

RESOLUTION NO. 83- 34

A RESOLUTION AUTHORIZING THE EXECUTION OF THE SIGNAL  
MAINTENANCE AGREEMENT BETWEEN THE STATE OF FLORIDA  
DEPARTMENT OF TRANSPORTATION AND NASSAU COUNTY BOARD  
OF COUNTY COMMISSIONERS.

WHEREAS, the Board of County Commissioners of Nassau County,  
Florida, deem it in the public interest to maintain the costs of  
the operation of traffic signals located on Geiger Road  
Section 74000-6921, Nassau County, Crossing No: 620814-F RR MP  
SMA-45.40 Seaboard System Railroad, Inc.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS  
that:

1. The Board concurs in the need for said signalization and agrees  
to pay for the cost of annual maintenance as per attachment.
2. The type of signals to be installed are of Type III, Class IV.

ADOPTED IN REGULAR BOARD OF COUNTY COMMISSION MEETING ON THE

21<sup>st</sup> DAY OF June, 19 83.

BOARD OF COUNTY COMMISSIONERS  
OF NASSAU COUNTY

May 26, 1983

Mr. Richard L. King  
Nassau County Engineer  
Route 2, Box 176  
Fernandina Beach, FL 32034

Dear Sir:

Section 74000-6921, S.R. or Street Gieger Rd.  
Nassau County, Parcel 1 (R/W SIG-C)  
Crossing No.: 620814-F RR MP: SMA-45.40  
Seaboard System Railroad, Inc.

Please be advised, at this time, the referenced crossing is in the Safety Program for railroad signal installation the fiscal year 1983-84. This crossing was selected on a state-wide priority.

The estimated installation cost of Type III, Class IV, signals at this location is \$60,000. The Federal Highway Administration agrees to pay ninety percent (90%) and the Florida Department of Transportation will be responsible for the remaining ten percent (10%) of the total installation cost. The annual maintenance cost of Type III, Class IV, signals at this location is \$1,230. The County of Nassau is responsible for fifty percent (50%) of the annual maintenance cost and the railroad company is responsible for the remaining fifty percent (50%).

The County is responsible for installation of railroad warning signs, extension of existing 18" cmp. pipe 8' and trimming of bushes east of crossing.

A resolution is required by the Department from Nassau County before any preliminary engineering can be started by the railroad company.

If Nassau County objects to installing railroad signals at this location, the Department will require a letter to this effect.

Your expeditious handling of this matter is appreciated.

Sincerely yours,

*W. T. Crews*  
W. T. Crews, District  
Railroad Coordinator
