Such penalty shall be in addition to the actual payments owed and shall not exceed fifteen percent (15%) of the outstanding balance due.

SECTION 17. Severability.

17.1 If any section, subsection, sentence, clause, phrase, or portion of this Contract is, for any reason, held invalid, unconstitutional, or unenforceable by any Court of Competent Jurisdiction, such portion shall be deemed as a separate, distinct, and independent provision, and such holding shall not affect the validity of the remaining portions thereof.

SECTION 18. Termination for Default.

18.1 If the Consultant fails to perform any of its obligations under this Contract, and if such default remains uncured for a period of more than fifteen (15) days after notice thereof was given in writing by the County to the Consultant, then the County may, without prejudice to any right or remedy the County may have, terminate this Contract.

18.2 Upon termination of this Contract, the Consultant shall immediately (1) stop work on the date specified; (2) terminate and settle all orders and subcontracts relating to the performance of the terminated work; (3) transfer all work in process, completed work, and other materials related to the terminated work to the County; (4) render to the County all property belonging to the County, including but not limited to, equipment, books, and records.

SECTION 19. Termination for Convenience.

19.1 The County reserves the right to terminate this Contract in whole or part by giving the Consultant written notice at least thirty (30) days prior to the effective date of the termination. Upon receipt of written notice of termination from the County, the Consultant shall only provide those services and/or materials specifically approved or directed by the County. All other rights and duties of the parties under the Contract shall continue during such notice period, and the County shall continue to be responsible to the Consultant for the payment of any obligations to the extent such responsibility has not been excused by breach or default of the

Consultant. The Consultant shall promptly contact the County to make arrangements to render to the County all property belonging to the County, including but not limited to, equipment, books, and records.

SECTION 20. Nondisclosure of Proprietary Information.

20.1 The Consultant shall consider all information provided by the County and all reports, studies, calculations, and other documentation resulting from the Consultant's performance of the services to be proprietary unless such information is available from public sources. The Consultant shall not publish or disclose proprietary information for any purpose other than the performance of the services without the prior written authorization of the County or in response to legal process.

SECTION 21. Contingent Fees.

21.1 The Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant to solicit or secure this Contract and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the Consultant, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Contract.

SECTION 22. Ownership of Documents.

22.1 The Consultant shall be required to work in harmony with other County consultants relative to providing information requested in a timely manner and in the specified form. All documents, records, disks, original drawings, or other information shall become the property of the County upon completion for its use and distribution as may be deemed appropriate by the County.

SECTION 23. Force Majeure.

23.1 Neither party of this Contract shall be liable to the other for any cost or damages if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the parties. Such causes may include, but are not restricted to, acts of nature, fires, quarantine restrictions, strikes and freight embargoes. In all cases, the failure to perform shall be totally beyond the control and without any fault or negligence of the party.

23.2 In the event of delay from the foregoing causes, the party shall take all reasonable measures to mitigate any and all resulting delay or disruption in the party's performance obligation under this Contract. If the delay is excusable under this section, the delay shall not result in any additional charge or cost under the Contract to either party. In the case of any delay that the Consultant believes is excusable under this section, the Consultant shall notify the County in writing of the delay or potential delay and describe the cause of the delay either: (1) within ten (10) calendar days after the cause that created or will create the delay first arose, if the Consultant could reasonably foresee that a delay could occur as a result; or (2) within five (5) calendar days after the date the Consultant first had reason to believe that a delay could result, if the delay is not reasonably foreseeable. THE FOREGOING SHALL CONSTITUTE THE CONSULTANT'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY. Providing notice in strict accordance with this section is a condition precedent to such remedy. The County, in its sole discretion, shall determine if the delay is excusable under this section and shall notify the Consultant of its decision in writing. No claim for damages, other than for an extension of time, shall be asserted against the County. The Consultant shall not be entitled to an increase in the Contract price or payment of any kind from the County for direct, indirect, consequential, impact, or other costs, expenses or damages, including but not limited to costs of

acceleration or inefficiency arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this section, after the causes have ceased to exist, the Consultant shall perform at no increased cost, unless the County determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the County, in which case, the County may do any or all of the following: (1) accept allocated performance or deliveries from the Consultant, provided that the Consultant grants preferential treatment to the County with respect to products or services subjected to allocation; (2) purchase from other sources (without recourse to and by the Consultant for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Contract quantity; or (3) terminate the Contract in whole or in part.

