

**RESOLUTION NO. 2012 -131**

**A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF NASSAU COUNTY, FLORIDA, DECLARING THE MONTH OF NOVEMBER 2012 AS "PANCREATIC CANCER AWARENESS MONTH", IN NASSAU COUNTY, FLORIDA.**

**WHEREAS**, in 2012, an estimated 43,920 people will be diagnosed with pancreatic cancer in the United States and 37,390 will die from the disease; and

**WHEREAS**, pancreatic cancer is one of the deadliest cancers, is the fourth leading cause of cancer death in the United States, and is the only major cancer with a five-year relative survival rate in the single digits at just six percent; and

**WHEREAS**, when symptoms of pancreatic cancer present themselves, it is usually too late for an optimistic prognosis, and 74 percent of pancreatic cancer patients die within the first year of their diagnosis while 94 percent of pancreatic cancer patients die within the first five years; and

**WHEREAS**, of all the racial/ethnic groups in the United States, African Americans have the highest incidence rate of pancreatic cancer, between 34 percent and 70 percent higher than the other groups; and

**WHEREAS**, approximately 2,670 deaths will occur in Florida in 2012; and

**WHEREAS**, there is no cure for pancreatic cancer and there have been no significant improvements in survival rates in the last 40 years; and

**WHEREAS**, the Federal Government invests significantly less money in pancreatic cancer research than it does in any of the other leading cancer killers; and pancreatic cancer research constitutes only approximately 2 percent of the National Cancer Institute's federal research funding, a figure far too low given the severity of the disease, its mortality rate, and how little is known about how to arrest it; and

**WHEREAS**, the Pancreatic Cancer Action Network is the first and only national patient advocacy organization that serves the pancreatic cancer community in Nassau County and nationwide by focusing its efforts on public policy, research funding, patient services, and public awareness and education related to developing effective treatments and a cure for pancreatic cancer; and

**WHEREAS**, the Pancreatic Cancer Action Network and its affiliates in Nassau County support those patients currently battling pancreatic cancer, as well as to those who have lost their lives to the disease, and are committed to nothing less than a cure; and

**WHEREAS**, the good health and well-being of the residents of Nassau County are enhanced as a direct result of increased awareness about pancreatic cancer and research into early detection, causes, and effective treatments.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Nassau County, Florida, this 22nd day of October, 2012, that Nassau County hereby declares November 2012 as "Pancreatic Cancer Awareness Month" in Nassau County, Florida.
