School Facilities to be created by the Development Permit Application, as more particularly set forth herein; and

WHEREAS, the Parties agree that public school concurrency shall be satisfied by the Applicant's execution and full performance of this legally binding Agreement to provide mitigation proportionate to the demand for public school facilities to be created by the residential dwelling units proposed in the Development Permit Application ("Proportionate Share Mitigation").

NOW, THEREFORE, in consideration of the foregoing, the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto, intending to be legally bound, agree as follows:

SECTION 1. INCORPORATION OF RECITALS. The foregoing recitals are true and correct and are hereby incorporated into this Agreement by this reference as if fully set forth herein.

SECTION 2. DEFINITION OF MATERIAL TERMS. Any capitalized terms used herein but not defined shall have the meaning attributed to such term in the Interlocal Agreement, as the context may require.

SECTION 3. LEGALLY BINDING COMMITMENT.

(A) This Agreement constitutes a legally binding commitment by the Applicant to mitigate for the impacts of the new residential dwelling units for which the Applicant is seeking approval pursuant to the Development Permit Application and satisfies the requirements of the Interlocal Agreement and Public School Facilities Element.

(B) The Parties agree that this Agreement satisfies the requirements of Section 163.3180(6)(h), Florida Statutes, as a legally binding commitment to provide mitigation proportionate to the demand for public school facilities to be created by the residential development proposed in the Development Permit Application.

SECTION 4. PROPORTIONATE SHARE MITIGATION. The Applicant shall provide the following Proportionate Share Mitigation in order to meet the demand for school capacity created by the proposed residential development included in the Development Permit Application, and to provide for capacity for 40.635 elementary students, as follows, in accordance with Section 10.6 of the Interlocal Agreement and Section 09.03 of Public School Facilities Element:

(A) The payment of a total amount of One million Three hundred Forty Seven thousand One hundred Thirty-Two and NO/100 Dollars (\$1,347,132.00) for the Development Permit Application, which equates to Four thousand Nine hundred Eighty-Nine and 38/100 Dollars (\$4,989.38) per dwelling unit as an appropriate proportionate share payment to enable the School District to maintain the Level of Service Standard for school capacity in the affected Concurrency Service Area or Concurrency Service Areas.

(B) This proportionate share payment shall be made within eighteen (18) months of the Effective Date of this Agreement or at the time of approval by County of the final engineering

FINAL VERSION – THE PRESERVE AT YULEE

plans for the Project or any phase of the Project, whichever occurs first. This payment shall be a condition precedent to the approval by the County of the final engineering plans for the Project and made directly to the School District.

(C) In the event the Project is permitted by the County for less than the 270 multifamily units requested in the Development Permit Application then the Proportionate Share Mitigation payment set forth in paragraph (A) shall be reduced by \$4,989.38 per dwelling unit for the reduced number of dwelling units ultimately included in the approved final engineering plans for the Project.

SECTION 5. USE OF PROPORTIONATE SHARE MITIGATION. The School District shall direct any and all Proportionate Share Mitigation, provided in Section 4 above, to a school capacity project identified in the financially feasible five (5) year district work plan of the School District Educational Facilities Plan which mitigates the impacts from the proposed residential development in the Development Permit Application. If such a school capacity project does not exist in the School District Educational Facilities Plan, the School District may, in its sole discretion, add a school capacity project to mitigate the impacts from the proposed residential development, as provided in Section 10.6 of the Interlocal Agreement.

SECTION 6. CONCURRENCY RESERVATION.

(A) Upon final execution of this Agreement by all Parties hereto, the School District shall issue a School Concurrency Reservation Letter documenting that capacity will be available for the proposed residential development in the Development Permit Application. The County shall be entitled to rely on the School Concurrency Reservation Letter in its review and issuance of a Certificate of Concurrency for the proposed development; provided that nothing herein shall require the County to issue a Certificate of Concurrency for the Development Permit Application if the Applicant has otherwise failed to satisfy the requirements of the County's land development regulations.

(B) The duration and effect of any Certificate of Concurrency relating to the development provided in the Development Permit Application shall be in accordance with the Interlocal Agreement and Public School Facilities Element; however, in no event shall this School Concurrency Reservation Letter, a Certificate of Concurrency, or any capacity reservation based on the same, continue to be effective if the Applicant fails to perform its obligations under this Agreement.

SECTION 7. IMPACT FEE CREDIT.

(A) Any Proportionate Share Mitigation paid pursuant to this Agreement shall be credited on a dollar-for-dollar basis at fair market value toward any Educational System Impact Fees due for the same residential development included in the Development Permit Application, as provided in Section 10.7 of the Interlocal Agreement or as provided in Section 163.31801, Florida Statutes, as it is in effect of the Effective Date of this Agreement.

(B) The fair market value of the Proportionate Share Mitigation is expected to be \$1,347,132.00, but is subject to adjustment in accordance with Section 4(C) above. The School

FINAL VERSION – THE PRESERVE AT YULEE

District shall notify the County of the amount of the above described Proportionate Share Mitigation, and shall request Educational System Impact Fees credits in such amount on behalf of the Applicant upon receipt of the Proportionate Share Mitigation.

(C) An entity that later applies for a building permit for any of the dwelling units included in the Development Permit Application shall obtain an assignment of all or a portion of the above mentioned Educational System Impact Fee credits from the Applicant and submit such assignment to the School District and County at the time the Educational Impact Fee is due in order to draw down from the Educational System Impact Fee credits provided herein, for so long as the Applicant has any remaining Educational System Impact Fee credits. The Parties agree that all the requirements, including those in the Nassau County Comprehensive Impact Fee Ordinance, for the Applicant to receive the Educational System Impact Fee credits set forth herein for the Development Permit Application have been satisfied.

(D) Nothing in this Agreement shall be deemed to require the County to continue to levy or collect Educational System Impact Fees or, if levied, to maintain them at any certain level.

SECTION 8. NO GUARANTEE OF LAND USE. Nothing in this Agreement shall require County to approve the Development Permit Application.

SECTION 9. TERMINATION. This Agreement shall terminate and Applicant shall forfeit any administrative application fees paid under the following circumstances, unless the County and the School District agree to an extension of the Certificate of Concurrency provided to the Applicant:

(A) The County does not approve the Development Permit Application within one hundred eighty (180) days of the Effective Date of this Agreement. In such event, all Proportionate Share Mitigation paid by the Applicant shall be refunded to the Applicant.

(B) The Certificate of Concurrency expires in accordance with Section 9.9 of the Interlocal Agreement. In such case, this Agreement shall be terminated and any encumbered capacity shall become unencumbered. The Applicant will not be entitled to a refund of Proportionate Share Mitigation paid under this Agreement, but the value of the Proportionate Share Mitigation received shall be held as a credit toward any future Proportionate Share Mitigation that may be required for future residential development on the same property.

SECTION 10. COVENANTS RUNNING WITH THE LAND. This Agreement shall be binding, and shall inure to the benefit of the heirs, legal representatives, successors, and assigns of the parties, and shall be a covenant running with the Property and be binding upon the successors and assigns of the Owner and upon any person, firm, corporation, or entity who may become the successor in interest to the Property.