SECTION 24. Access And Audits of Records.

24.1 The Consultant shall maintain adequate records to justify all charges, expenses, and costs incurred in providing the services and materials for at least three (3) years after completion of work contemplated under this Contract. The County and the County Clerk of Court shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours upon five (5) days' written notice to the Consultant.

SECTION 25. Independent Consultant Status.

25.1 The Consultant shall perform the services under this Contract as an independent contractor and nothing contained herein shall be construed to be inconsistent with this relationship or status. Nothing in this Contract shall be interpreted or construed to constitute the

Consultant or any of its agents or employees to be an agent, employee or representative of the County.

25.2 The Consultant and the County agree that during the term of this Contract: (a) the Consultant has the right to perform services for others; (b) the Consultant has the right to perform the services required by this Contract; and (c) the Consultant has the right to hire assistants as subcontractors, or to use employees to provide the services required by this Contract.

SECTION 26. Indemnification.

26.1 The Consultant shall indemnify and hold harmless the County and its agents and employees from all claims, liabilities, damages, losses, expenses and costs, including attorney's fees, arising out of or associated with or caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant or any persons employed or utilized by the Consultant, in the performance of this Contract. The Consultant shall, at its own expense, defend any and all such actions, suits, or proceedings which may be brought against the County in connection with the Consultant's performance under this Contract.

SECTION 27. Insurance.

27.1 The Consultant shall provide and maintain at all times during the term of this Contract, without cost or expense to the County, such commercial (occurrence form) or comprehensive general liability, workers compensation, professional liability, and other insurance policies as detailed in Exhibit "B". The policy limits required are to be considered minimum amounts.

27.2 The Consultant shall provide to the County a Certificate of Insurance for all policies of insurance and renewals thereof in a form acceptable to the County. Said certificates shall

provide that the Nassau County Board of County Commissioners is an additional insured, and that the County shall be notified in writing of any reduction, cancellation or substantial change of policy or policies at least thirty (30) days prior to the effective date of said action with the exception of ten (10) days for non-payment. All insurance policies shall be issued by responsible companies who are acceptable to the County and licensed and authorized under the laws of the State of Florida.

SECTION 28. Dispute Resolution Process.

28.1 In the event of a dispute regarding the interpretation of the terms of this Contract, the County, in its sole discretion, may elect to use the dispute resolution process as set forth in this section.

28.2 In the event the County elects to use the dispute resolution process under this section, the County shall send a written communication to the Consultant pursuant to Section 35 hereinbelow. The written notification shall set forth the County's interpretation of the terms of this Contract.

28.3 The County shall then set a date and time for the parties to meet with the County Manager or designee. This meeting shall be set no more than twenty (20) days from the date that the written communication was sent to the Consultant. The Consultant may submit a written response to the County's written communication no less than five (5) days prior to the meeting with the County Manager or designee.

28.4 If no satisfactory resolution as to the interpretation of the Contract terms is reached at the meeting with the County Manager or designee, then the parties may elect to submit the dispute to mediation in accordance with mediation rules as established by the Florida Supreme Court. Mediators shall be chosen by the County and the cost of mediation shall be borne by the

Consultant. The Consultant shall not stop work during the pendency of the dispute resolution or mediation process as set forth in this section.

SECTION 29. E-Verify.

29.1 The Consultant shall comply with Section 448.095, Florida Statutes, and use the United States Department of Homeland Security's E-Verify system ("E-Verify") to verify the employment eligibility of all persons hired by the Consultant during the term of this Contract to work in Florida. Additionally, if the Consultant uses subcontractors to perform any portion of the work (under this Contract), the Consultant shall include a requirement in the subcontractor's contract that the subcontractor use E-Verify to verify the employment eligibility of all persons hired by subcontractor to perform any such portion of the work. Answers to questions regarding E-Verify as well as instructions on enrollment may be found at the E-Verify website: www.uscis.gov/e-verify.

