AMENDMENT

This amendment ("Amendment") is effective as of the date of signature of the last party to sign as indicated below ("Amendment Effective Date") by and between Tyler Technologies, Inc., a Delaware corporation with offices at 840 West Long Lake Road, Troy, MI 48098 ("Tyler") and Board of Nassau County Commissioners, with offices at 77151 Citizens Circle, Yulee, FL 32097-5452 ("Client").

WHEREAS, Tyler and the Client are parties to a License Agreement with an effective date of June 23, 2014 (the "Agreement");

WHEREAS, Tyler and Client now desire to amend the Agreement;

NOW THEREFORE, in consideration of the mutual promises hereinafter contained, Tyler and the Client agree as follows:

- 1. The services set forth in Exhibit 1, to this Amendment are hereby added to the Agreement. Any additional adjustments to scope not set forth herein must be reflected in another amendment to the Agreement.
2. The following payment terms, as applicable, shall apply:
a. Fixed-price services are invoiced 100% upon complete delivery of the service.
b. Travel expenses shall be invoiced as incurred, if applicable.
3. This Amendment shall be governed by and construed in accordance with the terms and conditions of the Agreement.
4. All other terms and conditions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment as of the dates set forth below.

Total Tyler Software	\$0	\$0
Total Tyler Services	\$2,320	
Total Other Costs	\$0	
Total Third Party Hardware, Software and Services	\$0	\$0
Travel and Living Expenses	\$0	
Summary Total	\$2,320	\$0

Assumptions

Personal Computers must meet the minimum hardware requirements for New World products. Microsoft Windows 7/8, 1/10 32/64 bit or later is required for all client machines. Windows Server 2012/2016 and SQL Server 2012/2014/2016 are required for the Application and Database Server(s).

New World product requires Microsoft Windows Server 2012/2016 and SQL Server 2012/2016, including required Client Access Licenses (CALs) for applicable Microsoft products. Servers must meet minimum hardware requirements provided by Tyler. The supported Microsoft operating system and SQL versions are specific to Tyler's release versions.

New World product requires Microsoft Excel or Windows Search 4.0 for document searching functionality. Microsoft Word is required on the application server for report formatting.

Tyler recommends a 100/1000MB (GB) Ethernet network for the local area network. Wide area network requirements vary based on system configuration. Tyler will provide further consultation for this environment.

Does not include servers, workstations, or any required third-party hardware or software unless specified in this Investment Summary. Client is responsible for any third-party support.

Licensed Software, and third-party software embedded therein, if any, will be delivered in a machine readable form to Client via an agreed upon network connection. Any taxes or fees imposed are the responsibility of the purchaser and will be remitted when imposed.

Tyler's GIS implementation services are to assist the Client in preparing the required GIS data for use with the Licensed New World Software. Depending upon the Licensed Software the Client at a minimum will be required to provide an accurate street centerline layer and the appropriate polygon layers needed for Unit Recommendations and Run Cards in an industry standard Esri file format (Personal Geodatabase, File Geodatabase, Shape Files). Client is responsible for having clearly defined boundaries for Police Beats, EMS Districts and Fire Quadrants. If necessary Tyler will assist Client in creating the necessary polygon layers (Police Beats, EMS Districts and Fire Quadrants) for Unit Recommendations and Run Cards. Tyler is not responsible for the accuracy of or any ongoing maintenance of the GIS data used within the Licensed New World Software.

Client is responsible for any ongoing annual maintenance on third-party products, and is advised to contact the third-party vendor to ensure understanding of and compliance with all maintenance requirements.

All Tyler Clients are required to use Esri's ArcGIS Suite to maintain GIS data. All maintenance, training and ongoing support of this product will be contracted with and conducted by Esri. Maintenance for Esri's ArcGIS suite of products that are used for maintaining Client's GIS data will be contracted by Client separately with Esri.

When Custom interface is included, Custom interface will be operational with existing third-party software. Any subsequent changes to third-party applications may require additional services.

When State/MCIC is included, Client is responsible for obtaining the necessary State approval and any non-Tyler hardware and software. Includes state-specific standard forms developed by Tyler. Additional forms can be provided for an additional fee.

Re: Tyler Technologies Contract Amendment / Fire Records Install

Dear Mr. Mullin:

This letter will serve as notification that the City of Fernandina Beach will accept and agree to pay all costs associated with the Fire Records Interface Installation as quoted (Quote # 2019-27159) and referenced in the Contract Amendment, dated February 19, 2019, with the Nassau County Sheriff's Office for the creation of an Interface between New World Systems and ESO. This Amendment authorizes Tyler Technologies to create an interface between New World Systems Cad and ESO for run reporting data accessible by the Fernandina Beach Fire Department.

Please feel free to contact me or Fire Chief Ty Silcox at (904) 310-3151 with any questions or concerns associated with this request and contract amendment. Our staff will be working with Nassau County Sheriff's Office Technical Specialist, Thomas Kelley, on implementation of this interface.

Sincerely,

Dale L. Martin
City Manager
