. Explain the reason for the variances in expenditures in any program service area which exceeds the tolerance levels established above;
  - b. Specify steps that will be taken to comply with the contract expenditure plan, including a contract amendment, if necessary; and
  - c. Provide a time table for completing the steps necessary to comply with the plan. Failure of the CPHU to accomplish the planned steps by the dates established in the written explanation shall constitute non-performance under the contract and the county or the department may withhold funds from the contract or take other appropriate administrative action to achieve compliance.
- J. The required dates for the CPHU director's/administrator's quarterly report to the county and the department shall be as follows:
  1. March 1, 19<sup>94</sup> for the report period October 1, 19<sup>93</sup> through December 31, 19<sup>93</sup>;