29.2 The Consultant shall maintain records of its participation and compliance with the provisions of the E-Verify program, including participation by its subcontractors as provided above, and to make such records available to the County or other authorized entity consistent with the terms of the Consultant's enrollment in the program. This includes maintaining a copy of proof of the Consultant's and subcontractors' enrollment in the E-Verify program. If the Consultant enters into a contract with a subcontractor, the subcontractor shall provide the Consultant with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Consultant shall maintain a copy of such affidavit for the duration of the Contract.

29.3 Compliance with the terms of the E-Verify program provision is made an express condition of this Contract, and the County may treat a failure to comply as a material breach of

the Contract. If the County terminates the Contract pursuant to Section 448.095(2)(c), Florida Statutes, the Consultant may not be awarded a public contract for at least one (1) year after the date on which the contract was terminated and the Consultant is liable for any additional costs incurred by the County as a result of the termination of this Contract.

SECTION 30. Public Records.

30.1 The County is a public agency subject to Chapter 119, Florida Statutes. **IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (904) 530-6090, RECORDS@NASSAUCOUNTYFL.COM, 96135 NASSAU PLACE, SUITE 6, YULEE, FLORIDA 32097.** Under this Contract, to the extent that the Consultant is providing services to the County, and pursuant to Section 119.0701, Florida Statutes, the Consultant shall:

- c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the

d. Upon completion of the Contract, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County to perform the service. If the Consultant transfers all public records to the County upon completion of the Contract, the Consultant shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of the Contract, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically shall be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the information technology systems of the County.

30.2 A request to inspect or copy public records relating to the County's contract for materials shall be made directly to the County. If the County does not possess the requested records, the County shall immediately notify the Consultant of the request, and the Consultant shall provide the records to the public agency or allow the records to be inspected or copied within a reasonable time.

30.3 If the Consultant does not comply with the County's request for records, the County shall enforce the Contract provisions in accordance with the Contract.

30.4 If the Consultant fails to provide the public records to the County within a reasonable time, the Consultant may be subject to penalties under Section 119.10, Florida Statutes.

Such notices shall be sent pursuant to Section 35 hereinbelow.

30.7 If the Consultant complies with a public records request within eight (8) business days after the notice is sent, the Consultant is not liable for the reasonable costs of enforcement.

30.8 In reference to any public records requested under this Contract, the Consultant shall identify and mark specifically any information which the Consultant considers confidential and/or proprietary, inclusive of trade secrets as defined in Section 812.081, Florida Statutes, and which the Consultant believes to be exempt from disclosure, citing specifically the applicable exempting law and including a brief written explanation as to why the cited Statute is applicable to the information claimed as confidential and/or proprietary information. All materials shall be segregated and clearly identified as "EXEMPT FROM PUBLIC DISCLOSURE."

30.9 In conjunction with the confidential and/or proprietary information designation, the Consultant acknowledges and agrees that after notice from County, the Consultant shall respond

to a notice from the County immediately, but no later than 10 calendar days from the date of notification or the Consultant shall be deemed to have waived and consented to the release of the confidential and/or proprietary designated materials.

CITYSCAPE CONSULTANTS / FEDERAL ENGINEERING FOR NASSAU COUNTY, FLORIDA

PROJECT UNDERSTANDING AND SCOPE OF WORK I (SOW)

PROJECT UNDERSTANDING

Nassau County, Florida (County) owns and operates a radio communications system used by public safety and public service agencies within the County and the City of Fernandina Beach. Users from the Sheriff's Office, fire services, and emergency medical services require reliable, high-quality communications during incident response and while performing day-to-day operations. Nassau County purchased the radio system from Motorola Solutions, Inc. in 2005 and completed the installation in 2006. The system comprises five radio communications tower sites and a dispatch center.

In 2021, via partnership with CityScape Consultants, Inc. (**CityScape**), the County retained **CityScape** and Federal Engineering, Inc. (**FE**) to determine the degree to which the public safety radio system infrastructure adheres to industry standards and best practices and to determine whether there are any critical risks that should be addressed.

In early 2023, the County amended the Agreement, to provide for **CityScape** to contract with **FE** to review the equipment inventory comprising the radio system and develop a short- and long-term preventative maintenance and replacement plan.

