IMAGE TREND CONTINUUM®

Continuum®: Active Data Monitoring™

Continuum actively monitors and delivers the data needed to make decisions, impact operations and, ultimately, patient care – delivered how, when and where you want it.

Immediate Insight

Whether you are looking for insight into operational, surveillance or clinical improvements, Continuum delivers easily accessible information that can help you turn your data into wisdom. Best of all, no reports to build. It's that easy.

Dashboards and Monitors

Across both EMS and fire, Continuum delivers predefined analytics built by ImageTrend using industry-wide best practices around specific topic areas, such as:

OPERATIONAL

- EMS Response Times
- APOT/Wall Times
- CAD Times
- CAD Reconciliation
- Crew Insight
- CQI
- Repetitive Callers
- **Fire Times**
- **NFPA**
- Crew Insight
- Repetitive Callers

Ensure your medical director, chiefs, medics and data managers are well informed by using your data to its fullest and automatically delivering it through your choice of text or email alerts, summary reports and via dashboards.

Dashboards

Automatically update and allow you to drill down using filters such as time frame, agency/department, specific criteria and more. Playlists that automatically refresh let you and your crews view the dashboards most relevant to achieving your goals. Data is visually displayed in several ways including gauges, maps, graphs, charts and many more.

Alerts

Stay informed with near real-time updates as information is posted. Choose from receiving automated notifications via text, email and/or view information on dashboards. Based on permissions, subscribe yourself and others to specific monitors to receive notifications most relevant to their position.

Harnessing the Power of Data

It's time to do more with your data. ImageTrend Continuum helps you accomplish more without taking your limited time to build reports. Don't wait for the information you need to make the impact you desire.

Subject: Fw: Nassau County Fire (FL) - ImageTrend Continuum Pilot Agreement

Chief,

I would like to forward this agreement for Image Trend's Pilot Program of Image Trend's Continuum Services. This product is related to our current ems and fire reporting software that we purchased. This pilot program of the product has no cost to NCFR or the County. It is a 6 month free trial program that will enable NCFR to evaluate the program for possible future use.

This link is to information about Image Trend Continuum.

<https://www.imagetrend.com/solutions-alerts-reporting/continuum/>

I recommend that we participate in this trial program since the cost to NCFR and the County is zero dollars.