To accompany updates to the County's *Telecommunications Master Plan*, the following Scope of Work I – Public Safety Radio Coverage Report is proposed to provide for updates by **FE** to perform radio coverage analyses for the County's public safety radio communications system to identify how the system may be optimized to provide improved coverage both for the current and future population base.

The following section describes the tasks that **FE** will perform to accomplish the scope of work.

SCOPE OF WORK

1. Conduct Project Initiation Meeting

FE will conduct a project initiation meeting with the County's project manager, and designated officials on a mutually agreed-upon date. This meeting will reaffirm an understanding of the project goals, objectives, and vision, items best understood through a close working relationship between our respective management teams and staffs. We will also use this meeting to discuss the County's concerns with existing system coverage and identify areas of population growth.

2. Refresh System Documentation

FE will review the radio system documentation that we collected during the previous project tasks and request updates from the County specifically on the recent core and site upgrades that Motorola Solutions has implemented.

3. Develop Radio Coverage Analyses Assumptions

The public safety radio system design will be based on the Telecommunications Industry Association (TIA) Telecommunications System Bulletin (TSB) 88 that establishes a target performance criteria and confidence level for a given geographic area. TSB-88 defines public safety grade systems as providing coverage over 95% of a geographic area, 95% of the time, with a confidence interval of 95%. TSB-88 further specifies that the audio quality experienced by system users is understandable with repetition only rarely required, and with some noise and/or distortion.

Following the review of updated system documentation, **FE** will develop assumptions from which to develop the coverage analyses. Based on discussions with the County, **FE** understands that the coverage models will be based on the following design criteria:

- 95% Countywide on-street portable radio coverage
- 95% Districtwide on-street portable radio coverage within each of the County's five commission districts
- Coverage area reliability level of -95dBm for 95% of urbanized areas. An urbanized area will consist of a predetermined area and an associated building penetration loss representative of the buildings in the area. The total number of urbanized areas will be determined by analyzing United States Geological Survey (USGS) Land Use Land Cover (LULC) data.

4. Perform Radio System Coverage Analyses

FE will develop countywide and districtwide on-street portable radio coverage maps along with in-building coverage maps based on the structures in most common existence within each geographic area. Based on information provided by the County, including the most recent *Growth Trends Report*, **FE** will consider forecasted growth centers and the associated structures that are expected to be constructed throughout the County.

- As part of this analysis, **FE** will also investigate an alternative site option for the Hilliard leased site and assess whether there are possible opportunities to collocate on the Florida Department of Transportation (FDOT) and Statewide Law Enforcement Radio System (SLERS)-2 infrastructure.
- **FE** will develop one radio coverage prediction map for the countywide area and one map for each of the five commission districts. Our analysis will consider possible line-of-sight (LoS) clearances for achieving microwave connectivity between any additional sites that offer coverage improvements.
- Prior to including the maps in the report, **FE** will deliver and review the maps with the County during an onsite meeting. We will revise the maps up to two times as necessary and as requested by the County.

5. Develop the Nassau County Public Safety Radio System Coverage Report

FE will develop the draft *Nassau County Public Safety Radio System Coverage Report* and deliver it to **CityScape** and the County. The Report will describe how **FE** performed the coverage analyses and explain the results of the maps. The report will be reviewed

with the County during an onsite meeting. Following the review, **FE** will revise the report and maps up to two times as necessary and as requested by the County.

Estimated Schedule

The project schedule below assumes contract execution and notice to proceed is received no later than January 1, 2025. This tentative schedule will be adjusted and refined through discussions with **CityScape** the County's Project Manager and can be modified if desired to meet Nassau County expectations.

Task Description	Estimated Weeks to Completion after Project Initiation
1. Project initiation meeting	1
2. Refresh system documentation and develop assumptions	3
3. Perform radio system coverage analyses	8
4. Draft Nassau County Public Safety Radio System Coverage Report delivery	12
5. Final Nassau County Public Safety Radio System Coverage Report	16

Staffing and Organization

CityScape: Ms. Susan Rabold will serve as the CityScape Project Manager.

FE: Mr. Travis LePage will serve as the **FE** project director and will be supported by Terry Forehand, Senior Consultant and other **FE** specialists as needed

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, County of Nassau (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
